United Fire Group 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the United Fire Group 401(k) Plan (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the United Fire Group 401(k) Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the year ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

United Fire Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

1. DESCRIPTION OF PLAN

The following description of the United Fire Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all employees of the United Fire Group who have at least one hour of service and have attained age 21. The United Fire Group is comprised of United Fire & Casualty Company and its wholly owned subsidiaries: United Life Insurance Company, Lafayette Insurance Company, Addison Insurance Company, American Indemnity Financial Corporation, United Fire & Indemnity Company and Texas General Indemnity Company; and its affiliate United Fire Lloyds (collectively the Companies). United Fire & Casualty Company serves as the Plan sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions Each year, participants may elect to contribute up to an annual dollar limitation of their eligible compensation to the Plan through salary reduction. Participants have the option to contribute either through pretax 401(k) contributions, Roth 401(k) contributions or a combination of the two.

The Plan also provides for discretionary contributions by the participating employers to the Plan in such amounts as the Board of Directors of each of the Companies shall direct. No contributions have been made by any of the Companies since the inception of the Plan.

Participant Accounts Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) discretionary contributions, if any, and (b) Plan earnings, and charged with an allocation of Plan losses. Allocations are based on participant earnings, losses or account balances, as defined in the Summary Plan Description. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of employer and participant contributions into various investment options offered by the Plan. Participants may change their investment options daily. The Plan currently offers seventeen mutual funds, six common collective trusts, and a self-directed account in which participants have access to a money market fund.

Vesting Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the remainder of the participant account balances is based on years of continuous service with full vesting after two years. A participant with less than two years of credited service is not vested except in the event of the participant's death or disability while employed by the Companies, at which time the participant becomes 100 percent vested. Because no contributions by participating employers have been made since the inception of the Plan, there have been no unvested account balances since the inception of the Plan.

Forfeitures Upon termination, the nonvested portion of a participant's account balance is forfeited. Forfeitures are to be used to first reduce the Plan's ordinary and necessary administrative expenses for the Plan year and then reduce the employer contributions for the Plan year. Because there have been no unvested account balances since the inception of the Plan, there were no forfeited account balances included in the Plan's net assets available for benefits at December 31, 2007 or 2006.

Participant Loans Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1-5 years, except for the purpose of acquiring the person's personal residence for which the term is commensurate with local prevailing terms, as determined by the Companies. The loans are secured by the balance in the participant's account and bear

Edgar Filing: UNITED FIRE & CASUALTY CO - Form 11-K

interest at a rate determined at the time of each loan by Charles Schwab Trust Company, who serves as the Plan custodian. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits Upon termination of service, a participant may elect to receive either a direct rollover, a lump-sum amount equal to the value of their vested account or installment payments over a fixed period of time not to exceed the participant's life expectancy or the joint life expectancy of the participant and the participant's designated beneficiary. Prior to separation from service, participants may elect a hardship distribution in accordance with the Plan agreement. Additionally, prior to separation from service, participants are eligible for an in-service withdrawal after they have reached the age of 59 ½.

If a benefit payment is distributed to the participant by check and remains unsettled after 180 days, the participant must contact the Plan administrator to have the check reissued. If the participant cannot be located and the amount is over \$5,000, the check is cancelled and an account is reestablished for the participant. If the participant cannot be located and the amount is less than \$5,000, the check is cancelled and the funds are forfeited back to the Plan.

Administrative Expenses The Plan's administrative expenses are paid by either the Plan or the Companies, as provided by the Summary Plan Description. The Companies paid substantially all administrative expenses for 2007.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes therein during the reporting period. Actual results could differ from those estimates.

The Plan offers various investment instruments to its participants. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

New Accounting Standard In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements. SFAS No. 157 defines fair value, establishes a framework for measuring fair value and expands the disclosure requirements regarding fair value measurement. Where applicable, SFAS No. 157 simplifies and codifies previously issued guidance on fair value. Although SFAS No. 157 does not require any new fair value measurements, its application may, in certain instances, change current practice. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. The adoption of SFAS No. 157 effective January 1, 2008, will not have any impact on the amounts reported in the Plan's financial statements. However, we are currently evaluating the impact that the adoption of SFAS No. 157 will have on the disclosures made in the Plan's financial statements.

Valuation of Participant-Directed Investments at Fair Value and Participant Loans As required under GAAP, investment contracts held by a defined contribution plan are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in fully benefit-responsive investment contracts through the Schwab Stable Value Fund, which is a common collective trust. Accordingly, the accompanying statement of net assets available for benefits presents the fair value and the corresponding adjustment from fair value to contract value for fully benefit-responsive investment contracts. The fair value of the Plan's interest in the Schwab Stable Value Fund, as well as all other common collective trusts, is based on information reported by the issuer of the respective common collective trust at year-

Edgar Filing: UNITED FIRE & CASUALTY CO - Form 11-K

end. The contract value of the Schwab Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

Investments in mutual funds are stated at fair value based on quoted market prices reported on recognized securities exchanges on the last business day of the year, which represents the net asset values of shares held by the Plan at the reporting date. Amounts held in the money market fund are stated at cost, which approximates fair value. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded as of the trade date.

Contributions Participant contributions are made through payroll deductions and recorded in the period the deductions are made.

Withdrawals Participant withdrawals are recorded upon distribution.

3. INVESTMENTS

The Charles Schwab Trust Company serves as the trustee of the Plan and the custodian of the Plan's assets. The Plan's investments that represented five percent or more of the Plan's net assets available for benefits at fair value as of December 31, 2007 and 2006 are as follows:

Identity of Issuer	Description of Investment	Shares	2007	2006
Artisan Funds	Artisan International Fund	117,721 shares at December 31, 2007	\$ 3,517,504	\$ 2,910,486
		100,396 shares at December 31, 2006		
Dodge & Cox Funds	Dodge & Cox Balanced Fund	21,499 shares at December 31, 2007	1,741,419	1,704,795
		19,577 shares at December 31, 2006

*Indicates a party-in interest to the Plan		\$(308,418)

4. PLAN TERMINATION

Although it has not expressed any intention to do so, United Fire & Casualty Company has the right under the Plan agreement to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the accounts of each affected participant become fully vested.

5. FEDERAL INCOME TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated November 27, 2001 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2006-6 and 2005-16, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

United Fire Group 401(k) Plan
