PROXY STATEMENT

FOR THE 2019 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD THURSDAY, MAY 23, 2019

These proxy materials are furnished in connection with the solicitation by the Board of Directors (the "Board" with individual members of the Board each being referred to herein as a "Director") of Wintrust Financial Corporation, an Illinois corporation ("Wintrust" or the "Company"), of proxies to be used at the 2019 Annual Meeting and at any adjournment of such meeting. In accordance with rules and regulations of the Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy materials to each shareholder of record, we furnish proxy materials, which include this Proxy Statement (this "Proxy Statement") and the accompanying proxy card, Notice of Annual Meeting, and Annual Report on Form 10-K for fiscal year ended December 31, 2018, to our shareholders by making such materials available on the Internet unless otherwise instructed by the shareholder. If you received a Notice of Internet Availability of Proxy Materials (the "Notice") by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice, which is first being mailed to shareholders on or about April 11, 2019.

ABOUT THE MEETING

When and where is the Annual Meeting?

The Annual Meeting will be held on Thursday, May 23, 2019 at 9:00 a.m. Central Time at the Company's corporate headquarters at 9700 West Higgins Road, 2nd Floor, Rosemont, Illinois 60018.

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the matters described in the Notice of Annual Meeting that accompanies this Proxy Statement, including the election of the 12 nominees for Director named in this Proxy Statement, a proposal approving (on an advisory basis) the Company's executive compensation as described in this Proxy Statement, and the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2019.

Who may vote at the Annual Meeting?

Only record holders of our Common Stock, no par value per share ("Common Stock"), as of the close of business on March 29, 2019 (the "Record Date"), will be entitled to vote at the meeting. On the Record Date, the Company had outstanding approximately 56,638,968 shares of Common Stock. Each outstanding share of the Common Stock entitles the holder to one vote.

What constitutes a quorum?

The Annual Meeting will be held only if a quorum is present. A quorum will be present if a majority of the shares of the Common Stock issued and outstanding on the Record Date are represented, in person or by proxy, at the Annual Meeting. Shares represented by properly completed proxy cards marked "abstain" or returned without voting instructions are counted as present for the purpose of determining whether a quorum is present at the Annual Meeting. Also, if shares are held by brokers who submit a proxy but are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions on certain matters ("broker non-votes"), those shares will be counted as present for the purpose of determining whether a quorum is present at the Annual Meeting.

How do I submit my vote?

If you are a shareholder of record, you can vote by:

- attending the Annual Meeting and voting by ballot;
- using your telephone, according to the instructions on the Notice or proxy card;
- visiting www.voteproxy.com and then following the instructions on the screen; or
- signing, dating and mailing in your proxy card which may be obtained by calling 888-proxyna (888-776-9962) or by emailing info@astfinancial.com.

The deadline for voting by telephone or on the Internet is 11:59 p.m. Eastern Time on May 22, 2019. Proxy cards submitted by mail must be received by the close of business on May 22, 2019.

How do I vote if I hold my shares through a broker, bank or other nominee?

If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the Annual Meeting, you must first obtain a proxy issued in your name from the institution that holds your shares and bring that proxy to the Annual Meeting.

Can I change or revoke my vote after I return my proxy card?

Yes. If you are a shareholder of record, you may change your vote by:

- voting in person by ballot at the Annual Meeting;
- returning a later-dated proxy card;
- entering a new vote by telephone or on the Internet (prior to 11:59 p.m. Eastern Time on May 22, 2019); or
- delivering written notice of revocation to the Company's Corporate Secretary by mail at 9700 West Higgins Road, Suite 800, Rosemont, Illinois 60018.

If you vote by phone or Internet, you may change your vote if you do so prior to 11:59 p.m. Eastern Time on May 22, 2019. Any later-dated proxy card or revocation sent by mail must be received by the close of business on May 22, 2019. If you hold your shares through an institution, that institution will instruct you as to how your vote may be changed.

Who will count the votes?

The Company's Inspector of Election, American Stock Transfer & Trust Company, LLC, will count the votes.

Will my vote be kept confidential?

Yes. As a matter of policy, shareholder proxies, ballots and tabulations that identify individual shareholders are kept secret and are available only to the Company, its tabulator and inspectors of election, who are required to acknowledge their obligation to keep your votes confidential.

Who pays to prepare, mail and solicit the proxies?

The Company pays all of the costs of preparing, mailing and soliciting proxies. The Company asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain authority to execute proxies. The Company will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request. In addition to solicitation by mail, telephone, facsimile, Internet or personal contact by its officers and employees, the Company has retained the services of Morrow Sodali LLC, 470 West Avenue, Third Floor, Stamford, Connecticut 06902, to solicit proxies for a fee of \$7,000 plus expenses.

What are the Board's recommendations as to how I should vote on each proposal?

The Board recommends a vote:

FOR the election of each of the 12 Director nominees named in this Proxy Statement;

FOR the approval, on an advisory (non-binding) basis, of the Company's executive compensation as described in this Proxy Statement; and

FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2019.

How will my shares be voted if I sign, date and return my proxy card?

If you sign, date and return your proxy card and indicate how you would like your shares voted, your shares will be voted as you have instructed. If you sign, date and return your proxy card but do not indicate how you would like your shares voted, your proxy will be voted:

FOR the election of each of the 12 Director nominees named in this Proxy Statement;

FOR the approval, on an advisory (non-binding) basis, of the Company's executive compensation as described in this Proxy Statement; and

FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2019.

With respect to any other business that may properly come before the meeting, or any adjournment of the meeting, that is submitted to a vote of the shareholders, including whether or not to adjourn the meeting, your shares will be voted in accordance with the best judgment of the persons voting the proxies.

How will broker non-votes be treated?

A broker non-vote occurs when a broker who holds its customer's shares in street name submits proxies for such shares, but indicates that it does not have authority to vote on a particular matter. Generally, this occurs when brokers have not received any instructions from their customers. In these cases, the brokers, as the holders of record, are permitted to vote on "routine" matters only, but not on other matters. In this Proxy Statement, brokers who have not received instructions from their customers would only be permitted to vote on:

the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2019.

Brokers who have not received instructions from their customers would not be permitted to vote on the remaining proposals to be presented at the Annual Meeting, which are considered "non-routine" matters.

We will treat broker non-votes as present to determine whether or not we have a quorum at the Annual Meeting, but they will not be treated as entitled to vote on the "non-routine" matters described above, for which the broker indicates it does not have discretionary authority.

How will abstentions be treated?

For purposes of determining whether or not we have a quorum at the Annual Meeting, if you vote to abstain, your shares will be counted as present at the Annual Meeting.

If you abstain from voting for one or more of the nominees for Director, this will have the same effect as a vote against such nominee. If you abstain from voting on the advisory (non-binding) proposal approving the Company's executive compensation as described in this Proxy Statement, or on the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2019, your abstention will have the same effect as a vote against the proposal or proposals on which you abstain from voting.

What if other matters come up during the Annual Meeting?

If any matters other than those referred to in the Notice of Annual Meeting properly come before the Annual Meeting, the individuals named in the proxy card will vote the proxies held by them in accordance with

their best judgment. The Company is not aware of any business other than the items referred to in the Notice of Annual Meeting that may be considered at the Annual Meeting.

Your vote is important. Because many shareholders cannot personally attend the Annual Meeting, it is necessary that a large number be represented by proxy. Whether or not you plan to attend the meeting in person, prompt voting will be appreciated. Registered shareholders can vote their shares via the Internet or by using a toll-free telephone number. Instructions for using these convenient services are provided on the proxy card. Of course, you may still vote your shares by submitting the proxy card. A proxy card may be obtained as instructed above under "How do I submit by vote?" If you chose to vote by mail, we ask that you complete, sign, date and return the proxy card promptly in the postage-paid envelope.

BOARD OF DIRECTORS, COMMITTEES AND GOVERNANCE

Board of Directors

Overview

The Board provides oversight with respect to our overall performance, strategic direction and key corporate policies. It approves major initiatives, advises on key financial and business objectives, and monitors progress with respect to these matters. Members of the Board are kept informed of our business by various reports and documents provided to them on a regular basis, including operating and financial reports made at Board and committee meetings by the Chief Executive Officer ("CEO") and other officers. The Board has seven standing committees. The principal responsibilities of the standing committees are described under the applicable committee headings below.

Additionally, the independent Directors meet in regularly scheduled executive sessions, with and without management present, at each meeting of the Board and its committees.

Corporate Governance Practices

We believe that a culture of strong corporate governance is a critical component of our success. Our Board continually evaluates corporate governance developments and strives to adopt "best practices" including:

• Annual election of Directors.

• Independent Chairman of the Board.

• Independent Board. Our Board is comprised of all independent Directors, except our CEO.

• Majority vote standard for election of our Directors.

• Independent Board committees. Each of our committees (other than the Executive Committee) is made up entirely of independent Directors. Each standing committee operates under a written charter that has been approved by the respective committee, the Nominating and Corporate Governance Committee (the "Nominating Committee") and the Board.

• Regular executive sessions of independent Directors. At each meeting of the Board and each of its Committees, the independent Directors meet without management present in regularly scheduled executive sessions of independent Directors.

• Regular Board self-evaluation process. The Board and each committee evaluate its performance on an annual basis.

• Service by the majority of our Directors on the boards of our subsidiary banks or other operating subsidiaries. We believe this dual service gives our Directors a robust view into our operations and performance.

• Limitation on other outside board service. We limit our Directors to serve on no more than four other public company boards.

• Retirement Age. We have a policy that we will not nominate a candidate for Director if he or she has attained the age of 76 before the election.

• Robust code of ethics. Our corporate code of ethics applies to all of our employees, including our Directors and executive officers. We also have an additional code of ethics applicable to our senior financial officers.

• Robust role for the Board in risk oversight. Our Board and its committees play an active and ongoing role in the management of the risks of our business.

• Stock ownership guidelines for Directors and named executive officers. Our Directors and named executive officers each must maintain a significant ownership of our Common Stock in order to increase alignment of their interests with those of our shareholders.

• Prohibition on hedging, short selling and pledging. Our Directors and executive officers are prohibited from engaging in selling short our Common Stock, engaging in hedging or offsetting transactions regarding our Common Stock or pledging our Common Stock.

• No shareholder rights plan (poison pill).

Meetings

The Board met seven times in 2018. Each member of the Board attended more than 80% of the total number of meetings of the Board and the committees on which he or she served. We encourage, but do not require, our Board members to attend annual meetings of shareholders. All of our Board members then in office attended our 2018 Annual Meeting of Shareholders.

Board Leadership Structure

The Board has a non-executive Chairman. This position is independent from management. The Chairman leads the Board meetings as well as meetings of the independent Directors. The CEO is a member of the Board and participates in its meetings. The Board believes that this leadership structure is appropriate for the Company at this time because it allows for independent oversight of management, increases management accountability and encourages an objective evaluation of management's performance relative to compensation. In addition, the Board recognizes that acting as Chairman of the Board is a particularly time-intensive responsibility. Separating these roles allows the CEO to focus solely on his duties, which the Board believes better serves the Company. Separation of the roles of Chairman and CEO also promotes risk management, enhances the independence of the Board from management, and mitigates potential conflicts of interest between the Board and management. In order to ensure continuity of leadership, the Company has a policy set forth in its Corporate Governance Guidelines providing that each non-executive Chairman may serve for a term of not more than nine (9) consecutive years, subject to the requirement that he or she be re-elected as Chairman annually by the Board. The Nominating Committee has proposed, and the Board has agreed, that pending his re-election, H. Patrick Hackett, Jr. will continue to serve as non-executive Chairman of the Board following the Annual Meeting.

The Board's Role in Risk Oversight

Our Board has an active and ongoing role in the management of the risks of our business. This role has two fundamental elements: (1) ensuring that management of the Company has implemented an appropriate system to manage risks by identifying, assessing, mitigating, monitoring and communicating about risks; and (2) providing effective risk oversight through the Board and its committees.

The Board believes the first element of its risk oversight role is fulfilled through the Company's extensive risk assessment and management program designed to identify, monitor, report and control the Company's risks, which are broken down into various categories deemed relevant to the Company and its business operations. The Enterprise Risk Management Program is administered by the Company's Senior Vice President — Chief Risk Officer, who provides reports to the Board, the Audit Committee and the Risk Management Committee on a regular basis and other committees of the Board as needed.

The second element of the Board's oversight role is fulfilled primarily by the full Board regularly receiving written and oral reports from management on the status of various categories of Company risk and on the Company's overall risks as well as any material changes or developments in risk profiles or experiences. Through this process, our Board reviews and assesses information regarding cybersecurity risks with management. The Board also periodically receives reports regarding regulatory priorities and reviews regulatory examination reports of the Company to remain informed on issues and observations raised by regulatory authorities regarding the risk categories of the Company. In addition to the full Board's direct oversight, the Board's committees provide oversight of various risks created by the Company's operations. The Audit Committee provides oversight of the monitoring of risk, generally, and oversight of financial, regulatory, operational and legal risks, in particular. The Risk Management Committee monitors, among other things, overall enterprise risk management, credit, interest rate, liquidity and market risks. The Finance Committee provides oversight of risks related to strategic transactions and reviews risks associated with the Company's capital planning strategy and liquidity. The Information Technology & Information Security Committee ("IT/IS Committee") provides oversight of risks related to the Company's information technology and information security strategy, infrastructure, systems, business continuity planning and disaster recovery plans and testing. The IT/IS Committee and the Audit Committee coordinate regarding oversight of the Company's information security programs. The Nominating Committee provides risk oversight relating to the Company's board and governance. The Compensation Committee provides oversight of risks related to the Company's compensation of its employees. In addition, the Audit Committee, Finance Committee and Risk Management Committee have each undertaken to monitor relevant portions of the risks relating to the capital stress testing process.

Codes of Ethics

The Board has adopted our Corporate Code of Ethics applicable to all Directors, officers and employees, and our Senior Financial Officer Code of Ethics (together with the Corporate Code of Ethics, the "Codes") each of which is available on the Company's website at www.wintrust.com by choosing "Investor Relations" and then

choosing “Corporate Governance.” To assist in enforcement of the Codes, we maintain Wintrust’s Ethicspoint, a toll-free hotline and Internet-based service through which confidential complaints may be made by employees regarding illegal or fraudulent activity; questionable accounting, internal controls or auditing matters; conflicts of interest, dishonest or unethical conduct; disclosures in the Company’s reports filed with the SEC, bank regulatory filings and other public disclosures that are not full, fair, accurate, timely or understandable; violations of our Codes; and/or any other violations of laws, rules or regulations. Any complaints submitted through this process are presented to the Audit Committee on a regular, periodic basis or more frequently as needed. The Company will post on its website any amendments to, or waivers from, the Codes as they apply to its Directors and executive officers to the extent required by the rules of the Securities and Exchange Commission (“SEC”) or the Nasdaq stock market (“NASDAQ”).

Shareholder Communications

Any shareholder or other interested parties who desires to contact the non-employee Directors or the other members of our Board may do so by writing to: Wintrust Financial Corporation, Board of Directors, c/o the Corporate Secretary, Wintrust Financial Corporation, 9700 West Higgins Road, Suite 800, Rosemont, Illinois 60018. Copies of written communications received at this address will be provided to the Board, the applicable committee chair or the non-employee Directors as a group unless such communications are considered, in consultation with the non-employee Directors, to be improper for submission to the intended recipient(s). All communications will be forwarded to the Chair of the Nominating Committee unless the communication is specifically addressed to another member of the Board, in which case, the communication will be forwarded to that Director. Shareholders also may obtain a copy of any of the documents posted to the website free of charge by calling (847) 939-9000 and requesting a copy. Information contained on Wintrust’s website is not deemed to be a part of this Proxy Statement.

Our Corporate Governance Guidelines are also available on the Company's website under the same heading.

Nominating and Corporate Governance Committee

The Board has established the Nominating Committee which is responsible for the following, among other responsibilities:

- determining criteria for the selection and qualification of the members of the Board and reviewing with the Board the appropriate skills and characteristics required of the Board members;
- identifying, evaluating and recommending candidates to fill positions on the Board;
- seeking out possible candidates and otherwise aid in attracting highly qualified candidates to serve on the Board and
- coordinating with the CEO to the extent the Nominating Committee deems appropriate;

evaluating the independence of each member of the Board and establishing procedures for the regular ongoing reporting by Directors of any developments that may be deemed to affect their independence status or qualification to serve as a Director;
considering any resignation submitted by a Director who has experienced a significant change to his or her personal circumstances;

• reviewing the corporate governance guidelines and code of ethics and recommending modifications thereto to the Board;

• advising the Board with respect to the size, composition and individual members of the various committees of the Board and the functions of the Board and its committees;

• establishing and implementing self-evaluation procedures for the Board and its committees;

• assessing and reviewing with management the overall effectiveness of the organization of the Board and the conduct of its business and making appropriate recommendations to the Board with regard thereto;

• reviewing shareholder proposals submitted for business to be conducted at an annual meeting;

• in consultation with the Audit Committee, reviewing related-party transactions;

• reviewing annually Director compensation and recommending modifications thereto to the Board;

• reviewing insurance policies and indemnification arrangements applicable to the Directors and executive officers and recommending modifications thereto to the Board;

• considering from time to time the overall relationship of the Board and management;

• reviewing and assessing annually the adequacy of the Executive Committee Charter and, if appropriate, recommending changes to the Board for approval; and

• reviewing and assessing annually the adequacy of the Nominating Committee Charter and, if appropriate, recommending changes to the Board for approval.

The Nominating Committee consists of five Directors, and the Board has determined that each of these Directors has no material relationship with the Company and is otherwise independent under the applicable NASDAQ listing standards. During 2018, the Nominating Committee met four times.

Nomination of Directors

The Nominating Committee seeks nominees from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. In doing so, the Nominating Committee considers a wide range of factors in evaluating the suitability of director candidates, including a general understanding of finance and other disciplines relevant to the success of a publicly-traded company in today's business environment, understanding of our business, education and professional background. The following personal characteristics are considered minimum qualifications for Board membership under the Corporate Governance Guidelines approved by the Board: integrity and accountability, the ability to provide informed judgments on a wide range of issues, financial literacy, a good reputation in the business community, a talent for networking and referring business to the Company, a history of achievements that reflects high standards for themselves and others, and willingness to raise tough questions in a manner that encourages open discussion. On October 25, 2018, the Board approved an increase in the annual retainer fee from \$75,000 to \$115,000, effective

January 1, 2019. Under the Corporate Governance Guidelines adopted by the Board, Directors are expected to own Common Stock having a value of at least four times the annual retainer fee, which is \$115,000 for fiscal year 2019, within four years of becoming a Director, and to limit board service at other companies to no more than four other public company boards.

The Nominating Committee believes in an expansive definition of diversity that includes differences of experience, education and talents, among other things. While the Nominating Committee does not have a formal policy in this regard, the diversity of the Board is a consideration in evaluating candidates for the Board, among others, as set forth in our Corporate Governance Guidelines.

The Nominating Committee also evaluates the performance of Directors and assesses the effectiveness of committees and the Board as a whole. The effectiveness of the nomination process is evaluated by the Board each year as part of its self-evaluation process and by the Nominating Committee as it evaluates and identifies director candidates.

The Nominating Committee does not have any single method for identifying director candidates but will consider candidates suggested by a wide range of sources. The Nominating Committee will consider director candidates recommended by our shareholders and will apply the same standards in considering director candidates recommended by shareholders as it applies to other candidates. Once the Nominating Committee receives a recommendation from a shareholder, it may request additional information from the candidate about the candidate's independence, qualifications and other information that would assist the Nominating Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in the Company's proxy statement, if nominated. Shareholders may also directly nominate a candidate for Director pursuant to the advance notice provisions of the Company's By-laws. Nominations must be received in writing at the principal executive offices of the Company and addressed to Wintrust Financial Corporation, Nominating and Corporate Governance Committee, c/o Corporate Secretary, 9700 West Higgins Road, Suite 800, Rosemont, Illinois 60018 and otherwise satisfy the requirements set forth in the Company's By-laws.

Audit Committee

The Board has established an Audit Committee for the purpose of overseeing our accounting and financial reporting processes and the audits of our financial statements and evaluating and monitoring the risk profile of the Company. In addition, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the following, in addition to other responsibilities:

- be directly responsible for the appointment, termination, compensation and oversight of the work of the independent auditors, including an assessment of the qualifications and independence of the independent auditors;
- reviewing the adequacy and effectiveness of the Company's disclosure controls and procedures and

management reports thereon;

• discussing with the independent auditors the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC;

• overseeing the Company's internal audit function;

• reviewing with management and the independent auditors, the financial statements, footnotes and related disclosures to be included in the Company's Annual Report on Form 10-K and quarterly reports on Form 10-Q;

• reviewing the status and results of regulatory examinations;

• reviewing compliance with the Codes and insider trading policy;

• reviewing and assessing annually the adequacy of the Audit Committee Charter and, if appropriate, recommending changes to the Board for approval.

The Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. Once pre-approved, the services and pre-approved amounts are monitored against actual charges incurred and modified if appropriate.

To serve on the Audit Committee, Directors must meet financial competency standards and heightened independence standards set forth by the SEC and NASDAQ. In particular, each Audit Committee member:

• must be financially literate;

• must not have received any consulting, advisory, or other compensatory fees from the Company (other than in his or her capacity as a Director);

• must not be the Company's affiliate or the affiliate of any of the Company's subsidiaries; and

• must not serve on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such Director to effectively serve on the Audit Committee.

Furthermore, at least one member of the Audit Committee must be an “audit committee financial expert” as defined by SEC rules.

The Audit Committee consists of five Directors, and the Board has determined that each of these Directors (including Director nominee Ms. Teglia) has no material relationship with the Company and each is otherwise independent under the applicable NASDAQ listing standards and meets the financial competency and heightened independence standards set forth above. The Board has determined that each of Ms. Stafford, Ms. Glabe, Mr. Heitmann, Mr. Sweeney and Ms. Teglia qualify as audit committee financial experts. During 2018, the Audit Committee met six times.

The Compensation Committee consists of four Directors, and the Board has determined that each of these Directors has no material relationship with the Company and each is otherwise independent under the applicable NASDAQ listing standards. During 2018, the Compensation Committee met seven times. The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee.

During 2018, the Risk Management Committee met four times.

Finance Committee

Information Technology/Information Security Committee

The Board has established an IT/IS Committee to provide guidance to management regarding information technology and information security. In addition, the IT/IS Committee assists the Board in fulfilling its responsibilities with respect to the following, among other responsibilities:

Executive Committee

The Board has established an Executive Committee to provide guidance and counsel to the Company's management team on significant matters and to take action on behalf of the Board between meetings of the Board or when it is not feasible to convene a meeting of the full Board for timely consideration of the actions proposed to be taken. The Executive Committee may exercise all authority of the Board including, without limitation, the approval of acquisition, financing and other business transactions not involving the issuance of Company stock or approval by shareholders, except as otherwise prohibited by law.

The Executive Committee currently consists of eight Directors, and the Board has determined that each of these Directors, except for Mr. Wehmer, has no material relationship with the Company and is otherwise independent under the NASDAQ listing standards. During 2018, the Executive Committee did not meet.

DIRECTOR COMPENSATION

The Company seeks to compensate its non-employee Directors in a manner that attracts and retains qualified candidates to serve on the Board and to compensate such Directors for their service on the Board in an amount that is commensurate with their role and involvement. In setting non-employee Director compensation, the Nominating Committee and the Board consider the significant amount of time the Directors expend in fulfilling their duties as well as the skill level required. During its most recent review of Director compensation, the Nominating Committee reviewed compensation data for non-employee directors from the Company's then-current peer group. Based on this review of compensation data, which was set forth in the most recent proxy statement filed by each member of the Company's peer group, the Nominating Committee recommended, and the Board determined, to increase the annual retainer fee of our Directors to \$115,000, effective January 1, 2019.

To strengthen the alignment of interests between Directors and shareholders, the Board maintains a minimum stock ownership guideline for Directors, which requires Directors to own Common Stock (or Common Stock equivalents) having a value of at least four times the then-current annual retainer fee paid to non-employee Directors. For 2019, this results in an ownership requirement of \$460,000. This minimum stock ownership is required to be met within four years of joining the Board. In the event the annual retainer fee is increased, Directors will have four years to meet the new ownership guideline.

As of April 1, 2019, all of the Company's non-employee Directors either own sufficient shares to meet the stock ownership guideline or are on target to meet the minimum stock ownership guideline within the prescribed time frame.

Compensation for Non-employee Directors

For their service to the Company, non-employee Directors are entitled to an annual retainer fee (the "Annual Retainer"), attendance fees for committee meetings and certain Board meetings, and a payment for service as a chairman of the Board or of certain committees (other than the Annual Retainer, "Other Director Fees"). Additionally, non-employee Directors who serve as a director of any of the Company's subsidiaries are entitled to compensation for such service. Directors who are employees of the Company receive no additional compensation for their service on the Board.

Annual Retainer. In 2018, the Company paid an Annual Retainer to non-employee Directors of \$75,000. As explained further below, this amount may be paid in cash or in shares of the Company's Common Stock.

Board Meeting Attendance Fees. The Company does not pay an attendance fee for meetings of the Board; however, in the event the Company holds more than six Board meetings in one year, non-employee Directors will receive per meeting fees of \$2,000 for in-person attendance, or \$1,500 for telephonic attendance, for each such additional Board meeting the Director attends.

Committee Meeting Attendance Fees. In order to properly reward non-employee Directors who sit on committees for their efforts and contributions, non-employee Directors receive an attendance fee for service on a committee of the Board. Non-employee Directors receive \$1,700 per committee meeting attended, except for Audit Committee members, who receive a \$2,000 per meeting attendance fee.

Chairmanships. In 2018, each of the Chair of the Audit Committee, the Chair of the Compensation Committee, the Chair of the Finance Committee, the Chair of the IT/IS Committee, the Chair of the Nominating Committee, and the Chair of the Risk Management Committee were entitled to an additional annual fee of \$25,000. In 2018, the Company paid the Chairman of the Board an additional annual fee of \$60,000.

Subsidiary Directorships. Non-employee Directors who serve on the boards of directors of our subsidiaries are entitled to compensation for such service. No independent member of the Company's Board serves on more than one subsidiary board other than Ms. Glabe and Mr. Heitmann.

Directors Deferred Fee and Stock Plan

The 2005 Directors Deferred Fee and Stock Plan ("Director Plan") is a program that allows non-employee Directors to receive their Director fees in either cash or Common Stock. Under the Director Plan, Directors may also choose to defer the receipt of the Annual Retainer delivered in the form of Common Stock or defer the receipt of Other Director Fees in the form of cash or Common Stock.

A Director will receive all fees in cash unless he or she elects to receive such fees in shares of the Company's Common Stock. The number of shares of Common Stock to be issued will be determined by dividing the fees earned during a calendar quarter by the fair market value (as defined in the Director Plan) of the Common Stock on the last trading day of the preceding quarter.

Under the Director Plan, a Director may elect to defer receipt of shares of Common Stock received as an Annual Retainer or as Other Director Fees. If a Director elects to defer his or her receipt of fees paid in Common Stock, the Company will maintain on its books deferred stock units ("Units") representing an obligation to issue shares of Common Stock to the Director. The number of Units credited will be equal to the number of shares that would have been issued but for the deferral election. Additional Units will be credited at the time dividends are paid on the Common Stock. The number of additional Units to be credited each quarter will be computed by dividing the amount of the dividends that would have been received if the Units were outstanding shares by the fair market value of the Common Stock on the last trading day of the preceding quarter. Because Units represent a right to receive Common Stock in the future, and not actual shares, there are no voting rights associated with them. In the event of an adjustment in the Company's capitalization or a merger or other transaction that results in a conversion of the Common Stock, corresponding adjustments will be made to the Units. The Director will be a general unsecured creditor of the Company for purposes of the Common Stock to be paid in the future. The shares of Common Stock represented by the Units will be issued to the Director in accordance with the deferral election of the Director.

The Director Plan also permits deferral of Other Director Fees in cash. If a Director elects to defer receipt of Other Director Fees in cash, the Company will maintain on its books a deferred compensation account representing an obligation to pay the Director cash in the future. The amount of the Director's fees will be credited to a Director's deferred compensation account as of the date such fees otherwise would be payable to the Director. All amounts in such account will accrue interest based on the 91-day Treasury Bill discount rate, adjusted quarterly, until paid. Accrued interest will be credited at the end of the quarter. No funds will actually be set aside for payment to the Director and the Director will be a general unsecured creditor of the Company for the purposes of the amount in his or her deferred compensation account.

The amount in the deferred compensation account will be paid to the Director in accordance with the deferral election of the Director.

All deferrals under the Director Plan will be deferred until the 15th of January following the retirement of such Director from the Board and each of its subsidiaries, or, at the election of the Director at the time of deferral, until the first, second, third, fourth or fifth anniversary of such retirement.

RELATED PARTY TRANSACTIONS

Director Independence

A Director is independent if the Board affirmatively determines that he or she has no material relationship with the Company other than serving as a Director of the Company and he or she otherwise satisfies the independence requirements of the NASDAQ listing standards. A Director is “independent” under the NASDAQ listing standards if the Board affirmatively determines that the Director has no material relationship with us directly or as a partner, shareholder or officer of an organization that has a relationship with us. Direct or indirect ownership of even a significant amount of our stock by a Director who is otherwise independent will not, by itself, bar an independence finding as to such Director.

The Board has reviewed the independence of our current non-employee Directors and nominees and found that each of them are independent under the applicable NASDAQ listing standards, except Edward J. Wehmer, who serves as our President and CEO. Accordingly, more than 91% of the members of the Board are independent, including the Chairman of the Board.

Related Party Transactions

We or one of our subsidiaries may occasionally enter into transactions with certain “related persons.” Related persons include our executive officers, directors, 5% or more beneficial owners of our Common Stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. We refer to transactions with these related persons as “related party transactions.” The Audit Committee and the Nominating Committee are jointly responsible for the review and approval of each related party transaction exceeding \$120,000. Such committees consider all relevant factors when determining whether to approve a related party transaction including, without limitation, whether the terms of the proposed transaction are at least as favorable to us as those that might be achieved with an unaffiliated third party. Among other relevant factors, the Audit Committee and the Nominating Committee consider the following:

- the size of the transaction and the amount of consideration payable to a related person;
- the nature of the interest of the applicable executive officer, Director or 5% shareholder in the transaction;
- whether the transaction may involve a conflict of interest;
- whether the transaction involves the provision of goods or services to us that are available from unaffiliated third parties; and
- whether the proposed transaction is on terms and made under circumstances that are at least as favorable to us as would be available in comparable transactions with or involving unaffiliated third parties.

Some of the executive officers and Directors of the Company are, and have been during the preceding year, customers of the Company’s banking subsidiaries (the “Banks”), and some of the officers and Directors of the Company are direct or indirect owners of 10% or more of the stock of corporations which are, or have been in the past, customers of the Banks. Extensions of credit by the Company and its banking subsidiaries to “insiders” of the Company and its subsidiaries are also regulated by Regulation O adopted under the Federal Reserve Act and the Federal Deposit Insurance

Corporation Improvement Act. It is the Company's policy that any transactions with persons whom Regulation O defines as "insiders" (i.e., executive officers, Directors, principal shareholders and their related interests) are engaged in the same manner as transactions conducted with all members of the public. As such customers, they have had transactions in the ordinary course of business of the Banks, including borrowings, all of which transactions are or were on substantially the same terms (including interest rates and collateral on loans) as those prevailing at the time for comparable transactions with nonaffiliated persons. In the opinion of management of the Company, none of the transactions involved more than the normal risk of collectability or presented any other unfavorable features. Increased quarterly Common Stock dividend to \$0.19 per share, resulting in total dividends of \$42.8 million paid in 2018 to eligible holders of Common Stock; and

Increased reported earnings per diluted share of Common Stock to \$5.86 per share, up from \$4.40 per share in fiscal year 2017.

The Committee also noted that 2018 was the Company's twenty-second consecutive year of profitability.

Highlights of our Executive Compensation Philosophy, Program and Practices

Philosophy and Culture of Achievement and Accountability

The Committee has responsibility for developing, implementing and monitoring our executive officer compensation program and policies as well as adherence with the Company's compensation philosophy. The Committee sets the compensation for all of our NEOs and reviews compensation for all executive officers of the Company. In administering the Company's executive compensation program, the Committee is mindful of our operating structure, culture and history as well as the growth strategy of our Company and its business. As a Company with growth oriented operations, we are cognizant that to attract and retain the managerial talent deemed necessary to operate and grow our businesses, we often have to compensate our executives with a view to the scope and complexity of the business we expect them to manage, rather than the size of the business they currently manage. Our assets have grown 73%, 36% and 12% over the last five, three and one year periods, respectively, and our loans, excluding covered loans and loans held for sale, have grown 85%, 39% and 10% over the same five, three and one year periods, respectively. Our compensation philosophy and programs are designed to attract and retain management capable of leading the organization in its efforts to create the infrastructure to meet its growth curve while still managing risk.

The Committee believes executives' total direct compensation should be heavily weighted toward incentive compensation rather than through fixed components such as base salary and benefits. This philosophy is intended to create and foster a pay-for-performance framework within defined risk parameters that drives shareholder value by aligning shareholder and NEO interests. Our Short-Term Incentive Plan, or STIP, and Long-Term Incentive Program, or LTIP, are designed to provide a significant percentage of our executives' total compensation which is linked to performance and the interests of our shareholders.

Our Pay-for-Performance Focus

Reinforcing pay for performance is an important underpinning of our compensation framework. For 2018, target performance-based compensation for our CEO and the other NEOs was approximately 75% and 58% of total compensation, respectively. As seen in the pie charts below, a majority compensation for the CEO and NEOs is

performance based.

Our Executive Compensation Practices

What We Do

We Pay for Performance: The majority of executive pay is not guaranteed. Our CEO and NEOs on average have approximately 75% and 58%, respectively, of their target total direct compensation tied to Company performance.

We Align Our Long-Term Incentives With Performance: 100% of our long-term incentive awards vest based on three-year Company performance.

We Set Stretch Goals: Our performance hurdles are designed to require stretch individual performance along with superior returns in order to receive commensurate payout.

We Have a Clawback Policy: In the event of a material negative restatement, we can claw back any payments made which were predicated on achieving certain financial results.

We Require Stock Ownership: We have robust ownership guidelines. Our CEO is required to hold Common Stock with a value equal to a multiple of six times base salary and our other NEOs are between one and three times base salary.

We Utilize Independent Compensation Expertise: The Compensation Committee has retained Meridian, an independent compensation consultant, to advise on the executive compensation program and practices, including annual assessments of the Company's peer group.

Shareholder Support

During its compensation review process, the Committee considers whether the Company's executive compensation and benefits program are in line with the interests of the Company's shareholders. In that respect, the Committee considered the approval by approximately 99% of the votes cast for the Company's "say on pay" proposal at the Company's prior annual meeting of shareholders and determined that the Company's executive compensation

What We Don't Do

No Hedging or Short Selling: Our NEOs are prohibited from engaging in short selling of our Common Stock or engaging in hedging or offsetting transactions regarding our Common Stock.

No Pledging: Our NEOs are prohibited from pledging our securities.

No Excessive Expenditures or Perquisites: We have adopted a policy designed to prevent any excessive or luxury expenditures and maintain modest perquisites.

No Undue Risk: We discourage excessive risk taking by having a balanced portfolio of short- and long-term incentive performance measures and a cap on final payouts.

No Repricing Underwater Options: Our stock incentive plan does not permit repricing or the exchange of underwater stock options without shareholder approval.

No CIC Payment Absent a Double Trigger: Payments under our employment agreements and our long-term incentive programs generally require two events for vesting - both a change in control and a qualifying termination of employment.

philosophy, compensation objectives, and compensation elements continued to be appropriate and did not make any changes to the Company's executive compensation program in response to such vote.

Compensation Philosophy and Objectives

The philosophy underlying our executive compensation program is to promote a pay-for-performance environment and remain competitive with market practices in order to attract and retain key talent, which will support the long-term success of the Company and build value for our shareholders.

The compensation elements included in the pay of our NEOs vary and are reflective of different pay objectives. Base salaries are intended to pay executives competitively relative to market peers and individual performance. Relevant performance factors that influence base pay include leadership, innovation, strategic contributions, maintaining effective company systems and infrastructure, customer service and talent management. Variable compensation (short-term and long-term incentives) is tied to financial measures (such as pre-tax net income, net interest margin, net overhead ratio, core loan asset and deposit growth, credit quality, and earnings per share) as well as the achievement of specific business objectives (including satisfactory regulatory exams), retention of the executive, and increased shareholder value. It is also the Committee's philosophy to provide retirement and health and welfare benefits to all employees on a non-discriminatory basis.

The Committee has set forth the following objectives for its executive compensation program:

Attract first-rate entrepreneurial talent that reflects our structure. Our organizational design and structure are a significant part of our value proposition. Consequently, we need to hire leaders who will thrive within our structure, are able to operate well within a matrixed organizational structure which allows the capacity to act in equal measure autonomously at times and in collaboration at times, while driving growth and managing risk.

Focus on performance-based compensation. Our compensation program is designed to support performance and achievement at every level of the organization, from the individual to the bank, subsidiary, and Company. It also drives performance across both short-term and long-term horizons.

A significant portion of total compensation should be in the form of long-term incentives. Our compensation program includes incentives designed to align management and shareholder interests over a multi-year performance period.

This longer-term horizon also helps promote retention and therefore business continuity.

Long-term incentive compensation should balance growth and risk. Our longer term rewards are structured to help mitigate excessive risk-taking since leaders are rewarded for creating lasting value for the Company and its shareholders.

Long-term incentive compensation should be highly correlated with returns. The prescribed performance goals under our long-term incentive compensation program are designed to be challenging and

at or above target payouts should be achievable only with above target, superior organizational performance. Compensation levels should be competitive to ensure that we attract and retain a highly qualified management team to lead and grow our Company. The successful operation of our Company requires an experienced and talented management team. We hire for both the current and anticipated future needs of the organization, so executives must be able to effectively lead the organization now, and also meet future needs of a growing organization. To do this, our compensation program must be competitive with those of our peer firms to attract and retain talent that is capable of scaling for the future.

Compensation opportunities should be commensurate with an executive's roles and responsibilities. Our organization values talented executives who perform comprehensively, both within their specific roles as well as taking on more leadership responsibilities. Consequently our compensation program seeks to recognize and reward our executives who are most responsible for the performance of the Company and who engage in broader duties than their job titles may imply.

Compensation for NEOs should be fair and perceived as such, both internally and externally. We measure the appropriateness of our compensation offerings by comparing them both internally and externally to peer group benchmarks. Shareholders are best served when we can attract and retain talented executives with compensation packages that are competitive but fair.

Peer Group Benchmarking

On an annual basis, the independent compensation consultant, Meridian Compensation Partners LLC ("Meridian"), provides the Committee with assessments of the competitive market and best practices relating to executive compensation practices, including peer group benchmarking, pay-for-performance analysis, research on regulatory and industry trends, and program design. The Committee utilizes these assessments when considering compensation program design and other decisions.

Peer Group Analysis. On an annual basis, the Committee asks Meridian to review the peer group to evaluate whether it reflects the appropriate population of banks both regionally and nationally similar to Wintrust in size, scope and complexity. When identifying and constructing the competitive peer group, the Committee took into consideration which companies compete for customers, executive talent or investors, as well as other factors including the amount of commercial and industrial loans, level of non-interest revenue, and comparability in business models. These factors were considered as the Committee sought to develop a peer group that approximated the size and the structure of the Company. The following peer group, developed in 2017 and used by the Committee to make 2018 compensation decisions, was comprised of 21 banks, including 14 similarly-sized national banks and seven Midwestern banks. This

reference group of banks had assets between \$13 billion and \$40 billion in 2017, with Wintrust's assets then positioned at approximately the median.

* Private Bancorp was eliminated from this peer group in 2018 due to it being acquired in 2017.

When making compensation decisions, the Committee reviews the compensation paid to our CEO and other NEOs relative to the compensation paid to similarly-situated executives, to the extent available, at our peer companies based on publicly available information reported in our peers' proxy statements.

In December 2017, Meridian provided the Committee with background information regarding the Company's compensation structure as compared to market practices. Meridian also provided the Committee with an analysis undertaken with respect to each of the NEO's positions, including a comparison of actual total compensation, total direct compensation, target total direct compensation as well as each component of compensation on a comparative basis with the Company's peer group and market data where available.

In addition, the Committee reviewed NEO compensation in the aggregate to that of our peer group. The Committee believes that reviewing compensation across both dimensions or their role and in aggregate provides them with the most well-rounded view of the appropriateness of NEO compensation levels relative to peers.

Pay-for-Performance Analysis

In July 2018, Meridian conducted a pay-for-performance analysis which compared realized and realizable pay for the CEO and the other NEOs as compared to the chief executive officer and named executive officers in our peer group. This analysis provided a retrospective look which evaluated the historical relationship between pay and performance, helped evaluate the effectiveness of the Company's pay structures and performance goals and helped determine if pay was aligned with performance. The study found that changes made in 2017 improved the three year alignment between the Company's historical performance and the NEOs' actual pay results, noting that the Company continued to perform on a composite basis in the top quartile of the benchmarked peer group and each of the NEO's pay and performance was appropriately aligned when compared with the peer group for the three-year period ending in

2017. The Committee intends to periodically conduct this analysis as it continues to monitor the effectiveness of the Company's executive pay program.

2018 Compensation Elements and Decisions

This section describes the various elements of our 2018 compensation program for the NEOs and outlines why the Committee chose each element, how it's determined and its impact on the Committee's pay decisions.

| Element | Key Characteristics | Why We Pay this Element | How We Determine the Amount | 2018 Decisions |
|---|--|---|--|--|
| Base Salary | Fixed compensation component payable in cash. Reviewed annually and adjusted when appropriate. | Provide a base level of competitive cash compensation for executive talent. | Experience, job scope, market data, and individual performance. | Base salary increases were approved for the NEOs in 2018, ranging between 0.0% and 2.6%. |

Payment is capped at 150% of target. | Motivate and reward executives for performance on key operational, financial and individual objectives met during the course of the year. | Market practices and individual performance with actual payouts based on the extent to which performance goals are achieved. | Annual bonus payouts ranged from 106.1% to 127.8% of target, based on a combination of Company and individual performance. |
| Long-Term Incentives | Variable compensation component payable in performance-based restricted stock units and performance-based cash. Payments are capped at 150% of target. | Align long-term interests of management and shareholders. Retain executive talent. | Market practices and performance, with performance-based cash and restricted stock unit payouts based on performance. | 2016-2018 LTIP paid out at 132% of target based on performance against three-year cumulative adjusted earnings per share. |

The Company provides NEOs with base salary to compensate them for services rendered during the fiscal year and reflect each NEO's position, specific skills, tenure, experience, responsibility and performance. Annual base salary adjustments for NEOs for any given year are generally determined by the Committee at its meeting in January. Increases, if any, in base salary on a year-over-year basis are dependent on the Committee's assessment of the Company's and individual's performance and feedback from Meridian regarding market competitive base salaries. The Committee has full discretion to set NEO salary at any level it deems appropriate. As part of this process, the Committee solicits the recommendations of Mr. Wehmer with respect to the NEOs (other than Mr. Wehmer and Mr. Murphy). The Committee also considers peer data provided by Meridian, internal pay equity and merit history in evaluating recommendations.

In 2018, the Committee made the following determinations relative to base salary.

| Executive | 2017 Base Salary | 2018 Base Salary |
|-------------------|------------------|------------------|
| Edward J. Wehmer | \$1,150,000 | \$1,150,000 |
| David A. Dykstra | \$790,000 | \$800,000 |
| Richard B. Murphy | \$575,000 | \$590,000 |
| David L. Stoehr | \$465,000 | \$475,000 |
| Timothy S. Crane | \$465,000 | \$475,000 |

Annual Bonus

The Company's performance-based annual bonuses are based on each NEO's overall performance and the achievement of performance goals subject to the discretion and adjustment by the Committee. Annual bonuses are intended to provide officers with an opportunity to receive cash compensation (may be paid in equity at the discretion of the Committee), based on consideration of the Company, subsidiary and individual performance goals.

Performance-based bonuses are a key component of our total compensation package because they reward our executives for pursuing objectives that the Committee believes are consistent with the overall goals and strategic direction that the Board has set for the Company.

NEO bonus targets are reviewed by the Committee annually to evaluate appropriateness to the current business cycle and competitiveness relative to the market. In determining the target annual bonuses, the Committee considers several factors, including:

- market practices;
 - the target annual bonuses set and achieved in recent years;
 - the desire to provide, as described above, a substantial portion of total compensation as performance-based; and
 - the relative importance and degree of difficulty of the short-term and long-term performance goals of the Company.
- Once the annual bonus opportunity is established, the Committee converts the target bonus opportunity to a range of payout levels as a percentage of base salary with a maximum payout opportunity of 150% of target for 2018. Below are the bonus award opportunities (at both target and maximum levels) for our NEOs in 2018, expressed as a percentage of base salary, which did not change from the bonus opportunities for the 2017 bonus program:

| Named Executive Officer | Target | Maximum |
|-------------------------|--------|---------|
| Edward J. Wehmer | 100% | 150% |
| David A. Dykstra | 70% | 105% |
| Richard B. Murphy | 70% | 105% |
| David L. Stoehr | 70% | 105% |
| Timothy S. Crane | 70% | 105% |

For 2018, the target annual bonus opportunity was allocated in the following manner based upon the executive's role: 75% based on Company performance, associated with consolidated pre-tax net income; and 25% based on individual goals and objectives.

Based upon the weighting outlined above of the 75/25 allocation of the bonus target, the table below reflects each NEO's 2018 base salary and how their total incentive targets were allocated as a percentage of each NEO's base salary.

| Executive | 2018 Base Salary | 2018 Total Bonus Percentage at Target | Percentage Allocated to Company Performance | Percentage Allocated to Individual Objectives |
|-------------------|------------------|---------------------------------------|---|---|
| Edward J. Wehmer | \$1,150,000 | 100.00% | 75.00% | 25.00% |
| David A. Dykstra | \$800,000 | 70.00% | 52.50% | 17.50% |
| Richard B. Murphy | \$590,000 | 70.00% | 52.50% | 17.50% |
| David L. Stoehr | \$475,000 | 70.00% | 52.50% | 17.50% |
| Timothy S. Crane | \$475,000 | 70.00% | 52.50% | 17.50% |

Development of Company Performance Objectives

One of the key Company-level objectives for 2018 was to achieve consolidated pre-tax net income of \$451.5 million. The Committee used the following guidelines to set the high, target, low, or threshold portion of the annual bonus award opportunity allocated to the Company-level objective:

| Wintrust 2018 Consolidated Pre-Tax Net Income | Performance-Weighting of Company-Level Annual Bonus Award |
|---|---|
| Greater than \$451.5 million | High |
| \$451.5 million | Target |
| \$406.3 million to \$451.5 million | Low |
| \$316.0 million to \$406.3 million | Threshold |

Development of Individual Performance Objectives

The performance objectives for the NEOs are developed through an iterative process between the Committee and management. Management develops an initial set of recommended objectives based upon business needs. The Committee reviews the proposed objectives and revises/amends them at its discretion, after considering whether the

objectives are aligned with the Board of Director's strategic focus. The following objectives, among others including regulatory objectives, were established for the NEOs in 2018:

Edward J. Wehmer

- Improve core performance of the enterprise reflected in various measures such as core loan, asset and deposit growth, net overhead ratio, performance on niche and core loans, earnings per share, stock price, shareholder return, and net income.
- Continue to identify and acquire strategic assets, asset generation platforms and bank acquisitions to complement the Company's strategy.
- Maintain the appropriate organizational infrastructure to support technology efforts, expansion efforts, streamlining operations and expense management.

Performance Results and Payouts

As noted above under "2018 Business Highlights," the Company achieved exceptional results in 2018, which we believe highlights the benefit of the guidance provided by the Company's executives.

Consolidated Pre-Tax Net Income: The Company's consolidated pre-tax net income for the year ended December 31, 2018 was \$460.1 million, above target. In determining the actual annual bonus for each NEO associated with the achievement of Company-level objectives, the Committee considered a number of factors, including the following achievements:

• Company's achievement of 101.9% of the consolidated pre-tax net income objective;

• Solid key performance indicators, including net interest margin, net overhead ratio, loan, asset and deposit growth and credit quality;

• Continued progress on diversification strategy via expanded lines of business; and

• Continued build out of enterprise infrastructure to support future success of organization.

Individual Performance Objectives: The Committee determined that each of the NEOs achieved or exceeded their individual performance objectives.

Total Bonus Payout: The final determination of an NEO's actual bonus payment is based on the Committee's holistic evaluation of Company and individual performance metrics including consolidated pre-tax net income, individual performance objectives, and discretionary factors. The Committee retains the discretion to determine the amount of any annual bonus awarded to an NEO. The final determination of the Committee could result in no bonus being paid or a bonus amount above or below a strictly formulaic view of performance. Based on their analysis, the Committee exercised its discretion, and approved the annual bonus award for each NEO. Overachievement by Mr. Wehmer and the other NEO's relative to the accomplishment of the Company's financial objectives was taken into account.

Additionally, bonuses were informed by the Committee's intention to ensure that total cash compensation was at an appropriate competitive position relative to the Company's performance. The following table sets forth the total eligible annual bonus amounts at target and annual bonuses actually paid to each of our NEOs under the 2018 NEO bonus program.

| Named Executive Officer | Total Annual Bonus at Target | Total Annual Bonus Paid | % Bonus Paid vs. Target |
|-------------------------|------------------------------|-------------------------|-------------------------|
| Edward J. Wehmer | \$1,150,000 | \$1,470,000 | 127.83% |
| David A. Dykstra | \$560,000 | \$661,500 | 118.13% |
| Richard B. Murphy | \$413,000 | \$490,000 | 118.64% |
| David L. Stoehr | \$332,500 | \$352,800 | 106.11% |
| Timothy S. Crane | \$332,500 | \$357,700 | 107.58% |

Our annual bonus may be paid in cash and/or equity at the discretion of the Committee. With regard to 2018 performance, annual bonuses awarded by the Committee to the NEOs were paid in cash.

Long-Term Incentive Plan (LTIP)

The Committee believes that a substantial portion of each NEO's compensation should be in the form of long-term incentive compensation in order to further align the interests of our NEOs and shareholders. The framework is also designed to:

- provide a competitive compensation opportunity;
- foster retention;
- allow the Company to compete effectively for talent;
- incorporate leading practices;
- provide transparency;

- support the Company’s long-term strategy and growth objectives;
- align management’s long-term compensation with shareholder returns;
- link pay and performance;
- create a long-term focus based on sustainable results; and
- create stock ownership.

Award Mix

The Committee administers the LTIP and can determine on an annual basis the mix of awards included in the annual grant. The Committee determined that the 2018 award vehicle mix should be comprised of the following:

| Award Vehicle Mix | % of Award |
|--|------------|
| Performance-Based Cash Awards | 50% |
| Performance-Based Restricted Stock Units | 50% |

Performance-based cash and performance-based restricted stock units are designed to promote pay for performance since the awards vest only upon the achievement of certain performance conditions. Performance-based awards under the LTIP are contingent upon the achievement of pre-established long-term goals set in advance by the Committee over a multi-year period (i.e., three years), with overlapping performance cycles. Performance-based cash and equity awards are earned only at the end of the performance cycle based on the Company’s performance against pre-established goals certified by the Committee, subject to negative discretionary adjustments.

In 2018, the Committee selected three-year cumulative earnings per share (as adjusted to exclude acquisition-related charges, the effect of certain changes in the effective tax rate and any excess tax benefits or tax deficiencies related to stock-based compensation awards as determined by the Committee, “Cumulative Adjusted EPS”) as the measure for the 2018-2020 LTIP cycle. The Company believes that targets established by the Committee for this performance metric are reasonably achievable with strong executive management performance.

2018 LTIP Target and Grants: The Committee provided a 2018 LTIP grant for the performance period from January 1, 2018 through December 31, 2020, with the performance-based restricted stock units and cash awards that are scheduled to vest based on our Cumulative Adjusted EPS performance during the performance period. Based on the competitive and pay for performance reviews conducted during 2017, the Committee increased Mr. Wehmer’s target LTIP to 220% to be more in line with the Company’s peer group and to continue to focus the majority of his pay on the Company’s long-term performance. In July, 2018, the Committee approved a supplemental LTIP grant to Mr. Wehmer that would result in a total 2018 award consistent with the 220% target opportunity. The grant was made in the same manner as the January 2018 grant (i.e., 50% restricted stock units and 50% cash based on the same performance

metrics). The ultimate value of the awards will depend on the Company's stock price and performance relative to three-year goals. Each NEO's long-term incentive target percentage, as a percentage of base salary, is outlined below:

Named Executive Officer Target Percentage of Base Salary

| | |
|-------------------|--------|
| Edward J. Wehmer | 220.0% |
| David A. Dykstra | 75.0% |
| Richard B. Murphy | 75.0% |
| David L. Stoehr | 75.0% |
| Timothy S. Crane | 75.0% |

Performance-Based Restricted Stock Unit Awards and Performance-Based Cash Awards: The performance-based restricted stock unit awards (50% of incentive target opportunity) and performance-based cash awards (50% of target incentive opportunity) will each be measured at the end of a performance period ending December 31, 2020. The threshold, target and maximum award opportunities for each NEO for the performance-based restricted stock unit and cash awards is set forth in the following two tables:

Performance-Based Restricted Stock Unit Awards

| Named Executive Officer | Number of shares -Maximum Performance | Number of shares - Target Performance | Number of shares - Threshold Performance |
|-------------------------|---------------------------------------|---------------------------------------|--|
| Edward J. Wehmer | 21,475 | 14,316 | 7,159 |
| David A. Dykstra | 5,036 | 3,357 | 1,679 |
| Richard B. Murphy | 3,666 | 2,444 | 1,222 |
| David L. Stoehr | 2,964 | 1,976 | 988 |
| Timothy S. Crane | 2,964 | 1,976 | 988 |

Performance-Based Cash Awards

| Named Executive Officer | Amount payable under performance-based cash awards-Maximum Performance | Amount payable under performance-based cash awards-Target Performance | Amount payable under performance-based cash awards-Threshold Performance |
|-------------------------|--|---|--|
| Edward J. Wehmer | \$ 1,897,500 | \$ 1,265,000 | \$ 632,500 |
| David A. Dykstra | \$ 444,375 | \$ 296,250 | \$ 148,125 |
| Richard B. Murphy | \$ 323,438 | \$ 215,625 | \$ 107,813 |
| David L. Stoehr | \$ 261,563 | \$ 174,375 | \$ 87,188 |
| Timothy S. Crane | \$ 261,563 | \$ 174,375 | \$ 87,188 |

2016-2018 LTIP Results and Payment: The 2016-2018 LTIP used a mix of awards comprised of 50% performance-based cash awards, 25% performance-based restricted stock unit awards and 25% time-vested options. The Committee determined for this performance cycle to use cumulative earnings per share as the performance measure,

adjusted for a one-time unusual acquisition expense. The following chart outlines the performance award matrix adopted in conjunction with the 2016-2018 LTIP cycle for the performance-based cash and performance-based restricted stock unit awards:

| | Cumulative Adjusted EPS over 3 year Performance Period | Payout % of Target Award |
|-------------|--|--------------------------|
| Maximum | \$13.45 | 150% |
| Target | \$12.30 | 100% |
| Threshold | \$10.00 | 50% |
| < Threshold | <\$10.00 | 0% |

Based on the achievement levels with respect to the 2016-2018 performance measure, the Committee certified a payout equal to 132% of target which was paid on March 1, 2019, as set forth in the following table:

| | Cash Payment(1) | Value of Performance-Based Restricted Stock Unit Settlement (2) | Total Value Delivered (3) |
|-------------------|-----------------|---|---------------------------|
| Edward J. Wehmer | \$ 965,250 | \$ 845,170 | \$1,810,420 |
| David A. Dykstra | \$ 381,150 | \$ 344,670 | \$725,820 |
| Richard B. Murphy | \$ 257,400 | \$ 232,785 | \$490,185 |
| David L. Stoehr | \$ 192,679 | \$ 174,256 | \$366,935 |
| Timothy S. Crane | \$ 182,655 | \$ 165,167 | \$347,822 |

(1) Mr. Wehmer's performance-based cash award was paid in the amount of \$868,725, with the remaining 10% (or \$96,525) deferred to the later of March 27, 2026 or retirement.

(2) The NEOs received shares as follows: Mr. Wehmer 11,809 (fully deferred until the later of March 27, 2026 or retirement); Mr. Dykstra 4,664; Mr. Murphy 3,150; Mr. Stoehr 2,358; and Mr. Crane 2,235. The value ascribed in the table above was derived based on the \$73.90 fair market value of a share of Common Stock on March 1, 2019, the date these awards were settled. Mr. Wehmer's award is valued based on the fair market value on January 24, 2019 of \$71.57, which is the date on which the Committee certified the performance criteria and the earned shares were deemed deferred.

(3) These values are exclusive of the values of the options also granted as part of the 2016-2018 LTIP awards which were previously disclosed and not subject to the performance conditions noted above.

Perquisites and Other Benefits

Our NEOs receive modest perquisites provided by or paid for by the Company that the Committee believes are reasonable, competitive and consistent with the Company's overall compensation philosophy. In 2018, these perquisites included: car allowances or Company-owned automobiles; club dues; life insurance; and supplemental long-term disability. Our NEOs were also eligible for a 401(k) employer matching contribution on the same terms as all other employees of the Company.

The Committee reviews the perquisites provided to its NEOs on a regular basis to evaluate whether they continue to be appropriate in light of the Committee's overall goal of designing a competitive compensation program for NEOs that is aligned with the interests of our shareholders. Attributed costs of the personal benefits described above for the NEOs for the fiscal year ended December 31, 2018 are included in column (i) of the "2018 Summary Compensation Table."

Post-Termination Compensation

We have entered into employment agreements with each of our NEOs that provide for post-termination compensation. These agreements provide for payments and other benefits if the NEO's employment terminates for a qualifying event or circumstance, such as being terminated without "Cause" or leaving employment for "Constructive Termination," as these terms are defined in the employment agreements. Additionally, the employment agreements provide for the payment of enhanced severance benefits if the NEO's employment is terminated within eighteen months of a "Change-in-Control" (as defined in the agreements). Additional information regarding the employment agreements, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on December 31, 2018, is found under the heading "Potential Payments upon Termination or Change in Control" on page 62 of this Proxy Statement.

The Committee believes that these employment arrangements are an important part of overall compensation for our NEOs and will help to secure the continued employment and dedication of our NEOs, prior to or following a change in control, notwithstanding any concern that they might have at such time regarding their own continued employment. These agreements also contain restrictive covenants, including non-compete and non-solicitation provisions, which protect the Company's interests in its client and employee relationships. The Committee also believes that these agreements are important as a recruitment and retention device, as nearly all of the companies with which we compete for executive talent have similar agreements in place for their senior employees.

Additional Information Regarding Compensation Policies

We have additional compensation policies that support our practices. These policies serve to further illustrate and provide context around our approaches to compensation.

Clawback Policy. Our Clawback policy provides that the Company may recover any payment or equity awards made to a current or former executive officer, if the payment was predicated upon achieving certain financial results that were subsequently the subject of a material negative restatement caused by the intentional misconduct of the executive officer. In such event, the Company may recover the amount by which any annual or long-term payments or awards made or granted exceeded what would have been awarded or granted based on restated financials. In addition, the Company may recover any profits realized on the sales of securities received by such executive officer pursuant to such awards.

In addition, the clawback provision of the Sarbanes-Oxley Act of 2002 also applies to Messrs. Wehmer and Stoehr. This provision provides that if the Company is required to restate its financials as a result of misconduct, Mr. Wehmer and Mr. Stoehr are required to reimburse the Company for bonuses or other incentive-based or equity-

based compensation and profits realized in the 12 months after the financial information was first publicly issued or filed with the SEC.

Policy Regarding Excessive or Luxury Expenditures. Our Board adopted a policy designed to eliminate or prevent any excessive or luxury expenditures, including excessive expenditures on entertainment or events, office and facility renovations, aviation or other transportation services. A copy of this policy is available on our website, www.wintrust.com.

Tax Gross-Up Provisions. Effective May 20, 2009, the Company adopted a policy that it will not enter into any new or materially amended agreements with NEOs that include any excise tax gross-up provisions with respect to payments contingent upon a change in control.

Prohibition on Hedging and Short Selling. The Company’s executive officers and Directors are prohibited from engaging in short selling of the Common Stock or engaging in hedging or offsetting transactions regarding the Common Stock.

Prohibition on Pledging Stock. In April 2013, the Company adopted a policy prohibiting executive officers and Directors from pledging any of the Company’s securities.

Stock Ownership Guidelines. In January 2011, the Company adopted stock ownership guidelines for our executive officers as part of our commitment to corporate governance and to strengthen the alignment of interests between our executive officers and shareholders. Under the guidelines, our Chief Executive Officer and other NEOs are expected to accumulate shares of Common Stock to meet the applicable ownership level within five years of their election or appointment (the “Measurement Date”).

For purposes of the guidelines, “shares” include shares owned by the executive or the executive’s immediate family members residing in the same household, including shares held in the Company’s 401(k) plan or employee stock purchase plan, shares held in trust for the benefit of the executive or the executive’s family, shares obtained through stock option exercise, deferred shares, shares of restricted stock and restricted stock units granted under the Company’s equity plans.

| Title | Guideline |
|--|---------------------|
| Chief Executive Officer | 6 times base salary |
| Chief Operating Officer and Chief Credit Officer | 3 times base salary |
| Other Named Executive Officers | 1 times base salary |

The Committee reviews an executive’s progress toward achieving the applicable guideline. An executive’s progress toward the applicable ownership guideline is expected to be approximately 20% per year. If the Committee determines that an executive has not demonstrated sufficient progress toward compliance with the applicable guideline, it may take appropriate action. The Committee determined that each of these executives met this requirement as of December 31, 2018.

Compensation Process and Roles

Role of Management. The Committee made all 2018 compensation decisions for our NEOs. Mr. Wehmer and Mr. Dykstra annually review the performance of each of the Company's and its subsidiaries' officers (other than Mr. Dykstra, whose performance is reviewed by Mr. Wehmer, and Mr. Wehmer whose performance is reviewed by the Committee, and Mr. Murphy whose performance is reviewed by the Committee due to the fact that he is married to the sister of Mr. Wehmer's wife). The conclusions reached and the compensation recommendations based on these reviews, including with respect to salary adjustments and incentive award amounts, were presented to the Committee. The Committee exercised its discretion in modifying any recommended adjustment or award.

Committee Process. During 2018, the Committee reviewed both the Company's compensation philosophy and the actual compensation being paid by the Company. The Committee met, including in executive sessions without any members of management present, to discuss, evaluate and set executive officer compensation. In setting compensation for each of the NEOs, the Committee focused on the total compensation received by each NEO, as well as the allocation of each element of compensation in relation to those provided by the peer companies identified above. The Committee acted pursuant to a written charter that had been approved by our Board.

Compensation Consultant. The Committee has the sole authority to retain and dismiss its own outside compensation consultants and any other advisors it deems necessary. The role of a compensation consultant is to assist the Committee in analyzing executive compensation packages and to provide the Committee with information regarding market compensation levels, general compensation trends and best practices. The consultant also provides advice regarding the competitiveness of specific pay decisions and actions for the NEOs, as well as the appropriateness of the design of the Company's executive compensation program. In 2018, the Committee engaged Meridian to advise it on executive compensation-related issues and to provide advice relating to establishing bonus opportunities and target incentives for 2018. In addition, Meridian provided guidance on leading practices on compensation. Meridian attended meetings of the Committee, including executive sessions, upon invitation. Meridian did not provide any other services to the Company. The Committee has assessed the independence of Meridian pursuant to the rules of the SEC and concluded that Meridian's work for the Committee does not raise any conflicts of interest.

2018 Summary Compensation Table

(1) The amounts shown in this column for 2018 consist of cash annual bonus awards paid in 2019 with respect to 2018 performance for each of the NEOs.

The amounts shown in this column for 2018 represent performance-based restricted stock unit awards granted under the Company's LTIP. These awards are valued based on the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation ("FASB ASC Topic 718") and are reported based on the probable achievement of the performance-based vesting conditions at the time of grant. Under the LTIP, if the highest achievement level (2) is attained for the 2018 performance-based restricted stock unit awards, the maximum grant date fair value for these awards is as follows: Mr. Wehmer \$1,897,500; Mr. Dykstra \$444,375; Mr. Murphy \$323,438; Mr. Stoehr \$261,563; and Mr. Crane \$261,563. The grant date fair value of the awards represents the average of the high and low sale prices of the Common Stock on the date of grant, as reported by NASDAQ multiplied by the shares subject to the award at target level.

The amounts shown in this column constitute options granted under the Company's 2015 Stock Incentive Plan (the "2015 Plan"). Amounts shown reflect the aggregate grant date fair value computed in accordance with FASB ASC (3) Topic 718 for awards granted during fiscal year 2016. The accounting policy and assumptions for stock-based compensation are described in Notes 1 and 18 to the Company's Consolidated Financial

Statements included in its Annual Report on Form 10-K for the year ended December 31, 2018. No options were granted in 2018 or 2017.

(4) Amounts reported for 2018 represent the cash portion of the 2016-2018 LTIP payment made in 2019.

Amounts in this column include the value of all other compensation paid to or received by the NEOs in 2018.

(5) Please see the “All Other Compensation” table below for further information regarding these amounts. Perquisites are valued at actual amounts paid for such perquisites and other compensation.

Subject to certain qualifying termination events, the participant is required to be employed on the award settlement date in order to vest in the award.

The amounts in this column represent performance-based restricted stock unit awards granted to the NEOs pursuant to the 2018 LTIP and granted under the 2015 Plan that will be earned at the end of the performance cycle (2) ending December 31, 2020 based on the Company's achievement of performance objectives relating to the Company's Cumulative Adjusted EPS. Subject to certain qualifying termination events, the participant is required to be employed on the award settlement date in order to vest in the award.

The amounts in this column are valued based on the grant date fair value of the award calculated in accordance with FASB ASC Topic 718 and, in the case of the performance-based restricted stock unit awards, are based on the (3) probable outcome of the applicable performance conditions. See Notes 2 and 3 to the 2018 Summary

Compensation Table for a discussion of the relevant assumptions used in calculating the grant date fair value. Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table

Each of our current NEOs is subject to an employment agreement with the Company. The initial terms under the employment agreements of Messrs. Wehmer, Dykstra, Murphy and Crane expired in 2011 and the initial term of Mr. Stoehr's employment agreement expired in 2009. However, each NEO's agreement automatically renews for successive three-year terms, in the case of Messrs. Wehmer, Dykstra and Murphy, and one-year terms in the case of Messrs. Stoehr and Crane, unless either the NEO or the Company provides notice of non-renewal at least 60 days

prior to the expiration of the then-current term. If a change in control occurs, the then-current term of each NEO's employment agreement automatically extends for two years from the date of the change in control. If the term is extended due to a

change in control, such extension will be further extended automatically for successive three-year terms, in the case of Messrs. Wehmer, Dykstra and Murphy, and one-year terms in the case of Messrs. Stoehr and Crane, unless either the NEO or the Company provides notice of non-renewal at least 60 days prior to the expiration of the then-current term.

(1) performance-based stock awards from the payment in 2018 of the 2015-2017 LTIP awards on the dates the awards were settled.

The amounts reported in the column entitled "Aggregate Earnings in Last Fiscal Year" represent the change in the (2) value of the shares subject to the deferred LTIP and restricted stock unit awards from December 31, 2017 to December 31, 2018.

This amount represents the value of Mr. Wehmer's deferred LTIP awards settled in 2016, 2017 and 2018 and his (3) restricted stock unit awards which have vested but are not issuable until the earlier to occur of (i) the executive's termination of employment and (ii) the time at which the award is no longer subject to the deduction limits under Section 162(m) of the Code.

This amount represents the value of Mr. Dykstra's restricted stock unit awards which have vested but are not (4) issuable until the earlier to occur of (i) the executive's termination of employment and (ii) the time at which the award is no longer subject to the deduction limits under Section 162(m) of the Code.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As noted under “Compensation Discussion & Analysis - Post-Termination Compensation” on page 52 of this Proxy Statement, we have entered into employment agreements with each of our NEOs that provide for payments in connection with such NEO’s termination, whether in connection with a change in control or otherwise. The benefits to be provided to the current NEOs under the employment agreements upon various termination situations are described below, including a summary of payments that would have been required had a termination taken place on December 31, 2018.

Payments Made upon Termination

The NEO’s rights upon a termination of his employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of ‘Cause’ and ‘Constructive Termination’ that are used in those agreements. For purposes of the employment agreements:

We have Cause to terminate the NEO if the NEO has engaged in any of a list of specified activities, including refusing to perform duties consistent with the scope and nature of his position, committing an act of gross negligence or willful misconduct resulting in or potentially resulting in economic loss or damage to the Company’s reputation, conviction of a felony or other actions specified in the definition.

The NEO is said to have been Constructively Terminated (and thereby gain access to the benefits described below) if we (i) materially reduce the NEO’s duties and responsibilities, or (ii) reduce the NEO’s adjusted total compensation (as defined in the agreements) to an amount less than (x) 75% of his adjusted total compensation for the prior 12 months or (y) 75% of his adjusted total compensation for the 12 months preceding the date of such NEO’s employment agreement, whichever is greater. In addition, in the case of Messrs. Wehmer, Dykstra and Murphy, the NEO is said to have been Constructively Terminated if we reduce, or assign such NEO duties substantively inconsistent with, his position, authority, duties or responsibilities, including reductions occurring solely as a result of the Company ceasing to be a publicly traded entity or becoming a wholly owned subsidiary of another entity.

The employment agreements require, as a precondition to the receipt of these payments, that the NEO sign a standard form of release in which he waives all claims that he might have against us and certain associated individuals and entities. The employment agreements also include non-compete and non-solicit provisions and confidentiality provisions that would apply for three years following the termination of employment or, in the case of Mr. Crane, for two years.

Payment Obligations for Termination with Cause

If an NEO is terminated for Cause, he is entitled to receive amounts earned during the terms of employment. Such amounts include:

- unpaid base salary through the date of termination;
- accrued but unused vacation or paid leave; and
- reimbursements.

Payment Obligations Upon Death or Permanent Disability

In the event of death or permanent disability of an NEO, in addition to the items above:

Messrs. Wehmer, Dykstra, Murphy and Stoehr will be entitled to a payment equal to three times the sum of his base salary in effect at the time of his death or disability and the target cash and stock bonus awards granted to such NEO in the year of his death or disability. Mr. Crane will be entitled to a payment equal to two times the sum of his base salary in effect at the time of his death or disability and the annual incentive compensation award (not including any equity-based award or cash award with a vesting period of greater than one year) paid to Mr. Crane during the 24-month period prior to his termination. Such payments will be made (i) in the case of death, in a lump sum within 30 days of the NEO's death or (ii) in the case of permanent disability, ratably over 36 months (24 months for Mr. Crane), with any such payment benefit reduced by the proceeds from any life or disability insurance policies maintained by the Company. For Mr. Crane, such payment benefit will be reduced by the amount of any income earned by Mr. Crane during the 24-month period; provided, however, that such amount paid to Mr. Crane shall not be less than \$8,333.34 per month.

Each NEO will immediately vest in all outstanding awards under the Company's incentive plans.

Additionally, in the event of termination due to permanent disability:

Messrs. Wehmer, Dykstra and Murphy will continue to receive health insurance, including for qualified dependents, either under the then current Company plan or under an independent policy having similar coverage to that maintained by the Company, until the earlier of (i) the date he becomes eligible for any comparable medical, dental, or vision coverage provided by any other employer or (ii) the date he becomes eligible for Medicare benefits; and Messrs. Stoehr and Crane will continue to receive health insurance, including for qualified dependents, under the then current Company plan until the end of the 36-month period for Mr. Stoehr and the 24-month period for Mr. Crane over which the severance payments described in the first bullet point of this subsection are made.

Payment Obligations for Constructive Termination or Termination Without Cause

In the event of constructive termination or termination without cause of an NEO, such NEO is entitled to the items listed above under "Payment Obligations for Termination with Cause" and "Payment Obligations Upon Death or Permanent Disability," except that:

the payment described in the first bullet point under "Payment Obligations Upon Death or Permanent Disability" will not be made in a lump sum, but rather be made ratably over the 36-month period for Messrs. Wehmer, Dykstra, Murphy and Stoehr and over the 24-month period for Mr. Crane;

outstanding option awards under the Company's incentive plans will remain exercisable until the earlier of (i) three months or (ii) the life of the award;

Messrs. Wehmer, Dykstra and Murphy and their respective dependents will be entitled to continued health benefits until the earliest of (i) the date he becomes eligible for another group health insurance plan with no pre-existing condition limitation or exclusion or (ii) the date he becomes eligible for Medicare benefits; and Messrs. Stoehr and Crane and their respective dependents will be entitled to continued health benefits until the earliest of (i) the date he becomes eligible for another group health insurance plan with no pre-existing condition limitation or exclusion, (ii) the expiration of the maximum coverage period under COBRA or (iii) the date he becomes eligible for Medicare benefits.

Payment Obligations for Termination Without Cause or Constructive Termination Following a Change in Control
In the event of the constructive termination or termination without cause of an NEO within eighteen months of a change in control, which is defined below, such NEO shall be entitled to the same payments and items described above under "Payment Obligations for Constructive Termination or Termination Without Cause," however, such payments shall be made in a lump sum within 30 days of such termination. Additionally:

Pursuant to our incentive plans, the NEO will be entitled to immediate vesting and lapsing of restrictions on all outstanding equity awards;

Messrs. Wehmer, Dykstra and Murphy will be entitled to an additional cash payment equal to an amount that would offset any excise taxes incurred by the NEO as a result of the receipt of any change in control payments and such offset payment, within 30 days of the determination that such excise tax is due; and

In the case of Messrs. Stoehr and Crane, such payment may be subject to reduction (any such payment a "Reduced Payment") to the extent it would cause such NEO to receive an "excess parachute payment" (as defined in the Code) unless the change in control payments, less the amount of any excise taxes payable by the NEO, is greater than the Reduced Payment.

On May 20, 2009, the Company adopted a policy that it will not enter into any new or materially amended agreements with NEOs that include any excise tax gross-up provisions with respect to payments contingent upon a change in control. This policy does not apply to the employment agreements with Messrs. Wehmer, Dykstra and Murphy in effect at the time of adoption of such policy.

For purposes of a change in control, the NEO is said to have been Constructively Terminated (and thereby gain access to the benefits described above) if the resulting employer were to (i) materially reduce the NEO's duties and responsibilities, (ii) reduce the NEO's adjusted total compensation to an amount less than (x) 100% of his adjusted total compensation for the prior 12 months or (y) 100% of his adjusted total compensation for the 12 months preceding the date of such NEO's employment agreement, whichever is greater, or (iii) following the change in control, deliver notice to such NEO that he will continue to be employed but his employment agreement will be rejected. In addition, in the case of Messrs. Wehmer, Dykstra and Murphy, the NEO is said to have been Constructively Terminated if we reduce, or assign such NEO duties substantively inconsistent with, his position, authority, duties or responsibilities, including reductions

occurring solely as a result of the Company's ceasing to be a publicly traded entity or becoming a wholly owned subsidiary of another entity.

"Change in control" is defined in the NEOs' employment agreements by reference to the 2007 Stock Incentive Plan, which defines change in control as any of the following events:

• if any person acquires 50% or more of the Company's outstanding Common Stock or of the combined voting power of the Company's outstanding voting securities (other than securities acquired directly from the Company);

• if the Company's incumbent Directors (and director nominees approved by such Directors) cease to constitute a majority of the Board;

the consummation of a reorganization, merger or consolidation in which our shareholders immediately prior to such transaction do not, following such transaction, beneficially own more than 50% of the outstanding common stock or of the combined voting power of the corporation resulting from such transaction; or

• the approval of our shareholders of a complete liquidation or dissolution of the Company or of the sale or other disposition of all or substantially all of the assets of the Company.

The table below shows potential payments to the current NEOs if terminated upon death or permanent disability, for Constructive Termination or without Cause, in connection with a change in control and retirement. The amounts shown assume that termination was effective as of December 31, 2018, and are estimates of the amounts that would be paid to the executives upon termination. All equity awards have been calculated using the closing stock price of the Company's Common Stock on December 31, 2018 of \$66.49, as reported on NASDAQ. The actual amounts to be paid can only be determined at the actual time of an executive's termination.

In the event of termination with cause, each NEO would only be entitled to earned but unpaid base salary through (1) the termination date, accrued but unused vacation or paid leave, and reimbursement of miscellaneous company incurred expenses.

Upon termination due to death or disability, termination without cause, constructive termination, or qualifying termination following a change in control, with respect to each NEO other than Mr. Crane, such NEO is entitled to (2) receive an amount equal to three times (3x) the sum of (i) the NEO's base salary in effect at the time of termination plus (ii) an amount equal to the NEO's target cash bonus and the NEO's target stock bonus in the year in which the termination occurs. Under a constructive termination, termination without cause or a qualifying termination following a change in control, Mr. Crane is entitled to a severance payments

of two times (2x) base salary and an amount equal to the annual incentive compensation paid to him during the 12-month period prior to the termination.

All outstanding stock options immediately vest in the event of death, permanent disability, or a qualifying termination following a change in control. All time-vesting restricted stock awards will immediately vest in the event of a death, permanent disability, constructive termination, retirement or a qualifying termination following a change in control. In the event of death, permanent disability or retirement, the 2016, 2017 and 2018 performance-based restricted stock unit awards will vest on a pro-rata basis based on performance over the full performance period. For this analysis, performance has been assumed at target for the 2017 and 2018 awards. For the 2016 performance-based restricted stock unit awards, the amount represents the actual payout, since the (3) performance period was completed on December 31, 2018 and the performance achieved during the period was known. In the event of a qualifying termination following a change in control, the 2017 and 2018 performance-based restricted stock unit awards will vest in full at target performance. The 2016 performance-based restricted stock unit award is shown at actual performance as the performance period ended on December 31, 2018. Messrs. Wehmer, Dykstra, Murphy and Stoehr had met the retirement-eligibility requirements under each of the foregoing equity awards as of December 31, 2018. Therefore, any constructive termination or termination without cause incurred by Messrs. Wehmer, Dykstra, Murphy and Stoehr was treated as a retirement for purposes of quantifying their disclosed benefits.

In the event of death, permanent disability or retirement, 2016, 2017 and 2018 performance-based cash awards will be payable in a pro-rata portion based on actual performance over the full performance period. For this analysis, performance has been assumed at target for the 2017 and 2018 awards. For the 2016 performance-based cash awards, the amount represents the actual payout, since the performance period was completed on December 31, 2018 and the performance achieved during the period was known. In the event of a qualifying termination (4) following a change in control, the 2017 and 2018 performance-based cash awards will vest in full at target performance. The 2016 performance-based cash award is shown at actual performance as the performance period ended on December 31, 2018. Messrs. Wehmer, Dykstra, Murphy and Stoehr had met the retirement-eligibility requirements under each of the foregoing equity awards as of December 31, 2018. Therefore, any constructive termination or termination without cause incurred by Messrs. Wehmer, Dykstra, Murphy and Stoehr was treated as a retirement for purposes of quantifying their disclosed benefits.

We have assumed benefit continuation for Messrs. Wehmer, Dykstra and Murphy through the age of 65, the time at which the NEO will be eligible for Medicare. We have assumed benefit continuation for 18 months in the event (5) termination in connection with a change in control, termination without cause or constructive termination for Mr. Stoehr and Mr. Crane, per current COBRA guidelines. We have assumed benefit continuation for 36 months in the event of permanent disability for Mr. Stoehr and 24 months in the event of permanent disability for Mr. Crane.

In the event of termination in connection with death, the amount of benefits to be paid for each NEOs pursuant to his employment agreements shall be reduced by the amount of any life insurance benefit payments paid or payable (6) to him from policies of insurance maintained and/or paid for by the Company; provided that in the event the life insurance benefits exceed the amount to be paid to him, the executive shall remain entitled to receive the excess life insurance payments.

In the event of termination in connection with permanent disability, the amount of benefits to be paid to each NEO pursuant to his employment agreement shall be reduced by the amount of any long-term disability insurance (7) benefit payments paid or payable to him during the payment period from policies of insurance maintained and/or paid for by the Company; provided that in the event the long-term disability insurance benefits exceed the amount to be paid to him, he shall remain entitled to receive the excess insurance payments.

In the event of a termination in connection with a change in control, Messrs. Wehmer, Dykstra and Murphy are entitled to an excise tax gross-up payment to be paid by the Company if the present value of the NEO's parachute payments exceeds his safe harbor. Excise tax gross up payments were calculated in accordance with Section 280G (8) of the Code. Effective May 20, 2009, the Company adopted a policy that it will not enter into any new or materially amended agreements with NEOs that include any excise tax gross-up provisions with respect to payments contingent upon a change in control. If a change in control and a termination of employment occurred as of December 31, 2018, Messrs. Wehmer, Dykstra and Murphy would not have become entitled to an excise tax gross-up payment.

The employment agreements for Mr. Stoehr and Mr. Crane provide that in the event the potential payments would constitute "excess parachute payments" within the meaning of Section 280G of the Code, or any interest or penalties (9) with respect to such excise tax, then the amount of the payout would be automatically reduced to an amount equal to \$1.00 less than three times (3x) the "base amount" as defined in Section 280G(3) of the Code (the "Reduced Payment"). This reduction will not apply if the sum of the amount of severance pay less the amount of excise tax payable by the NEO is greater than the Reduced Payment.

CEO PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is providing the following disclosure about the relationship of the annual total compensation of our employees to the annual total compensation of Mr. Wehmer, our President and Chief Executive Officer. We believe that the pay ratio disclosed below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For 2018,

• The median of the annual total compensation of all of our employees, other than Mr. Wehmer, was \$54,068.

• Mr. Wehmer's annual total compensation, as reported in the Total column of the 2018 Summary Compensation Table, was \$4,900,431.

• Based on this information, the ratio of the annual total compensation of Mr. Wehmer to the median of the annual total compensation of all employees is estimated to be 91 to 1.

We selected October 1, 2018 as the date on which to determine our median employee. As of that date, we had had approximately 4,756 employees. The pay ratio disclosure rules provide an exemption for companies to exclude non-U.S. employees from the median employee calculation if non-U.S. employees in a particular jurisdiction account for five percent (5%) or less of the company's total number of employees. We applied this de minimis exemption when identifying the median employee by excluding 85 employees in Canada. After taking into account the de minimis exemption, 4,671 employees in the United States and zero employees located outside of the United States were considered for identifying the median employee.

For purposes of identifying the median employee from the employee population base, other than Mr. Wehmer, we considered W-2 gross taxable wages for calendar year 2018. In addition, for employees that commenced employment with the Company after January 1, 2018, we annualized their compensation.

In determining the annual total compensation of the median employee, such employee's compensation was calculated in accordance with Item 402(c)(2)(x) of Regulation S-K, as required pursuant to the SEC executive compensation disclosure rules. This calculation is the same calculation used to determine total compensation for purposes of the 2018 Summary Compensation Table with respect to each of the Named Executive Officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Company's Compensation Discussion & Analysis with management and, based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion & Analysis be included in the Company's Proxy Statement, its Annual Report on Form 10-K and such other filings with the SEC as may be appropriate.

Compensation Committee

PETER D. CRIST GARY D. "JOE" SWEENEY

PROPOSAL NO. 2 — APPROVAL OF, ON AN ADVISORY (NON-BINDING) BASIS, THE COMPANY'S EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT

Background of the Proposal

As the Company has done in years past and as required pursuant to Section 14A of the Exchange Act, we are providing shareholders with an opportunity to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. The Company believes that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program. Although this vote is advisory and thus non-binding, the Board and the Compensation Committee value the opinions of the shareholders and will consider the outcome of this "Say on Pay" vote when evaluating our compensation philosophy, policies and practices.

At the annual meetings of shareholders held in 2018, 2017, and 2016, we provided our shareholders with the opportunity to cast an advisory vote to approve the compensation of our named executive officers as disclosed in the applicable proxy statement. Our shareholders overwhelmingly approved such proposals, with more than 97% of the votes cast each year in favor.

In accordance with the preference expressed by our shareholders at the 2017 annual meeting of shareholders, we intend to hold a Say on Pay vote on an annual basis at least until the next frequency vote.

Executive Compensation

The Company believes that its compensation policies and procedures, which are reviewed and approved by the Compensation Committee, encourage a culture of pay-for-performance and are strongly aligned with the long-term interests of shareholders. As more fully set forth under "Executive Compensation — Compensation Discussion & Analysis," the Compensation Committee has taken a number of actions in recent years to further strengthen the Company's compensation philosophy and objectives and the percentage of the compensation of senior executives which is "at risk." As always, the Compensation Committee will continue to review all elements of the executive compensation program and take any steps it deems necessary to continue to fulfill the objectives of the program. Shareholders are encouraged to carefully review the "Executive Compensation — Compensation Discussion & Analysis" section of this Proxy Statement for a detailed discussion of the Company's executive compensation program. Because this shareholder vote is advisory, it will not be binding on the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. The Board has authorized a shareholder vote on the Company's executive compensation as reflected in the Compensation Discussion & Analysis, including the disclosures regarding named executive officer compensation provided in the various tables included in this Proxy Statement, the accompanying narrative disclosures and the other compensation information provided in this Proxy Statement. This proposal, commonly known as a "Say on Pay" proposal, gives the Company's shareholders the opportunity to endorse or not endorse the Company's executive pay program and policies through the following resolution:

"Resolved, that the shareholders of Wintrust Financial Corporation approve, on a non-binding advisory basis, the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the

Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion in this Proxy Statement for the 2019 Annual Meeting of Shareholders.”

Required Vote

The approval of the non-binding advisory resolution approving the compensation of our named executive officers described in this Proxy Statement requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will have no impact on whether the proposal passes.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the systems of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements of the Company set forth in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 with management of the Company. The Audit Committee also discussed with Ernst & Young LLP, an independent registered public accounting firm for the Company, which is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with United States generally accepted accounting principles, the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC.

The Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the auditors' communications with the Audit Committee concerning independence and has discussed with Ernst & Young LLP their independence from the Company.

AUDIT AND NON-AUDIT FEES PAID

The Company's independent auditors for the fiscal years ended December 31, 2018 and 2017 were Ernst & Young LLP. Under its charter, the Audit Committee is solely responsible for reviewing the qualifications of the Company's independent auditors and selecting the independent auditors for the current fiscal year.

The following is a description of the fees billed to the Company by Ernst & Young LLP for the years ended December 31, 2018 and December 31, 2017:

Audit Fees: Audit fees include fees billed by Ernst & Young LLP for the review and audit of the Company's annual financial statements and review of financial statements included in the Company's quarterly reports filed with the SEC, as well as services normally provided by an independent auditor in connection with statutory and regulatory filings or engagements. Aggregate fees for audit services were \$2,252,951 in 2018 and \$1,984,791 in 2017.

Audit-Related Fees: Audit-related fees include fees for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements. Aggregate fees for audit-related services were \$45,500 in 2018 and \$66,000 in 2017.

Tax Fees: Tax fees include fees for tax compliance, tax return preparation advice and tax planning services. Aggregate fees for tax services were \$1,139,072 in 2018 and \$718,011 in 2017.

All Other Fees: This category comprises all fees billed by Ernst & Young LLP to the Company not included in the previous three categories, which includes services provided for on-line accounting and auditing standards, interpretive guidance and regulatory advisory services. Aggregate fees for other services were \$3,785 in 2018 and \$1,995 in 2017.

The Audit Committee pre-approves all services, including both audit and non-audit services, provided by the Company's independent auditor. For audit services, the independent auditor provides the Audit Committee with an engagement letter outlining the scope of the audit services proposed to be performed during the year and the fees to be charged, which must be formally accepted by the Audit Committee before the audit commences.

Management also submits to the Audit Committee a list of non-audit services that it recommends the independent auditor be engaged to provide and an estimate of the fees to be paid for each. The Audit Committee considers whether the provision of non-audit services by the Company's independent auditor is compatible with maintaining the auditor's independence. The Audit Committee must approve the list of non-audit services and the estimated fees for each such service before the commencement of the work.

To ensure prompt handling of unexpected matters, the Audit Committee has delegated the authority to amend and modify the list of approved permissible non-audit services and fees to the Audit Committee Chair. If the Chair exercises this delegation of authority, she reports the action taken to the Audit Committee at its next regular meeting. All audit and permissible non-audit services provided by Ernst & Young LLP to the Company for fiscal year 2018 were pre-approved by the Audit Committee in accordance with these procedures.
