Earnings

Net Interest Income

Net interest income for the fourth quarter of 2003 was \$13.8 million, compared with \$12.9 million for the same period in 2002. This reflects the impact of the lower interest rate environment offset by a 29% increase in average earning assets. Net interest margin decreased to 3.93% for the fourth quarter of 2003 compared to 4.72% for the fourth quarter of 2002, but increased 8 basis points from the third quarter of 2003.

For 2003, net interest income was \$50.7 million, or 5% higher than the \$48.2 million reported in 2002. Net interest margin decreased to 4.12% in 2003 from 4.75% in 2002, while average earning assets increased 22%.

Noninterest Income

Noninterest income, including gains on the sales of securities, totaled \$3.1 million for the fourth quarter of 2003, compared to \$2.3 million for the fourth quarter of 2002. Gains on the sales of securities were \$171,000 in the fourth quarter of 2003 compared to gains of \$1,000 for the same period in 2002. Noninterest income, excluding gains on the sales of securities, increased from \$2.3 million in the fourth quarter of 2002 to \$3.0 million in the same period in 2003, a 28% increase. Service charges on deposit accounts increased 12% to \$1.9 million due to increased overdraft and return item charges. Commissions and fees increased 46% to \$588,000, primarily due to increased loan fees. Other income increased by \$267,000, or 104%, primarily due to income from \$7.0 million in bank owned life insurance that was purchased in 2003.

Noninterest income, including gains on the sales of securities, totaled \$12.8 million in 2003, compared to \$9.9 million in 2002. Gains on the sales of securities increased from \$876,000 in 2002 to \$1.9 million in 2003. Noninterest income, excluding gains on the sales of securities, increased from \$9.0 million in 2002 to \$10.9 million in 2003, a 21% increase. This was primarily due to increases of \$1.1 million in service charges on deposit accounts and \$699,000 in commissions and fees.

Noninterest expense

Noninterest expense for the fourth quarter of 2003 was \$10.3 million, an increase of 17% compared to the fourth quarter of 2002. Salary and benefit costs were \$5.4 million for the fourth quarter of 2003, an increase of 21% compared to the same period in 2002. Net occupancy expense was \$977,000, an increase of 11% from the fourth quarter of 2002. The increases in both salaries and benefits and occupancy expense were due in part to the acquisition of CSB Financial Corp. in the third quarter of 2003. Other expenses increased by 21% in the fourth quarter of 2003 reflecting increased legal and consulting expenses, as well as the acquisition of CSB Financial Corp.

For the entire year of 2003, noninterest expense was \$38.3 million compared to \$33.6 million for 2002, an increase of \$4.7 million or 14%. Of this increase, \$2.2 million relates to increased salary and benefit costs. This increase reflects higher salary and benefit expense due to bank expansion as well as normal salary and benefit increases. Occupancy expense increased by \$295,000 reflecting the opening of one new branch in the fourth quarter of 2002 as well as

increased expenses incurred in the other bank locations. Other expenses increased 28% primarily due to increased legal and consulting fees.
