REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants of the Thrift Plan for Employees of Sentinel Transportation Company and the Employee Benefits Plans Board of Sentinel Transportation, LLC

We have audited the accompanying statements of net assets available for benefits of the Thrift Plan for Employees of Sentinel Transportation Company as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Thrift Plan for Employees of Sentinel Transportation Company as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended, in conformity with generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplementary information is the responsibility of the Plan's management. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THRIFT PLAN FOR EMPLOYEES OF
SENTINEL TRANSPORTATION COMPANY

NOTES TO FINANCIAL STATEMENTS

(Dollars in Thousands)

NOTE 1 - DESCRIPTION OF THE THRIFT PLAN:

The following description of the Thrift Plan for Employees of Sentinel Transportation Company (the "Plan") provides only general information. Members should refer to the Plan document for the Plan's provisions.

THE PLAN

Sentinel Transportation Company (the "Company") became a wholly owned subsidiary of E. I. du Pont de Nemours and Company ("DuPont") in December 1995. Prior to its incorporation, the Company was part of Conoco Inc.'s downstream operation (transportation). As part of Conoco, Inc., eligible employees of such operation participated in the Thrift Plan for the Employees of Conoco, Inc.

With the incorporation of the Company, Conoco employees, dedicated to such operations, were transferred to and became Sentinel employees. Sentinel's Board of Directors adopted, effective January 1, 1996, the Thrift Plan for Employees of Sentinel Transportation Company to provide the continued participation of such former Conoco employees and the participation of new employees in a tax qualified plan.

In 1999, funds held in the Thrift Plan for Employees of Conoco, Inc. by former Conoco employees, now employees of the Company were transferred at their option into the Plan. The total of the transfers amounted to \$8,828 and have been reflected as affiliated company transfers in.

Effective January 1, 2000, the Company merged into a joint venture operating as a limited liability company (LLC) under the name Sentinel Transportation, LLC whose members are DuPont (80%) and Conoco Inc. (20%).

The Plan is a defined contribution plan which was established in 1996 by

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (the "Code").

The purpose of the Plan is to encourage employees to save systematically a portion of their current compensation and to assist them to accumulate additional financial means for the time of their retirement. The Plan is a tax-qualified, contributory profit sharing plan. Employees of the Company, including employees of affiliated companies that have adopted the Plan, who have previously met the eligibility requirements of the Plan, or regular, full-time employees, who have completed at least one month of service following their date of hire, are eligible to participate in the Plan.

PAGE 8

(Dollars in Thousands)

An eligible employee may authorize the Company to make a payroll deduction under the Plan ranging from 1% to 19% of monthly compensation. The amount deducted can be deposited into a before-tax or after-tax account or some combination thereof; however, no more than 15% may be deposited into a before-tax account. Participants' monthly deductions up to 6% are called basic deposits. The Company will contribute an amount equal to 100% of the participant's monthly basic deposits.

Subject to certain limitations, certain participants are eligible to make supplemental deposits, either as lump sum deposits or deposits in the form of monthly deductions in excess of 6% of monthly compensation. Due to the application of Internal Revenue Code discrimination testing requirements, only "non-highly compensated" participants are currently eligible to make cash lump sum supplemental deposits.

A participant with less than five years of participation credit or service who withdraws any basic deposits will forfeit a portion of related Company contributions in accordance with the specific Plan provisions. Company contributions will be suspended for six months if a vested participant makes an in-service withdrawal of any earnings in the before-tax or after-tax accounts, or basic deposits or Company contributions contributed during the last 24 months. Employee deposits and matching Company contributions will be suspended for up to 12 months if a participant withdraws any before-tax contribution prior to age 59-1/2. In certain circumstances such a withdrawal may also preclude a participant from making any before-tax contributions in the year following the withdrawal.

Any vested participant, who separates from service, including one who retires, may elect to make a full account withdrawal at any time. Required minimum distributions commence in April following the year in which a former participant reaches age 70-1/2. A Participant who is an active employee may elect to defer minimum distributions until he separates from service or may elect to commence minimum distribution payments in April following the year in which he reaches age 70-1/2.

Participants may borrow up to one-half of their nonforfeitable account balance subject to certain minimum and maximum loan limitations. The loans are executed by promissory notes and have a minimum term of 12 months and a maximum term of 60 months, except for qualified residential loans, which have a maximum

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

term of 120 months. The loans bear an interest rate equal to the average rate charged by selected major banks to prime customers for secured loans. The loans are repaid over the term in monthly installments of principal and interest by payroll deduction. A participant also has the right to repay the loan in full at any time without penalty.

ADMINISTRATION

The designated trustee of all funds is Merrill Lynch Trust Company of America (Merrill Lynch). The administration of the Plan is vested in the Employee Benefit Plans Board. The Board of Directors of the Company or its delegate may designate three or more persons to serve on the Employee Benefit Plans Board, which has the authority to prescribe regulations for the administration of the Plan, review all claims for benefits under the Plan and enter into agreements with one or more entities, including, but not limited to insurance companies, banks and other investment organizations, to provide a stable rate of return to the Stable Value Fund.

Brokerage fees, transfer taxes, investment fees and other expenses incident to the purchase and sale of securities and investments in the Stable Value Fund, DuPont Common Stock Fund, Conoco Class B Common Stock Fund, Merrill Lynch Mutual and Index Funds, Asset Allocation Portfolios, and Mutual Funds shall be included in the cost of such securities or investments, or deducted from the sales proceeds, as the case may be. All administrative expenses not specified in the preceding sentence shall be paid out of rebates or record keeping costs and other discounts in connection with investment vehicles available in the Plan. If such rebates or other discounts are paid to the Plan, any excess remaining after the reasonable administration expenses of the Plan have been paid shall be allocated to the accounts of all participants in the Plan who have an employee account balance greater than zero on an allocation date designated by the Plan Administrator. The balance of any administrative expenses not paid as described above, shall be paid ratably by the Company and its affiliated companies participating in the Plan.

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, all participants become vested and the distribution of all account balances will be made based upon the valuation of the participant's account on the termination date.

The following investment funds have been established for the investment of employee deposits and Company contributions. The investment funds are described below:

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

INVESTMENT VALUATION AND INCOME RECOGNITION

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan's investments are stated at fair value, except for the Stable Value Fund, which is stated at contract value.

The Stable Value Fund guaranteed investment contracts, separate account guaranteed investment contracts and synthetic guaranteed investment contracts are fully benefit responsive and thus, are stated at cost plus accrued interest, using the contracted interest rates applied to the daily account balances. Mutual Funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Common/Collective Trust Funds are stated at the fair value of all underlying assets as reported by the applicable custodian. Loans to participants, short-term investments, and cash are valued at cost that approximates fair value. DuPont common stock and Conoco Class B common stock are valued at their quoted market prices at year-end.

The purchase of shares of DuPont common stock may be made in the open market or from DuPont if it shall have made treasury or authorized but unissued shares available for such purchases, in which event the purchase price shall be the closing price of such stock as reported by the New York Stock Exchange - Composite Transactions on the last day preceding the date of such purchase from DuPont.

Dividend income is recorded on the ex-dividend date and interest income is recorded when earned. Realized gains and losses on the sale of the DuPont Common Stock Fund and Conoco Class B Common Stock Fund investment securities are based on average cost of the securities sold for each fund respectively.

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

Purchases and sales are recorded on a trade date basis.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

NOTE 3 - STABLE VALUE FUND

The Stable Value Fund option, provided by the Plan, was also available to participants in the Thrift Plan for Employees of Conoco, Inc. and the Retail Plan, both sponsored by Conoco, Inc. and the Investment Plan for Salaried Employees of Consol Inc. (the Consol Plan), sponsored by Consol Inc., a corporate joint venture owned equally by DuPont and subsidiaries of RWE AG of Germany. Prior to April 1, 1999, the investments in these funds by participants in the Plan, the Thrift Plan, Retail Plan, and Consol Plan were commingled for investment purposes; however, the four Plans' assets were accounted for separately by the Trustee. Effective April 1, 1999, the Company and certain affiliates ("employers") entered into a Master Trust Agreement with Merrill Lynch Trust Company of America ("Trustee") to establish a master trust for the investment of the Stable Value Fund investment option. To participate in the Master Trust, affiliates who sponsor qualified savings plans and who have adopted the Master Trust Agreement are required to make monthly payments to the Trustee of designated portions of employees' savings and other payments, and other contributions by the affiliate. The Plan's undivided interest in the Master Trust was .139% for both December 31, 2000 and 1999. Investment income relating to the Master Trust is allocated proportionately to the plans within the Master Trust based on the plan's interest to the total fair value of the Master Trust.

The Master Trust consists of guaranteed investment contracts (GICs), separate account GICs (SAGICs), synthetic guaranteed investment contracts (SYNs), and money market funds.

The crediting interest rates ranged from 5.83% to 8.50% and 5.22% to 9.60% for the years ended December 31, 2000 and 1999, respectively. The Fund's blended interest rate of return for the year was 6.70% in 2000 and 6.86% in 1999.

The crediting rates for most SAGIC and SYN contracts are reset annually and are based on market value of the underlying portfolio of assets backing these contracts. Inputs used to determine the crediting rate include each contract's portfolio market value, current yield-to-maturity, duration (i.e., the present value of the weighted average life), and market value relative to contract value. All contracts have a guaranteed rate of 0% or higher.

The contract values, which approximate the fair values, of investment

NOTE 5 - CONOCO, INC. CLASS B COMMON STOCK FUND

On September 28, 1998, DuPont announced that the Board of Directors had approved a plan to divest DuPont's 100 percent-owned petroleum business, Conoco, Inc. On August 6, 1999, DuPont completed the planned divestiture through a tax-free split-off. DuPont exchanged its shares of Conoco, Inc. Class B common stock for shares of DuPont common stock. Plan participants had the option to exchange shares of DuPont common stock, which were held in their participant accounts in the DuPont Common Stock Fund. For each share of DuPont common stock exchanged, the participants received an appropriate number of shares of Conoco Class B common stock. Accordingly, the Conoco Class B Fund was created as an investment fund of the Plan. No additional shares of Conoco Class B common stock may be purchased by Plan participants through payroll deductions, fund transfers, or the reinvestment of dividends. Dividends earned on Conoco Class B common stock are distributed pro rata to the investment options in participants' accounts based upon their current investment elections.
