Item 2.Management's Discussion and Analysis or Plan of Operation.

Plan of Operation.

The Company has not engaged in any material operations in the period ending June 30, 2002 or for the past twelve calendar years. The Company intends to continue to seek out the acquisition of assets, property or business that may be beneficial to the Company and its stockholders.

During the next 12 months, the Company's only foreseeable cash requirements will relate to maintaining the Company in good standing or the payment of expenses associated with reviewing or investigating any potential business venture. If additional moneys are needed, they may be advanced by management or principal stockholders as loans to the Company. Because the Company has not identified any such venture as of the date of this Report, it is impossible to predict the amount of any such loan. As of the date of this Report, the Company has not begun seeking any acquisition.

Results of Operations.
