infoUSA INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. GENERAL

The accompanying unaudited consolidated financial statements have been prepared on the same basis as the audited consolidated financial statements and, in the opinion of management, contain all adjustments, consisting of normal recurring adjustments, necessary to fairly present the financial information included therein. The consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

infoUSA Inc. (the Company) suggests that this financial data be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2006 included in the Company's 2006 Annual Report on Form 10-K, filed with the Securities and Exchange Commission. Results for the interim period presented are not necessarily indicative of results to be expected for the entire year.

Reclassification. Certain reclassifications have been made to conform prior year data with the current year presentation in the consolidated financial statements and accompanying notes for comparative purposes. The following balance sheet line items include amounts reclassified: trade accounts receivable, list brokerage trade accounts receivable, other assets, accounts payable and list brokerage trade accounts payable.

2. EARNINGS PER SHARE INFORMATION

The following table shows the amounts used in computing earnings per share (EPS) and the effect on the weighted average number of shares of dilutive common stock.

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	(In thousands)			
	2007	2006	2007	2006
Weighted average number of shares used in basic EPS	55,837	55,331	55,605	54,822
Net additional common stock equivalent shares outstanding after assumed exercise of stock options	180	94	221	355
Weighted average number of shares outstanding used in diluted EPS	56,017	55,425	55,826	55,177

3. SEGMENT INFORMATION

On January 1, 2007, the Company reorganized its business segments for both operational and reporting purposes. The Company currently reports results in three segments: the Data Group, the Services Group and the Marketing Research Group. The Company continues to report administrative functions in the Corporate Activities Group.

The Services Group consists of subsidiaries providing customer data management and brokerage services, email marketing services, and catalog marketing services.

The Data Group consists of *infoUSA* National Accounts, OneSource, Database License, and the Small and Medium Sized Business Group. The Data Group also includes the compilation and verification costs of our proprietary databases, and corporate technology.

The third segment is the Marketing Research Group, established in 2006 with the Company's acquisition of Opinion Research Corporation. The Marketing Research Group provides customer surveys, opinion polling, and other market research services for business, through its Opinion Research division, and for government, through its Macro International division. The Marketing Research Group also includes the results from Guideline, Inc. and NWC Research, both of which are research companies acquired by the Company in the third quarter.

The Data Group, Services Group and Marketing Research Group reflect actual net sales, order production costs, identifiable direct sales and marketing costs, and depreciation and amortization expense. The remaining indirect costs are presented in corporate activities.

Table of Contents**5. ACQUISITIONS**

On August 20, 2007, the Company acquired Guideline, Inc., a provider of custom business and market research and analysis. The total purchase price was \$38.8 million, excluding cash acquired of \$0.8 million, and including acquisition related costs of \$1.3 million. The purchase price for the acquisition has been preliminarily allocated to current assets of \$12.9 million, property and equipment of \$1.7 million, other assets of \$0.5 million, current liabilities of \$11.1 million, other liabilities of \$3.5 million, and goodwill and other identified intangibles of \$37.0 million. Goodwill and other identified intangibles include: customer relationships of \$7.6 million (life of 8 years), trade names of \$1.9 million (life of 12 years), non-compete agreement of \$0.6 million (life of 1.25 years) and goodwill of \$26.9 million, none of which will be deductible for income tax purposes.

On July 27, 2007, the Company acquired NWC Research, an Asia Pacific research company based in Australia. The total purchase price was \$7.6 million, excluding cash acquired of \$0.1 million, and including acquisition related costs of \$0.2 million. The purchase price for the acquisition has been preliminarily allocated to current assets of \$2.4 million, property and equipment of \$0.6 million, current liabilities of \$1.7 million, and goodwill and other identified intangibles of \$6.2 million. Goodwill and other identified intangibles include: customer relationships of \$1.4 million (life of 8 years), trade names of \$0.4 million (life of 5 years), non-compete agreements of \$0.2 million (life of 7 years) and goodwill of \$4.2 million, which will all be deductible for income tax purposes.

On June 22, 2007, the Company acquired expresscopy.com, a provider of printing and mailing services that specializes in short-run customized direct mail pieces. The total purchase price was \$8.0 million, excluding cash acquired of \$0.1 million, and including acquisition related costs of \$0.2 million. The purchase price for the acquisition has been preliminarily allocated to current assets of \$0.6 million, property and equipment of \$3.9 million, developed technology of \$0.3 million, current liabilities of \$1.9 million, other liabilities of \$3.0 million, and goodwill and other identified intangibles of \$8.0 million. Goodwill and other identified intangibles include: customer relationships of \$1.9 million (life of 8 years), trade names of \$0.5 million (life of 5 years), non-compete agreements of \$0.2 million (life of 7 years) and goodwill of \$5.4 million, which will all be deductible for income tax purposes.

On December 4, 2006, the Company acquired Opinion Research Corporation, a provider of commercial market research, health and demographic research for government agencies, information services and consulting. The total purchase price was \$131.8 million, excluding cash acquired of \$0.8 million, and including acquisition related costs of \$4.3 million.

On November 10, 2006, the Company acquired Rubin Response Services, Inc., a provider of list brokerage and list management services. The total purchase price was \$0.9 million, which includes a working capital adjustment of \$0.6 million received from the seller in April 2007.

On October 31, 2006, the Company acquired Digital Connexions Corp, an e-mail marketing company that specializes in the small-to-medium market and the publishing industry. During the quarter ended September 30, 2007, the Company adjusted its allocation of the purchase price and recorded \$1.6 million for customer relationships with a life of 8 years and \$0.1 million for non-compete agreements with a life of 5 years. The total purchase price was \$4.3 million.

On June 1, 2006, the Company acquired Mokrynskidirect, a provider of list brokerage and list management services. The total purchase price, excluding cash acquired of \$2.0 million, and including \$0.1 million for acquisition costs, was \$6.6 million.

The Company accounted for these acquisitions under the purchase method of accounting and the operating results for each of these acquisitions are included in the accompanying consolidated financial statements from the respective acquisition dates. These acquisitions were completed to grow our market share and we believe they will enable us to acquire the requisite critical mass to compete over the long term in the databases, direct marketing, e-mail marketing and market research industries. In addition, we intend to continue to grow in the future through additional strategic acquisitions.

Table of Contents

Assuming the acquisitions described above made during 2006 and 2007 had been acquired on January 1, 2006 and included in the accompanying consolidated statements of operations, unaudited pro forma consolidated net sales, net income and earnings per share would have been as follows:

	For the Three Months Ended		For the Nine Months Ended	
	September	September	September	September
	30,	30,	30,	30,
	2007	2006	2007	2006
	(In thousands, except per share amounts)			
	(unaudited)			
Net sales	\$ 193,461	\$ 175,059	\$ 552,034	\$ 523,169
Net income	\$ 17,550	\$ 11,451	\$ 31,076	\$ 25,351
Basic earnings per share	\$ 0.31	\$ 0.21	\$ 0.56	\$ 0.46
Diluted earnings per share	\$ 0.31	\$ 0.21	\$ 0.56	\$ 0.46

6. SHARE BASED PAYMENT ARRANGEMENTS

Stock options have been issued under the 1997 Stock Option Plan. The shareholders of the Company also approved the 2007 Omnibus Incentive Plan in June 2007, but no options have been issued under that plan as of September 30, 2007. Options granted under the most current form of options vest over an eight year period and expire ten years from date of grant. Options under this form are granted at 125% of the stock's fair market value on the date of grant. Options granted under the previous form of options have exercise prices at the stock's fair market value on the date of grant, vest over a four year period at 25% per year, and expire five years from the date of grant.

Compensation expense is recognized only for those options expected to vest, with forfeitures estimated based on our historical experience and future expectations. Prior to the adoption of Statement of Financial Accounting Standards (SFAS) No. 123(R), *Share-Based Payment* (SFAS 123R), the effect of forfeitures on the pro forma expense amounts was recognized as the forfeitures occurred.

As a result of adopting SFAS 123R, the impact to the quarter ended September 30, 2007 on income before income taxes and net income was \$0.2 million and \$0.1 million, respectively, and there was no impact on basic and diluted earnings per share for the same period. The impact to the nine months ended September 30, 2007 on income before taxes and net income was \$0.6 million, and \$0.4 million, respectively, and there was no impact on basic and diluted earnings per share for the same period. In addition, prior to the adoption of SFAS 123R, we presented the tax benefit resulting from the exercise of stock options as operating cash inflows in the consolidated statements of cash flows. Upon the adoption of SFAS 123R, the excess tax benefits for those options are classified as financing cash inflows.

The Company granted no stock options during the nine-month periods ended September 30, 2007 or September 30, 2006.

The following table summarizes stock option plan activity for the nine months ended September 30, 2007:

	Weighted	Weighted	Weighted	Aggregate
	Average	Average	Average	Intrinsic
	Number of	Exercise	Remaining	Value at
	Options	Price	Contractual	September 30,
	Shares		Term	2007
				(In thousands)
Outstanding beginning of period	2,313,711	\$ 9.67		
Granted				
Exercised	(624,893)	8.03		
Forfeited				
Expired	(850,000)	9.77		
Outstanding end of period	838,818	10.80	4.82	\$ 9,063

Options exercisable at end of period	321,318	7.80	.62	\$ 2,507
--------------------------------------	---------	------	-----	----------

The total intrinsic value of share options exercised during the nine months ended September 30, 2007 and 2006 was \$0.8 million and \$6.4 million, respectively. As of September 30, 2007, the total unrecognized compensation cost related to nonvested stock option awards was approximately \$1.3 million, which is expected to be recognized over a remaining weighted average period of 2.50 years. As of September 30, 2007, 4.4 million shares were available for additional option grants.

Table of Contents

Of the 624,893 shares exercised during the nine months ended September 30, 2007, 600,000 of those shares related to options exercised by the Company's CEO effective on September 28, 2007. As the cash for the exercise price was not deposited in the Company's account until the following business day October 1, 2007, a receivable from officer of approximately \$5.1 million is recorded under stockholders' equity on the Company's consolidated balance sheet as of September 30, 2007.

7. RESTRUCTURING CHARGES

During the three months ended September 30, 2007, the Company recorded restructuring charges of \$3.7 million, included in selling, general and administrative expenses. These costs related to workforce reductions as a part of the Company's continuing strategy to reduce unnecessary costs and focus on core operations of \$1.4 million and the restructuring of *infoUSA* National Accounts Division of \$2.3 million. During the third quarter of 2007, the total workforce reduction charges included involuntary employee separation costs consisting of approximately 168 employees. During the nine months ended September 30, 2007, the Company recorded restructuring costs totaling \$8.9 million. These costs related to employee separation costs for total workforce reductions for approximately 300 employees, and included the costs associated with the restructuring of the *infoUSA* National Accounts Division of \$5.5 million, and the Hill-Donnelly Division of \$0.4 million, which are both explained in more detail below. The remaining costs are associated with the Company's continuing strategy to reduce unnecessary costs for the nine months ended September 30, 2007 totaled \$3.0 million.

In February 2007, the Company announced the closing of the Hill-Donnelly printing facility in Tampa, Florida. The facility was closed in July 2007 and the operations were moved to Omaha, Nebraska. The total amount incurred in connection with the restructuring for the third quarter of 2007 was \$0.1 million related to facility reduction costs. Restructuring costs for the nine months ended September 30, 2007 were \$0.5 million, which included \$0.4 million for employee separation costs for workforce reductions charges for approximately 33 employees, and \$0.1 million for facility reduction costs.

The Company announced in December 2006 the plan to restructure the *infoUSA* National Accounts operations which includes the closing of the Ames, Iowa client service and technology facility, and the movement of client services teams and management personnel from the Woodcliff Lake, New Jersey facility to Omaha, Nebraska. Both of these are expected to be completed by December 31, 2007. The total amount expected to be incurred in connection with the restructuring will be in the range of \$7.0 million to \$8.0 million, which will include \$3.0 million to \$4.0 million for workforce reductions, and \$3.0 million to \$4.0 million for contract termination costs and other related costs. During the three months ended September 30, 2007, \$2.3 million was incurred for these restructuring costs, which included \$1.5 million for contract termination costs and other related costs and \$0.8 million for workforce reductions charges for approximately 111 employees. During the nine months ended September 30, 2007, \$5.5 million was incurred for these restructuring costs, which included \$3.0 million for contract termination costs and other related costs and \$2.5 million for workforce reductions charges for approximately 124 employees.

In December 2006, the Company acquired Opinion Research Corporation. In accordance with EITF 95-3 *Recognition of Liabilities in Connection with a Purchase Business Combination*, the Company has identified costs which, are related to the purchase of Opinion Research and have been accrued for as of September 30, 2007. The costs included in the accrual as of September 30, 2007 are for the closure of the Taiwan office, and the reduction of office space in the Princeton, New Jersey; Maumee, Ohio; and United Kingdom offices, as well as employee separation costs in each location.

During the three months ended September 30, 2006, the Company recorded restructuring charges of \$0.9 million for involuntary employee separation costs (severance) due to workforce reductions for 71 employees in administration, order production and sales. During the nine months ended September 30, 2006, the Company recorded restructuring costs totaling \$2.6 million due to workforce reductions for 244 employees.

Table of Contents

The following table summarizes activity related to the restructuring charges recorded by the Company for the nine months ended September 30, 2007 including both the restructuring accrual balances, and those costs expensed and paid within the same period:

	Beginning Accrual	Amounts Expensed	Amounts From Acquisitions (In thousands)	Amounts Paid	Ending Accrual
Data Group:					
Employee separation costs	\$ 1,286	\$ 5,814	\$ 5	\$ 3,785	\$ 3,320
Other associated costs	\$	\$ 2,381	\$	\$ 2,324	\$ 57
Contract termination costs	\$	\$ 685	\$	\$ 220	\$ 465
Research Group:					
Employee separation costs	\$	\$	\$ 1,797	\$ 930	\$ 867

8. GOODWILL AND INTANGIBLE ASSETS

Goodwill and intangible assets consist of the following:

	September 30, 2007	December 31, 2006
	(In thousands)	
Goodwill	\$ 477,624	\$ 441,308
Less accumulated amortization	59,559	59,559
	\$ 418,065	\$ 381,749
Other intangible assets:		
Non-compete agreements	\$ 14,656	\$ 13,537
Core technology	15,374	15,072
Customer base	91,327	77,270
Trade names	35,679	32,448
Purchased data processing software	73,478	73,478
Acquired database costs	21,591	21,591
Perpetual software license agreement, net		533
Software development costs, net	11,158	9,894
Database development costs, net	2,630	3,244
Deferred financing costs	13,203	12,032
	279,096	259,099
Less accumulated amortization	164,657	151,053

	\$ 114,439	\$ 108,046
--	------------	------------

9. PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	September 30, 2007	December 31, 2006
	(In thousands)	
Property and equipment	\$ 193,846	\$ 174,554
Less accumulated depreciation	125,098	113,382
	\$ 68,748	\$ 61,172

10. INCOME TAXES

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109* (FIN 48). FIN 48 is an interpretation of FASB Statement No. 109, *Accounting for Income Taxes*, and it seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. In addition, FIN 48 provides guidance on derecognition, classification, interest and

Table of Contents

penalties, and accounting in interim periods and requires expanded disclosure with respect to the uncertainty in income taxes. FIN 48 was effective as of the beginning of our 2007 fiscal year. The cumulative effect, if any, of applying FIN 48 was to be reported as an adjustment to the opening balance of retained earnings in the year of adoption. The Company did not record any cumulative effect adjustments to retained earnings as a result of adopting FIN 48.

Adoption on January 1, 2007 did not have a material effect on our consolidated financial condition or results of operation. We file numerous consolidated and separate income tax returns in the United States federal jurisdiction and in many state and foreign jurisdictions. With few exceptions, we are no longer subject to tax examinations for years before 2004.

The Company had a total gross liability for unrecognized tax benefits of \$7.5 million as of the adoption date, which is included in other liabilities. Interest expense of \$1.0 million was reflected as a component of the total liability. The Company's policy is to recognize potential accrued interest and penalties related to unrecognized tax benefits in income tax expense.

For the three-month period ended September 30, 2007, there was a \$4.1 million change to the total amount of unrecognized tax benefits including an adjustment due to an immaterial correction of an error related to a purchase price allocation adjustment of an acquisition that resulted in a reduction of goodwill and deferred tax liabilities of \$3.9 million. The Company expects a decrease in uncertain tax positions during the next 12 months to be \$1.1 million.

11. CONTINGENCIES

The Company reached a final settlement in a lawsuit, which was originally commenced in December 2001, against Naviant, Inc. (now known as BERJ, LLP) in the District Court for Douglas County, Nebraska for breach of a database license agreement. On July 12, 2007, the District Court entered an Amended Order of Judgment in the Company's favor in the amount of \$9.75 million, plus interest (the Order). On August 10, 2007, the Company and Naviant agreed not to pursue further appeals of the Order and agreed to settle this matter for approximately \$11.2 million, less attorney fees and costs. On August 16, 2007, pursuant to that agreement, the court distributed approximately \$9.9 million in net proceeds to the Company, which was recorded as revenue during the third quarter of 2007.

In February 2006, Cardinal Value Equity Partners, L.P., which beneficially owns 6.1% of our stock, filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against certain directors of the Company, and the Company. The lawsuit was filed as a derivative action on behalf of the Company and as a class action on behalf of Cardinal Value Equity Partners, L.P. and other stockholders. The lawsuit asserted claims for breach of fiduciary duty and sought an order requiring the Company to reinstate the special committee of directors. The special committee had been formed in June 2005 to consider a then-pending proposal by Vinod Gupta to acquire the shares of the Company not owned by him and was dissolved in August 2005 after Mr. Gupta withdrew that proposal. The lawsuit also sought an order awarding the Company and the class unspecified damages. In May 2006, Cardinal amended its complaint to add several new allegations and named two additional directors of the Company as defendants. The Company and the individual defendants filed a motion to dismiss the lawsuit. On October 17, 2006, the Court granted that motion and dismissed the lawsuit without prejudice. The Court's order permitted Cardinal to file an amended complaint within 60 days of the order. Cardinal subsequently filed a Third Amended Complaint, alleging derivative claims of breach of fiduciary duty and violations of Delaware law. In January 2007, the Court granted the defendants' motion to consolidate the action with a similar action filed by Dolphin Limited Partnership I, L.P. et al. as discussed in the following paragraph.

In October 2006, Dolphin Limited Partnership I, L.P., Dolphin Financial Partners, L.L.C. and Robert Bartow filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against the current directors of the Company, two former directors of the Company, and the Company as a nominal defendant. The lawsuit was filed as a derivative action on behalf of the Company. The lawsuit asserts claims for breach of fiduciary duty and misuse of corporate assets, and seeks an order rescinding or declaring void certain transactions between the Company and Vinod Gupta, requiring the defendants to reimburse the Company for alleged damages and expenses relating to such transactions, and directing the Company to amend its Stockholder Rights Plan to include Mr. Gupta, his family and affiliates. The lawsuit also seeks an order awarding the Company unspecified damages. In January 2007, the Court ordered the case consolidated with a similar lawsuit filed by Cardinal Value Equity Partners,

L.P. Pursuant to the consolidation order entered by the court, Dolphin and Cardinal have filed a consolidated complaint that essentially combines the claims that had been set forth in their respective individual complaints, described above. Defendants moved to dismiss that complaint, and the motion was granted in part and denied in part on August 13, 2007 (the court revised its opinion on August 20, 2007). The remaining claims are in the early stages of litigation and it is not yet possible to determine the ultimate outcome of this matter.

Table of Contents

We are subject to legal claims and assertions in the ordinary course of business. Although the outcomes of any other lawsuits and claims are uncertain, we do not believe that, individually or in the aggregate, any such lawsuits or claims will have a material effect on our business, financial conditions, results of operations or liquidity.

12. RELATED PARTY TRANSACTIONS

The Company has retained the law firm of Robins, Kaplan, Miller & Ciresi L.L.P. to provide certain legal services. Elliot Kaplan, a director of the Company, is a named partner and former Chairman of the Executive Board of Robins, Kaplan, Miller & Ciresi L.L.P. The Company paid a total of \$0.7 million and \$0.2 million to this law firm during the third quarter of 2007 and 2006, respectively. During the nine months ended September 30, 2007 and 2006, the Company paid a total of \$1.0 million and \$0.5 million to this law firm, respectively.

13. DEBT

On March 16, 2007, the Company amended its Senior Secured Credit Facility that was entered into on February 14, 2006. The amendment increased the Company's outstanding Term Loan B by \$75 million. Proceeds from this transaction were used to reduce amounts outstanding under the Company's revolving credit facility. The pricing, principal amortization and maturity date of the expanded Term Loan B remain unchanged from the existing terms. On May 16, 2007, the Company further amended its Senior Secured Credit Facility (as amended on March 16, 2007 and May 16, 2007, the Amended 2006 Credit Facility) in order to (1) allow the mortgage loan transactions between the Company and Suburban Capital Markets, Inc. (Suburban Capital), described in further detail immediately below, and (2) waive any default of the Amended 2006 Credit Facility which might otherwise occur by reason of such transactions.

At September 30, 2007, the term loan had a balance of \$172.7 million, bearing an average interest rate of 7.20%. The revolving line of credit had a balance of \$75.5 million, bearing an interest rate of 7.08%, and \$99.5 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the Amended 2006 Credit Facility.

On May 23, 2007, the Company entered into mortgage loan transactions with Suburban Capital. As part of the transactions, the Company transferred the titles to the Company's headquarters in Ralston, Nebraska, and its data compilation facility in Papillion, Nebraska, to newly formed limited liability companies, and these properties will serve as collateral for the transactions. The Company entered into long-term lease agreements with these subsidiaries for the continued and sole use of the properties. The Company also entered into guaranty agreements wherein it guarantees the payment and performance of various obligations as defined in the agreements including, under certain circumstances, the mortgage debt. In late July 2007, the loans were sold on the secondary market as part of a collateralized mortgage-backed securitization transaction. Midland Loan Services became the loan servicer for the mortgage loans, but terms of the notes and deeds of trust were otherwise unchanged by this transaction.

The loans have a term of ten years and were priced with a fixed coupon rate of 6.082%. Payments will be interest only for the first five years; for years six through ten, payments will be comprised of principal and interest based upon a thirty year amortization. Proceeds from this transaction were approximately \$41.1 million before fees and expenses. The proceeds were used to retire the existing debt for the Papillion and Ralston facilities of approximately \$12.8 million and the remaining net proceeds of \$26.7 million were used to reduce amounts outstanding under the Company's revolving credit facility.

14. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

In February 2007, the Company entered into a treasury lock agreement with a total notional amount of \$43.5 million related to the above mentioned ten-year fixed rate debt issuance that was closed May 23, 2007. The treasury lock agreement has been designated as a cash flow hedge as it hedges the fluctuations in Treasury rates between the execution date of the treasury lock and the issuance of the fixed rate debt.

Coincident with closing the mortgage transactions described above, the Company unwound the treasury lock agreement that it entered into previously to hedge fluctuations in treasury rates between the execution date of the treasury lock and the issuance of the mortgage debt described above. As a result of treasury rate movement, the Company received cash proceeds of \$0.7 million in settlement of the treasury lock. Substantially all of this amount will be deferred and amortized over the ten-year term of the mortgages as a reduction to interest expense. An ineffective portion of \$38,415 was recorded to interest expense on the settlement date since the actual principal

balance of the mortgage loans was \$41.1 million versus the notional amount of \$43.5 million under the treasury lock.

Table of Contents

The Company accounts for derivatives and hedging activities in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Certain Hedging Activities*, as amended, which requires entities to recognize all derivative instruments as either assets or liabilities in the balance sheet at their respective fair values. For derivatives designated as hedges, changes in the fair value are either offset against the change in fair value of the assets and liabilities through earnings, or recognized in accumulated other comprehensive income until the hedged item is recognized in earnings. As of September 30, 2007, \$0.6 million of deferred gains on derivative instruments was included in other comprehensive income.

The Company only enters into derivative contracts that it intends to designate as a hedge of a forecasted transaction or the variability of cash flows to be received or paid related to a recognized asset or liability (cash flow hedge). For all hedging relationships, the Company formally documents the hedging relationship and its risk-management objective and strategy for undertaking the hedge, the hedging instrument, the hedged item, the nature of the risk being hedged, how the hedging instrument's effectiveness in offsetting the hedged risk will be assessed prospectively and retrospectively, and a description of the method of measuring ineffectiveness. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting cash flows of hedged items. Changes in the fair value of a derivative that is highly effective and that is designated and qualifies as a cash-flow hedge are recorded in accumulated other comprehensive income to the extent that the derivative is effective as a hedge, until earnings are affected by the variability in cash flows of the designated hedged item. The ineffective portion of the change in fair value of a derivative instrument that qualifies as a cash-flow hedge is reported in earnings.

15. SUBSEQUENT EVENTS

Effective October 1, 2007, the Company acquired substantially all of the assets of SECO Financial, which will join our Data Group as a business that specializes in financial services industry marketing. The total purchase price was \$1.0 million. This acquisition will be accounted for under the purchase method of accounting, and accordingly, the operating results of SECO Financial will be included in the Company's financial statements going forward from the date of acquisition.

Effective October 1, 2007, the Company acquired substantially all of the assets of Northwest Research Group, which will join our Marketing Research Group. The total purchase price was \$1.6 million. This acquisition will be accounted for under the purchase method of accounting, and accordingly, the operating results of Northwest Research Group will be included in the Company's financial statements going forward from the date of acquisition.

ITEM 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

This discussion and analysis contains forward-looking statements, including without limitation statements in the discussion of comparative results of operations, accounting standards and liquidity and capital resources, within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act) and Section 27A of the Securities Act of 1933, as amended, which are subject to the safe harbor created by those sections. Our actual future results could differ materially from those projected in the forward-looking statements. Some factors which could cause future actual results to differ materially from our recent results or those projected in the forward-looking statements are described in Item 1A Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2006. We assume no obligation to update the forward-looking statements or such factors.

General

Overview

In 2007, we reorganized our segments both for operational and reporting purposes. In 2007, we are reporting results in three segments: the Data Group, the Services Group, and the Marketing Research Group. We believe that by organizing all of our businesses that sell proprietary content into a single segment, we will more effectively deploy sales and marketing resources. The reorganization is also creating better opportunities for cross selling proprietary databases under one brand name. The 2006 prior year financial information contained in this report has been revised to reflect the new segments.

Initiatives in the first nine months of 2007 included:

Continuing to migrate to subscription-based from one-time use customers of our Internet-based services Salesgenie.com, Salesgenie.com/Lite, SalesLeadsUSA.info, Credit.net, PolkCityDirectories.com and infoUSACiti.com. Key to this is our effort to replace revenue from declining traditional direct marketing products and services with our on-line Internet subscription services. Subscription services offer enhanced annual revenue per customer, assure greater multi-year revenue retention, and, most importantly, provide greater value to our customers by providing Internet access to our content and customer acquisition and retention software tools.

Continuing to capture more information from the websites of businesses, such as description, executive names, titles and hours of operation.

Expanding international business and executive databases by adding content for China and Australia.

Expanding Yesmail's presence, which is our e-mail technology Company.

Increasing investments in merchandising, advertising and branding. The advertising campaigns include email, print, television, radio, direct mail, and search word advertising, as well as the use of white glove client services. Most notable advertisements included three commercials that aired during the Super Bowl, on February 4, 2007, featuring Salesgenie.com.

Continuing the integration efforts of Opinion Research Corporation, acquired December 4, 2006, by facilitating a strategic cross-selling plan.

Developing a call center for the Marketing Research Group based in Papillion, Nebraska that we believe will significantly reduce its cost of services.

Completion of the acquisition of expresscopy.com, a national market leader in short-run customized direct mail pieces such as direct response post cards, mailers, brochures, newsletters, flyers and business cards.

Completion of the acquisitions of NWC Research in Australia and Guideline, Inc., which have expanded our international presence and have given us even more product offerings such as on-demand secondary research, market and competitive intelligence.

Table of Contents

Announcing the plan to compile a business database in the United Kingdom. The database will be sold to small and large customers in the form of customized list products, online access, subscription services, and license agreements to value added resellers.

Announcing the plan to complete photographs of all businesses in the United States. Currently we have photographs for 2.5 million businesses, and we will be adding an additional 3 million. The high quality photos have been very well received in the market and are being used by almost all of the major search engines. Announcing the acquisitions of SECO Financial and Northwest Research Group, which were closed effective October 1, 2007. SECO Financial will become a part of our Data Group with a focus in financial services industry marketing. Northwest Research Group will provide us with access to the market research industry in the western part of the United States. We also believe that it will help us enter the transportation marketing sector and enhance our customer satisfaction expertise by providing additional senior level support.

Sales & Marketing Strategy

We employ several media options to grow and increase our market share including direct mail, print, outbound telemarketing, online keyword search engines, banner advertising, television, radio and e-mail marketing. In the first nine months of 2007, we continued these traditional forms of advertising as well as national and local radio and television campaigns to further build our brand name and drive revenue for our flagship online subscription product, *Salesgenie.com*. With the launch of *Salesgenie.ca* in 2006, Canadian radio and television advertising were added to our print and direct mail advertising. We continued to advertise aggressively to promote our valuable brand, including television advertisements in the first nine months of 2007 that aired during the Super Bowl, the NCAA Final Four Basketball Tournament, the Indianapolis 500, the PGA Golf Championship, and during National Football League and college football games.

To monitor the success of our various marketing efforts, we have incorporated data gathering and tracking systems. These systems enable us to determine the type of advertising that best appeals to our target market so that we can invest future dollars in these programs and obtain a greater yield from our marketing. Additionally, through the use of our database tools, we are working to more efficiently determine the needs of our various client segments and tailor our services to their individual needs. With this system, we plan to strengthen relationships and support marketing campaigns to attract new clients.

Growth Strategy

Our growth strategy continues to have multiple components. Our primary growth strategy is to improve our organic growth. Key to this is our effort to replace revenue from declining traditional direct marketing products and services with our on-line internet subscription services. Subscription services offer enhanced annual revenue per customer, assure greater multi-year revenue retention, and, most importantly, provide greater value to our customers by providing Internet access to our content and customer acquisition and retention software tools. Delivery of information via the Internet is the preferred method by our customers. We are investing in Internet technology to develop subscription-based new customer development services for businesses and sales people.

We also intend to continue to grow through strategic acquisitions. We have grown through more than 30 strategic acquisitions in the last ten years. These acquisitions have enabled us to acquire the requisite critical mass to compete over the long term in the databases, direct marketing, e-mail marketing and market research industries. During 2006, we acquired Mokrynskidirect and Rubin Response Services, Inc., which both provide list brokerage and list management services, Digital Connexions Corp, which provides e-mail marketing services and Opinion Research Corporation. In 2007, we acquired Guideline, Inc. and NWC Research, which complement our existing services with market research services, and *expresscopy.com*, a provider of printing and mailing services that specializes in short-run customized direct mail pieces, allowing us to expand our existing data services. We will continue to use synergistic acquisitions to grow in the future.

We also are focusing on international growth opportunities. We are now upgrading our international business databases and expanding our own compilation efforts. In late 2005, we opened a database center in India. We have also partnered with hundreds of content providers around the world. Our comprehensive international database includes information on 1.1 million large public and private non-U.S. companies in approximately 170 countries.

There are over 8.6 million executives represented in our non-U.S. global database, which is constantly updated using 2,500 daily news sources to track changes like executive changes, mergers and acquisitions, and late breaking company news. We are also putting great emphasis on more comprehensive financial information and

Table of Contents

regulatory filings. Examples include SEC filings, annual reports, analyst and industry reports, and detailed corporate family structure. Additionally, the acquisition of NWC Research in July 2007, which is an Australia Company, will help us grow in the Asia-Pacific market.

As we continue to enhance our international databases, we are aggressively pursuing high growth, emerging markets in Asia-Pacific, Western Europe, Australia, and South America. Using London as our international headquarters, we have sales offices in Hong Kong, New Delhi, Sydney, Singapore, and are in the process of opening sales offices in Mexico and South America.

During the third quarter of 2007 we announced the plan to compile a business database in the United Kingdom. This database will contain information from a variety of publicly available sources. We also plan to conduct between 2 and 3 million telephone surveys every year to augment the file with a variety of proprietary information, including: trading address, name of the owner or manager, number of employees per location, web site address (URL), years established, and whether the business is a single location or part of a larger company. We plan to sell this database to small and large customers in the form of customized list products, online access, subscription services, and license agreements to value added resellers.

Table of Contents**RESULTS OF OPERATIONS**

The following table sets forth, for the periods indicated, selected financial information and other data. The amounts and related percentages may not be fully comparable due to acquisitions.

CONSOLIDATED STATEMENT OF OPERATIONS DATA:

Net sales

Edgar Filing: INFOUSA INC - Form 10-Q

Net sales for the quarter ended September 30, 2007 were \$185.0 million, an increase of 74% from \$106.4 million for the same period in 2006. Net sales for the nine months ended September 30, 2007 were \$502.9 million, an increase of 62% from \$309.8 million for the same period in 2006.

Net sales of the Data Group segment for the quarter ended September 30, 2007 were \$92.7 million, a 26% increase from \$73.4 million for the same period in 2006. Net sales for the nine months ended September 30, 2007 were \$248.9 million, an increase of 12% from \$222.6 million for the same period in 2006. The third quarter 2007 net sales of the Data Group included \$9.9 million received from the final settlement in a lawsuit, which was originally commenced in December 2001, against Naviant, Inc. (now known as BERJ, LLP) in the District Court for Douglas County, Nebraska for breach of a database license agreement. Additionally, the third quarter 2007 net sales of the Data Group included the results of expresscopy.com, acquired in June 2007. The remaining increase is principally due to the growth of the segment's subscription revenues, which includes Salesgenie.com, Salesgenie.com/Lite,

Table of Contents

SalesLeadsUSA.info and Credit.net. The Data Group segment provides our proprietary databases and database marketing solutions, and principally engages in the selling of sales lead generation and consumer DVD products to small- to medium-sized companies, small office and home office businesses and individual consumers. Customers purchase our information as custom lists or on a subscription basis primarily from the Internet. Sales of subscription-based products require us to recognize revenues over the subscription period instead of at the time of sale. This segment also includes the licensing of our databases to value added resellers.

Net sales of the Services Group segment for the quarter ended September 30, 2007 were \$36.0 million, a 9% increase from \$33.0 million for the same period in 2006. Net sales of the Services Group segment for the nine months ended September 30, 2007 were \$99.5 million, a 14% increase from \$87.1 million for the same period in 2006. The majority of the increase in the Services Group is related to the acquisitions of Digital Connexions Corp in October 2006 and Rubin Response Services, Inc. in November 2006, as well as growth in the Yesmail division as e-mail marketing is becoming a bigger part of corporate advertising. The Services Group segment provides e-mail marketing solutions, list brokerage and list management services and online interactive marketing services to large companies in the United States, Canada and globally.

Net sales of the newly acquired Marketing Research Group segment for the quarter ended September 30, 2007 were \$56.3 million. Net sales of the Marketing Research Group segment for the nine months ended September 30, 2007 were \$154.4 million. The Marketing Research Group segment provides diversified market research, which consists of the Opinion Research division, Macro International, Guideline, Inc. and NWC Research.

Cost of goods and services

Cost of goods and services for the quarter ended September 30, 2007 were \$71.6 million, or 39% of net sales, compared to \$26.5 million, or 25% of net sales, for the same period in 2006. Cost of goods and services for the nine months ended September 30, 2007 were \$198.7 million, or 40% of net sales, compared to \$78.7 million, or 25% of net sales, for the same period in 2006.

Cost of goods and services of the Data Group remained relatively level as a percentage of net sales for that segment. For the quarter ended September 30, 2007, cost of goods and services of the Data Group were \$22.6 million, or 24% of net sales for that segment, compared to \$18.3 million, or 25% of net sales for that segment, for the same period in 2006. For the nine months ended September 30, 2007, cost of goods and services of the Data Group were \$61.7 million, or 25% of net sales for that segment, compared to \$54.9 million, or 25% of net sales for that segment, for the same period in 2006.

Cost of goods and services of the Services Group for the quarter ended September 30, 2007 were \$8.2 million, or 23% of net sales for that segment, compared to \$7.3 million, or 22% of net sales for that segment, for the same period in 2006. Cost of goods and services of the Services Group for the nine months ended September 30, 2007 were \$24.0 million, or 24% of net sales for that segment, compared to \$21.4 million, or 25% of net sales for that segment, for the same period in 2006. The majority of the increase in the Services Group is related to an increase in costs associated with e-mail marketing due to the growth in the Yesmail division, which resulted in higher costs, while keeping the percentage of net sales for that segment relatively level.

Cost of goods and services of the Marketing Research Group for the quarter ended September 30, 2007 were \$39.9 million, or 71% of net sales for that segment. Cost of goods and services of the Marketing Research Group for the nine months ended September 30, 2007 were \$110.5 million, or 72% of net sales for that segment. These costs include subcontract labor costs, direct sales and labor costs and direct programming costs associated with providing the research services performed by the Marketing Research Group.

Cost of goods and services of Corporate Activities for the quarter ended September 30, 2007 were \$0.8 million, compared to \$0.9 million for the same period in 2006. Cost of goods and services of Corporate Activities for the nine months ended September 30, 2007 were \$2.6 million, compared to \$2.4 million for the same period in 2006. These costs relate to services to support the Company's network administration and help desk functions.

Selling, general and administrative expenses

Selling, general and administrative expenses for the quarter ended September 30, 2007 were \$71.4 million, or 38% of net sales, compared to \$54.1 million, or 51% of net sales for the same period in 2006. Selling, general and administrative expenses for the nine months ended September 30, 2007 were \$213.0 million, or 42% of net sales,

compared to \$166.5 million, or 54% of net sales, for the same period in 2006.

Table of Contents

Selling, general and administrative expenses of the Data Group for the quarter ended September 30, 2007 were \$34.5 million, or 37% of net sales for that segment, compared to \$33.5 million, or 46% of net sales for that segment, for the same period in 2006. Selling, general and administrative expenses of the Data Group for the nine months ended September 30, 2007 were \$111.1 million, or 45% of net sales for that segment, compared to \$107.2 million, or 48% of net sales for that segment, for the same period in 2006. During the third quarter of 2007, we recorded an immaterial correction of an error to decrease the liability related to direct mail expenses of \$1.5 million related to 2005 and 2006 because the amounts were no longer owed. This decrease to direct mail expense was offset by an increase in advertising related to television advertisements that aired during the third quarter including advertisements during the U.S. Open Tennis Championship and National Football League and college football games. The majority of the increase year to date, is the result of \$4.6 million in costs associated with the television advertisements that aired during the Super Bowl in February 2007, as well as television advertisements that aired during other sporting events, and costs related to the restructuring of *infoUSA* National Accounts. See Note 7 to Notes to Consolidated Financial Statements for further detail regarding the restructuring of *infoUSA* National Accounts.

Selling, general and administrative expenses of the Services Group for the quarter ended September 30, 2007 were \$15.0 million, or 42% of net sales for that segment, compared to \$14.7 million, or 45% of net sales for that segment, for the same period in 2006. Selling, general and administrative expenses of the Services Group for the nine months ended September 30, 2007 were \$45.4 million, or 46% of net sales for that segment, compared to \$41.5 million, or 48% of net sales for that segment, for the same period in 2006. The majority of the increase in the Services Group is related to the acquisitions of Digital Connexions Corp in October 2006 and Rubin Response Services, Inc. in November 2006, as well as an increase in costs associated with e-mail marketing due to the growth in the Yesmail division, which resulted in higher costs, but a lower percentage of net sales for that segment.

Selling, general and administrative expenses of the Marketing Research Group for the quarter ended September 30, 2007 were \$11.4 million, or 20% of net sales for that segment. Selling, general and administrative expenses of the Marketing Research Group for the nine months ended September 30, 2007 were \$29.9 million, or 19% of net sales for that segment.

Selling, general and administrative expenses of Corporate Activities for the quarter ended September 30, 2007 were \$10.4 million, compared to \$5.9 million for the same period in 2006. Selling, general and administrative expenses of Corporate Activities for the nine months ended September 30, 2007 were \$26.6 million, compared to \$17.8 million for the same period in 2006. This includes selling, general and administrative costs that cannot be directly attributed to the revenue producing segments. The majority of the increase is related to an increase in headcount for our corporate headquarters, accounting and finance, legal and administration groups as required to support our recent acquisitions, including our acquisition of Opinion Research in December of 2006. Additionally, we incurred an increase in professional fees and business development expenses.

The Company adopted SFAS 123R in January 2006, which requires measurement of compensation cost for all share-based payment awards at fair value on the date of grant and recognition of compensation over the service period for awards expected to vest. The adoption of SFAS 123R resulted in a charge of \$0.2 million for the quarter ended September 30, 2007, compared to \$0.3 million for the same period in the prior year. Stock compensation expense for the nine months ended September 30, 2007 was \$0.6 million, compared to \$0.9 million for the same period in the prior year. See Note 6 to Notes to Consolidated Financial Statements for further detail regarding accounting of this accounting standard.

Depreciation expense

Depreciation expense for the quarter ended September 30, 2007 totaled \$5.7 million, or 3% of net sales, compared to \$3.5 million, or 3% of net sales for the same period in 2006. Depreciation expense for the nine months ended September 30, 2007 totaled \$15.6 million, or 3% of net sales, compared to \$10.1 million, or 3% of net sales, for the same period in 2006.

Depreciation expense of the Data Group for the quarter ended September 30, 2007 was \$2.4 million, or 3% of net sales for that segment, compared to \$1.9 million, or 3% of net sales for that segment, for the same period in 2006. Depreciation expense of the Data Group for the nine months ended September 30, 2007 was \$7.1 million, or 3% of net sales for that segment, compared to \$6.0 million, or 3% of net sales for that segment, for the same period in 2006. The

increase in depreciation expense is attributed to additional hardware purchases associated with our disaster recovery plan, as well as equipment purchased to support the additional requirements from the increase in the demand of our subscription business.

Depreciation expense of the Services Group for the quarter ended September 30, 2007 was \$1.2 million, or 3% of net sales for that segment, compared to \$0.8 million, or 2% of net sales for that segment, for the same period in 2006. Depreciation expense of the

Table of Contents

Services Group for the nine months ended September 30, 2007 was \$3.3 million, or 3% of net sales for that segment, compared to \$2.0 million, or 2% of net sales for that segment, for the same period in 2006. The increase in depreciation expense for the Services Group is due to the addition of fixed assets from the acquisitions of Digital Connexions Corp and Rubin Response Services, Inc., as well depreciation expense for additional hardware, which was purchased to support our Yesmail e-mail technology platform.

Depreciation expense of the Marketing Research Group for the quarter ended September 30, 2007 was \$1.1 million, or 2% of net sales for that segment. Depreciation expense of the Marketing Research Group for the nine months ended September 30, 2007 was \$2.9 million, or 2% of net sales for that segment. This includes depreciation expense for the fixed assets from the acquisition of Opinion Research Corporation, Guideline, Inc. and NWC Research.

Depreciation expense of Corporate Activities for the quarter ended September 30, 2007 was \$1.0 million, compared to \$0.9 million for the same period in 2006. Depreciation expense of Corporate Activities for the nine months ended September 30, 2007 was \$2.3 million, compared to \$2.0 million for the same period in 2006.

Amortization expense

Amortization expense for the quarter ended September 30, 2007 totaled \$5.0 million, or 3% of net sales, compared to \$2.3 million, or 2% of net sales, for the same period in 2006. Amortization expense for the nine months ended September 30, 2007 totaled \$13.4 million, or 3% of net sales, compared to \$11.5 million, or 4% of net sales, for the same period in 2006.

Amortization expense of the Data Group for the quarter ended September 30, 2007 was \$1.8 million, or 2% of net sales for that segment, compared to \$2.0 million, or 3% of net sales for that segment, for the same period in 2006. Amortization expense of the Data Group for the nine months ended September 30, 2007 was \$5.6 million, or 2% of net sales for that segment, compared to \$10.5 million, or 5% of net sales for that segment, for the same period in 2006. The decrease in amortization expense for the Data Group is due to certain identifiable intangible assets from the Donnelley Marketing, OneSource, Database America and ProCD acquisitions becoming fully amortized since June 2006.

Amortization expense of the Services Group for the quarter ended September 30, 2007 was \$1.5 million, or 4% of net sales for that segment, compared to \$0.3 million, or 1% of net sales for that segment, for the same period in 2006. Amortization expense of the Services Group for the nine months ended September 30, 2007 was \$3.1 million, or 3% of net sales for that segment, compared to \$1.1 million, or 1% of net sales for that segment, for the same period in 2006. The increase in amortization expense for the Services Group is due to the addition of identifiable intangible assets from the acquisitions of Mokrynskidirect, Digital Connexions Corp and Rubin Response Services, Inc.

Amortization expense of the Marketing Research Group for the quarter ended September 30, 2007 was \$1.6 million, or 3% of net sales for that segment. Amortization expense of the Marketing Research Group for the nine months ended September 30, 2007 was \$4.7 million, or 3% of net sales for that segment. This includes amortization expense for the identifiable intangible assets from the acquisitions of Opinion Research Corporation, Guideline, Inc. and NWC Research.

Operating income

As a result of the factors previously described, the Company had operating income of \$31.4 million, or 17% of net sales, during the quarter ended September 30, 2007, compared to operating income of \$20.0 million, or 19% of net sales, for the same period in 2006. The Company had operating income of \$62.3 million, or 12% of net sales, during the nine months ended September 30, 2007, compared to operating income of \$43.0 million, or 14% of net sales, for the same period in 2006.

Operating income for the Data Group segment for the quarter ended September 30, 2007 was \$31.4 million, or 34% of net sales for the segment, as compared to \$17.7 million, or 24% of net sales for the segment, for the same period in 2006. Operating income for the Data Group segment for the nine months ended September 30, 2007 was \$63.4 million, or 25% of net sales for the segment, as compared to \$44.1 million, or 20% of net sales for the segment, for the same period in 2006. Operating income for the Data Group segment for both the quarter and the nine months ended September 30, 2007 included \$9.2 million, which is net of related expenses, from the Naviant lawsuit settlement.

Operating income for the Services Group segment for the quarter ended September 30, 2007 was \$10.0 million, or 28% of net sales for the segment, as compared to \$9.9 million, or 30% of net sales for the segment, for the same period in 2006. Operating income for the Services Group segment for the nine months ended September 30, 2007 was \$23.8 million, or 24% of net sales for the segment,

Table of Contents

as compared to \$21.1 million, or 24% of net sales for the segment, for the same period in 2006.

Operating income for the Marketing Research Group segment for the quarter ended September 30, 2007 was \$2.3 million, or 4% of net sales for the segment. Operating income for the Marketing Research Group segment for the nine months ended September 30, 2007 was \$6.5 million, or 4% of net sales for the segment.

Operating loss for Corporate Activities for the quarter ended September 30, 2007 was \$12.2 million, compared to \$7.6 million for the same period in 2006. Operating loss for Corporate Activities for the nine months ended September 30, 2007 was \$31.5 million, compared to \$22.2 million for the same period in 2006.

Other expense, net

Other expense, net was \$(4.7) million, or 3% of net sales, and \$(2.6) million, or 2% of net sales, for the quarters ended September 30, 2007 and 2006, respectively. Other expense, net was \$(15.2) million, or 3% of net sales, and \$(8.1) million, or 3% of net sales, for the nine months ended September 30, 2007 and 2006, respectively. Other expense, net is comprised of interest expense, investment income and other income or expense items, which do not represent components of operating expense of the Company. The majority of the other expense, net was for interest expense, which was \$5.6 million and \$2.9 million for the quarters ended September 30, 2007 and 2006, respectively, and \$15.8 million and \$8.3 million for the nine months ended September 30, 2007 and 2006, respectively. The increase in interest expense is due to the increase in debt in December 2006 to fund the acquisition of Opinion Research Corporation for \$131.5 million, and the increase in debt in August 2007 to fund the Guideline, Inc. acquisition for which we borrowed \$28.0 million.

Income taxes

A provision for income taxes of \$9.7 million and \$6.3 million was recorded during the quarters ended September 30, 2007 and 2006, respectively. A provision for income taxes of \$17.4 million and \$12.5 million was recorded during the nine months ended September 30, 2007 and 2006, respectively. The effective income tax rate used for the nine months ended September 30, 2007 was 37%, compared to 36% for the nine months ended September 30, 2006.

Liquidity and Capital Resources*Overview*

On March 16, 2007, the Company amended its Senior Secured Credit Facility that was entered into on February 14, 2006. The amendment increased the Company's outstanding Term Loan B by \$75 million. Proceeds from this transaction were used to reduce amounts outstanding under the Company's revolving credit facility. The pricing, principal amortization and maturity date of the expanded Term Loan B remain unchanged from the existing terms. As previously reported, on May 16, 2007, the Company further amended its Senior Secured Credit Facility (as amended on March 16, 2007 and May 16, 2007, the Amended 2006 Credit Facility) in order to (1) allow the mortgage loan transactions between the Company and Suburban Capital and (2) waive any default of the Amended 2006 Credit Facility which might otherwise occur by reason of such transactions.

At September 30, 2007, the term loan had a balance of \$172.7 million, bearing an average interest rate of 7.20%. The revolving line of credit had a balance of \$75.5 million, bearing an interest rate of 7.08%, and \$99.5 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the Amended 2006 Credit Facility.

The Amended 2006 Credit Facility provides for grid-based interest pricing based upon our consolidated total leverage ratio. Interest rates for use of the revolving line of credit range from base rate plus 0.25% to 1.00% for base rate loans and LIBOR plus 1.25% to 2.00% for Eurodollar rate loans. Interest rates for the term loan range from base rate plus 0.75% to 1.00% for base rate loans and LIBOR plus 1.75% to 2.00% for Eurodollar rate loans. Subject to certain limitations set forth in the credit agreement, we may designate borrowings under the Amended 2006 Credit Facility as base rate loans or Eurodollar loans.

We are subject to certain financial covenants in the Amended 2006 Credit Facility, including a minimum consolidated fixed charge coverage ratio, maximum consolidated total leverage ratio and minimum consolidated net worth. The fixed charge coverage ratio and leverage ratio financial covenants are based on EBITDA (earnings before interest expense, income taxes, depreciation and amortization), as adjusted, providing for adjustments to EBITDA for certain agreed upon items including non-operating gains

Table of Contents

(losses), other charges (gains), asset impairments, non-cash stock compensation expense and other items specified in the Amended 2006 Credit Facility. We were in compliance with all restrictive covenants of the Amended 2006 Credit Facility as of September 30, 2007.

The Amended 2006 Credit Facility provides that we may pay cash dividends on our common stock or repurchase shares of our common stock provided that (a) before and after giving effect to such dividend or repurchase, no event of default exists or would exist under the credit agreement, (b) before and after giving effect to such dividend or repurchase, our consolidated total leverage ratio is not more than 2.75 to 1.0, and (c) the aggregate amount of all cash dividends and stock repurchases during any loan year does not exceed \$20 million, except that there is no cap on the amount of cash dividends or stock repurchases so long as, after giving effect to the dividend or repurchase our consolidated total leverage ratio is not more than 2.00 to 1.0.

On May 23, 2007, the Company entered into mortgage loan transactions with Suburban Capital. As part of the transactions, the Company transferred the titles to the Company's headquarters in Ralston, Nebraska, and its data compilation facility in Papillion, Nebraska, to newly formed limited liability companies, and these properties will serve as collateral for the transactions. The Company entered into long-term lease agreements with these subsidiaries for the continued and sole use of the properties. We also entered into guaranty agreements wherein we guarantee the payment and performance of various obligations as defined in the agreements including, under certain circumstances, the mortgage debt. In late July 2007, the loans were sold on the secondary market as part of a collateralized mortgage-backed securitization transaction. Midland Loan Services became the loan servicer for the mortgage loans, but terms of the notes and deeds of trust were otherwise unchanged by this transaction.

The loans have a term of ten years and were priced with a fixed coupon rate of 6.082%. Payments will be interest only for the first five years; for years six through ten, payments will be comprised of principal and interest based upon a thirty year amortization. Proceeds from this transaction were approximately \$41.1 million before fees and expenses. The proceeds were used to retire the existing debt for the Papillion and Ralston facilities of approximately \$12.8 million and the remaining net proceeds of \$26.7 million were used to reduce amounts outstanding under the Company's revolving credit facility.

Coincident with closing the mortgage transactions, the Company unwound the treasury lock agreement that it entered into previously to hedge fluctuations in treasury rates between the execution date of the treasury lock and the issuance of the mortgage debt described above. As a result of treasury rate movement, the Company received cash proceeds of \$0.7 million in settlement of the treasury lock. Substantially all of this amount will be deferred and amortized over the ten-year term of the mortgages as a reduction to interest expense. An ineffective portion of \$38,415 was recorded to interest expense on the settlement date since the actual principal balance of the mortgage loans was \$41.1 million versus the notional amount of \$43.5 million under the treasury lock.

As of September 30, 2007, we had a working capital deficit of \$31.0 million. We believe that our existing sources of liquidity and cash generated from operations will satisfy our projected working capital, debt repayments and other cash requirements for at least the next 12 months. Acquisitions of other technologies, products or companies, or internal product development efforts may require us to obtain additional equity or debt financing, which may not be available or may be dilutive.

Selected Consolidated Statements of Cash Flows Information

Net cash provided by operating activities during the nine months ended September 30, 2007 totaled \$55.0 million compared to \$36.4 million for the same period in 2006.

Net cash used in investing activities during the nine months ended September 30, 2007 totaled \$69.7 million, compared to \$22.9 million for the same period in 2006. The current period outflow was mainly attributed to our spending of \$13.5 million for additions of property and equipment, which included facility expansions and remodeling, and \$3.8 million for software and database development costs. Additionally, we paid \$54.1 million for business acquisitions, which included \$38.8 million for Guideline, Inc. in August 2007, \$7.6 million for NWC Research in July 2007 and \$8.0 million for expresscopy.com in June 2007.

Net cash provided by financing activities during the nine months ended September 30, 2007 totaled \$18.6 million, compared to net cash used of \$10.0 million for the same period in 2006. The dividend payments, totaling \$19.4 million, were paid on March 5, 2007, to shareholders of record as of the close of business on February 16, 2007.

Total proceeds received from long-term debt during the nine months ended September 30, 2007 were \$181.7 million. Of these proceeds, \$75.0 million was received as a result of the amendment to our Senior Secured Credit Facility on March 16, 2007. We further used these proceeds to reduce amounts outstanding under our revolving credit facility by \$75.0 million. Additionally, proceeds from the Papillion and Ralston mortgage transactions were approximately \$41.1 million before fees and expenses. These proceeds were used to retire the existing debt for the Papillion and

Table of Contents

Ralston facilities of approximately \$12.8 million and the remaining proceeds of \$26.7 million were used to reduce amounts outstanding under the Company's revolving credit facility. Additionally, in August 2007 proceeds were received of \$28.0 million to fund the Guideline, Inc. acquisition.

Selected Consolidated Balance Sheet Information

Trade accounts receivable decreased to \$65.1 million at September 30, 2007 from \$76.6 million at December 31, 2006. The decrease is the result of collections of invoices that were invoiced in the fourth quarter of 2006 for several of our contractual customers. Additionally, the days sales outstanding (DSO) ratio for the nine months ended September 30, 2007 was 33 days compared to 38 days for the same period in 2006.

Unbilled services increased to \$28.4 million at September 30, 2007 from \$20.8 million at December 31, 2006. The increase was the result of an increase in services provided within the Macro International division in the Marketing Research Segment, as well as the services related to Guideline, Inc.

Other accounts receivable of \$1.8 million at September 30, 2007 relates to the merger of one of our non-marketable securities with another company, effective in the third quarter but with the resulting cash being received in the fourth quarter.

Goodwill increased to \$418.1 million at September 30, 2007 from \$381.7 million at December 31, 2006. The increase was the result of the preliminary allocation of goodwill recorded for the acquisitions of expresscopy.com in June 2007, NWC Research in July 2007 and Guideline, Inc. in August 2007.

Property and equipment, net increased to \$68.7 million at September 30, 2007 from \$61.2 million at December 31, 2006. The increase was primarily the result of the addition of property and equipment acquired with the Guideline, Inc. acquisition, facility expansions and remodeling, as well as hardware purchased to ensure we had sufficient resources available following the Super Bowl commercials that aired in February 2007. Additional hardware was also purchased to support our Yesmail e-mail technology platform.

List brokerage trade accounts payable decreased to \$54.6 million at September 30, 2007 from \$62.0 million at December 31, 2006, and the related list brokerage trade accounts receivable decreased to \$65.0 million at September 30, 2007 from \$68.4 million at December 31, 2006. These decreases were the result of an overall decrease in the list brokerage billings due to a decline in revenues associated with the decrease in the traditional direct mail industry as the direct marketing industry transitions to interactive, online advertising and e-mail marketing.

Accrued expenses increased to \$18.6 million at September 30, 2007 from \$12.1 million at December 31, 2006. This increase was a result of the restructuring charges recorded during the quarter for the restructuring of the *infoUSA* National Accounts division, severance and other restructuring related costs recorded within the Marketing Research Group segment, which was related to the acquisition of Opinion Research Corporation and Guideline, Inc., as well as other accrued expenses assumed with the Guideline, Inc. acquisition.

Income taxes payable increased to \$8.3 million at September 30, 2007 from \$4.7 million at December 31, 2006. This increase was a result of recording the 2007 federal income tax provision for the first nine months of 2007, offset by the payment of 2006 federal income taxes.

Deferred revenue decreased to \$65.8 million at September 30, 2007 from \$77.9 million at December 31, 2006. This decrease was a result of revenue being recognized from fourth quarter 2006 invoices for various customers within the Data Group segment during the first nine months of 2007.

Our long-term debt increased to \$295.9 million at September 30, 2007 from \$255.3 million at December 31, 2006 due to borrowings under the credit facility to fund acquisitions during the first nine months of 2007.

Other liabilities increased to \$8.0 million at September 30, 2007 from \$2.2 million at December 31, 2006. This increase was a result of \$7.7 million in unrecognized tax benefits reclassified from deferred income taxes in accordance with FIN 48 during the first quarter which was reduced in the third quarter by \$3.9 million due an immaterial correction of an error related to a purchase price allocation adjustment of an acquisition.

Table of Contents

Receivable from officer of \$5.1 million and the related increase in paid-in capital resulted from the Company's CEO exercising stock options for 600,000 shares of our common stock effective on September 28, 2007, with the cash for the exercise price being deposited in the Company's account on the following business day on October 1, 2007.

Off-Balance Sheet Arrangements

Other than rents associated with facility leasing arrangements, the Company does not engage in off-balance sheet financing activities.

Accounting Standards

In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* an interpretation of FASB Statement No. 109 (FIN 48). FIN 48 is an interpretation of FASB Statement No. 109, *Accounting for Income Taxes*, and it seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. In addition, FIN 48 provides guidance on derecognition, classification, interest and penalties, and accounting in interim periods and requires expanded disclosure with respect to the uncertainty in income taxes. FIN 48 was effective as of the beginning of our 2007 fiscal year. The cumulative effect, if any, of applying FIN 48 is to be reported as an adjustment to the opening balance of retained earnings in the year of adoption. Adoption on January 1, 2007 did not have a material effect on our consolidated financial condition or results of operation. See Note 10 to Notes to Consolidated Financial Statements for further detail regarding the adoption of this accounting standard.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value and requires enhanced disclosures about fair value measurements. SFAS 157 requires companies to disclose the fair value of their financial instruments according to a fair value hierarchy as defined in the standard. Additionally, companies are required to provide enhanced disclosure regarding financial instruments in one of the categories (level 3), including a reconciliation of the beginning and ending balances separately for each major category of assets and liabilities. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We believe that the adoption of SFAS 157 will not have a material impact on our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115* (SFAS 159). SFAS 159 permits entities to elect to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS 159 is effective for fiscal years beginning after November 15, 2007. We are currently assessing the impact of SFAS 159 on our consolidated financial statements.

Inflation

We do not believe that the rate of inflation has had a material effect on our operating results. However, inflation could adversely affect our future operating results if it were to result in a substantial weakening economic condition.

Table of Contents

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have identified interest rate risk as our primary market risk exposure. We are exposed to significant future earnings and cash flow exposures from significant changes in interest rates as nearly all of our debt is at variable rates. If necessary, we could refinance our debt to fixed rates or utilize interest rate protection agreements to manage interest rate risk. For example, each 100 basis point increase (decrease) in the interest rate would cause an annual increase (decrease) in interest expense of approximately \$2.5 million. At September 30, 2007, the fair value of our long-term debt is based on quoted market prices at the reporting date or is estimated by discounting the future cash flows of each instrument at rates currently offered to us for similar debt instruments of comparable maturities. At September 30, 2007, we had long-term debt with a carrying value of \$301.2 million and estimated fair value of approximately the same amount. We have no significant operations subject to risks of foreign currency fluctuations. See Note 14 to Notes to Consolidated Financial Statements for information regarding the Company's accounting for derivative instruments and hedging activities entered into during the nine months ended September 30, 2007.

ITEM 4.

CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Exchange Act as of the end of the fiscal quarter ended September 30, 2007. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that as of September 30, 2007 the Company's disclosure controls and procedures are effective.

(b) Changes in internal control over financial reporting

During the quarter ended September 30, 2007, there were no changes in the Company's internal control over financial reporting that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

Table of ContentsPART II
OTHER INFORMATION

ITEM 1.

LEGAL PROCEEDINGS

We reached a final settlement in a lawsuit, which was originally commenced in December 2001, against Naviant, Inc. (now known as BERJ, LLP) in the District Court for Douglas County, Nebraska for breach of a database license agreement. On July 12, 2007, the District Court entered an Amended Order of Judgment in our favor in the amount of \$9.75 million, plus interest (the Order). On August 10, 2007, we and Naviant agreed not to pursue further appeals of the Order and agreed to settle this matter for approximately \$11.2 million, less attorney fees and costs. On August 16, 2007, pursuant to that agreement, the court distributed approximately \$9.9 million in net proceeds to us, which was recorded in revenue during the third quarter of 2007.

In February 2006, Cardinal Value Equity Partners, L.P., which beneficially owns 6.1% of our stock, filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against certain directors of the Company, and the Company. The lawsuit was filed as a derivative action on behalf of the Company and as a class action on behalf of Cardinal Value Equity Partners, L.P. and other stockholders. The lawsuit asserted claims for breach of fiduciary duty and sought an order requiring the Company to reinstate the special committee of directors. The special committee had been formed in June 2005 to consider a then-pending proposal by Vinod Gupta to acquire the shares of the Company not owned by him and was dissolved in August 2005 after Mr. Gupta withdrew that proposal. The lawsuit also sought an order awarding the Company and the class unspecified damages. In May 2006, Cardinal amended its complaint to add several new allegations and named two additional directors of the Company as defendants. The Company and the individual defendants filed a motion to dismiss the lawsuit. On October 17, 2006, the Court granted that motion and dismissed the lawsuit without prejudice. The Court's order permitted Cardinal to file an amended complaint within 60 days of the order. Cardinal subsequently filed a Third Amended Complaint, alleging derivative claims of breach of fiduciary duty and violations of Delaware law. In January 2007, the Court granted the defendants' motion to consolidate the action with a similar action filed by Dolphin Limited Partnership I, L.P. et al. as discussed in the following paragraph.

In October 2006, Dolphin Limited Partnership I, L.P., Dolphin Financial Partners, L.L.C. and Robert Bartow filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against the current directors of the Company, two former directors of the Company, and the Company as a nominal defendant. The lawsuit was filed as a derivative action on behalf of the Company. The lawsuit asserts claims for breach of fiduciary duty and misuse of corporate assets, and seeks an order rescinding or declaring void certain transactions between the Company and Vinod Gupta, requiring the defendants to reimburse the Company for alleged damages and expenses relating to such transactions, and directing the Company to amend its Stockholder Rights Plan to include Mr. Gupta, his family and affiliates. The lawsuit also seeks an order awarding the Company unspecified damages. In January 2007, the Court ordered the case consolidated with a similar lawsuit filed by Cardinal Value Equity Partners, L.P. Pursuant to the consolidation order entered by the court, Dolphin and Cardinal have filed a consolidated complaint that essentially combines the claims that had been set forth in their respective individual complaints, described above. Defendants moved to dismiss that complaint, and the motion was granted in part and denied in part on August 13, 2007 (the court revised its opinion on August 20, 2007). The remaining claims are in the early stages of litigation and it is not yet possible to determine the ultimate outcome of this matter.

We are subject to legal claims and assertions in the ordinary course of business. Although the outcomes of any other lawsuits and claims are uncertain, we do not believe that, individually or in the aggregate, any such lawsuits or claims will have a material effect on our business, financial conditions, results of operations or liquidity.
