PARK CITY GROUP ANNOUNCES FISCAL 2006 SECOND QUARTER RESULTS

- o REVENUES INCREASE 18%
- o ASP REVENUES INCREASE 145%
- o OPERATING EXPENSES DECLINE 34.5%

PARK CITY, Utah--February 6, 2006--Park City Group, Inc. (OTCBB:PKCY), a leading provider of software and consulting services for the retail industry, today announced financial results for its 2006 fiscal year second quarter. The company reported revenues for the quarter of \$1,113,656, an 18% increase compared to \$941,062 in the second quarter of the 2005 fiscal year, and a net income loss for the three month period of \$354,763 compared to a loss of \$1,000,602 in last year's same period. Chairman and CEO, Randy Fields commented, "We are extremely pleased with our second quarter results. This performance reflects the continued execution of our strategy to increase revenues on an annual basis while keeping a tight rein on our expenses."

Additional highlights of the Second Quarter include:

- o Software license revenues were \$230,574 for the second quarter, a 63% increase from the \$141,692 for the prior year period.
- o ASP revenues increased 145% to \$50,250 in the second quarter from \$20,550 in the prior year period.
- o Consulting and other revenue was \$226,521 and \$120,231 for the quarters ended December 31, 2005 and 2004, respectively.

Mr. Fields added, "We continue to gain traction in all our target areas. Software license revenue continues to grow as existing customers add to their usage. These additional sales also translate into increasing consulting revenues as customers partner with us to leverage our extensive industry experience."

Additionally, we are seeing strong interest for ASP services, which contribute to our own efforts to create a more normalized and predictable revenue stream. We still have much to do in that aspect, but with a 145% increase in ASP revenues, we are encouraged."

For the six month period ending December 31, 2005, total revenues increased 149% to \$4,812,521 from the \$1,930,739 for the same period of 2004. Software license revenues increased 842% to \$2,861,027 from the \$303,855 reported in the prior year. Net income for the six-month period totaled \$1,810,052 compared to a loss of \$1,445,221 for the prior year period

This is an exciting time for our company," Fields continued. "The market place is looking for solutions to the demand for fresh food while maximizing operational efficiencies. Hardly a week passes without a significant story in the financial press that focuses on the growing importance of fresh food,

produce and perishables to the grocery business, and Park City Group is uniquely situated to meet this demand. We have already booked more business in the first half of this fiscal year than we did in all of last fiscal year and we look forward to a strong second half of the fiscal year as well."

About Park City Group

Park City Group, Inc. develops and markets patented computer software that helps its retail customers to increase their sales while reducing their inventory and labor costs: the two largest, controllable expenses in the retail industry. The technology has its genesis in the operations of Mrs. Fields Cookies, co-founded by Randy Fields, CEO of Park City Group, Inc. Industry leading customers such as The Home Depot, Victoria's Secret, The Limited, Anheuser Busch Entertainment and Tesco Lotus benefit from our software.
