PROXY STATEMENT

2013 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 9, 2013

THE MEETING

Purpose, Date, Time and Place

This proxy statement (this “Proxy Statement”) is being provided in connection with the 2013 Annual Meeting of Shareholders (the “Annual Meeting”) of Pixelworks, Inc. (“Pixelworks” or the “Company”), an Oregon corporation, or any postponement or adjournment of that meeting. The related proxy is solicited on behalf of the Board of Directors (the “Board”) of the Company. These proxy materials were first sent to shareholders on or about April 10, 2013.

The Annual Meeting will be held at 10:00 a.m. Pacific Daylight Time, on May 9, 2013, at our offices at 224 Airport Parkway, Suite 400, San Jose, California 95110, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

Record Date

Shareholders of Pixelworks common stock at the close of business on March 15, 2013, the record date established by the Board, will be entitled to receive notice of, attend and vote at the Annual Meeting. On the record date, there were approximately 72 registered shareholders of record and a substantially greater number of beneficial owners because a significant portion of our outstanding common stock is held in broker “street name.” On the record date there were 18,454,540 shares of common stock outstanding and each share of common stock is entitled to one vote on each matter.

Voting

Shares Registered in Your Name

You may vote shares registered in your name in person at the Annual Meeting, or by proxy by using the enclosed proxy card, over the telephone or on the Internet. Whether or not you plan to attend the Annual Meeting, we urge you to vote to ensure your vote is counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the 1. envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

2. To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote over the telephone, dial toll-free (800) 690-6903 using a touch-tone phone and follow the recorded 3. instructions. You will be asked to provide the control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Daylight Time on May 8, 2013 to be counted.

To vote on the Internet, go to [www.proxyvote.com](http://www.proxyvote.com) to complete an electronic proxy card. You will be asked to 4. provide the control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Daylight Time on May 8, 2013 to be counted.

## Table of Contents

If shares are registered in your name and you execute a proxy but either (i) indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board or (ii) sign and return a proxy card without providing specific voting instructions, the shares will be voted:

1. “FOR” each of the nominees for Director listed in this Proxy Statement;
2. “FOR” approval of the amendment to the 2006 Stock Incentive Plan;
3. “FOR” the ratification of KPMG LLP as Pixelworks’ independent registered public accounting firm for the year ended December 31, 2013;
4. “FOR” the proposal regarding an advisory vote on executive compensation; and
5. “3 YEARS” for the proposal regarding an advisory vote on the frequency of future advisory votes on executive compensation.

### Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker, bank or other agent. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a valid proxy.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent and you do not provide specific voting instructions to your broker, bank or other agent, under the rules of certain securities exchanges, including the NASDAQ Marketplace Rules, the broker, bank or other agent holding those shares may generally vote as the nominee determines in its discretion on behalf of the beneficial owner on routine matters, but cannot vote on non-routine matters, the latter of which results in “broker non-votes.” We understand that, under NASDAQ Marketplace Rules, proposals one two, four and five involve non-routine matters, and accordingly, broker non-votes are expected. No broker non-votes are expected for proposal three as it involves matters we believe to be routine. See “Effect of Abstentions and Broker Non-Votes,” below.

### Revocability of Proxy

You can revoke your proxy at any time before the final vote at the Annual Meeting. You may revoke your proxy in any one of three ways:

1. A duly executed proxy card with a later date or time than the previously submitted proxy;
2. A written notice that you are revoking your proxy sent to our Secretary, care of Pixelworks, Inc., 224 Airport Parkway, Ste. 400, San Jose, CA 95110; or
3. A later-dated vote by telephone or Internet or a ballot cast in person at the Annual Meeting (simply attending the Meeting will not, by itself, revoke your proxy).

### Quorum

A quorum is required for the shareholders to conduct business at the Annual Meeting. The presence, in person or by proxy, of a majority of the total number of outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Abstentions, broker non-votes and other proxies received but not marked, if any, will be included in the calculation of the number of shares considered to be present at the Annual Meeting for quorum purposes.

### Votes Required to Adopt Proposals

Each outstanding share of our common stock on the record date is entitled to one vote on each of the three Director nominees and one vote on each other matter. Our Directors are elected by a plurality of the votes cast by the shares entitled to vote in the matter. Approval of other matters requires that the majority of the votes cast “for” the matter exceed the number of votes cast “against” the matter.

The Company has entered into an agreement with Becker Drapkin Management L.P. and affiliated entities (“Becker Drapkin”), a 13D shareholder group, whereby, Becker Drapkin has agreed to vote in favor of the Board’s nominations for Director nominees.

Table of Contents

Effect of Abstentions and Broker Non-Votes

Abstentions, broker non-votes and shares not present at the meeting are counted for purposes of determining whether a quorum exists at the Annual Meeting, but have no effect on the results of voting. If you are a beneficial holder and do not provide specific voting instructions to your broker, bank or other agent, the organization that holds your shares will not be authorized to vote on the election of Directors.

Expenses and Solicitation

The Company will bear the cost of this solicitation. Our Directors, officers, and other employees, without additional compensation, may also solicit proxies personally or in writing, by telephone, email, or otherwise. We are required to request that brokers and nominees who hold stock in their names furnish our proxy materials to the beneficial owners of the stock, and we must reimburse these brokers and nominees for the expenses of doing so in accordance with statutory fee schedules.

Electronic Delivery of Proxy Materials

Any shareholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to shareholders and will reduce the impact of annual meetings on the environment. A shareholder who chooses to receive future proxy materials by email will receive an email prior to next year's annual meeting with instructions containing a link to those materials and a link to the proxy voting website. A shareholder's election to receive proxy materials by email will remain in effect until the shareholder terminates it. You may request to receive proxy materials by email by entering the control number provided on your proxy card at [www.investordelivery.com](http://www.investordelivery.com) or [www.proxyvote.com](http://www.proxyvote.com).

Householding of Proxy Materials

We are "householding" our proxy materials pursuant to Securities and Exchange Commission ("SEC") rules. This procedure allows the Company to reduce its printing costs, mailing costs and fees by delivering one copy of our annual report and proxy statement to multiple shareholders who share the same mailing address, unless the Company received contrary instructions from an affected shareholder.

We will promptly deliver upon written or oral request a separate copy of this Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 to any shareholder at a shared address to which a single copy of any of these documents was delivered. To request a separate copy of any of these documents, shareholders may write or call the Company at our principal executive offices:

Pixelworks, Inc.

Attn: Secretary

224 Airport Parkway, Ste. 400

San Jose, CA 95110

(408) 200-9200

Shareholders of record who would like to revoke householding consent and receive a separate copy of proxy materials, and shareholders sharing an address and receiving multiple copies of proxy materials who would like to give householding consent and request delivery of a single copy of these documents, should contact Broadridge Financial Solutions, Inc., either by calling toll free at (800) 542-1061 or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11747. PROPOSAL NO. 2: APPROVAL OF AMENDMENT TO THE 2006 STOCK INCENTIVE PLAN

Overview

On October, 25, 2012, the Board approved an amendment to the Pixelworks, Inc. 2006 Stock Incentive Plan (the “2006 Plan”) in order to provide additional long-term incentives to all of Pixelworks’ employees, executive officers and directors, as well as to maintain compensation packages that align our employees’, executive officers’, and directors’ interests to those of our shareholders and remain competitive to attract and retain individuals that can contribute to our success. The Board believes the number of shares of our common stock currently available under the 2006 Plan does not give us sufficient authority and flexibility to adequately provide for future incentives. This proposal increases the number of shares authorized for issuance under the 2006 Plan to provide shares for future grants to be issued to both new and existing employees, executive officers and directors. Accordingly, the Board has adopted a resolution proposing an amendment to the 2006 Plan that would increase the aggregate number of shares of our common stock that may be issued under the 2006 Plan by 1,000,000 shares to a total of 6,483,333 shares and has directed that it be submitted for approval at the Annual Meeting. If approved, the total number of shares available following the increase will represent approximately 7.8% of the Company's outstanding common stock, which the Board believes is a reasonable amount of potential dilution. The proposed amendment would also extend the term of the 2006 Plan to May 15, 2023 with respect to the increased share pool.

As of March 15, 2013, awards to purchase 6,263,990 shares of our common stock have been granted pursuant to the 2006 Plan, 1,253,138 shares have been canceled and returned to the unissued share pool, and 472,481 shares remain available for grant. As of March 15, 2013, there are 3,943,108 options outstanding under the 2006 Plan with a weighted average exercise price of \$4.10 and a weighted average remaining contractual life of 4.22 years. Our three year average burn rate for the years 2010 through 2012, calculated as the total number of shares granted or shares underlying options grants divided by our total common shares outstanding is 17.9%. For a description of the 2006 Plan, see “Summary Description of the 2006 Stock Incentive Plan” below.

If shareholders do not approve this proposal, the current share limits under, and other terms and conditions of, the 2006 Plan will continue in effect.

Summary Description of the 2006 Stock Incentive Plan

In 2006, the Board adopted, and our shareholders approved, the 2006 Plan, under which 1,333,333 shares of our common stock were initially reserved for issuance. On May 20, 2008, our shareholders approved an increase to the total number of authorized shares to 2,333,333, on May 19, 2009, our shareholders approved an increase to the total number of authorized shares to 3,483,333, on May 18, 2010, our shareholders approved an increase to the total number of authorized shares to 4,483,333 and on May 15, 2012, our shareholders approved an increase to the total number of authorized shares to 5,483,333.

The principal terms of the 2006 Plan are summarized below. The following summary is qualified in its entirety by the full text of the 2006 Plan, which has been filed as Appendix A to this Proxy Statement that was filed electronically with the Securities and Exchange Commission (“SEC”) and can be reviewed on the SEC’s website at [www.sec.gov](http://www.sec.gov). You may also obtain, free of charge, a copy of the 2006 Plan by writing to our Secretary, care of Pixelworks, Inc. at 224 Airport Parkway, Suite 400, San Jose, CA 95110.

Eligibility

All of our employees, directors and consultants are eligible to participate in the 2006 Plan. As of March 15, 2013, we have approximately 233 full-time employees and eight non-employee directors.

Administration

The 2006 Plan is required to be administered by the Board or a committee appointed by the Board. The 2006 Plan is currently administered by the Compensation Committee of the Board, which is composed of members that are “disinterested persons” within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (“Rule 16b-3”). All questions of interpretation or application of the 2006 Plan are determined in the sole discretion of the Board or the Compensation Committee, whose decisions are final, conclusive and binding upon all participants. Members of the Board are permitted to participate in the 2006 Plan.

## Table of Contents

Subject to the provisions of the 2006 Plan, the Compensation Committee has the authority to construe and interpret the 2006 Plan, to prescribe, adopt, amend and rescind rules and regulations relating to the administration of the 2006 Plan and to make all other determinations necessary or advisable for its administration. Subject to the limitations of the 2006 Plan, the Compensation Committee also selects from among the eligible persons those individuals who will receive awards under the 2006 Plan, the type(s) of award(s) any such individual will receive and the terms of any such awards.

### No Repricing

In no case (except due to an adjustment to reflect a stock split or similar event or any repricing that may be approved by shareholders) will any adjustment be made to a stock option or stock appreciation right (“SAR”) award under the 2006 Plan (by amendment, cancellation and regrant, exchange or other means) that would constitute a repricing of the per share exercise or base price of the award.

### Shares Subject to the 2006 Plan

The maximum cumulative aggregate number of shares of our common stock to be issued under the 2006 Plan and currently approved by shareholders is 5,483,333, subject to adjustment as described below. At the Annual Meeting, the shareholders are being asked to approve an amendment of the 2006 Plan to increase the number of shares of common stock reserved for issuance thereunder by 1,000,000 shares.

Since May 19, 2009, shares issued in respect of any “full-value award” granted under the 2006 Plan count against the share limit described above as 1.33 shares for every one share issued in connection with the award. For example, if the Company granted a stock bonus award covering 100 shares of its common stock under the 2006 Plan, 133 shares would be charged against the share limit with respect to that award. For this purpose, a “full-value award” generally means any award granted under the 2006 Plan other than a stock option or SAR. Stock options and SARs will be counted against the share limit on a share-for-share basis.

Shares that are subject to or underlie awards which expire or for any reason are canceled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under the 2006 Plan will again be available for subsequent awards under the 2006 Plan. The following types of shares will not be available for future award grant purposes under the 2006 Plan: (1) shares subject to a stock option or SAR that are not issued or delivered as a result of the net settlement of the award; (2) shares used to pay the exercise price or withholding taxes related to an outstanding award; or (3) shares repurchased on the open market using the proceeds of the exercise of a stock option.

No employee may receive options or SARs under the 2006 Plan that cover more than 250,000 shares cumulatively in any fiscal year, except that options or SARs covering up to an additional 250,000 shares may be granted in connection with a person’s initial employment with the Company.

### Types of Awards

Under the 2006 Plan we can grant stock options and stock-settled SARs. However, only employees may receive Incentive Stock Options. The 2006 Plan also allows us to grant to our employees, directors and consultants awards of restricted stock, stock bonuses and other forms of awards granted or denominated in the Company’s common stock or units of the Company’s common stock.

**Stock Options:** The Compensation Committee may grant stock options to participants subject to the terms and conditions established by the Compensation Committee. A stock option represents a right to purchase a specified number of shares of our common stock during a specified period. A stock option may be in the form of an Incentive Stock Option or a stock option that does not qualify for incentive treatment (a “Nonqualified Stock Option”) under the U.S. Internal Revenue Code (the “Code”). The option award agreement will specify the vesting, exercisability and other terms of the award. The maximum term of an option granted under the 2006 Plan is six years.

**SARs:** The Compensation Committee may grant SARs to participants subject to the terms and conditions established by the Compensation Committee. The term of a SAR may not exceed six years. When exercised, a SAR entitles the participant to a payment based on the excess of the fair market value of a share of common stock on the exercise date over the fair market value of a share of common stock on the grant date. Payment shall be made solely in shares of our

common stock. The SAR award agreement will specify the vesting, exercisability and other terms of the award.

## Table of Contents

### Exercise or Purchase Price

The exercise price of each Incentive Stock Option, Non-qualified Stock Option and SAR granted under the 2006 Plan will be determined by the Compensation Committee, but will be not less than 100% of the “Fair Market Value” (as defined in the 2006 Plan) of our common stock on the date of grant (or 110% of Fair Market Value in the case of an Incentive Stock Option granted to an employee who at the time owns more than 10% of the total combined voting power of all classes of the capital stock of the Company). Whether an option granted under the 2006 Plan is intended to be an Incentive Stock Option or a Nonqualified Stock Option will be determined by the Compensation Committee at the time the Compensation Committee acts to grant the option and will be set forth in the related stock option agreement. “Fair Market Value” for purposes of the 2006 Plan means the closing price of a share of common stock on a national exchange on which shares of common stock are then trading, if any, on the last market trading day on or before the grant date. If there is no listing or trading of common stock either on a national exchange or over-the-counter, the price will be determined by the Compensation Committee in its discretion. On March 15, 2013, the Fair Market Value was \$2.32 per share based on the closing price of the common stock as reported on the NASDAQ Global Market.

In the discretion of the Compensation Committee, the exercise price of any option or SAR granted under the 2006 Plan and the sale price of any shares sold under the 2006 Plan will be payable in full in cash, by check or by the optionee’s promissory note (subject to any limitations of applicable law) delivered at the time of exercise. In the discretion of the Compensation Committee and upon receipt of all regulatory approvals, an optionee may be permitted to deliver as payment in whole or in part of the exercise price certificates for our common stock or other property deemed appropriate by the Compensation Committee. So-called cashless exercises as permitted under applicable rules and regulations of the Securities and Exchange Commission and the Federal Reserve Board also will be permitted in the discretion of the Compensation Committee.

Irrespective of the manner of payment of the exercise price of an option or the purchase price for shares, the delivery of shares pursuant to the exercise or purchase will be conditioned upon payment by the optionee or purchaser of amounts sufficient to enable us to pay all applicable federal, state and local withholding taxes.

### Transferability of Awards

An award granted under the 2006 Plan will be nontransferable by the recipient other than by will or the laws of descent and distribution and will be exercisable during the recipient’s lifetime only by the recipient or by his or her guardian or legal representative. More particularly, an award may not be assigned, transferred (except as provided in the preceding sentence), pledged or hypothecated (whether by operation of law or otherwise), and will not be subject to execution, attachment or similar process.

### Conditions to Issuance of Stock Certificates; Legends

In order to enforce any restrictions imposed upon common stock issued upon exercise of any option or SAR granted under or any shares sold or issued pursuant to the 2006 Plan, the Compensation Committee may cause a legend or legends to be placed on any share certificates representing such common stock.

### Adjustments upon Changes in Capitalization, Merger and Consolidation

If our outstanding shares of common stock are changed into or exchanged for cash or a different number or kind of shares or securities of Pixelworks or of another corporation through reorganization, recapitalization, reclassification, stock split-up, reverse stock split, stock dividend, stock consolidation, stock combination, stock reclassification or similar transaction, an appropriate adjustment will be made by the Compensation Committee in the number and kind of shares as to which awards may be granted, as well as in the price per share of the common stock covered by each outstanding award. In the event we sell all or substantially all of our assets or merge with or into another company, the Compensation Committee may (a) arrange to have the surviving or successor entity assume or grant replacement options with appropriate adjustments in the number and kind of securities and option prices, or (b) accelerate the vesting of and shorten the period during which options are exercisable. No fractional shares of common stock will be issued on account of any of the foregoing adjustments.

If we are dissolved or liquidated, each outstanding award will terminate immediately prior to the consummation of the dissolution or liquidation unless the Compensation Committee, in its sole discretion, declares that all awards will terminate as of a fixed date and accelerates the vesting schedule of all outstanding awards.

## Table of Contents

### Amendment and Termination

The Board may at any time suspend, amend or terminate the 2006 Plan and may, with the consent of an award holder, make such modifications to the terms and conditions of such recipient's award as it deems advisable; provided, however, that the Company must obtain shareholder approval of any amendment to the extent necessary to comply with Rule 16b-3 or with Section 422 of the Code or with rules promulgated by NASDAQ. The amendment, suspension or termination of the 2006 Plan will not, however, without the consent of the participant to be affected, alter or impair any rights or obligations under any award.

### Privileges of Stock Ownership

A participant in the 2006 Plan will not be entitled to the privilege of stock ownership as to any shares of common stock unless and until they are actually issued to the participant.

### Termination

Unless earlier terminated by the Board or the Compensation Committee, the 2006 Plan will terminate automatically as of the close of business on the day preceding the tenth anniversary date of its adoption by the Board. The termination of the 2006 Plan will not affect the validity of any award agreement outstanding at the date of such termination. However, if the shareholders approve an increase in the number of shares available for issuance under the 2006 Plan, the increased number of shares may be issued for up to ten (10) years from the date of approval of such increase.

### Certain United States Federal Income Tax Consequences to Recipients of Awards

The following is only a summary of certain United States federal income tax consequences to recipients of awards under the 2006 Plan and is for general information purposes only. This summary is based on the United States federal income tax laws now in effect, and as currently interpreted, and does not take into account possible changes in such laws or interpretations. Furthermore, this summary is not intended to be exhaustive and, among other considerations, does not describe the deferred compensation provisions of Section 409A of the Code to the extent an award is subject to and does not satisfy the rules promulgated thereunder, nor does it describe state, local or foreign tax consequences. This summary does not consider the United States federal income tax consequences to recipients in light of their individual circumstances or to recipients subject to special treatment under the federal income tax laws. **THIS SUMMARY IS NOT INTENDED AS TAX ADVICE TO ANY PERSON AND RECIPIENTS OF AWARDS SHOULD CONSULT THEIR OWN TAX ADVISORS FOR ANY FEDERAL, STATE, LOCAL AND FOREIGN TAX EFFECTS ON THEIR INDIVIDUAL CIRCUMSTANCES.**

Under the Internal Revenue Code, neither the grant nor the exercise of Incentive Stock Options is a taxable event to the optionee (except to the extent an optionee may be subject to alternative minimum tax); rather, the optionee is subject to tax only upon the sale of the common stock acquired upon exercise of the Incentive Stock Option. Upon such a sale, the entire difference between the amount realized upon the sale and the exercise price of the option will be taxable to the optionee. Subject to certain holding period requirements, such difference will be taxed as a capital gain rather than as ordinary income.

Recipients who receive Nonqualified Stock Options or SARs will be subject to taxation upon exercise of such options or SARs on the spread between the Fair Market Value of the common stock on the date of exercise and the exercise price of such options or SARs. This spread is treated as ordinary income to the recipient, and the Company is permitted to deduct as a compensation expense a corresponding amount. Nonqualified Stock Options and SARs do not give rise to a tax preference item subject to the alternative minimum tax.

The current federal income tax consequences of other awards authorized under the 2006 Plan generally follow certain basic patterns: nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the Fair Market Value over the price paid (if any) only at the time the restrictions lapse (unless

the recipient elects to accelerate recognition as of the date of grant); stock bonuses, stock units and other stock-based awards are generally subject to tax at the time of payment; and compensation otherwise effectively deferred is taxed when paid. In each of the foregoing cases, the Company will generally have a corresponding deduction at the time the participant recognizes income.

## Table of Contents

If an award is accelerated under the 2006 Plan in connection with a “change in control” (as this term is used under the Code), the Company may not be permitted to deduct the portion of the compensation attributable to the acceleration if it exceeds certain threshold limits under the Code (and certain related excise taxes may be triggered). Furthermore, the aggregate compensation in excess of \$1,000,000 attributable to awards that are not “performance-based” within the meaning of Section 162(m) of the Code may not be permitted to be deducted by the Company in certain circumstances.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2006 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER’S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

### Specific Plan Benefits

The Company has not approved any awards under the 2006 Plan that are conditioned upon shareholder approval of the proposed amendment. If the additional shares that will be available under the 2006 Plan if shareholders approve the proposed amendment had been available for award purposes in fiscal 2012, the Company expects that its award grants for fiscal 2012 would not have been substantially different from those actually made under the 2006 Plan.

The grant of additional stock-based awards under the 2006 Plan in the future and the nature of any such awards are subject to the discretion of the Compensation Committee (or, in the case of awards to non-employee directors, the Board). Accordingly, the number, amount and type of awards to be received by or allocated to eligible named executive officers, non-employee directors, other employees, and persons who have received 5% or more of the options, warrants or rights under the 2006 Plan as a result of the proposed amendment in the future (or that would have been received or allocated in 2012 had the Amendment of the 2006 Plan been in effect) cannot be determined.

### Other

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer and certain other executive officers in any taxable year of the Company. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. One requirement is shareholder approval of (i) the performance criteria upon which performance-based awards may be based, (ii) the annual per-participant limits on grants and (iii) the class of employees eligible to receive awards. In the case of performance-based awards, other requirements generally are that objective performance goals and the amounts payable upon achievement of the goals be established by a committee of at least two outside directors and that no discretion be retained to increase the amount payable under the awards. In the case of stock options and SARs, other requirements are that the option or SAR be granted by a committee of at least two outside directors and the exercise price of the stock option or SAR not be less than the fair market value.

Shareholder approval of the 2006 Plan also constitutes approval of the performance criteria upon which performance-based awards that are intended to be deductible by the Company under Section 162(m) of the Code may be made, however, the Company cannot guarantee that awards granted under the 2006 Plan will qualify as performance-based compensation under Section 162(m).

The 2006 Plan is not a tax-qualified deferred compensation plan under 401(a) of the Code, and is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

All members of the Board and all of the Company’s executive officers are eligible for awards under the 2006 Plan and thus have a personal interest in the approval of the amendments to the 2006 Plan.

**PROPOSAL NO. 3: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board (the “Audit Committee”) has appointed KPMG LLP, independent registered public accounting firm, as the auditors of the Company for the year ending December 31, 2013. The submission of this matter for approval by shareholders is not legally required; however, as a matter of good corporate practice, our shareholders are being asked to ratify this appointment. Before selecting KPMG LLP, the Audit Committee considered the firm’s qualifications as independent registered public accountants and concluded that based on its prior performance and its reputation for integrity and competence, it is qualified.

In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the appointment is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interest of the Company and its shareholders.

Representatives of KPMG LLP will be at the Annual Meeting and will be available to respond to appropriate questions. They do not plan to make a statement, but will have the opportunity to make one if they wish.

**PROPOSAL NO. 4: ADVISORY VOTE ON EXECUTIVE COMPENSATION**

We are asking shareholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative. Our executive compensation programs are designed to support our long-term success.

As described in the “Compensation Discussion and Analysis” section of this proxy statement, the Compensation Committee has structured our executive compensation program to achieve the following key objectives:

**Pay for Performance:** Achieved by linking components of executive compensation to individual contributions as well as corporate results. Further, long-term incentive awards, granted in the form of stock options or restricted stock awards, are designed to reward executive officers for the creation of long-term shareholder value.

**Recognize fiscal responsibility and corporate stewardship:** Achieved by providing limited perquisites and double trigger change in control benefits.

**Attract and motivate the best executives to the Company:** Achieved by creating compensation packages that are at the midpoint of comparable companies with which we compete for executive talent.

We urge shareholders to read the “Compensation Discussion and Analysis,” which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the “Compensation Discussion and Analysis” are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has supported and contributed to our success.

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the 2013 Annual Meeting of Shareholders:

**RESOLVED**, that the shareholders of Pixelworks, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2013 Annual Meeting of Shareholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding executive compensation programs.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL, ON AN ADVISORY BASIS, OF OUR EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.**

Table of Contents

**PROPOSAL NO. 5: ADVISORY VOTE ON THE FREQUENCY OF FUTURE  
ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Pursuant to Section 14A of the Exchange Act, we are asking shareholders to cast an advisory vote on the frequency of future advisory votes on executive compensation. Shareholders may specify whether they prefer such votes to occur every year, every two years or every three years, or they may abstain. The Board recommends that such vote occur every three years, but shareholders are not voting to approve or disapprove the Board's recommendation. Although the vote is not binding, the Board will consider the voting results in determining the frequency of future advisory votes. Notwithstanding the Board's recommendation and the outcome of the shareholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to compensation programs.

The Board of Directors recommends that future advisory votes on executive compensation occur every three years. We believe that this voting frequency will provide our shareholders with sufficient time to evaluate the effectiveness of our overall compensation philosophy, policies and practices in the context of our long-term business results for the corresponding period, while avoiding over-emphasis on short-term variations in compensation and business results. We also believe that a three-year time frame provides a better opportunity to observe and evaluate the impact of changes to our executive compensation policies and practices that have occurred since the last advisory vote.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE TO APPROVE,  
ON AN ADVISORY BASIS, OF CONDUCTING FUTURE ADVISORY VOTES ON EXECUTIVE  
COMPENSATION EVERY "THREE YEARS."**

The Company will not enter into any related party transactions without prior Audit Committee approval or ratification. Currently, this review and approval requirement applies to any transaction in which the amount involved exceeds \$120,000, and in which any of the following persons will have a direct or indirect material interest: (a) any of our Directors or executive officers, (b) any nominee for election as a Director, (c) any security holder who is known to us to own of record or beneficially more than five percent of our common stock, or (d) any member of the immediate family of any of the persons described in the foregoing clauses (a) through (c).

## Table of Contents

### Board Structure

Our Board currently consists of nine Directors and is divided into three Classes serving staggered terms. Additional details regarding our Director Classes, are provided above in “Proposal No. 1: Election of Directors.” The Board believes that there should be a majority of independent Directors on the Board. The current Board members include eight independent Directors and one member of our senior management.

### Board Leadership Structure

Both independent and management Directors, including the Chief Executive Officer (“CEO”), are eligible for appointment as Chairman of the Board. Currently, the functions of Chairman of the Board and CEO are separated. Among the duties of the Chairman is the management of the Board, including prioritizing current matters in front of the Board and setting the agenda for meetings with the input of management. Mr. Sanquini has served as Chairman of the Board since July 2010. The CEO manages the Company and is accountable for corporate performance. Mr. Walicek has served as CEO and President of Pixelworks since January 2008 and has served on the Board since May 2005.

The Board believes that there may be advantages to having an independent chairman for matters such as facilitating communications between the Board, the CEO, and other senior management and assisting the Board in reaching consensus on particular strategies and policies.

### Director Independence

The Board affirmatively determines the independence of each Director and nominee for election as a Director in accordance with the elements of independence set forth in applicable NASDAQ and SEC rules. In the beginning of 2013, the Board conducted a review of Director independence, which included a review of all relevant transactions, if any, or relationships between each Director or any of his or her family members and the Company, any member of our senior management or our independent registered public accounting firm. As a result of this review, the Board affirmatively determined all of our Directors, except Bruce Walicek, our CEO, are independent as defined by the applicable rules of the SEC and NASDAQ and have no relationship with the Company, except as a Director and shareholder. The independent Directors, namely Steven Becker, Mark Christensen, Barry L. Cox, Stephen Domenik, C. Scott Gibson, Daniel Heneghan, Richard Sanquini, and Bradley Shisler constitute a majority of the members of the Board. Notwithstanding the above, Mr. Becker and Mr. Shisler are deemed to be affiliates of the Company due to their membership in a 13D 10% shareholder group and do not meet the independence requirements for service on the Company’s Audit Committee.

As required under applicable NASDAQ listing standards, in the 2012 fiscal year, our independent Directors regularly met in scheduled executive sessions at which only independent Directors were present.

### Board Oversight of Risk

Management continually monitors the material risks facing the Company, including financial, strategic, operational, and legal and compliance risks. An overall review of risk is inherent in the Board’s ongoing consideration of the Company’s long-term strategies, transactions and other matters presented to and discussed by the Board. Additionally, the Board formally reviews the Company’s risk management policies and practices at least annually, after receiving a report from the CEO and Chief Financial Officer (“CFO”). This annual review includes a discussion of the likelihood and potential magnitude of various risks, as well as any actions management has taken to limit, monitor or control those risks. The CEO and CFO also report to the Board, in a timely manner, events that arise that present material risks to the Company or that materially and adversely change previously identified risks. Additionally, although the full Board has responsibility for overall risk oversight, the Audit Committee annually reviews the Company’s investment policy, corporate information technology policy and risks related to currency fluctuations, and the Compensation Committee of the Board (the “Compensation Committee”) seeks to avoid creating incentives for employees to take excessive or inappropriate risks when establishing and administering compensation programs. In performing these functions, these committees assess the appropriateness of the Company’s policies relevant to these risks and consider changes to such policies as appropriate.

## Table of Contents

### Board and Committee Meetings

Our Board holds regularly scheduled quarterly meetings and also holds special meetings and acts by written consent from time to time, as appropriate. At each quarterly Board meeting, time is set aside for the independent Directors to meet without management present. Our Board met six times during 2012.

We have adopted a policy that requires a majority of Directors to attend annual meetings either in person or via telephone conference. Six of our nine Directors on the Board in 2012 attended the 2012 annual meeting and each incumbent Director attended 75% or more of the Board meetings and meetings of the committees on which they served during the last fiscal year.

### Standing Committees of the Board

The Board has adopted written charters for its four standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee and the Office of the Chairman Committee, all of which are available on our website at [www.pixelworks.com](http://www.pixelworks.com).

The Board has determined that all members of all committees are independent Directors as defined by the applicable rules of the SEC and NASDAQ and that all members satisfy the relevant SEC requirements for members of such committees.

#### Audit Committee

The Audit Committee provides objective oversight of corporate accounting, financial reporting practices and financial statement audits of the Company and has the responsibility to select, evaluate and, where appropriate, replace the Company's independent registered public accounting firm and is directly responsible for the oversight of the work of such independent registered public accounting firm. The Audit Committee reviews and discusses with management and the Company's independent registered public accounting firm the Company's audited financial statements and the effectiveness of the accounting and financial controls of the Company.

The current members of the Audit Committee are Directors Daniel Heneghan, who chairs the committee, C. Scott Gibson, and Barry Cox who was appointed in January 2013. Stephen Domenik served on the Audit Committee until January 2013 when he stepped down to focus on other responsibilities with the Company. After reviewing the qualifications of the members of the Audit Committee, the Board has determined that each member meets the financial experience requirements under the rules of the SEC and NASDAQ. In addition, the Board has determined that Daniel Heneghan and C. Scott Gibson qualify as audit committee financial experts as defined by the SEC rules. Mr. Heneghan qualifies as an audit committee financial expert by virtue of his service as chair of our audit committee since 2006 and service on the audit committees of NTELOS Holdings Corp. (NASDAQ: NTLS), Micrel, Inc. (NASDAQ: MCRL) and Freescale Semiconductor, Inc. (NYSE: FSL). Mr. Heneghan is also qualified by virtue of his professional experience which includes service as the Chief Financial Officer of Intersil Corporation from 1999 until 2005 and various financial management positions at Harris Corporation from 1980 to 1999, including as Vice President and Controller, Division Controller of the semiconductor business, Director of Planning and Director of Finance. Additionally, Mr. Heneghan holds a B.S. in accounting from Quincy University and an M.B.A. from Western Illinois University.

Mr. Gibson qualifies as an audit committee financial expert by virtue of his prior service on our audit committee from 2002 through 2010, current service on the audit committees of Radisys Corporation (NASDAQ: RSYS) and TriQuint Semiconductor, Inc. (NASDAQ: TQNT) as well as past service on the audit committees of Verigy Ltd (NASDAQ: VRGY), Inference Corp. (NASDAQ: INFR), and Integrated Measurement Systems (NASDAQ: IMSC). He also chaired the Finance and Audit committee of the Oregon Health and Science University Governing Board from 2000 to 2009. Additionally, Mr. Gibson served as CFO and Senior VP Operations for Sequent Computer Systems (NASDAQ: SQNT) from 1983 to 1984 and from 1985 to 1987, the CFO of Sequent Computer Systems reported to Mr. Gibson. Mr. Gibson has significant audit committee educational experience, including speaking at several KPMG audit committee forums, and Board governance forums on audit committee responsibilities. The Board has carefully considered that Mr. Gibson serves on the audit committee of two other public companies and has determined that Mr. Gibson's full time professional commitment to board service allows us to fully benefit from his significant financial expertise and audit committee experience and has unanimously confirmed his continuing service on our

Audit Committee. Additionally, Mr. Gibson holds an M.B.A. in Finance from the University of Illinois. The Audit Committee met five times in 2012.

### Compensation Committee

The Compensation Committee assists the Board in fulfilling its responsibilities with respect to compensation of the Company's Directors, executive officers and employees and oversight and administration of the Company's incentive and stock-based compensation plans. The current members of the Compensation Committee are Directors Richard Sanquini, who chairs the committee, Mark Christensen, C. Scott Gibson and Steven Becker. The Compensation Committee met five times in 2012.

### Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee identifies individuals qualified to become members of the Board, recommends the slate of Directors to be nominated by the Board at the annual meeting of shareholders and recommends any Director to fill a vacancy on the Board. The Corporate Governance and Nominating Committee is also responsible for developing and recommending to the Board a set of applicable corporate governance guidelines and principles, developing policies and procedures relating to the process for identification and evaluation of Director candidates and minimum qualifications for Directors, and overseeing an evaluation of the Board and recommending Directors to be appointed to committees of the Board (other than to the Corporate Governance and Nominating Committee itself).

The Corporate Governance and Nominating Committee will consider recommendations for nominees for Director submitted by shareholders. The Company's Second Amended and Restated Bylaws set forth procedures that must be followed by shareholders seeking to make nominations for Directors. The Corporate Governance and Nominating Committee considers candidates recommended by shareholders in the same manner in which the Corporate Governance and Nominating Committee evaluates candidates recommended by other sources, including the Board and individual Directors.

## Table of Contents

### Qualifications of Directors

The Corporate Governance and Nominating Committee conducts appropriate inquiries into the backgrounds and qualifications of proposed Director nominees. At a minimum, candidates must possess experience with businesses or organizations of comparable or greater size than the Company. If a candidate's experience and qualifications are desirable, reference checks are performed before the Corporate Governance and Nominating Committee recommends the candidate for nomination to the Board.

Factors considered in the selection of Director nominees include the following:

- Independence from management;
- Relevant business experience;
- Judgment, skill, integrity and reputation;
- Existing commitments to other businesses;
- Potential conflicts of interest with other pursuits;
- Legal considerations such as antitrust issues and involvement by the candidate in specific legal proceedings during the past ten years;
- Corporate governance background, including directorships held with public companies or investment companies registered under the Investment Company Act of 1940 at any time during the past five years;
- Financial and accounting background, to enable the committee to determine whether the candidate would be suitable for Audit Committee membership;
- Executive compensation background, to enable the committee to determine whether the candidate would be suitable for Compensation Committee membership; and
- The size and composition of the existing Board.

The Company is committed to nondiscrimination on the basis of age, gender, ethnic background, religious affiliation or other personal characteristics unrelated to the Company's purpose and mission. The Board does not have a policy with regard to the consideration of diversity in identifying Director nominees. However, the Board values diversity and considers qualifications and skills that are complementary to those of existing Board members to be highly desirable.

Table of Contents

The Company's Board compensation policy also provides that any newly elected or appointed non-employee Directors will receive an initial option award to purchase 10,000 shares of the Company's common stock upon election or appointment to the Board. The option has an exercise price equal to the closing price of the Company's common stock on the grant date, and a maximum term of six years. ### Compensation Discussion and Analysis

#### Overview

This Compensation Discussion and Analysis describes the material elements of compensation awarded to, earned by or paid to the following employees:

- The Company's CEO; and
- The Company's two other most highly compensated executive officers during 2012.

In addition to these employees, this Compensation Discussion and Analysis also describes the material elements of compensation awarded to, earned by or paid to Steven L. Moore, our Vice President, Chief Financial Officer, Secretary and Treasurer even though Mr. Moore was not among our two most highly compensated executive officers other than our CEO during 2012.

These individuals are listed in the "Summary Compensation Table" below and referred to in this Proxy Statement as the "Named Executive Officers" or the "Executives."

#### Role of the Compensation Committee

The Compensation Committee is responsible for overseeing the Company's compensation programs. Annually, the Compensation Committee evaluates the performance of our CEO and determines compensation in light of the goals and objectives of the compensation program for that year. As part of that responsibility, the Compensation Committee determines all compensation for the Company's Named Executive Officers. For Executives other than the CEO, the Compensation Committee considers the recommendation of the CEO in making its compensation determinations. From time to time, the Compensation Committee retains the services of independent compensation consultants to review a wide variety of factors relevant to CEO and executive compensation, trends in CEO and executive compensation, and the identification of relevant peer companies. However, no such consultants were retained by the

Compensation Committee in 2012.

## Table of Contents

### Executive Compensation Program Objectives and Philosophy

The objectives of the Company's executive compensation program are as follows:

1. Attract and motivate the best executives to the Company;
2. Reflect our pay for performance philosophy;
3. Reward executives for their contributions to the Company's strategic and financial success and for creating shareholder value; and
4. Recognize fiscal responsibility and corporate stewardship.

The Compensation Committee's executive compensation decisions are based on the following core principles:

- Link pay to performance. The components of our executive compensation package are linked to individual contribution as well as corporate results. Long-term incentive awards, granted in the form of stock options or restricted stock awards, are designed to reward executive officers for the creation of long-term shareholder value.
1. Provide competitive compensation. Our compensation programs are designed to be competitive within the various markets in which we compete for executive talent.
  2. Establish levels of compensation that are appropriate for the size and financial condition of the Company.

### Data Considered in Determining Executive Compensation

In establishing executive compensation, the Compensation Committee does not engage in formal benchmarking activities but does review the compensation practices of other companies in the semiconductor industry and companies with similar total revenue to ours as background information for its compensation decisions. Specifically, when necessary, external executive survey data and proxy data are gathered. We typically target our compensation levels at the midpoint for comparable positions among comparable companies. However, the results of such a review are only some of many other factors, including the qualitative factors described below, that are evaluated by the Compensation Committee. No specific weight is attached to any one factor and the emphasis placed on each factor may vary among individuals. In 2011 we considered data from more than 20 peer companies with annual median revenue of \$94 million compared to the Company's annual 2011 revenue of \$65 million as part of an effort to set our Executives' salaries. As noted below, our Executives' base salaries and target bonus rates were the same in 2012 as they were in 2011. During the first quarter of 2013, Compensia, an independent compensation consultant, was engaged by the Compensation Committee to update the list of peer companies and inform the Committee as to the market competitiveness of the compensation provided to our Executives (base salary, bonus opportunity and equity compensation) based on its review of market compensation data. The Compensation Committee determined that the compensation consultant's work did not raise any conflict of interest.

### Elements of Our Executive Compensation Program

Our executive compensation program consists of fixed and variable cash compensation and equity-based compensation (together with cash compensation, "total direct compensation"), as well as severance and change of control benefits. When setting executive compensation, the Compensation Committee does not target a specific mix of fixed and variable compensation; however, the Compensation Committee does believe that variable cash compensation and equity-based compensation should constitute a significant portion of total compensation and that compensation should vary based on performance.

Additionally, the Compensation Committee does not target a specific mix of short-term variable compensation and long-term variable compensation. Typically, cash incentives are awarded after consideration of the accomplishment of financial, product and market development goals, and long-term incentives are aimed at aligning the interests of Executives with those of shareholders by focusing on long-term growth and stock performance. The Compensation Committee views all of these objectives as critical.

The following narrative describes each component of our executive compensation program, explains why each is included in the program and provides details of certain specific compensation arrangements for the Named Executive Officers for 2012.

## Table of Contents

### Base Salaries

The Compensation Committee believes that it is appropriate for Executives to receive a competitive level of guaranteed compensation in the form of a base salary. Base salaries provide a stable source of fixed income for the Executives and help promote retention.

With the exception of Mr. Walicek's Employment Agreement (see "Description of Mr. Walicek's Employment Agreement -- Salary and Bonus Amounts," below) none of our Executives have employment agreements or other contractual rights to receive fixed base salaries. Instead, base salaries for the Executives are determined by the Compensation Committee based on its annual review. When determining the appropriate base salary for each Executive, the Compensation Committee considers a variety of factors, such as the Executive's experience, job responsibilities and performance, the base salaries paid for similar positions with respect to both comparable companies and the Compensation Committee's general knowledge of the industry, the Company's financial performance and position, and recommendations from the CEO (as to Executives other than himself). No specific performance goals or weightings are attached to any of these factors in establishing base salaries, and the emphasis placed on each factor may differ from individual to individual.

None of the Named Executive Officers received a salary increase in 2012. The decision to hold salaries constant during 2012 was due to the Company's financial position and performance during 2011, particularly in light of the challenging economic environment. The base salary earned by each Executive during 2012 is reported in the "Summary Compensation Table" below.

Richard Miller joined us as Senior Vice President, Technology in August 2012. Prior to becoming an employee of Pixelworks, Mr. Miller performed consulting work for us as it relates to our mobile strategy. For his consulting work, we paid Mr. Miller \$70,688 in 2012.

### Annual Cash Incentives

The Named Executive Officers are generally eligible to receive cash bonuses each year as determined by the Compensation Committee. In accordance with our compensation program, objectives related to rewarding Executives for their contributions to the Company's strategic and financial success, the Compensation Committee's intent is to set challenging yet attainable financial and operational goals for the Executives to work toward in the coming year. The 2012 target bonus for Mr. Walicek was equal to 100% of his annual base salary and the 2012 target bonus for the other Executives was equal to 50% of their respective annual base salaries. Target bonus rates were unchanged from their levels in 2011.

On December 29, 2009, the Compensation Committee approved the form of the Company's Senior Management Bonus Plan (the "Plan"). Under the Plan, annual bonuses for Named Executive Officers are based on the attainment of specific goals related to the following performance measures:

Revenue;

Non-GAAP earnings<sup>(1)</sup> before interest, taxes, depreciation and amortization ("adjusted EBITDA"); and

Achievement of specified operational objectives.

<sup>(1)</sup> Our 2012 Non-GAAP earnings differ from our 2012 GAAP earnings due to the exclusion of stock-based compensation expense and additional amortization of a non-cancelable prepaid royalty.

Additionally the Plan provides that no bonus will be paid under the Plan unless minimum threshold targets for the revenue and adjusted EBITDA performance measures are achieved.

During 2012, the minimum threshold target of \$63.7 million annual revenue was not achieved and thus no bonus amounts were awarded under the Plan. Since the minimum threshold target for revenue was not achieved, the Company's performance with respect to 2012 operational objectives was not evaluated by the Committee. During 2012, Mr. Chan and Mr. Moore received a cash bonus of \$35,000 and \$20,000, respectively, in recognition of their outstanding contributions on intellectual property licensing and co-development arrangements with customers. The bonuses paid to Mr. Chan and Mr. Moore were approved by the Compensation Committee separate and apart from the Plan. The Compensation Committee concluded that the amounts of these bonuses were appropriate in light of the value delivered to the Company by Mr. Moore's and Mr. Chan's work on the aforementioned licensing and co-development efforts. During 2012, Mr. Miller received a cash signing bonus of \$15,000. We believe that this is a

standard amount of signing bonus for a person with Mr. Miller's qualifications at a company of our size and in our industry.

## Long-Term Equity Awards

The Compensation Committee believes that the Executives' long-term compensation should be directly linked to the value provided to shareholders. In 2012, the Executives' long-term compensation was awarded in the form of stock options and restricted stock units (RSUs). The RSUs granted during 2012 are in recognition of outstanding contributions on intellectual property licensing and co-development arrangements with customers. The Compensation Committee concluded that the grants were appropriate in light of the value delivered to the Company by the Executives. The Compensation Committee believes that stock option awards provide significant motivation for the Executives to maximize shareholder value because stock options are granted with exercise prices equal to the current market price of the Company's common stock and will only have value if our stock price increases over the exercise price. Additionally, stock options generally vest over a three- or four-year period after the grant date and RSUs generally vest over a two-year period and thus encourage long-term perspective and retention.

The Compensation Committee determines the size and frequency of each Executive's equity awards annually by assessing the relative position and responsibilities of each Executive, individual performance of each Executive, anticipated contributions of each Executive to the Company, previous equity-based awards granted to such Executive, and awards given to similar positions among comparable companies (with no specific performance goals or weightings assigned to the foregoing factors). In general, Executives receive an initial grant of equity on their date of hire. The Compensation Committee may grant additional equity awards to recognize increased responsibilities or special contributions, to retain executives or to recognize other special circumstances.

**Stock Options.** On February 9, 2012, the Compensation Committee met and granted Executives stock option awards as follows:

Mr. Walicek was granted an option to purchase 100,000 shares of Pixelworks common stock, Mr. Chan was granted an option to purchase 75,000 shares of Pixelworks common stock and Mr. Moore was granted an option to purchase 50,000 shares of Pixelworks common stock. The options were granted with an exercise price of \$2.36, the closing price of Pixelworks common stock on February 9, 2012. The options become exercisable monthly over a period of three years and expire six years from the date of the grant.

On August 27, 2012, Mr. Miller was granted an option to purchase 250,000 shares of Pixelworks common stock in connection with the commencement of his employment. The options were granted with an exercise price of \$3.15, the closing price of Pixelworks common stock on August 27, 2012. The options vest 25% on August 31, 2013, followed by monthly vesting over a period of three years and expire six years from the date of the grant.

**Restricted Stock Units.** On July 26, 2012, the Compensation Committee met and awarded Executives RSUs as follows:

Mr. Walicek received an award of 30,000 RSUs and Mr. Chan and Mr. Moore each received an award of 15,500 RSUs. The RSUs will vest 50% on the first anniversary of the grant date and 50% on the second anniversary of the grant date.

The 2012 stock awards described above are included in the "Grants of Plan-Based Awards" table below.

## Severance Benefits Payable Upon Termination or Change of Control

The Compensation Committee provides each of the Executives with severance benefits payable upon certain involuntary terminations of their employment with the Company. The benefits may be provided to incentivize Executives to join the Company, to incentivize Executives to remain with the Company, or to compensate Executives when they are asked to take on new or extraordinary responsibilities. The Compensation Committee believes that the benefits provided are comparable with those provided to individuals in similar positions at similar companies.

Additionally, the Compensation Committee believes that the occurrence, or potential occurrence, of a change of control transaction will create uncertainty regarding the continued employment of Executives. To encourage Executives to remain employed with the Company during an important time when their prospects for continued employment following the transaction are often uncertain, the Company provides Executives with severance benefits if their employment is involuntarily terminated in connection with a change of control (i.e. double trigger).

A description of the specific severance benefits provided for each Named Executive Officer is included below under "Potential Payments Upon Termination or Change in Control."

Table of Contents

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the CEO and certain other executive officers, unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program (including the stock options granted to our Named Executive Officers as described above) satisfies the requirements for exemption from the \$1,000,000 deduction limitation. However, we reserve the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible. The Compensation Committee will continue to monitor the tax and other consequences of our executive compensation program as part of its primary objective of ensuring that compensation paid to our executive officers is reasonable, performance-based and consistent with the goals of Pixelworks and its shareholders.

Additional Description of Plan-Based Awards

Each of the equity incentive awards reported in the above table was granted under, and is subject to, the terms of the Company's 2006 Plan. The 2006 Plan is administered by the Compensation Committee and the Compensation Committee has authority to interpret the plan provisions and make all required determinations under the plan. Awards granted under the plan are generally only transferable to a beneficiary of a Named Executive Officer upon his death or, in certain cases, to family members for tax or estate planning purposes.

Under the terms of the 2006 Plan, in the event of a merger or the sale of substantially all of our assets, each Named Executive Officer's outstanding awards granted under the plan will be assumed or an equivalent award will be substituted therefor by the successor entity, unless the Compensation Committee provides that outstanding options will become fully vested and exercisable in lieu of being assumed. Any options that become vested in connection with such a merger or sale of assets generally must be exercised within 30 days or prior to the closing of the transaction, or they will be canceled.

In addition, each Named Executive Officer may be entitled to accelerated vesting of his outstanding equity-based awards upon certain terminations of his employment with the Company and/or a change of control of the Company. The terms of this accelerated vesting are described in the "Potential Payments Upon Termination or Change of Control." section below.

The options and restricted stock units granted to Named Executive Officers during 2012 do not include any dividend rights.

Description of Mr. Walicek's Employment Agreement — Salary and Bonus Amounts

We and Mr. Walicek have entered into the 2012 Executive Employment Agreement, effective November 2, 2012 (the "Walicek Agreement"), which replaced the 2009 Executive Employment Agreement with Mr. Walicek. Mr. Walicek's agreement does not have a specified term. The agreement provides for Mr. Walicek to receive an annual base salary of \$325,000 subject to periodic review by the Compensation Committee. The agreement also provides for Mr. Walicek to participate in the Company's annual bonus program as established by the Compensation Committee and to be eligible to receive equity awards as determined by the Compensation Committee. Provisions of Mr. Walicek's agreement relating to post-termination employment benefits, as well as severance agreements we have entered into with each of the other Named Executive Officers, are discussed below under "Potential Payments upon Termination or Change of Control."

## Potential Payments Upon Termination or Change of Control

The Company has entered into the following arrangements with the Named Executive Officers that provide for severance benefits on certain terminations of employment. In each case, the severance benefits described below are contingent upon the Executive providing a release of claims in favor of the Company.

## The Walicek Agreement

Pursuant to the Walicek Agreement, Mr. Walicek is entitled to certain benefits in the event of his “involuntary termination.” An “involuntary termination” is a termination by the Company without “cause” or by Mr. Walicek for a “good reason” (as each of those terms is defined in the Walicek Agreement). In the event of an involuntary termination, Mr. Walicek will be entitled to the following benefits: (i) severance pay consisting of the higher of Mr. Walicek's annual base salary then in effect for twelve months, or \$325,000; (ii) severance pay consisting of the higher of Mr. Walicek's actual target bonus for the then-current year, or \$325,000; and (iii) payment of Mr. Walicek's COBRA health insurance premiums for twelve months. In addition, in the event the involuntary termination occurs within (A) either the earlier of six months prior to a “change of control” (as such term is defined in the Walicek Agreement) or the signing of a definitive agreement for a change of control that results in the change of control contemplated by such agreement within 12 months, and (B) twelve months following the change of control (such period of time, a “Control Change Window”), Mr. Walicek will receive accelerated vesting of any options and restricted stock awards that were or are outstanding and unvested as of the employment termination date. In the event that the involuntary termination occurs within one year following a Control Change Window, Mr. Walicek will receive accelerated vesting of outstanding and unvested restricted stock awards that would have vested during the year following the Control Change Window. In the event the severance benefits would be treated as excess parachute payments subject to excise taxes, the benefits would either be reduced to a level that would not trigger the excise taxes or would be paid in full, whichever results in Mr. Walicek retaining a greater benefit on an after-tax basis.

## Moore, Chan and Miller Change of Control Severance Agreements

On May 11, 2009, the Company entered into a separate Change of Control Severance Agreement with Mr. Moore, as further amended on February 22, 2012. On November 22, 2008, the Company entered into a separate Change of Control Severance Agreement with Mr. Chan, as further amended on February 22, 2012. And on March 11, 2013, the Company entered into a separate Change of Control Severance Agreement with Mr. Miller. (The foregoing agreements and amendments are referred to collectively as the “Severance Agreements.”) The Severance Agreements provide for certain benefits in the event of the executive's “involuntary termination”. An “involuntary termination” is a termination by the Company without “cause” or by the executive for a “good reason event” (as each of those terms is defined in the Severance Agreements).

In the event the involuntary termination occurs within six months prior to, or within twelve months following, a “change of control” (as such term is defined in the Severance Agreements), the executive will be entitled to the following benefits: (i) a lump sum cash payment equal to twelve months of base salary and the then-current year's target bonus as in effect as of the date of such involuntary termination or, if greater, as in effect immediately prior to the change of control; (ii) accelerated vesting of stock options granted by the Company to the executive prior to the change of control that are then outstanding and would have otherwise vested during the twelve months following the termination; and (iii) the same level of Company-paid health coverage and benefits at the levels in effect on the day preceding the termination of the executive until the earlier of when the executive (and any eligible dependents) is no

longer eligible to receive continuation coverage pursuant to COBRA, or twelve months from the date of termination. In the event of an involuntary termination that occurs within six months prior to a change of control, any acceleration of vesting of options and shares triggered by the change of control will occur immediately prior to the change of control and the executive will have a minimum of six months following the change of control to exercise the options (or longer if a longer period would otherwise be applicable).

---

Table of Contents

In the event the involuntary termination occurs during the period between twelve and twenty-four months following a change of control (the "Second Year"), Mr. Moore, Mr. Chan and Mr. Miller will be entitled to the following benefits: (i) a lump sum cash payment equal to the executive's per month base salary as in effect at the time of termination, or if greater, at the time of change of control, multiplied by the number of whole months remaining in the Second Year after the termination occurs; (ii) a lump sum cash payment equal to one-twelfth of the then current year's target bonus as in effect at the time of termination, or if greater, at the time of change of control, multiplied by the number of whole months remaining in the Second Year after the termination occurs; (iii) accelerated vesting of all outstanding stock options granted by the Company to the executive prior to the change of control that would have otherwise vested after termination during the remaining number of whole months in the Second Year; and (iv) the same level of Company-paid health coverage and benefits at the levels in effect on the day preceding the termination of the executive for the number of whole months remaining in the Second Year.

In the event of an involuntary termination apart from a change of control, Mr. Moore and Mr. Chan would receive the same benefits as if the termination occurred within six months prior to, or within twelve months following, a change of control, as described above. In this event, the benefits would be calculated as if the date of the change of control were the same as the date of the involuntary termination. In the event of an involuntary termination apart from a change of control, Mr. Miller may be eligible for benefits provided by the Company's then existing severance and benefits plans and policies at the time of such termination.

In the event the severance benefits under the Severance Agreements would be treated as excess parachute payments subject to excise taxes, the benefits would either be reduced to a level that would not trigger the excise taxes or would be paid in full, whichever results in the executive retaining a greater benefit on an after-tax basis.

Board Determinations Regarding Change of Control

On March 22, 2002, the Board approved a change of control and severance program for executive officers and Directors. Under the terms of the program, upon a change of control, the Company will accelerate the vesting schedule of options held by executive officers or Directors that would have otherwise vested during the next twelve months according to the vesting schedule associated with such options.

Additionally, upon a change of control and the involuntary termination of an executive officer without cause, or a substantial change in the executive officer's responsibilities within three months prior to or twelve months following the change of control, the terminated officer will be entitled to severance payments equal to six months base salary and continuation of medical insurance benefits for a period of six months from the date of termination.

The individual severance agreements described above supersede this program to the extent they provide a greater benefit than the executive would receive under the resolutions.

Total Benefits Potentially Payable

The following table summarizes benefits that would have been payable to the Executives as of December 31, 2012 had they been involuntarily terminated or had a change of control and involuntary termination occurred as of that date:

	Involuntary termination not related to change in control		Involuntary termination related to change in control	
	Estimated total value of cash payments (\$)	Estimated total value of equity acceleration (\$)	Estimated total value of cash payments (\$)	Estimated total value of equity acceleration (\$)
Bruce A. Walicek	\$672,946	\$33,600	\$672,946	\$33,600
Steven L. Moore	397,946	17,360	397,946	(2) 17,360
Tzoyao (T) Chan	382,946	21,160	382,946	(2) 21,160
Richard G. Miller (1)	—	—	352,946	(2) —

(1) Mr. Miller's change of control agreement was effective March 11, 2013.

(2) As noted above, the level of severance benefits in the context of a change of control depends on whether the involuntary termination occurs within six months prior to, or twelve or twenty-four months after, a change of

control. For purposes of this table, we have assumed that the involuntary termination occurred within twelve months after the change in control.

Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee pre-approves any engagement under which KPMG provides audit or permissible non-audit services to the Company. The Audit Committee has adopted a policy for the pre-approval of these services. Audit Committee Report

The information contained in the report below does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates it by reference therein.

The Audit Committee currently consists of Daniel Heneghan, Chairman, Barry Cox and C. Scott Gibson. The Audit Committee has the responsibility and authority described in the Pixelworks, Inc. Charter of the Audit Committee of the Board of Directors, which has been approved by the Board. A copy of the Audit Committee Charter is available on our website at [www.pixelworks.com](http://www.pixelworks.com). The Board has determined that Mr. Heneghan, Mr. Cox and Mr. Gibson meet the independence requirements set forth in Rule 10A-3(b)(1) under the Exchange Act and in the applicable rules of NASDAQ. In addition, the Board has determined that both Mr. Heneghan and Mr. Gibson qualify as an audit committee financial expert as defined by SEC rules.

As further described in its charter, the Audit Committee oversees the corporate accounting, financial reporting practices and financial statement audits of the Company. Management has responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors, KPMG, are responsible for planning and conducting audits in accordance with U.S. generally accepted auditing standards and for issuing an opinion about whether the financial statements and our internal controls over financial reporting, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent audit firm. The Audit Committee serves a Board-level oversight role, in which it provides advice, counsel, and direction to management and to the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee members in business, financial, and accounting matters.

In this context, the Audit Committee has reviewed and discussed the audited financial statements and the Company's internal control over financial reporting for the year ended December 31, 2012, with management and KPMG, and management has represented to the Audit Committee that Pixelworks' audited financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee's review included a discussion with management of the quality of Pixelworks' accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in Pixelworks' financial statements, including the disclosures related to critical accounting estimates.

The Audit Committee discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Codification of Statements on Auditing Standards, AU 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. Additionally, the Audit Committee has received from KPMG the written disclosures and letter required by the applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence and has discussed KPMG's independence with KPMG.

The Audit Committee has also evaluated the performance of KPMG, including, among other things, the amount of fees paid to KPMG for audit services related to the year ended December 31, 2012. Based on its evaluation, the Audit Committee has selected KPMG to serve as the Company's independent registered public accounting firm for the year ending December 31, 2013.

Based on the reviews and discussions referred to above, and subject to the limitations of the Audit Committee's role and responsibilities referred to in the Audit Committee Charter, the Audit Committee recommended to the Board, and the Board has approved, the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Respectfully submitted,

Daniel Heneghan, Chairman

**OTHER BUSINESS**

As of the date of this Proxy Statement, the Board does not know of any other matters to be presented for action by the shareholders at the Annual Meeting. If, however, any other matters not now known are properly brought before the Annual Meeting, proxies held by the Board will be voted on such other matters as determined by a majority of the Board.

**DATE FOR SUBMISSION OF SHAREHOLDER PROPOSALS**

Pursuant to Rule 14a-8 under the Exchange Act, some shareholder proposals may be eligible for inclusion in the Company's 2014 proxy statement. Any such proposal must be received by the Company no later than December 13, 2013. If the Company changes the date of its 2014 annual meeting by more than 30 days from the date of the 2013 annual meeting, the deadline is a reasonable time before the Company begins to print and send its proxy materials. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities laws. The submission of a shareholder proposal does not guarantee that it will be included in the Company's proxy statement.

Alternatively, under the Company's Second Amended and Restated Bylaws, a proposal or nomination that a shareholder submits outside the processes of SEC Rule 14a-8 must be delivered to or mailed and received at the Company's principal executive offices by the Secretary of the Company not less than 60 days nor more than 90 days prior to the date of the annual meeting. In the event we provide less than 60 days' notice or prior public disclosure of the date of the annual meeting, the shareholder proposal or nomination must be received not later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. A shareholder's submission must include certain specific information concerning the proposal or nominee, as the case may be, in accordance with the Second Amended and Restated Bylaws, including information as to the shareholder's ownership of common stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at any annual meeting.

In relation to shareholder proposals and nominations, in certain instances the Company may exercise discretionary voting authority under proxies held by the Board. For instance, if the Company does not receive a shareholder proposal or nomination 60 days prior to the date of the annual meeting (or, in the event the Company provides less than 60 days' notice or prior public disclosure of the date of the annual meeting, the shareholder proposal or nomination is received later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made), the Company may exercise discretionary voting authority under proxies held by the Board on such shareholder proposal. However, if the Company changes the date of its 2014 annual meeting by more than 30 days from the date of the 2013 annual meeting and the shareholder submits the proposal or nomination pursuant to Rule 14a-8, the Company may exercise discretionary voting authority if the proposal or nomination is not received in a reasonable time before the Company begins to print and send its proxy materials. In addition, even if the Company is notified of a shareholder proposal or nomination within the time requirements discussed above, if the shareholder does not comply with certain requirements of the Exchange Act, the Company may exercise discretionary voting authority under proxies held by the Board on such shareholder proposal or nomination if the Company includes advice in its proxy statement on the nature of the matter and how the Company intends to exercise its discretion to vote on the matter.

- 2.21. "Option" shall mean an Incentive Stock Option or a Nonqualified Stock Option granted pursuant to the Plan.
- 2.22. "Optioned Stock" shall mean the Shares subject to an Option or Stock Appreciation Right.
- 2.23. "Parent" shall mean a "parent corporation," whether now or hereafter existing, as defined in Section 424(e) of the Code.
- 2.24. "Plan" shall mean this Amended and Restated 2006 Stock Incentive Plan.
- 2.25. "Rule 16b-3" shall mean Rule 16b-3 of the Exchange Act or any successor to Rule 16b-3, as in effect when discretion is being exercised with respect to the Plan.
- 2.26. "Sale" or "Sold" shall include, with respect to the sale of Shares under the Plan, the sale of Shares for any form of consideration specified in Section 8.2, as well as a grant of Shares for consideration in the form of past or future services. For purposes of clarity, a "Sale" of Shares or Shares "Sold" shall include, without limitation, awards of stock bonuses, restricted stock, stock units, performance stock, performance units or similar rights to acquire Shares, whether upon the passage of time, the occurrence of one or more events, the satisfaction of performance criteria or other conditions, or any combination thereof.

Table of Contents

2.28. “Stock Appreciation Right” or “SAR” shall mean a right to receive from the Company, with respect to each Share as to which the SAR is exercised, payment in an amount equal to the excess of the Share's Fair Market Value on the exercise date over its Fair Market Value on the date the SAR was granted. Such payment will be made solely in Shares valued at Fair Market Value on the exercise date.

2.29. “Subsidiary” shall mean a “subsidiary corporation,” whether now or hereafter existing, as defined in Section 424(f) of the Code.

3. Stock Subject to the Plan.

3.1. Subject to the provisions of Section 3.2 below and the provisions of Section 11 of the Plan, the maximum aggregate number of Shares which may be subject to Awards under the Plan is 5,483,333 shares. (All share limits in the Plan are presented after giving effect to the Company's 1-for-3 stock split in June 2008.) The Shares may be authorized, but unissued, or reacquired Common Stock. Shares issued in respect of any “full-value award” granted under the Plan shall be counted against the foregoing share limit for the Plan as 1.33 shares for every one share issued in connection with such award. (For example, if a stock bonus of 100 shares of Common Stock is granted under the Plan, 133 shares shall be charged against the share limit in connection with that award.) For this purpose, a “full-value award” means any Award under the Plan that is not an Option or SAR.

3.2. If an Option or SAR should expire, or become unexercisable for any reason, or is otherwise terminated or forfeited, without having been exercised in full, the Optioned Stock which was subject thereto shall, unless the Plan shall have been terminated, become available for future Option or SAR grants and/or Sales under the Plan. If any Shares issued pursuant to a Sale or exercise of an Option or SAR shall be reacquired, canceled or forfeited for any reason, such Shares shall become available for future Option or SAR grants and/or Sales under the Plan, unless the Plan shall have been terminated. If any reacquired, canceled or forfeited Shares were originally issued upon exercise of an Incentive Stock Option, then once so reacquired, canceled or forfeited, such Shares shall not be considered to have been issued for purposes of applying the limitation set forth in Section 3.3 below. Notwithstanding the foregoing, the following shares of Stock may not again be made available for issuance as awards under the Plan: (i) shares of Stock not issued or delivered as a result of the net settlement of an outstanding Option or SAR, (ii) shares of Stock used to pay the exercise price or withholding taxes related to an outstanding award, or (iii) shares of Stock repurchased on the open market with the proceeds of the exercise price of an Option.

3.3. Notwithstanding any other provision of this Section 3, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options shall be 5,483,333<sup>1</sup>.

4. Administration of the Plan.

4.1. Procedure.

4.1.1. Multiple Administrative Committees. If permitted by Rule 16b-3, the Plan may be administered by different Committees with respect to Directors, Officers who are not Directors, and Employees who are neither Directors nor Officers.

The current aggregate limit for the Plan is 5,483,333 shares. Shareholders are being asked to approve an amendment 1 to this Plan that would increase this aggregate Share Limit by an additional 1,000,000 shares (so that the new aggregate share limit for the Plan would be 6,483,333 shares.

4.1.2. Administration With Respect to Directors and Officers Subject to Section 16(b). With respect to Award grants to Employees who are also Officers or Directors subject to Section 16(b) of the Exchange Act, the Plan shall be administered by (A) the Board, if the Board may administer the Plan in compliance with the rules governing a plan intended to qualify as a discretionary plan under Rule 16b-3, or (B) a Committee designated by the Board to administer the Plan, which Committee shall be constituted to comply with the rules, if any, governing a plan intended to qualify as a discretionary plan under Rule 16b-3. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. From time to time the Board may increase the size of the Committee and appoint additional members, remove members (with or without cause) and substitute new members, fill vacancies (however caused), and remove all members of the Committee and thereafter directly administer the Plan, all to the extent permitted by the rules, if any, governing a plan intended to qualify as a discretionary plan under Rule 16b-3. With respect to persons subject to Section 16 of the Exchange Act, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3. To the extent any provision of the Plan or action by the Administrator fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Administrator.

4.1.3. Administration With Respect to Other Persons. With respect to Award grants to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by the Board or a Committee designated by the Board, which Committee shall be constituted to satisfy the legal requirements relating to the administration of stock option plans under applicable corporate and securities laws and the Code. Once appointed, such Committee shall serve in its designated capacity until otherwise directed by the Board. The Board may increase the size of the Committee and appoint additional members, remove members (with or without cause) and substitute new members, fill vacancies (however caused), and remove all members of the Committee and thereafter directly administer the Plan, all to the extent permitted by the legal requirements relating to the administration of stock option plans under state corporate and securities laws and the Code.

4.2. Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

- 4.2.1. to grant Awards or SARs;
- 4.2.2. to authorize Sales of Shares hereunder;
- 4.2.3. to determine, upon review of relevant information, the Fair Market Value of a Share;
- 4.2.4. to determine the exercise/purchase price per Share of Options or SARs to be granted or Shares to be Sold, which exercise/purchase price shall be determined in accordance with Section 8.1 of the Plan;
- 4.2.5. to determine the Employees or Consultants to whom, and the time or times at which, Options or SARs shall be granted and the number of Shares to be represented by each Option or SAR;
- 4.2.6. to determine the Employees or Consultants to whom, and the time or times at which, Shares shall be Sold and the number of Shares to be Sold;
- 4.2.7. to administer and interpret the Plan;
- 4.2.8. to prescribe, amend and rescind rules and regulations relating to the Plan;
- 4.2.9. to determine the terms and provisions of each Option or SAR granted (which need not be identical) and, with the consent of the holder thereof, modify or amend each Option or SAR;
- 4.2.10. to determine the terms and provisions of each Sale of Shares (which need not be identical) and, with the consent of the purchaser thereof, modify or amend each Sale;
- 4.2.11. to accelerate (with the consent of the Grantee) the exercise date of any Option;

Table of Contents

4.2.12. to accelerate (with the consent of the Grantee or purchaser of Shares) the vesting restrictions applicable to Shares Sold or Options or SARs granted under the Plan;

4.2.13. to authorize any person to execute on behalf of the Company any instrument required to effectuate the grant of an Option, SAR or Sale of Shares previously granted or authorized by the Administrator;

4.2.14. to determine the transfer or vesting restrictions, repurchase rights or other restrictions applicable to Shares issued under the Plan;

4.2.15. to establish, on a case-by-case basis, different terms and conditions pertaining to exercise or vesting rights upon termination of employment, but only at the time of an Option or SAR grant or Sale of Shares;

4.2.16. to approve forms for use under the Plan; and

4.2.17. to make all other determinations deemed necessary or advisable for the administration of the Plan.

Notwithstanding any other provision herein, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended to reduce the exercise price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other awards or Options or SARs with an exercise price that is less than the exercise price of the original Options or SARs without shareholder approval.

4.3. Effect of Administrator's Decision. All decisions, determinations and interpretations of the Administrator shall be final and binding on all Grantees and any other holders of any Shares Sold under the Plan.

5. Eligibility.

5.1. Persons Eligible. Awards may be granted only to Employees and Consultants. Incentive Stock Options may be granted only to Employees. An Employee or Consultant who has been granted an Award may, if he or she is otherwise eligible, be granted additional Awards.

5.2. ISO Limitation. To the extent that the aggregate Fair Market Value of Shares subject to a Grantee's Incentive Stock Options granted by the Company, any Parent or Subsidiary which become exercisable for the first time during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonqualified Stock Options. For purposes of this Section 5.2, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time of grant.

5.3. Section 5.2 Limitations. Section 5.2 of the Plan shall apply only to an Option evidenced by an Award Agreement which sets forth the intention of the Company and the Grantee that such Option shall qualify as an Incentive Stock Option. Section 5.2 of the Plan shall not apply to any Option evidenced by an Award Agreement which sets forth the intention of the Company and the Grantee that such Option shall be a Nonqualified Stock Option.

5.4. No Right to Continued Employment. The Plan shall not confer upon any Grantee any right with respect to continuation of employment or consulting relationship with the Company, nor shall it interfere in any way with his or her right or the Company's right to terminate their employment or consulting relationship at any time, with or without cause.

5.5. Other Limitations. The following limitations shall apply to grants of Options or SARs to Employees:

5.5.1. No Employee shall be granted, in any fiscal year of the Company, Options or SARs to acquire more than 250,000 Shares.

5.5.2. In connection with his or her initial employment, an Employee may be granted Options or SARs for up to an additional 250,000 Shares which shall not count against the limit set forth in subsection 5.5.1 above.

Table of Contents

5.5.3. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 11.

6. Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the shareholders of the Company as described in Section 17 of the Plan. It shall continue in effect for a term of ten (10) years, unless sooner terminated under Section 13 of the Plan. However, if the Company's shareholders approve an increase in the number of Shares available for issuance under section 3.1, such approval shall be deemed the adoption of a new plan with respect to the increased number of Shares, which may be issued for a term of ten (10) years following the date of such shareholder approval.

7. Term of Options and SARs. The term of each Option and SAR shall be stated in the Notice of Grant; provided, however, that in no event shall the term of any Option or SAR exceed six (6) years from the date of grant. However, in the case of an Incentive Stock Option granted to a Grantee who, on the date the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Notice of Grant.

8. Exercise/Purchase Price and Consideration.

8.1. Exercise/Purchase Price. The per Share exercise/purchase price for the Shares to be issued pursuant to exercise of an Option or SAR or a Sale of Shares shall be such price as is determined by the Administrator, but shall be subject to the following:

8.1.1. In the case of an Incentive Stock Option

(1) granted to an Employee who, at the time of the grant of such Incentive Stock Option, owns more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be at least one hundred ten percent (110%) of the Fair Market Value on the date of the grant.

(2) granted to any other Employee, the per Share exercise price shall be at least one hundred percent (100%) of the Fair Market Value on the date of grant.

8.1.2. In the case of a Nonqualified Stock Option, SAR or Sale, the per Share exercise/purchase price shall be at least one hundred percent (100%) of the Fair Market Value on the date of grant or Sale, as the case may be.

8.2. Consideration. The consideration to be paid for the Shares to be issued upon exercise of an Option or pursuant to a Sale, including the method of payment, shall be determined by the Administrator. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist of:

8.2.1. cash;

8.2.2. check;

8.2.3. promissory note;

8.2.4. transfer to the Company of Shares which

(1) in the case of Shares acquired upon exercise of an Option, have been owned by the Grantee for more than six months on the date of transfer, and

(2) have a Fair Market Value on the date of transfer equal to the aggregate exercise price of the Shares to be acquired;

Table of Contents

8.2.5. if and so long as the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, delivery of a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale or loan proceeds required to pay the exercise price;

8.2.6. such other consideration and method of payment for the issuance of Shares to the extent permitted by legal requirements relating to the administration of stock option plans and issuances of capital stock under applicable corporate and securities laws and the Code; or

8.2.7. any combination of the foregoing methods of payment.

If the Fair Market Value of the number of whole Shares transferred or the number of whole Shares surrendered is less than the total exercise price of the Option, the shortfall must be made up in cash or by check. Notwithstanding the foregoing provisions of this Section 8.2, the consideration for Shares to be issued pursuant to a Sale may not include, in whole or in part, the consideration set forth in subsection 8.2.5 above.

9. Exercise of Option or SAR.

9.1. Procedure for Exercise; Rights as a Shareholder. Any Option or SAR granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator, including performance criteria with respect to the Company and/or the Grantee, and as shall be permissible under the terms of the Plan.

An Option or SAR may not be exercised for a fraction of a Share. If the exercise of a SAR would result in the issuance of a fractional Share, the Shares to be issued shall be rounded to the nearest whole Share.

An Option or SAR shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option or SAR by the Grantee and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may, as authorized by the Administrator, consist of any consideration and method of payment allowable under the Award Agreement and Section 8.2 of the Plan. Each Grantee who exercises an Option or SAR shall, upon notification of the amount due (if any) and prior to or concurrent with delivery of the certificate representing the Shares, pay to the Company amounts necessary to satisfy applicable federal, state and local tax withholding requirements. A Grantee must also provide a duly executed copy of any stock transfer agreement then in effect and determined to be applicable by the Administrator. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock represented by such stock certificate, notwithstanding the exercise of the Option or SAR. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan. Subject to section 3, exercise of an Option or settlement of a SAR shall decrease the number of Shares thereafter available, both for purposes of the Plan and for issuance under the Option or SAR by the number of Shares issued upon such exercise.

9.2. Termination of Employment or Consulting Relationship. In the event that a Grantee's Continuous Status as an Employee or Consultant terminates (other than upon the Grantee's death or Disability), the Grantee may exercise his or her Option or SAR, but only within such period of time as is determined by the Administrator, and only to the extent that the Grantee was entitled to exercise it at the date of termination (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant). In the case of an Incentive Stock Option, the Administrator shall determine such period of time (in no event to exceed three (3) months from the date of termination) when the Option is granted. If, at the date of termination, the Grantee is not entitled to exercise his or her entire Option or SAR, the unexercisable portion of the Option or SAR shall, unless otherwise expressly provided by the Administrator, terminate on the date of such termination and the Shares covered by such portion shall revert to the Plan. If, after termination, the Grantee does not exercise the remaining portion of his or her Option or SAR within the time specified by the Administrator, such portion of the Option or SAR shall terminate, and the Shares covered by such portion shall revert to the Plan.

Table of Contents

9.3. Disability of Grantee. In the event that a Grantee's Continuous Status as an Employee or Consultant terminates as a result of the Grantee's Disability, the Grantee may exercise his or her Option or SAR at any time within twelve (12) months from the date of such termination, but only to the extent that the Grantee was entitled to exercise it at the date of such termination (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant). If, at the date of termination, the Grantee is not entitled to exercise his or her entire Option or SAR, the unexercisable portion of the Option or SAR shall, unless otherwise expressly provided by the Administrator, terminate on the date of such termination and the Shares covered by such portion shall revert to the Plan. If, after termination, the Grantee does not exercise the remaining portion of his or her Option or SAR within the time specified herein, such portion of the Option or SAR shall terminate, and the Shares covered by such portion shall revert to the Plan.

9.4. Death of Grantee. In the event of the death of a Grantee, the Option or SAR may be exercised at any time within twelve (12) months following the date of death (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant), by the Grantee's estate or by a person who acquired the right to exercise the Option or SAR by bequest or inheritance, but only to the extent that the Grantee was entitled to exercise the Option or SAR at the date of death. If, at the time of death, the Grantee was not entitled to exercise his or her entire Option or SAR, the unexercisable portion of the Option or SAR shall, unless otherwise expressly provided by the Administrator, terminate on the date of such termination and the Shares covered by such portion shall revert to the Plan. If, after death, the Grantee's estate or a person who acquired the right to exercise the Option or SAR by bequest or inheritance does not exercise the remaining portion of the Option or SAR within the time specified herein, such portion of the Option or SAR shall terminate, and the Shares covered by such portion shall revert to the Plan.

9.5. Rule 16b-3. Options or SARs, as well as Sales of Shares, granted to persons subject to Section 16(b) of the Exchange Act must comply with Rule 16b-3 and shall contain such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

10. Nontransferability of Awards. Except as otherwise specifically provided in the Award Agreement, an Award may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will, or by the laws of descent and distribution, and may be exercised during the lifetime of the Grantee only by the Grantee or, if incapacitated, by his or her legal guardian or legal representative.

11. Adjustments Upon Changes in Capitalization or Merger.

11.1. Changes in Capitalization. Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Award and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award, as well as the price per share of Common Stock covered by each such outstanding Award, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award.

11.2. Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, each outstanding Award will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrator. The Administrator may, in the exercise of its sole discretion in such instances, declare that any Award shall terminate as of a date fixed by the Board and, in the case of Options and SARs, give each Grantee the right to exercise Grantee's Option or SAR as to all or any part of the Optioned Stock subject to the Option or SAR, including Shares as to which the Option or SAR would not otherwise be exercisable.

11.3. Merger or Asset Sale. Except as otherwise provided in an Award Agreement, in the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding Award shall be assumed or an equivalent award shall be substituted by such successor corporation or a Parent or Subsidiary of such successor corporation, unless the Administrator determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, that, in the case of Options and SARs, each Grantee shall have the right to exercise the Grantee's Options or SARs as to all or any part of the Optioned Stock subject to the Option or SAR, including Shares as to which the Option or SAR would not otherwise be exercisable. If the Administrator determines that an Option or SAR shall be exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Grantee that the Option or SAR shall be so exercisable for a period of thirty (30) days from the date of such notice or such shorter period as the Administrator may specify in the notice, and the Option or SAR will terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR shall be considered assumed or substituted if, following the merger or sale of assets, the Option or SAR confers the right to purchase, for each Share of Optioned Stock subject to the Option or SAR immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other

securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets was not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share of Optioned Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent substantially equal in Fair Market Value to the per share consideration received by holders of Common Stock in the merger or sale of assets. The determination of such substantial equality of value of consideration shall be made by the Administrator and its determination shall be conclusive and binding.

12. Time of Granting Awards. The date of grant of an Award shall, for all purposes, be the date on which the Administrator makes the determination granting such Award (or such later date as the Administrator may establish at the time of granting the Award). Notice of the determination shall be given to each Grantee within a reasonable time after the date of such grant.

13. Amendment and Termination of the Plan.

13.1. Amendment and Termination. The Board may amend or terminate the Plan from time to time in such respects as the Board may deem advisable.

13.2. Shareholder Approval. The Company shall obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Rule 16b-3 or with Section 422 of the Code (or any successor rule or statute or other applicable law, rule or regulation, including the requirements of any exchange or quotation system on which the Common Stock is listed or quoted). Such shareholder approval, if required, shall be obtained in such a manner and to such a degree as is required by the applicable law, rule or regulation.

13.3. Effect of Amendment or Termination. Any such amendment or termination of the Plan shall not affect Awards already granted, and such Awards shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Grantee and the Administrator, which agreement must be in writing and signed by the Grantee and the Administrator.

14. Conditions Upon Issuance of Shares. Shares shall not be issued pursuant to the exercise of an Option, SAR or a Sale unless the exercise of such Option, SAR or consummation of the Sale and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, applicable state securities laws, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange (including NASDAQ) upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

Table of Contents

15. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. Liability of Company.

16.1. Inability to Obtain Authority. Inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

As a condition to the exercise of an Option or SAR or a Sale, the Company may require the person exercising such Option or SAR or to whom Shares are being Sold to represent and warrant at the time of any such exercise or Sale that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

16.2. Grants Exceeding Allotted Shares. If the grant of an Award causes the aggregate number of Shares previously issued under the Plan and subject to then-outstanding Awards under the Plan to exceed, as of the date of grant, the number of Shares which may be issued under the Plan without additional shareholder approval, such Award shall be void with respect to such excess Shares, unless shareholder approval of an amendment sufficiently increasing the number of Shares subject to the Plan is timely obtained in accordance with Section 13 of the Plan.

17. Shareholder Approval. Continuance of the Plan shall be subject to approval by the shareholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under applicable federal and state law.

18. Tax Withholding. Upon any exercise, vesting, or payment of any Award, or upon the disposition of shares of Common Stock acquired pursuant to the exercise of an Incentive Stock Option prior to satisfaction of the holding period requirements of Section 422 of the Code, or upon any other tax withholding event with respect to any award, the Company or one of its Subsidiaries shall have the right at its option to:

(a) require the Grantee (or the Grantee's personal representative or beneficiary, as the case may be) to pay or provide for payment of at least the minimum amount of any taxes which the Company or one of its Subsidiaries may be required to withhold with respect to such Award event or payment; or

(b) deduct from any amount otherwise payable in cash (whether related to the Award or otherwise) to the Grantee (or the Grantee's personal representative or beneficiary, as the case may be) the minimum amount of any taxes which the Company or one of its Subsidiaries may be required to withhold with respect to such Award event or payment.

In any case where a tax is required to be withheld in connection with the delivery of shares of Common Stock under the Plan, the Administrator may in its sole discretion (subject to Section 14) require or grant (either at the time of the Award or thereafter) to the Grantee the right to elect, pursuant to such rules and subject to such conditions as the Administrator may establish, that the Company reduce the number of shares to be delivered by (or otherwise reacquire) the appropriate number of shares, valued in a consistent manner at their Fair Market Value or at the sales price in accordance with authorized procedures for cashless exercises, necessary to satisfy the minimum applicable withholding obligation on exercise, vesting or payment. In no event shall the shares withheld exceed the minimum whole number of shares required for tax withholding under applicable law.

19. Plan Not Funded. Awards payable under the Plan shall be payable in shares or from the general assets of the Company, and no special or separate reserve, fund or deposit shall be made to assure payment of such awards. No Grantee, beneficiary or other person shall have any right, title or interest in any fund or in any specific asset (including shares of Common Stock, except as expressly otherwise provided) of the Company or one of its Subsidiaries by reason of any Award hereunder. Neither the provisions of the Plan (or of any related documents), nor the creation or adoption of the Plan, nor any action taken pursuant to the provisions of the Plan shall create, or be construed to create, a trust of any kind or a fiduciary relationship between the Company or one of its Subsidiaries and any Grantee, beneficiary or other person. To the extent that a Grantee, beneficiary or other person acquires a right to receive payment pursuant to any Award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

20. Privileges of Stock Ownership. Except as otherwise expressly authorized by the Administrator, a Grantee shall not be entitled to any privilege of stock ownership as to any shares of Common Stock not actually delivered to and held of record by the participant. Except as expressly required by Section 11.1 or otherwise expressly provided by the Administrator, no adjustment will be made for dividends or other rights as a shareholder for which a record date is prior to such date of delivery.

21. Governing Law; Severability; Headings. The Plan, the Awards, all documents evidencing awards and all other related documents shall be governed by, and construed in accordance with the laws of the State of Oregon. If a court of competent jurisdiction holds any provision invalid and unenforceable, the remaining provisions of the Plan shall continue in effect.
