DIRECTORS

ELECTION OF DIRECTORS

Pursuant to the Restated Articles of Incorporation of the Company, directors are elected for staggered terms of three years, with approximately one-third of the directors to be elected each year.

At the Annual Meeting, two directors are to be elected, such that the total number of directors is seven. The Board of Directors, upon recommendation of the Governance Committee, has designated James T. Hale and Pamela K. Knous as nominees for election to serve three-year terms ending at the time of the Annual Meeting in 2007 and, in each case, until their successors are elected and have qualified. The nominees have indicated a willingness to serve, but in case any of the nominees is not a candidate at the Annual Meeting, it is the intention of the persons named in the enclosed form of Proxy to vote in favor of the other nominees named and to vote for a substitute nominee selected by the Governance Committee.

The affirmative vote of a majority of the outstanding shares of Common Stock present and entitled to vote in person or by proxy on the election of directors is necessary to elect each nominee. For this purpose, a shareholder voting through a Proxy who abstains with respect to the election of directors is considered to be present and entitled to vote on the election of directors at the meeting, and is in effect a negative vote; but a shareholder (including a broker) who does not give authority to a Proxy to vote, or withholds authority to vote, on the election of directors shall not be considered present or entitled to vote on the election of directors.

The following information is furnished with respect to each nominee for election as a director and for each director whose current term of office will continue after the meeting:

Mr. Russell also serves as a director of Owens Forest Products Inc. and Blue Cross and Blue Shield of Rhode Island. The Board of Directors has determined that Mr. Hale, Ms. Knous, Mr. Shank, Mr. Sims, Mr. Miller and Mr. Russell, who constitute a majority of the Board and serve as members of various Board committees, are "independent" as defined by the listing standards of the NYSE. Mr. Hale serves as the Executive Vice President, General Counsel and Corporate Secretary of Target Corporation. Tennant had gross sales of approximately \$801,736 to Target during 2003. With respect to Ms. Knous, the Board of Directors considered the fact that she is an executive officer of SUPERVALU, a company that purchased \$757,918 of equipment from the Company in 2003. With respect to Mr. Shank, the Board of Directors considered that the Company directly or indirectly paid approximately \$22,000 in fees to Capella Education Company, of which Mr. Shank is a director and executive officer, for services Capella provided to the Company's employees. The Board of Directors concluded that, based on all relevant facts and circumstances, none of these relationships constitutes a material relationship with the Company that would present a potential conflict of interest or otherwise interfere with the exercise by these directors of his or her independent judgment from management and the Company.

During 2003, the Board of Directors met on four occasions. All incumbent directors attended more than 75% of the aggregate number of meetings of the Board and of committees on which they served during 2003.

BOARD COMMITTEES

Audit Committee. The Board of Directors has an Audit Committee composed of Ms. Knous, Mr. Russell, Mr. Shank and Mr. Sims, which met on six occasions during 2003. The Board of Directors determined that all of the Audit Committee members have the requisite financial literacy required

under the listing standards of the NYSE. The Board of Directors also determined that Ms. Knous has the requisite attributes of an "audit committee financial expert" as defined by regulations promulgated by the SEC and that such attributes were acquired through relevant experience and that she is "independent" as defined by the NYSE.

The Audit Committee operates under a written charter adopted by the Board of Directors, which was amended on February 18, 2004 and is attached as Appendix A to this Proxy Statement. The primary functions of the Audit Committee are to oversee the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications, independence and performance, the performance of the Company's internal audit function and the system of internal control over financial reporting.

Compensation Committee. The Board has a Compensation Committee (formerly called the Executive Compensation Committee) composed of Mr. Hale, Ms. Knous, Mr. Miller, Mr. Russell and Mr. Sims, which met on three occasions during 2003. The primary functions of the Compensation Committee are to review and develop executive compensation plans of the Company and determine the compensation of officers.

Executive Committee. The Board has an Executive Committee composed of Mr. Hale, Ms. Knous, Mr. Miller, Mr. Russell, Mr. Shank and Mr. Sims, which did not meet during 2003. The primary functions of the Executive Committee were substantially modified in 2004. They now include reviewing such matters and taking such actions as are appropriate to be reviewed or taken by all of the non-management directors of the Board of Directors, including the annual review of the Chief Executive Officer's performance and the review and approval of the Company's management succession plan. The Executive Committee includes all non-management directors of the Board. Mr. Shank, who serves as Chair of the Executive Committee, presides at all such meetings.

Governance Committee. The Board has a Governance Committee composed of Mr. Hale, Mr. Miller and Mr. Shank, which met on three occasions in 2003. The primary functions of the Governance Committee are to assist the Board of Directors in identifying individuals qualified to become members of the Board of Directors, determining the composition of the Board of Directors and its committees, leading the Board of Directors in its annual review of the performance of the Board of Directors and recommending to the Board of Directors the Company's Corporate Governance Principles.

Committee Charters. Each of the committees of the Board of Directors has a charter that sets forth the committee's purpose and responsibilities. All of the charters are available on the Company's website at www.tennantco.com. The Company has also adopted Corporate Governance Principles, a copy of which is also available on the Company's website.

NOMINATIONS FOR THE BOARD OF DIRECTORS

The Governance Committee of the Board of Directors is responsible for recommending nominees for election to the Board of Directors. As specified in the Company's Corporate Governance Principles, the Governance Committee is responsible for reviewing with the Board of Directors, on an annual basis, the requisite skills and characteristics of individual members, as well as the composition of the Board of Directors as a whole, in the context of the needs of the Company. The Governance Committee will review all nominees for director and recommend to the Board of Directors those nominees whose attributes it believes would be most beneficial to the Company. This assessment will include such issues as experience, integrity, competence, diversity, skills, and dedication in the context of the needs of the Board, as well as the ability to represent effectively the interests of shareholders and other stakeholders generally. The Corporate Governance Principles also set forth certain requirements regarding the size of the Board of Directors, directors with job changes, director terms, other board service, retirement and independence matters.

7

The Governance Committee will consider director candidates recommended by shareholders from time to time, provided that the recommendation is accompanied by a sufficiently detailed description of the candidate's background and qualifications to allow the Governance Committee to evaluate the candidate in light of the criteria referred to above. Shareholders who wish to suggest qualified candidates to the Committee should write to the Chair of the Governance Committee at the Company's principal executive office, stating in detail the candidate's qualifications for consideration by the Committee. If a shareholder wishes to nominate a director other than a person nominated by or on behalf of the Board of Directors, he or she must comply with certain procedures set out in the Company's Restated Articles of Incorporation. Under the Company's Restated Articles of Incorporation, no person (other than a person nominated by or on behalf of the Board of Directors) shall be eligible for election as a director at any annual or special meeting of shareholders unless a written request that his or her name be placed in nomination is received from a shareholder of record by the Secretary of the Company not less than 75 days prior to the date fixed for the meeting, together with the written consent of such person to serve as a director.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders may communicate with the independent members of the Board of Directors by writing to the Chair of the Executive Committee at the Company's principal executive office, or by contacting the Company hotline which can be located through the Company's website. All of the communications will be delivered to the General Counsel who will forward all communications to the appropriate member(s) of the Board of Directors to address the matter.

According to the Corporate Governance Principles, all members of the Board of Directors are encouraged to attend all annual meetings of shareholders. All of the directors attended the 2003 Annual Meeting of Shareholders.

COMPENSATION OF DIRECTORS

Non-employee directors are compensated with an annual cash retainer, meeting fees, restricted stock and stock options.

Edgar Filing: TENNANT CO - Form DEF 14A

Also, for the three Board Years commencing May 2, 2002, each non-employee director was issued 2,158 shares of restricted stock, based on a Fair Market Value of \$43.81 per share.

In June 2003, the Company hired an outside compensation consultant to review the Company's director compensation package and recommend changes. As a result of those recommendations, the Compensation Committee approved revisions to the director compensation package. For the Board Year commencing after the 2004 Annual Meeting of Shareholders, each director will receive a \$20,000 annual cash retainer, plus \$1,000 for each board and committee meeting attended and a \$3,000 annual retainer for each committee chair. In no event will the restrictions lapse prior to six months after the date of issuance. Upon the occurrence of an event causing the restrictions to lapse, restricted stock issued to the director in payment of the retainer for Board Years commencing following the occurrence of the event is forfeited and returned to the Company. Under the Director Plan, non-employee directors who are elected or appointed to the Board on a date other than a regular issue date receive a prorated number of shares of restricted stock. The options issued under the Director Option Plan will vest as to 33% of the shares subject to the option each year on a cumulative basis.

TENNANT COMPANY AUDIT COMMITTEE REPORT

The Audit Committee's meetings were designed to facilitate and encourage private communication between the Committee and the Company's independent auditors, KPMG LLP. In addition, the Committee complied with its charter responsibilities. The Audit Committee has reviewed and discussed the audited financial statements with management. The Committee discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent auditors also provided to the Committee the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors the firm's independence.

Based upon the Committee's discussion with management and the independent auditors and the Committee's review of financial statements and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview and Philosophy. The Compensation Committee of the Board of Directors is composed entirely of independent directors and is responsible for reviewing and developing executive compensation plans of the Company. In addition, the Compensation Committee, pursuant to authority delegated by the Board, determines on an annual basis the compensation to be paid to the Chief Executive Officer and each of the other executive officers of the Company.

The objectives of the Company's executive compensation program are to:

Motivate executives to achieve corporate goals by placing a significant portion of pay at risk.

Provide a strong link between the Company's short- and long-term goals and executive compensation.

Provide competitive total compensation in order to attract and retain high-caliber key executives critical to the long-term success of the Company.

Align the executives' interests with those of the shareholders by providing a significant portion of compensation in Company Common Stock.

The executive compensation program is intended to provide an overall level of compensation opportunity that is competitive with that provided by other U.S. durable goods manufacturing companies of similar size. To determine competitiveness, the Committee annually uses compensation survey data, adjusted for sales volume, which is verified every three to four years by an outside consultant. Actual compensation levels may be greater or less than average competitive levels depending on annual and long-term Company performance, individual performance against goals set at the beginning of the year, and scope of responsibilities. The Compensation Committee uses its discretion to set executive compensation at levels that are warranted in its judgment by external and internal comparisons and individual circumstances. Certain of the Company's compensation plans should qualify for exemption from the deduction limitations under Internal Revenue Code Section 162 (m).

Executive Compensation Program. The Company's executive compensation program is comprised of base salary, annual cash incentive compensation and long-term incentive compensation in the form of cash-based awards, stock awards, restricted stock grants, and stock options. The long-term plans have a significant portion of their payout in Company Common Stock. In addition, executives receive various benefits, including medical and retirement plans, generally available to employees of the Company.

Base Salary. Base salary levels for the Company's executives are competitively set relative to the average of other U.S. durable goods manufacturing companies of similar size. In determining salaries, the Compensation Committee also takes into account individual experience, performance, and scope of responsibility, although no particular weight is given to any one factor.

Annual Cash Incentive Compensation. The purpose of the annual cash incentive program is to provide a direct financial incentive in the form of annual cash incentives to executives to achieve their business units' and/or the Company's annual goals. Target incentive awards are set at a level consistent with the averages of other U.S. durable goods manufacturers, after adjusting for sales volume. In fiscal

2003, Company and business unit economic profit improvement was the financial metric used for the annual incentive plan. Economic profit is based on the Company's net operating profit after taxes less a charge for net assets used in the business. Executives can earn incentive compensation based on the level of economic profit improvement year over year.

Stock Incentive Plans. The stock incentive plans are the Company's long-term incentive plans for executive officers and key managers. The objectives of the program are to align executive and shareholder long-term interests by creating a direct link between executive pay and shareholder return, and to enable executives to develop and maintain a significant, long-term ownership position in the Company's Common Stock. In order to define better for executives the minimum amount of stock that should be held, the Compensation Committee established in 1993 executive stock holding guidelines. These guidelines, which were revised in 1997 and again in 2003 to reflect the competitive environment, identify the amount of company stock based holdings (including restricted and unrestricted shares, deferred stock units, shares held under company benefit plans, and potential gains from vested and unvested options) which each executive should hold as a multiple of his or her base pay. Officers have five years from employment or promotion to meet these guidelines. The current guidelines are: CEO five times base salary, Senior Vice President two times base salary, and Vice Presidents one times base salary. Each year, the Committee reviews the progress of each executive toward those goals. All officers currently are in compliance with the guidelines.

The Compensation Committee annually grants a variety of stock-based awards under the Company's stock incentive plans. The amount of the awards increases as a function of higher salary and position in the Company. The award amounts, as a percent of base salary, are reviewed and adjusted, as necessary, to ensure their competitiveness. The last review, conducted in 2002, showed that the Company's executive pay was competitive.

During 2003, the following types of awards were granted:

Management Incentive Plan

Awards are earned under this plan at the end of each three-year performance period.

Restricted Stock

These grants vest 100% at the end of the restriction period.

Stock Options

These options permit executives to purchase Company stock during a ten-year period at the price in effect at the beginning of that period.

Short-Term Incentive Plan

These awards will be made in either cash or deferred stock units.

Chief Executive Officer Compensation. Ms. Dolan's fiscal 2003 base salary and incentive award were determined by the Compensation Committee in accordance with the methodology described above.

Base Salary Ms. Dolan's total base salary for fiscal 2003 was \$450,000.

Annual Incentive Ms. Dolan earned \$100,777 as an annual incentive for fiscal 2003.

Long-Term Performance Grants Ms. Dolan earned no management incentive plan award for fiscal 2003. She received in 2003 a restricted stock grant value of \$25,000. She also received in 2003 a stock option grant for 36,600 shares.

Edgar Filing: TENNANT CO - Form DEF 14A

A deferral plan is provided for Tennant executives, which allows them to defer a portion of their salary. Executives may elect to defer up to 25% of their current year salary. The amounts shown in the above table include any amounts thus deferred; however, of the total 2003 salaries shown in the table, no salary deferral has been made. Payout is made in cash within ten years of termination of employment. Interest is paid on these deferred amounts at a rate set annually by the Compensation Committee. For 2004 the interest rate has been set at 5.35% of the amounts deferred.

- (2) Ms. Dolan earned \$100,777 as an annual incentive for fiscal 2003. For 2003, Ms. Dolan's target annual incentive was set at 60% of her base salary. Based upon 37.4% achievement of the company economic profit improvement target and an individual performance multiplier of 100%, Ms. Dolan received an annual incentive equal to 37.4% of her target incentive. Amounts for 2003 represent Management Incentive Plan payouts and any annual incentive amounts. Payouts for 2003 are as follows: Ms. Dolan, \$100,777; Mr. Killingstad, \$45,752; Mr. Lenders, \$29,702; Mr. Carter, \$41,459; and Mr. Brausen, \$38,402. In an effort to increase senior management stock holdings and facilitate shareholder alignment, senior managers are offered the opportunity to receive deferred stock units in lieu of the short-term cash award at a rate of \$1.20 in deferred stock units for each dollar of cash bonus earned. The stock price of \$41.63 was set at the closing price on the date of grant. Of the amounts set forth above, Mr. Brausen elected to take \$15,361 in the form of deferred stock units.
- (3) The value of the restricted stock awards was determined by multiplying the Fair Market Value of the Company's Common Stock on the date of grant by the number of shares awarded. Using the
-
- fair market value of the Company's Common Stock as of December 31, 2003, the number and value of restricted stock awards issued in 2003 were as follows: 767 shares (\$33,211) to Ms. Dolan; 1,601 shares (\$69,323) to Mr. Killingstad; 369 shares (\$15,978) to Mr. Lenders; 1,194 shares (\$51,700) to Mr. Carter; and 1,144 shares (\$49,535) to Mr. Brausen. These shares of restricted stock have a two-year vesting period from respective dates of issuance, with a portion of these shares vesting after year one. Dividends are paid on restricted stock awards at the same time and rate as paid to all shareholders.
- (4) Amounts for 2003 represent the dollar value of LTIP deferred stock units paid out in 2004 as follows: Ms. Dolan, \$87,033; Mr. Lenders, \$3,074; and Mr. Brausen, \$11,648. Deferred stock units were paid in Common Stock on a share-for-share basis with respect to a minimum of 50% of the deferred stock units vested (valued, for this purpose, as of December 31 of the respective years of payment), and the balance was paid in cash.
- (5) Amounts represent payments under the Tennant Profit Sharing and ESOP Plan and the Company's Excess Benefit Plan as follows: (a) Profit Sharing Contributions (which were equal to 2% of earnings) were paid as follows for 2001, 2002 and 2003, respectively: \$7,573, \$7,942 and \$9,046 to Ms. Dolan; \$3,122, \$4,543 and \$5,174 to Mr. Brausen; \$0, \$769 and \$6,479 to Mr. Carter; and \$0, \$0, and \$4,392 to Mr. Killingstad; (b) employer Matching Contributions relating to employee Individual Shelter Contributions (Internal Revenue Code Section 401(k) contributions) were paid as follows for 2001, 2002 and 2003, respectively, through the allocation of Company Common Stock from the unallocated ESOP reserve: \$3,825, \$4,500 and \$6,000 to Ms. Dolan; \$5,100, \$4,762 and \$6,000 to Mr. Brausen; \$0, \$4,904 and \$6,000 to Mr. Carter; and \$0, \$4,748 and \$6,000 to Mr. Killingstad; and (c) Excess Benefit Plan awards were made as follows for 2001, 2002 and 2003, respectively: \$12,677, \$7,413 and \$7,568 to Ms. Dolan; \$1,878, \$2,052 and \$1,762 to Mr. Brausen; \$0, \$3,346 and \$3,718 to Mr. Carter; and \$0, \$1,587 and \$3,865 to Mr. Killingstad. Mr. Lenders is a resident of Belgium and does not participate in these compensatory programs.
- (6) Mr. Killingstad was first appointed as an executive officer in May 2002.
- (7) Mr. Lenders was first appointed as an executive officer in August 2001. Mr. Lenders' compensation amounts stated in dollars are affected by changes in the Euro/U.S. dollar foreign exchange rates.
- (8) Mr. Carter was first appointed as an executive officer in October 2001.

STOCK OPTION AWARDS IN LAST FISCAL YEAR

The following table summarizes Stock Option awards made during the last fiscal year under the Tennant Company 1992, 1995 and 1999 Stock Incentive Plans, as amended (collectively, the "Plans"), for the named executive officers.

Name	Options Granted (#)(1)	% of Total Options Granted to Employees During Fiscal Year	Exercise Price (\$/sh)(2)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for the Option Term(3)	
					5% (\$)	10% (\$)

Anthony T. Brausen	8,400	3.5	30.75	2/19/13	162,443	411,664

- (1) All such options granted under the Plans are nonqualified options, and are exercisable 33% per year, on a cumulative basis, beginning one year after the date of the grant. Such options become immediately exercisable, however, upon (a) death, disability, or retirement of the holder, or (b) a change of control (defined as certain changes in the Company's Board of Directors, certain concentrations of voting power, certain mergers, sales of corporate assets, statutory share exchanges or similar transactions, or liquidation or dissolution of the Company). The holder is permitted to pay the exercise price and withholding taxes due upon exercise with either cash, shares of Common Stock, a reduction in the number of shares delivered to the holder, or a combination of these alternatives.
- (2) The exercise price of such options is not less than the Fair Market Value (as defined in the Plans) of a share of Common Stock at the time of grant.
- (3) The hypothetical potential appreciation shown in these columns reflects the required calculations at annual rates of 5% and 10% set by the Securities and Exchange Commission, and therefore are not intended to represent either historical appreciation or anticipated future appreciation of the Company's Common Stock price.

MANAGEMENT AGREEMENTS

The Company is a party to management agreements (the "Agreements") with certain of the executive officers of the Company. The purpose of each of the Agreements is to encourage the executive to continue to carry out his or her duties in the event of the possibility of a change in control of the Company and to remain in the service of the Company in order to facilitate an orderly transition in the event of an actual change in control of the Company.

Each of the Agreements provides that the executive is entitled to receive his or her stated annual base salary, which is subject to annual review and adjustment by the Board of Directors. Each Agreement provides that the Board of Directors may not decrease the executive's annual base salary by more than 15% of the executive's prior year annual base salary. Each Agreement also provides that the executive will participate in certain of the Company's incentive programs and the Company's general benefits programs. Following termination of employment with the

Edgar Filing: TENNANT CO - Form DEF 14A

Company, an executive agrees to provide limited consulting services, not to compete with the Company, not to solicit employees and customers and not to disclose confidential information of the Company. In some circumstances, the executive shall receive one year's base salary for the consulting obligation and restrictive covenants.

Each Agreement provides that if the executive's employment is terminated by the Company without cause or is terminated by the executive for good reason, as defined in the Agreements, for a period of one year from the termination date, the executive is entitled to continue to receive his or her annual base salary (subject to reduction for any consulting and non-competition payments), receive the amount of the incentive award that would have been payable if the performance targets had been met and receive general benefits comparable to the programs in which the executive participated during employment with the Company.

Under the terms of each of the Agreements, if, between the occurrence of a change in control of the Company and the three-year anniversary date of such occurrence, an executive's employment is involuntarily terminated (for any reason other than death, disability, or for cause), the executive will be entitled to receive severance compensation and to receive general benefits comparable to the programs in which the executive participated during employment with the Company. If an executive resigns after certain changes in the executive's duties, compensation, benefits, work location or travel responsibilities, the executive shall be entitled to the same payments and benefits as if the executive had been involuntarily terminated without cause. Such compensation is payable also if the termination occurs before the change in control but after steps to change control have been taken, provided that a change in control ultimately occurs.

Severance compensation in connection with such changes in control consists of three times the executive's average annual taxable compensation during the executive's five taxable years preceding the change in control, minus \$1.00, plus the continuation of certain insurance benefits, subject to reduction: (i) for the amount (up to one year's base salary) the executive is eligible to receive in consideration for his or her consulting and non-compete obligations, (ii) for the amount of any other severance compensation the executive is eligible to receive from the Company under any other agreement of the Company providing compensation in the event of involuntary termination and (iii) to the extent necessary to avoid excise taxation to the executive or non-deductibility to the Company under federal income tax laws. If an executive subject to an Agreement voluntarily terminates his or her employment within 30 days after the first anniversary of a change in control and is not entitled to a payment of three times average annual compensation during the five-year period, the executive is nevertheless entitled to payment of one times the five-year average annual compensation, plus incentive payments and general benefits comparable to the programs in which the executive participated during employment with the Company, subject to the same reductions set forth in (i), (ii) and (iii) above.

Severance payments relating to a change in control are payable in a lump sum upon termination. As of the date of this Proxy Statement, the total compensation in the event of a termination without

17

cause following a change in control (assuming no reductions) for Ms. Dolan would be \$1,948,346; Mr. Killingstad, \$1,004,527; Mr. Lenders, \$699,131; Mr. Carter, \$845,060; and Mr. Brausen, \$734,778. The Company also will reimburse an executive for legal fees and expenses incurred in resolving disputes under the Agreement.

TENNANT COMPANY PENSION PLAN

The Tennant Company Pension Plan provides fixed retirement benefits for certain employees of the Company. Based upon certain assumptions, including continuation of the Pension Plan as of January 1, 2004, without amendment, the following table shows the annual retirement benefits (including the additional retirement benefits described in the second sentence under "Tennant Company Executive Nonqualified Deferred Compensation Plan" below) which would be payable as a straight-life annuity commencing at age 65 to persons at various salary levels after specified years of service.

Annual Compensation	Years of Service

\$ 50,000	4,320	6,480	8,640	10,801	12,961

450,000	60,320	90,480	120,640	150,801	180,961
500,000	67,320	100,980	134,640	168,301	201,961

600,000	81,320	121,980	162,640	203,301	243,961
650,000	88,320	132,480	176,640	220,801	264,961

Under the Pension Plan, benefits are payable based upon a percentage of a participant's final average pay excluding bonus, overtime or other special forms of remuneration. Currently under ERISA, as amended, the maximum annual amount that can be paid during 2004 to any individual is \$165,000. Amounts in excess of that maximum as well as amounts based on compensation that is excluded from the Plan formula by ERISA or the terms of the Plan are covered under the Tennant Company Executive Nonqualified Deferred Compensation Plan. The years of credited service under the Pension Plan for the named executive officers are: Ms. Dolan 18 years and Mr. Brausen 4 years. If Ms. Dolan or Mr. Brausen were to retire currently, the final average pay used by the Plan to determine benefits payable pursuant to the above table as of December 31, 2003, would be \$420,174 for Ms. Dolan and \$220,777 for Mr. Brausen.

The figures above are not subject to deductions for Social Security or other offset amounts.

TENNANT COMPANY EXECUTIVE NONQUALIFIED DEFERRED COMPENSATION PLAN

The Executive Nonqualified Deferred Compensation Plan (the "Deferred Compensation Plan") provides additional retirement benefits for highly compensated employees participating in the Tennant Company Profit Sharing and Employee Stock Ownership Plan or the Pension Plan. Employees participating in the Deferred Compensation Plan will receive a retirement benefit equal to the additional benefits which would have been provided under the Pension Plan if (a) the limitations imposed by Sections 401(a)(17) and 415 of the Internal Revenue Code were not applicable, and (b) management bonuses were included in certified earnings for the year in which they were earned,

18

and (c) deferred salaries were included in certified earnings for the plan year in which such amounts would have been paid in the absence of the deferral. Employees participating in the Excess Benefit Plan also receive cash payments of amounts which would have been contributed by the Company to the Tennant Company Profit Sharing and Employee Stock Ownership Plan as Profit Related Retirement Contributions or Matching Contributions if various limitations imposed by the Internal Revenue Code were not applicable.

the Company's system of internal control over financial reporting, including any significant deficiencies or material weaknesses in the design or operation of internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data,

the independent auditor's attestation of management's report on internal controls, and

any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls.

14. Discuss with management the Company's earnings press releases, including the use of "pro forma" or "adjusted" non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made) and need not occur prior to each release.

25. Prepare the Committee report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.
26. Retain independent counsel and other legal, accounting or other advisors as the Committee determines necessary to carry out its duties. The Company shall provide funding, as determined by the Committee, for payment of compensation to any advisors employed by the Committee.
27. After taking into account its purpose and responsibilities as outlined in this Charter, make an annual assessment of its overall performance, the manner in which it has met such responsibilities (including the number of meetings held, an overall review of matters considered and approved, and the number of meetings attended by each Committee member), and its overall performance.
28. Meet periodically with management, the internal auditors and the independent auditor in separate executive sessions.

While the Committee has the responsibilities and powers set forth in this charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in compliance in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor. Consequently, the Committee is not responsible for providing any expert or special assurance as to the Company's financial statements and other financial information or any professional certification as to the

The Committee shall report regularly to the Board through presentations at Board meetings or by submission of the minutes of the Committee meetings to the Board. In addition to funding for specific purposes described above, the Company shall provide appropriate funding, as determined by the Committee, for ordinary administrative expenses that are necessary for the Committee to

carry out its duties.

Appendix A - 5

EXHIBIT A

**TENNANT COMPANY

This policy is adopted in accordance with the Audit Committee Charter and applicable laws regarding the Audit Committee's pre-approval responsibilities. The Committee is responsible for pre-approving all domestic and international engagements of the Company's independent auditor to perform for the Company and its subsidiaries audit and non-audit services, subject to any de minimis exception available under applicable laws and regulations.

The Committee's approval of the independent auditor's annual engagement letter shall constitute pre-approval for all services contained in the letter. In connection with the Committee's annual approval of the independent auditor's engagement, the Committee shall approve the engagement of the independent auditor to provide the following audit services:

audits and reviews in accordance with generally accepted auditing standards

attestation services

services associated with registration statements and periodic reports filed the SEC, such as comfort letters, auditor reports and consents and assistance responding to comment letters

In addition, the Company may, without further approval of the Committee, engage the independent auditor to perform any non-audit services if the engagement is consistent with the terms of this policy.

Prohibited Non-Audit Services.

Edgar Filing: TENNANT CO - Form DEF 14A

broker or dealer, investment adviser, or investment banking services

any other service the PCAOB determines, by regulation, is impermissible

The Committee may take any actions it deems necessary or appropriate to ensure that the Company's independent auditor is not engaged to provide any of these prohibited non-audit services.

Exhibit A to Appendix A - 1

Other Non-Audit Services

The Committee has determined that the following audit-related services are consistent with the role of the independent auditor:

financial statement audits of employee benefit plans

due diligence related to mergers and acquisitions

accounting consultations and audits in connection with acquisitions

expanded audit procedures related to accounting and/or billing records to respond to or comply with financial, accounting or regulatory reporting matters

international expatriate services (including tax services and immigration services)

review of tax returns (local, state, federal and international income, franchise and other)

The Company may engage the independent auditor to provide any of the non-audit services listed above. The Committee may, annually or from time to time, set fee levels for certain of the non-audit services listed above or for the aggregate fees that may be paid for all non-audit services. Any engagements for services exceeding those levels shall require specific pre-approval by the Committee.

All non-audit services that are not listed above shall require specific pre-approval by the Committee.

Three Principles of Independence

Each time the Committee considers the pre-approval of engagement of the independent auditor to perform a non-audit service, the Committee shall consider whether the provision of such service is compatible with maintaining the auditor's independence. In that regard, the Committee shall consider whether there is a risk that any of the following principles of independence may be compromised:

an auditor cannot function in the role of management,

an auditor cannot audit his or her own work, and

Exhibit A to Appendix A - 2

an auditor cannot serve in an advocacy role for his or her client.

The Committee shall also consider the aggregate amount of fees paid to the independent auditor for non-audit services (audit-related, tax and other non-audit services) in relation to the total fees paid to the independent auditor for all services.

Delegation of Pre-Approval Authority

The Committee delegates the authority to grant pre-approvals of other permissible non-audit services to the Committee chair, provided that any pre-approvals by the chair shall be reported to the full Committee at its next scheduled meeting.

Services to Executives

Executive officers of the Company are prohibited from engaging the Company's independent auditor to perform personal services on their behalf (e.g., tax planning, estate planning, etc.).

Monitoring

The Company's Controller is responsible for tracking all fees paid to the Company's independent auditor for non-audit services for each quarter. This information shall be presented to the Committee during regularly scheduled meetings. The Company shall disclose all approvals of engagements for non-audit services in the Company's SEC filings as required by applicable law.

The Committee may amend or revise this policy from time to time.
