PROXY STATEMENT

SOLICITATION OF PROXIES

The enclosed proxy is solicited by and on behalf of the Board of Directors of Vital Images, Inc., a Minnesota corporation ("Vital Images" or the "Company"), for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Hilton Minneapolis, 1001 Marquette Avenue South, Minneapolis, Minnesota, on Wednesday, May 12, 2004, at 3:30 p.m. (Minneapolis, Minnesota time), and any adjournment thereof. This Proxy Statement and the accompanying form of proxy are being mailed to shareholders on or about April 16, 2004.

The expense of the solicitation of proxies for the Annual Meeting, including the cost of mailing, has been or will be borne by the Company. Arrangements will be made with brokerage houses and other custodian nominees and fiduciaries to send proxies and proxy materials to their principals, and the Company will reimburse them for their expense in so doing. In addition to solicitation by mail, proxies may be solicited by telephone, facsimile or personally.

VOTING AND REVOCATION OF PROXY

Only holders of record of the Company's common stock at the close of business on March 26, 2004, the record date for the Annual Meeting, are entitled to notice of and to vote at the Annual Meeting. On the record date, 11,564,686 shares of the Company's common stock were outstanding. Each share of common stock entitles the holder thereof to one vote upon each matter to be presented at the Annual Meeting.

Each proxy returned to the Company will be voted in accordance with the instructions indicated thereon. If no instructions are indicated, the shares will be voted FOR the election of the nominees for the Board of Directors named in this Proxy Statement. While the Board of Directors knows of no other matters to be presented at the Annual Meeting or any adjournment thereof, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxy holders.

Instead of submitting a signed proxy card, shareholders may submit their proxies by telephone or through the Internet using the control number and instructions on the proxy card. Telephone and Internet proxies must be used in conjunction with, and will be subject to, the information and terms contained on the proxy card. These procedures may not be available to shareholders who hold their shares through a broker, nominee, fiduciary or other custodian.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (a) giving written notice of such revocation to the Secretary of the Company, (b) giving another written proxy bearing a later date, or (c) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

A quorum, consisting of a majority of the shares of common stock entitled to vote at the Annual Meeting, must be present in person or by proxy before action may be taken at the Annual Meeting. In general, the shareholders of the Company may take action by the affirmative vote of the holders of the greater of (i) a majority of the voting power of the shares present and entitled to vote on a particular

1

item of business, or (ii) a majority of the voting power of the minimum number of shares entitled to vote that would constitute a quorum. If an executed proxy is returned and the shareholder has abstained from voting on any matter, the shares represented by such proxy will be considered present at the meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of such matter. If an executed proxy is returned by a broker holding shares in "street name," which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, such shares will be considered present at the meeting for purposes of determining a quorum but will not be considered to be represented at the meeting for purposes of calculating the vote with respect to such matter.

PROPOSALS OF SHAREHOLDERS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, any shareholder wishing to have a proposal considered for inclusion in the Company's proxy solicitation material for the Annual Meeting of Shareholders to be held in 2005 must set forth such proposal in writing and file it with the Secretary of the Company no later than December 17, 2004, the date that is 120 days before April 16, 2005. Further, pursuant to Rule 14a-4, if a shareholder fails to notify the Company of a proposal before March 2, 2005, the date that is 45 days before April 16, 2005, such notice will be considered untimely and management proxies may use their discretionary voting authority with respect to any such proposal.

OTHER BUSINESS

At the date of this Proxy Statement, management knows of no other business that may properly come before the Annual Meeting. However, if any other matters properly come before the meeting, the persons named in the enclosed form of proxy will vote the proxies received in response to this solicitation in accordance with their best judgment on such matters.

The Company's Board of Directors has determined that each of Messrs. Accordingly, the Board is composed of a majority of independent directors as required by the Nasdaq Marketplace Rules.

Board and Committee Meetings; Attendance at Annual Meeting of Shareholders

During 2003, the Board of Directors met seven times. Also during 2003, the Board of Directors had two standing committees a Compensation Committee, which met twice during 2003, and an Audit Committee, which met six times during 2003. With the exception of James B. Hickey, Jr., who was unable to attend two meetings of the Board of Directors, each director attended at least 75% of the total number of meetings of the Board of Directors and of the committees on which the director served during 2003.

It is the policy of the Board that each member of the Board should attend the Company's Annual Meeting of Shareholders whenever practical, and that at least one member of the Board must attend each Annual Meeting of Shareholders. The Company regularly schedules a

Board meeting on the same day as the Annual Meeting. All seven of the directors attended the Annual Meeting of Shareholders held in 2003.

7

Board Committees

As described in the Compensation Committee Report included later in this Proxy Statement, the Compensation Committee reviews and makes recommendations to the Board of Directors regarding salaries, compensation and benefits of executive officers and senior management of the Company and administers the Company's 1997 Director Stock Option Plan and 1997 Stock Option and Incentive Plan. In addition to the meetings and actions of the Compensation Committee described above, the entire Board of Directors discussed and reviewed compensation issues throughout the year at its regular meetings. The current members of the Compensation Committee are James B. Hickey, Jr. (Chairman), Michael W. Vannier, M.D. and Sven A. Wehrwein. The Board of Directors has determined that all members of the Compensation Committee are "independent," as that term is defined in Rule 4200(a)(15) of Nasdaq's Marketplace Rules.

As described in the Audit Committee Report included later in this Proxy Statement, the Audit Committee oversees the accounting and financial reporting processes and audits of the financial statements of the Company. The Audit Committee assists the Board in fulfilling its oversight responsibilities for the quality and integrity of the Company's financial reports, the Company's compliance with legal and regulatory requirements and the independent auditors' qualifications and independence, as well as accounting and reporting processes. The Audit Committee also reviews the internal and external financial reporting of the Company and reviews the scope of the independent audit. The current members of the Audit Committee are Sven A. Wehrwein (Chairman), James B. Hickey, Jr., Richard W. Perkins and Michael W. Vannier, M.D. The Company's Board of Directors has determined that all members of the Audit Committee are independent under Rule 4200(a)(15) of Nasdaq's Marketplace Rules and Rule 10A-3 under the Securities Exchange Act of 1934 ("Exchange Act"). The Board has determined that Sven A. Wehrwein is qualified as an "audit committee financial expert," as that term is defined in Item 401(h)(2)(i) of Regulation S-K.

On February 7, 2004, the Company's Board of Directors formed a Governance and Nominating Committee, which consists of Richard W. Perkins (Chairman), James B. Hickey, Jr. and Douglas M. Pihl. Before the Annual Meeting of Shareholders to be held on May 12, 2004, the Company's Board will adopt a charter for the Governance and Nominating Committee. Because there currently is no charter for the Governance and Nominating Committee, the charter is not now available. However, the charter will be available on the Company's website at http://www.vitalimages.com on or shortly after the date of the Company's Annual Meeting. The Governance and Nominating Committee will be responsible for making recommendations to the full Board of Directors regarding candidates for election to the Board. Because it was formed in 2004, the Governance and Nominating Committee did not meet during 2003. For the 2004 Annual Meeting of Shareholders, the full Board of Directors considered and nominated the candidates proposed for election.

The charters for the Audit and Compensation Committees are set forth on the Company's website at http://www.vitalimages.com. The charter for the Governance and Nominating Committee will be set forth on the website after it has been approved by the Company's Board of Directors.

Executive Sessions of the Board

The Board has formally adopted a policy of meeting in executive session, with only independent directors being present, on a regular basis and at least two times each year. During 2003, the Board began meeting in executive session during each meeting of the Board of Directors.

Code of Business Conduct and Ethics

By May 4, 2004, the Board will approve and the Company will adopt a Code of Business Conduct and Ethics that will apply to all directors, officers and employees of the Company, and this Code will be available on the Company's website at http://www.vitalimages.com. The Governance and Nominating

8

Committee of the Board will be responsible for overseeing the Code. In accordance with Nasdaq's Marketplace Rules, any waivers of the Code for directors and executive officers must be approved by the Company's Board of Directors.

Qualifications of Candidates for Election to the Board

The Company's Directors take a critical role in guiding the Company's strategic direction, and they oversee the management of Company. Since the Company was spun off in 1997, there has been very little turnover on the Board. See "Election of Directors." When Board candidates are considered, they are evaluated based upon various criteria, such as their broad-based business and professional skills and experiences, experience serving as management or on the board of directors of companies such as the Company, concern for the long-term interests of the stockholders, financial literacy and personal integrity in judgment. In addition, director candidates must have time available to devote to Board activities. Accordingly, the Board seeks to attract and attain highly qualified directors who have sufficient time to attend to their duties and responsibilities to the Company. Recent developments in corporate governance and financial reporting have resulted in an increased demand for such highly-qualified and productive public company directors.

The Board of Directors has established the following minimum requirements for Director candidates: being able to read and understand fundamental financial statements; having at least ten years of relevant business experience; having no identified conflicts of interest as a prospective Director of the Company; having not been convicted in a criminal proceeding other than traffic violations during the five years before the date of selection; and being willing to comply with the Company's proposed Code of Business Conduct and Ethics. The Board of Directors and, subsequent to its formation, the Governance and Nominating Committee, retains the right to modify these minimum qualifications from time to time. Exceptional candidates who do not meet all of these criteria may still be considered.

Process for Identifying and Evaluating Candidates for Election to the Board

The Governance and Nominating Committee will review the qualifications and backgrounds of the Directors, as well as the overall composition of the Board, and recommend to the full Board the Directors to be nominated for election at each Annual Meeting of Shareholders of the Company. In the case of incumbent Directors, the Governance and Nominating Committee will review such Directors' overall service to the Company, including the number of meetings attended, level of participation, quality of performance, and whether the Director continues to meet the applicable independence standards. In the case of any new Director candidates, the questions of independence and financial expertise are important to determine what roles can be performed by the candidate, and the Governance and Nominating Committee will determine whether the candidate meets the applicable independence standards and the level of the candidate's financial expertise. Any new candidates will be interviewed by the Governance and Nominating Committee and, if approved by the Committee, then by all members of the Board. The full Board will approve the final nominations. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors.

Shareholder Nominations

Shareholders may nominate Director candidates for consideration by the Governance and Nominating Committee by writing to Mr. Gregory S. Furness, the Company's Secretary, and providing to the Secretary the candidate's name, biographical data and qualifications, including five-year employment history with employer names and a description of the employer's business; whether such individual can read and understand fundamental financial statements; other board memberships (if any); and such other information as reasonably available and sufficient to enable the Governance and Nominating Committee to evaluate the minimum qualifications stated above under the section of this

9

proxy statement entitled " Qualifications of Candidates for Election to the Board." The submission must be accompanied by a written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the shareholders. Written notice must be given at least 120 days before the date of the next Annual Meeting of Shareholders. If a shareholder nominee is eligible, and if the nomination is proper, the Governance and Nominating Committee then will deliberate and make its recommendation to the Board of Directors.

The Governance and Nominating Committee will not change the manner in which it evaluates candidates, including the applicable minimum criteria set forth above, based on whether the candidate was recommended by a shareholder.

Communications with the Board

Shareholders can communicate directly with the Board, or with any Committee of the Board, by writing to Mr. Gregory S. Director Compensation

Director Fees. During 2003, non-employee directors received an \$8,000 annual retainer, and the Chairman of the Board received a \$12,000 annual retainer. Committee Chairman received annual retainers of \$2,000 each. In 2003, the non-employee directors of the Company also received a fee of \$500 for each Board meeting they attended and \$500 for each committee meeting attended.

1997 Director Stock Option Plan. The Vital Images, Inc. 1997 Director Stock Option Plan ("Director Plan") was adopted by the Board of Directors on March 19, 1997 and approved by the sole shareholder of the Company on May 1, 1997. The Director Plan is intended to assist the Company in attracting, motivating and retaining well-qualified individuals to serve as directors of the Company. As described below, the Director Plan provides for both the automatic and discretionary grant of options. The only individuals eligible to receive options under the Director Plan are members of the Board of Directors of the Company, and the only individuals eligible to receive automatic grants of options under the Director Plan are those Directors of the Company who are not employees of the Company. The Director Plan currently provides that the total number of shares of the Company's common stock that may be purchased upon the exercise of options shall not exceed 300,000 shares, subject to adjustment as provided in the Director Plan.

The Director Plan is administered by the Board of Directors of the Company. However, certain grants of stock options under the Director Plan and the amounts and terms of the options so granted are automatically determined under the Director Plan. As such, the Board of Directors has no authority to determine the grant or terms of such automatic options.

Under the Director Plan, non-employee directors of the Company receive automatic grants of stock options to purchase 18,000 shares on their initial election or appointment to the Board of Directors and on each third anniversary thereafter so long as they are members of the Company's Board.

All options automatically granted under the Director Plan expire eight years after the date of grant. The exercise price per share for each option granted under the Director Plan is equal to 100% of the fair market value of a share of the Company's common stock on the date such option is granted. Options automatically granted under the Director Plan vest and become exercisable as to one-third of the option shares on the first, second and third December 31 following the date of grant. The Director Plan also permits the Board of Directors to make discretionary grants of stock options to one or more directors in addition to the automatic option grants. Upon the discretionary grant of an option, the

10

Board of Directors fixes the number of shares of the Company's common stock that the optione may purchase upon exercise of the option and the price at which the shares may be purchased. The exercise price of such options cannot be less than the fair market value of the common stock at the time the option is granted. On February 29, 2004, options for an aggregate of 237,000 shares were outstanding under the Director Plan and 43,000 shares were available for the grant of awards under the Director Plan.

Retirement Savings Plan

The Company maintains the Vital Images, Inc. Salary Savings Plan (the "Plan"), which is intended to qualify under Section 401(k) of the Internal Revenue Code, as amended. The Plan covers substantially all employees. Each employee may elect to contribute to the Plan through payroll deductions of up to 25% of his or her salary, subject to certain limitations. At the discretion of the Board of Directors, the Company may make matching contributions equal to a percentage of the salary reduction contributions or other discretionary amounts. There were no contributions to the Plan by the

13

Company in 2003, 2002 and 2001. The Board of Directors has approved a proposal that effective July 1, 2004 the Company will begin a matching contribution of 25% of the first 4% of eligible employee contributions.

1997 Stock Option and Incentive Plan

The Vital Images, Inc. 1997 Stock Option and Incentive Plan (the "1997 Plan") was adopted by the Board of Directors on March 19, 1997 and approved by Bio-Vascular, Inc. (now known as Synovis Life Technologies, Inc.), the sole shareholder of the Company, on May 1, 1997. The 1997 Plan is intended to assist the Company in hiring and retaining well-qualified employees, consultants and other service providers by allowing them to participate in the ownership and growth of the Company through the grant of incentive and non-statutory stock options ("Options"), awards of restricted stock, performance units, stock bonuses or any combination thereof. Management believes that the granting of Options and other awards will serve as partial consideration for and give well-qualified employees, consultants and other service providers an

additional inducement to remain in the service of the Company and provide them with an increased incentive to work for the Company's success.

Administration. The 1997 Plan is administered by the Compensation Committee of the Board of Directors, which determines when and which employees, consultants and other service providers will be granted Options and awards under the 1997 Plan. Subject to the provisions of the 1997 Plan, the Compensation Committee also determines the type, amount and terms of awards (including restrictions) and makes all other determinations necessary or advisable for the administration of the 1997 Plan. The determinations by the Compensation Committee are not required to be made on a uniform basis and are final and conclusive.

Employees of the Company and any of its "Affiliates" (as such term is defined in the 1997 Plan) are eligible for selection to receive Options qualified as incentive stock options ("ISOs") under Section 422 of the Internal Revenue Code of 1986 (the "Code"). Employees, consultants and other service providers of the Company or its Affiliates may be granted non-qualified Options ("NQOs"), restricted stock awards, performance units or stock bonuses.

The 1997 Plan will terminate on the earlier of the date on which the 1997 Plan is terminated by the Board of Directors of the Company or March 19, 2007. Options or restricted stock awards outstanding at the termination of the 1997 Plan may continue to be exercised in accordance with their terms after such termination. The 1997 Plan may be amended at any time by the Board of Directors. However, without the approval of a majority of the Company's shareholders voting at a meeting at which a quorum is present, no such amendment may (i) materially increase the benefits accruing to participants under the 1997 Plan; (ii) increase the number of shares available for issuance or sale under the 1997 Plan (other than as permitted in certain circumstances provided by the 1997 Plan); or (iii) materially modify the requirements as to eligibility for participation in the 1997 Plan.

Shares Subject to 1997 Plan. The 1997 Plan currently provides that the total number of shares of the Company's common stock that may be purchased pursuant to the exercise of Options and issued in connection with other awards shall not exceed 3,500,000 shares, subject to adjustment as provided in the 1997 Plan. The shares to be issued upon the exercise of Options and awards granted under the 1997 Plan will be currently authorized but unissued shares of common stock of the Company. The number of shares of the Company's common stock available under the 1997 Plan, the exercise price of an Option or the value of an award may be adjusted by the Compensation Committee in its sole discretion upon any stock dividend or split, recapitalization, reclassification, combination, exchange of shares or other similar corporate change if the Compensation Committee determines that such change necessarily or equitably requires such an adjustment.

14

Stock Options. Upon the grant of an Option, the Compensation Committee fixes the number of shares of the Company's common stock that the optionee may purchase upon exercise of the Option and the price at which the shares may be purchased. With regard to ISOs, the exercise price cannot be less than the "fair market value" of the common stock at the time the ISO is granted or 110% of such fair market value in certain cases. Further, the aggregate fair market value of common stock (determined at the time the ISO is granted) subject to ISOs granted to an employee under all the Company's option plans that become exercisable for the first time by such employee during any calendar year may not exceed \$100,000. The exercise price of NQOs may be less than the fair market value of the common stock, but not less than 85% of fair market value. Each Option will be exercisable by the optionee only during the term fixed by the Compensation Committee, with such term ending not later than 10 years after the date of grant (in the case of ISOs). Payment for shares upon exercise of any Option may be made in cash, in shares of the Company's common stock that have been owned for more than six months having an aggregate fair market value on the date of exercise which is not less than the exercise price of the Option, or by a combination of cash and such shares, as the Compensation Committee may determine.

Options granted under the 1997 Plan are non-transferable except to the extent permitted by the agreement evidencing such Option. However, no ISO will be transferable by any optionee other than by will or the laws of descent and distribution. If, pursuant to the agreement evidencing any Option, such Option remains exercisable after the optionee's death, it may be exercised to the extent permitted by such agreement by the personal representative of the optionee's estate or by any person who acquired the right to exercise such option by bequest, inheritance or otherwise by reason of the optionee's death.

Restricted Stock Awards. Restricted stock awards granted pursuant to the 1997 Plan entitle the holder to receive shares of the Company's common stock, which are subject to forfeiture to the Company if specified conditions are not satisfied. The Compensation Committee may establish a period (the "Restricted Period") when a restricted stock award is granted during which the holder will not be permitted to sell, transfer, pledge, encumber or assign the shares of the Company common stock subject to the award. During the Restricted Period, the holder of shares subject to the restricted stock award shall have all of the rights of a shareholder of the Company with respect to such shares, including the right to vote the shares and to receive any dividends and other distributions with respect to the shares. Except to the extent otherwise provided in the restricted stock agreement governing each restricted stock award, all shares of the Company's common stock then subject to any restriction will be forfeited to the Company without further obligation of the Company to the holder thereof, and all rights of the holder with respect to such shares will terminate, if the holder ceases to provide services to the Company or its Affiliates as an employee, consultant or other service

provider.

(1)

Performance Units. Performance units may entitle the recipient to receive a payment from the Company in the form of stock, cash or a combination of both upon the achievement of established performance or other goals. A recipient may be granted one or more performance units under the 1997 Plan, and such performance units will be subject to such terms and conditions, consistent with the other provisions of the 1997 Plan, as may be determined by the Compensation Committee in its sole discretion.

Stock Bonuses. A stock bonus entitles a recipient to receive an award of common stock of the Company. Stock bonuses will be subject to such terms and conditions, consistent with the other provisions of the 1997 Plan, as may be determined by the Compensation Committee. The Compensation Committee may impose such restrictions on the assignment or transfer of a stock bonus as it deems appropriate.

Immediate Acceleration of Awards. The 1997 Plan provides that, notwithstanding any other provisions contained in the 1997 Plan or the agreement evidencing any Option or restricted stock award thereunder, the restrictions on all shares of restricted stock shall lapse immediately, and all

15

outstanding Options will become exercisable immediately, if any of the following events occur: (i) the sale, lease, exchange or other transfer of substantially all of the assets of the Company; (ii) the liquidation or dissolution of the Company; (iii) certain mergers or consolidations of the Company which result in a reduction in the voting power of the current shareholders of the Company; (iv) any person becomes the beneficial owner of more than 20% of the Company's Common Stock without the advance approval of the incumbent directors or more than 50% of the voting power of the Company's outstanding stock without regard to consent by the incumbent directors; (v) the incumbent directors cease for any reason to constitute at least a majority of the Board; or (vi) any other change in control of the Company of a nature that would be required to be reported pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934. On February 29, 2004, options for an aggregate of 2,315,550 shares were outstanding under the 1997 Plan, no other awards were outstanding under the 1997 Plan, and 578,731 shares were available for the grant of awards under the 1997 Plan. Awards may be granted under the 1997 Plan through March 19, 2007. The 1997 Plan may be terminated earlier by the Board of Directors in its sole discretion.

Employee Stock Purchase Plan

The Vital Images, Inc. 1997 Employee Stock Purchase Plan (the "Stock Purchase Plan") was adopted by the Board of Directors on March 19, 1997 and by Bio-Vascular, Inc. (now known as Synovis Life Technologies, Inc.) as the sole shareholder of the Company on May 1, 1997. The Stock Purchase Plan permits eligible employees to make voluntary contributions through payroll deductions to be used to purchase common stock from the Company. The Stock Purchase Plan consists of periodic offerings, and the first such offering began on July 1, 1997. Each offering under the Stock Purchase Plan is for a period of three months (an "Offering Period"). An employee may elect to have up to a maximum of 10% deducted from his or her regular salary for purposes of purchasing up to 500 shares under the Stock Purchase Plan during each Offering Period. The price at which the employee shares are purchased will be the lower of (i) 85% of the closing price of the common stock of the Company on the day that an Offering Period commences under the Stock Purchase Plan or (ii) 85% of the closing price of the Company's common stock on the day that such Offering Period terminates. With certain exceptions, all employees of the Company who work at least 20 hours per week, including officers and directors who are employees, are eligible to participate in the Stock Purchase Plan. The Stock Purchase Plan provides for the issuance of up to 250,000 shares of common stock, and it is administered by the Board of Directors or by the Compensation Committee. Through December 31, 2003, 148,547 shares had been issued under the Stock Purchase Plan and 101,453 shares were available for grant under the Stock Purchase Plan.

Other Stock Option Plans

On May 12, 1997, Bio-Vascular, Inc. (now known as Synovis Life Technologies, Inc.), the former parent company of Vital Images, distributed all of the shares of common stock of Vital Images to Bio-Vascular's shareholders of record on May 5, 1997 in a distribution transaction (the "Distribution"). Pursuant to an Employee Benefits Agreement between Vital Images and Bio-Vascular, Vital Images and Bio-Vascular agreed to adjust each unexercised option to purchase Bio-Vascular common stock outstanding as of the record date for the Distribution ("Bio-Vascular Options") to reflect the Distribution (an "Adjusted Bio-Vascular Option"), and each holder of a Bio-Vascular Option was granted an option to purchase common stock of Vital Images in connection with the Distribution (a

"Vital Images Option"). The exercise price and number of shares covered by each Adjusted Bio-Vascular Option, as well as the exercise price and number of shares covered by each Vital Images Option, was determined according to a formula provided in the Employee Benefits Agreement that was based on the relative fair market trading values of Bio-Vascular common stock and the Company's common stock during the first five trading days following the date of the Distribution.

In connection with the issuance of Vital Images Options with respect to Bio-Vascular Options in existence on the date of the Distribution, the Company adopted the 1995 Stock Incentive Adjustment Plan, the Incentive Stock Option Adjustment Plan and the 1992 Director Stock Option Adjustment Plan. Each of these plans is intended to mirror the provisions of a corresponding Bio-Vascular option plan. Because each Bio-Vascular option plan generally provides for the termination of options following termination of employment, each of such mirror plans was approved and adopted to provide that the Distribution will not cause a termination of any employee of the Company for the purposes of such plans and that options held by employees of the Company following the Distribution will remain exercisable following the Distribution, so long as such employees remain employed by the Company or any subsidiary. Similar modifications to the existing 1990 Management Incentive Stock Option Plan and the 1992 Stock Option Plan were also adopted by the Company with respect to Bio-Vascular employees. Awards of options under these plans, as well as pursuant to certain non-plan award agreements, were made in connection with the Distribution. It is intended that the 1995 Stock Incentive Adjustment Plan, the Incentive Stock Option Adjustment Plan and the 1992 Director Stock Option Adjustment Plan, as well as the 1992 Stock Option Plan and the 1990 Management Incentive Stock Option Plan, will not be used to grant options to purchase common stock of the Company other than in connection with the Distribution. In connection with the Distribution, Vital Images granted Vital Images Options to purchase 608,534 shares of the Company's stock. As of February 29, 2004, Vital Images Options to purchase 27,012 shares were outstanding.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

James B. Hickey, Jr., Michael W. Vannier, M.D. and Sven A. Wehrwein, each of whom is a non-employee director of the Company, served as the members of the Company's Compensation Committee in 2003. See "Report of the Compensation Committee." Messrs. Miller and Argiro, the only executive officers of the Company who served on the Board of Directors in 2003, abstained from voting on compensation matters affecting their compensation.

Employment Agreement

The Company entered into an Employment Agreement with Jay D. Miller effective February 9, 2002, which sets forth the terms of his employment as the Company's President and Chief Executive Officer. The agreement provides for an annual base salary of \$180,000 and allows for a review and possible increase. In addition, Mr. Miller is eligible to receive bonuses as established by the Company's Board of Directors under the Company's management incentive plan. The agreement also provides for

19

Mr. Miller's participation in the Company's fringe benefit plans and programs in which other senior executive officers of the Company participate. If the Company terminates Mr. Miller's employment without cause during the term of his Employment Agreement, the Company is required to pay Mr. Miller a severance payment equal to 12 months' base salary at the time of termination.

Change in Control Agreements and Severance Arrangements

The Company has entered into agreements with Jay D. Miller, Vincent J. Argiro, Steven P. Canakes and Gregory S. Furness that provide for certain benefits for them upon a "change in control" of the Company, as defined in such agreements. If each such officer's employment with the Company is terminated for any reason other than death, cause, disability or retirement, or if he terminates his employment with the Company for good reason, or in the case of Messrs. Miller and Furness for any reason, and the termination occurs within 12 months following a change in control, or before a change in control if his termination was a condition of the change in control, such officer would be entitled to a lump sum cash payment equal to his annual base salary in effect on the date of the change in control multiplied by two, as well as employee welfare benefits then in effect for a period of 24 months. The agreements also incorporate standard confidentiality restrictions.

The Company has severance arrangements with Messrs. REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the "Committee") is responsible for assuring that compensation for executives is consistent with the Company's compensation philosophy. The Compensation Committee also administers and recommends to the entire Board each year any stock option grants under the Company's 1997 Plan and incentive compensation plans and payouts and advises the Board on other compensation related matters. James B. Hickey, Jr., Michael W. Vannier, M.D. and Sven A. Wehrwein, each of whom is an independent director of the Company as defined in the Nasdaq Marketplace Rules, served as the members of the Company's Compensation Committee in 2003. The following report is made by Messrs. Hickey and Wehrwein and Dr. Vannier and summarizes the Company's executive officer compensation policies for 2003.

The Company's executive compensation program is based on a pay-for-performance philosophy. Under the Company's program, an executive's compensation consists of three components: base salary, an annual incentive (bonus) payment and long-term incentives (stock options). Base salary is determined by an assessment of the executive's sustained performance against his or her individual job responsibilities, including the impact of such performance on the business results of the Company. Payments under the Company's annual incentive plan are tied to the level of achievement of annual performance targets, including revenue, operating results and other performance targets related to business functions under the executive's direction. Annual performance targets are based upon the Company's annual strategic plan as reviewed by the Board of Directors. An individual executive's annual incentive opportunity is based upon a percentage of his or her base salary.

The Company's long-term incentives are in the form of stock options. The objectives of these awards are to advance the longer term interests of the Company and its shareholders, complement incentives tied to annual performance and align the interests of executives more closely with those of shareholders. The Company also believes that the entrepreneurial character of its executives makes the long-term incentives provided by its stock option program especially significant in the motivation and retention of its executives. The number of stock options awarded to an executive is based on the executive's position and his or her performance in that position. The executive's right to the stock options generally vests over a four-year period and each option is exercisable, to the extent it has vested, over an eight-year period following its grant.

The compensation of Mr. Jay D. Miller, the Company's President and Chief Executive Officer, for 2003 was determined in part pursuant to an Employment Agreement dated February 7, 2002 between Mr. Miller and the Company, which was approved by the entire Board in 2002. The Employment Agreement provides for an annual base salary of \$180,000, subject to review and possible increase, and entitles Mr. Miller to participate in the Company's management incentive plan. For 2003, the Compensation Committee recommended and the Board approved a \$10,000 increase in Mr. Miller's salary based on the Compensation Committee's assessment of Mr. Miller's past performance and its expectations as to Mr. Miller's future contributions in directing the long-term success of the Company. Under the management incentive plan, 40% of Mr. Miller's bonus for 2003 was determined by reference to the revenue objectives set forth in the plan, 40% was based on the net income objectives set forth in the plan, and 20% was based on personal objectives set by the Compensation Committee for Mr. Miller for 2003. The Board of Directors also approved a discretionary bonus of \$5,000 for Mr. Miller for 2003. In addition, on February 26, 2003, the Board approved the grant to Mr. Miller under the 1997 Plan of stock options to purchase a total of 30,000 shares of the Company's common stock at an exercise price of \$9.60 per share. These options vest as to 28% of the shares beginning one year after the date of grant and as to an additional 2% per month thereafter. The number and terms of Mr. Miller's options were determined based on the Compensation Committee's judgment as to the performance of Mr. Miller prior to the date of grant as well as the number of options already held by Mr. Miller. The Compensation Committee believes that the compensation arrangements established for Mr. Miller are consistent with the philosophy and objectives described above.

The Committee believes that the Company's executives are focused on the attainment of a sustained high rate of growth and improving operating results for the benefit of the Company and its shareholders, and that the Company's compensation program, with its emphasis on performance-based and long-term incentive compensation, serves to reinforce this focus.
