PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

Perot Systems Corporation is furnishing you this Proxy Statement on behalf of its Board of Directors to solicit proxies for its Annual Meeting of Stockholders and any adjournments or postponements of the Annual Meeting. We will hold the Annual Meeting at our Plano Campus Cafeteria, 2300 West Plano Parkway, Plano, Texas on Friday, May 9, 2008, at 3:30 p.m. Central Daylight Time. We first mailed these proxy materials to our stockholders on or about March 25, 2008.

PURPOSE OF MEETING

We are holding the Annual Meeting for the stockholders to elect our directors, amend, renew and extend the Employee Stock Purchase Plan, ratify the appointment of our independent registered public accounting firm for 2008, and conduct any other business that properly comes before the Annual Meeting.

VOTING AND SOLICITATION

Right to Vote and Record Date

Our Class A Common Stock, par value \$.01 per share, is the only type of security entitled to vote at the Annual Meeting. Each share of Class A Common Stock that you owned as of the close of business on March 12, 2008, entitles you to one vote for each of the 11 nominees for director and one vote on each other proposal properly brought before the Annual Meeting. On March 12, 2008, there were 118,955,116 shares of Class A Common Stock outstanding.

Quorum; Adjournment

The holders of at least a majority of the voting power of our issued and outstanding shares of Class A Common Stock must be present, in person or by proxy, to constitute a quorum for the transaction of business at the Annual Meeting. We count abstentions to determine whether a quorum exists for the transaction of business. We also count broker non-votes, which we describe in more detail below, as shares present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

Voting at the Annual Meeting

If your shares of Class A Common Stock are registered directly with Mellon Investor Services, you are a "record holder" and may vote in person at the Annual Meeting. If you hold your shares through a broker, bank or other nominee, your shares are held in "street name" and you are the "beneficial holder." If you hold your shares in street name, in order to vote in person at the Annual Meeting, you must obtain a proxy from your broker, bank or other nominee.

Voting by Proxy

Whether or not you are able to attend the Annual Meeting, we urge you to vote by proxy.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Shares Held of Record

If you are a record holder, you can vote your shares using one of the following methods:

via the Internet website shown on the proxy card,

by telephone using the toll-free number shown on the proxy card, or

by a completed and returned written proxy card.

We must receive votes submitted through the Internet or by telephone by 11:59 p.m., Eastern Daylight Time, on May 8, 2008. Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a proxy card. Submitting your voting instructions by any of the methods mentioned above will not affect your right to attend the Annual Meeting and vote in person.

If you vote by phone or via the Internet, please have your social security number and proxy or voting instruction card available. The sequence of numbers appearing on your proxy card and your social security number are necessary to verify your vote.

Shares Held in Street Name

If you hold your shares in street name, you should follow the directions provided by your broker or bank regarding how to instruct your broker to vote your shares. Without instructions from you, your broker or bank has discretion to vote your shares on "routine matters," such as the election of directors and ratification of the appointment of the independent registered public accounting firm. Your broker does not have the discretion to vote your shares on the amendment, renewal and extension of the Employee Stock Purchase Plan.

How the Proxy Holders Will Vote Your Proxy

The proxy holders will vote as you direct if you properly complete your proxy. If you submit a proxy but do not provide directions on how to vote, your proxy will be voted as follows:

FOR the nominees of the Board of Directors,

FOR amendment, renewal and extension of the Employee Stock Purchase Plan,

FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm,
and

In the discretion of the proxy holders, with respect to any other matters that may properly come before the Annual Meeting.

Changing Your Vote

You may revoke or change your proxy at any time before the Annual Meeting. The procedures for changing your vote differ depending on how you own your shares. If you are a record holder of your Perot Systems shares, you may change your vote by:

submitting another proxy with a later date before the beginning of the Annual Meeting,

sending a written notice of revocation to the Secretary of Perot Systems at 2300 West Plano Parkway, Plano, Texas 75075 that is received by the Secretary before the beginning of the Annual Meeting, or

attending the Annual Meeting and voting in person.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

If you are a beneficial holder of your Perot Systems shares, you may change your vote by submitting new voting instructions to your broker, bank or nominee.

Vote Required

Board of Directors

The 11 nominees receiving the highest number of affirmative votes will be elected directors of Perot Systems and will serve until the next Annual Meeting or until their successors have been elected and qualified or until their earlier resignation or removal. We do not have cumulative voting for the election of directors.

Amendment, Renewal and Extension of the Employee Stock Purchase Plan

Amendment, renewal and extension of the Employee Stock Purchase Plan requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting.

Ratification of Independent Registered Public Accounting Firm

Ratification of our independent registered public accounting firm requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting.

Other Matters

Approval of other matters considered at the Annual Meeting typically requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Our Certificate of Incorporation requires a vote of 66 ²/₃% of the outstanding Class A Common Stock for certain matters. As of the date of this Proxy Statement, no other matter for consideration at the Annual Meeting has been submitted to Perot Systems.

Broker Non-Votes and Abstentions

A broker non-vote occurs when a broker holds shares in street name for a customer and the customer does not direct the broker's vote with respect to the approval of non-routine matters. With respect to the election of directors and ratification of the appointment of the independent registered public accounting firm, a broker will have discretionary authority to vote the shares if the beneficial owner has not given instructions. Without your instructions, a broker may not vote on the amendment, renewal and extension of the Employee Stock Purchase Plan.

Abstentions are counted as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Solicitation of Proxies

Perot Systems will pay all costs of the solicitation. We will furnish copies of solicitation material to fiduciaries and custodians holding shares in street name that others beneficially own. We will conduct the original solicitation by mail or, in cases where the stockholder has previously consented to electronic delivery, by electronic means. We may supplement the original solicitation with a solicitation by telephone, telegram, or other means by our directors, officers, or employees. We will not pay additional compensation to these individuals for their services. We do not plan to solicit proxies by means other than those we have described above.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to Be Held on May 9, 2008.

This proxy statement is available at: www.proxyvote.com by entering the control number you received in your notice, vote instruction form or proxy card.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

Our bylaws provide that the number of our directors will not be less than one, with the exact number to be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at 11. We are proposing the election of all 11 of our current directors to hold office for a term of one year, expiring at the close of the 2009 Annual Meeting of Stockholders or when their successors are elected and qualified, or until their earlier resignation or removal. We have listed the nominees and their positions and offices with Perot Systems below. The proxy holders will vote all duly executed proxies received for the nominees listed below unless you instruct them otherwise. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote the proxies for any nominee designated by the current Board to fill the vacancy, unless the Board reduces the number of directors to be elected at the Annual Meeting. Mr. Moore is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission regulations, and the Board has determined that he has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing, and financial reporting practices. A charter, that the Board and Audit Committee reassess annually, governs the Audit Committee's activities.

In addition, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to legal and regulatory compliance matters. Human Resources and Compensation Committee

The Human Resources and Compensation Committee (the "HR Committee") consists of Carl Hahn, DeSoto Jordan, Thomas Meurer, Anthony Principi, and Tony Singh. Mr. Hahn, the Chairman of the HR Committee, was appointed to the committee in March 2002. Messrs. Meurer, Jordan, Singh and Principi were appointed in March 2002, February 2004, June 2005, and April 2006, respectively. All members of the HR Committee satisfy the requirements of independence as set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. The HR Committee met four times in 2007.

The primary areas of responsibility of the HR Committee are as follows:

Our human resources strategies and practices and the compensation of, and benefits available to, our associates.

Fair compensation for our executives based on their performance and contribution to the Company.

The annual report of the HR Committee to be included in the Proxy Statement for our Annual Meeting of Stockholders.

In discharging its responsibilities, the HR Committee and its Incentive Compensation Sub-Committee advise management and make recommendations and determinations with respect to salary matters, bonus and retirement plans, health and welfare plans, the 1999 Employee Stock Purchase Plan, the 2001 Long-Term Incentive Plan and other benefit plans. In addition, the HR Committee reviews and provides advice to management regarding succession planning and talent development processes, the promotion of diversity, leadership and associate development, and safety matters. The HR Committee's activities are governed by a charter that the Board and HR Committee reassess annually.

Except as described below, the HR Committee reviews and makes final determinations with respect to compensation for our executive officers and reviews and makes recommendations to the Board of Directors regarding the compensation of our outside directors. The charter of the HR Committee allows the HR Committee to delegate certain of its responsibilities, where appropriate, to the chair or one or more members of the HR Committee. The HR Committee has formed the Incentive Compensation Sub-Committee, which is composed solely of outside directors, to make final determinations regarding performance-based compensation, within the meaning of Section 162(m) of the Internal Revenue Code, for our executive officers. Prior to February 27, 2007, the HR Committee reviewed and made final determinations with respect to the compensation of our Chairman and Chief Executive Officer and reviewed and made recommendations to the Board of Directors with respect to the compensation of our other executive officers. In discharging its responsibilities, the HR Committee and its Incentive Compensation Sub-Committee were advised by our Human Resources organization. The participation of our executive officers in the determination of salaries for named executives is described in our "**Compensation Discussion and Analysis.**" Our executive officers provide information regarding, but do not recommend, non-employee director compensation levels. In addition, the HR Committee and its Incentive Compensation Sub-Committee engaged and were advised by Fredric W. Cook & Co., Inc. ("F.W. Cook"). Pursuant to the directions of these committees, F.W. Cook provides them with market data, updates on compensation trends and regulatory developments, advice on program design and compensation levels, and other related items as requested by the committees. Although it gathers information from, and reviews materials with, management in completing its work, F.W. Cook works directly on behalf of the committees, does no other work for the Company or any of its senior executives, and has no other ties to the Company.

Nominating and Governance Committee

The Nominating and Governance Committee consists of Thomas Meurer, John S.T. Gallagher, DeSoto Jordan and Anthony Principi. Mr. Meurer, the Chairman of the Nominating and Governance Committee, was appointed to the committee in June 2003. Messrs. Gallagher, Jordan and Principi were

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

appointed to the Nominating and Governance Committee in June 2003, February 2004 and April 2006, respectively. The committee met four times in 2007.

The Board of Directors established the Nominating and Governance Committee to assist the Board in shaping our corporate governance, including the composition of the Board and its committees. The Nominating and Governance Committee identifies and recommends to the full Board all candidates for election as a director. The committee also recommends our corporate governance principles.

Each member of the Nominating and Governance Committee satisfies the requirements of independence set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. The Director Independence Standard is publicly available at the Corporate Responsibility section of our website (www.perotsystems.com/responsibility).

Director Independence

Pursuant to the Director Independence Standard, the Board reviewed each director's independence in February 2008. As a result of this review, the Board affirmatively determined that each director standing for election at the Annual Meeting, except Ross Perot, Ross Perot, Jr., Peter Altabef, and Steven Blasnik, has no material relationship with Perot Systems (either directly or as a partner, shareholder or officer of an organization that has a relationship with Perot Systems) and is independent of Perot Systems and its management under the Director Independence Standard, the listing standards of the New York Stock Exchange currently in effect and, with respect to members of the Audit Committee, applicable regulations of the Securities and Exchange Commission.

In connection with Mr. Meurer's independence determination, the Board examined the personal relationships between Mr. Meurer and the Perot family. These relationships include Mr. Meurer's service as an unpaid trustee or co-trustee for 13 trusts that benefit members of Ross Perot's family, including Ross Perot, Jr. One of these trusts directly owns 2,050,000 shares of our Class A Common Stock and owns limited partnership interests constituting approximately 61.3% of the economic interest in HWGA, Ltd., a limited partnership having Ross Perot and Ross Perot, Jr. as its sole general partners. HWGA owns 29,655,000 shares of our Class A Common Stock. However, in its capacity as a limited partner of HWGA, the trust does not possess, either directly or indirectly, (i) the power to direct or cause the direction of management and policies of HWGA or (ii) voting or dispositive power over the Class A Common Stock owned by HWGA. Five of the remaining trusts, one of which has Ross Perot, Jr. as its principal beneficiary, own an aggregate of 136,800 shares (27,360 shares each) of our Class A Common Stock. After considering all relevant facts and circumstances, the Board determined Mr. Meurer's relationships were not material and do not impair the independence of Mr. Meurer.

In connection with Mr. Gallagher's independence determination, the Board examined Mr. Gallagher's service as a Life Trustee on the 130-member board of trustees for North Shore-Long Island Jewish Health System, a former client of ours, and his former service as its Chief Executive Officer. After considering all relevant facts and circumstances, the Board determined that Mr. Gallagher's relationships were not material and do not impair the independence of Mr. Gallagher.

In connection with Mr. Jordan's independence determination, the Board examined Mr. Jordan's role as one of our founders and his employment by us until his retirement in 1999. The Board also considered a personal loan made by Ross Perot to Mr. Jordan, which was repaid in 1999. After considering all relevant facts and circumstances, the Board determined that Mr. Jordan's relationships were not material and do not impair the independence of Mr. Jordan.

Stockholder Nominations and Nominee Review Process

The Nominating and Governance Committee will consider director candidates recommended by our stockholders. Perot Systems' Director Qualification Guidelines are publicly available at the Corporate

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Responsibility section of our website (www.perotsystems.com/responsibility). Perot Systems stockholders who wish to recommend a director candidate should mail the candidate's resume, together with a letter from the candidate confirming his or her interest in serving as one of our directors, to Perot Systems Corporation, Attn: Nominating Committee/Corporate Secretary, 2300 West Plano Parkway, Plano, Texas 75075.

Once the Nominating and Governance Committee has identified a prospective candidate, the committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on the candidate's resume, as well as the Nominating and Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is also based on the likelihood that the prospective candidate meets the standards and qualifications set forth in Perot Systems' Director Qualification Guidelines, which include:

the highest personal and professional ethics, integrity and values;

broad-based skills and experience at an executive, policy-making level in business, government or technology areas relevant to our activities;

a global business perspective;

a willingness to devote sufficient time to become knowledgeable about our business and to carry out his or her duties and responsibilities effectively;

a commitment to serve on the Board for five years or more at the time of his or her initial election;

service on no more than two boards of public companies in addition to the board of the company by which they are primarily employed or serve as Chairman, unless approved by the Board; and

between the ages of 40 and 70 at the time of his or her initial election.

The Nominating and Governance Committee also considers such other relevant factors as it deems appropriate, including the composition of the Board, the balance of management and independent directors, and financial or industry expertise. If the Nominating and Governance Committee determines that the candidate is qualified and interested, the committee coordinates a series of interviews between the candidate and appropriate directors, officers and other senior managers of Perot Systems. After conducting their evaluation, the Nominating and Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the committee.

year ended December 31, 2007. Included for each director is a stock award granted on June 1, 2007, with an award date fair market value ("FMV") of \$17.24 as determined in accordance with FAS 123R. In addition, with respect to each of Messrs. Blasnik, Hahn, Meurer and Singh, the following stock awards, which such directors elected to receive in lieu of a cash retainer, with the award date FMV determined in accordance with FAS 123R are included: December 31, 2006 \$11,244, March 31, 2007 \$11,240, June 30, 2007 \$11,246, and September 30, 2007 \$11,245. All stock awards vested immediately upon issuance and, therefore, there were no stock awards outstanding as of December 31, 2007.

(2)

The value, calculated in accordance with FAS 123R, of options vesting in 2007. The assumptions used to calculate these values are set forth in Note 11, "Stock Options and Stock-Based Compensation," to our Consolidated Financial Statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2007. Options were awarded prior to May 10, 2006, when the current compensation program for non-employee directors was implemented.

(3)

The aggregate number of options outstanding for each non-employee director as of December 31, 2007 was as follows: 40,000 options for Messrs. Blasnik, Gallagher, Hahn and Meurer; 24,000 options for Messrs. Jordan and Moore; 16,000 options for Mr. Singh; and 8,000 options for Mr. Principi.

Each of the non-employee directors (other than Ross Perot) receives a \$45,000 annual retainer payable in quarterly installments. These non-employee directors have the option to receive all or part of the retainer in our Class A Common Stock, which is valued at the closing price of our Class A Common Stock on the New York Stock Exchange on the last trading day of the fiscal quarter preceding the quarter with respect to which payment is due. In 2007, additional retainers for the Chairmen of the Audit Committee, the Human Resources and Compensation Committee, and the Nominating and Governance Committee were \$12,000, \$5,000, and \$5,000, respectively. During 2007, each non-employee director (other than Ross Perot) was compensated \$2,000 for each meeting of the Board of Directors attended in person or by telephone and \$1,000 for each committee meeting attended in person or by telephone (including meetings held in conjunction with Board meetings). We reimburse our directors for their reasonable travel-related and other out-of-pocket expenses associated with attending Board and committee meetings. Ross Perot receives no compensation for his services.

Each of the non-employee directors (other than Ross Perot) participates in the 2006 Non-Employee Director Equity Compensation Plan (the "2006 Director Plan"), which provides for a grant to each eligible non-employee director of 5,000 shares of Class A Common Stock on each June 1 that the director is serving as a member of our Board of Directors. Upon their initial selection as directors, non-employee directors will receive an initial grant under the 2006 Director Plan that is a prorated portion of the 5,000 share annual grant. Shares received pursuant to the 2006 Director Plan are immediately vested. Directors have the option to irrevocably defer the receipt of shares received under the 2006 Director Plan to the date that the director's service terminates. From June 3, 2003 to May 10, 2006, Perot Systems' 1996 Non-Employee Director Plan provided for a grant to each eligible director of (i) an option to purchase 8,000 shares of our Class A Common Stock vesting one year after the date of grant or (ii) the right to purchase 8,000 restricted shares of our Class A Common Stock vesting one year after the date of grant. The exercise price of options or the purchase price of restricted shares of Class A Common Stock were required to be at least equal to 100% of the fair market value of the Class A Common Stock on the date of the award. The 1996 Non-Employee Director Plan terminated, except with respect to outstanding awards, upon the approval of the 2006 Director Plan at the 2006 Annual Meeting of Stockholders.

PROPOSAL NO. 2

AMENDMENT, RENEWAL AND EXTENSION OF OUR EMPLOYEE STOCK PURCHASE PLAN

Background

In March 1999, we implemented our 1999 Employee Stock Purchase Plan, which was approved by our Board of Directors and stockholders in 1998. In May 2000, our stockholders approved the division of this plan into two plans, the Employee Stock Purchase Plan/U.S. (the "U.S. Plan") and the Employee Stock Purchase Plan/Non-U.S. (the "International Plan"). The purpose of the plans is to encourage and assist our employees and employees of our participating subsidiaries to purchase our Class A Common Stock through payroll deductions.

On March 12, 2008, our Board adopted, subject to stockholder approval, amendments to the plans to (i) extend their terms by ten years, through July 16, 2018, and (ii) reduce the aggregate number of shares reserved for purchase under the plans by 10,000,000 shares to an aggregate of 10,000,000 shares of Class A Common Stock, including shares previously issued and shares to be issued in the future under the plans. Our Board also made administrative changes to the plans.

Proposal and Required Vote

We are asking the stockholders to approve the amendment and restatement of the plans. Approval of the amended and restated plans requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting of stockholders at which a quorum of the voting power must be represented. If the stockholders do not approve the amendment and restatement of the plans, they will continue in effect until their currently scheduled July 16, 2008 expiration date. For the effects of abstentions and broker non-votes on this proposal see, "**Voting and Solicitation Broker Non-Votes and Abstentions**" above.

Plan Summary

We have summarized the principal features of the plans, as amended and restated. The plans are attached as Appendices A and B to this proxy statement. The principle features of the U.S. Plan and the International Plan are identical, except to the extent necessary for the U.S. Plan to comply with Sections 421 and 423 of the Internal Revenue Code. The following summary does not purport to be a complete description of all provisions of the amended and restated plans.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Administration. The plans are administered by the HR Committee which has full authority to adopt administrative rules and procedures and to interpret the provisions of these plans.

Share Reserve. As amended and restated, the plans authorize an aggregate of 10,000,000 shares of Class A Common Stock to be sold and issued to eligible employees. As of March 12, 2008, 4,849,038 shares and 242,054 shares of Class A Common Stock had been issued under the U.S. Plan and the International Plan, respectively, and we have 4,908,908 shares available for future issuance under the plans (as we propose to amend them). We may issue shares under the plans from authorized but unissued shares of Class A Common Stock or from shares of Class A Common Stock repurchased by the Company, including shares repurchased on the open market. The HR Committee will make appropriate adjustments in the aggregate number of shares subject to the plans in the event of any merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by Perot Systems. Shares of Class A Common Stock subject to options under the plans that are not exercised for any reason will remain available for issuance.

Participation. Certain employees of the Company and most of its subsidiaries are eligible to participate in the plans based upon which plan his or her employer participates. An "Eligible Associate" is generally one of our regular employees who works at least 20 hours per week on a regular basis and is not engaged under an independent contractor or similar agreement, whether or not such person is determined to be an independent contractor. An otherwise Eligible Associate who owns five percent or more of our outstanding Class A Common Stock may not purchase shares under either plan.

Contributions and Purchases. Eligible Associates may make contributions to the applicable plan in an amount up to 10% of his or her eligible regular compensation, including wages, salary, bonuses and commissions, for a pay period. Participating Eligible Associates are granted the right to purchase shares of Class A Common Stock at a price equal to 85% of the fair market value of the Class A Common Stock on the exercise date for each offering period, provided that no participant may purchase more than \$25,000 of Class A Common Stock (valued at the time the purchase right is granted) during any calendar year.

Market Price. On March 12, 2008, the closing price of Class A Common Stock, as reported on the New York Stock Exchange, was \$13.84 per share.

Offering Periods. Each offering period currently starts on the first day of the second month of a calendar quarter and ends on the last day of the first month of the following calendar quarter. There will be a shortened offering period from May 1 to June 30, 2008 and starting on July 1, 2008, we will align the offering periods with calendar quarters. The exercise date is the last day of the applicable offering period. As soon as practical after each exercise date, we will issue a stock certificate to each participant or to the plan custodian for the benefit of the participants for the number of shares purchased on that exercise date.

Withdrawal. Unless a participating Eligible Associate has withdrawn from the applicable plan at least one business day before an exercise date, we will use all amounts withheld from the participant's paycheck during the applicable offering period to purchase the maximum number of whole shares of Class A Common Stock that may be bought pursuant to the terms of the applicable plan. If the funds withheld from the participant's paycheck during the applicable offering period exceed the funds necessary to purchase a number of whole shares of Class A Common Stock by less than the fair market value of a whole share, we will carry forward the excess amount to the next offering period.

Additional Terms. During an offering period, a participating Eligible Associate may not change the percentage of his or her payroll deductions contributed to the applicable plan, except by withdrawing from the applicable plan. To withdraw from a plan, a participant must complete and deliver a withdrawal agreement to our stock administrator. As soon as practical after receiving the withdrawal agreement, contributions to the applicable plan will cease and the participant will receive a refund of any amounts

previously withheld that have not been used to purchase shares. No participant may purchase more than \$25,000 of Class A Common Stock in any calendar year, measured using the fair market value of a share of Class A Common Stock on the date the applicable option is granted.

Change-in-Control. In the event of a sale of substantially all of our assets or a merger or similar transaction in which we are not the surviving corporation or after which our historic shareholders do not own more than 50% of the voting shares of the resulting corporation, then, the exercise date for the applicable offering period will be accelerated to the date of such transaction, and the payroll deductions of the participants made through the exercise date will be used to purchase Class A Common Stock immediately prior to the transaction and all further rights of the participants will terminate, unless otherwise provided by the Board.

Share Proration. Should the total number of shares of Class A Common Stock to be purchased pursuant to outstanding purchase rights on any particular date exceed the total number of shares then available for issuance under the plans, the plan administrator will make a prorata allocation of the available shares on a uniform and nondiscriminatory basis, and the payroll deductions of each participant, to the extent in excess of the aggregate purchase price payable for the Class A Common Stock prorated to such individual, will be refunded.

Stockholder Rights. No participant has any stockholder rights with respect to the shares covered by his or her purchase rights until the shares are actually purchased on the participant's behalf and issued by us. Other than in connection with changes to our capitalization as described above, no adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

Assignability. Purchase rights are not assignable or transferable by the participant, and the purchase rights are exercisable only by the participant.

Termination of Employment; Leave of Absence. If a participant's employment with the Company or a participating affiliate terminates on or before an exercise date, the participant will be deemed to have elected to withdraw from the applicable offering period effective as of the date the participant's employment terminated. As soon as practical after a participant's termination of employment, we will refund all amounts withheld pursuant to either plan that have not been used to purchase Class A Common Stock from the Company or otherwise refunded, and distribute any shares held on the participant's behalf to the participant or the participant's designee.

If a participant begins an approved leave of absence during an offering period, the participant will remain in the applicable plan for that offering period and each subsequent offering period, provided that the leave of absence does not exceed the greater of 90 days or the period during which such participant's right to reemployment with us is guaranteed either by statute or contract. If a participant's approved leave of absence exceeds this period, the participant will stop participating in the plan immediately thereafter.

Amendments to and Termination of the Plans. The HR Committee may amend the plans without notice, at any time, subject to certain restrictions set forth in the plans. The plans will each automatically terminate on the earlier of (i) July 16, 2018, (ii) the date all shares authorized to be sold under the plans have been sold, or (iii) the date the HR Committee terminates the applicable plan.

The HR Committee may at any time alter, suspend or terminate either or both of the plans. However, the HR Committee may not, without stockholder approval, (i) increase the number of shares issuable under either plan, (ii) alter the purchase price formula to reduce the purchase price, or (iii) modify the requirements for eligibility to participate in either plan.

Plan Benefits. We cannot determine future benefits that will be received by participants in the plans. The following table shows, as to the listed individuals and specified groups, the number of shares of

Class A Common Stock allocated to participants under the plans between January 1, 2007 and December 31, 2007:

U.S. Federal Tax Consequences

The U.S. Plan is intended to be an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code. Under a Section 423 plan, no taxable income will be recognized by a participant, and no deductions will be allowable to us, upon either the grant or the exercise of the purchase rights. The participant will not recognize taxable income until there is a sale or other disposition of the shares acquired under the U.S. Plan or the death of the participant.

If a participant sells or otherwise disposes of the purchased shares within two years after his or her entry date into the offering period in which such shares were acquired or within one year after the actual quarterly purchase date of those shares, the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and we will be entitled to an income tax deduction for the taxable year in which such disposition occurs equal in amount to such excess. The participant will also recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate purchase price for those shares and the ordinary income recognized in connection with their acquisition. If the participant sells or disposes of the purchased shares more than two years after his or her entry date into the offering period in which the shares were acquired and more than one year after the actual quarterly purchase date of those shares, the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (i) the amount by which the fair market value of the shares on the sale or disposition date exceeded the purchase price paid for those shares or (ii) 15% of the fair market value of the shares on the participant's entry date into that offering period; and any additional gain upon the disposition will be taxed as a long-term capital gain. We will not be entitled to an income tax deduction with respect to such disposition.

If the participant still owns the purchased shares at the time of death, the lesser of (i) the amount by which the fair market value of the shares on the date of death exceeds the purchase price or (ii) 15% of the

fair market value of the shares on his or her entry date into the offering period in which those shares were acquired will constitute ordinary income in the year of death.

Accounting Treatment

Under the accounting principles currently applicable to these types of employee stock purchase plans, the fair value of each purchase right granted will be charged as a direct compensation cost to Perot Systems' reported earnings over the offering period to which that purchase right pertains. The fair value of each such purchase right will be determined as of its grant date.

We must have a sufficient number of shares approved for issuance under the plans at the beginning of each offering period for all purchases made during the offering period. If additional shares need to be authorized during an offering period, we may delay the measurement date for the compensation cost of the purchase rights granted in that offering period which may result in a greater charge to our reported earnings for that offering period. The measurement date for the compensation cost associated with such purchase rights will be delayed until the date the share increase is approved.

THE BOARD RECOMMENDS THAT THE OWN STOCKHOLDERS VOTE "FOR" THE AMENDMENT, RENEWAL AND EXTENSION OF THE EMPLOYEE STOCK PURCHASE PLAN.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP as the independent registered public accounting firm to perform the audit of our financial statements for 2008. PricewaterhouseCoopers LLP was our independent registered public accounting firm for the year ended December 31, 2007.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers as our independent registered public accounting firm. Although ratification is not required, the Board is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

PricewaterhouseCoopers' representatives are expected to attend our 2008 Annual Stockholders' Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Fees Paid to PricewaterhouseCoopers LLP

The following table shows the aggregate fees PricewaterhouseCoopers has billed or is expected to bill us for services rendered in 2007 and 2006.

Year	Audit Fees(1)	Audit Related Fees(2)	Tax Fees(3)	All Other Fees(4)	Total
2007(5)	\$ 2,713,000	\$ 6,000	\$ 21,428	\$ 4,838	\$ 2,745,266
2006	\$ 2,837,000	\$ 2,000	\$ 55,245	\$ 3,846	\$ 2,898,091

(1) Fees for our annual audit and review of interim financial statements, various statutory audits, and consultations on the accounting for existing transactions.

(2) Fees for services including audits of an employee benefit plan and special purpose audits in foreign countries.

- (3) Fees for compliance and tax advisory services.
- (4) Subscription fee to an online accounting research tool and a salary survey for operations in a certain foreign country.
- (5) Amounts include estimates that have not been billed.

In 2007, all audit related services, tax services and other services were pre-approved by the Audit Committee or its Chairman. The Audit Committee concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. See "**Report of the Audit Committee.**" Our policy restricting the engagement of our independent registered public accounting firm requires that all audit, review and attestation services be approved by the Audit Committee prior to us engaging the audit firm.

In addition, our policy regarding the engagement of our independent registered public accounting firm provides that the Audit Committee or its Chairman may pre-approve the engagement of the accounting firm for services in designated areas for fees that do not exceed the pre-approved limit. For 2008, the Audit Committee has approved the following types of services:

Audit Related Services pension and benefit plan audits, separate audit reports on subsidiaries, other statutory reports not included in audit services, and advice on generally accepted accounting principles applicable to prospective transactions and business combinations.

Tax Services tax accounting advice on international, federal, and state tax matters, assistance with tax examinations, tax advice on prospective transactions and business combinations, and compliance reviews.

Other Services annual subscription fee for accounting research tool and salary surveys for operations in foreign countries.

Our policy requires quarterly reports to the Audit Committee on billings for pre-approved services. All amounts in excess of pre-approved amounts for these services must be specifically approved by the Chairman of the Audit Committee and reported to the full Audit Committee no later than its next regular meeting.

The Audit Committee or its Chairman may also approve specific engagements for non-audit services. Following such approval, we may engage the auditor to perform those services. Any approval by the Chairman must be reported to the full Audit Committee no later than its next regular meeting.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

EXECUTIVE COMPENSATION

This compensation discussion and analysis ("CD&A") is intended to provide information about our compensation objectives and policies for our Chief Executive Officer, our Chief Financial Officer, and our three other most highly compensated executive officers ("named executives") that will place in perspective the information contained in the tables that follow this discussion. Our CD&A is organized as follows:

Objectives of Our Compensation Program. In this section, we describe our compensation philosophy, related operating principles, and activities we have undertaken in benchmarking compensation against market practices.

Share Ownership and Retention Guidelines. We provide a description of the share ownership and retention guidelines applicable to our named executives as well as our policy on hedging the economic risk of ownership of our Common Stock.

Role of Executive Officers in Compensation Decisions. We describe the role of our executive officers in making compensation decisions.

Elements of Compensation. We describe the types of compensation payable to our named executives.

Analysis of 2007 Compensation. Following the general explanation of our various pay elements in this section, we provide more detail on the basis of compensation for our named executives in 2007.

Regulatory Considerations. In this section we discuss the impact of various regulatory requirements on decisions regarding executive compensation.

We provide information about our HR Committee and the processes it uses in determining the compensation of our named executives in the section of the Proxy Statement dealing with corporate governance matters.

Objectives of our Compensation Programs

We are a global information technology services company. We have a growth strategy and our goal as a company is to effectively execute this business strategy to create value for our investors. We base our compensation programs on our business needs and challenges and intend for those programs to support the achievement of our strategy and shareholder value creation through the following:

A linkage between compensation and performance, including business results as well as individual performance;

The use of equity compensation to align our executive officers' financial interests with those of shareholders;

Compensation levels consistent with market practices that enable us to recruit and retain associates capable of executing our business strategies;

Limited use of perquisites and other forms of non-cash benefits in order to avoid an entitlement mentality, reduce costs, and reinforce a pay-for-performance philosophy; and

Flexibility to adjust to changing business needs in a fast-paced business environment.

Market Benchmarking

We consider market pay levels as one of the important factors in assessing the supply of and demand for senior leadership. Our objective is to position ourselves around the middle of market practice. To provide a frame of reference in evaluating the reasonableness and competitiveness of compensation, information on market pay levels is obtained from various sources, including nationally recognized

compensation surveys, information taken from Securities and Exchange Commission filings of selected, publicly-traded benchmark companies, and first-hand experience obtained from the marketplace in hiring associates.

More specifically, our philosophy has been to target base salaries, annual bonuses, and long-term stock incentives for our executive officers at the median of the benchmark companies. We have traditionally not provided our executives with retirement plans (other than our tax-qualified 401(k) program), significant perquisites or contractual severance benefits (other than in connection with a change-in-control), and we believe that our benefits relating to those elements are generally significantly lower than those provided by the benchmark companies.

With respect to the Chairman's compensation, the Chairman elected, at the time he stepped down as our Chief Executive Officer in 2004, not to receive annual incentive bonuses in his capacity as Chairman. In addition, the Chairman has not received an equity award since 2001 because his awards in 2000 and 2001 were designed to provide, and the Incentive Compensation Sub-Committee believes are providing, adequate long-term equity compensation and incentive for him through the period over which the awards vest.

Excluding the Chairman's compensation, which is discussed above, the compensation of the named executive officers was, on average, near the median of the benchmark companies with respect to 2007 base salaries. For 2007, management determined and the Incentive Compensation Sub-Committee agreed that our financial performance did not support the payment of incentive bonuses for our executive officers. Therefore, annual incentive compensation was significantly lower than the median of benchmark companies. The value of our long term incentive compensation for 2007 for our named executive officers was below the median of the benchmark companies. In making equity awards to our named executive officers, our Incentive Compensation Sub-Committee is limited by the total number of shares that the Board makes available for all equity awards to our associates and the desired level of awards to associates other than the named executive officers. Our total share usage under long-term stock incentives, including the number of shares granted annually as a percentage of total shares outstanding and the expense of all stock awards granted annually as percentage of market capitalization, is targeted to be at or slightly below the benchmark median.

F.W. Cook, our HR Committee's consultant, annually gathers information on pay levels and practices for a group of comparable, publicly-traded information technology services companies that are based in the United States. Our management and the HR Committee's consultant periodically review and evaluate the benchmark companies in light of our development and growth, as well as merger and acquisition activity in the industry. For 2006, this group included all U.S.-based companies in the Hemscott Group Information Technology Services Index, except those that were substantially smaller than us, as well as other comparable companies with which we compete. The benchmark companies in 2007 included Accenture, Affiliated Computer Services, Alliance Data Systems, Anteon International, BearingPoint, CACI International, Cerner, CIBER, Cognizant Technology Solutions, Computer Sciences, Electronic Data Systems, First Consulting Group, Fiserv, Keane, NCR, and Unisys. For each comparable company, the HR Committee's consultant collects information regarding total compensation levels for named executives (including base salary, annual bonus, long-term incentives, and other compensation), dilution from stock incentives, share usage under stock incentive plans (including the number of shares granted annually as a percentage of total shares outstanding and the expense of all stock awards granted annually as a percentage of market capitalization), retirement practices, and other related items. The HR Committee's consultant summarizes and reviews this information with the HR Committee, as well as information from a leading published compensation survey.

Share Ownership and Retention Guidelines

We believe that our named executives should have a significant equity interest in the Company. In order to promote equity ownership and further align the interests of our named executives with our shareholders, we have restricted the ability of our named executives to sell a portion of the shares of our Class A Common Stock received upon the vesting of their restricted stock units until the applicable stock ownership guideline is met. Our stock ownership guidelines vary based upon position and are expressed as a number of shares, ranging from 150,000 shares for our Chief Executive Officer to 50,000 shares for other named executives. Until the applicable guideline is met, each named executive is required to retain 30% of any shares received upon the vesting of his or her restricted stock units. Only shares actually owned by the named executive are counted for purposes of determining whether the applicable ownership guideline is met. The program is subject to periodic review by the HR Committee. All named executives are in compliance with the terms of this program.

We prohibit the purchase or sale of uncovered options, puts, calls, or other derivative securities in our Class A Common Stock by our employees. However, we do not have a policy prohibiting named executives from hedging risk in our securities by purchasing or selling options, puts, calls, or other derivative securities.

Role of Executive Officers in Compensation Decisions

Our associates, including executive officers, prepare and assemble materials for the HR Committee. Our Chief Executive Officer also annually reviews and rates the performance of each of the named executives (other than the Chairman and the Chief Executive Officer, each of whose performance is assessed by the HR Committee). Following a review with the members of our Executive Committee, which includes our Chairman, the Chief Executive Officer recommends to the HR Committee and its Incentive Compensation Sub-Committee salary adjustment, annual bonus and long-term award amounts for each such named executive based on market information, that named executive's performance review, and on the Chief Executive Officer's view of the named executive's role in the Company, scope of responsibilities, experience and skills. In 2007, the final determination of salary adjustments, annual bonuses, and equity awards was made by the HR Committee with respect to salary and by the Incentive Compensation Sub-Committee with respect to annual incentive awards and equity awards for each of the named executives.

Prior to the recommendation to the HR Committee by our management of the structure of the annual incentive program, and the measures, targets and ranges that are the principal factors used by the HR Committee to determine annual incentive payments under the program, for our executive officers (including the Chief Executive Officer), our Chief Executive Officer reviews and approves those recommendations. The program is applicable to all executive officers, including our Chief Executive Officer. Our Chief Executive Officer attends HR Committee meetings, including the portions relating to the measures, targets and ranges discussed above. However, our Chief Executive Officer does not attend those portions of HR Committee meetings involving the discussion of, and action on, the Chief Executive Officer's compensation. Our Chief Executive Officer has occasional meetings with the HR Committee's compensation consultant, principally to discuss plan design issues and the compensation of our executives.

Elements of Compensation

This section describes each element of executive compensation, the objective of each element and how it fits into our overall program, and the basis for allocations among those elements. We discuss details on the application of our compensation policies and programs to named executives' compensation for 2007 below under "*Analysis of 2007 Compensation.*"

Long-Term Stock Incentives

Stock incentive awards are a critical element of the total compensation program for our named executives. We have designed this element of compensation to reward recipients for increases in our stock price over time. We believe that stock incentive awards are a key element in driving the creation of value for investors. In addition, these awards assist us in attracting and retaining senior leadership capable of effectively executing our business strategies. Stock awards vary depending on the named executive's role in the Company, scope of responsibilities, and experience and skills.

We award stock incentive compensation because we believe that it supports our key compensation objectives in the following ways:

Linking compensation and the performance of the Company;

Aligning the named executives' interests with those of shareholders;

Assisting in the retention of named executives by providing compensation that is subject to the satisfaction of multi-year service requirements; and

Attracting named executives interested in building long-term value for our shareholders, as stock compensation is a key element of competitive pay packages for named executives.

Our long-term incentive program currently consists of a blend of two types of awards:

Stock Options We set the exercise price of stock options at the closing market price of our stock on the date of grant, with options generally vesting in annual installments over five years beginning one year after grant. We believe that this design gives executives an incentive to increase share price and requires continued service over several years in order to realize potential gains; and

Restricted Stock Units As with stock options, restricted stock units generally vest in annual installments over five years beginning one year after grant. In addition to continued service, the vesting of restricted stock units for any year is contingent upon the receipt of a satisfactory performance review for the prior year. We intend for restricted stock units to encourage the retention of named executives, while providing a continuing incentive to increase shareholder value and achieve individual performance objectives.

In December 2007, the Board of Directors approved a policy pursuant to which annual equity awards are made on March 15 of each year (or, if that date is not a trading day, the immediately preceding trading day). The annual stock option grants have an exercise price equal to the closing price of our Class A Common Stock on the date of grant. Management recommended, and the Board approved, this grant date to coincide with the timing of individual performance reviews for the prior year. As a result of the proximity of the annual grant date to the date our Form 10-K is typically filed, we believe that we are unlikely to have material non-public information at the time the grant is made. Grants outside of the annual award process, such as grants to a newly hired or promoted associate, occur on the last Thursday of the month in which the grant was approved unless the grant is approved following such Thursday, in which case the grant will be made on the last Thursday of the month following approval. Equity awards outside of the annual award process also have an exercise price equal to the closing trading price of our Class A Common Stock on the date of grant.

While stock is a major component of executive compensation, we use other elements to provide an integrated and competitive total pay package.

Base Salary

Base salaries are a significant portion of a named executive's compensation and are based on a named executive's role in the Company, scope of responsibilities, and experience and skills. We also consider market practices in setting salaries. We intend base salaries to assist us in attracting executives and

recognizing differing levels of responsibility and contribution among named executives. Salary represents a smaller percentage of total compensation for more senior executives than for less senior executives, with a greater percentage of more senior executives' compensation being tied to performance and share price. The timing of changes in base salaries is based on the timing of our individual performance reviews.

Annual Incentive Bonuses

In addition to stock compensation and salary, annual bonuses paid in cash are the other significant piece of total compensation for our named executives. We pay annual bonuses to reward the achievement of goals and because they are a key tool in attracting and retaining executives due to their market prevalence. In addition, annual bonuses add a variable component to our overall cost structure.

The Incentive Compensation Sub-Committee of the HR Committee annually reviews the plan design, performance measures and goals, and target bonuses for our named executives. The Incentive Compensation Sub-Committee provides for annual incentives (or bonuses) for named executives based on whether we achieve financial performance and other targets, except with respect to our Chairman who does not participate in our short-term incentive program. The timing of our annual bonuses is based on the timing of our individual performance reviews and the determination of whether we have achieved our financial and business goals for the year. The HR Committee exercises discretion in determining whether the goals have been achieved and the final amount of annual bonuses for the named executives. We do not have a policy on the adjustment or recovery of awards or payments if the relevant measures on which the awards or payments are based are restated in the future.

We designed our 2007 annual bonus program to reward the achievement of our financial goals and other business goals, including corporate and business unit goals, as well as individual performance. For 2008, we designed the program to reward the achievement of our corporate financial goals and individual performance.

Retirement Benefits

We do not have a traditional pension program. Our retirement program for U.S. associates consists of a 401(k) program, which named executives participate in under the same terms and provisions as other eligible associates. We match the individual associate's contribution to the program, up to 4% of the associate's cash compensation. Associate contributions to the 401(k) program for our named executives, as well as other more highly compensated associates are limited by federal law. We have not made up for the impact of these statutory limitations on named executives through any type of nonqualified deferred compensation or other program.

Other Benefits and Perquisites

In general, we have historically avoided the use of perquisites and other types of non-cash benefits for named executives in an effort to avoid an entitlement mentality and to reinforce a pay-for-performance orientation.

Change-in-Control Severance Benefits

We have entered into change-in-control severance agreements with each of our named executives. In the event that we have a change in control and a named executive's employment is terminated without cause or the named executive terminates his employment for good reason, the named executive would be entitled to receive the payments and benefits described under "**Employment Contracts and Change-in-Control Agreements** *Change-in-Control and Severance Agreements*" below. We selected a double trigger for change-in-control benefits to provide named executives with protection from the financial consequences of sudden termination without cause following a change in control and to enable us to retain the services of the named executive during the period in which there is a change-in-control transaction

under consideration. In addition, we believe that this protection is important to our ability to recruit and retain named executives. However, we did not consider it necessary to provide for change-in-control benefits that would be realized by a named executive absent an actual or constructive termination of his employment.

At the time our change-in-control severance benefits were initiated, the HR Committee determined the level of benefits payable under, and the trigger mechanisms utilized in, our change-in-control program by considering the benefits payable to comparable executives of the same benchmark companies examined by the HR Committee with respect to other elements of executive compensation. The HR Committee then applied its judgment to determine whether the level of benefits payable under, and trigger mechanisms utilized in, the change-in-control programs of the benchmark companies were necessary to meet our objectives of providing adequate economic security to our executive officers to preserve management through potential changes in control and retaining and recruiting executives.

We believe that the benefits payable under, and the trigger mechanisms utilized in, our change-in-control program are comparable to the benchmark companies with three exceptions. First, the HR Committee determined that, although the majority of benchmark companies provide for a severance amount equal to 2.99 times annual salary and bonus for one or more executive officers, a severance amount two times annual salary and a bonus allowance provides adequate economic security to our executive officers to meet our objectives of preserving management through potential changes in control and retaining and recruiting executives. Second, the HR Committee determined that it would use a bonus allowance rather than actual bonuses, which are used by most benchmark companies, to eliminate potential fluctuation in the potential change-in-control benefit from year to year. Third, the HR Committee determined that, although a majority of benchmark companies provide for automatic acceleration of equity awards upon a change-in-control, a trigger mechanism that also requires termination of employment by us without cause, or by the executive officer with good reason, would provide adequate economic security to our executive officers to meet the goal of preserving management through potential changes in control and would be satisfactory to meet the goal of retaining and recruiting executives.

The HR Committee generally views the potential benefits under the change-in-control program as a separate compensation element because benefits under the program are not expected to be paid in a particular year and serve a different purpose for the executive than other elements of compensation. Therefore, the benefits under the change-in-control program do not significantly affect decisions regarding other elements of compensation.

Other Severance Benefits

In the event of a termination without cause or by Mr. Champy for good reason (in each case, not in connection with a change-in-control), Mr. Champy would be entitled to receive six months' of his base salary as severance under his employment agreement which was entered into in 1996.

Our other named executives do not have contractual severance rights absent a change in control of the Company, and the amount of any severance would be determined at the time of the named executive's departure.

Elements of Compensation and Compensation Objectives

The HR Committee and the Incentive Compensation Sub-Committee target each of base salary, annual incentive bonus, and equity award components of a named executive officer's compensation near the median for that component of compensation for executives of the benchmark companies. While the HR Committee and the Incentive Compensation Sub-Committee also consider the total compensation of each named executive officer and, therefore, the relationship between these components of compensation, they generally view these components independently and decisions regarding one element are not typically influenced by decisions regarding other elements. However, the HR Committee and the Incentive

Compensation Sub-Committee may use their discretion, as they deem appropriate, to adjust the components of a named executive officer's compensation to assure that the named executive's overall compensation is appropriate in their view. Specifically, the Incentive Compensation Sub-Committee has adjusted Mr. Champy's bonus potential downward in light of his base salary, which is determined by contract and historically has been higher than the median of the benchmark companies.

Mix of Total Compensation

In regard to the allocation of the various pay elements within the total compensation program, the HR Committee and the Incentive Compensation Sub-Committee review and consider the information described above under "**Market Benchmarking**," but do not apply a formula or specific weighting to determine the mix or relationship of compensation elements. In our compensation of named executives, we emphasize incentive compensation, including both equity compensation and an annual bonus program. We seek to balance the long-term incentives of our equity program with rewards for performance during the past year under the annual bonus program. Our cash compensation programs emphasize pay that varies based on company and individual performance. Therefore, depending on performance, annual bonuses may exceed base salaries for our named executives. The named executives receive almost no compensation beyond salary, bonus opportunities, and equity incentives because we do not maintain a traditional pension plan or nonqualified, deferred compensation program.

Analysis of 2007 Compensation

This section discusses and analyzes the compensation actions that were taken in 2007 for our named executives, as summarized in the following compensation tables.

Base Salary

The HR Committee reviews and makes final determinations regarding the base salaries of our named executives each year and, as appropriate, at the time of a promotion or other change in responsibility. The HR Committee usually approves salary adjustments in February or March with adjustments effective March 1.

Each named executives' base salary level reflects his level of experience and individual contribution as evaluated during the annual performance review process. The HR Committee reviewed and considered information on median market pay levels, including the information described above under "**Market Benchmarking**," and expected market increases for the coming year during the salary review process in making salary adjustments. However, the HR Committee did not apply a formula or specific weighting to determine the amount of base salary adjustments for the named executives in 2007.

With the exceptions of Mr. Freeman and Mr. Harper, salary adjustments for our named executives in 2007 included annual merit increases and, where appropriate, competitive market pay adjustments to align pay with external benchmarks. In addition, Mr. Freeman received a 20.5% increase in his base salary primarily to reflect his promotion from the position of Chief Financial Officer to the position of Chief Operating Officer, and Mr. Harper received a 40.4% increase in his base salary primarily to reflect his promotion from the position of Vice President with responsibility for Corporate and Business Development to the position of Chief Financial Officer. In connection with the promotions of Messrs. Freeman and Harper, F.W. Cook, the HR Committee's independent consultant, prepared benchmarking information based on the salaries of officers in comparable positions at the benchmark companies referred to in the section "**Market Benchmarking**" above and information from a leading published compensation survey. The HR Committee set new base salaries for Messrs. Freeman and Harper that are below the median base salaries indicated by the benchmark data. Salaries for 2007 for our named executives and the percentage increase from 2006 are summarized in the table below. Our Chief Executive Officer's salary was increased by 8.3% based on the HR Committee's evaluation of his

performance and a review of his salary level against market benchmarks. Approved salary increases for the other named executives averaged 16.3% of salary for 2007, with the average increase due primarily to changes in the salaries of two named executive officers that reflect the new roles for those officers.

Name	2007 Salary	% Increase
Peter Altabef	\$ 650,000	8.3%
Ross Perot, Jr.	\$ 558,935	2.8%
Russell Freeman	\$ 500,000	20.5%(1)
James Champy	\$ 585,492	1.0%
John Harper	\$ 355,000	40.4%(1)

Includes salary increase in August 2007 due to change in position.

2007 Short-Term Incentive Program

For 2007, the Incentive Compensation Sub-Committee approved a short-term incentive program designed to compensate our named executives based on corporate performance, operating unit performance, the performance of the shared services team (if applicable), the named executive's individual performance, and market factors. The Incentive Compensation Sub-Committee established a target bonus for each of the participating named executives during the first quarter of 2007 equal to a percentage of the named executive's base salary. In determining the appropriate percentage for each named executive, the Incentive Compensation Sub-Committee considered relevant factors, including position level, scope of responsibility and the ability of such individual to drive our results, market practices, levels at which related performance goals have been established, and salary and relative total compensation levels. In connection with the promotions of Messrs. Freeman and Harper, their target bonuses were adjusted to be at or near the median of actual 2006 bonuses for officers in comparable positions indicated by the benchmark data. For 2007, individual target bonuses for participating named executives ranged from 100% (for our Chief Executive Officer) to 40% of base salary.

In February 2007, the Incentive Compensation Sub-Committee determined the performance factors that we intended to use in adjusting the target bonus for each participating named executive, which included corporate performance, operating unit performance, and performance of the shared services team, as applicable. However, during the year, our Chief Executive Officer determined that the Company's adjusted performance would not support the payment of annual incentive compensation for our named executive officers and recommended to the Incentive Compensation Sub-Committee that no annual incentive compensation be paid. Therefore, without consideration of performance compared to the 2007 targets (except noting that overall corporate performance did not support the payment of bonuses), the Incentive Compensation Sub-Committee determined that it would pay no bonuses to our named executive officers for 2007 performance.

Long-Term Stock Incentives

For 2007, we continued our practice of awarding a blend of stock options and restricted stock units to our named executives, with the exception of our Chairman who has received no equity grants since 2001 because his awards in 2000 and 2001 were designed to provide, and the Incentive Compensation Sub-Committee believes are providing adequate long-term equity compensation and incentive for him. The value shown in the stock option column in the **Summary Compensation Table** below for our Chairman is related to the stock option awards he received as our CEO in 2000 and 2001. With respect to other named executives, awards are generally intended to be evaluated independently from past and future awards. Therefore, with the exception of the awards to our Chairman referenced above, the Incentive Compensation Sub-Committee reviewed, but did not significantly weigh, past awards in determining stock awards for named executives in 2007.

In determining stock incentives, our Board of Directors annually approves a pool of shares that may be awarded based on a review of our historical practices against those of the benchmark IT services companies, supplemented with other market information from time to time. We allocate the total available pool as approved among business units and associate levels based on market practices and internal considerations. Our Incentive Compensation Sub-Committee bases individual awards to the named executives on various factors including position level, scope of responsibility, individual performance and contribution, salary level, and market practices. In addition, the Incentive Compensation Sub-Committee also considers related accounting expense and total compensation for each named executive before approving awards.

The Incentive Compensation Sub-Committee considers the cost of the current year's equity awards as a key factor in determining equity and overall compensation for the year. The Incentive Compensation Sub-Committee reviews the total potential compensation of executives, by individual and in aggregate, along with prior equity awards. We believe that restricted stock units are a more cost effective method of providing compensation compared to options. However, we believe that options provide a greater incentive per unit compared to restricted stock units. The Incentive Compensation Sub-Committee determines the appropriate balance between option awards and restricted stock unit awards. The Incentive Compensation Sub-Committee does not consider amounts expensed in prior years as a significant factor in determining the compensation of executive officers for the current year.

Using this process, the Incentive Compensation Sub-Committee approved the awards for our named executives for 2007 which are shown in the "**Grants of Plan-Based Awards**" table below. Grants of options and restricted stock units vest in equal annual installments beginning on the first anniversary of the date of grant. The vesting of restricted stock units is contingent upon the named executive receiving at least a satisfactory performance rating in the prior year. The total value of the awards granted in 2007 is shown in the Grant Date Fair Value of Stock and Option Awards column, as determined in accordance with the Statement of Financial Accounting Standards No. 123R ("FAS 123R"). The number of options compared to the number of restricted stock units awarded to each named executive is based on balancing the level of performance incentive for options versus restricted stock units, their comparative compensation expense resulting under FAS 123R, their comparative value to the named executives, and the effect of options compared to restricted stock units on dilution.

2008 Short-Term Incentive Program

On February 25, 2008, the Incentive Compensation Sub-Committee of our Human Resources and Compensation Committee established a new short-term incentive program for our named executive officers (other than our Chairman) with respect to 2008 performance. Consistent with past years, our Chairman does not participate in the program. Under the 2008 program, the Incentive Compensation Sub-Committee established a target cash bonus for each participating named executive. Each target bonus will be adjusted based on corporate financial performance measured against our corporate targets and further adjusted for the named executive's individual performance, as rated by our Chief Executive Officer (other than with respect to the performance of the Chief Executive Officer). Finally, the Incentive Compensation Sub-Committee will apply its discretion to determine the actual amount, if any, of cash bonus that we pay to each participating named executive.

The Incentive Compensation Sub-Committee established target bonuses for each of the participating named executives during the first quarter of 2008 considering relevant factors, including position level, scope of responsibility, the ability of such individual to drive our results, market practices (including benchmarking information), base salary, and relative total compensation levels. For 2008, individual target bonuses for participating named executives range from 100% (for our Chief Executive Officer) to 40% of base salary.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

In 2008, the Incentive Compensation Sub-Committee will determine the corporate financial performance factor by comparing adjusted, diluted earnings per share to our earnings per share target to establish the initial corporate performance factor. The Incentive Compensation Sub-Committee will increase the initial corporate performance factor by five percentage points for each secondary factor that exceeded the range specified by the Incentive Compensation Sub-Committee and decrease the corporate performance factor by five percentage points for each secondary factor that was less than the range determined by the Incentive Compensation Sub-Committee. The Incentive Compensation Sub-Committee will make no adjustment for performance within the range for a secondary factor. The Incentive Compensation Sub-Committee will use revenue, free cash flow (which can be calculated by subtracting capital expenditures from operating cash flow), total contract value of new contracts signed during the year, and the contract value for the first 12 months of new contracts signed during the year as its secondary metrics. Under the 2008 program, the Incentive Compensation Sub-Committee has capped each named executive's target bonus adjusted for the corporate performance factor at 300% of the executive's target bonus.

The Incentive Compensation Sub-Committee will be provided with the results of our Chief Executive Officer's annual individual performance review of each participating named executive (other than the Chief Executive Officer). During the first quarter of the year, the Chief Executive Officer and each participating named executive will establish, as applicable, financial, strategic, operational, and other performance goals relating to the executive's role. The Chief Executive Officer's evaluation of each participating named executive's individual performance will be based on his performance with respect to these goals. The Chief Executive Officer will exercise significant discretion regarding the attainment of a participating named executive's goals.

Our Chief Executive Officer's performance will be judged on the Company's overall performance against its corporate targets and his success in the continued development and execution of our business strategy, the quality of our services, the development of our workforce, succession planning, and his leadership in maintaining and promoting our business and culture. With respect to the performance rating of our Chief Executive Officer, our Chairman will solicit our directors' views of our Chief Executive Officer's performance, synthesize those views into a performance rating, and communicate the results to the Chairman of the Incentive Compensation Sub-Committee.

In our annual performance reviews, the possible performance ratings are as follows:

Distinguished The associate's contribution toward meeting operational, financial, and other objectives was significantly above expectations.

Exceptional The associate's contribution toward meeting operational, financial, and other objectives exceeded expectations.

Successful The associate's contribution toward meeting operational, and financial objectives fully met expectations.

Partially Successful The associate's contribution toward meeting the team's operational, and financial objectives only partially met expectations.

Unsuccessful The associate's contribution toward meeting operational, and financial objectives did not meet expectations.

Formula adjustments to our annual incentive bonuses related to individual performance ratings for the participating named executives, which are made after the adjustments for corporate performance, will be 80% of the amount calculated for payout for persons who have a successful rating, 100% of the calculated payout for persons who have an exceptional rating, and 120% of the payout for persons who achieve a distinguished rating. The formula adjustments provide for no bonus for any participating named executive receiving an unsuccessful or partially successful rating.

The Chief Executive Officer will also provide the Incentive Compensation Sub-Committee with any recommendation that he may have for discretionary adjustments with respect to the incentive compensation of any named executive. The Incentive Compensation Sub-Committee will then use its discretion to make a final determination of the amount of annual incentive compensation to be paid to our named executives.

Regulatory Considerations

The Internal Revenue Code contains a provision that limits the tax deductibility of certain compensation paid to our named executives to the extent it is not considered performance-based compensation under the Internal Revenue Code. We have adopted policies and practices to facilitate compliance with Section 162(m) of the Internal Revenue Code of our stock option awards.

In making decisions about executive compensation, we also consider the impact of other regulatory provisions, including the provisions of Section 409A of the Internal Revenue Code regarding non-qualified deferred compensation and the change-in-control provisions of Section 280G of the Internal Revenue Code. In making decisions about executive compensation, we also consider how various elements of compensation will impact our financial results including the impact of FAS 123R which requires us to recognize the cost of employee services received in exchange for awards of equity instruments based upon the grant date fair value of those awards. FAS 123R was a consideration in adopting restricted stock units as a long-term equity incentive.

Pension Benefits

Our only retirement plan for our U.S.-based associates, including our named executives, is our 401(k) plan. We do not have a pension plan in which our named executives are eligible to participate.

Non-Qualified Deferred Compensation

We do not have a deferred compensation plan.

Employment Contracts and Change-in-Control Agreements

Perot Systems has agreements with its named executives regarding severance payments when a termination of the named executives' employment occurs in connection with a change in control of the Company. In addition, we have an employment agreement with Mr. Champy.

Change-in-Control and Severance Agreements

We have entered into change-in-control and severance agreements with each of the named executives. The agreements continue through December 31, 2008, and provide that they are to be automatically extended in one-year increments unless we give prior notice of termination.

These agreements are intended to provide for continuity of management in the event of a change in control. The agreements provide that the named executives could be entitled to certain severance benefits following a change in control (as described below) of Perot Systems. If, beginning with the execution of a definitive agreement regarding a change in control and ending two years following the change in control, the named executive is terminated for any reason, other than for cause (as defined in the agreements), or if such named executive terminates his or her employment for a specified reason (as defined in the agreements), then the named executive would be entitled to:

A lump sum cash severance payment as soon as practicable following termination equivalent to two times the sum of the named executive's base salary in effect at the time of termination;

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

cash severance payments equivalent to two times a prescribed incentive payment allowance (based on a fixed percentage ranging from 50% to 100% of the named executive's base salary) for the year in which termination occurs, which payments are expected to vary from actual target bonuses and historical bonus payments;

cash payment of a prorated bonus for the year in which termination occurs; and

continued health care coverage (including for the named executive's spouse and eligible dependents) for up to six months after the involuntary termination.

The contractual bonus allowances for the named executives as a percentage of base salary are as follows: Peter A. Altabef 100%, Ross Perot, Jr. 100%, Russell Freeman 80%, James Champy 60%, and John E. Harper 70%.

In addition, upon an involuntary termination following a change in control, all restrictions on restricted stock awarded to such named executive would lapse and all unvested options, stock appreciation rights and other awards granted to such named executive under our 2001 Plan and other stock incentive plans would automatically vest and become exercisable for the remainder of the term of the option.

In the event that any payments made in connection with a change in control would be subjected to the excise tax imposed by Section 4999 of the Internal Revenue Code, we will "gross up", on an after-tax basis, the named executive's compensation for the additional federal, state and excise taxes, and any penalties and interest necessary to ensure that the named executive receives the benefit of such change-in-control payment.

Under the change-in-control and severance agreements, a "change in control" would include any of the following events:

any "person," as defined in the Securities Exchange Act of 1934, as amended, acquires 30 percent or more of our voting securities, unless the person acquires such securities from us;

a majority of our directors are replaced and are not nominated by the incumbent members (as defined in the agreements) of our Board of Directors;

the consummation of a merger, reorganization, consolidation or sale of all or substantially all of our assets, unless (i) the holders of our voting securities would retain more than 60 percent of the voting securities of the entity resulting from such transaction, (ii) no "person" beneficially would own more than 30 percent of the voting securities of the entity resulting from such transaction, and (iii) we would retain at least a majority of the directors of the entity resulting from such transaction; or

our shareholders approve the liquidation or dissolution of Perot Systems.

Employment Agreement with James Champy

In addition to the benefits provided under his change-in-control and severance agreement described above, James Champy's associate agreement provides for a base salary of \$500,000 per year, which is to be reviewed at least annually, and provides for additional benefits, including:

a bonus to be determined in accordance with the current bonus plan for our most senior officers;

payment of life insurance premiums; and

certain travel benefits to the extent that such benefits are provided to our Chief Executive Officer or Chief Operating Officer. However, we do not currently provide, and do not have plans to provide, such benefits to any of our named executives.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Mr. Champy's associate agreement also provides that if we terminate him other than for cause or substantial misconduct or Mr. Champy is deemed to have been constructively terminated, Mr. Champy will receive a severance payment equal to six months of his current base salary. We may terminate Mr. Champy's associate agreement upon 30 days' notice and payment of severance equal to six months' base pay plus benefits as a continuation of salary.

The 1,000,000 restricted shares of Class A Common Stock Mr. Champy acquired pursuant to his restricted stock agreement vested in equal annual installments beginning in 1997 and ending in 2006. If either party terminates Mr. Champy's employment for any reason, he has the right to require us to purchase his shares for their original cost of \$1.25 per share plus simple interest at the rate of 8% per annum from the date of purchase.

Potential Payments Upon Termination or Change-in-Control Disclosure

The amount of compensation payable to each named executive upon termination or change in control pursuant to contracts, plans, agreements and arrangements is listed in the tables below. Except for our employment agreement with Mr. Champy described above, we do not have agreements, contracts or arrangements with the named executives regarding severance in the event of a termination in other circumstances. However, we do expect that we would pay our named executives severance, which would be determined at the time of termination.

With respect to payments set forth in the Change-in-Control column, we have assumed that the named executive was involuntarily terminated on December 31, 2007 within two years of a change in control and that our Class A Common Stock was \$13.50 per share, which was the closing price of the shares on December 31, 2007. The amount indicated as the value of the accelerated vesting for stock options is the amount by which the closing price of the Common Stock exceeds the exercise price of the unvested options. We have also assumed that each named executive had a combined federal income and Medicare tax rate of 36.45% and an excise tax rate under Section 4999 of the Internal Revenue Code of 20%.

In addition, with respect to Mr. Champy, we have provided information regarding his contractual rights to severance in the event of his termination by us without cause or by him for good reason. For this purpose, we have assumed that Mr. Champy's employment terminated on December 31, 2007.

We are currently providing information technology and certain other services to Hillwood Enterprise L.P., which is controlled and partially owned by Ross Perot, Jr. under an agreement which we entered into in January 2007 and will expire in 2017. This contract includes provisions under which we may be penalized if our actual performance does not meet the levels of service specified in the contract, and such provisions are consistent with those included in other customer contracts. For the year ended December 31, 2007, in which we performed services for Hillwood under a contract that expired in January 2007, we recorded revenue of \$1,909,905 and operating expense of \$1,543,432. Our Audit Committee has reviewed and approved this contract.

Lease with Perot Services Company, LLC

During 2002, we entered into a sublease agreement with Perot Services Company, LLC, which is controlled and owned by Ross Perot, for approximately 23,000 square feet of office space at our Plano, Texas facility. At the expiration of the original lease, a new lease was signed effective October 1, 2007 and expires on September 30, 2015. The office space monthly rental is \$21.95 per square foot and the storage space rent remains \$345.58 per month. The total amount paid to us in 2007 under these lease and sublease agreements was \$446,395. Our Audit Committee has reviewed and approved this contract.

Affiliate Use of AAirpass Program

We have a corporate AAirpass program with American Airlines, Inc. under which we prepay for mileage that our associates use for business travel. Historically, the use of prepaid miles has resulted in lower travel costs than refundable tickets for most travel itineraries. Employees of Hillwood Development Company LLC, The Perot Group, and their affiliated corporations, as well as members of the Perot family, also use this AAirpass program. These parties reimburse us for the prepaid miles that they use. During 2007, these parties used approximately \$752,363 in prepaid miles under our AAirpass program. We benefit from this arrangement because we have a commitment to American Airlines to purchase a minimum number of miles under the AAirpass program, and the miles used by these related parties are counted toward fulfilling that commitment. Our Audit Committee has reviewed and approved this arrangement.

Lease with Hillwood Development Company

During 2007, Perot Systems Government Services, Inc. entered into a lease agreement with Hillwood Development Company, which is controlled and owned by Ross Perot, Jr., for approximately 1,140 square feet of office space at Heritage Common I Building in Alliance, Texas. The lease expired on January 31, 2008, with the first of three one-year renewal options exercised on December 6, 2007. The lease is \$2,300 per month. The aggregate cost of all lease payments, assuming all options are exercised, and the cost of modifications to the facility would be approximately \$135,000. The total amount paid under the terms of the lease in 2007 was \$10,190 and we paid \$36,857 for modification of the leased space. Our Audit Committee has reviewed and approved this agreement.

Chennai, India Leases and Power Purchases

One of our wholly-owned Indian subsidiaries engages in certain transactions with the family of Anurag Jain, a Vice President of Perot Systems who became one of our executive officers on July 10, 2007. Prior to the time Mr. Jain became an executive officer, we entered into leases in 2003 and 2004 for certain properties in Chennai, India with, and began purchasing electric power in May 2007 from, members of Mr. Jain's family and a partnership owned and controlled by Mr. Jain and his family members. On July 16, 2007, we extended and modified the terms of certain of the leases that were expiring. In addition, on November 29, 2007, our subsidiary entered into an addendum to one of its property leases to add an additional part of the building to the lease. During 2007, we paid affiliates of Mr. Jain approximately \$630,000 in lease payments and approximately \$200,000 for electric power. All transactions that occurred after July 10, 2007 were ratified by the Audit Committee after we entered into them. Therefore, we did not follow our related party approval process with respect to those transactions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENT

Our directors, executive officers, and holders of more than 10% of our Class A Common Stock must file reports with the Securities and Exchange Commission indicating the number of shares of our Class A Common Stock they beneficially own and any changes in their beneficial ownership. They must provide copies of these reports to us. Based on our review of these reports and written representations from the persons required to file them, we believe that all Section 16(a) Securities and Exchange Commission filing requirements applicable to our directors and executive officers for fiscal 2007 were timely met except that each of Messrs. Altabef, Anderson, Freeman, Jain, King, Renzi and Robert J. Kelly, our Controller, reported one Section 16 transaction late due to administrative errors on our part. Mr. Williams reported two Section 16 transactions late due to administrative errors on our part.

Equity Compensation Plan Information

The following table gives information about our Class A Common Stock that we may issue under our equity compensation plans as of December 31, 2007.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants, and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants, and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
	(a)	(b)	(c)
Equity Compensation Plans Approved by Security Holders	11,167,449(1)\$	15.92	50,216,997(2)
Equity Compensation Plans Not Approved by Security Holders	5,072,589 \$	12.95	29,609(3)
Total	16,240,038 \$	15.00	50,246,606

(1) Excludes 1,010,195 restricted stock units that have been granted under the 2001 Long-Term Incentive Plan.

(2) Includes 34,675,474 shares available to be issued under the 2001 Long-Term Incentive Plan, 15,121,523 shares available to be issued under the 1999 Employee Stock Purchase Plan, and 420,000 shares available to directors for annual equity compensation.

(3) Shares available to be issued to directors who elect to receive stock in lieu of their cash retainer.

We have four equity plans or arrangements that have not been approved by our stockholders. Under one arrangement, our non-employee directors (other than Ross Perot) may elect to have all or a portion of their director retainers paid in our Class A Common Stock, valued at such stock's closing market price on the last trading day of the fiscal quarter preceding the quarter with respect to which the retainer installment relates.

The remaining plans were adopted prior to our initial public offering in 1999 and were terminated in 2001, except to the extent that they govern options or restricted stock that were outstanding at the time of the termination of such plans. Our 1991 Stock Option Plan provided for the issuance of options to eligible employees and options were generally issued at not less than the fair market value on the date of grant. Our Restricted Stock Plan, which was adopted in 1988, provided eligible employees with the opportunity to purchase our stock at its fair market value (determined pursuant to a third-party appraisal). Unvested restricted shares are generally subject to repurchase at cost plus eight percent upon termination of employment. These grants or awards had vesting periods of from three to ten years. At the time of its termination in May 2006, our 1996 Non-Employee Director Plan provided that each non-employee director (other than Ross Perot) received an option to purchase 8,000 shares of our Class A Common Stock upon election vesting in one year, and subsequent awards were made upon the completion of vesting of the director's prior awards.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

The Audit Committee of our Board of Directors ("Board") is composed of four directors and operates under a written charter adopted by our Board. All members of the Audit Committee meet the independence standards established by our Board, the New York Stock Exchange and the Sarbanes-Oxley Act of 2002. The Audit Committee's charter is available at the Corporate Responsibility section on Perot Systems' website at www.perotsystems.com/responsibility.

Perot Systems' management is responsible for, among other things, preparing its consolidated financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)), and evaluating the effectiveness of such internal control over financial reporting. Perot Systems' independent registered public accounting firm is responsible for auditing the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for expressing an opinion on the conformity of the financial statements with GAAP. The independent registered public accounting firm is also responsible for auditing Perot Systems' internal control over financial reporting in accordance with such standards and for expressing an opinion on the effectiveness of its internal control over financial reporting. The Audit Committee assists the Board of Directors in fulfilling its responsibility to oversee management's implementation of Perot Systems' financial reporting process. In its oversight role, the Audit Committee reviewed and discussed the audited financial statements with management and with PricewaterhouseCoopers LLP ("PwC"), Perot Systems' independent registered public accounting firm for 2007. The Audit Committee also reviewed and discussed Perot Systems' internal control over financial reporting with management and with PwC.

The Audit Committee has met privately with PwC and discussed any issues deemed significant by the independent registered public accounting firm, including the required matters to be discussed by Statement of Auditing Standards No. 61, *Communication With Audit Committees*, as amended. PwC has provided to the Audit Committee written disclosures and the letter required by Independence Standards Board No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with PwC that firm's independence. The Audit Committee also concluded that PwC's provision of non-audit services to Perot Systems and its affiliates is compatible with PwC's independence.

Based upon the foregoing considerations, the Audit Committee recommended to our Board that the audited financial statements be included in Perot Systems' Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the Securities and Exchange Commission and appointed PwC the independent registered public accounting firm for the Company for 2008.

The foregoing report is respectfully submitted by members of the Audit Committee of our Board.

Perot Systems Corporation

Amended and Restated
1999 Employee Stock Purchase Plan/US
(Subject to Approval on May 9, 2008)

1. Purpose of the Plan

1.1

General. Perot Systems has adopted this Plan to provide Eligible Associates with the opportunity and a convenient means to purchase Common Stock as an incentive (a) to exert their maximum efforts for the success of the Company, and (b) to remain employed with the Company.

1.2

Tax Treatment. Perot Systems intends that options to purchase stock granted under this Plan qualify as options granted under an "employee stock purchase plan" as defined in Section 423(b) of the Tax Code, and this Plan will be construed and applied so as to be consistent with Section 423 of the Code, including the requirement of Section 423(b)(5) of the Code that all Participants granted options to purchase Shares under the Plan have the same rights and privileges with respect to such options.

2. Participation in the Plan

2.1

Eligibility. Each Eligible Associate who is employed by an Employer on an Enrollment Date may participate in the Plan during the relevant Offering Period, unless the Tax Code prohibits his or her participation in that Offering Period because:

(a)

Immediately after the grant of an option under this Plan on the Exercise Date, the Eligible Associate (together with certain individuals and entities associated with or related to the Eligible Associate as described in Section 424(d) of the Tax Code) would be deemed to own a number of shares of stock and certain exercisable options to purchase stock that together represent 5% or more of the total combined voting power or value of all classes of stock of Perot Systems or any Subsidiary (computed in accordance with Section 423(b)(3) of the Tax Code); or

(b)

Immediately after the grant of an option under this Plan to an Eligible Associate on the Exercise Date, the Eligible Associate's rights to purchase Common Stock under all of the employee stock purchase plans described in Section 423 of the Tax Code of Perot Systems and each Subsidiary would accrue at a rate that exceeded \$25,000 (computed based on the Fair Market Value on the Exercise Date in accordance with Section 423(b)(8) of the Tax Code) during the calendar year of that Offering Period.

2.2

Enrollment to Buy Stock. Each Eligible Associate who:

(a)

completes an Enrollment Agreement in the form, format, and as otherwise required by the Stock Administrator, and delivers that Enrollment Agreement to the Stock Administrator at least one business day before the Enrollment Date for an Offering Period, or

(b)

calls the Plan Custodian's automated phone system or uses an on-line enrollment tool approved by the Stock Administrator to complete the enrollment process before the Enrollment Date for an Offering Period,

may purchase Common Stock on the Exercise Date for that Offering Period, subject to the other provisions of this Plan.

2.3

Designation of Beneficiary. Each Participant may from time to time designate a beneficiary by filing a written beneficiary designation form with the Stock Administrator. Such beneficiary shall receive any refunds of amounts not used to purchase Shares and any Shares issued to the Participant. If no beneficiary was designated, any cash refunds and transfers of Shares shall be made to the appropriate representative of Participant's estate.

2.4

Contributions; Payroll Deductions; Account; No Interest.

- (a) The Employer will withhold from each Participant's paycheck the percentage (not to exceed 10%) of Eligible Compensation specified in his or her then-current Enrollment Agreement commencing on the first pay date after the next Enrollment Date of an Offering Period and continuing throughout that Offering Period and each future Offering Period until he or she ceases to be a Participant or, if earlier, changes his or her Enrollment Agreement.
- (b) The Employer will hold and use the amounts withheld from each Participant's paycheck until the earlier of the date those amounts are (i) used to purchase Common Stock, or (ii) refunded to the Participant. The Employer will not be required to segregate any of these funds from its general corporate fund, and will not pay interest on any of these funds.
- (c) If the funds in the Participant Account of a Participant are in a currency other than United States dollars on any Exercise Date, for purposes of determining the maximum number of whole and fractional shares that may be purchased under this Plan, such funds will be deemed to have been converted into United States dollars based upon the foreign exchange selling rates, as reported by the Dow Jones News/Retrieval Service of Dow Jones and Company, Inc., on such date, or if not so reported on such date, as reported on the next preceding date on which such rates are reported.

2.5

Changes in Contributions. During an Offering Period, a Participant may not change the percentage of Eligible Compensation to be withheld from his or her paycheck, except by withdrawing from the Plan. However, a new Enrollment Agreement may be submitted for any subsequent Offering Period.

2.6

Withdrawal.

- (a) A Participant may stop participating in the current Offering Period and each future Offering Period by delivering a Withdrawal Agreement to the Stock Administrator or calling the Plan Custodian's automated phone system or using an on-line tool approved by the Stock Administrator to complete the withdrawal process at least one business day before the Exercise Date for the then-current Offering Period. Delivery of a Withdrawal Agreement or completing the withdrawal process will:
 - (i) permanently and irrevocably terminate the Withdrawing Associate's participation in the then-current Offering Period, and
 - (ii) suspend the Withdrawing Associate's participation in any future Offering Periods until he or she delivers a new Enrollment Agreement to the Stock Administrator.

An election to stop participating in one Offering Period will not prevent an Eligible Associate from participating in any future Offering Period or in any other Plan adopted by Perot Systems, provided that the Eligible Associate will not participate in any future Offering Period until he or she submits a new Enrollment Agreement.

- (b) As soon as practical after receiving a Withdrawal Agreement, the Employer will:
 - (i) stop withholding the applicable percentage of Eligible Compensation from the Withdrawing Associate's paychecks or otherwise accepting contributions to the Withdrawing Associate's Participant Account, and
 - (ii) refund to the Withdrawing Associate all amounts previously withheld from his or her paychecks or otherwise contributed to the Withdrawing Associate's Participant Account during the then-current Offering Period.

2.7

Termination of Employment; Leave of Absence.

- (a) If a Participant's employment with the Company terminates, including by death, on or before an Exercise Date, he or she will be deemed to have elected to withdraw from the applicable Offering Period effective as of the date his or her employment terminated.
- (b) As soon as practical after a Participant's termination of employment, the Employer will:
 - (i) refund all amounts withheld from his or her paycheck or otherwise contributed under this Plan that have not been used to purchase Common Stock from Perot Systems or otherwise refunded; and
 - (ii) distribute, or direct the Plan Custodian to distribute, any whole Shares plus the Fair Market Value of any fractional Shares held by the Employer or the Plan Custodian on the Participant's behalf to the Participant or his or her designee.
- (c) If a Participant begins an approved leave of absence from his or her Employer on or before an Exercise Date, he or she will remain in the Plan for the applicable Offering Period and each subsequent Offering Period, but only so long as such Participant's approved leave of absence, measured from the first day of his or her leave of absence, has not exceeded the greater of: (i) 90 days, or (ii) the period during which such Participant's right to reemployment with the Company is guaranteed either by statute or contract (the "Leave Period"). If a Participant's approved leave of absence exceeds his or her Leave Period, such Participant will be deemed to have elected to stop participating in the Plan on the day immediately after the last day of the Leave Period, and such deemed election to stop participating shall be effective for each such Offering Period and each subsequent Offering Period until he or she returns to work and submits a new Enrollment Form.

2.8

Transferability. Neither any monies credited to a Participant Account nor any rights with regard to the exercise of an option to purchase Common Stock under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way (other than by will or the laws of descent and distribution) by the Participant, and an option granted to a Participant under this Plan will be exercisable, during his or her lifetime, only by such Participant. Any such attempt at assignment, transfer, pledge, or other disposition will be without effect, except that Perot Systems will treat such act as an election to withdraw funds in accordance with Section 2.6.

3. Purchase of Stock

3.1

Offering Periods. Except as provided in this Section 3.1, each Offering Period will start on the first day of the second month of a calendar quarter and end on the last day of the first month of the next calendar quarter. The Offering Period starting on May 1, 2008 will end on June 30, 2008. Thereafter, each Offering Period will start on the first day of the first month of a calendar quarter and end on the last day of the last month of such calendar quarter.

3.2

Grant of Option; Exercise Price.

- (a) On each Enrollment Date, Perot Systems will offer each Participant the opportunity to have Eligible Compensation withheld from his or her paycheck to be used to purchase on the next Exercise Date a number of Shares. The number of shares the Participant will have an option to purchase (on that Exercise Date and using the funds accumulated since the prior Enrollment Date) will be a number of whole and fractional Shares equal to (i) his or her then-current Withholding Percentage, multiplied by his or her Eligible Compensation for the Offering Period, divided by the Exercise Price for the next Exercise Date, minus (ii) the number of whole and fractional Shares, if any, necessary to prevent (A) that Participant from exceeding the limits

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

referred to in Section 2.1(a), or (B) the Plan from issuing more shares than are authorized as provided in Section 4.2.

- (b) The Exercise Price for each Offering Period will be 85% of the Fair Market Value of one share of the Common Stock on the Exercise Date for that Offering Period.

3.3

Automatic Exercise of Option. On each Exercise Date, each Participant's option to purchase Shares will be exercised automatically to purchase:

- (a) the maximum number of whole and fractional Shares that may be bought with the funds withheld from his or her paycheck during the applicable Offering Period, minus
- (b) any number of Shares required to comply with any limitations described in Section 2.1 of this Plan concerning the maximum number of Shares that may be purchased by that Participant.

3.4

Payment for Stock. Immediately upon each exercise of each Participant's option to purchase shares, the amount held by Perot Systems for the benefit of that Participant will be reduced by the Exercise Price multiplied by the number of whole and fractional Shares of Common Stock purchased by that Participant in that exercise.

3.5

Delivery of Shares; Voting.

- (a) Subject to the restrictions of Section 3.5(b), as soon as practical after each Exercise Date, a stock certificate will be issued to each Participant or to the Plan Custodian for the benefit of each Participant for the Shares purchased on that Exercise Date. Such certificate may be issued in nominee name.
- (b) All Shares purchased under this Plan will be held by Perot Systems or the Plan Custodian until the earlier of (i) a request for delivery of the shares by the Participant, or (ii) the termination of the Participant's employment by the Employer.
 - (i) As soon as practical after termination of a Participant's employment by an Employer, certificates representing whole Shares plus the Fair Market Value of any fractional Shares purchased under the Plan will be issued in the name of that Participant or, if timely requested by that Participant in a form approved by the Plan Custodian, his or her designee.
 - (ii) All Shares purchased under this Plan shall be nontransferable and nonassignable for six months after the date such Shares are issued to the Participant. Any attempt to sell, gift, pledge or otherwise transfer any Shares prior to the expiration of six months from issuance shall be ineffective and void. The Stock Administrator may waive the foregoing restrictions for good reason with the approval of Perot Systems' Vice President Human Resources.

Perot Systems will pay all issue or initial transfer taxes imposed with respect to the issuance or initial transfer of shares, as well as all fees and expenses necessarily incurred by the Company in connection with such issuance or initial transfer. Notwithstanding the foregoing, Employers are expressly authorized to recover from the Participating Associate the amount of any fringe benefit or similar tax imposed on purchases of Shares under this Plan with the approval of Perot Systems' Vice President Human Resources.

- (c) A Participant who purchases Shares under this Plan shall be transferred at such time substantially all of the rights of ownership of such Shares, in accordance with Treasury Regulations Section 1.421-1(f) as in effect on the Effective Date. Such rights of ownership shall include the right to vote, the right to receive declared dividends, the right to share in the assets of Perot Systems in the event of liquidation, the right to inspect Perot Systems' books and the right to pledge or sell such Shares, subject to the restrictions on such rights in this Plan and the restrictions on such rights imposed by applicable law.

3.6

Periodic Reports. As soon as practical after each Exercise Date, a statement will be sent to each person who has been a Participant under this Plan, which statement will include (i) the total amount, in United States dollars or local currency, of all payroll deductions or other contributions made during the applicable Offering Period or otherwise held under this Plan for the benefit of that person by the Company, and any applicable currency conversion rate, (ii) the number of Shares purchased by that person on each applicable Exercise Date, (iii) the per share and aggregate purchase price per Share for those Shares, (iv) the remaining cash balance, if any held by the Company for the benefit of that person, and (v) such other information as the Stock Administrator or Plan Custodian deems appropriate.

3.7

No Rights in Stock Prior to Exercise. Neither a Participant nor his or her beneficiaries will have any interest or voting right in Common Stock covered by an option granted under this Plan until such option has been exercised and the Shares purchased.

4. Operation of the Plan

4.1

Effective Date and Term of Plan. This Plan became effective on January 1, 2000, has been amended and restated as of March 12, 2008, and will terminate on July 16, 2018, unless sooner terminated under Section 4.5.

4.2

Shares Authorized for Sale and Issuance Under the Plan.

(a)

The maximum number of Shares that may be sold and issued under this Plan will be 10,000,000 Shares, although the stated maximum of 10,000,000 Shares will be (i) reduced by the number of Shares issued pursuant to exercises of options granted under Perot Systems 1999 Employee Stock Purchase Plan, the 1999 Employee Stock Purchase Plan/Non-US and any parallel or subsidiary plans created thereunder and (ii) adjusted as provided in Section 5.2 below. If any option to purchase Shares granted under this Plan is not exercised for any reason, the Shares subject to that option will remain available to be sold and issued under this Plan.

(b)

If, for any reason, the number of Shares available for sale and issuance under this Plan under Section 4.2(a) is less than the number of Shares to be sold and issued under Section 3.3 on an Exercise Date, Perot Systems will allocate the Shares available for sale and issuance pro rata among the Participants in as uniform a manner as it determines to be equitable. In such event, the Stock Administrator or Plan Custodian will notify each Participant of the reduction in the number of Shares and the reason for such reduction.

(c)

Shares sold and issued under this Plan may, in the sole and absolute discretion of the Board, be either authorized and unissued Shares or treasury Shares that are bought or otherwise acquired in public or private transactions.

4.3

Conditions Upon Issuance of Shares.

(a)

Compliance With Laws. Perot Systems will not be required to grant an option or to sell or issue any Shares under this Plan to any Eligible Associate unless that option and the sale, issuance and delivery of Shares upon exercise of that option complies, in the opinion of Perot Systems' counsel, with all applicable laws and regulations, including, but not limited to, the Securities Act of 1933 and the rules and regulations of the United States Securities and Exchange Commission, and all rules and regulations of the New York Stock Exchange or other applicable stock exchange upon which the Common Stock is listed.

(b)

Investment Intent. As a condition to the exercise of an option, Perot Systems may require the person exercising such option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

distribute such Shares if, in the opinion of counsel for Perot Systems, such a representation is required by any of the aforementioned applicable provisions of law.

4.4

Administration; Committee.

(a)

Board of Directors. This Plan will be administered by the Board. Unless otherwise provided in this Plan, the Board has the power:

(i)

To determine when and how rights to purchase Shares will be granted and the provisions of each offering of such rights (which need not be identical).

(ii)

To designate Participating Affiliates.

(iii)

To construe and interpret the Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it will deem necessary or expedient to make the Plan fully effective.

(iv)

To amend or terminate this Plan as provided in Section 4.5.

(v)

To delegate administration of this Plan to a Committee of two or more members of the Board.

(vi)

Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company.

Any determination, decision or action by the Board or its delegee in connection with the construction, interpretation, administration or application of the Plan shall be final, conclusive and binding upon all Participants and any and all persons claiming under or through any Participant.

(b)

Committee. If administration of this Plan is delegated to a Committee, it will have all the powers of the Board with respect to this Plan, subject to any limitations on such powers stated in the Board's resolutions delegating administration to the Committee. Whether or not the Board delegates administration of this Plan to a Committee, the Board retains the final power to determine all questions of policy, procedure, and expediency that arise in the administration of this Plan.

(c)

Participation by Members of the Board or Committee. Members of the Board who are Eligible Associates are permitted to participate in this Plan; provided that (A) no member of the Board who participates in this Plan may vote on any matter affecting the administration of, or the grant of any option pursuant to, this Plan, and (B) if a Committee is appointed to administrate this Plan, no member of the Committee will be eligible to participate in this Plan.

(d)

Stock Administrator. Perot Systems' day to day obligations under this Plan will be managed by the Stock Administrator, subject to the Board's final power to determine all questions of policy, procedure, and expediency that arise in the administration of this Plan. The Stock Administrator will have all of the following powers of the Board:

(i)

To manage, or select and direct a Plan Custodian to manage, the daily operations of this Plan in accordance with its terms;

(ii)

To adopt rules of procedure and regulations necessary for the operation of this Plan, provided they are consistent with the terms of this Plan;

(iii)

To determine all questions with regard to rights of Eligible Associates and Participants under the Plan, including, but not limited to, the eligibility of any person to participate in the Plan;

- (v) To direct the distribution of the Shares purchased hereunder;
- (vi) To furnish the Company with information which it requires for tax or other purposes;
- (vii) To engage the service of counsel (who may, if appropriate, be counsel for the Company) and a Plan Custodian or other agents it deems advisable to assist it with the performance of its duties;
- (viii) To prescribe procedures to be followed by Participants in electing to participate in this Plan;
- (ix) To receive from each Company and Eligible Associate any information necessary to administer or manage this Plan;

- (xii) To interpret and construe the Plan.

4.5

Amendment or Termination.

- (a) The Board may amend or terminate this Plan without notice, provided that the Board will not, without the approval of the stockholders of Perot Systems, (i) increase the maximum number of Shares that may be sold or issued under this Plan (except pursuant to Section 5.2), or (ii) amend the requirements as to the class of Eligible Associates eligible to purchase Shares under this Plan or if a Committee is appointed to administer this Plan, permit the members of the Committee to participate in this Plan.
- (b) Except as specifically provided in this Plan, as required to comply with Code section 423, or as required to obtain a favorable ruling from the Internal Revenue Service, no amendment may, without the consent of that Participant, make any change in any option granted under this Plan that adversely affects the rights of any Participant.
- (c) This Plan will automatically terminate on the Exercise Date that Participants become entitled to purchase a number of Shares greater than the number available for purchase under Section 4.2. In the event of an automatic termination, reserved Shares remaining as of such Exercise Date will be sold to Participants on a pro rata basis, as described in Section 4.2(b).

4.6

Approval of the Stockholders. The amendment and restatement of this Plan is subject to approval by the stockholders of Perot Systems within 12 months after the date the amended and restated Plan is adopted. Notwithstanding any provision to the contrary, failure to obtain such stockholder approval will void the amendment and restatement of the Plan.

4.7

No Liability for Good Faith Determinations. Neither the members of the Board, the Stock Administrator nor the Plan Custodian (nor their delegates) will be liable for any act, omission, or determination taken or made in good faith with respect to the Plan or any right to purchase Shares granted under it. Members of the Board and the Stock Administrator (and their delegates) will be entitled to indemnification and reimbursement by Perot Systems in respect of any claim, loss, damage, or expense (including attorneys' fees, the

costs of settling any suit, provided such settlement is approved by independent legal counsel selected by Perot Systems, and amounts paid in satisfaction of a judgment, except a judgment based on a finding of bad faith) arising therefrom to the full extent permitted by law and under any directors and officers' liability or similar insurance coverage that may from time to time be in effect.

Perot Systems Corporation

Amended and Restated
1999 Employee Stock Purchase Plan/Non-US
(Subject to Approval on May 9, 2008)

1. Purpose of the Plan

1.1

General. Perot Systems has adopted this Plan to provide Eligible Associates with the opportunity and a convenient means to purchase Common Stock as an incentive (a) to exert their maximum efforts for the success of the Company, and (b) to remain employed with the Company.

1.2

Parallel Plans. If revisions to this Plan are necessary to comply with employment, labor, securities, tax or other laws or regulations (or, in the sole discretion of Perot Systems, business customs) which apply to a Participating Affiliate, the Stock Administrator may implement separate plans (or country-specific addenda implementing revisions to this Plan) for those Eligible Associates that are revised as necessary to conform to such laws, regulations and business customs.

2. Participation in the Plan

2.1

Eligibility. Each Eligible Associate who is employed by an Employer on an Enrollment Date may participate in the Plan during the relevant Offering Period, unless:

(a)

Immediately after the grant of an option under this Plan on the Exercise Date, the Eligible Associate (together with certain individuals and entities associated with or related to the Eligible Associate as described in Section 424(d) of the Tax Code) would be deemed to own a number of shares of stock and certain exercisable options to purchase stock that together represent 5% or more of the total combined voting power or value of all classes of stock of Perot Systems or any Subsidiary (computed in accordance with Section 423(b)(3) of the Tax Code); or

(b)

Immediately after the grant of an option under this Plan to an Eligible Associate on the Exercise Date, the Eligible Associate's rights to purchase Common Stock under all of the employee stock purchase plans described in Section 423 of the Tax Code of Perot Systems and each Subsidiary would accrue at a rate that exceeded \$25,000 (computed based on the Fair Market Value on the Exercise Date in accordance with Section 423(b)(8) of the Tax Code) during the calendar year of that Offering Period; or

(c)

Other applicable laws or regulations prohibit the Eligible Associate's participation.

2.2

Enrollment to Buy Stock. Each Eligible Associate who:

(a)

completes an Enrollment Agreement in the form, format, and as otherwise required by the Stock Administrator, and delivers that Enrollment Agreement to the Stock Administrator at least one business day before the Enrollment Date for an Offering Period, or

(b)

calls the Plan Custodian's automated phone system or uses an on-line enrollment tool approved by the Stock Administrator to complete the enrollment process before the Enrollment Date for an Offering Period

may purchase Common Stock on the Exercise Date for that Offering Period, subject to the other provisions of this Plan.

2.3

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Designation of Beneficiary. Each Participant may from time to time designate a beneficiary by filing a written beneficiary designation form with the Stock Administrator. Such beneficiary shall receive any refunds of amounts not used to purchase Shares and any Shares issued to the Participant. If no

B-3

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

beneficiary was designated, any cash refunds and transfers of Shares shall be made to the appropriate representative of Participant's estate.

2.4

Contributions; Payroll Deductions; Account; No Interest.

(a)

The Employer will withhold from each Participant's paycheck (or, in jurisdictions where payroll deductions are not allowed, will allow each Participant to contribute) the percentage (not to exceed 10%) of Eligible Compensation specified in his or her then-current Enrollment Agreement commencing on the first pay date after the next Enrollment Date of an Offering Period and continuing throughout that Offering Period and each future Offering Period until he or she ceases to be a Participant or, if earlier, changes his or her Enrollment Agreement.

(b)

The Employer will hold and use the amounts withheld from each Participant's paycheck (or otherwise contributed by each Participant) until the earlier of the date those amounts are (i) used to purchase Common Stock, or (ii) refunded to the Participant. The Employer will not be required to segregate any of these funds from its general corporate fund, and will not pay interest on any of these funds unless otherwise required by applicable law.

(c)

If the funds in the Participant Account of a Participant are in a currency other than United States dollars on any Exercise Date, for purposes of determining the maximum number of whole and fractional shares that may be purchased under this Plan, such funds will be deemed to have been converted into United States dollars based upon the foreign exchange selling rates, as reported by the Dow Jones News/Retrieval Service of Dow Jones and Company, Inc., on such date, or if not so reported on such date, as reported on the next preceding date on which such rates are reported.

2.5

Changes in Contributions. During an Offering Period, a Participant may not change the percentage of Eligible Compensation to be withheld from his or her paycheck (or otherwise to be contributed), except by withdrawing from the Plan. However, a new Enrollment Agreement may be submitted for any subsequent Offering Period.

2.6

Withdrawal.

(a)

A Participant may stop participating in the current Offering Period and each future Offering Period by delivering a Withdrawal Agreement to the Stock Administrator or calling the Plan Custodian's automated phone system or using an on-line tool approved by the Stock Administrator to complete the withdrawal process at least one business day before the Exercise Date for the then-current Offering Period. Delivery of a Withdrawal Agreement or completing the withdrawal process will:

(i)

permanently and irrevocably terminate the Withdrawing Associate's participation in the then-current Offering Period, and

(ii)

suspend the Withdrawing Associate's participation in any future Offering Periods until he or she delivers a new Enrollment Agreement to the Stock Administrator.

An election to stop participating in one Offering Period will not prevent an Eligible Associate from participating in any future Offering Period or in any other Plan adopted by Perot Systems, provided that the Eligible Associate will not participate in any future Offering Period until he or she submits a new Enrollment Agreement.

(b)

As soon as practical after receiving a Withdrawal Agreement, the Employer will:

(i)

stop withholding the applicable percentage of Eligible Compensation from the Withdrawing Associate's paychecks or otherwise accepting contributions to the Withdrawing Associate's Participant Account, and

- (ii) refund to the Withdrawing Associate all amounts previously withheld from his or her paychecks or otherwise contributed to the Withdrawing Associate's Participant Account during the then-current Offering Period.

2.7

Termination of Employment; Leave of Absence.

- (a) If a Participant's employment with the Company terminates, including by death, on or before an Exercise Date, he or she will be deemed to have elected to withdraw from the applicable Offering Period effective as of the date his or her employment terminated.
- (b) As soon as practical after a Participant's termination of employment, the Employer will:
 - (i) refund all amounts withheld from his or her paycheck or otherwise contributed under this Plan that have not been used to purchase Common Stock from Perot Systems or otherwise refunded; and
 - (ii) distribute, or direct the Plan Custodian to distribute, any whole Shares plus the Fair Market Value of any fractional Shares held by the Employer or the Plan Custodian on the Participant's behalf to the Participant or his or her designee.
- (c) If a Participant begins an approved leave of absence from his or her Employer on or before an Exercise Date, he or she will remain in the Plan for the applicable Offering Period and each subsequent Offering Period, but only so long as such Participant's approved leave of absence, measured from the first day of his or her leave of absence, has not exceeded the greater of: (i) 90 days, or (ii) the period during which such Participant's right to reemployment with the Company is guaranteed either by statute or contract (the "Leave Period"). If a Participant's approved leave of absence exceeds his or her Leave Period, such Participant will be deemed to have elected to stop participating in the Plan on the day immediately after the last day of the Leave Period, and such deemed election to stop participating shall be effective for each such Offering Period and each subsequent Offering Period until he or she returns to work and submits a new Enrollment Form.

2.8

Transferability. Neither any monies credited to a Participant Account nor any rights with regard to the exercise of an option to purchase Common Stock under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way (other than by will or the laws of descent and distribution) by the Participant, and an option granted to a Participant under this Plan will be exercisable, during his or her lifetime, only by such Participant. Any such attempt at assignment, transfer, pledge, or other disposition will be without effect, except that Perot Systems will treat such act as an election to withdraw funds in accordance with Section 2.6.

3. Purchase of Stock

3.1

Offering Periods. Except as provided in this Section 3.1, each Offering Period will start on the first day of the second month of a calendar quarter and end on the last day of the first month of the next calendar quarter. The Offering Period starting on May 1, 2008 will end on June 30, 2008. Thereafter, each Offering Period will start on the first day of the first month of a calendar quarter and end on the last day of the last month of such calendar quarter.

3.2

Grant of Option; Exercise Price.

- (a) On each Enrollment Date, Perot Systems will offer each Participant the opportunity to have Eligible Compensation withheld from his or her paycheck (or to contribute Eligible Compensation in a manner approved by Perot Systems) to be used to purchase on the next Exercise Date a number of Shares. The number of shares the Participant will have an option to purchase (on that Exercise Date and using the funds accumulated since the prior Enrollment Date) will be a number of whole and fractional Shares equal to (i) his or her then-current

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Withholding Percentage, multiplied by his or her Eligible Compensation for the Offering Period, divided by the Exercise Price for the next Exercise Date, minus (ii) the number of whole and fractional Shares, if any, necessary to prevent (A) that Participant from exceeding the limits referred to in Section 2.1(a), or (B) the Plan from issuing more shares than are authorized as provided in Section 4.2.

(b)

The Exercise Price for each Offering Period will be 85% of the Fair Market Value of one share of the Common Stock on the Exercise Date for that Offering Period.

3.3

Automatic Exercise of Option. On each Exercise Date, each Participant's option to purchase Shares will be exercised automatically to purchase:

(a)

the maximum number of whole and fractional Shares that may be bought with the funds withheld from his or her paycheck (or otherwise contributed) during the applicable Offering Period, minus

(b)

any number of Shares required to comply with any limitations described in Section 2.1 of this Plan concerning the maximum number of Shares that may be purchased by that Participant.

3.4

Payment for Stock. Immediately upon each exercise of each Participant's option to purchase shares, the amount held by Perot Systems for the benefit of that Participant will be reduced by the Exercise Price multiplied by the number of whole and fractional Shares of Common Stock purchased by that Participant in that exercise.

3.5

Delivery of Shares; Voting.

(a)

Subject to the restrictions of Section 3.5(b), as soon as practical after each Exercise Date, a stock certificate will be issued to each Participant or to the Plan Custodian for the benefit of each Participant for the Shares purchased on that Exercise Date. Such certificate may be issued in nominee name.

(b)

All Shares purchased under this Plan will be held by Perot Systems or the Plan Custodian until the earlier of (i) a request for delivery of the shares by the Participant, or (ii) the termination of the Participant's employment by the Employer.

(i)

As soon as practical after termination of a Participant's employment by an Employer, certificates representing whole Shares plus the Fair Market Value of any fractional Shares purchased under the Plan will be issued in the name of that Participant or, if timely requested by that Participant in a form approved by the Plan Custodian, his or her designee.

(ii)

All Shares purchased under this Plan shall be nontransferable and nonassignable for six months after the date such Shares are issued to the Participant. Any attempt to sell, gift, pledge or otherwise transfer any Shares prior to the expiration of six months from issuance shall be ineffective and void. The Stock Administrator may waive the foregoing restrictions for good reason with the approval of Perot Systems' Vice President Human Resources.

Perot Systems will pay all issue or initial transfer taxes imposed with respect to the issuance or initial transfer of shares, as well as all fees and expenses necessarily incurred by the Company in connection with such issuance or initial transfer. Notwithstanding the foregoing, Employers are expressly authorized to recover from the Participating Associate the amount of any fringe benefit or similar tax imposed on purchases of Shares under this Plan with the approval of Perot Systems' Vice President Human Resources.

(c)

A Participant who purchases Shares under this Plan shall be transferred at such time substantially all of the rights of ownership of such Shares. Such rights of ownership shall include the right to vote, the right to receive declared dividends, the right to share in the assets of Perot Systems in the event of liquidation, the right to inspect Perot Systems' books and the

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

right to pledge or sell such Shares, subject to the restrictions on such rights in this Plan and the restrictions on such rights imposed by applicable law.

3.6

Periodic Reports. As soon as practical after each Exercise Date, a statement will be sent to each person who has been a Participant under this Plan, which statement will include (i) the total amount, in United States dollars or local currency, of all payroll deductions or other contributions made during the applicable Offering Period or otherwise held under this Plan for the benefit of that person by the Company, and any applicable currency conversion rate, (ii) the number of Shares purchased by that person on each applicable Exercise Date, (iii) the per share and aggregate purchase price per Share for those Shares, (iv) the remaining cash balance, if any held by the Company for the benefit of that person, and (v) such other information as the Stock Administrator or Plan Custodian deems appropriate.

3.7

No Rights in Stock Prior to Exercise. Neither a Participant nor his or her beneficiaries will have any interest or voting right in Common Stock covered by an option granted under this Plan until such option has been exercised and the Shares purchased.

4. Operation of the Plan

4.1

Effective Date and Term of Plan. This Plan became effective January 1, 2000, has been amended and restated as of March 12, 2008, and will terminate on July 16, 2018, unless sooner terminated under Section 4.5.

4.2

Shares Authorized for Sale and Issuance Under the Plan.

(a)

The maximum number of Shares that may be sold and issued under this Plan will be 10,000,000 Shares, although the stated maximum of 10,000,000 Shares will be (i) reduced by the number of Shares issued pursuant to exercises of options granted under the Perot Systems 1999 Employee Stock Purchase Plan, the Perot Systems 1999 Employee Stock Purchase Plan/US and any other parallel or subsidiary plans created hereunder and (ii) adjusted as provided in Section 5.2 below. If any option to purchase Shares granted under this Plan is not exercised for any reason, the Shares subject to that option will remain available to be sold and issued under this Plan.

(b)

If, for any reason, the number of Shares available for sale and issuance under this Plan under Section 4.2(a) is less than the number of Shares to be sold and issued under Section 3.3 on an Exercise Date, Perot Systems will allocate the Shares available for sale and issuance pro rata among the Participants in as uniform a manner as it determines to be equitable. In such event, the Stock Administrator or Plan Custodian will notify each Participant of the reduction in the number of Shares and the reason for such reduction.

(c)

Shares sold and issued under this Plan may, in the sole and absolute discretion of the Board, be either authorized and unissued Shares or treasury Shares that are bought or otherwise acquired in public or private transactions.

4.3

Conditions Upon Issuance of Shares.

(a)

Compliance With Laws. Perot Systems will not be required to grant an option or to sell or issue any Shares under this Plan to any Eligible Associate unless that option and the sale, issuance and delivery of Shares upon exercise of that option complies, in the opinion of Perot Systems' counsel, with all applicable laws and regulations, including, but not limited to, the Securities Act of 1933 and the rules and regulations of the United States Securities and Exchange Commission, and all rules and regulations of the New York Stock Exchange or other applicable stock exchange upon which the Common Stock is listed.

(b)

Investment Intent. As a condition to the exercise of an option, Perot Systems may require the person exercising such option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

distribute such Shares if, in the opinion of counsel for Perot Systems, such a representation is required by any of the aforementioned applicable provisions of law.

4.4

Administration; Committee.

(a)

Board of Directors. This Plan will be administered by the Board. Unless otherwise provided in this Plan, the Board has the power:

(i)

To determine when and how rights to purchase Shares will be granted and the provisions of each offering of such rights (which need not be identical).

(ii)

To designate Participating Affiliates.

(iii)

To construe and interpret the Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it will deem necessary or expedient to make the Plan fully effective.

(iv)

To amend or terminate this Plan as provided in Section 4.5.

(v)

To delegate administration of this Plan to a Committee of two or more members of the Board.

(vi)

Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company.

Any determination, decision or action by the Board or its delegee in connection with the construction, interpretation, administration or application of the Plan shall be final, conclusive and binding upon all Participants and any and all persons claiming under or through any Participant.

(b)

Committee. If administration of this Plan is delegated to a Committee, it will have all the powers of the Board with respect to this Plan, subject to any limitations on such powers stated in the Board's resolutions delegating administration to the Committee. Whether or not the Board delegates administration of this Plan to a Committee, the Board retains the final power to determine all questions of policy, procedure, and expediency that arise in the administration of this Plan.

(c)

Participation by Members of the Board or Committee. Members of the Board who are Eligible Associates are permitted to participate in this Plan; provided that (A) no member of the Board who participates in this Plan may vote on any matter affecting the administration of, or the grant of any option pursuant to, this Plan, and (B) if a Committee is appointed to administrate this Plan, no member of the Committee will be eligible to participate in this Plan.

(d)

Stock Administrator. Perot Systems' day to day obligations under this Plan will be managed by the Stock Administrator, subject to the Board's final power to determine all questions of policy, procedure, and expediency that arise in the administration of this Plan. The Stock Administrator will have all of the following powers of the Board:

(i)

To manage, or select and direct a Plan Custodian to manage, the daily operations of this Plan in accordance with its terms;

(ii)

To adopt rules of procedure and regulations necessary for the operation of this Plan, provided they are consistent with the terms of this Plan;

(iii)

To determine all questions with regard to rights of Eligible Associates and Participants under the Plan, including, but not limited to, the eligibility of any person to participate in the Plan;

- (vi) To furnish the Company with information which it requires for tax or other purposes;
- (vii) To engage the service of counsel (who may, if appropriate, be counsel for the Company) and a Plan Custodian or other agents it deems advisable to assist it with the performance of its duties;
- (viii) To prescribe procedures to be followed by Participants in electing to participate in this Plan;
- (ix) To receive from each Company and Eligible Associate any information necessary to administer or manage this Plan;
- (x) To maintain, or cause Perot Systems, the Employer or the Plan Custodian to maintain, an account in the name of each Participant to reflect his or her participation in this Plan;
- (xi) To interpret and construe the Plan;
- (xii) To waive the transfer restrictions set forth in Section 3.5(b)(ii) with respect to individual Participants for good reason shown by a Participant and with the approval of Perot Systems' Vice President Human Resources; and
- (xiii) To make any changes or modifications necessary to administer and implement the provisions of this Plan in any jurisdiction to the fullest extent possible, including but not limited to creation of parallel plans as contemplated by Section 1.2.

4.5

Amendment or Termination.

- (a) The Board may amend or terminate this Plan without notice, provided that the Board will not, without the approval of the stockholders of Perot Systems, (i) increase the maximum number of Shares that may be sold or issued under this Plan (except pursuant to Section 5.2), or (ii) amend the requirements as to the class of Eligible Associates eligible to purchase Shares under this Plan (except to the extent necessary to comply with any applicable law), or, if a Committee is appointed to administer this Plan, permit the members of the Committee to participate in this Plan.
- (b) Except as specifically provided in this Plan, no amendment may, without the consent of that Participant, make any change in any option granted under this Plan that adversely affects the rights of any Participant.
- (c) This Plan will automatically terminate on the Exercise Date that Participants become entitled to purchase a number of Shares greater than the number available for purchase under Section 4.2. In the event of an automatic termination, reserved Shares remaining as of such Exercise Date will be sold to Participants on a pro rata basis, as described in Section 4.2(b).

4.6

Approval of the Stockholders. The amendment and restatement of this Plan is subject to approval by the stockholders of Perot Systems within 12 months after the date the amended and restated Plan is adopted. Notwithstanding any provision to the contrary, failure to obtain such stockholder approval will void the amendment and restatement of the Plan.

4.7

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A
