TITLE V.P. & CONTROLLER

d often contain words such as expect, anticipate, intend, plan, believe, seek, see, will, would, or tar similar meaning, but these words are not the exclusive means of identifying forward-looking statements.

Forward-looking statements are based on management's current expectations and assumptions, and are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. As a result, actual results could differ materially from those indicated in these forward-looking statements. For the reasons described above, we caution you against relying on any forward-looking statements, which should also be read in conjunction with the other cautionary statements that are included in GE's and Synchrony's respective public filings. You should not consider any list of such factors to be an exhaustive statement of all of the risks, uncertainties, or potentially inaccurate assumptions that could cause either of our current expectations or beliefs to change. Forward-looking statements by their nature address matters that are, to different degrees, uncertain. These or other uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements. Additional Information and Where to Find It This document is for informational purposes only and is neither an offer to sell or the solicitation of an offer to buy any securities nor a recommendation as to whether investors should participate in the exchange offer. Synchrony has filed with the Securities and Exchange Commission (the SEC) a registration statement on Form S-4 that includes the Prospectus and GE has filed with the SEC a Schedule TO, which more fully describes the terms and conditions of the exchange offer. The exchange offer will be made solely by the Prospectus. ### **Forward-Looking Statements**

This document contains forward-looking statements that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance and financial condition, and often contain words such as expect, anticipate, intend, plan, believe, seek, see, w target.

Forward-looking statements by their nature address matters that are, to different degrees, uncertain, such as statements about our announced plan to reduce the size of our financial services businesses, including expected cash and non-cash charges associated with this plan; expected income; earnings per share; revenues; organic growth; margins; cost structure; restructuring charges; cash flows; return on capital; capital expenditures, capital allocation or capital structure; dividends; and the split between Industrial and GE Capital earnings.

For us, particular uncertainties that could cause our actual results to be materially different than those expressed in our forward-looking statements include:

failure to consummate the exchange offer;

obtaining (or the timing of obtaining) any required regulatory reviews or approvals or any other consents or approvals associated with our announced plan to reduce the size of our financial services businesses;

our ability to complete incremental asset sales as part of that plan in a timely manner (or at all) and at the prices we have assumed;

changes in law, economic and financial conditions, including interest and exchange rate volatility, commodity and equity prices and the value of financial assets, including the impact of these conditions on our ability to sell or the value of incremental assets to be sold as part of our announced plan to reduce the size of our financial services businesses as well as other aspects of that plan;

the impact of conditions in the financial and credit markets on the availability and cost of GECC's funding, and GECC's exposure to counterparties;

the impact of conditions in the housing market and unemployment rates on the level of commercial and consumer credit defaults;

pending and future mortgage loan repurchase claims and other litigation claims in connection with WMC, which may affect our estimates of liability, including possible loss estimates;

our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so;

the adequacy of our cash flows and earnings and other conditions, which may affect our ability to pay our quarterly dividend at the planned level or to repurchase shares at planned levels;

GECC's ability to pay dividends to GE at the planned level, which may be affected by GECC's cash flows and earnings, financial services regulation and oversight, and other factors;

our ability to convert pre-order commitments/wins into orders;

the price we realize on orders since commitments/wins are stated at list prices;

customer actions or developments such as early aircraft retirements or reduced energy demand and other factors that may affect the level of demand and financial performance of the major industries and customers we serve;

the effectiveness of our risk management framework;

the impact of regulation and regulatory, investigative and legal proceedings and legal compliance risks, including the impact of financial services regulation and litigation;

adverse market conditions, timing of and ability to obtain required bank regulatory approvals, or other factors relating to us or Synchrony Financial that could prevent us from completing the Synchrony Financial split-off as planned;

our capital allocation plans, as such plans may change including with respect to the timing and size of share repurchases, acquisitions, joint ventures, dispositions and other strategic actions;

Edgar Filing: NUVEEN FLOATING RATE INCOME FUND - Form NSAR-B

our success in completing, including obtaining regulatory approvals for, announced transactions, such as the proposed transactions and alliances with Alstom, Appliances and our announced plan to reduce the size of our financial services businesses, and our ability to realize anticipated earnings and savings;

our success in integrating acquired businesses and operating joint ventures;

the impact of potential information technology or data security breaches; and

the other factors that are described in **Risk Factors** in our Annual Report on Form 10-K for the year ended December 31, 2014.

These or other uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
