NOTES TO THE INTERIM FINANCIAL STATEMENTS

March 31, 2003

1. Basis of Presentation

The accompanying unaudited interim financial statements of Iconet, Inc. (the "Company") have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America, pursuant to the Securities and Exchange Commission rules and regulations. In management's opinion all adjustments necessary for a fair presentation of the results for the interim periods have been reflected in the interim financial statements. The results of operations for any interim period are not necessarily indicative of the results for a full year. All adjustments to the financial statements are of a normal recurring nature.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. Such disclosures

Edgar Filing: ICONET INC - Form 10QSB

are those that would substantially duplicate information contained in the most recent audited financial statements of the Company, such as significant accounting policies and stock options. Management presumes that users of the interim statements have read or have access to the audited financial statements and notes thereto included in the Company's most recent annual report on Form 10-KSB.

New Pronouncements

In February 2003 the FASB issued SFAS No. 149, "Accounting for Certain Financial Instruments with Characteristics of Liabilities and Equity," which is effective at the beginning of the first interim period beginning after March 15, 2003. SFAS No. 149 establishes standards for the Company's classification of liabilities in the financial statements that have characteristics of both liabilities and equity. The Company believes the adoption of SFAS No. 149 will not have a material effect on the Company's consolidated financial position or results of operations.

Going Concern

These financial statements have been prepared assuming that the Company will continue as a going concern. The Company is currently in the development stage, and existing cash, other material assets, and available credit are insufficient to fund the Company's cash flow needs for the next year. In October 2001 a related party extended the Company a line of credit for \$150,000 (see Note 2). Management is attempting to raise additional capital.

2. Related Party Transactions

The company rents office space on a month-to-month basis in order to perform administrative functions. The rent is due to an officer of the Company. At September 30, 2002, rent expense of \$8,500 was payable as part of officer advances. For the three months ended March 31, 2003, rent of \$1,500 was expensed, respectively.

The President of Iconet, Inc. has advanced the Company funds to pay expenses. The advance is due upon demand and carries no interest. As of March 31, 2003, the outstanding advance balance was \$30,900.

During the three months ended March 31, 2003, the company incurred expense for consulting to officers and shareholders. The total expense for the three months ended March 31, 2003 was \$22,500. The total related party payable as of March 31, 2003, was \$503,565.

The Company has a \$150,000 line of credit from a shareholder, as of March 31, 2003, the line of credit was not used.

3. Subsequent Events

In April 2003 the Company and Sea Emerald Development Corp., rescinded their agreement for the purchase and sale of the mining claims situated in Porcupine Mining Division, Canada. The 10,000,000 shares of the Company's restricted Common Stock issued to Sea Emerald will be returned to the Company's treasury.

PART II - OTHER INFORMATION

PART II. OTHER INFORMATION

March 31, 2003 Management Discussion and Analysis

MD&A Mar/31/03

The Company, has reviewed, and continues to review, its corporate files, books and records, and based thereon, it has not been able to conclusively identify a basis for a certain undetermined amount of its current Accounts Payable and for the Related Parties payable to previous management. We have been unable, at this point, to locate back up documentation or back up invoices for some of such payables. Our review continues in this regard.

On April 3, 2003, based on further due diligence by the parties, the Company and Sea Emerald Development Corp., a Canadian corporation ("Sea Emerald"), mutually agreed to rescind their agreement for the purchase and sale of 100% interest in 21 mining claims situated in Langmuir Township, Porcupine Mining Division, Ontario, Canada. The 10,000,000 shares of the Company's restricted Common Stock issued to Sea Emerald have been returned to the Company's treasury for cancellation.

The company has entered into two option agreements with Starfire Minerals for various mining claims that it has not, nor does it intend to complete on.

Dr. Stewart Jackson has resigned from the Board of Directors in April 2003.

Mr. Ron Shorr has resigned from the Board of Directors in April 2003.

The Company has also adopted an Option Plan for Directors, Officers and Employees, subject to shareholder approval.

The Company has defaulted on settlement agreement for the lawsuit with JP Morgan after having made three payments totalling \$9962.37.

The Company has attained a Berlin Stock Exchange listing.
