Item 1.01 Entry into a Material Definitive Agreement.

Black Hills Corporation, a South Dakota corporation (the Company), entered into an underwriting agreement dated November 10, 2010 (the Underwriting Agreement), among the Company and J.P. Morgan Securities LLC, BMO Capital Markets Corp., RBC Capital Markets, LLC and Credit Suisse Securities (USA) LLC, individually and acting as representatives of the several underwriters named therein (the Underwriters), and in the case of J.P. Morgan Securities LLC, acting as agent for an affiliate (the Forward Seller) and as agent for JPMorgan Chase Bank, National Association (the Forward Purchaser), in connection with the sale by the Forward Seller and purchase by the Underwriters of 4,000,000 shares of Common Stock, \$1.00 par value per share (the Common Stock), of the Company (the Borrowed Underwritten Shares), and the grant by the Company or the Forward Seller, as applicable, to the Underwriters, of the option to purchase all or any part of 600,000 additional shares of Common Stock solely to cover over-allotments (the Option Shares). The Borrowed Underwritten Shares will be borrowed and delivered to the Underwriters by the Forward Seller, subject to certain exceptions described in the Underwriting Agreement. The Underwriting Agreement provides that the Company may elect, if the over-allotment option is exercised, in lieu of issuing and delivering the Option Shares directly to the Underwriters, that such Option Shares be borrowed and delivered to the Underwriters by the Forward Seller.

The Underwriters are offering the Borrowed Underwritten Shares to the public at a price of \$29.75 per share (the Offering). The closing of the Offering is expected to occur on November 17, 2010, subject to the satisfaction of customary closing conditions.

In connection with the Offering, the Company also entered into a confirmation dated November 10, 2010, as amended by that certain amendment dated November 15, 2010 (as amended, the Forward Sale Agreement) with J.P. Morgan Securities LLC as agent for the Forward Purchaser. The Forward Sale Agreement relates to the forward sale by the Company of a number of shares of common stock equal to the number of shares of common stock to be borrowed and sold by the Forward Seller pursuant to the Underwriting Agreement. Settlement of the Forward Sale Agreement is expected to occur no later than approximately 12 months following the closing date of the Offering. The Company intends to use any net proceeds it receives upon settlement of the Forward Sale Agreement, or from any sales of shares to the Underwriters in the circumstances described in the Underwriting Agreement, to repay borrowings under its \$500 million revolving credit facility which matures on April 14, 2013 (the Revolving Credit Facility) that were used primarily to finance the construction costs of the Company's new Colorado Electric and Black Hills Colorado IPP power generation facilities, to fund future capital expenditures to be incurred to complete the construction of the facilities and for general corporate purposes. The aggregate principal amount of borrowings outstanding on the Revolving Credit Facility as of September 30, 2010, was \$145.0 million. Upon physical settlement of the Forward Sale Agreement, the Company will deliver shares of its Common Stock in exchange for cash proceeds at the then-applicable forward sale price. The forward sale price is initially equal to the public offering price less the underwriting discount and is subject to adjustment as provided in the Forward Sale Agreement. However, subject to certain exceptions, the Company may elect cash or net share settlement for all or a portion of its obligations under the Forward Sale Agreement. Assuming physical settlement of the Forward Sale Agreement based upon the initial forward sale price of \$28.70875 per share as of the pricing date of the Offering, the Company would receive net proceeds of approximately \$114,835,000 upon settlement of the Forward Sale Agreement, after deducting the underwriters' discount and commissions and before deducting estimated offering expenses.

The Offering is described in the prospectus supplement of the Company, dated November 10, 2010, together with the related prospectus dated October 22, 2009, filed with the Securities and Exchange Commission under Rule 424(b) on November 12, 2010.
