**Section 8 Other Events**

**Item 8.01 Other Events**

GeoPetro Resources Company (the Company) announced today that its wholly-owned subsidiary, Redwood Energy Production, L.P., a Texas limited partnership, has elected to temporarily shut-in its natural gas production at the Madisonville Field, Madison County, Texas in light of currently depressed natural gas prices caused by the oversupply of natural gas and the abnormally warm winter weather which has reduced the demand for natural gas. The Company plans to resume its natural gas production from the Madisonville Field when natural gas prices recover from the recently depressed levels, thus providing a better economic return. The Company will monitor market conditions and bring its natural gas production back on stream as market conditions warrant.
