Item 1.01. Entry into a Material Definitive Agreement.

On March 12, 2013, MGIC Investment Corporation (the Company) sold \$500,000,000 aggregate principal amount of the Company's 2.00% convertible senior notes due 2020 (the Convertible Notes). The initial conversion rate for the Convertible Notes is 143.8332 shares of the Company's common stock per \$1,000 principal amount of Convertible Notes (equivalent to a conversion price of approximately \$6.95 per share), subject to adjustment in certain events. Holders may convert their Convertible Notes into shares of the Company's common stock at their option prior to the close of business on the business day immediately preceding January 1, 2020 under certain circumstances described in the definitive prospectus supplement for the Convertible Notes and at any time on or after January 1, 2020 until the close of business on the second scheduled trading day immediately preceding the maturity date for the Convertible Notes of April 1, 2020. Upon conversion, the Company will deliver on the third trading day following the relevant conversion date a number of shares of the Company's common stock equal to (i)(A) the aggregate principal amount of the Convertible Notes to be converted divided by (B) \$1,000, multiplied by (ii) the then applicable conversion rate for each \$1,000 principal amount of the Convertible Notes.

The Convertible Notes were issued under the Indenture, dated October 15, 2000, between the Company and U.S. Bank National Association, as successor Trustee (the Trustee), as amended and supplemented (the Indenture), including by the Second Supplemental Indenture, dated March 12, 2013, between the Company and the Trustee (the Supplemental Indenture). The Indenture provides for customary events of default and further provides that the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Convertible Notes may declare the Convertible Notes immediately due and payable upon the occurrence of certain events of default after the expiration of any applicable grace period. In addition, in the case of an event of default arising from certain events of bankruptcy, insolvency or reorganization relating to the Company or any of its significant subsidiaries, all outstanding Convertible Notes under the Indenture will become due and payable immediately. The description of the Supplemental Indenture set forth above does not purport to be complete and is qualified in its entirety by reference to the Supplemental Indenture filed as Exhibit 4.1 to this Current Report on Form 8-K and incorporated herein by reference.

Item 8.01. Other Events.

On March 14, 2013, the Company sent notice to the holder of record of the Company's 9% Convertible Junior Subordinated Debentures due 2063 (the Debentures) that the Company was terminating the optional deferral of interest on the Debentures that was scheduled to be paid on October 1, 2012. The Company will pay such deferred interest, which including compound interest totals approximately \$18.3 million, on April 1, 2013 from the net proceeds of the Company's common stock offering that closed on March 12, 2013. Also on April 1, 2013, the Company will pay the regular interest payment on the Debentures due on that date of approximately \$17.5 million.
