UNITED STATES
SECURITIES AND EXCHANGE COMMISSION

Washington, DC 20549

FORM 10-Q

x Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended September 30, 2013

OR

o Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

Commission File Number 001-09279

ONE LIBERTY PROPERTIES, INC.

(Exact name of registrant as specified in its charter)

MARYLAND
(State or other jurisdiction of
incorporation or organization)

13-3147497
(I.R.S. employer
identification number)

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

60 Cutter Mill Road, Great Neck, New York
(Address of principal executive offices)

11021
(Zip code)

(516) 466-3100

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

As of November 4, 2013, the registrant had 15,645,646 shares of common stock outstanding.

Table of Contents

One Liberty Properties, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013

Note 1 - Organization and Background

One Liberty Properties, Inc. (OLP) was incorporated in 1982 in Maryland. OLP is a self-administered and self-managed real estate investment trust (REIT). OLP acquires, owns and manages a geographically diversified portfolio of retail, industrial, flex, office, health and fitness and other properties, a substantial portion of which are subject to long-term net leases. As of September 30, 2013, OLP owned 107 properties, including five properties owned by consolidated joint ventures and five properties owned by unconsolidated joint ventures. The 107 properties are located in 29 states.

Note 2 - Basis of Preparation

Principles of Consolidation/Basis of Preparation

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and include all of the information and disclosures required by U.S. Generally Accepted Accounting Principles (GAAP) for interim reporting. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statement disclosures. In the opinion of management, all adjustments necessary for fair presentation (including normal recurring accruals) have been included. The results of operations for the three and nine months ended September 30, 2013 are not necessarily indicative of the results for the full year. These statements should be read in conjunction with the consolidated financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The consolidated financial statements include the accounts and operations of OLP, its wholly-owned subsidiaries and its investment in five joint ventures in which the Company, as defined, has a controlling interest. OLP and its consolidated subsidiaries are hereinafter referred to as the Company . Material intercompany items and transactions have been eliminated in consolidation.

Investment in Joint Ventures

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

The Financial Accounting Standards Board, or FASB, guidance for determining whether an entity is a variable interest entity, or VIE, requires the performance of a qualitative rather than a quantitative analysis to determine the primary beneficiary of a VIE. Under this guidance, an entity would be required to consolidate a VIE if it has (i) the power to direct the activities that most significantly impact the entity's economic performance and (ii) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE that could be significant to the VIE.

Table of Contents

One Liberty Properties, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 2 - Basis of Preparation (Continued)

The Company assesses the accounting treatment for each joint venture investment. This assessment includes a review of each joint venture or limited liability company agreement to determine the rights of each party and whether those rights are protective or participating. The agreements typically contain certain protective rights such as the requirement of partner approval to sell, finance or refinance the property and the payment of capital expenditures and operating expenditures outside of the approved budget or operating plan. In situations where the Company and its partner (i) approve the annual budget, (ii) approve certain expenditures, (iii) prepare or review and approve the joint venture's tax return before filing, and (iv) approve each lease at each property, the Company does not consolidate the joint venture as the Company considers these to be substantive participation rights that result in shared power over the activities that most significantly impact the performance of the joint venture.

With respect to the five consolidated joint ventures in which the Company has between an 85% to 95% interest, the Company has determined that (i) such ventures are not VIEs and (ii) the Company exercises substantial operating control and accordingly, such ventures are consolidated for financial statement purposes.

The Company accounts for its investments in five unconsolidated joint ventures under the equity method of accounting. All investments in these five joint ventures have sufficient equity at risk to permit the entity to finance its activities without additional subordinated financial support and, as a group, the holders of the equity at risk have power through voting rights to direct the activities of these ventures. As a result, none of these five joint ventures are VIEs. In addition, although the Company is the managing member, it does not exercise substantial operating control over these entities, and therefore the entities are not consolidated. These investments are recorded initially at cost, as investments in unconsolidated joint ventures, and subsequently adjusted for their share of equity in earnings, cash contributions and distributions. None of the joint venture debt is recourse to the Company, subject to standard carve-outs.

Reclassification

Certain amounts reported in previous consolidated financial statements for the three and nine months ended September 30, 2012 have been reclassified in the accompanying consolidated financial statements to conform to the current period's presentation, primarily to reclassify the operations of a property that was sold in December 2012 to discontinued operations. In addition, the operations of the Company's tenant-in-common interest were reclassified for the three and nine months ended September 30, 2012. The reclassification transfers the tenant-in-common interest related amounts recorded in certain line items on the income statement (rental income, depreciation and amortization, real estate expenses, mortgage interest expense and amortization of deferred financing costs) to equity in earnings of unconsolidated joint ventures. This tenant-in-common interest was sold in May 2013.

Table of Contents

One Liberty Properties, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 2 - Basis of Preparation (Continued)

Additionally, the accompanying income statements include the reclassification of state tax expense in the three and nine months ended September 30, 2012 from general and administrative expense to federal excise and state taxes to conform to the current year's presentation.

None of the reclassifications had an effect on net income or stockholders' equity.

Note 3 - Earnings Per Common Share

Basic earnings per share was determined by dividing net income allocable to common stockholders for the applicable period by the weighted average number of shares of common stock outstanding during such period. Net income is also allocated to the unvested restricted stock during the applicable period, as the restricted stock is entitled to receive dividends and is therefore considered a participating security. Unvested restricted stock is not allocated net losses and/or any excess of dividends declared over net income; such amounts are allocated entirely to the common stockholders other than the holders of unvested restricted stock. The restricted stock units awarded under the Pay-for-Performance program described in Note 11 are excluded from the basic earnings per share calculation as these units are not participating securities.

Diluted earnings per share reflects the potential dilution that could occur if securities or other rights exercisable for, or convertible into, common stock were exercised or converted or otherwise resulted in the issuance of common stock that shared in the earnings of the Company. For the three and nine months ended September 30, 2013 and 2012, the diluted weighted average number of common shares includes 100,000 shares (of an aggregate of 200,000 shares) of common stock underlying the restricted stock units awarded pursuant to the Pay-For-Performance Program. These 100,000 shares may vest upon satisfaction of the total stockholder return metric. The number of shares that would be issued pursuant to this metric is based on the market price and dividends paid as of the end of each quarterly period assuming the end of that quarterly period was the end of the vesting period. The remaining 100,000 shares of common stock underlying the restricted stock units awarded under the Pay-For-Performance Program are not included during the three and nine months ended September 30, 2013 and 2012, as they did not meet the return on capital performance metric during such periods.

There were no options outstanding to purchase shares of common stock or other rights exercisable for, or convertible into, common stock during the nine months ended September 30, 2013 and 2012.

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 4 - Real Estate Acquisitions (Continued)

As a result of these acquisitions, the Company recorded intangible lease assets of \$11,307,000 and intangible lease liabilities of \$1,510,000, representing the value of the origination costs and acquired leases. As of September 30, 2013, the weighted average amortization period for these acquisitions is 13.6 years for the intangible lease assets and 8.0 years for the intangible lease liabilities. The Company assessed the fair value of the lease intangibles based on estimated cash flow projections that utilize appropriate discount rates and available market information. Such inputs are Level 3 (as defined in Note 12) in the fair value hierarchy. The Company is currently in the process of finalizing the purchase price allocations for these properties; therefore, these allocations are preliminary and subject to change.

Note 5 - Investment in Unconsolidated Joint Ventures

At September 30, 2013 and December 31, 2012, the Company had investments in five and seven unconsolidated joint ventures, respectively, each of which owned and operated one property. The Company's equity investment in such unconsolidated joint ventures totaled \$4,984,000 and \$19,485,000, respectively. In addition to the \$4,705,000 gain on sale of the two properties in 2013 described below, the Company recorded equity in earnings of \$513,000 and \$1,015,000 for the nine months ended September 30, 2013 and 2012, respectively, and \$122,000 and \$268,000 for the three months ended September 30, 2013 and 2012, respectively.

In February 2012, the Company entered into a joint venture with an affiliate of Trammell Crow Company pursuant to which the Company contributed a property located in Plano, Texas to the joint venture in exchange for a 90% equity interest therein, and Trammell Crow contributed \$1,500,000 in exchange for a 10% equity interest therein which resulted in a \$319,000 gain to the Company. In February 2013, Trammell Crow exercised its right to purchase the Company's 90% equity interest in the unconsolidated joint venture for \$13,500,000. The sale was completed on April 16, 2013 and the Company recorded a gain of \$1,898,000.

In May 2013, a property located in Los Angeles, California and owned by the Company and another entity as tenants-in-common, accounted for as an unconsolidated joint venture, was sold for \$25,000,000, of which our share was \$12,500,000. The Company recorded a \$2,807,000 gain on this sale in the nine months ended September 30, 2013 and incurred its \$148,000 share of the related mortgage prepayment penalty. The Company received net proceeds of \$4,630,000 from the sale transaction.

Note 6 - Allowance for Doubtful Accounts

The Company maintains an allowance for doubtful accounts for estimated losses resulting from the inability of its tenants to make required rent payments. If the financial condition of a specific tenant were to deteriorate resulting in an impairment of its ability to make payments, additional allowances may be required. At December 31, 2012, the balance in allowance for doubtful accounts was \$132,000, recorded as a reduction to accounts receivable. At September 30, 2013, there was no balance in allowance for doubtful accounts. The Company records bad debt expense as a reduction of rental income. For the three and nine months ended September 30, 2012, the Company recorded bad debt expense of \$16,000 and \$56,000, respectively, in income from continuing operations and net recoveries of previously recognized bad debt expense of \$116,000 and \$173,000, respectively, in discontinued operations as a result of collections in the nine months ended September 30, 2012 from one tenant. For the three and nine months ended September 30, 2013, the Company did not incur any bad debt expense.

Note 7 - Discontinued Operations

The following summarizes the components of income from discontinued operations applicable to five properties sold during 2012 (dollars in thousands):

Rental income	\$	507	\$	1,600
Depreciation and amortization		38		249
Interest expense		100		332
Net gain on sales		15,050		17,254
Income from discontinued operations	\$	15,419	\$	18,171

Note 8 - Line of Credit

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

The Company has a \$75,000,000 revolving credit facility with Manufacturer s & Trader s Trust Company, VNB New York Corp., Bank Leumi USA and Israel Discount Bank of New York. This facility matures March 31, 2015 and provides that the Company pay interest at the greater of (i) 90 day LIBOR plus 3% (3.25% at September 30, 2013) and (ii) 4.75% per annum, and there is an unused facility fee of .25% per annum. At September 30, 2013 and November 4, 2013, there were outstanding balances of \$23,500,000 and \$20,500,000, respectively, under the facility. The Company was in compliance with all covenants at September 30, 2013.

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 9 - Common Stock Cash Dividend

On September 10, 2013, the Board of Directors declared a quarterly cash dividend of \$.35 per share on the Company's common stock, totaling \$5,447,000. The quarterly dividend was paid on October 4, 2013 to stockholders of record on September 25, 2013.

Note 10 - Shares Issued Through Equity Offering Program

On August 9, 2012, the Company entered into an equity offering sales agreement to sell shares of the Company's common stock from time to time with an aggregate sales price of up to \$50,000,000, through an at the market equity offering program. During the nine months ended September 30, 2013, the Company sold 307,727 shares for proceeds of \$8,037,000, net of commissions of \$81,000, and incurred offering costs of \$75,000. Subsequent to September 30, 2013 and through November 4, 2013, the Company sold 10,203 shares for proceeds of \$219,000, net of commissions of \$2,000.

Note 11 - Stock Based Compensation

The Company's 2012 Incentive Plan, approved by the Company's stockholders in June 2012, permits the Company to grant, among other things, stock options, restricted stock, restricted stock units and performance share awards and any one or more of the foregoing to its employees, officers, directors and consultants. A maximum of 600,000 shares of the Company's common stock is authorized for issuance pursuant to this Plan, of which 112,650 have been issued and 50 have vested. An aggregate of 557,415 shares of restricted stock and restricted stock units are outstanding under the Company's 2003 and 2009 equity incentive plans (collectively, the Prior Plans) and have not yet vested. No additional awards may be granted under the Prior Plans.

The restricted stock grants are charged to general and administrative expense over the respective vesting periods based on the market value of the common stock on the grant date. Substantially all restricted stock awards made to date provide for vesting upon the fifth anniversary of the grant date and under certain circumstances may vest earlier. For financial statement purposes, the restricted stock is not included in the shares shown as outstanding on the balance sheet until they vest; however dividends are paid on the unvested shares.

On September 14, 2010, the Board of Directors approved a Pay-for-Performance Program under the Company's 2009 Incentive Plan and awarded 200,000 performance share awards in the form of restricted stock units (the Units). The holders of Units are not entitled to dividends or to vote the underlying shares until the Units vest and shares are issued. Accordingly, for financial statement purposes, the shares underlying the

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

Units are not included in the shares shown as outstanding on the balance sheet. If the defined performance criteria are satisfied in full at June 30, 2017, one share of the Company's common stock will vest and be issued for each Unit outstanding and a pro-rata portion of the Units will vest and be issued if the performance criteria fall between defined ranges. In the event that the performance criteria are not satisfied in whole or in part at June 30, 2017, the unvested Units will be forfeited and no shares of the Company's common stock will be issued for those Units. No Units were forfeited or vested in the nine months ended September 30, 2013.

September 30, 2013 (Continued)

Note 11 - Stock Based Compensation (Continued)

As of September 30, 2013 and December 31, 2012, there were no options outstanding under the Company's equity incentive plans.

The following is a summary of the activity of the equity incentive plans (excluding, except as otherwise noted, the 200,000 Units):

	Three Months Ended September 30,		Nine Months Ended September 30,	
Restricted share grants			112,650	109,450
Average per share grant price		\$	21.59	\$ 16.77
Deferred compensation to be recognized over vesting period		\$	2,432,000	\$ 1,835,000
Non-vested shares:				
Non-vested beginning of period	470,015	408,510	407,460	348,385
Grants			112,650	109,450
Vested during period			(50,095)	(49,325)
Forfeitures		(1,050)		(1,050)
Non-vested end of period	470,015	407,460	470,015	407,460
Average per share value of non-vested shares (based on grant price)	\$ 14.22	\$ 12.59	\$ 14.22	\$ 12.59
Value of shares vested during the period (based on grant price)	\$	\$	\$ 876,000	\$ 1,208,000
The total charge to operations for all incentive plans, including the 200,000 Units, is as follows:				
Outstanding restricted stock grants	\$ 335,000	\$ 250,000	\$ 1,037,000	\$ 792,000
Outstanding restricted stock units	31,000	73,000	95,000	117,000
Total charge to operations	\$ 366,000	\$ 323,000	\$ 1,132,000	\$ 909,000

As of September 30, 2013, there were approximately \$4,580,000 of total compensation costs related to nonvested awards that have not yet been recognized, including \$459,000 related to the Pay-for-Performance Program (net of forfeiture and performance assumptions which are re-evaluated quarterly). These compensation costs will be charged to general and administrative expense over the remaining respective vesting periods. The weighted average vesting period is approximately 2.8 years.

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 12 - Fair Value Measurements

The Company measures the fair value of financial instruments based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participant assumptions. In accordance with the fair value hierarchy, Level 1 assets/liabilities are valued based on quoted prices for identical instruments in active markets, Level 2 assets/liabilities are valued based on quoted prices in active markets for similar instruments, on quoted prices in less active or inactive markets, or on other observable market inputs and Level 3 assets/liabilities are valued based significantly on unobservable market inputs.

The carrying amounts of cash and cash equivalents, escrow, deposits and other assets and receivables, and accrued expenses and other liabilities are not measured at fair value on a recurring basis, but are considered to be recorded at amounts that approximate fair value.

At September 30, 2013, the \$279,852,000 estimated fair value of the Company's mortgages payable is more than their carrying value by approximately \$3,047,000 assuming a blended market interest rate of 5.0% based on the 9.3 year weighted average remaining term of the mortgages. At December 31, 2012, the \$233,170,000 estimated fair value of the Company's mortgages payable is more than their carrying value by approximately \$7,199,000 assuming a blended market interest rate of 4.8% based on the 9.2 year weighted average remaining term of the mortgages.

The fair value of the Company's mortgages payable was estimated using unobservable inputs such as available market information and discounted cash flow analysis based on borrowing rates the Company believes it could obtain with similar terms and maturities. These fair value measurements fall within Level 3 of the fair value hierarchy.

Considerable judgment is necessary to interpret market data and develop estimated fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

One Liberty Properties, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 12 - Fair Value Measurements (Continued)

Financial Instruments Measured at Fair Value

The fair value of the Company's available-for-sale securities and derivative financial instruments were determined using the following inputs (dollars in thousands):

	As of	Carrying and Fair Value	Fair Value Measurements Using Fair Value Hierarchy on a Recurring Basis	
			Level 1	Level 2
<u>Financial assets:</u>				
Derivative financial instruments	September 30, 2013	1,416		1,416
	December 31, 2012	1,470		1,470

The Company does not currently own any financial instruments that are classified as Level 3.

Available-for-sale securities

At September 30, 2013, the Company's available-for-sale securities were as follows: (i) a \$266,000 investment in BRT Realty Trust and (ii) a \$20,000 investment in other equity securities (included in other assets on the balance sheet). The aggregate cost of these securities was \$138,000 and unrealized gains on such securities were \$148,000. Such unrealized gains were included in accumulated other comprehensive loss on the balance sheet. Fair values are approximated on current market quotes from financial sources that track such securities.

Derivative financial instruments

Fair values are approximated using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of the derivatives. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves, and implied volatilities.

Table of Contents

One Liberty Properties, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 12 - Fair Value Measurements (Continued)

Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with it use Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by itself and its counterparty. As of September 30, 2013, the Company has assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, the Company has determined that its derivative valuation is classified in Level 2 of the fair value hierarchy.

As of September 30, 2013, the Company had entered into ten interest rate derivatives related to ten outstanding mortgage loans, all interest rate swaps, with an approximate aggregate \$60,509,000 notional amount and a weighted average maturity of 6.6 years. Such interest rate swaps, all of which were designated as cash flow hedges, converted Libor based variable rate mortgages to fixed annual rate mortgages with interest rates ranging from 3.55% to 6.50% (weighted average interest rate of 5.01%). The fair value of the Company's derivatives designated as hedging instruments in asset and liability positions reflected as other assets or other liabilities on the consolidated balance sheets were \$166,000 and \$1,416,000, respectively, at September 30, 2013 and \$0 and \$1,470,000, respectively, at December 31, 2012.

Two of the Company's unconsolidated joint ventures, in which a wholly owned subsidiary of the Company is a 50% partner, had an interest rate derivative outstanding at September 30, 2013 with a notional amount of \$3,818,000. The interest rate derivative, which was entered into in March 2011, has an interest rate of 5.81% and matures in April 2018.

The following table presents the effect of the Company's derivative financial instruments on the statement of income for the periods presented (dollars in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,	2012	September 30,	2012
	2013		2013	2012
Consolidated				
Amount of (loss) recognized on derivatives in Other comprehensive (loss)	\$ (972)	\$ (251)	\$ (372)	\$ (901)
Amount of (loss) reclassification from Accumulated other comprehensive (loss) into Interest expense	(284)	(133)	(592)	(371)
Joint Ventures (Company's share)				
	\$ (15)	\$ (25)	\$ 18	\$ (78)

Amount of (loss) reclassification from Accumulated other comprehensive (loss) into Equity in earnings of unconsolidated joint ventures	(14)	(14)	(42)	(42)

Table of Contents

One Liberty Properties, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (Unaudited)

September 30, 2013 (Continued)

Note 12 - Fair Value Measurements (Continued)

No gain or loss was recognized with respect to hedge ineffectiveness or to amounts excluded from effectiveness testing on the Company's cash flow hedges for the three and nine months ended September 30, 2013 and 2012. During the twelve months ending September 30, 2014, the Company estimates an additional \$1,248,000 will be reclassified from other comprehensive income as an increase to interest expense.

As of September 30, 2013, the Company believes it has no significant risk associated with non-performance of the financial institutions which are the counterparties to its derivatives contracts. Additionally, based on the rates in effect as of September 30, 2013, if a counterparty were to default, the Company would receive a net interest benefit.

The derivative agreements in effect at September 30, 2013 provide that if the wholly owned subsidiary of the Company which is a party to the agreement defaults or is capable of being declared in default on any of its indebtedness, then a default can be declared on such subsidiary's derivative obligation. In addition, the Company is a party to one of the derivative agreements and if the subsidiary defaults on the loan subject to such agreement and if there are swap breakage losses on account of the derivative being terminated early, the Company could be held liable for interest rate swap breakage losses, if any.

As of September 30, 2013, the fair value of the derivatives in a liability position, including accrued interest, and excluding any adjustments for nonperformance risk, was approximately \$1,465,000. In the unlikely event that the Company breaches any of the contractual provisions of the derivative contracts, it would be required to settle its obligations thereunder at their termination liability value of \$1,465,000. Such amount is included in accrued expenses and other liabilities at September 30, 2013.

Note 13 - New Accounting Pronouncement

Effective January 1, 2013, the Company adopted ASU No. 2013-02, *Reporting of Amounts Reclassified out of Accumulated Other Comprehensive Income* which the FASB issued in February 2013. The standard requires an entity to present information about significant items reclassified out of accumulated other comprehensive income by component either on the face of the statement where net income is presented or as a separate disclosure in the notes to financial statements. The guidance was effective for calendar year-end public companies beginning in the first quarter of 2013 with application on a prospective basis. The adoption of this guidance did not have a material impact on the Company's financial condition, results of operations or disclosures.

Note 14 - Subsequent Event

Subsequent to September 30, 2013, we entered into a contract to sell two properties located in Michigan for an aggregate purchase price of \$5.5 million. There were no other events relative to the Company's consolidated financial statements that require additional disclosure.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. We intend such forward-looking statements to be covered by the safe harbor provision for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations, are generally identifiable by use of the words may, will, could, believe, expect, intend, anticipate, estimate, project, or similar expressions or variations thereof. Forward-looking statements should not be relied on since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect actual results, performance or achievements. Investors are encouraged to review the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2012 under the caption Item 1A. Risk Factors for a discussion of certain factors which may cause actual results to differ materially from current expectations and are cautioned not to place undue reliance on any forward-looking statements.

Overview

We are a self-administered and self-managed real estate investment trust, organized in Maryland in 1982. We acquire, own and manage a geographically diversified portfolio of retail industrial, flex, office, health and fitness and other properties, a substantial portion of which are under long-term net leases. As of September 30, 2013, we owned 107 properties (including five properties owned by our unconsolidated joint ventures) located in 29 states. Our occupancy rate at September 30, 2013, based on square footage, was approximately 99.6%.

We face a variety of risks and challenges in our business. We, among other things, face the possibility we will not be able to acquire accretive properties on acceptable terms, lease our properties on terms favorable to us or at all and that our tenants may not be able to pay their rental and other obligations or may choose not to renew expiring leases. Tenants with respect to four properties with an aggregate of 299,325 square feet and that accounted for an aggregate of approximately \$1.3 million of rental income in the nine months ended September 30, 2013, have advised us that they will, at the expiration of the applicable lease in December 2013 or January 2014, be vacating their respective property. We are negotiating leases with new tenants for two of such properties and subsequent to September 30, 2013, we entered into a contract to sell the other two properties which are located in Michigan, for an aggregate purchase price of \$5.5 million. We cannot give any assurance that these lease or sale transactions will be completed or that if completed, will be on terms favorable to us.

We seek to manage the risk of our real property portfolio by diversifying among types of properties and industries, locations, tenants and scheduled lease expirations. We monitor the risk of tenant non-payments through a variety of approaches tailored to the applicable situation. Generally, based on our assessment of the credit risk posed by our tenants, we monitor a tenant's financial condition through one or more of the following actions: reviewing tenant financial statements, obtaining other tenant related financial information, regular contact with tenant representatives, tenant credit checks and regular management reviews of our tenants.

Table of Contents

In acquiring properties, we balance an evaluation of the terms of the leases and the credit of the existing tenants with a fundamental analysis of the real estate to be acquired, which analysis takes into account, among other things, our estimated value of the property, local demographics and the ability to re-rent or dispose of the property on favorable terms upon lease expiration or early termination.

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To qualify as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute currently at least 90% of ordinary taxable income to our stockholders. We intend to comply with these requirements and to maintain our REIT status.

During the three months ended September 30, 2013, we acquired eight properties for an aggregate contract purchase price of \$96.9 million. (We obtained mortgage financing aggregating \$51.9 million contemporaneously with the acquisition of three of these properties with an aggregate purchase price of \$77.5 million.) As a result of these eight acquisitions and the acquisition of a property for \$4.6 million in March 2013, our 2014 contractual rental income (as described below) is \$52.4 million, an increase of \$6.6 million, or 14.4%, from our 2013 contractual rental income of \$45.8 million. The 2014 contractual rental income takes into account the expiration of leases with respect to the tenants vacating four properties effective December 31, 2013 and January 31, 2014.

The 2014 contractual rental income and 2013 contractual rental income include, after giving effect to any abatements, concessions or adjustments, rental income that is payable to us in 2014 and 2013, respectively, under leases existing at September 30, 2013 and December 31, 2012, respectively. The 2014 contractual rental income excludes approximately \$1.1 million of straight-line rent income, estimated amortization of \$70,000 of intangibles and our \$1.4 million share of the rental income payable to our unconsolidated joint ventures. The 2013 contractual rental income excludes approximately \$679,000 of straight-line rent income, amortization of approximately \$6,000 of intangibles and our \$3.1 million share of the rental income payable to our unconsolidated joint ventures.

The following table sets forth, after giving effect to the nine properties purchased in 2013, scheduled lease expirations for our properties (excluding unconsolidated joint ventures) as of September 30, 2013 for the calendar years indicated below:

Year of Lease Expiration (1)	Number of Expiring Leases	Approximate Square Footage Subject to Expiring Leases	2014 Contractual Rental Income Under Expiring Leases	Percent of 2014 Contractual Rental Income Represented by Expiring Leases
2013	2	52,756	\$ 0	.0%
2014	11	639,203	3,672,715	7.01
2015	9	204,601	1,997,342	3.81
2016	13	356,731	3,137,832	5.99
2017	8	89,718	1,781,737	3.40
2018	18	387,319	5,687,804	10.85
2019	4	73,672	1,145,631	2.19
2020	6	167,606	4,106,523	7.83
2021	6	119,260	1,121,779	2.14
2022 and Thereafter	37	3,265,670	29,771,103	56.78
	114	5,356,536	\$ 52,422,466	100.0%

(1) Lease expirations assume tenants do not exercise existing renewal options.

Table of ContentsResults of Operations

The following table compares revenues and operating expenses of continuing operations for the periods indicated:

(Dollars in thousands)	Three Months Ended September 30,				Nine Months Ended September 30,			
	2013	2012	Increase (Decrease)	% Change	2013	2012	Increase (Decrease)	% Change
Revenues:								
Rental income	\$ 13,214	\$ 11,333	\$ 1,881	16.6%	\$ 37,542	\$ 33,193	\$ 4,349	13.1%
Operating expenses:

Revenues

Rental income. The increase in the three months ended September 30, 2013 is primarily due to rental income of \$1.7 million earned from 14 properties acquired since October 2012, and the increase in the nine months ended September 30, 2013 is primarily due to rental income of \$3.6 million earned from 20 properties acquired since February 2012. Real estate tax and expense reimbursements from tenants (primarily from seven properties acquired since February 2012) of \$232,000 and \$545,000, in the three and nine months ended September 30, 2013, respectively, also contributed to the increases.

We estimate that the rental income (calculated on a straight line basis, but excluding rebill income and adjustments related to intangible assets and liabilities, which income and adjustments have not been definitively determined) from the nine properties we acquired in the nine months ended September 30, 2013, will be approximately \$8.3 million in 2014. These nine properties contributed \$998,000 and \$1,157,000 in rental income in the three and nine months ended September 30, 2013, respectively. The increase to our 2014 rental income may be partially offset by the loss of rental revenue from the four properties at which the tenants indicated they intend to vacate at the expiration of their leases.

Operating Expenses

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

Depreciation and amortization. Approximately \$551,000 and \$1.1 million of the increase for the three and nine months ended September 30, 2013, is due to depreciation expense on the properties we acquired in 2012 and 2013, as described above. The balance of the increase is primarily due to depreciation on improvements to properties. This expense will increase in 2014 due to the nine properties acquired in the nine months ended September 30, 2013.

General and administrative expenses. Contributing to the increase in the three and nine months ended September 30, 2013 were increases of (i) \$43,000 and \$223,000, respectively, in non-cash compensation expense primarily related to the increase in the number of restricted

Table of Contents

stock awards granted and the higher fair value of such awards at the time of grant and (ii) \$43,000 and \$149,000, respectively, in payroll and payroll related expenses due to additional employees and higher compensation levels.

Real estate expenses. The increases are related primarily to properties we acquired in 2012 and 2013.

Real estate acquisition costs. These costs, which include acquisition fees, legal and other transactional costs and expenses, increased in the three and nine months ended September 30, 2013 due to expenses related to the acquisitions in these periods.

Other Income and Expenses

The following table compares other income and expenses for the periods indicated:

(Dollars in thousands)	Three Months Ended		Increase (Decrease)	% Change	Nine Months Ended		Increase (Decrease)	% Change
	September 30, 2013	2012			September 30, 2013	2012		
Other income and expenses:								
Equity in earnings of unconsolidated joint ventures	\$ 122	\$ 268	\$ (146)	(54.5)%	\$ 513	\$ 1,015	\$ (502)	(49.5)%
Gain on disposition of real estate unconsolidated joint venture				n/a	2,807		2,807	n/a
Gain on sale unconsolidated joint venture interest				n/a	1,898		1,898	n/a
Other income	10	6	4	66.7	89	230	(141)	(61.3)
Interest:								
Expense	(3,473)	(3,261)	212	6.5	(9,865)	(9,753)	112	1.1
Amortization of deferred financing costs	(223)	(198)	25	12.6	(662)	(570)	92	16.1
Gain on sale of real estate				n/a		319	(319)	100

Equity in earnings of unconsolidated joint ventures. The decreases are attributable substantially to the following factors: (i) the sale on May 31, 2013 of a property owned by us and another entity as tenants-in-common resulting in decreases of \$146,000 and \$367,000 in the three and nine months ended September 30, 2013, respectively, including a \$148,000 mortgage prepayment penalty in the nine months ended September 30, 2013 incurred as a result of the sale, and (ii) the inclusion in the corresponding 2012 periods of our share of the net settlement entered into in May 2012 with a former tenant which accounted for \$230,000 of the decrease for the nine months ended September 30, 2013. These decreases were partially offset in the nine months ended September 30, 2013 by an increase of \$111,000 in the net operating income derived from our Plano, Texas joint venture resulting from an increase in overage rental income received in 2013 and the inclusion in 2012 of real estate acquisition costs.

Gain on disposition of real estate unconsolidated joint venture. In May 2013, the property in which we held a tenant-in-common interest was sold and we recorded a gain of \$2,807,000.

Table of Contents

Gain on sale unconsolidated joint venture interest. In April 2013, we sold our 90% equity interest in our Plano, Texas unconsolidated joint venture and recorded a gain of \$1,898,000.

Other income. The nine months ended September 30, 2012 includes a \$199,000 recovery from an insurance claim.

Interest expense. The following table details interest expense for the periods indicated:

(Dollars in thousands)	Three Months Ended		Increase (Decrease)	% Change	Nine Months Ended		Increase (Decrease)	% Change
	September 30, 2013	2012			September 30, 2013	2012		
Interest expense:								
Credit line interest	\$ 78	\$ 224	\$ (146)	(65.2)%	\$ 181	\$ 795	\$ (614)	(77.2)%
Mortgage interest	3,395	3,037	358	11.8	9,684	8,958	726	8.1
Total	\$ 3,473	\$ 3,261	\$ 212	6.5	\$ 9,865	\$ 9,753	\$ 112	1.1

Credit line interest

Substantially all of the decrease is due to the \$10.7 million and \$16.7 million decrease in the weighted average balance outstanding under our line of credit in the three and nine months ended September 30, 2013, respectively. The weighted average balance decreased due to repayments on the facility (i) with proceeds from the financing of several properties in 2012 and 2013 and (ii) from the use of a portion of the proceeds from the sale of four properties in 2012 and 2013. In September 2013, we borrowed \$23.5 million to purchase three properties, partially offsetting the decrease in the weighted average balance outstanding.

Mortgage interest

The following table reflects the interest rate on our mortgage debt and principal amount of outstanding mortgage debt, in each case on a weighted average basis:

Interest rate on mortgage debt	5.48%	6.00%	(.52)%	(8.7)%	5.51%	6.01%	(.50)%	(8.3)%
Principal amount of mortgage debt	\$ 247,732	\$ 202,480	\$ 45,252	22.3%	\$ 234,550	\$ 198,608	\$ 35,942	18.1%

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

The increases in mortgage interest expense for the three and nine months ended September 30, 2013 are due to the increases in the weighted average amount of mortgage debt outstanding, partially offset by a decrease in the weighted average interest rate on outstanding mortgage debt. The increase in the weighted average balance outstanding is due to the incurrence of mortgage debt of \$77.7 million in connection with properties acquired in 2012 and 2013 and the financing or refinancing of \$22.0 million, net of refinanced amounts, in connection with properties acquired in prior years. The decrease in the weighted average interest rate is due to the financing (including financings effectuated in connection with acquisitions) or refinancing in 2012 and 2013 of \$130.3 million of gross new mortgage debt with a weighted

Table of Contents

average interest rate of approximately 4.7%.

We estimate that the mortgage interest expense associated with the three properties acquired with mortgage debt in the nine months ended September 30, 2013, will be approximately \$2.55 million in 2014. Interest expense for these three properties was \$283,000 for the three and nine months ended September 30, 2013.

Gain on sale of real estate. In February 2012, we contributed our Plano, Texas property to an unconsolidated joint venture in exchange for a 90% interest therein and our joint venture partner contributed \$1.5 million for a 10% interest therein and we realized a gain of \$319,000.

Discontinued operations. Discontinued operations for the three and nine months ended September 30, 2012 includes the income from operations of five properties sold in 2012. There was no such income for the three and nine months ended September 30, 2013.

Liquidity and Capital Resources

Our sources of liquidity and capital include cash flow from operations, cash and cash equivalents, borrowings under our revolving credit facility, refinancing existing mortgage loans, obtaining mortgage loans secured by our unencumbered properties, issuance of equity securities and property sales. Our available liquidity at November 4, 2013 was approximately \$69.5 million, including \$15 million of cash and cash equivalents and \$54.5 million, subject to maintenance of required deposit balances, available under our revolving line of credit.

Liquidity and Financing

We expect to meet substantially all of our operating cash requirements (including dividend payments) from cash flow from operations. To the extent that cash flow from operations is inadequate to cover all of our operating needs, we will be required to use our available cash and cash equivalents, funds generated from the issuance of equity securities or draw on our credit line (to the extent permitted).

At September 30, 2013, excluding mortgage indebtedness of our unconsolidated joint ventures, we had 49 outstanding mortgages payable secured by 71 properties, in aggregate principal amount of approximately \$276.8 million. These mortgages represent first liens on individual real estate investments with an aggregate carrying value of approximately \$456.6 million, before accumulated depreciation of \$55.9 million. After giving effect to interest rate swap agreements and excluding variable rate debt on one property, the mortgage payments bear interest at fixed rates ranging from 3.13% to 8.8% (a 5.14% weighted average interest rate) and mature between 2014 and 2037.

The following table sets forth, as of September 30, 2013, information with respect to our mortgage debt (excluding mortgage debt of our unconsolidated joint ventures), that is payable from October 1, 2013 through December 31, 2015:

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

(Dollars in thousands)	2013	2014	2015	Total
Amortization payments	\$ 1,653	\$ 7,796	\$ 7,148	\$ 16,597
Principal due at maturity		28,637	7,454	36,091
Total	\$ 1,653	\$ 36,433	\$ 14,602	\$ 52,688

Table of Contents

At September 30, 2013, the Company's unconsolidated joint ventures had first mortgages on four properties with outstanding balances of approximately \$17.9 million, bearing interest at rates ranging from 5.8% to 6.0% (a 5.9% weighted average interest rate) and mature between 2015 and 2018.

We intend to make debt amortization payments from operating cash flow and, though no assurance can be given that we will be successful in this regard, generally intend to refinance or extend the mortgage loans which mature in 2014 or 2015. We intend to repay the amounts not refinanced or extended from our existing funds and sources of funds, including our available cash and our credit line (to the extent available).

We continuously seek to refinance existing mortgage loans on terms we deem acceptable, in order to generate additional liquidity. Additionally, in the normal course of our business, we sell properties when we determine that it is in our best interests, which may also generate additional liquidity. Further, since each of our encumbered properties is subject to a non-recourse mortgage (with standard carve outs), if our in-house evaluation of the market value of such property is substantially less than the principal balance outstanding on the mortgage loan, we may determine to convey such property to the mortgagee in order to terminate our mortgage obligations, including payment of interest, principal and real estate taxes, with respect to such property.

Generally we try to obtain mortgage financing concurrent with the acquisition of a significant property. During the nine months ended September 30, 2013, we obtained mortgage financing aggregating \$51.9 million for three properties with an aggregate purchase price of \$77.5 million, simultaneous with the closing of the acquisitions. If such mortgage financing is unavailable, unavailable on a timely basis or not needed to complete the acquisition, we may use funds from our credit facility to acquire a property and, thereafter secure long term, fixed rate mortgage debt on such property. We then apply the proceeds from the mortgage loan to repay borrowings under the credit facility, thus providing us with the ability to re-borrow under the facility for the acquisition of additional properties.

Credit Facility

We can borrow up to \$75 million pursuant to our revolving credit facility which is available to us for the acquisition of commercial real estate, repayment of mortgage debt, property improvements and general working capital purposes; provided, that if used for property improvements and working capital purposes, such use will not exceed the lesser of \$15 million and 15% of the borrowing base and if used for working capital purposes, will not exceed \$10 million. The facility matures on March 31, 2015 and bears interest at the greater of (i) 90 day LIBOR plus 3% and (ii) 4.75%. There is an unused facility fee of 0.25% per annum on the difference between the outstanding loan balance and \$75 million. The credit facility requires maintenance of \$7.5 million in average deposit balances.

The terms of our revolving credit facility include certain restrictions and covenants which may limit, among other things, the incurrence of liens, and which require compliance with financial ratios relating to, among other things, the minimum amount of tangible net worth, the minimum amount of debt service coverage, the minimum amount of fixed charge coverage, the maximum amount of debt to value, the minimum level of net income, certain investment limitations and the minimum value of unencumbered properties and the number of such properties. Net proceeds received from the sale, financing or refinancing of properties are generally required to be used to repay amounts outstanding under our credit facility. At

Table of Contents

September 30, 2013, we were in compliance with all covenants under this facility.

Off-Balance Sheet Arrangements

We are not a party to any off-balance sheet arrangements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Our primary market risk exposure is the effect of changes in interest rates on the interest cost of draws on our revolving variable rate credit facility and the effect of changes in the fair value of our interest rate swap agreements. Interest rates are highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond our control.

We use interest rate swaps to limit interest rate risk. These swaps are used for hedging purposes-not for speculation. We do not enter into interest rate swaps for trading purposes.

At September 30, 2013, we had eleven interest rate swap agreements outstanding (including one held by two of our unconsolidated joint ventures). The fair market value of the interest rate swaps is dependent upon existing market interest rates and swap spreads, which change over time. As of September 30, 2013, if there had been a 100 basis point: (i) increase in forward interest rates, the fair market value of the interest rate swaps and net unrealized gain on derivative instruments would have increased by approximately \$3.28 million, or (ii) decrease in forward interest rates, the fair market value of the interest rate swaps and net unrealized gain on derivative instruments would have decreased by approximately \$3.29 million. These changes would not have any impact on our net income or cash.

Our mortgage debt, after giving effect to interest rate swap agreements and excluding a \$6.7 million variable rate mortgage maturing in 2022, bears interest at fixed rates and accordingly, the effect of changes in interest rates would not impact the amount of interest expense that we incur under these mortgages. As of September 30, 2013, if there had been an increase of 100 basis points on the \$6.7 million mortgage debt, interest expense would have increased by approximately \$47,000 and a decrease of 100 basis points would have decreased interest expense by approximately \$9,000. Subsequent to September 30, 2013, we entered into an interest rate swap with respect to this \$6.7 million mortgage debt fixing the rate at 5.105%.

Our credit facility is a revolving variable rate facility which is sensitive to interest rates. Under current market conditions, we do not believe that our risk of material potential losses in future earnings, fair values and/or cash flows from near-term changes in market rates that we consider reasonably possible is likely. We assessed the market risk for our revolving credit facility and believe that there is no foreseeable market risk because interest is charged at the greater of (i) 90 day LIBOR plus 3% and (ii) 4.75% per annum. At September 30, 2013, 90 day LIBOR plus 3% was approximately 3.25%; therefore, a change of 100 basis points on this interest rate would not have any impact on the interest expense related to this facility.

Table of Contents

Item 4. Controls and Procedures

Based on their evaluation as of the end of the period covered by this report, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act)) are effective.

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) promulgated under the Exchange Act) during the three months ended September 30, 2013 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
