### PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Primoris Services Corporation (the Company) is unable to file its Annual Report on Form 10-K for the year ended December 31, 2014 (the Form 10-K) by the filing deadline because the Company requires more time to complete a review, analysis, and testing of the design and operating effectiveness of the Company's internal control over financial reporting. The company is working to finalize and file its Form 10-K and expects to do so prior to the ending of the 15-day extension period afforded by Rule 12b-25.

Starting in the fourth quarter of 2014 and through the date of this release, the Company's management, independent outside counsel and the Audit Committee of the Board of Directors have spent considerable time and resources reviewing and analyzing various issues relating to the methods used by the Company's subsidiaries to recognize revenue and estimate contingencies for ongoing projects. The review is not yet completed, but based on the results to date, the Company does not anticipate any adjustments to its previously reported financial results.<sup>(1)</sup>

The Company is unable to determine at this time (i) whether the results of the review will indicate that its internal controls over financial reporting were operating effectively, (ii) the impact of the review on the Company's annual report on internal control over financial reporting included in the Form 10-K, or (iii) the effect, if any, the review may have on the Company's business operations and financial statements included in the Form 10-K or any previously reported financial statements. As the Company's internal review is ongoing, the Company cannot predict at this time the final outcome of the review nor the outcome of any review that may be conducted by any governmental entities or third parties.

---

*Footnote (1):* This notification contains forward-looking statements, including the statement that the Company does not expect the delay in filing its Annual Report to result in any adjustments to its previously reported financial results. These forward-looking statements involve risks and uncertainties, as well as assumptions which, if they do not fully materialize or prove incorrect, could cause these expectations to differ materially from those expressed or implied by such forward-looking statements. The risks and uncertainties that could cause these expectations to differ materially from those expressed or implied by such forward-looking statements include the risks that (i) the completion of the review and/or the audit by the Company's independent registered public accounting firm of the Company's internal control over financial reporting for the fiscal year ended December 31, 2014, results in an adjustment, material or otherwise, to any previously reported financials; (ii) a government entity or other third party may bring an action, interest, fine, penalty, remedy or other litigation against the Company with respect to the events underlying the review; and (iii) the Company may not be able to effectively improve and expand its financial infrastructure, and internal operating and administrative systems and controls. Additional risks and uncertainties are included under the captions Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations, in the Company's Annual Report on Form 10-K for the period ended December 31, 2013 which was filed with the SEC on March 3, 2014, as updated through the Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2014, which was filed with the SEC on November 7, 2014, with both reports available on the Company's investor relations website at [www.prim.com](http://www.prim.com) and on the SEC's website at [www.sec.gov](http://www.sec.gov). All forward-looking statements contained herein are based on information available to the Company as of the date hereof, and the Company assumes no obligation to update these forward-looking statements to reflect events that occur or circumstances that exist after the date on which they were made.

Attachment Explanation for Part IV(3)

On March 3, 2015, the Company issued a press release announcing its expected (unaudited) results of operations for the fourth quarter of 2014, both of which are incorporated herein by this reference. As is more fully reported therein, revenues in the fourth quarter 2014 decreased by \$50.3 million to \$487.6 million from \$537.9 million for the same period in 2013. The decreased revenues were mainly due to decreases in the Company's West Construction Services segment. Gross profit for the fourth quarter 2014 declined by \$25.3 million to \$49.6 million from \$74.9 million for the same period in 2013. The decline in gross margin was due to decreases in both the West and East Construction Services segments.
