Moore, Jr., containing a review of the progress made by the Company in 2015 through 2017, a summary of the Company's 2017 financial and operating results and its outlook for 2018, and a discussion of the Company's business and the current power market environment. In addition, the letter discloses that at March 31, 2018, the Company's liquidity was approximately \$205 million and its net operating losses (NOLs) totaled approximately \$583 million.
