SOUTH JERSEY INDUSTRIES, INC.

GENERAL INFORMATION

This statement is furnished on behalf of SJI's Board of Directors to solicit proxies for use at its 2012 Annual Meeting of Shareholders. The meeting is scheduled for Friday, April 20, 2012, at 10:00 a.m. at The Mansion on Main Street, 3000 Main Street, Voorhees, New Jersey. The approximate date proxy materials will be sent to shareholders is March 20, 2012. A copy of the proxy statement, proxy card and Annual Report to shareholders are available on our website at www.sjindustries.com under the heading "Investors".

PROXY SOLICITATION

The Company bears the cost of this solicitation, which is primarily made by mail. However, the Corporate Secretary or company employees may solicit proxies by phone, fax, e-mail or in person, but they will not be separately compensated for these services. The Company may also use a proxy-soliciting firm at a cost not expected to exceed \$6,000, plus expenses, to distribute to brokerage houses and other custodians, nominees, and fiduciaries additional copies of the proxy materials and Annual Report to Shareholders for beneficial owners of our stock.

Record Date

Only shareholders of record at the close of business on February 27, 2012 may vote at the meeting. On that date, the Company had 30,249,818 shares of Common Stock outstanding. Shareholders are entitled to one vote per share on each matter to be acted upon.

Quorum and Vote Required

A quorum is necessary to conduct the meeting's business. This means holders of at least a majority of the outstanding shares of Common Stock must be present at the meeting, either by proxy or in person. Shareholders elect Directors by a plurality vote of all votes cast at the meeting. The other actions proposed herein require the affirmative vote of a majority of the votes cast at the meeting. The vote required to approve any other matter that may be properly brought before the Annual Meeting will be determined in accordance with the New Jersey Business Corporation Act. Abstentions and broker non-votes will be treated as present to determine a quorum but will not be deemed to be cast and, therefore, will not affect the outcome of any of the shareholder questions. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Table of Contents

Voting of Proxies and Revocation

Properly signed proxies received by the Company will be voted at the meeting. If a proxy contains a specific instruction about any matter to be acted on, the shares represented by the proxy will be voted according to those instructions. If you sign and return your proxy but do not indicate how to vote for a particular matter, your shares will be voted as the Board of Directors recommends. A shareholder who returns a proxy may revoke it at any time before it is voted by submitting a later-dated proxy or by voting by ballot at the meeting. If you attend the meeting and wish to revoke your proxy, you must notify the meeting's secretary in writing prior to the proxy voting. If any other matters or motions properly come before the meeting, including any matters dealing with the conduct of the meeting, the persons named in the accompanying proxy card intend to vote the proxy according to their judgment. The Board of Directors is not aware of any such matters other than those described in this proxy statement.

Other Matters

Any proposal that a qualified shareholder of the Company wishes to include in the Company's proxy statement to be sent to shareholders in connection with the Company's 2013 Annual Meeting of Shareholders that is received by the Company after November 20, 2012 will not be eligible for inclusion in the Company's proxy statement and form of proxy for that meeting. To be included, proposals can be mailed to the Corporate Secretary at 1 South Jersey Plaza, Folsom, New Jersey 08037. In compliance with the Company's bylaws, shareholders must provide the Company with at least 60 days, but no more than 90 days, notice prior to an announced annual meeting date of (i) business the shareholder wishes to raise at the meeting and (ii) persons, if any, the shareholder wishes to nominate for election as directors at that meeting.

The Board of Directors knows of no matters other than those set forth in the Notice of Annual Meeting of Shareholders to come before the 2012 Annual Meeting.

PROPOSAL 2

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Company's executive compensation policies and procedures are designed to attract and retain highly qualified named executive officers while linking Company performance to named executive officer compensation which creates shareholder value. The Compensation Committee has a strong pay for performance philosophy; and, as a result, the compensation paid to our named executive officers is generally aligned with the Company's performance on both a short-term and a long-term basis. Our performance over the last five years provides evidence that our executive compensation policies and procedures were effective in furthering these objectives. We have outperformed the S&P 500 index in four of the last five years and compare favorably to the S&P Utility index. We have also outperformed our peer group in terms of total shareholder return in seven of the last nine years.

For 2011, the executive compensation policies and procedures for our named executive officers consisted of three parts, two of which were again directly linked to the achievement of predefined short-term and long-term performance as follows:

Annual cash awards paid to our named executive officers were tied to Company performance, based on earnings per share targets and an individual balanced scorecard approach that measured both financial and non-financial goals.

Long-term incentive compensation consisted of restricted stock grants that are earned based on the Company's relative shareholder return measured against our peer group over a three-year period.

We believe these components of compensation for our named executive officers provide the proper incentives to align compensation with the Company's performance while enhancing shareholder value. Our performance over the last several years confirms that our pay for performance philosophy is successful. Specifically, if the Company's performance results meet or exceed pre-established performance targets or if our relative shareholder return over a three-year period exceeds our peer group, named executive officers have an opportunity to realize significant additional compensation through annual cash awards and long-term equity awards. In addition, the Company's stock ownership guidelines require our named executive officers to own shares of Company stock which align with shareholder interests. We believe this pay for performance philosophy is integral to the Company's performance and shareholder value over the long term.

Table of Contents

Please see the “Compensation Discussion and Analysis” beginning on page 27 of this Proxy statement for a more detailed discussion of executive compensation policies and procedures for our named executive officers.

Under SEC rules required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are required to provide shareholders with a separate non-binding shareholder vote to approve the compensation of our named executive officers, including the “Compensation Discussion and Analysis”, the compensation tables, and any other narrative disclosure in this Proxy statement. Such a proposal, commonly known as a “say-on-pay” proposal, gives shareholders the opportunity to endorse or not endorse our executive compensation policies and procedures as described in this proxy statement. Shareholders may also abstain from voting. Accordingly, shareholders are being asked to approve the following non-binding resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and related material disclosed in this proxy statement, is hereby APPROVED.

Because your vote is advisory, it will not be binding on the Board and may not be construed as overruling any decision by the Board. However, the Compensation Committee values the opinions expressed by shareholders and expects to take into account the outcome of the vote when considering future executive compensation decisions.

The Board of Directors recommends a vote “FOR” the non-binding resolution approving the executive compensation of our named executives.

PROPOSAL 3

APPROVAL OF THE EXECUTIVE MANAGEMENT INCENTIVE COMPENSATION PLAN

Upon recommendation of the Compensation Committee (“Committee”), the Board of Directors has adopted the SJI 2012 Annual Incentive Compensation Plan (“Plan”), and recommends that the stockholders approve the Plan effective as of January 1, 2012 for awards earned during a five-year period thereafter (through December 31, 2016).

The principal provisions of the Plan are summarized below. A copy of the Plan is attached as Appendix 2.

Table of Contents

Purpose: The purpose of the Plan is to permit the Company to provide annual performance incentives that link the compensation of selected key executives to certain key performance objectives and to reward them, when appropriate, for their efforts in optimizing the Company's profitability and growth consistent with sound and ethical business practices. This Plan links the compensation of the executive with his/her performance, and provides a direct correlation with the Company's performance and its value to our stockholders. The Company has structured the Plan so that any compensation paid pursuant to the Plan will be "performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code.

Under Section 162(m) of the Internal Revenue Code, as amended, the amount of compensation earned by the Chief Executive Officer, and the Company's four other most highly paid executive officers in the year for which a deduction is claimed by the Company (including its subsidiaries) is limited to \$1 million per person, except that compensation that is performance-based will be excluded for purposes of calculating the amount of compensation subject to the \$1 million limitation.

Administration: The Committee will administer the Plan and will have final authority to construe and interpret it. The Committee will annually select those executive officers and other key executives eligible to participate in the Plan and will establish specific Performance Targets and an objective formula or standard to determine the maximum awards payable to each participating executive. The Committee has sole discretion to determine the form, amount and terms of each Award, which need not be uniform among the persons eligible to receive Awards.

Participation: If the Plan is approved by stockholders, the CEO, Named Executive Officers and other Company Executive Officers will be eligible to be designated as Participants in the Plan by the Compensation Committee.

Plan Benefits: As described above, on an annual basis, the Committee must select the executive officers eligible to participate in the Plan. For 2012 the performance target will be set at growth of 5% over prior year final actual earnings per share.

Performance Targets: Under the Plan, the Performance Targets may be based on one or more of the following predetermined business goals as defined in the Plan: (i) stock price; (ii) earnings per share ("EPS"); (iii) operating income; (iv) return on equity or assets; (v) cash flows from operating activities; (vi) EBITDA; (vii) overall sales growth; (viii) expense reduction or expense management; (ix) market position; (x) total shareholder return ("TSR"); (xi) return on investment; (xii) earnings before interest and taxes (EBIT); (xiii) consolidated net income; (xiv) return on assets or net assets; (xv) economic value added; (xvi) shareholder value added; (xvii) cash flow return on investment; (xviii) net operating profit; (xix) net operating profit after tax; (xx) return on capital or equity; (xxi) membership goals; or (xxii) any combination, including one or more ratios, of the foregoing.

Table of Contents

The Committee may determine at the time the Performance Targets are established that certain adjustments will be made in evaluating whether the Performance Targets were met to take into account, in whole or in part, in any manner specified by the Committee, any one or more of the following: (i) the gain, loss, income or expense resulting from changes in accounting principles that become effective during the Performance Period; (ii) the gain, loss, income or expense reported publicly by the Company with respect to the Performance Period that are extraordinary or unusual in nature or infrequent in occurrence; (iii) the gains or losses resulting from, and the direct expenses incurred in connection with, the disposition of a business or the sale of investments or non-core assets; (iv) the gain or loss from all or certain claims and/or litigation and all or certain insurance recoveries relating to claims or litigation; (v) the impact of impairment of tangible or intangible assets, including goodwill; (vi) the impact of restricting or business recharacterization activities, including but not limited to reductions in force, that are reported publicly by the Company; or (vii) the impact of investments or acquisitions made during the year or, to the extent provided by the Committee, any prior year.

Each of the adjustments may relate to the Company as a whole or any part of the Company's business operations. The adjustments are to be determined in accordance with generally accepted accounting principles and standards, unless another objective method of measurement is designated by the Committee. In addition to the foregoing, the Committee shall adjust any Performance Targets or other features of an Award that relate to the value of, any Shares of the Company, to reflect any stock dividend or split, recapitalization, combination or exchange of Shares or other similar changes in such stock. The Committee also has the discretion to decrease an award.

Award Payments: Under the Plan, all selected officers or key employees, including the Named Executive Officers could be eligible for a bonus each year. The precise percentage earned shall be based upon a schedule of achievement of Performance Targets determined each year by the Committee.

The Committee has sole discretion to determine whether to actually pay any or the entire permissible Award or to defer payment of any Award. The Committee is also authorized to establish additional conditions and terms of payment for Awards, including the achievement of other or additional financial, strategic or individual goals, which may be objective or subjective, as it deems appropriate. Although the Committee may waive any additional conditions and terms, it may not waive the basic Performance Targets as to the business criteria chosen for any Performance Period.

Awards earned will be paid on or before March 15 of the year following the year with respect to which it was earned, or such earlier date as may be required under the Internal Revenue Code to make the payments deductible under the Internal Revenue Code for the fiscal year in which they were earned.

Table of Contents

Amendments: The Committee may from time to time amend, suspend or terminate the Plan in whole or in part, but no amendment will be effective without Board and/or stockholder approval if such approval is required to satisfy the requirements of Section 162(m), the Securities Exchange Act of 1934, as amended, or any New York Stock Exchange regulation.

The Board of Directors recommends a vote “FOR” the approval of the Executive Management Incentive Compensation Plan.

PROPOSAL 4

APPROVAL OF THE SOUTH JERSEY INDUSTRIES, INC. 1997 STOCK-BASED COMPENSATION PLAN

(As Amended and Restated Effective January 1, 2012)

Purpose: The purpose of the Plan is to enable the Company to recognize the contributions made to the Company by employees (including employees who are members of the Board of Directors) and non-employee directors of the Company by providing such persons with additional incentive to devote themselves to the Company’s future success and to improve the Company’s ability to attract, retain and motivate persons upon whom the Company’s sustained growth and financial success depend, by: (i) providing incentive compensation opportunities competitive with those of other major companies; (ii) providing performance-related incentives that motivate superior performance; and (iii) providing such persons with the opportunity to acquire or increase their ownership interest in the Company and to thereby acquire a greater stake in the Company and a closer identity with it.

This Plan is intended to comply with Section 162(m) of the Code with respect to qualified performance-based Awards that may be awarded by the Committee to Eligible Participants. For this purpose, an Award constitutes qualified performance-based compensation to the extent that it is granted by the Committee on account of the attainment of one or more pre-established, objective performance goals established by the Committee, the material terms of which are disclosed to the Company’s shareholders and satisfaction of such performance goals are certified by the Committee.

A copy of the Plan is attached as Appendix 1.

Administration: The Plan will be administered by the Board’s Compensation Committee or such other committee, consisting of two or more directors who, unless the Board determines otherwise, are “outside directors” (within the meaning of Section 162(m) of the Code) and “non-employee directors” (within the meaning of Rule 16b-3(b)(3)(i) under the Securities Exchange Act of 1934) as may be determined by the Board.

Participation: An Option, Stock Appreciation Right (“SAR”) or Restricted Stock Grant (“grant”) may be granted to those Eligible Participants who are designated by the Committee as eligible to receive an Option, SAR or grant.

Plan Benefits: As described above, the Committee must select executive officers eligible to participate in the Plan. For 2012, the performance target will be based on total shareholder return relative to a predetermined peer group and earnings per share goal.

Performance Goals: “Performance Goal” means the annual consolidated earnings per share from the Company’s continuing operations, or any other goal that is established at the Committee’s discretion including, among other things: (i) the price of Shares; (ii) the Company’s market share (or any business unit thereof); (iii) sales by the Company (or any business unit thereof); (iv) return on equity of the Company; (v) costs of the Company (or any business unit thereof); or (vi) the Company’s total shareholder return and earnings per share growth as measured against comparable returns/earnings of peer companies. The Committee shall have sole discretion to determine specific targets within each category of Performance Goals.

Award Payments: Under the Plan, all selected executive officers or key employees, including the Named Executive Officers could be eligible for a bonus each year. The precise percentage earned shall be based upon a schedule of achievement of Performance Targets determined each year by the Committee.

Awards earned will be paid on or before March 15 of the year following the year with respect to which it was earned, or such earlier date as may be required under the Internal Revenue Code to make the payments deductible under the Internal Revenue Code for the fiscal year in which they were earned.

Amendments: The Committee may from time to time amend, suspend or terminate the Plan in whole or in part, but no amendment will be effective without Board and/or stockholder approval if such approval is required to satisfy the requirements of Section 162(m), the Securities Exchange Act of 1934, as amended, or any New York Stock Exchange regulation.

The Board of Directors recommends a vote “FOR” the approval of the South Jersey Industries, Inc. 1997 Stock-based Compensation Plan.

CORPORATE GOVERNANCE

THE BOARD OF DIRECTORS

Leadership Structure

The Chairman of the Board, Edward J. Graham, also serves as the Company's CEO. The Board of Directors determined that this leadership structure is appropriate based on Mr. Graham's tenure with the Company, his knowledge of the Company and the energy and utility industries, and his excellent relationship with the Board.

Mr. Graham joined the Company as an Internal Auditor in 1981 and since that time has held various significant positions, including positions in accounting and gas management. He has also served as Vice President and President of the Company and its subsidiaries. As a result of his tenure and broad base of expertise, Mr. Graham successfully directs the Board as it advises management and monitors performance.

Table of Contents

To ensure sustained leadership when it is inappropriate for Mr. Graham to act as Chairman, the Board elected Director Higgins to serve as Lead Independent Director in April 2011.

The Lead Independent Director is an independent member of the Board elected annually by a majority of the independent directors. The Lead Independent Director presides over all meetings of the Board's independent directors and non-management directors. The Board convenes an executive session of the independent directors at each meeting. The Lead Independent Director consults with the Chairman on agenda matters for the Board, and aids and assists the Chair and the remainder of the Board in assuring effective corporate governance in managing the affairs of the Board and the Company. The Lead Independent Director functions in an advisory capacity to, and works closely with, the Chair on issues related to the Board.

Independence of Directors

The Board adopted Corporate Governance Guidelines that require the Board to be composed of a majority of directors who are "independent directors" as defined by the rules of the New York Stock Exchange. No director will be considered "independent" unless the Board of Directors affirmatively determines that the director has no material relationship with the Company. When making "independence" determinations, the Board considers all relevant facts and circumstances, as well as any other facts and considerations specified by the New York Stock Exchange, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. As a part of its Corporate Governance Guidelines, the Board established a policy that Board members may not serve on more than four other boards of publicly traded companies. SJI's Corporate Governance Guidelines are available on our website at www.sjindustries.com under the heading "Investors".

The Board determined that directors Bracken, Campbell, Fortkiewicz, Hartnett-Devlin, Higgins, Holzer and Petrowski, constituting all of the non-employee directors, meet the New York Stock Exchange standards and our own standards noted above for independence and are, therefore, considered to be independent directors. Accordingly, during 2011, all but one of the company's directors was considered to be "independent." Mr. Graham is not considered independent by virtue of his employment with the Company.

Codes of Conduct

The Company adopted codes of conduct for all employees, officers and directors, which include the code of ethics for our principal executive, our principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted pursuant to the Sarbanes-Oxley Act of 2002. Additionally, the Company established a hotline and website for employees to anonymously report suspected violations.

Table of Contents

MEETINGS OF THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Board of Directors met eight times in 2011. Each director attended 75% or more of the total number of Board meetings and the Board committee meetings on which he or she served. All current Board members and all nominees for election to the Company's Board of Directors are required to attend the Company's annual meetings of stockholders. Attendance is not required if personal circumstances affecting the Board member or director nominee make his or her attendance impracticable or inappropriate. All of the directors attended the 2011 Annual Meeting of Shareholders. During 2011, each of the Company's directors also served on the Boards or Executive Committees of one or more of South Jersey Gas Company, South Jersey Energy Company, South Jersey Energy Solutions, LLC, Marina Energy, LLC, South Jersey Resources Group, LLC, South Jersey Energy Service Plus, LLC, Energy & Minerals, Inc. and R&T Group, Inc., all of which are Company subsidiaries.

Table of Contents

There are five standing committees of the Board: the Audit Committee; the Compensation Committee; the Corporate Responsibility Committee; the Executive Committee; and the Governance Committee.

Audit Committee

The Board's Audit Committee, which met eight times during 2011, comprised six "independent" directors through April 2011, five "independent" directors from May through December 2, 2011, and four "independent" directors for the remainder of 2011: Sheila Hartnett-Devlin, Chairman; Helen R. Bosley (January – April 2011); Thomas A. Bracken; Walter M. Higgins III; Shahid Malik (January – December 2, 2011) and Joseph H. Petrowski. The Board determined that no member of the Audit Committee has a material relationship that would jeopardize such member's ability to exercise independent judgment. The Board of Directors designated each member of the Audit Committee as an "audit committee financial expert" as defined by applicable Securities and Exchange Commission's rules and regulations. The Audit Committee: (1) annually engages an independent registered public accounting firm for appointment, subject to Board and shareholder approval, as auditors of the Company and has the authority to unilaterally retain, compensate and terminate the Company's independent registered public accounting firm; (2) reviews with the independent registered public accounting firm the scope and results of each annual audit; (3) reviews with the independent registered public accounting firm, the Company's internal auditors and management, the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget, and staffing; and (4) considers the possible effect on the objectivity and independence of the independent registered public accounting firm of any non-audit services to be rendered to the Company.

The Audit Committee is also responsible for overseeing the Company's Risk Management process. At each meeting, the Committee analyzes the guidelines and policies that management uses to assess and manage exposure to risk, and analyzes major financial risk exposures and the steps management has taken to monitor and control such exposure. The Committee presents its findings to the full Board, which is charged with approving the Company's risk appetite.

At each Audit Committee meeting, management presents an update of the Company's risk management activities. The Company has two internal Risk Committees that report to the Audit Committee at least quarterly. The SJI Risk Management Committee (RMC), established by the SJI Audit Committee in 1998, is responsible for overseeing the energy transactions and the related risks for all of SJI's companies. Annually, the Board approves the RMC members. Committee members include management from key Company areas such as finance, risk management, legal and business operations. The RMC establishes a general framework for measuring and monitoring business risks related to both financial and physical energy transactions, approves all methodologies used in risk measurement, ensures that objective and independent controls are in place, and presents reports to the Audit Committee reflecting risk management activity, including an annual evaluation of risk on an enterprise-wide basis.

Table of Contents

The Audit Committee discussed these services with the independent registered public accounting firm and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

COMPENSATION OF DIRECTORS

In 2010, SJI's Director Compensation Program comprised the following components:

- 1) An annual cash retainer payable monthly;
- 2) Meeting fees;
- 3) Annual restricted stock grant with a three-year vesting period and;
- 4) Additional retainers for the Lead Independent Director and Committee Chairs

In 2010, the Board engaged Frederic W. Cook & Co., Inc. ("Cook") as its consultant to review the Company's Director Compensation Program ("Program") to ensure that the Board attracts and retains highly qualified directors. Cook

evaluated total compensation and the structure of the Director Compensation programs. For that study, the reference points were the director compensation of the Company's peer companies - AGL Resources Inc., Atmos Energy Corp., Black Hills Corp., CH Energy Group Inc., Chesapeake Utilities Corp., Energen Corp., Laclede Group Inc., New Jersey Resources Corp., Nicor Inc., Northwest Natural Gas Co., Piedmont Natural Gas Co., Southern Union Co., Southwest Gas Corp., Vectren Corp. and WGL Holdings Inc. Cook made the following findings regarding the 2010 Program:

Table of Contents

SJI director total compensation approximated the peer group median on a “per director” basis, consistent with the Company’s targeted competitive positioning.

Cash compensation was between the 25th percentile and median.

Equity compensation was between the median and the 75th percentile.

The structure of SJI’s director compensation program was generally consistent with peer group practice, however, SJI’s differentiated Committee meeting fee structure was administratively complex and was not consistent with peer group practice (i.e., majority of peers have a flat fee structure).

Audit and Compensation Committee chair retainers approximated the median.

Governance Committee chair retainer of \$5,000 was at the 25th percentile; peer group median retainer was \$6,000.

Two elements of SJI director compensation program were not consistent with emerging trends and potentially could be perceived as compromising director independence:

Restricted stock unit vesting period was three years. The majority of SJI peer companies grant equity awards that have vesting periods of one year or less.

Providing life insurance and accident insurance are no longer a prevalent practice.

Cook substantiated their findings with regard to Director compensation with the following information:

The following is a discussion and analysis of our executive compensation programs as they apply to our Chairman/President/Chief Executive Officer (CEO), Chief Financial Officer (CFO) and the next three most highly compensated executive officers who were serving as executive officers in fiscal year 2011 (our "Named Executives"). Our Named Executives for 2011 were Edward J. Graham, David A. Kindlick, Michael J. Renna, Jeffrey E. DuBois and Kevin D. Patrick.

General Description of Executive Compensation Program and Key Objectives

SJI, as a provider of energy-related products and services, has designed its executive compensation program to advance the Company's strategic plan and corporate mission, which are rooted in enhancing shareholder value while attracting and retaining qualified executive management to carry out the organization's work and goals. To achieve the objectives of the Company's strategic plan and increase shareholder value, the executive compensation program incorporates a mix of short-term and long-term, performance-based incentives. SJI's performance over the last five years provides evidence that the executive compensation program was effective in furthering the Company's business objectives. SJI has outperformed the S&P 500 index in four of the last five years and compares favorably to the returns of the S&P Utility index over the same period. SJI has outperformed the Company's peer group used to benchmark long-term incentive compensation in terms of total shareholder return in seven of the last 10 years. By focusing executive compensation on achievement of annual corporate goals, annual and long-term earnings per share targets and three-year compound annual total shareholder returns, SJI's executive compensation program is an integral part of SJI's corporate strategy for improving shareholder value.

Oversight of the Executive Compensation Program

SJI's executive compensation program is administered by the Compensation Committee ("Committee") of the Board of Directors. The Committee is comprised of five independent directors. These directors meet the New York Stock Exchange's independence standards. In accordance with its charter, the Committee sets the principles and strategies that guide the design of our employee compensation and benefit programs for our Named Executives.

The Committee annually evaluates the CEO's performance. The Committee also reviews the recommendations from the CEO regarding the CEO's evaluation of the CFO and the other Named Executives. Taking these performance evaluations into consideration, along with recommendations from our compensation consultant (discussed below), the Committee then establishes and approves compensation levels for our Named Executives, including annual base salaries, performance-based annual cash awards and long-term stock incentive awards. All performance goals for our Named Executives' annual cash compensation are established at the beginning of each year for use in the performance evaluation process.

The Committee meets regularly in executive sessions without members of management present to evaluate the executive compensation program and reports regularly to the Board of Directors on its actions and recommendations.

In 2010, through a non-binding resolution, the Company's shareholders approved the overall executive compensation structure. Further the shareholders approved a nonbinding advisory vote to approve executive compensation be held annually.

Table of Contents

To assist the Committee in its evaluation of the executive compensation program, the Committee retains an independent compensation consultant. From 2008 to 2011, the Committee retained Hay Group as its compensation consultant. In 2011, the Committee retained the Frederic W. Cook & Co., Inc. ("Cook") to assist in evaluating the executive compensation program. Cook conducted a review of the executive compensation structure and recommended some modifications that the Committee adopted effective 2012. For 2011, executive compensation was evaluated based upon the Hay study.

Executive Compensation Principles

The Company's key compensation objective is to advance the Company's strategic plan and corporate mission, which are rooted in enhancing shareholder value while attracting and retaining highly qualified executive management to carry out the Company's work and goals. The executive compensation program for our Named Executives is based on the following principles and aimed at achieving the objectives of the Company's strategic plan while increasing shareholder value:

Executive compensation should be directly and measurably linked to business and individual performance with a significant portion of the compensation designed to create incentives for superior performance and meaningful consequences for below-target performance.

An executive's total compensation should be competitive with peer companies to attract, retain and motivate high performing business leaders.

Executive compensation should align the interests of executives with shareholders so that compensation levels are commensurate with relative shareholder returns and financial performance through the use of performance-based restricted stock.

Executive compensation incentive plans should balance short-term and long-term financial and strategic objectives whereby executives are rewarded for the businesses for which they are responsible and for overall Company performance.

The process for designing, determining and monitoring executive compensation should be independent of management and use the assistance of independent compensation consultants reporting directly to the Committee.

Compensation Practices

The Company's current executive compensation structure has been in place since 1998 and applies to all Company officers, including our Named Executives. At that time, a comprehensive study of executive compensation alternatives was undertaken, a primary objective being the creation of a system that aligns the interest of Company shareholders with the financial incentives for executives on a short-term and long-term basis. Subsequently, on a three-year cycle, a compensation structure and market competitiveness study has been completed to ensure that executive compensation structure remained consistent with contemporary compensation methods and tools. Moving forward, the Committee has determined it will review direct compensation (base pay, annual cash and long-term incentives) annually and indirect compensation triennially.

Table of Contents

The most current study, which was conducted in 2011 by Cook, was presented to the Committee in September of 2011 for assessment of compensation for 2012. As to 2011 compensation, the most recent study was conducted in 2008, when the Committee engaged its then consultant, Hay Group, to provide a market-based study of its executive compensation program, in anticipation of future compensation adjustments. The study was completed and presented to the Committee in July 2008. Hay Group presented a detailed report that examined the component parts of the executive compensation program as currently applied. Further, the report provided a competitive analysis of how the Company's Named Executives' base salaries, annual cash and long-term incentive compensation compare with peer companies in the energy industry and the general business community. The Committee then evaluated and assessed those findings in the context of the Company's performance over the years and the growth predicted going forward. Based on input from Hay Group, the Committee refined and further articulated its goals on Named Executive compensation by deciding to target compensation at the 50th percentile of the competitive market targets managed by the Committee within a range of 20% above or below this actual benchmark. This aligns Named Executive compensation with the stated executive compensation principles set forth above.

The purpose of the Committee targeting the 50th percentile of the competitive market is to provide a level of compensation that is adequate for the Company to be able to attract and retain qualified executives while at the same time protecting shareholder interests. This "middle of the road" compensation philosophy allows that one half of all companies in the competitive market target higher levels of pay than SJI. It also acts to protect shareholders from the risk of overpayments that might result from a higher target pay position (e.g. 75th percentile).

Although pay is targeted at the 50th percentile, actual levels of pay depend on a variety of factors such as tenure and individual and company performance. The Committee uses a working range of 20% above or below this benchmark to identify any "red flags" that represent outliers in need of special attention and refinement.

In line with our three-year cycle discussed above, the Committee engaged a new full compensation study in 2011. This study assessed the ongoing viability of the existing compensation structure as currently established and will be used to determine what, if any, modifications need to be made to 2012 compensation. A full report of that study will be presented in the 2012 proxy.

Table of Contents

Along with reviewing pay structure, the Committee reviews and determines the appropriate peer groups for benchmarking purposes. Consistent with our goal of providing competitive compensation, we compare our executive compensation programs to those in place at the identified peer companies. The Committee, in consultation with Hay Group, selected peers for the three components of executive compensation - base salary, annual performance-based cash awards and long-term, performance-based equity awards. As a part of the 2008 compensation review, the Hay Group provided an assessment of the applicable peer groups for the Committee. The Committee adopted the now remaining 14 energy companies for its peer group. In addition to this peer group, for the Named Executives other than the CEO, the Committee also relies on two or more industry specific executive compensation studies (discussed below). The peer group of 14 similarly sized energy utility companies is used for market comparison for base, total cash compensation and total direct compensation for the CEO. The peer group includes:

AGL Resources	Atmos Energy Corporation	Black Hills Corporation
CH Energy Group, Inc.	Chesapeake Utilities Corp.	Energen Corporation
Laclede Group, Inc.	New Jersey Resources Corp.	Northwest Natural Gas Co.
Piedmont Natural Gas Co.	Southern Union Co.	Southwest Gas Corporation
Vectren Corp.	WGL Holdings, Inc.	

For purposes of benchmarking the long-term incentive program performance and equity awards, the Committee identified an additional peer group that now, due to mergers, is comprised of 39 energy companies against whose performance total shareholder return is gauged. The peer group includes:

AGL Resources, Inc.	Ameren Corporation	Amerigas Partners LP
Atmos Energy Corp.	Black Hills Corp.	CH Energy Group Inc.
Chesapeake Utilities Corp.	Cleco Corp.	Consolidated Edison, Inc.
Delta Natural Gas Company	Dominion Resources, Inc.	DTE Energy Company
Empire District Electric Co.	Energen Corp.	Equitable Resources, Inc.
Exelon Corporation	Ferrellgas Partners, L.P.	Gas Natural, Inc.
Great Plains Energy Inc.	Laclede Group, Inc.	MGE Energy, Inc.
National Fuel Gas Co.	New Jersey Resources Corp.	Nisource, Inc.
Northwest Natural Gas Co.	NSTAR	Pepco Holdings, Inc.
Piedmont Natural Gas Co	Pinnacle West Capital Corp.	Questar Corp.
RGC Resources, Inc.	Southern Union Co.	Southwest Gas Corp.
Star Gas Partners, LP	Suburban Propane Partners, LP	UGI Corp.
UIL Holdings Corp.	Vectren Corp.	WGL Holdings, Inc.

Table of Contents

In addition to the two peer group comparisons discussed above, the Committee uses industry specific compensation studies in evaluating compensation for our Named Executives, other than the CEO. They include the following three studies:

The Hay Group Energy Industry Database (based on size, position or revenues as appropriate)

The Hay Group General Industry Database (based on size, position or revenues as appropriate)

American Gas Association (AGA) survey data for selected positions.

See Exhibits A and B for the list of companies in each of the studies used by South Jersey Industries, Inc. and Exhibit C for a list of the companies from which proxy data was collected beginning on page 48.

The Committee believes that the peer group data and industry compensation studies give the Committee an independent and accurate view of the market “value” of each position on a comparative basis. Based on this information and the performance evaluations discussed above, the Committee sets base salary, Total Cash Compensation (TCC = base + annual incentive compensation) and Total Direct Compensation (TDC = TCC + the value of long-term incentives/equity). In general, long-term incentives are valued based on amounts reported either in the peer group data or in survey data submissions. Full value equity plans (restricted shares, restricted share units and outright stock awards) are valued at fair value. Performance-based plans are valued assuming 100% performance is achieved. On a job-by-job basis this market benchmark information is compared to actual SJI levels of pay.

Compensation Components

The Company’s executive compensation structure consists of three parts, two of which are directly linked to achieving predefined short-term and long-term performance goals. These three components were fully implemented with respect to compensation and performance for fiscal year 2000 and each year thereafter including fiscal year 2011. A description of the three components for our Named Executives is set forth below:

Base Salary - Base Salary is targeted at the 50th percentile or median of the relevant peer group and/or competitive market. For 2011, the CEO’s base salary was 35% of the targeted TDC and all other Named Executives’ base salary was at an average of 43% of targeted TDC. For 2012, the CEO’s base salary is targeted at 35% of the targeted TDC and our other Named Executives’ base salary is targeted at an average of 44% of the targeted TDC. The Committee uses both the industry compensation studies and peer group data from Hay Group when establishing the base salaries set forth in the Summary Compensation Table on page 41.

Table of Contents

Annual Cash Awards - For 2011, annual cash award amounts are based on a percentage of each Named Executives' base salary. Each Named Executive pre-established annual cash target is set forth in the Grants of Plan-Based Awards Table. The performance metrics used for our Named Executives are economic earnings per share, financial performance of subsidiaries and individual balanced scorecard objectives and are weighted as set forth in the chart below.

2011 Annual Cash Awards

Metrics

CEO CFO	75% SJI Economic Earnings Per Share	-	25% Specific, measurable, and predefined performance objectives
Subsidiary Lead Executives	25% SJI Economic Earnings Per Share	50% Financial Performance of relevant subsidiary company	25% Specific, measurable, and predefined performance objectives
Other Named Executives	50% SJI Economic Earnings Per Share	-	50% Specific, measurable, and predefined performance objectives

For the economic earnings per share metric, the Committee develops a schedule each year to determine the actual amount of the annual cash award for this metric based on performance. The schedule includes a minimum, target and maximum performance level based on the Company's earnings per share. The amount of the annual cash award attributed to this metric is capped at the maximum level so that the range for any payout to a Named Executive is plus or minus 50% of the targeted annual cash amount. The Company must achieve minimum earnings per share for any payout of any annual cash award to any Named Executive, including payouts attributed to financial performance of subsidiaries and individual balanced scorecard objectives. For 2011, the minimum earnings per share level is the amount of the Company's actual economic earnings per share result for 2010. As a result, for the Company's Named Executives to achieve any annual cash award payout for 2011, the Company had to outperform the 2010 earnings.

The target level earnings per share target for 2011 was \$2.84 per share. If earnings per share of \$2.84 were achieved, annual cash of 100% of target would have been earned. The maximum level earnings per share target for 2011 was \$3.00 per share. At an earnings per share amount of \$3.00 per share, 150% of target would have been earned. Actual earnings per share for 2011 were \$2.89 per share which resulted in a cash payout based on 116% of target.

Table of Contents

For Messrs. DuBois and Renna, performance is also measured using metrics related to the financial performance of the relevant subsidiary companies for which they are responsible. This metric carries a 50% weighting of the overall target cash award. For 2011, financial performance of the relevant subsidiary companies for which Messrs. DuBois and Renna are responsible was measured based on attainment of certain net income targets. For Mr. DuBois, the South Jersey Gas net income target was \$51,293,100. For Mr. Renna, the net income target for South Jersey Energy Solutions, which is 30% of the 50% of his annual cash, was \$34,269,500. The remaining 20% of annual cash for Mr. Renna at risk in 2011 is based on South Jersey Energy Solutions Retail. The maximum amount of annual cash attributable to the net income/subsidiary financial performance objective was capped at 150% of target.

Based on performance, Mr. DuBois achieved 134% of his cash attributable to the financial subsidiary performance, resulting in payment to Mr. DuBois of \$86,179. For Mr. Renna 100% of the target for Solutions' nonretail businesses was achieved, resulting in a payment to Mr. Renna of \$42,466 with respect to the financial performance of Solutions. For Solutions' Retail business, the business lines performed at a level equal to 140% of target resulting in Mr. Renna achieving \$39,617 for a total annual cash payment of \$82,063 for subsidiary financial performance.

In addition to the company performance components used to determine annual cash awards described above, awards to Named Executive are based on individual balanced scorecard performance, which is weighted 25% for Messrs. Graham, Kindlick, DuBois and Renna. For Mr. Patrick, the individual balanced scorecard objectives are weighted 50%. An individual balanced scorecard ("BSC") is a strategic performance management tool that has four quadrants that are used to measure financial and non-financial goals. The four perspectives that the BSC measures against are financial, customer, process and learning and growth.

BSC objectives are predefined at or close to the beginning of the calendar year in which they are to be performed. The objectives are tied to business plans for the applicable year for each of our Named Executives. The achievement of these objectives is measured on a scale of 0 to 5 with 3 being target performance and resulting in payment at 100% of the 25% weighting attributable to the BSC component of the annual cash awards. Annual cash awards for this metric are also capped at 150% of target.

The level of performance achieved for each BSC objective is dependent upon the terms of the objective itself, relative to each Named Executive's performance. Target level performance is discussed at the beginning of the year.

For 2011, each Named Executive achieved annual cash payments attributable to their BSC objectives as follows:

Annual BSC Cash 2011

	Target (100%)	Max (150%)	Actual
CEO	123,750/25%	185,625	123,750

Long-Term Incentive - The long-term incentive component of the executive compensation program for Named Executives consists of performance-based restricted stock grants, which are earned based upon the Company's relative total shareholder return measured against our peer group, over three-year cycles. The Committee has adopted a policy to use performance-based restricted stock as its long-term incentive component. All Named Executives have pre-established performance-based, long-term incentive targets. The Committee has developed a schedule to determine the actual amount of the long-term incentive awards. The schedule, which is summarized in the chart below, includes a minimum, target and a maximum performance level. The amount of any long-term incentive award is capped at this maximum level. The range of payout is plus or minus 50% of the targeted long-term incentive amount. The minimum level requires that the Company's common stock over a three-year period achieve a total shareholder return that matches the 35th percentile of our peer group for long-term incentive awards. The target level is set at the 50th percentile while the maximum award level is set at the 80th percentile. In six of the last seven years, the Company has significantly outperformed the peer group. For the three-year cycle ending December 31, 2011, the Company's stock's total shareholder return in comparison with the peer group performed at the 44th percentile.

Level of Performance of SJI compared to Peers	Payout Earned at Close of 3-year period
Less than 35th percentile	0
35th percentile	50% (Minimum)
50th percentile	100% (Target)
80th percentile	150% (Maximum)

Performance Based Bonuses for 2012

The Company seeks Shareholder approval of the terms of its annual cash and long-term incentive programs. These plans are the same as 2011 and as set forth above with the following modifications.

- a. The peer group for comparison of Named Executive Officers compensation and long-term incentive program are the same. Use of the same peer group for compensation benchmarking purposes and performance comparisons ensures alignment between pay and performance. The peer group to be used for 2012 measurement and benchmarking purposes currently consists of 12 companies that are the same as the peer group used in 2008 for benchmarking purposes with the exception of one company deleted due to its smaller size and one deleted due to differences in business model.
- b. Measures for determining payment of annual cash and long-term incentives include earnings per share, total shareholder return, and financial, customer and learning and growth metrics within the Committee's discretion.
- c. Measurement of stock price is moved from a single day to a multi-day average to mitigate influence of single day changes in stock price on payout that is for a 3-year period of performance.
- d. Earnings per share and total shareholder return goals for payment of annual cash and long-term incentive are established prior to January of the year in which the goals are to be attained. Balanced scorecard goals for each Named Executive officer other than the Chief Executive officer are determined by the CEO based on review of established business unit initiatives. Once established, the BSC goals are then communicated to the Committee and ratified by it. In January of each year, the Committee reviews and approves the BSC goals for the CEO for that year.

Table of Contents

- e. Prior to payment of any incentive, whether long term or annual, the Committee reviews the performance data and validates the attainment of those goals.
- f. Restricted stock vesting upon a change in control modified to require a qualifying termination accompanying the change in control. Moving to a “double trigger” supports retention of executives if a change in control were to occur and mitigates the need for an acquirer to make additional awards.
- g. In November of 2011, Cook concluded that the “SJI annual bonus plan is generally well-designed and falls within the range of peer group practices. For 2012, retention of the current plan design is recommended.”
- h. In November of 2011, Cook concluded that the “use of performance-based restricted stock awards (“performance share”) with vesting tied to relative shareholder return (“TSR”) is aligned with long-term shareholder interests and falls within the range of peer group practice.” Further, Cook recommended the inclusion of earnings per share as a measure for the long-term incentive program as creating a linkage between longer term operating performance with financial goals that are directly controllable by participants.

Stock Ownership Guidelines

The Company has stock ownership guidelines for Named Executives to reinforce alignment with shareholders. The CEO is required to own shares of the Company’s common stock with a market value equal to a minimum of three times the CEO’s annual base salary. All other Named Executives are required to own shares of Company common stock with a market value equal to a minimum of one and one-half times their annual base salary. The stock ownership guidelines were established by the Committee based on market data provided by Hay Group. In addition, the Committee reviewed peer group stock ownership criteria to confirm that the targets established were appropriate and in line with comparable companies in our industry.

Other Benefits and Perquisites

Each of our Named Executives participates in other employee benefit plans generally available to all employees (e.g., major medical and health insurance, disability insurance, 401(k) Plan) on the same terms as all other employees. In addition to those benefits our Named Executives are eligible for the following additional benefits:

Executive Pension Plans

The Named Executives hired prior to July 1, 2003 are eligible for benefits under a tax-qualified pension plan for salaried employees. Compensation considered under the pension plan consists of base salary and incentives. Employees do not make contributions to the plan, and the employer contributions (which are based on aggregate actuarial calculations without individual allocation) are held and invested in a diversified portfolio of funds of recognized standing until they are used to provide retirement benefits. Early retirement with reduced annual benefits is permitted (but not before age 55). Named Executives, who are 50 years of age or older, are also covered by an unfunded supplemental retirement plan. The supplemental plan is designed in general to provide the Named Executive with a minimum retirement benefit from the salaried employee pension plan, and the supplemental plan, which aggregates 2% of the average of the highest three of the final five years’ salary (as defined in the plan) for each year of service plus 5%. For Named Executives hired on or after July 1, 2003, the supplemental plan provides the officer with a benefit, in combination with the annuity equivalent of the employer provided benefit under the Company’s 401(k) Plan, which aggregates to 2% of the average of the highest three of the final five years’ salary (as defined in the plan) for each year of service plus 5%. Assuming continued employment and retirement at age 60, Messrs. Graham, Kindlick, Renna, DuBois and Patrick will have, respectively, 36, 36, 29, 32 and 14 years of credited service. No credit is provided under the supplemental plan for more than 30 years of service.

Table of Contents

Disability Plan – Temporary disability shall be paid at a rate of 100% of the officer’s base salary, and extends at full pay for up to 120 days for Named Executives with less than five years of service, and up to 365 days for Named Executives with service of five or more years. Long-term disability (LTD), begins upon the expiration of the temporary disability benefit as described above. LTD is paid at a rate of 60% of the officer’s base salary, reduced by Social Security Disability payments, if any up to \$10,000 per month.

Group Life Insurance – At a dollar equivalent of approximately two times each Named Executives’ base salary, rounded to the next highest \$5,000 increment. The insurance premium is paid by the Company; the Named Executive is responsible for resultant federal, state or local income taxes. 24-Hour Accident Protection Coverage is provided while in the employ of the Company in an amount of \$250,000. The insurance premium is paid by the Company; the Named Executive is responsible for resultant federal, state or local income taxes.

Supplemental Survivor’s Benefit – Upon the death of any Named Executive while employed by the Company, his/her surviving beneficiary shall receive a lump sum payment of \$1,000 to be paid as soon as practical following the Named Executives’ death. The surviving beneficiary shall also receive a lump sum death benefit based upon years of service with the Company in the amounts of six months base salary (10-15 service years); nine months base salary (15-25 service years); 12 months base salary (25+ service years). Such payment shall be offset by proceeds from the Named Executives’ qualified pension plan and SERP in the year of death.

Supplemental Saving Plan Contributions – The Internal Revenue Code limits the contributions that may be made by, or on behalf of, an individual under defined contribution plans such as the Company’s 401(k) Plan. The Company has adopted a policy of reimbursing its Named Executives with the amount of Company contributions that may not be made because of this limitation. This includes the tax liability incurred by the additional income. Amounts paid pursuant to this policy are included in the Summary Compensation Table.

Table of Contents

Company Automobile – The Company’s Named Executives are provided a company automobile to be used for business and at the Named Executives discretion, for commuting and other non-business purposes. Each Named Executive is responsible for any federal and/or state income taxes that result from non-business usage.

Time Off – The Company’s Named Executives may take such time off for vacation or personal needs as may be accommodated while ensuring the duties and responsibilities of his/her position are accommodated to the satisfaction of SJI’s CEO. It is anticipated that such time off would not normally exceed 20 days per calendar year, exclusive of scheduled corporate holidays. Time off does not accrue and cannot be carried over from one year to the next.

Annual Physical Examination – The Company provides Named Executives with an annual physical examination at its expense.

Deferred Compensation Program – Our Named Executives participate in a Restricted Stock Deferral Plan that permits them to defer all or a portion of the Company stock that they would otherwise receive under the Company’s Stock-Based Compensation Plan.

Employment Agreements; Change of Control Agreements

The Company has employment agreements with each of its Named Executives. The agreements are for a one-year period ending December 31, 2012. Generally, these agreements protect the officer in the event of termination following a change in control and from termination for other than just cause. This protection permits the officer to focus on fulfillment of his position. If a change of control (as defined in each agreement) occurs, the agreement is automatically extended for one year from the date the change of control occurs. If there is a change of control during the term of the agreement or during the extended term of the agreement, and the Named Executive’s employment is terminated other than for cause or if a Named Executive resigns after there has been a significant adverse change in their employment arrangement with the Company due to a change of control, he is entitled to a severance payment equal to 300% of his average base compensation during the preceding five calendar years. If the Named Executive’s employment agreement is terminated for other than cause without a change of control, he is entitled to a severance payment equal to 150% of his current base salary. For a summary of the payments that would be made upon the termination or resignation of our Named Executives see “Employment Agreements; Change of Control Agreements and Other Potential Post-Employment Payments”.

With regard to payments to Named Officers in the event of termination or change in control, the Committee established these amounts based upon market data provided by Hay Group. Relevant competitors’ provisions for termination and change in control payments were reviewed and the amount to be paid was determined by the Committee. Individual officers did not negotiate the amount of these potential payments. The amount was established based on position and each individual who occupies the position is eligible to receive the amount established by the Committee.

Table of Contents

For 2011 compensation the South Jersey Industries, Inc. 1997 Stock-Based Compensation Plan, as amended and restated effective January 26, 2005 and approved by the shareholders, and the Restricted Stock Agreements to the Named Executives provide the option to the Company that all unvested shares will vest upon a change of control and become non-forfeitable, payable in cash or a manner deemed appropriate by the Board of Directors.

Tax Implications

Section 162(m) of the Internal Revenue Code of 1986 limits the deduction allowable for compensation paid to certain of our Named Executives up to \$1 million. Qualified performance-based compensation is excluded from this limitation if certain requirements are met. Our policy is generally to preserve the federal income tax deductibility of compensation paid, to the extent feasible. Awards made under the 1997 Stock-Based Compensation Plan to employees, including Named Executives, are intended to qualify as performance-based compensation and are therefore excluded from the \$1 million limitation. Notwithstanding our policy to preserve the federal income tax deductibility of compensation payments, under certain circumstances the Committee, in its discretion, may authorize payment, such as salary, bonuses or otherwise, that may cause a Named Executive's income to exceed the deductible limits.

Risk Assessment

Taking carefully considered risk is an integral part of any business strategy; and, therefore our executive compensation policies are not intended to eliminate all risk. However, our incentive compensation pay policies are designed to mitigate risk-taking that is short sighted or excessive. Through a combination of incentive compensation that has a short- and long-term focus, the Company balances the competing interests of incentive compensation. Annual and multi-year vesting is balanced and is not overly weighted toward short-term results. Further, our metrics are quantitative and more than one metric is used to measure achievement against objectives for short-term goals. Payout schedules related to the metrics are measured after the completion of the appropriate time horizon to ensure a full assessment of the metric. Further, in formulating and reviewing our executive compensation policies the Committee considers whether the policy's design encourages excessive risk-taking and attaches specific measurable objectives to the extent possible.

Further, for 2011 the Human Resources Department compiled an inventory of the compensation programs administered by South Jersey Industries, including South Jersey Energy Solutions, South Jersey Gas Company, South Jersey Energy Service Plus and SJI Services, LLC. This inventory included compensation and incentive programs for all levels of management as well as for our represented workforce. A description of each of these programs was provided to the Committee. The principal features of each program were summarized for the Committee, which included eligibility criteria, benefit formula, performance metrics, vesting schedule, manner of payment along with any other unique characteristics of the program. Along with the inventory of compensation programs, the Human Resource Department presented its assessment of the compensation programs and the conclusions reached by the internal Risk Management Department. The Risk Management department conducted its own review of the programs. These evaluations focused on potential risks inherent in the compensation programs. Having reviewed the extensive documentation presented to it by the Company, the Committee determined that the compensation programs are not reasonably likely to have a material adverse effect upon the company and do not encourage unnecessary or excessive risk.

In addition to Committee review of compensation policies, the Company has a practice whereby its internal compensation committee, that is comprised of the Company's six senior officers who report directly to the CEO, reviews all compensation programs for all Company-wide employees for the current year and the coming year. This process entails an inventory of all compensation plans and a review across functional areas within the Company and ensures that no one individual is able to solely determine the compensation for his employees without review of the

full internal compensation committee. Further the internal compensation committee has a series of internal policies that guide its decision-making process. For example, as structural and individual changes are made to compensation throughout the year, the internal committee must review a written proposal from the sponsoring executive. Our Human Resource Department acts as a consultant to the internal compensation committee and identifies how any proposed changes impact the organization, the employee, and what, if any, compensation policies and procedures are implicated. Through this review any anomalies are highlighted and reviewed. In addition to this review all categories of incentive pay (both short-term and long-term) are capped at a percentage of base salary. For example, long-term incentive compensation is capped at 150% of base salary. Based on the foregoing, the Committee of the Board of Directors has determined that the overall amount of incentive pay at risk at the capped percentage is not material and as a consequence, no disclosure is required.

Footnotes to Pension Benefits Table

(1) The South Jersey Industries, Inc. Supplemental Executive Retirement Plan (the “SERP”) provides benefits to officers of South Jersey Industries who have attained age 50.

A participant is eligible for a normal retirement benefit under the SERP after having attained age 60. We base the normal retirement benefit on 2% of the participant’s “final average compensation” multiplied by years of credited service (up to 30 years), plus an additional 5% of final average compensation. “Final average compensation” is the average of the participant’s base pay plus annual incentive for the highest 3 years in the final 6 years of employment.

A participant is eligible for an early retirement benefit under the SERP after having attained age 55. A participant’s early retirement benefit equals his or her normal retirement benefit reduced by 2% per year. The SERP benefit for officers hired on or after July 1, 2003 reflects a reduction for the annuity equivalent of the employer provided benefit under the Company’s 401(k) Plan.

The SERP’s normal form of payment is a life annuity with six years guaranteed.

(2) The Retirement Plan for Employees of South Jersey Industries, Inc. (the “plan”) provides benefits to non-bargaining employees who we hired before July 1, 2003. A Participant is eligible for a normal retirement benefit under the plan after having attained age 65. We base the normal retirement benefit on the sum of (a) the participant’s accrued benefit as of September 30, 1989 increased 5% per year thereafter, and (b) 1.00% of the participant’s “final average compensation” plus 0.35% of the participant’s final average compensation in excess of covered compensation, multiplied by years of credited service after September 30, 1989 (up to 35 years less credited service as of September 30, 1989). “Final average compensation” is the average of the participant’s base pay plus annual incentive for the highest 3 years of the final 6 years of employment immediately preceding retirement.

Table of Contents

A participant is eligible for an early retirement benefit under the plan after having attained age 55 and completed five years of service. A participant's early retirement benefit equals his or her normal retirement benefit reduced by 2% per year prior to age 60.

The plan's normal form of payment is a life annuity with six years guaranteed.

(3) We base present values for participants on a 5.03% discount rate and RP-2000 mortality projected to 2012 (postretirement only), and no preretirement decrements.

(4) Mr. Renna is not currently eligible for the SERP. The SERP covers officers of South Jersey Industries who have attained age 50. Mr. Renna does not attain age 50 until 2017.

Nonqualified Deferred Compensation Table

The following table sets forth certain information regarding the Company's Restricted Stock Deferral Plan, which represents the Company's only non-tax-qualified deferred compensation program. The Company does not make contributions to the plan, and all earnings referenced in the table represent dividends paid on outstanding shares of common stock.

Table of Contents

Below is a description of the assumptions that we used in determining the payments in the tables above upon termination as of December 31, 2011:

Retirement

Named Executive retires from the Company upon attaining both 55 years of age and 10 years of continuous service with the Company.

Change in Control (CIC)

A change in control shall mean any of the following: (1) consummation of any pay or proposal for the merger, liquidation, dissolution or acquisition of SJI or all or substantially all of its assets; (2) election to the Board of Directors of SJI a new majority different from the current slate, unless each such new director stands for election as a management nominee and is elected by shareholders immediately prior to the election of any such new majority; or (3) the acquisition by any person(s) of 20% or more of the stock of SJI having general voting rights in the election of directors.

Cash Compensation

Termination following a Change in Control – The Company shall pay the Named Executives as severance pay an amount equal to 300% of a base amount determined to be the average annual compensation paid to the Named Executives during the five calendar years preceding the date of termination as reported on their Forms W-2. The employment agreements require that such severance pay shall be reduced to the largest amount as will result in no payment being subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. The only other parachute payment that would trigger an excise tax upon a change in control is due to the acceleration of unvested restricted stock awards. It is assumed that the one-year, non-compete agreement, which the Named Executives are subject to, would mitigate the parachute payments such that no excise tax would be imposed.

Termination for Other than Cause without a Change in Control – The Company shall pay the each Named Executive as severance pay an amount equal to 150% of the Named Executives' base salary to be paid out in 18 equal monthly installments.

Table of Contents

Equity Compensation

Retirement – Named Executives are entitled to shares under the Restricted Stock Agreement that are reduced by an amount equal to 1/36th of the number of shares to which the Named Executive would otherwise be entitled for each month from the date of Named Executives' retirement through the end of the three-year performance period. The amount for Mr. Kindlick, who is the only Named Executive eligible for retirement, represents the reduced value of outstanding target shares from the 2010 and 2011 restricted stock awards.

Change in Control – The Company shall provide that the restricted stock awards that are outstanding shall become non-forfeitable. Amounts represent the value of outstanding target shares from the 2010 and 2011 restricted stock awards.

Stock Price – Assumed to be \$56.81 based on the closing price as of December 31, 2011.

Incremental Nonqualified Pension

The present values of accumulated pension benefits under the Retirement Plan for Employees of SJI and the SJI Supplemental Executive Retirement Plan for the Named Executive are disclosed in the Pension Benefits Table section of this proxy disclosure. The payment amounts disclosed in this section represent the amount of the increase under such payments upon any triggering events.

Termination by the Companies Other than for Cause without a Change in Control – For purposes of the Supplemental Executive Retirement Plan ("SERP"), 18 months shall be included as service credit and the severance amount shall be considered in the final average earnings calculation. Mr. Graham, Mr. Kindlick, Mr. DuBois, and Mr. Patrick are currently eligible to receive a SERP benefit.

Final Average Earnings ("FAE") – FAE means the average base salary plus annual cash earned for that calendar year for the highest 3 years of the final 6 years of employment. The FAEs were based on the base salary for 2011, 2010, and 2009 plus the severance pay.

Present Values – 75.03% discount rate and RP-2000 mortality projected to 2012 (postretirement only), and no pre-retirement decrements. Assumes normal form of payment is a life annuity with six years guaranteed.

STOCK PERFORMANCE

The graph below compares the cumulative total return on the Company's Common Stock for the 5- year period ended December 31, 2011 with the cumulative total return on the S&P 500 and the S&P Utility Indexes. The graph assumes that \$100 was invested on December 31, 2006 in the Company's Common Stock, the S&P 500 Index and the S&P Utility Index and that all dividends were reinvested. Standard & Poor's Utilities Index is a commonly used indicator of utility common stock performance based on companies considered electric, gas or water utilities that operate as independent producers and/or distributors of power. For the 5-year period ending December 31, 2011, investors received a 14.5% annualized total return compared with the (0.2%) and 3.7% returns from the S&P 500 Index and S&P Utility Index, respectively. The annual growth rate for 2011 for the Company was 10.6%. This compares with 2.1% for the S&P 500 and 19.9% for the S&P Utility Index.

For this purpose “Good Reason” shall mean any of the following: (1) the assignment to the Holder by the Company, without the Holder’s express written approval, of duties inconsistent with the Holder’s position, duties, responsibilities, titles, offices or status with the Company immediately prior to a Change of Control of the Company, or any removal of the Holder from or any failure to re-elect the Holder to any such positions; (2) a material reduction in the Holder’s base salary as in effect on the Date of Grant or as the same is increased from time to time during the Restriction Period of any Restricted Stock Award; (3) the failure to continue in effect any benefit plan or arrangement in which the Holder is participating immediately prior to a Change of Control, or the taking of any action by the Company which would adversely affect the Holder’s participation in and/or materially reduce the Holder’s benefits under any such benefit plan or arrangement or which would deprive the Holder of any material fringe benefit enjoyed by the Holder immediately prior to a Change of Control; (4) a relocation of the Parent Company’s corporate headquarters to a location more than 50 miles outside of Folsom, New Jersey, or the Holder’s relocation to any place more than 50 miles from the location at which the Holder performed the Holder’s duties except for required travel by the Holder on the Company’s business to an extent substantially consistent with the Holder’s business travel obligations immediately prior to a Change of Control; (5) a material breach of the Holder’s then current Employment Agreement with the Company (if any) by the Company; or (6) any purported termination of the Holder’s employment which is not effected pursuant to a Notice of Termination, as specified under the Holder’s then current Employment Agreement with the Company (if any). Notwithstanding the foregoing, for any of the foregoing acts (or failure to act) to constitute “Good Reason,” the Holder must object in writing to the Company within 90 days following initial notification of the occurrence or proposed occurrence of the act (or failure to act), and which act (or failure to act) is not then rescinded or otherwise remedied by the Board within 30 days after delivery of such notice and the Holder actually resigns from employment within 30 days after the expiration of the foregoing 30-day cure period. If the Holder’s resignation occurs after such time, the resignation shall not be treated as a Qualifying Termination. For this purpose “Cause” shall mean any of the following reasons: (1) the willful and continued failure by the Holder to substantially perform his or her duties hereunder other than any such failure resulting from the Holder’s incapacity due to physical or mental illness or injury; (2) the conviction of the Holder of a crime under state or federal law and the Board or one of its committees is unable

Table of Contents

6. Grant of Rights

The Committee may grant Options, SARs, Restricted Stock Awards or all of the foregoing to Eligible Participants.

7. Eligibility

(a) An Option may be granted to those Eligible Participants who are designated by the Committee as eligible to receive an Option.

(b) An Incentive Stock Option shall not be granted to a Ten Percent Shareholder except on such terms concerning the option price and period of exercise as are provided in Paragraphs 8(a) and 8(f) with respect to such a person. A Non-Qualified Option shall not be granted to a Ten Percent Shareholder.

(c) A Restricted Stock Award may be granted to those Eligible Participants who are designated by the Committee as eligible to receive a Restricted Stock Award.

(d) No Eligible Participant may be granted in any calendar year Awards covering more than 300,000 Shares.

8. Option and SAR Agreements and Terms

All Options and SARs shall be granted within ten years from January 26, 2005 and be evidenced by Option agreements or SARs agreements which shall be executed on behalf of the Parent Company and by the respective Optionees or Holders. The terms of each such agreement shall be determined from time to time by the Committee, consistent, however, with the following:

(a) Option Price. The option price per Share shall be determined by the Committee but, in the case of Incentive Stock Option, shall not be less than 100% of the Fair Market Value of such Share on the Date of Grant. With respect to any Incentive Stock Option granted to a Ten Percent Shareholder, the option price per Share shall not be less than 110% of the Fair Market Value of such Share on the Date of Grant.

(b) Restrictions on Transferability. No Option or SAR shall be transferable otherwise than by will or the laws of descent and distribution and, during the lifetime of the Optionee or Holder, shall be exercisable only by him or her. Upon the death of an Optionee or Holder, the person to whom the rights shall have passed by will or by the laws of descent and distribution may exercise any Options or SARs only in accordance with the provisions of Paragraph 8(f).

Table of Contents

(c) Payment Upon Exercise of Options. Full payment for Shares purchased upon the exercise of an Option shall be made in cash or, at the election of the Optionee and as the Committee may, in its sole discretion, approve, either (i) by surrendering Shares with an aggregate Fair Market Value equal to the aggregate option price, (ii) by delivering such combination of Shares and cash as the Committee may, in its sole discretion, approve or (iii) at the election of the Optionee, and if the Committee, in its sole discretion approves, by surrendering the Option in exchange for issuance of a number of shares equal to the difference between the exercise price of the Option and the Fair Market Value of the Shares subject to the Option.

(d) Issuance of Certificates Upon Exercise of Options; Payment of Cash. Only whole Shares shall be issuable upon exercise of Options. Any right to a fractional Share shall be satisfied in cash. Upon payment of the option price, a certificate for the number of whole Shares and a check for the Fair Market Value on the date of exercise of any fractional Share to which the Optionee is entitled shall be delivered to such Optionee by the Parent Company; provided, however, that in the case of the exercise of a Non-Qualified Option, the Optionee has remitted to his employer an amount, determined by such employer, necessary to satisfy applicable federal, state or local tax-withholding requirements, or made other arrangements with his or her employer for the satisfaction of such tax-withholding requirements. The Parent Company shall not be obligated to deliver any certificates for Shares until such Shares have been listed (or authorized for listing upon official notice of issuance) upon each stock exchange upon which outstanding Shares of such class at the time are listed nor until there has been compliance with such laws or regulations as the Parent Company may deem applicable. The Parent Company shall use its best efforts to effect such listing and compliance.

(e) Issuance of Certificates Upon Exercise of SARs; Payment of Cash. Upon exercise of an SAR, its Value shall be payable in cash, or in Shares or such combination of cash and Shares as is selected by the Holder and approved by the Committee in its sole discretion. Any Shares that may be due upon exercise of an SAR shall be delivered to the Holder by the Parent Company and any payment of cash shall be made by the employer of the Holder. The employer of the Holder shall deduct from the amount of any cash so payable an amount necessary to satisfy applicable federal, state, or local tax-withholding requirements. If no cash is payable (or if the amount of cash payable is insufficient to satisfy applicable tax-withholding requirements), no Shares shall be delivered by the Parent Company to the Holder until the Holder remits to his or her employer an amount, determined by such employer, necessary to satisfy applicable federal, state, or local tax-withholding requirements or makes other arrangements for the satisfaction of such tax-withholding requirements. The Parent Company shall not be obligated to deliver any certificates for Shares until such Shares have been listed (or authorized for listing upon official notice of issuance) upon each stock exchange upon which outstanding Shares of such class at the time are listed nor until there has been compliance with such laws or regulations as the Parent Company may deem applicable. The Parent Company shall use its best efforts to effect such listing and compliance.

Table of Contents

(f) Periods of Exercise of Options and SARs. An Option or SAR shall be exercisable in whole or in part at such time as may be determined by the Committee and stated in the Option or SAR agreement; provided, however, that, unless otherwise determined by the Committee, no Option or SAR shall be exercisable before one year or after five years from the Date of Grant in the case of an Option or SAR granted to a Ten Percent Shareholder, or before one year or after ten years from the Date of Grant in all other cases, except as provided below:

(i) In the event that an Optionee or Holder ceases to be employed by the Company for any reason other than retirement, disability (as determined by the Committee) or death, any Option or SAR held by such Optionee or Holder shall not be exercisable after the date the Optionee or Holder ceases to be employed by the Company unless otherwise determined by the Committee and set forth in the Option or SAR agreement or a written amendment thereto; provided, however, that in no event shall an Option or SAR be exercisable after five years from the Date of Grant in the case of a Ten Percent Shareholder or after ten years from the Date of Grant in all other cases;

(ii) If an Optionee or Holder ceases to be employed by the Company, and if such cessation of employment is due to the disability (as determined by the Committee) or the retirement of the Optionee or Holder, he or she shall have the right to exercise his or her Options or SARs until the last day of the sixth month following cessation of employment, or such longer period as the Committee may determine and set out in writing, even if the date of exercise is within any time period prescribed by the Plan prior to which such Option or SAR shall not be exercisable; provided, however, that in no event shall an Option or SAR be exercisable after five years from the Date of Grant in the case of a Ten Percent Shareholder or after ten years from the Date of Grant in all other cases;

(iii) In the event that an Optionee or Holder ceases to be employed by the Company by reason of his or her death, any Incentive Stock Option, Non-Qualified Option or SAR held by such Optionee or Holder shall be exercisable, the person to whom the rights of the Optionee shall be passed by will or by the laws of descent and distribution, until the last day of the twelfth month following the date of the Optionee's or Holder's death, or such longer period as the Committee may determine and set out in writing, even if the date of exercise is within any time period prescribed by the Plan prior to which such Option or SAR shall not be exercisable; provided, however, that in no event shall an Option or SAR be exercisable after five years from the Date of Grant in the case of a Ten Percent Shareholder or after ten years from the Date of Grant in all other cases.

Table of Contents

(g) Date of Exercise. The date of exercise of an Option or SAR shall be the date on which written notice of exercise, addressed to the Parent Company at its main office to the attention of its Secretary, is hand delivered, telecopied or mailed, first class postage prepaid; provided, however, that the Parent Company shall not be obligated to deliver any certificates for Shares pursuant to the exercise of an Option or SAR until the Optionee shall have made payment in full of the option price for such Shares. Each such exercise shall be irrevocable when given. Each notice of exercise must (i) specify the Incentive Stock Option, Non-Qualified Option, SAR, or combination thereof, being exercised; (ii) must, in the case of the exercise of an Option, include a statement of preference (which shall not be binding on the Committee) as to the manner in which payment to the Parent Company shall be made (Shares or cash or a combination of Shares and cash); and (iii) must, in the case of the exercise of an SAR, include a statement of preference (which shall not be binding on the Committee) as to the manner in which payment to the Holder shall be made other than only in cash (Shares or cash or a combination of Shares and cash).

(h) Termination of Employment. For purposes of the Plan, a transfer of an employee between two employers, each of which is a Company, shall not be deemed a termination of employment.

(i) Multiple Grants of Incentive Stock Options, Non-Qualified Options and SARs. The grant, exercise, termination or expiration of any Incentive Stock Option, Non-Qualified Option or SAR shall have no effect upon any other Incentive Stock Option, Non-Qualified Option or SAR held by the same Optionee or Holder; provided, however, that the Committee may, in its sole discretion, provide in the Option agreement or SARs agreement that the exercise of a certain number of SARs is conditioned upon the exercise of a certain number of Options or provide that an SAR shall otherwise be attached to Options granted under the Plan. All SARs which are attached to Options shall be subject to the following terms:

(A) such SAR shall expire no later than the Option to which it is attached;

(B) such SAR shall be for an amount no more than the excess of the Fair Market Value of the Shares subject to the attached Option on the date such SAR is exercised over the option price of such Option;

(C) such SAR shall be subject to the same restrictions on transferability as the Option to which it is attached;

(D) such SAR shall be exercisable only when the Option to which it attached is eligible to be exercised;

(E) such SAR shall be exercisable only when the Fair Market Value of the Shares subject to the attached Option exceeds the option price of such Option; and

Table of Contents

(F) such SAR shall expire upon the exercise of the Option to which it is attached. Upon exercise of an SAR which is attached to an Option, the Option to which the SAR is attached shall expire.

9. Limitation on Grant of Incentive Stock Options

The aggregate Fair Market Value (determined as of the time options are granted) of the Shares for which any employee may be granted Incentive Stock Options that first become exercisable in any one calendar year under the Plan and any other plan of his or her employer corporation and its parent and subsidiary corporations, as defined respectively in Sections 425(e) and (f) of the Code, shall not exceed \$100,000.

10. Rights As Shareholders With Respect to Options and SARs

Neither an Optionee nor a Holder shall have any right as a shareholder with respect to any Shares subject to his or her Options or SARs until the date of the issuance of a stock certificate to him or her for such Shares.

11. Restricted Stock Awards

The grant of a Restricted Stock Award shall be subject to the following terms and conditions:

(a) Grant of Restricted Stock Award. Any Restricted Stock granted under the Plan shall be evidenced by an agreement executed by the Company and the Holder, which agreement shall conform to the requirements of the Plan, and shall specify (i) the number of Shares subject to the Award, (ii) the Restriction Period applicable to each Award, (iii) the events that will give rise to a forfeiture of the Award, (iv) the Performance Goals that must be achieved in order for the restriction to be removed from the Award, (v) the extent to which the Holder's right to receive the Shares under the Award will be forfeited if the Performance Goals are not met, and (vi) whether the Restricted Stock is subject to a vesting schedule. The agreement may contain such other provisions not inconsistent with the terms of the Plan as the Committee shall deem advisable.

(b) Delivery of Restricted Stock. Upon determination of the number of shares of Restricted Stock that are to be granted to the Holder, the Committee shall direct that a certificate or certificates representing the number of Shares be issued to the Holder with the Holder designated as the registered owner. The certificate(s) representing such shares shall be legended as to restrictions on the sale, transfer, assignment, or pledge of the Restricted Stock during the Restriction Period and deposited by the Holder, together with a stock power endorsed in blank, with the Company.

(c) Dividend Equivalents. Notwithstanding any provision of the Plan to the contrary, a Holder who has been granted a Restricted Stock Award pursuant to this Paragraph 11 may, at the discretion of the Committee, be credited as of dividend payment dates during the Restriction Period with Dividend Equivalents with respect to the Shares underlying the Restricted Stock Award. Such Dividend Equivalents shall be credited to an account established on behalf of the Holder by the Company. The Dividend Equivalents credited under this Paragraph (c) shall be notionally reinvested in Shares and shall be converted into additional Shares under such formula, at such time, and subject to such limitations as may be determined by the Committee.

(d) Receipt of Common Stock. At the end of the Restriction Period, the Committee shall determine, in light of the terms and conditions set forth in the Restricted Stock agreement, the number of shares of Restricted Stock with respect to which the restrictions imposed hereunder shall lapse. The Restricted Stock with respect to which the restrictions shall lapse shall be converted to unrestricted Shares by the removal of the restrictive legends from the Restricted Stock. Thereafter, Shares equal to the number of shares of the Restricted Stock with respect to which the restrictions hereunder shall lapse shall be delivered to the Holder. The Committee may, in its sole discretion, modify or accelerate the vesting and delivery of shares of Restricted Stock.

(e) Termination By Reason of Death, Disability or Retirement. Unless otherwise determined by the Committee, if a Holder ceases to be employed by the Company and such cessation of employment is due to the Holder's death, disability (as determined by the Committee) or retirement, the vested portion of the Restricted Stock, if any, shall become nonforfeitable. The non-vested portion of the Restricted Stock shall be forfeited as of the date of such termination of employment.

(f) Other Termination. Unless otherwise determined by the Committee at the time of grant, if a Holder ceases to be employed by the Company and such cessation of employment is due to any reason other than for death, disability (as determined by the Committee), retirement, or Qualifying Termination, any Restricted Stock with respect to which the Restriction Period has not expired shall be forfeited.

12. Changes in Capitalization

13. Mergers, Dispositions and Certain Other Transactions

Effective January 1, 2012, notwithstanding any provision of this Plan to the contrary, if, during the Restriction Period of any Restricted Stock Award, the Parent Company or any of the Subsidiary Companies shall be merged into or consolidated with or otherwise combined with or acquired by another person or entity, or there is a divisive reorganization or a liquidation or partial liquidation of the Parent Company, then all Restricted Stock Awards shall become nonforfeitable and immediately payable in cash upon the Qualifying Termination of the Holder, to the extent then still outstanding. Except as otherwise provided in the foregoing sentence of this Paragraph 13, if, during the term of any Option or SAR, or during the Restriction Period of any Restricted Stock Award, the Parent Company or any of the Subsidiary Companies shall be merged into or consolidated with or otherwise combined with or acquired by another person or entity, or there is a divisive reorganization or a liquidation or partial liquidation of the Parent Company, the Parent Company may choose to take no action with regard to the Options, SARs or Restricted Stock Awards outstanding or, notwithstanding any other provision of the Plan, to take any of the following courses of action:

(a) Not less than 15 days or more than 60 days prior to any such transaction, all Optionees and Holders shall be notified that their Options and SARs shall expire on the 15th day after the date of such notice, in which event all Optionees and Holders shall have the right to exercise all of their Options and SARs prior to such new expiration date; or

(b) The Parent Company shall provide in any agreement with respect to any such merger, consolidation, combination or acquisition that the surviving, new or acquiring corporation shall grant options and stock appreciation rights to the Optionees and Holders to acquire shares, or stock appreciation rights in shares in such corporation with respect to which the excess of the fair market value of the shares of such corporation immediately after the consummation of such merger, consolidation, combination or acquisition over the option price, or the value of such stock appreciation rights, shall not be greater than the excess of the Fair Market Value of the Shares over the option price of Options (or, in the case of an SAR, the Value of such SAR) , immediately prior to the consummation of such merger, consolidation, combination or acquisition; or

(c) The Parent Company shall provide that all Restricted Stock Awards that are outstanding on the date of the merger, consolidation, combination or acquisition shall become nonforfeitable or immediately payable in cash; or

(d) The Parent Company shall take such other action as the Board shall determine to be reasonable under the circumstances in order to permit Optionees and Holders to realize the value of rights granted to them under the Plan.

Neither the Plan nor any Award shall confer upon any employee of the Company any right to continue in the employment of the Company.

15. Interpretation

No outstanding Option, SAR or Restricted Stock Award shall be affected by any such amendment without the written consent of the Optionee, Holder, or other person then entitled to exercise such Option or SAR or receive Shares pursuant to such Restricted Stock Award.

(b) Subject to the provisions of the Plan, the Committee may amend any Option agreement, SARs agreement or Restricted Stock agreement, subject to the consent of the affected Optionee or Holder if such amendment is not favorable to the Optionee or Holder or if such amendment has the effect of changing an Incentive Stock Option to a Non Qualified Option, except that the consent of the Optionee or Holder shall not be required for any amendment made pursuant to Paragraph 13 hereof.

17. Compliance with Section 162(m) of the Code

This Plan is intended to comply with Section 162(m) of the Code with respect to qualified performance-based Awards that may be awarded by the Committee to Eligible Participants. For this purpose, an Award shall constitute qualified performance-based compensation to the extent that it is granted by the Committee on account of the attainment of one or more pre-established, objective performance goals established by the Committee, the material terms of which are disclosed to the shareholders of the Parent Company and satisfaction of such performance goals are certified by the Committee.

19. Effective Date and Term of Plan

The Plan shall expire no later than January 26, 2015, unless sooner terminated by the Board. Any Incentive Stock Option granted before the approval of the Plan by the Parent Company's shareholders shall be expressly conditioned upon, and shall not be exercisable until, such shareholder approval.

4. Coverage

All Eligible Employees shall be covered by the Plan, except to the extent the Committee may elect to exclude one or more Eligible Employees from participation in a designated Performance Period.

5. Terms and Conditions of Annual Cash Incentive Awards.

(a) Pre-Established Performance Goals. Payment of Annual Cash Incentives shall be based solely on account of the attainment of one or more pre-established, objective Performance Goals over the designated Performance Period. The Committee shall establish one or more objective Performance Goals with respect to each Eligible Employee in writing not later than 90 days after the commencement of the Performance Period to which the Performance Goals relate or the date on which twenty-five percent (25%) of such Performance Period has been completed (or such other date as may be required or permitted under Section 162(m) of the Code), provided that the outcome of the Performance Goals must be substantially uncertain at the time of their establishment. Performance Goals shall be based solely on one or more of the business criteria described in Section 6 and shall be weighted, equally or in such other proportion as the Committee shall determine at the time such Performance Goals are established, for the purposes of determining the actual Annual Cash Incentive amounts that may become payable upon the attainment of those goals. For each Performance Goal, the Committee may designate one or more levels of attainment and set the Annual Cash Incentive potential for each Eligible Employee at each of those performance levels. Alternatively, the Committee may establish a linear formula for determining the Annual Cash Incentive potential at various points of Performance Goal attainment. Under no circumstance, however, shall the aggregate Annual Cash Incentive potential for any participant for any Performance Period exceed the applicable maximum dollar amount set forth in Section 5(d).

Table of Contents

(b) Committee Certification. As soon as administratively practicable following the completion of the Performance Period, the Committee shall certify the actual levels of performance attained for the period determined, on the basis of those certified levels, the actual Annual Cash Incentive amount to be paid to each Eligible Employee for the Performance Period. The certification shall be final, conclusive and binding on the participant, and on all other persons, to the maximum extent permitted by law.

(c) Committee Discretion. The Committee, in determining the amount of the Annual Cash Incentive actually to be paid to an Eligible Employee, shall not award a Annual Cash Incentive in excess of the dollar amount determined on the basis of the Annual Cash Incentive potential established for the particular level at which each of the applicable Performance Goals for the Performance Period is attained. If the actual level of performance attained is between two of the designated performance levels, the Annual Cash Incentive amounts will be interpolated on a straight-line basis between those two levels. In addition, the Committee shall have the discretion to reduce or eliminate the Annual Cash Incentive that would otherwise be payable with respect to one or more Performance Goals on the basis of the certified level of attained performance of those goals. In exercising its discretion to reduce the Annual Cash Incentive payable to any participant, the Committee may utilize such objective or subjective criteria as the Committee deems appropriate in its sole and absolute discretion. The Committee shall not waive any Performance Goal applicable to a participant's Annual Cash Incentive potential for a particular Performance Period, provided that, the Committee may, in its sole discretion, waive the Performance Goal for a particular Performance Period in the event of the participant's death or disability or under such circumstances as the Committee deems appropriate in the event a Change in Control should occur prior to the completion of that Performance Period. For purposes of the Plan, a Change in Control shall have the same definition as set forth in the Company's Stock Plan (or any successor to that plan).

Table of Contents

(d) Individual Limitations on Awards. Notwithstanding any other provision of the Plan, the maximum amount of any Annual Cash Incentive paid to a Covered Employee or other Eligible Employee under the Plan shall be limited to One Million Dollars (\$1,000,000) per each twelve (12) month period (or portion thereof) included within the applicable Performance Period.

(e) Payment Date. Payment of Annual Cash Incentive amounts shall be made as soon as administratively practicable thereafter, but in any event, no later than March 15 of the year following the year in which the Performance Period ends. No participant shall accrue any right to receive a Annual Cash Incentive award under the Plan unless that participant remains in Employee status until the payment date for that Annual Cash Incentive following the completion of the Performance Period. Accordingly, no Annual Cash Incentive payment shall be made to any participant who ceases Employee status prior to the payment date for the Annual Cash Incentive; provided, however, that the Committee shall have complete discretion to award a full or pro-rated Annual Cash Incentive, based on the level at which the applicable Performance Goals are attained for the Performance Period, to a participant who ceases Employee status prior to such payment date by reason of death or disability or in connection with an involuntary reduction in force.

(f) Withholding Tax. To the extent required by applicable federal, state, local or foreign law, each employer shall withhold all applicable taxes from all Annual Cash Incentive amounts.
