INFORMATION RELATED TO DIRECTORS AND EXECUTIVE OFFICERS

Director Compensation

The Board approved a new compensation and benefit program for non-employee directors, which went into effect in the fourth quarter of fiscal 2005. In recommending this program to the Board, the Nominating and Corporate Governance Committee was guided by the following goals: compensation should fairly pay directors; compensation should align directors' interests with the long-term interests of shareholders; and the structure of the compensation should be simple, transparent and easy for shareholders to understand.

Each Board member not employed by the Company or its affiliates, is paid a retainer fee of \$25,000 per annum. Michael Bode is employed by MTU CFC Solutions, an affiliate, and therefore receives no compensation. Committee Chairman fees are \$12,500 for the Compensation Committee and Audit and Finance Committee and \$7,500 for the Executive and Nominating Committees. Non-Chairman committee fees are \$5,000 and \$2,500 for participation on each additional committee. All Board and Committee fees are payable, at the option of the Board member, in cash, shares of the Company's common stock or options to purchase shares of the Company's common stock. To encourage long-term investment by Directors, those Directors that elect fee payments in shares of common stock or options have a 20% premium added to the value of such fee payments. Board members also receive an equity grant valued at \$28,000 per annum. The equity grant can be received, at the choice of the Board member, in either shares of the Company's common stock or in options to purchase shares of the Company's common stock. Options are 100% vested at the date of grant.

New Board members are granted 40,000 non-qualified stock options upon acceptance to the Board. These options are exercisable commencing one year after grant, vest at the rate of 25% per year from date of grant and have restrictions as to transferability.

The Company reimburses directors for reasonable expenses incurred in connection with the performance of their duties as directors.

Certain Relationships and Related Transactions

MTU-Friedrichshafen GmbH

MTU-Friedrichshafen GmbH holds 2,746,548 shares of FuelCell Energy common stock. FuelCell Energy has certain business relationships with its subsidiary; MTU CFC Solutions. Michael Bode, a member of the Board of Directors of the Company, is an executive officer of MTU CFC Solutions. In December 2005, it was announced that MTU Friedrichshafen GmbH, which is a subsidiary of DaimlerChrysler, will be acquired by the Sweden-based private equity firm, EQT. The completion of this transaction is subject to final regulatory approvals that are expected to be obtained in the first calendar quarter of 2006.

We have two agreements with MTU CFC Solutions, a Cell License Agreement and a Balance of Plant License Agreement. Under our current Cell License Agreement, which has been extended through December 2009, we license our DFC technology to MTU CFC Solutions for use exclusively in Europe and the Middle East and non-exclusively in Africa and South America. We also sell our DFC components and stacks to MTU CFC Solutions under this agreement. Under the Cell License Agreement, MTU CFC Solutions also granted us an exclusive, royalty-free license to use any of their existing improvements to our Direct FuelCell that MTU CFC Solutions developed as of December 1999 under a previous license agreement. In addition, MTU CFC Solutions has agreed to negotiate a license grant of any separate carbonate fuel cell know-how it develops during the term of the current Cell License once it is ready for commercialization. Under our Balance of Plant Cross Licensing and Cross-Selling Agreement, we may sell to MTU CFC Solutions our MW-class modules and MTU CFC Solutions may sell their sub-MW class modules to us. The Balance of Plant License continues through July 2008 and may be extended for up to three additional 5-year terms, at the option of either MTU CFC Solutions or us.

During fiscal year 2005, the Company recognized revenue of approximately \$2.6 million for fuel cell components sold to MTU CFC Solutions. The Company also recognized royalty income of approximately \$0.3 million and royalty expense of approximately \$0.2 million during fiscal year 2005 related to the agreements with MTU CFC Solutions discussed above. The Company believes that the terms of its transactions with MTU CFC Solutions are no less favorable to the Company than it could have obtained from an unaffiliated third party.

Strategic Alliance with Enbridge, Inc.

On November 4, 2003, the Company entered into a strategic alliance agreement with Enbridge to distribute FuelCell's products in Canada. On July 7, 2005, we issued warrants to purchase up to an aggregate of 1,000,000 shares of our common stock to Enbridge in conjunction with an amended distribution agreement. The exercise prices of the warrants range from \$9.89 to \$11.87 per share and the expiration dates range from June 30, 2007 to June 30, 2010. As of October 31, 2005, all of the warrants issued to Enbridge remained unvested. Enbridge also holds shares of FuelCell Energy, Ltd. Series I Preferred Stock, a subsidiary of the Company, which are presently convertible into 207,952 shares of the Company's

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviews the Company's compensation plan on a regular basis. The Compensation Committee periodically retains independent consultants on an as needed basis to provide current market data with regard to base salary structure, short-term cash incentives and with the development of long-term incentive plans. The Compensation Committee regularly updates its assessment of various long-term incentive tools including stock options, restricted stock, performance-based equity, and other alternatives that might be available.

The Company's primary objective in developing executive compensation policies is to attract, motivate and retain highly qualified and effective leaders. The compensation policy includes various components of compensation that are intended to align management behaviors and priorities directly with the Company's strategic objectives and to encourage management to act in the best long-term interest of the Company and its shareholders. The Company's executive officer compensation policy generally consists of three elements: base compensation, annual cash bonus and long-term incentive compensation.

Cash Compensation

Annual compensation consists of two elements: base salary and an annual bonus payable in a combination of cash and Company common stock. Each officer is offered a base salary that is commensurate for the role that he or she is performing. In setting compensation, the Compensation Committee strives to maintain base compensation for the Company's executive officers at levels which the Compensation Committee, based on its experience, believes are competitive with the compensation of comparable executive officers in similarly situated companies.

Increases in base salary are based on a periodic review and evaluation of the performance of the operation or function for which the executive has responsibility, and is measured against defined performance criteria. The executive is also reviewed according to his or her competence as an effective leader in the Company, which includes an evaluation of the skills and experience required for the job, coupled with a comparison of these elements with similar elements for other executives both within and outside of the Company.

Executive officers are eligible to participate in a bonus plan. The Compensation Committee determines awards under the bonus plan. The Compensation Committee considers input of the Chief Executive Officer with respect to the bonus to be awarded to the other executive officers. The executive officers, as well as other key employees, may receive bonuses based upon meeting the performance objectives of the Company and their contributions to the Company.

The compensation paid by the Company to its Chief Executive Officer for fiscal 2005 was based upon an employment agreement negotiated with Mr. Leitman. The Compensation Committee has recently conducted a survey of compensation packages of Chief Executive Officers in comparable companies, and believes, based upon the individual experience of its members, that the compensation package for Mr. Leitman for fiscal 2005 was reasonable based upon Mr. Leitman's experience, his level of responsibility and the contributions made and expected to be made by him to the Company. See "Employment Agreement" for a description of Mr. Leitman's employment agreement.

Long-term incentive compensation

Each of the executive officers and all employees are eligible to receive awards under the Company's Equity Incentive Plans. These Plans are used to align a portion of the officers' compensation with shareholders' interest and the long-term success of the Company by encouraging the executive officers and other employees to remain with the Company, and by enabling optionees to develop and maintain a significant, long-term stock ownership position in the Company's Common Stock. The value realizable from exercisable options is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's Common Stock at any particular point in time.

In determining the number of options to be granted to each executive officer, the Compensation Committee considers input of the Chief Executive Officer with respect to the executive officers, other than the Chief Executive Officer. These determinations are based in part upon annual compensation surveys of executive officers and certain key employees in comparable companies along with following guidelines previously approved by the Compensation Committee.

The members of the Compensation Committee have submitted this report.

Employment Agreements

In August 1997, the Company entered into an employment agreement with Mr. Leitman upon hiring him as its President and Chief Executive Officer and such employment agreement was subsequently modified in June 2002. Upon entering into the agreement, the Company granted Mr. Leitman options to purchase 1,500,000 shares of Common Stock. On January 12, 2006, the Company modified the employment agreement (the "Modified Agreement") with Mr. Leitman for him to assist in the transition of responsibility of the position of President and Chief Executive Officer of the Company to Mr. Brdar and provide strategic advice to him and to the Board. The Modified Agreement provides that Mr. Leitman will become a non-executive Chairman of the Board of Directors and the Company has agreed to use its best efforts to cause Mr. Leitman to be elected to the Board of Directors and to appoint Mr. Leitman as Chairman of the Board. Under the Modified Agreement, which is terminable by either party upon 30 days notice, Mr. Leitman will work a minimum of 25% of customary business hours and is entitled to a salary of \$395,000 per annum, pro-rated to the amount of time worked, an annual bonus to be determined by the Compensation Committee in its sole discretion at the conclusion of the Company's fiscal year and the opportunity to participate in insurance plans and other employment benefits as may be generally available to other employees of the Company. The Modified Agreement provides for a one-year term, which may be extended upon mutual approval of Mr. Leitman, the Board of Directors of the Company, and the President and Chief Executive Officer. The Modified Agreement includes non-disclosure provisions and prohibits Mr. Leitman from competing with the Company during the term of his employment and for a period of two years thereafter.

On January 12, 2006, the Company entered into an employment agreement (the "Agreement") with Mr. Brdar upon his promotion to President and Chief Executive Officer. This Agreement supersedes Mr. Brdar's prior employment arrangement dated February 2005. Under the Agreement, which is terminable by either party upon 30 days notice, Mr. Brdar is entitled to an initial annual base salary of \$350,000, which will be reviewed at least annually by the Compensation Committee of the Board of Directors and adjusted at the sole discretion of the Compensation Committee, and a bonus of up to 50% of Mr. Brdar's base salary as determined and approved by the Board of Directors. Mr. Brdar also retained the options to purchase 250,000 shares of Common Stock granted under the February 2005 employment arrangement and was granted options to purchase an additional 250,000 shares of Common Stock in December 2005. The Agreement also provides Mr. Brdar with the opportunity to participate in insurance plans and other employment benefits as may be generally available to other employees of the Company. In certain circumstances, if Mr. Brdar's employment is terminated, including a termination by Mr. Brdar upon a change in control, Mr. Brdar will be entitled to a severance benefit equal to (i) two times his then base salary, plus (ii) the average of Mr. Brdar's bonuses since the inception of the Agreement. The Agreement also contains non-disclosure provisions and prohibits Mr. Brdar from competing with the Company during the term of his employment and for a period of two years thereafter.

In October 1998, the Company entered into an employment agreement with Mr. Mahler upon hiring him as its Chief Financial Officer, Treasurer and Corporate Secretary. Under the agreement, which is terminable by either party upon 30 days notice, Mr. Mahler is entitled to a minimum annual salary and a bonus based upon the Company incentive compensation plan. In addition, upon entering into the agreement, the Company granted Mr. Mahler options to purchase 300,000 shares of Common Stock. The agreement also provides Mr. Mahler with the opportunity to participate in insurance plans and other employment benefits as may be generally available to other employees of the Company. In certain circumstances, if Mr. Mahler's employment is terminated, Mr. Mahler will be entitled to a severance benefit equal to (i) his then base salary, plus (ii) an amount equal to Mr. Mahler's bonus from the Company for the immediately preceding year. The agreement also contains non-disclosure provisions and prohibits Mr. Mahler from competing with the Company during the term of his employment and for a period of two years thereafter.

The Board shall establish the option price at the time each option is awarded, which price shall not be less than 100% of the fair market value of the Common Stock on the date of award, in the case of incentive stock options.

The terms and conditions of incentive stock options shall be subject to and comply with Section 422 of the Code and any regulations thereunder. SARs granted in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised.

Restricted Stock

Subject to the provisions of the Plan, the Board may award shares of Restricted Stock and determine the duration of the Restricted Period during which, and the conditions under which, the shares may be forfeited to the Corporation and the other terms and conditions of such awards. Director Grants

Each year the Company may grant a retainer, committee fees and an annual equity grant in amounts determined by the Board. At the election of the director, retainer and committee fees can be paid in the form of cash, Common Stock or Nonqualified Stock Options. Prior to the date of grant, each Director shall elect the manner in which those awards shall be granted. Any such election shall be effective for the fiscal year and may not be changed. These grants shall be made on the last day of the fiscal quarter of each fiscal year of the Company. Prior to the beginning of the Company's fiscal year, each Director may elect to defer any grants pursuant to the FuelCell Energy Inc. Directors Deferred Compensation Plan.

General Provisions Applicable to Awards

Documentation. Each Award under the Plan shall be evidenced by a written document delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Board considers necessary or advisable to achieve the purposes of the Plan or comply with applicable tax and regulatory laws and accounting principles.

Board Discretion. Each type of award may be made alone, in addition to or in relation to any other type of award. The terms of each type of award need not be identical, and the Board need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular award, any determination with respect to an award may be made by the Board at the time of award or at any time thereafter.

Termination of Employment. The Board shall determine the effect on an award of the disability, death, retirement or other termination of employment of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an award or exercise rights thereunder.

Change in Control. In order to preserve a Participant's rights under an award in the event of a change in control of the Company, the Board in its discretion may, at the time an award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the award, (ii) provide for the purchase of the award upon the Participant's request for an amount of cash or other property that could have been received upon the exercise or realization of the award had the award been currently exercisable or payable, (iii) adjust the terms of the award in a manner determined by the Board to reflect the change in control, (iv) cause the award to be assumed, or new rights substituted therefore, by another entity, or (v) make such other provision as the Board may consider equitable and in the best interests of the Company. Notwithstanding the foregoing, any change in Incentive Stock Options shall comply with the rules under Section 424 of the Code and no change may be made to any Award which would make the Award subject to the provisions of Section 409A of the Code.

The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.

Section 5. Stock Available for Awards

- (a) Subject to adjustment under subsection (b), Awards may be made under the Plan of up to a maximum of 2,500,000 shares of Common Stock. If any Award in respect of shares of Common Stock expires or is terminated unexercised or is forfeited for any reason or settled in a manner that results in fewer shares outstanding than were initially awarded, including without limitation the surrender of shares in payment for the Award or any tax obligation thereon, the shares subject to such Award or so surrendered, as the case may be, to the extent of such expiration, termination, forfeiture or decrease, shall again be available for award under the Plan, subject, however, in the case of Incentive Stock Options, to any limitation required under the Code. Section 6. Stock Options

(a) Subject to the provisions of the Plan, the Board may award Incentive Stock Options and Nonqualified Stock Options and determine the number of shares to be covered by each Option, the option price therefore and the conditions and limitations applicable to the exercise of the Option. The terms and conditions of Incentive Stock Options shall be subject to and comply with Section 422 of the Code, or any successor provision, and any regulations thereunder.

(b) The Board shall establish the option price at the time each Option is awarded, which price shall not be less than 100% of the Fair Market Value of the Common Stock on the date of award with respect to Incentive Stock Options.

(c) Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable Award or thereafter. The Board may impose such conditions with respect to the exercise of Options, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.

(d) No shares shall be delivered pursuant to any exercise of an Option until payment in full of the option price therefore is received by the Corporation. Such payment may be made in whole or in part in cash or, to the extent permitted by the Board at or after the award of the Option, by delivery of shares of Common Stock owned by the option holder, including Restricted Stock, valued at their Fair Market Value on the date of delivery, by the reduction of the shares of Common Stock that the optionholder would be entitled to receive upon exercise of the Option, such shares to be valued at their Fair Market Value on the date of exercise, less their option price (a so-called "cashless exercise"), or such other lawful consideration as the Board may determine.

(e) The Board may provide for the automatic award of an Option upon the delivery of shares to the Corporation in payment of an Option for up to the number of shares so delivered.

(f) In the case of Incentive Stock Options the following additional conditions shall apply to the extent required under Section 422 of the Code for the options to qualify as Incentive Stock Options:

(i) Such options shall be granted only to employees of the Corporation, and shall not be granted to any person who owns stock that possesses more than ten percent of the total combined voting power of all classes of stock of the Corporation or of its parent or subsidiary corporation (as those terms are defined in Section 422(b) of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder), unless, at the time of such grant, the exercise price of such option is at least 110% of the fair market value of the stock that is subject to such option and the option shall not be exercisable more than five years after the date of grant;

- (ii) Such options shall, by their terms, be transferable by the optionholder only by the laws of descent and distribution, and shall be exercisable only by such optionholder during his lifetime;
- (iii) Such options shall not be granted more than ten years from the effective date of this Plan or any subsequent amendment to the Plan approved by the stockholders of the Corporation which extends this Incentive Stock Option expiration date, and shall not be exercisable more than ten years from the date of grant; and
- (iv) Notwithstanding other provisions hereof, the aggregate Fair Market Value (determined at the time the Incentive Stock Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by the employee during any calendar year (under all such plans of the employee's employer corporation and its parent and subsidiary corporations) shall not exceed \$100,000.

Section 7. Stock Appreciation Rights

Subject to the provisions of the Plan, the Board may award SARs in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. The Board shall establish the option price at the time each SAR is awarded, which price shall not be less than 100% of the Fair Market Value of the Common Stock on the date of award with respect to SARs. SARs granted in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised.

Section 8. Restricted Stock

- (a) Subject to the provisions of the Plan, the Board may award shares of Restricted Stock and determine the duration of the Restricted Period during which, and the conditions under which, the shares may be forfeited to the Corporation and the other terms and conditions of such Awards. Shares of Restricted Stock may be issued for no cash consideration or such minimum consideration as may be required by applicable law.
- (b) Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Board, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Board may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Corporation. At the expiration of the Restricted Period, the Corporation shall deliver such certificates to the Participant or, if the Participant has died, to the Participant's Designated Beneficiary.

Section 9. Director's Grants

- (a) Each year the Corporation may grant Awards to Directors as compensation for their service to the Board, in an amount to be determined by the Board. Each Director shall determine the form of such Award, which may be in the form of shares of Common Stock or Nonqualified Stock Options. Prior to the date of grant, each Director shall elect the manner in which those Awards shall be granted. Any such election shall be effective for the fiscal year and may not be changed.
- (b) Prior to the beginning of the Corporation's fiscal year, each Director may elect to defer any grants under this Section 9 pursuant to the FuelCell Energy Inc. Directors Deferred Compensation Plan.

Section 10. General Provisions Applicable to Awards

- (a) Documentation. Each Award under the Plan shall be evidenced by a written document delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Board considers necessary or advisable to achieve the purposes of the Plan or comply with applicable tax and regulatory laws and accounting principles.
- (b) Board Discretion. Each type of Award may be made alone, in addition to or in relation to any other type of Award. The terms of each type of Award need not be identical, and the Board need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Board at the time of award or at any time thereafter.
- (c) Settlement. The Board shall determine whether Awards are settled in whole or in part in cash, Common Stock, other securities of the Corporation, Awards, other property or such other methods as the Board may deem appropriate. If shares of Common Stock are to be used in payment pursuant to an Award and such shares were acquired upon the exercise of a stock option (whether or not granted under this Plan), such shares must have been held by the Participant for at least six months.
- (d) Dividends and Cash Awards. In the discretion of the Board, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.
- (e) Termination of Employment. The Board shall determine the effect on an Award of the disability, death, retirement or other termination of employment of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder.
- (f) Change in Control. In order to preserve a Participant's rights under an Award in the event of a change in control of the Corporation, the Board in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the Award, (ii) provide for the purchase of the Award upon the Participant's request for an amount of cash or other property that could have been received upon the exercise or realization of the Award had the Award been currently exercisable or payable, (iii) adjust the terms of the Award in a manner determined by the Board to reflect the change in control, (iv) cause the Award to be assumed, or new rights substituted therefore, by another entity, or (v) make such other provision as the Board may consider equitable and in the best interests of the Corporation. Notwithstanding the foregoing, any change in Incentive Stock Options shall comply with the rules under Section 424 of the Code and no change may be made to any Award which would make the Award subject to the provisions of Section 409A of the Code.
- (g) Withholding. The Corporation shall have the power and the right to deduct or withhold, or require a Participant to remit to the Corporation an amount sufficient to satisfy federal, state and local taxes (including the Participant's FICA obligation) required to be withheld with respect to an Award or any dividends or other distributions payable with respect thereto. In the Board's discretion, such tax obligations may be paid in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of delivery. The Corporation and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.

- (h) Amendment of Award. The Board may amend, modify or terminate any outstanding Award, including substituting therefore another Award of the same or a different type, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonqualified Stock Option, provided that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.
- (i) Except as otherwise provided by the Board, Awards under the Plan are not transferable other than as designated by the Participant by will or by the laws of descent and distribution.
- (j) Notwithstanding any provision contained in this Plan to the contrary, in no event shall the Board take any action which violate any of the applicable provisions of Section 409A of the Code.

Section 11. Miscellaneous

- (a) No Right To Employment. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment. The Corporation expressly reserves the right at any time to dismiss a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.
- (b) No Rights As Shareholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a shareholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof. A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.
- (c) Effective Date. Subject to the approval of the shareholders of the Corporation, the Plan shall be effective on March 28, 2006. Prior to such approval, Awards may be made under the Plan expressly subject to such approval.
- (d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time, provided that no amendment shall be made without shareholder approval if such approval is necessary to comply with any applicable requirement of the laws of the jurisdiction of incorporation of the Corporation, any applicable tax requirement, including Section 422 of the Code, any applicable rules or regulation of the Securities and Exchange Commission, including Rule 16(b)-3 (or any successor rule thereunder), or the rules and regulations of NASDAQ or any other exchange or stock market over which the Corporation's securities are listed.
- (e) Governing Law. The provisions of the Plan shall be governed by and interpreted in accordance with the laws of the jurisdiction of incorporation of the Corporation.
- (f) Indemnity. Neither the Board nor the Committee, nor any members of either, nor any employees of the Corporation or any parent, subsidiary, or other affiliate, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with their responsibilities with respect to this Plan, and the Corporation hereby agrees to indemnify the members of the Board, the members of the Committee, and the employees of the Corporation and its parent or subsidiaries in respect of any claim, loss, damage, or expense (including reasonable counsel fees) arising from any such act, omission, interpretation, construction or determination to the full extent permitted by law.
