Item 8.01 Other Items

On November 12, 2008, the parties to the derivative action filed by an alleged shareholder of FARO Technologies, Inc. (the "Company") in the U.S. District Court for the Middle District of Florida against certain of the Company's current and former directors, as defendants, and against the Company, as a nominal defendant (the "Derivative Action") executed a Memorandum of Understanding of the material terms of a proposed settlement of the Derivative Action. On January 21, 2009, the parties filed with the court a Stipulation of Settlement (the "Stipulation") seeking the court's preliminary and final approval of the terms of the proposed settlement. Pursuant to those terms, the Company shall adopt certain corporate governance policies for a period of three years from the effective date of those policies, and the issuer of the Company's Executive Liability and Entity Securities Liability insurance policy applicable to the Derivative Action will pay \$400,000 to the plaintiff's counsel for their fees and expenses. That sum is within the coverage limit of the policy and accordingly has no effect on the Company's financial results.

On February 13, 2009, the court granted preliminary approval of the settlement. A hearing will be held on April 23, 2009 to determine whether the terms and conditions of the settlement proposed in the Stipulation should be approved as fair, reasonable and adequate. If the court approves the settlement, a judgment will be entered dismissing the Derivative Action, with prejudice, as against each defendant.

The Notice of Pendency of Settlement of Shareholder Derivative Litigation (the "Notice") is attached hereto as Exhibit 99.1. A copy of the press release announcing the Notice is attached hereto as Exhibit 99.2.
