Item 8.01. Other Events

On September 10, 2009, with a start date of December 1, 2009, Joseph C. Hayden, the Chief Operating Officer of Applied Energetics, Inc. (the "Company"), entered into a Sales Plan with a brokerage firm under Rule 10b5-1 of the Securities Exchange Act of 1934. Such plans allow a corporate insider to gradually diversify holdings of his company's common stock while minimizing any market effects of such trades by spreading them out over an extended period of time and eliminating any market concern that such trades were made by a person while in possession of material nonpublic information.

Mr. Hayden's 10b-5-1 plan provides for the sales of 580,000 shares of the Company's common stock per calendar quarter over a 12-month period beginning on December 1, 2009; up to a maximum of 580,000 shares, with a minimum sales prices of \$1.00 as to 400,000 of the shares, \$1.50 as to 120,000 of the shares and \$2.00 as to 60,000 of the shares. All sales under the 10b5-1 plans are subject to the terms and conditions thereof. Under the plan, Mr. Hayden represented and agreed not to make any other open market sales of the Company's common stock until the plan terminates.

---
