Proposal 1: The affirmative vote of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is required to elect the five nominees for director. Abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum is present. Abstentions and broker non-votes will have the same effect as a vote against the election of directors. Note that if your shares are held by a broker or nominee, such broker or nominee will not have authority to vote your shares in the election of directors unless you provide instructions to him or her regarding how you would like your shares to be voted.

Proposal 2: The affirmative vote of the holders of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of Friedman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. The affirmative vote of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of Friedman LLP. Abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum is present. Abstentions will have the same effect as a negative vote. Broker non-votes are discretionary and will have the same effect as a negative vote, unless otherwise voted by the broker or nominee. Note that if your shares are held by a broker or nominee, such broker or nominee has discretionary authority to vote your shares on this proposal if you do not provide instructions to him or her regarding how you would like your shares to be voted.

Proposals 3 and 4: Votes cast with respect to Proposals 3 and/or 4 are advisory votes only as to which we will take into account the views expressed; however, in each case, the votes are non-binding upon the Company and the Board of Directors. Abstentions and broker non-votes will have no effect on the outcome of the vote.

Proposal 5: The affirmative vote of the holders of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is required to approve the adjournment of the meeting to another time and place, if necessary in the judgment of the proxy holders, for the purpose of soliciting additional proxies in favor of any of the foregoing proposals. Abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum is present. Abstentions will have the same effect as a negative vote. Broker non-votes are discretionary and will have the same effect as a negative vote, unless otherwise voted by the broker or nominee. Note that if your shares are held by a broker or nominee, such broker or nominee has discretionary authority to vote your shares on this proposal if you do not provide instructions to him or her regarding how you would like your shares to be voted.

Proposal 6: The affirmative vote of the holders of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is required to approve the transaction of such other business as may properly come before the Annual Meeting or any adjournment or postponement of the meeting. not provide instructions to him or her regarding how you would like your shares to be voted.

2

At the Annual Meeting, the person(s) named in the proxy card or, if applicable, his substitute will vote your shares as you instruct. If you sign your proxy card and return it without indicating how you would like to vote your shares, your proxy will be voted as the Board of Directors recommends, which is:

FOR the election of each of the director nominees named in this proxy statement;

FOR the ratification of the appointment of Friedman LLP as our independent registered public accounting firm for the year ending December 31, 2011;

FOR the advisory (non-binding) vote on our executive compensation;

FOR a frequency period of every three years (a triennial vote) for future advisory (non-binding) stockholder votes on executive compensation;

FOR the adjournment of the meeting to another time and place to solicit additional proxies in favor of any of the foregoing proposals; and

FOR the transaction of such other business as may properly come before the Annual Meeting or any adjournment or postponement of the meeting.

Voting of Proxies

Holders of shares of common stock are entitled to cast one vote per share on all matters submitted to a vote of stockholders. As of April 27, 2011, 21,458,654 shares of common stock were outstanding. All shares of common stock represented by properly executed proxies received before or at the Annual Meeting will, unless the proxies are revoked, be voted in accordance with the instructions indicated on the proxies. If no instructions are indicated on a properly executed proxy card, the shares will be voted as the Board recommends on each proposal.

Stockholders whose shares are registered in their own names may vote (i) by returning a proxy card, (ii) via the Internet or (iii) by telephone. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or by telephone are set forth in the Notice of Internet Availability of Proxy Materials and on the proxy card. The Internet and telephone voting procedures are designed to authenticate the stockholder's identity and to allow the stockholders to vote his or her shares and confirm that his or her voting instructions have been properly recorded.

If you do not wish to vote via the Internet or telephone, please complete, sign and return the proxy card.

Many banks and brokerage firms have a process for their beneficial owners to provide instructions over the telephone or via the Internet. Your voting form from your broker or bank will contain instructions for voting.

If your shares are held in an account at a brokerage firm or bank, that brokerage firm or bank has discretionary authority to vote your shares on the proposal to ratify the appointment of Friedman LLP and approve the adjournment of the Annual Meeting, but will not be permitted to vote your shares with respect to the election of directors unless you provide instructions as to how to vote your shares. If an executed proxy card is returned by a broker or bank holding shares which indicates that the broker or bank has not received voting instructions and does not have discretionary authority to vote on the proposals, the shares will be considered present at the meeting for purposes of determining the presence of a quorum, but will not be considered to have been voted in favor of the proposals. Your broker or bank will vote your shares on Proposal 1 only if you provide instructions on how to vote by following the information provided to you by your broker. Please note that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

Votes submitted by telephone or via the Internet must be received by 11:59 p.m., People's Republic of China time, on June 15, 2011, as discussed below under How to Vote. Submitting your proxy by telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Background

Our Board of Directors currently consists of five members. One of the purposes of the Annual Meeting is to elect five directors to hold office until the annual meeting of stockholders to be held in 2012 and until their respective successors are elected and qualified, or their earlier death, resignation or removal.

Based on the recommendation of the Governance and Nominating Committee, our Board of Directors has nominated our current directors, Qinan Ji, Zhiqiang Wang, Yang Xiang Dong, Frank Waung and Lawrence W. Leighton, for election at the Annual Meeting.

If the nominees decline to serve or become unavailable for any reason, or if any vacancy occurs before the election (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as the Board may designate. Each nominee has consented to being named in this proxy statement and has agreed to serve if elected.

Information regarding Director Nominees

The following table sets forth information regarding our current directors, each of whom is a nominee proposed to be elected at the Annual Meeting.

Name	Position with our Company	Age	Director Since
Qinan Ji	Chairman and Chief Executive Officer	54	2005
Zhiqiang Wang	Director	71	2006
Yang Xiang Dong ⁽¹⁾	Director	45	2008
Frank Waung ⁽²⁾	Director	46	2010
Lawrence W. Leighton	Director	77	2008

(1) In past filings with the Securities and Exchange Commission, or the *SEC*, we have referred to Mr. Yang by his English name, Donald Yang.

(2) Carl Yeung resigned as our director effective as of November 25, 2010. Frank Waung was appointed by the Board of Directors to replace Mr. Yeung as our director on the same date.

Qinan Ji has been a member and Chairman of our Board of Directors since 2005 and has served as Chief Executive Officer since May 2006. In 1996, Mr. Ji founded the Anxian Hotel in Weinan City in Shaanxi Province. In 2001, Mr. Ji formed Xi'an Sunway Technology and Industry Co., Ltd. Mr. Ji has more than 20 years experience in the energy and petroleum industries in operational, administrative, management and government relation roles. He received a Bachelors of Economic Management from Northwestern University (Shaanxi). The Board selected Mr. Ji to serve as a director because of his knowledge of the Company's affairs as well as his knowledge of and experience in the energy and petroleum industries in the People's Republic of China.

Zhiqiang Wang has been our Vice Chairman of the Board of Directors of the Company since 2006. From 2002 until his retirement in 2004, Mr. Wang was the Chief Executive Officer of Xi'an Municipal Government Construction

Company where he was in charge of the city's major construction projects. Mr. Wang was the former head of energy industry regulations from 1992 to 2002 as well as the Vice Mayor of the city of Xi'an, China's largest western city with a population of approximately 8.5 million, in which position he was in charge of regulating and licensing the city's energy and natural gas businesses. Mr. Wang graduated from the Northwestern University of Politics and Law in China in 1962. The Board selected Mr. Wang to serve as a director because of his knowledge of the Company's affairs and the regulatory landscape applicable to the Company in the People's Republic of China, as well as his experience with overseeing major construction projects.

6

Yang Xiang Dong has been a member of our Board of Directors since August 2008. Mr. Yang is a founding partner and president of Abax Global Capital (*AGC*), a leading Hong Kong based asset management firm focused on Asian public and private investments especially in Greater China. He has held this position since March 2007. From 2000 to 2007, Mr. Yang was a Managing Director responsible for Merrill Lynch's Hong Kong and China Debt Capital Markets division. Mr. Yang also served as a director for Sinoenergy Corporation, until September 25, 2010 when Sinoenergy Corporation underwent a change of control and delisted from NASDAQ. Mr. Yang holds an MBA degree from Wharton School of Business and a BA degree from Nankai University in China. Abax Lotus Ltd., an affiliate of AGC, was the sole investor in the Company's \$40 million note financing which closed in January 2008. Mr. Yang was initially nominated to the Board by Abax Lotus Ltd. pursuant to the investor rights agreement we entered into with Abax Lotus Ltd. in 2008 in connection with the notes financing. However, Abax Lotus Ltd. does not have the right to nominate a person for election to the Board at the Annual Meeting because it no longer holds 10% or more of our outstanding common stock on a fully diluted basis. The Board selected Mr. Yang to serve as a director because of his knowledge of the Company's affairs and his expertise with respect to the international capital and credit markets.

Frank Waung has been a member of our Board of Directors since November 25, 2010. Mr. Waung has served as the Chief Financial Officer of China Pharma Holdings, Inc., a China-based manufacturer of pharmaceuticals, since April 28, 2009. China Pharma Holdings, Inc. is listed on the NYSE AMEX stock market. Prior to his employment with China Pharma Holdings, Inc., Mr. Waung worked for Hickey Freihofner Capital as an investment banker with a focus on China matters from 2008. Prior to 2008, Mr. Waung worked for Dellacamera Capital Management as a special situations analyst in 2007. Mr. Waung acted as a senior market economist in Cowen & Co. from 2000 to 2003 and as a convertible securities trader from 2003 to 2006. Each of the members of the Governance and Nominating Committee is independent for purposes of the NASDAQ listing standards. The Governance and Nominating Committee's written charter can be found in the Investor Relations area of our website at www.naturalgaschina.com.

The functions of the Governance and Nominating Committee include identifying, reviewing, and recommending candidates for appointment and nomination for election to the Board of Directors, reviewing the appropriate skills and characteristics in the composition of the Board of Directors and periodically reviewing our corporate governance policies. The Governance and Nominating Committee held one meeting during the fiscal year ended December 31, 2010.

Selection of Board Nominees

The Governance and Nominating Committee reviews the qualifications of potential director candidates in accordance with its charter. The Governance and Nominating Committee's consideration of a candidate as a director includes assessment of the individual's understanding of our business, the individual's professional and educational background, skills and abilities, and potential time commitment and whether such characteristics are consistent with criteria established by the Governance and Nominating Committee from time to time. To provide such a contribution to the Company, a director must generally possess one or more of the following, in addition to personal and professional integrity:

- experience in corporate management;
- experience with complex business organizations;
- experience as a board member or officer of another publicly held company;

diversity of expertise, experience in substantive matters related to the Company's business and professional experience as compared to existing members of our Board and other nominees; and

practical and mature business judgment.

The Governance and Nominating Committee may also adopt such procedures and criteria as it considers advisable for the assessment of director candidates. Other than the foregoing, there are no stated minimum criteria for director nominees. The Governance and Nominating Committee does however recognize that at least one member of the Board should meet the criteria for an audit committee financial expert as defined by SEC rules, and that at least a majority of the members of the Board must meet the definition of independent director under NASDAQ listing rules, and the Governance and Nominating Committee, and the Board, is committed to considering candidates for the Board regardless of gender, ethnicity and national origin. We

believe that the considerations and the flexibility of our nomination process have created on our Board diversity of a type that is effective for our Company because our current Board members have a wide variety of business experiences and expertise, including in substantive matters related to our business, and our Board includes professionals from the People's Republic of China and the United States and members with experience in the private and public service sectors as well as in the energy, petroleum, construction, banking and finance and technology industries.

The Board nominees named in this proxy statement were approved by the Governance and Nominating Committee for inclusion in this proxy statement, and were each recommended by other members of the Board.

Stockholder Nominations

The Governance and Nominating Committee considers and makes recommendations to the Board regarding any stockholder recommendations for candidates to serve on the Board. However, it has not adopted a formal process for that consideration because it believes that the informal consideration process has been adequate given the historical absence of stockholder proposals. The Governance and Nominating Committee will review periodically whether a more formal policy should be adopted.

The Governance and Nominating Committee will consider all stockholder recommendations for candidates for the Board, which should be sent to the Nominating and Governance Committee, c/o Secretary, China Natural Gas, Inc., 19th Floor, Building B, Van Metropolis, 35 Tang Yan Road, Hi-Tech Zone, Xi'an, 710065, Shaanxi Province, People's Republic of China.

A stockholder's notice to our Secretary with respect to persons that the stockholder proposes to directly nominate as a director must set forth, as to each individual whom the stockholder proposes to nominate, all information relating to the person that is required to be disclosed in solicitations of proxies for the election of directors or is otherwise required, pursuant to Regulation 14A (or any successor provisions) under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), including their name, age, business address, residence address, principal occupation or employment, the number of shares of our common stock beneficially owned by such candidate, and the written consent of such person to be named in the proxy statement as a nominee and to serve as a director if elected. In order to submit a proposal, a stockholder must meet the eligibility criteria for stockholder proposals set forth in Regulation 14A under the Exchange Act. In addition, a stockholder nomination must meet the general requirements for stockholder proposals discussed in *Stockholder Proposals for 2011 Annual Meeting* contained in this proxy statement.

The Governance and Nominating Committee will evaluate recommendations for director nominees submitted by directors, management or qualifying stockholders in the same manner, using the criteria stated above. All directors and director nominees will be required to submit a completed directors' and officers' questionnaire as part of the nominating process. The process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Governance and Nominating Committee.

Communications with Directors

Stockholders may communicate with any of the Company's directors, including the chair of any of the committees of the Board or the non-management directors as a group by writing to them c/o Secretary, China Natural Gas, Inc., 19th Floor, Building B, Van Metropolis, 35 Tang Yan Road, Hi-Tech Zone, Xi'an, 710065, Shaanxi Province, People's Republic of China. Please specify to whom your correspondence should be directed. The Secretary will promptly forward all correspondence to the Board or any specific committee member, as indicated in the correspondence, except for junk mail, mass mailings, job inquiries, surveys, business solicitations or advertisements, or patently

offensive or otherwise inappropriate material. The Secretary may forward certain correspondence, such as product-related or service-related inquiries, elsewhere within the Company for review and possible response.

Director Attendance at Annual Meetings of Stockholders

We make every effort to schedule our annual meeting of stockholders at a time and date to accommodate attendance by directors taking into account the directors' schedules. Directors are encouraged, but not required, to attend our annual meetings of stockholders.

Code of Ethics

Our Board has adopted a Code of Ethics that applies to all officers, directors and employees of our Company. A copy of our Code of Ethics is available in the Investor Relations area of our website at www.naturalgaschina.com. Any substantive amendment or waiver of the Code of Ethics may be made only by the Board upon a recommendation of the Audit Committee, and will be disclosed on our website.

Board Leadership Structure and Role in Risk Management

Our Board may select either a combined Chief Executive Officer and Chairman or a Chairman who does not also serve as Chief Executive Officer. Currently, our Chief Executive Officer also serves as Chairman. The Board believes this leadership structure is best for the Company at the current time because it provides the Company with a Chief Executive Officer and our Board with a Chairman who has more than 20 years experience in the energy and petroleum industries in the People's Republic of China, in operational, administrative, management and government relations roles. The Board also believes that the current leadership structure achieves independent oversight and management accountability through executive sessions of the independent directors and through a Board composed of a majority of independent directors. We do not have a designated lead independent director, instead allowing our independent directors as a group the ability to choose who among them is best suited to serve as chairman of each executive session.

The Board is actively involved in oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, as disclosed in the descriptions of each of the committees above, but the full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

Further, the Board continually evaluates its oversight role, the Company's internal controls and management accountability to determine whether changes to its role or Company policies or procedures are appropriate. For example, as disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, filed with the SEC on March 14, 2011, during management's evaluation of the effectiveness of the Company's internal control over financial reporting, management identified certain material weaknesses in the Company's internal control over financial reporting. In response to the identified material weaknesses and to strengthen the Company's internal control over financial reporting, the Company has taken certain remediation initiatives, including the following remediation initiatives that reflect the exercise, as well as an expansion, of the Board and the Audit Committee oversight responsibilities:

the Board and the Audit Committee held meetings promptly after being notified of the material weaknesses in internal controls to address such weaknesses, and determined to meet regularly specifically for the purpose of monitoring and discussing with management the remediation of such weaknesses; and the Board and the Audit Committee adopted a written internal authorization policy establishing approval procedures for various corporate actions. The policy lists various operational, administrative and financial corporate events and actions and, for each such event and action, identifies whether prior approval or discussion with particular executive officers, the Board or legal counsel is required. The policy also sets quantitative limits on specific types of transactions that management may approve without Board approval. After adopting such policy, the Audit Committee and Board discussed the policy with management.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Messrs. Leighton (Chair), Wang and Waung. There were no interlocks or insider participation between any member of the Board or Compensation Committee and any member of the board of directors or compensation committee of another company.

Compensation Policies and Risk Management

We do not believe that risks arising from our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on the Company.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Discussion and Analysis provides an overview and analysis of our compensation programs, the compensation decisions we have made under those programs and the factors we considered in making those decisions.

Later in this section, under the heading *Additional Information Regarding Executive Compensation*, we include a series of tables containing specific information about the compensation earned by the following individuals in 2010, whom we refer to as our named executive officers:

Qinan Ji, Chairman of the Board of Directors since 2005 and Chief Executive Officer since May 2006;

Bode Xu, current Chief Financial Officer since December 20, 2010;

David She, former acting Chief Financial Officer, who held this office from February 1, 2010 until December 8, 2010, until he was replaced by Bode Xu; and

Veronica Chen, former Chief Financial Officer, who held this office from May 1, 2009 until January 31, 2010, when she was replaced by David She.

This discussion is intended to help you understand the detailed information provided in the tables and to put that information into the context of our overall compensation program.

Overview

This Compensation Discussion and Analysis describes the material elements of compensation awarded to, earned by, or paid to our Chief Executive Officer and Chief Financial Officer (collectively the *named executive officers*). This Compensation Discussion and Analysis focuses on the information contained in the below tables and narrative discussion. The Compensation Committee of the Board oversees the design and administration of our executive compensation program.

Compensation Philosophy and Objectives

We believe executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. We also believe that the compensation cost for our employees is an investment in human capital to secure certain knowledge and performance capabilities necessary for our business.

The objectives of our executive compensation program are to recruit, hire, retain, motivate and reward the most talented and dedicated executives possible. In determining what constitutes appropriate and competitive compensation for each named executive officer, our Compensation Committee takes into account many factors, including: the total portfolio of responsibilities assumed by the executive officer; the skills, knowledge, experience and competencies required for the position; internal comparability of a position as compared to other similar positions within our Company; our desire to pay at market or competitive levels based on current economic and business factors, including regional and industry-wide compensation practices and trends; individual performance; and contributions to the financial performance of the Company by the executive officer. Our Compensation Committee also considers factors of corporate performance including our sales, revenue, income from operations and income before income tax, as well as the current overall economic situation when setting compensation levels.

Our compensation program is designed to reward named executive officers for their contributions to our growth and profitability.

Compensation Committee's Processes and Procedures for Consideration and Determination of Executive and Director Compensation

The Board has delegated authority to the Compensation Committee to review and make recommendations with respect to compensation matters and oversee all of our compensation policies and procedures, including the administration and interpretation of our 2009 Employee Stock Option and Stock Award Plan and director compensation, but the Board has retained the authority to approve and take final action on all executive compensation awards. The Board has delegated to Mr. Ji the authority to make grants of options under our

2009 Employee Stock Option and Stock Award Plan to non-officer level employees, subject to final approval by the Compensation Committee. The Compensation Committee and Mr. Ji have not been empowered by the Board to delegate the authority granted to them with respect to compensation matters to other persons.

At the beginning of each fiscal year, our Compensation Committee reviews our compensation program to assess the adequacy and competitiveness of our compensation programs and to determine whether any adjustments should be made to the program as a whole or with respect to particular executive officers, taking into the account the factors described above as well as changes in job responsibility and any fluctuations in cost of living. In connection with this review and determination, the Compensation Committee solicits appropriate input from Mr. Ji, our Chairman and Chief Executive Officer, regarding base salary and other forms of compensation for our other executive officers. Mr.

Ji makes recommendations to the Compensation Committee based upon his annual performance review and consultation with each other executive officer. The Compensation Committee aims to make final recommendations with respect to any adjustments prior to the end of the first quarter.

Neither the Compensation Committee nor management has engaged the services of a compensation consultant in determining or recommending the amount or form of executive or director compensation.

Elements of Compensation

The Compensation Committee is committed to a strong, positive link between our short-term and long-term objectives and our compensation practices. The executive compensation program for our named executive officers is intended to be composed of three basic components: base salary, discretionary bonus and long-term incentive compensation in the form of stock options.

Base Salary

Base salary compensation for our named executive officers is generally established by the terms of employment agreements between the Company and the named executive officer. The level of base salary is intended to provide appropriate base pay to our named executive officers taking into account their responsibilities, level of experience, individual performance and internal equity considerations. The Compensation Committee takes into account both

Company and individual performance in setting base salary levels. The Company has recognized that to attract talented employees from secure positions at other more stable or mature companies, we must be able to pay competitive base salaries (while also supplementing the salaries with cash and equity incentive compensation). The

Compensation Committee annually reviews the salaries of our named executive officers. Our Compensation Committee believes that any increases in base salary should be based upon a favorable evaluation of individual performance, which is evaluated by assessing factors such as the functioning of that executive's team within the corporate structure, success in furthering the corporate strategy and goals and individual management skills, responsibilities and anticipated workload.

Bonus

Bonuses and eligibility for a discretionary bonus are also established by the terms of employment agreements between the Company and the named executive officer, although the Compensation Committee may award a discretionary bonus to any named executive officers to reward outstanding personal achievement during the year. The actual amount of discretionary bonus paid is determined following a review of each executive's individual performance and contribution to our short-term strategic goals as well as the Company's performance and achievement of such goals, but is not tied to pre-established individual or Company performance criteria. Bonuses other than discretionary bonuses are payable upon a term of service and, therefore, incentivize continued employment with the Company.

Pursuant to his employment agreement, Mr. Ji was entitled to receive, and did receive, a bonus of \$60,000 upon completing 12 months of service to the Company in February 2011. Mr. Ji was the only named executive officer that received a bonus for services performed in 2010.

Long-Term Incentive Compensation Stock Options

We intend to utilize stock options as the primary vehicle for payment of long-term compensation to our named executive officers over the next several years. Our 2009 Employee Stock Option and Stock Award Plan authorizes the Compensation Committee to grant stock options to our named executive officers with time-based vesting or vesting based on achievement of performance conditions, including goals related to profits or

loss, revenue or profit growth or loss reduction, profit or loss related return ratios, other balance sheet or income statement targets or ratios, market share, project completion, operational or productivity efficiency gains, cash flow, share price appreciation or total stockholder return. Such goals may be stated in absolute terms or relative to comparison companies.

The Compensation Committee believes that stock options are a necessary part of compensation packages granted to named executive officers because it believes: they help attract and retain employees; the value received by the recipient of a stock option is based on the growth of our stock price, thereby creating and enhancing incentives to increase our stock price and maximize stockholder value; and they create a balance with shorter term incentives such as base salary and bonuses.

In determining the number and vesting schedule or vesting schedule of stock options granted to named executive officers and other employees, the Compensation Committee will generally take into account the individual's position, tenure with the Company, scope of responsibility, value of stock options in relation to the other elements of the individual's total compensation and, where applicable, the need to attract and retain the individual for his or her current position. The Compensation Committee makes its determination of whether to grant stock options during its annual review of our compensation programs as well as at the time a new executive officer is hired.

In 2010, Mr. She, our former acting Chief Financial Officer, received options underlying 87,600 shares of our common stock. Mr. She exercised 21,900 of his options on May 20, 2010. The remaining 65,700 options were forfeited by Mr. She when he resigned as acting Chief Financial Officer effective December 8, 2010, which was prior to the initial vesting date of such options.

Tax and Accounting Information

For 2010 and continuing thereafter, the Compensation Committee has considered and will continue to consider the impact of the requirement under Financial Accounting Standards Board, Accounting Standards Codification, Topic 718, *Compensation-Stock Compensation* (*FASB ASC Topic 718*), that we record as an expense in our financial statements, at the time stock options are granted, the fair value of the options over their vesting period. In addition, the Compensation Committee will examine the tax impact on employees and the potential tax deductions to the Company with respect to the exercise of stock option grants. However, although it will consider the tax implications of its compensation decisions, the Compensation Committee believes its primary focus should be to attract, retain and motivate high caliber executives and to align the executives' interests with those of our stockholders. We do not pay or reimburse any named executive officers for any taxes due upon exercise of a stock option.

Compensation Committee Report

We have reviewed and discussed with management the Compensation Discussion and Analysis contained in this proxy statement. Based on such review and discussion, we recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

PROPOSAL 2

Independent Registered Public Accounting Firm

The Audit Committee has appointed Friedman LLP, to serve as our independent registered public accounting firm, to audit our consolidated financial statements and the effectiveness of our internal control over financial reporting for the current year. Representatives of Friedman LLP are expected to be available by phone at the meeting of stockholders and will be given an opportunity to make a statement if they so desire. They are expected to be available by phone to respond to appropriate questions.

We are asking our stockholders to ratify the selection of Friedman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Although ratification is not required by our By-laws or otherwise, the Board is submitting the selection of Friedman LLP to our stockholders for ratification because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate practice. In the event that our stockholders fail to ratify the selection, it will be considered as a direction to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Historical Background

Friedman LLP (Friedman) audited our consolidated financial statements for the fiscal year ended December 31, 2010. On December 6, 2010, the Company engaged Friedman as its independent registered public accounting firm for the fiscal year ended December 31, 2010. The engagement of Friedman by the Company was approved by the Company's Audit Committee. Friedman replaced Frazer Frost, LLP (Frazer Frost), who resigned as the Company's independent registered public accounting firm on December 6, 2010.

The report of Frazer Frost on the Company's consolidated financial statements for the year ended December 31, 2009 did not contain an adverse opinion or disclaimer of opinion, and its report was not qualified or modified as to uncertainty, audit scope, or accounting principles. The report of Moore Stephens Wurth Frazer and Torbet, LLP (MSWFT), the predecessor entity to Frazer Frost, on the Company's consolidated financial statements for the year ended December 31, 2008 also did not contain an adverse opinion or disclaimer of opinion, and its report was not qualified or modified as to uncertainty, audit scope, or accounting principles. Prior to January 1, 2010, MSWFT was engaged to audit the Company's consolidated financial statements. On January 6, 2010, the Company was notified that, effective January 1, 2010, certain partners of MSWFT and Frost, PLLC (Frost) formed Frazer Frost, a new partnership. Pursuant to the terms of a combination agreement by and among MSWFT, Frazer Frost and Frost, each of MSWFT and Frost contributed all of their assets and certain of their liabilities to Frazer Frost, resulting in Frazer Frost assuming MSWFT's engagement letter with the Company and becoming the Company's independent accounting firm on January 1, 2010.

During the years ended December 31, 2009 and December 31, 2008 and the subsequent interim period from January 1, 2010 to December 6, 2010, the Company did not have any disagreements with Frazer Frost or MSWFT on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Frazer Frost or MSWFT, as applicable, would have caused either accounting firm to make reference to the subject matter of the disagreements in its respective report on the Company's consolidated financial statements for these years; and there were no reportable events, as defined in Item 304(a)(1)(v)

These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services. The independent registered public accounting firm and management are required to periodically report to our Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval. None of the services related to Audit-Related Fees, Tax Fees or All Other Fees described above were approved by our Audit Committee pursuant to a waiver of pre-approval provisions set forth in applicable rules of the SEC.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee has policies and procedures regarding the pre-approval of the performance by Friedman LLP of audit and non-audit services. RECOMMENDATION OF THE BOARD OF DIRECTORS

PROPOSAL 3

NON-BINDING ADVISORY VOTE TO APPROVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to the rules of the SEC, we are asking you to approve the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis and any related material contained in this proxy statement. This proposal, commonly known as a Say-on-Pay proposal, gives you as a stockholder the opportunity to endorse or not endorse our executive compensation programs and policies.

As discussed in our Compensation Discussion and Analysis, our executive compensation program is designed to reward named executive officers for their contributions to our growth and profitability. The objectives of our executive compensation program are to recruit, hire, retain, motivate and reward the most talented and dedicated executives possible. We believe executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. We also believe that the compensation cost for our employees is an investment in human capital to secure certain knowledge and performance capabilities necessary for our business.

Under the SEC rules, your vote is advisory and will not be binding upon the Company or the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADOPTION OF PROPOSAL 3.

PROPOSAL 4

NON-BINDING ADVISORY VOTE ON THE FREQUENCY OF STOCKHOLDER ADVISORY VOTES TO APPROVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to rules of the SEC, we are including this proposal to enable our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal 3 included in this proxy statement. By voting on this proposal, stockholders may indicate whether they would prefer an advisory vote on named executive compensation once every one, two or three years, or they may abstain from voting. We ask that you support a frequency period of every three years (a triennial vote) for future non-binding advisory stockholder votes on compensation of our named executive officers.

We intend to continue to implement our executive compensation program to support long-term value creation, and a triennial vote will allow stockholders to judge any future executive compensation programs in relation to our long-term performance. One of the core principles of our executive compensation programs that we have implemented is to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation. Accordingly, we will implement grant awards with multi-year performance and service periods to encourage our named executive officers to focus on long-term performance. We recommend a triennial vote that would allow our executive compensation programs to be evaluated over a time frame and in relation to our long-term performance.

Additionally, a triennial vote will provide us with the time to thoughtfully respond to the views of our stockholders and implement any necessary changes. We will carefully review changes to our executive compensation programs to ensure that the program appropriately aligns our named executive officers' interests with the long-term interests of our stockholders and to ensure that the program appropriately balances risk and reward. We therefore believe that a vote every three years is an appropriate frequency to provide sufficient time to thoughtfully consider stockholders' input and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement any decisions related to such changes.

The voting frequency option that receives the highest number of votes cast by stockholders will be the frequency for the non-binding advisory vote on executive compensation that has been selected by stockholders. However, because this vote is advisory and not binding on the Board or the Company in any way, the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS

A VOTE FOR THE ADOPTION OF PROPOSAL 4.

28

PROPOSAL 5

ADJOURNMENT OF THE MEETING, IF NECESSARY, TO SOLICIT ADDITIONAL PROXIES

If we determine that an adjournment of the meeting is appropriate for the purpose of soliciting additional proxies in favor of Proposal 1 or 2, such adjournment will be submitted for a stockholder vote. We will also use the discretionary authority conferred on our proxy holders by duly executed proxy cards to vote for any other matter as we determine to be appropriate.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR
ADJOURNMENT OF THE MEETING, IF NECESSARY IN THE JUDGMENT OF THE PROXY

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding our common stock but sharing the same address, we have adopted a procedure approved by the SEC called householding. Under this procedure, certain stockholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our Notice of Internet Availability of Proxy Materials and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single set of proxy materials as a result of householding, and you would like to have separate copies of our Notice of Internet Availability of Proxy Materials, Annual Report, or proxy statement mailed to you, please submit a request to our Secretary, or call our Secretary at +86-29-8832-7391, and we will promptly send you what you have requested. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials for purposes of this year's annual meeting, you should follow the instructions included in the Notice of Internet Availability of Proxy Materials that was sent to you. You can also contact our Secretary at the phone number above if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.
