Edgar Filing: MULTIMEDIA GAMES INC - Form 8-K

Item 2.02. Results of Operation and Financial Condition.

On August 8, 2006, Multimedia Games, Inc. (the "Registrant") issued a press release announcing its third-quarter fiscal year 2006 results, and on the same date held a related conference call to discuss these results. The full text of the press release issued in connection with the announcement, and the related conference call transcript are attached to this Current Report on Form 8-K as Exhibit Nos. 99.1 and 99.2, respectively. The August 8, 2006 press release and the conference call transcript contain forward-looking statements regarding the Registrant, and include cautionary statements identifying important factors that could cause actual results to differ materially from those anticipated.

Use of Non-GAAP Financial Information

The Registrant uses the non-GAAP measure of EBITDA in its earnings releases. EBITDA is defined as earnings before interest, taxes, amortization, depreciation, and accretion of contract rights. Beginning in the period ending September 30, 2005, accretion of contract rights has been added to the calculation of EBITDA. Prior periods have been adjusted to reflect this change. Although EBITDA is not a measure of performance calculated in accordance with generally accepted accounting principles ("GAAP"), the Registrant believes the use of the non-GAAP financial measure EBITDA enhances an overall understanding of the Registrant's past financial performance, and provides useful information to the investor because of its historical use by the Registrant as a performance measure, and the use of EBITDA by virtually all companies in the gaming equipment sector as a measure of performance. However, investors should not consider this measure in isolation or as a substitute for net income, operating income, or any other measure for determining the Registrant's operating performance that is calculated in accordance with GAAP. In addition, because EBITDA is not calculated in accordance with GAAP, it may not necessarily be comparable to similarly titled measures employed by other companies. The Registrant has included a reconciliation of EBITDA to the most comparable GAAP financial measure, net income, in the attached press release.

The information in this Current Report on Form 8-K, including Exhibits 99.1 and 99.2, shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
