Forward-Looking Statements

This Current Report on Form 8-K includes statements that are not historical or current facts and are “forward-looking statements” made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The words “believe,” “anticipate,” “project,” “plan,” “expect,” “intend,” “will likely result,” “looking forward” or “will continue,” and other expressions identify forward-looking statements. These statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical earnings and those presently anticipated or projected, including, among other risks and uncertainties, the possibility that the Company will experience severe losses or liquidity needs due to increased deterioration in its insurance portfolios and in particular, due to the performance of collateralized debt obligations including multi-sector, commercial mortgage backed security and commercial real estate collateralized debt obligations, and residential mortgage backed securities, uncertainty regarding whether the Company will realize, or will be delayed in realizing, insurance loss recoveries expected in disputes with sellers/servicers of residential mortgage backed securities transactions at the levels recorded in its financial statements, the possibility that loss reserve estimates are not adequate to cover potential claims, the Company’s ability to access capital and the Company’s exposure to significant fluctuations in liquidity and asset values within the global credit markets, in particular in the asset/liability management business, the Company’s ability to fully implement its strategic plan, including its ability to achieve high stable ratings for National Public Finance Guarantee Corporation or any other insurance subsidiaries, the Company’s ability to commute certain of its insured exposures, including as a result of limited available liquidity, the Company’s ability to favorably resolve litigation claims against the Company, and changes in general economic and competitive conditions. These and other factors that could affect financial performance or could cause actual results to differ materially from estimates contained in or underlying the Company’s forward-looking statements are discussed under the “Risk Factors” section in MBIA Inc.’s most recent Annual Report on Form 10-K, which may be updated or amended in the Company’s subsequent filings with the Securities and Exchange Commission. The Company cautions readers not to place undue reliance on any such forward-looking statements, which speak only to their respective dates. The Company undertakes no obligation to publicly correct or update any forward-looking statement if it later becomes aware that such result is not likely to be achieved.
