Unaudited Pro Forma Consolidated Financial Information

As reported in our Current Report on Form 8-K filed on December 23, 2009, on December 10, 2009, Miller Petroleum, Inc. acquired 100% of the membership interests in Cook Inlet Energy, LLC (CIE), an Alaska limited liability company, from the owners of this entity. CIE, a newly formed entity, was created to acquire the assets of Pacific Energy Alaska Operating LLC and Pacific Energy Alaska Holdings, LLC from a Chapter 11 U.S. bankruptcy filing. In addition, on December 10, 2009 following the transaction in which we acquired CIE, CIE acquired a certain portion of the Alaskan oil and gas assets from Pacific Energy Alaska Operating LLC and Pacific Energy Alaska Holdings, LLC through a Chapter 11 U.S. bankruptcy proceeding in Delaware.

As a result that a) these assets and liabilities were acquired through bankruptcy and via the newly formed CIE, b) these oil and gas producing assets were not operational for several months prior to the acquisition, c) these assets were consolidated in, as they were part of a larger enterprise and d) accounting records were not adequately maintained by Pacific Energy Alaska Operating LLC and Pacific Energy Alaska Holdings, we were not able to carve out historical operational results on these specified assets. Therefore, the resulting assets and liabilities were deemed not to have been a separate business for purposes of preparing pro forma financials with historical results for the past year and / or related stub period. A pro forma balance sheet has been presented only to reflect the acquisition.

The following unaudited pro forma condensed consolidated financial statements are based on the October 31, 2009 historical financial statements of Miller Petroleum, Inc., and fair value of the Alaska subsidiary, CIE as of the December 10, 2009 acquisition date.

The pro forma information includes adjustments to record the assets and liabilities of CIE at their estimated fair market values on the date of acquisition. The pro forma financial information below is presented for illustrative purposes only under one set of assumptions and does not reflect the financial results of the combined companies as of a common balance sheet date, and, as such, are subject to adjustment on the next 10-K SEC filing as of April 30, 2010.

These pro forma financial statements should be read in conjunction with the audited historical financial statements of Miller Petroleum, Inc.
