Annual Meeting of Shareholders

May 1, 2007

PROXY STATEMENT

GENERAL INFORMATION

Proxy Solicitation

Edgar Filing: SHENANDOAH TELECOMMUNICATIONS CO/VA/ - Form DEF 14A

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Shenandoah Telecommunications Company for use at Shenandoah Telecommunications Company's 2007 annual meeting of shareholders to be held in the auditorium of the Company's offices at 500 Shentel Way, Edinburg, Virginia, on Tuesday, May 1, 2007, at 11:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

The Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by use of the mails, officers and other employees of the Company may solicit proxies by personal interview, telephone, e-mail and telegram. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. The Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

A list of shareholders entitled to vote at the annual meeting will be open to the examination of any shareholder, for any purpose germane to the meeting, during ordinary business hours for a period of ten days before the meeting at the Company's offices at 500 Shentel Way, Edinburg, Virginia 22824, and at the time and place of the meeting during the whole time of the meeting.

This proxy statement and the enclosed proxy card are first being mailed to the Company's shareholders on or about March 27, 2007.

Voting and Revocability of Proxies

A proxy for use at the annual meeting and a return postage-paid envelope are enclosed.

Shares of the Company's common stock represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in such proxy. If no instructions are indicated, such shares will be voted **FOR** the election of the four director nominees to the Company's board of directors. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any other matter is properly presented at the annual meeting for action, including a proposal to adjourn or postpone the annual meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the accompanying proxy will vote on such matter in their own discretion.

A shareholder executing a proxy card may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to the Company's Secretary, by subsequently filing another proxy bearing a later date or by attending the annual meeting and voting in person. Attending the annual meeting will not automatically revoke the shareholder's proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary.

Voting Procedure

All holders of record of the common stock at the close of business on March 20, 2007 will be eligible to vote at the annual meeting. Each holder of common stock is entitled to one vote at the annual meeting for each share held by such shareholder. As of March 20, 2007, there were 7,772,533 shares of common stock outstanding.

A majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. Votes cast in person or by proxy at the annual meeting will be tabulated by the inspectors of election appointed for the annual meeting, who will determine whether or not a quorum is present. Abstentions and any broker non-votes, which are described below, will be counted for purposes of determining the presence of a quorum at the annual meeting.

The election of directors requires a plurality of the votes cast for the election of directors. Accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving the highest number of votes in favor of their election. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Broker-dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically include the election of directors, when they have not received instructions from the customer. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a

broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no

2

instruction is given. A broker non-vote will not affect whether any proposal to be acted upon at the annual meeting is approved.

Annual Report to Shareholders

A copy of the Company's annual report to shareholders for the year ended December 31, 2006 accompanies this proxy statement. The Company is required to file an annual report on Form 10-K for the year ended December 31, 2006 with the SEC. Shareholders may obtain, free of charge, a copy of the 2006 Form 10-K, without exhibits, by writing to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary. The annual report on Form 10-K is also available through the Company's website at www.shentel.com. The annual report to shareholders and the Form 10-K are not proxy soliciting materials.

Important Notice Regarding Delivery of Shareholder Documents

If you and other residents at your mailing address own common stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report to shareholders and proxy statement for each company in which you hold shares through that broker or bank. This practice of sending only one copy of an annual report to shareholders and proxy statement is known as "householding." If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of our annual report to shareholders and proxy statement to your address. If you did not receive an individual copy of our annual report to shareholders or this proxy statement, and wish to do so, the Company will send a copy to you if you address your written request to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary, or call us at 540-984-5200. If you are receiving multiple copies of our annual report to shareholders and proxy statement, you can request householding by contacting our corporate secretary in the same manner.

ELECTION OF DIRECTORS

Nominees for Election as Directors

The Company's articles of incorporation provide that the board of directors is to be divided into three classes of directors, with the classes to be as nearly equal in number as possible. The terms of office of the three current classes of directors expire at this annual meeting, at the annual meeting of shareholders in 2008 and at the annual meeting of shareholders in 2009, respectively. Upon the expiration of the term of office of each class, the nominees for such class will be elected for a term of three years to succeed the directors whose terms of office expire.

All four nominees were nominated for election by the board of directors and recommended for nomination by the nominating committee, which consists of Mr. Arthur, Mr. Burch, Mr. Lam, and Mr. Zerkel. Ms. St. John was recommended to the nominating committee as a director candidate by Mr. French.

Approval of Nominees

Approval of the nominees requires the affirmative vote of a plurality of the votes cast at the annual meeting. Unless authority to do so is withheld, it is the intention of the persons named in the proxy to vote such proxy **FOR** the election of each of the nominees. In the event that any nominee should become unable or unwilling to serve as a director, the persons named in the proxy intend to vote for the election of such substitute nominee for director as the board of directors may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

The board of directors unanimously recommends that the shareholders of the Company vote FOR the election of the nominees to serve as directors.

Board of Directors and Committees of the Board of Directors

The board of directors has determined that with the exception of Christopher E. French, each of the incumbent directors and the director nominee is or (in the case

9

of such nominee) will be an independent director, as that term is defined in Nasdaq Marketplace Rule 4200(a)(15).

The board of directors welcomes communications from its shareholders, and has adopted a procedure for receiving and addressing those communications. Shareholders may send written communications to either the full board of directors or the non-management directors as a group by writing to the board of directors or the non-management directors at the following address: Board of Directors/Non-Management Directors, Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary. Communications by e-mail should be addressed to corpsec@shentel.net and marked Attention: Corporate Secretary in the Subject field. The Secretary will review and forward all shareholder communications to the intended recipient, except for those shareholder communications that are outside the scope of board matters or duplicative of other communications by the applicable shareholder previously forwarded to the intended recipient.

The board of directors held 18 meetings during 2006. During 2006, each director attended at least 75% of the aggregate of the total number of meetings of the board of directors and of each committee of the board of directors on which such director served.

All of the Company's directors serving on the board of directors at that time attended the Company's annual meeting of shareholders in 2006. The board of directors has adopted a policy that all directors should attend the annual meeting of shareholders.

The board of directors currently has a standing audit committee, a standing personnel committee, and a standing nominating committee.

The audit committee, which held ten meetings during 2006, consists of Mr. Lam, who is the Chairman, Ms. St. John, Mr. Arthur, and Mr. Truban. The board of directors has determined that each current audit committee member meets the independence requirements applicable to audit committee members under the Nasdaq Marketplace Rules and rules of the SEC. The board of directors has determined that Mr. Lam and Ms. St. John are audit committee financial experts, as such term is defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC, and are independent of management. The audit committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing the Company's independent auditors, pre-approving all audit and non-audit services by the independent auditors, reviewing the scope of the audit plan and the results of each audit with management and the independent auditors, reviewing the adequacy of the Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in the Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to the Company's code of conduct and other policies and procedures regarding adherence with legal requirements. The audit committee's duties are set forth in the committee's charter, which was last amended on February 9, 2004. A copy of the charter is available on the Company's website at www.shentel.com.

The personnel committee, which held five meetings during 2006, consists of Mr. Zerkel, who is the Chairman, Dr. Fitzsimmons and Mr. Koontz. The personnel committee is responsible, among its other duties, for considering and making recommendations to the board of directors with respect to programs for human resource development and management organization and succession, for considering and making recommendations to the board of directors with respect to compensation

10

matters and policies and the Company's employee benefit and incentive plans, including the Company's stock incentive plans, and for administering such plans. In accordance with the Nasdaq Marketplace Rules, the compensation of the chief executive officer and the Company's other executive officers is determined by the board of directors upon the recommendation of a majority of the directors who meet the independence requirements prescribed by the Nasdaq Marketplace Rules.

The nominating committee, which held two meetings during 2006, consists of Mr. Arthur, who is the Chairman, Mr. Burch, Mr. Lam and Mr. Zerkel, all of whom meet the independence requirements prescribed by the Nasdaq Marketplace Rules. The committee is responsible for recommending candidates for election to the board of directors for approval and nomination by the board of directors. The committee is also responsible for making recommendations to the board of directors or otherwise acting with respect to corporate governance matters, including board size and membership qualifications, new director orientation, committee structure and membership, non-employee director compensation, communications with shareholders, and board and committee self-evaluations. The charter of the nominating committee is available on the Company's website at www.shentel.com.

Director Nomination Process

The board of directors has, by resolution, adopted a director nominations policy. The purpose of the nominations policy is to describe the process by which candidates for possible inclusion in the Company's recommended slate of director nominees are selected. The nominations policy is administered by the nominating committee of the board of directors.

The board of directors does not currently prescribe any minimum qualifications for director candidates. Consistent with the criteria for the selection of directors approved by the board of directors, the nominating committee will take into account the Company's current needs and the qualities needed for board service, including experience and achievement in business, finance, technology or other areas relevant to the Company's activities; reputation, ethical character and maturity of judgment; diversity of viewpoints, backgrounds and experiences; absence of conflicts of interest that might impede the proper performance of the responsibilities of a director; independence under SEC and Nasdaq Marketplace Rules; service on other boards of directors; sufficient time to devote to board matters; and ability to work effectively and collegially with other board members. In the case of incumbent directors whose terms of office are set to expire, the nominating committee will review such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any transactions of such directors with the Company during their term. For those potential new director candidates who appear upon first consideration to meet the board's selection criteria, the nominating committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates.

The nominating committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, the Company's advisors, and executive search firms. The nominating committee will consider director candidates recommended by shareholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. In making recommendations for director nominees for the annual meeting of shareholders, the nominating committee will consider any written recommendations of director candidates by shareholders.

11

received by the Secretary of the Company not later than 120 days before the anniversary of the previous year's annual meeting of shareholders. Recommendations must include the candidate's name and contact information and a statement of the candidate's background and qualifications, and must be mailed to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary.

The nominations policy is intended to provide a flexible set of guidelines for the effective functioning of the Company's director nominations process. The nominating committee intends to review the nominations policy at least annually and anticipates that modifications may be necessary from time to time as the Company's needs and circumstances evolve, and as applicable legal or listing standards change. The nominating committee may amend the nominations policy at any time, in which case the most current version will be available on the Company's website at www.shentel.com.

Directors with 18 years of service are eligible for a three year director emeritus position upon retirement from the board. Emeritus directors are eligible to receive payments of \$1,000 per month. Amounts shown under all other compensation in the table above reflect amounts accrued for this benefit for currently active directors, and amounts paid for the one director who retired during 2006. Three other retired directors currently receive payments as emeritus directors.

EXECUTIVE COMPENSATION

Compensation Discussion And Analysis

The primary objective of the Company's executive compensation program is to enable the Company to attract and retain executives with the requisite skills and knowledge to support the attainment of the Company's strategic business objectives. A secondary objective of the program is to provide incentives and rewards for accomplishment of specific objectives and attainment of operational goals.

The compensation program rewards the executives for the knowledge and skills they bring to the Company, for carrying out their responsibilities, for the achievement of various short-term performance objectives (many of which are particular to an individual officer) such as improvements in sales/revenue/customer growth levels, customer turnover or churn, reductions in service complaints, deployment of new technologies, and for growth in shareholder value.

The Company's compensation program consists primarily of a base salary, annual bonuses, long-term incentives primarily in the form of stock option compensation, and retirement compensation.

The Company also provides various benefit programs to executive officers and to other employees. The following table generally identifies such benefit plans and identifies those employees who may be eligible to participate:

<u>Benefit Plan</u>	<u>Executive Officers</u>	<u>Full-time Employees</u>

- (1) All full-time employees meeting certain eligibility requirements are eligible to participate in these plans on essentially the same terms (except for certain differences resulting from differences in annual base compensation). The annual incentive plan provides increasing target percentages of base pay for higher level employees.
- (2) During 2006, the Company announced its intention to freeze future benefit accruals under the defined benefit pension plan and supplemental executive retirement plan effective January 31, 2007. To replace the lost benefits, the Company also announced an increase in its contributions to the 401(k) Plan, and its intention to establish a defined contribution deferred compensation plan to replace the supplemental executive retirement plan. Only certain executive officers (as selected by the board of directors) are eligible to participate in the supplemental executive retirement plan. The Company anticipates that its future contributions to the defined contribution plans will be approximately equal to its historic accruals under the defined benefit pension plan and supplemental executive retirement plan.

The Company further believes that perquisites for executive officers should be extremely limited in scope and value, and has historically provided few perquisites. The following table lists the perquisites we do and do not offer, and which employees are eligible to receive them:

<u>Type of Perquisites</u>	<u>Executive Officers</u>	<u>Full-time Employees</u>

- (1) All employees are eligible for telephone service discounts, low cost cell phone service for themselves and for discounts on cell phone service for family members.
- (2) The Company encourages the spouses of executive officers and certain employees to accompany them to certain Company sponsored events (such as industry association conventions and conferences). The Company will reimburse the executive or employee for the cost of the spouse's travel and expenses, and adds such reimbursements to taxable pay for W-2 purposes. The Company does not gross up pay to cover the taxes on such reimbursements.
- (3) The Company does not own, lease, or use private aircraft.
- (4) The Company does, under certain circumstances, provide hiring/relocation bonuses to newly hired employees and executive officers that may, in whole or in part, be used for temporary living expenses.

Base Salaries

Base salaries reflect the day to day performance of the executive in directing and managing the efforts of the company or the business unit the executive is responsible for. Base salaries are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the executive, and the competitive marketplace for executive talent. Base salaries are reviewed annually by the Personnel Committee, taking into consideration such factors as individual performance and responsibilities. Comparisons to base salaries for comparable positions at public companies considered to be peers of the Company are also taken into consideration.

Annual Incentive Bonuses

Annual bonuses focus the executive's energy onto areas deemed to be in need of improved performance. Annual bonuses are determined as a percentage of base salary. Target bonuses for executives in recent years have generally been 30% of salary for the chief executive officer, 25% of salary for the executive vice president, and 20% of salary for other executive officers. Each officer can earn up to 200% of the target bonus for exceeding all of the goals and objectives reflected in a given year's plan. Annual bonuses are generally based upon the achievement of a combination of company-wide performance goals (generally 60% of the bonus) as well as individual objectives (generally 40% of the bonus) established by management or, in the case of the chief executive officer and chief financial officer, the independent directors. For 2006, due to uncertainties concerning the timing and impact of any potential transaction regarding the Company's PCS segment, individual objectives were replaced by a subjective component to be determined by the board of directors for the chief executive officer and chief financial officer, and by the chief executive officer for all other executive officers.

Long-term Stock Option Based Compensation

Long-term stock option based compensation focuses each of the executives on the overall impact of their decisions on the Company as a whole, as well as over a longer time frame than that encompassed by annual bonuses. It also serves to align the executives' interest more closely to those of the Company's stockholders by allowing the executives to directly benefit from increases in the value of the company. Long-term stock compensation awards granted annually (to executives having two or more years of service as of the end of the fiscal year prior to the grant date

of the stock compensation award) under the Company's Stock Incentive Plan were based on the executives' base compensation, at a rate in recent years of 8 shares per \$1,000 of

15

base salary. The Company has also granted long-term stock compensation awards to newly hired executive officers; these typically are for a seven to ten year term and vest over a longer period than those granted annually. The Company made annual long-term stock compensation awards to all employees (having two or more years of service as of the end of the fiscal year prior to the grant date of the stock compensation award) on the same basis of 8 shares per thousand dollars of compensation. Annual long-term stock compensation awards are typically made shortly after the release of the Company's Annual Report on Form 10-K, are for a five year term, and vest over a two year period. Due to uncertainties concerning the timing and impact of any potential transaction regarding the Company's PCS segment, no long-term stock compensation awards were granted during 2006.

Retirement Compensation

Prior to January 2007, retirement compensation for executive officers had three components, the first two of which were essentially the same for all employees. First, essentially all full time employees were eligible to participate in the Company's defined contribution 401(k) plan. In this plan, employees are eligible to contribute from their compensation up to the maximum federal limit. The Company matches the first 4% contributed by all employees (at a rate of 100% on the first 2%, and 50% of the next 2%, of employee contributions). Second, after one year of employment with at least 1,000 hours worked, all employees were eligible to participate in the qualified defined benefit pension plan. This plan provided a defined level of retirement income after the employee completes five years of service, based upon age at retirement, years of service, and annual compensation up to the maximum federal limit. This benefit was fully paid for by the Company, and benefits payable under this plan were limited in several ways by IRS regulations and limitations. Finally, certain executive officers (as defined by the board of directors, including all named executive officers, and who also participate in the qualified defined benefit pension plan) were able to participate in the supplemental executive retirement plan. This plan was intended to help equalize retirement income as a percent of final compensation between the participating executives and other employees, and provided benefits that IRS regulations and limitations do not allow the qualified defined benefit pension plan to pay to higher compensated employees.

Effective January 1, 2007, the Company adopted a new Executive Supplemental Retirement Plan pursuant to which the Company would contribute an additional 7% of base pay into a non-qualified defined contribution plan on behalf of an executive. Contributions to the Executive Supplemental Retirement Plan are subject to a 10 year service requirement. Effective January 31, 2007, the Company froze benefit accruals under the qualified defined benefit pension plan and the old supplemental executive retirement plan, and announced that it would terminate these plans. Vested benefits accrued under the qualified pension plan could be annuitized, paid out in a lump sum, or transferred to another qualified plan such as an individual IRA account or the Company's defined contribution 401(k) plan. Vested benefits accrued under the supplemental plan are expected to be transferred to the Executive Supplemental Retirement Plan. Effective January 1, 2007, all employees would earn contributions of 5% of pay (base pay and commissions, where appropriate) into the defined contribution 401k plan (in addition to matching contributions as described above). These changes are being made to best balance the costs of the plans with the ability to offer flexible options to our employees in a changing workplace. The Company will continue to contribute towards its employees' and executives' retirement, but employees will have more control over how their funds are invested.

Retirement compensation, along with the long-term stock compensation, serves to retain the services of the executives over an extended period of time,

allowing the Company to continue to benefit from the executives' knowledge and skills, while reducing costs related to turnover. Retirement compensation, particularly through the supplemental retirement plan, also provides the Company with some flexibility to more readily attract senior executives.

The following tables present details about compensation paid or earned by the Company's Chief Executive Officer, Chief Financial Officer, and the next three most highly compensated executive officers:

- 1) No stock options were awarded to any executive officer or employee during 2006. Represents accrued compensation related to options awarded during 2004 and 2005, except for Mr. MacKenzie where it relates to options awarded in 2003. The 2004 option award was initially accounted for as a liability-classified award (until the awards for each of the officers named above was modified to an equity classified award as of June 30, 2006). As a liability classified award, the fair value of the award was recalculated using a Black-Scholes option pricing model each reporting period, and the change from the prior computation was recorded as compensation expense. For the 2005 awards, a Black-Scholes option pricing model was used to calculate the fair value of the awards at the date of grant of March 21, 2005, with the following inputs: exercise price of \$30.29; expected term of 3.5 years; volatility of 45.73%; and a discount rate of 4.3%. The 2005 awards vest 50% at the first anniversary of the date of grant, and 50% at the second anniversary. For the 2003 award to Mr. MacKenzie, the inputs to the Black-Scholes option pricing model were exercise price of \$22.01 (adjusted for the February, 2004 2-for-1 split), term of 10 years, volatility of 51.02%, and a discount rate of 3.18%. This award vests in 5 equal tranches, with the first tranche vesting at the third anniversary of the June 3, 2003 grant date, and again on each of the four following anniversaries. The 2004 and 2005 awards have a maximum life of 5 years, while Mr. MacKenzie's 2003 grant has a maximum 10 year life.
- 2) These amounts were earned for 2006 performance and paid in March, 2007.
- 3) These amounts primarily reflect the one-time change in discount rate, and certain other assumptions, resulting from the Company's decision, taken in November 2006, to freeze and settle these plans during 2007. Refer to footnote 9 to the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for additional details on the assumptions used in the valuation of the Company's retirement plans. Includes the change in the actuarial values under the Company's qualified and non-qualified defined benefit retirement plans of \$130,571 and \$237,092, respectively, for Mr. French; \$40,123 and \$262,476, respectively, for Mr. MacKenzie; \$217,721 and \$84,202, respectively, for Mr. Ferguson; \$64,637 and \$52,280, respectively, for Mr. Pirtle; and \$66,874 and \$68,044, respectively, for

Mr. MacDonald.

- 4) Represents matching contributions to the Company's 401(k) plan for each named officer, and for Mr. French and Mr. Ferguson, includes \$5,250 and \$5,469, respectively, in payouts for excess accumulated paid time off.

The Company's executive officers do not have employment agreements, and thus are not entitled to any additional benefits upon separation from the Company or following a change in control. The Company's retirement plans have not historically allowed for lump sum distributions except for de minimis amounts. Due to the Company's decision to freeze, settle and terminate the defined benefit pension plans in 2007, participants, including executive officers, may be eligible for lump-sum distributions of their accumulated, vested benefits. Vested stock options must be exercised before separation from the Company except in the case of retirement; unvested options at both separation and retirement are forfeited.

During 2006, the Company announced that, effective January 31, 2007, benefits under the pension plans described above would be frozen and the plans subsequently terminated. Vested benefits accrued under the qualified pension plan could be annuitized, paid out in a lump sum, or transferred to another qualified plan such as an individual IRA account or the Company's defined contribution 401(k) plan. Vested benefits accrued under the supplemental plan are expected to be transferred to a new supplemental defined contribution plan established in 2007, as previously described. No payments were made from either plan to any executive officer during 2006.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has appointed KPMG LLP as the Company’s independent registered public accounting firm for the Company’s fiscal year ending December 31, 2007.

Representatives of KPMG LLP are expected to attend the annual meeting, and will have the opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions from shareholders.

KPMG LLP served as the Company’s independent registered public accounting firm for the Company’s fiscal years ended December 31, 2005 and 2006. The following sets forth the aggregate fees billed by KPMG LLP to the Company for those fiscal years.

	<u>2005</u>	<u>2006</u>
Audit services	\$550,000	\$495,000
Audit-related services	13,000	141,000
Tax services	77,000	106,000
All other services		
	<hr/>	
Total	\$640,000	\$742,000
	<hr/>	

In making its appointment of KPMG LLP as the Company’s independent registered public accounting firm for the Company’s fiscal year ending December 31, 2007, the audit committee considered whether KPMG LLP’s provision of non-audit services is compatible with maintaining KPMG LLP’s independence.

Audit Fees

Audit services include services performed by KPMG LLP to comply with generally accepted auditing standards related to the audit of the Company’s consolidated financial statements and review of interim consolidated financial statements. The audit fees shown above for the 2005 and 2006 fiscal years were incurred principally for services rendered in connection with the Company’s consolidated audits, and included the audits of the Company’s internal control over financial reporting and limited quarterly review services.

Audit-Related Fees

Audit-related services include assurance and related services that are customarily performed by independent registered public accounting firms. Audit-related fees for both 2005 and 2006 include amounts incurred in connection with audits of the Company’s employee benefit plans, while the increase in audit related fees in 2006 primarily resulted from work related to potential transactions relating to the PCS subsidiary.

22

Tax Fees

Tax services include services performed by KPMG LLP's tax department, except those services related to the audit. The tax fees shown above for the 2005 and 2006 fiscal years were incurred in connection with the preparation of the Company's tax returns and corporate tax consultations.

All Other Fees

There were no other services provided by KPMG LLP which would be classified as all other fees for the 2005 and 2006 fiscal years.

Pre-Approval of Audit and Permissible Non-Audit Services

The audit committee is responsible for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. The audit committee, acting as a whole, pre-approves all audit and permissible non-audit services provided by such firm. For both types of pre-approval, the audit committee considers whether such services are consistent with the SEC's rules on auditor independence.

Report of the Audit Committee

The audit committee of the Company's board of directors is a standing committee composed of four non-employee directors who meet the independence and expertise requirements of the listing standards of the Nasdaq Stock Market.

During the fiscal year ended December 31, 2006, the audit committee reviewed with the Company's management, Goodman and Company who serves as the Company's internal auditors, and KPMG LLP the Company's independent registered public accounting firm, the scope of the annual audit and audit plans, the results of internal and external audit examinations, the evaluation of the Company's system of internal control, the quality of the Company's financial reporting, and the Company's process for legal and regulatory compliance. The audit committee also monitored the progress and results of the testing of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

Management is responsible for the Company's system of internal control, the financial statements and the financial reporting process, and the assessment of the effectiveness of internal control over financial reporting. KPMG LLP is responsible for performing an integrated audit and issuing reports on the following: (1) the Company's consolidated financial statements; (2) the Company's internal control over financial reporting; and (3) management's assessment of the effectiveness of the Company's internal control over financial reporting. As provided in its charter, the audit committee's responsibilities include monitoring and overseeing these processes.

Consistent with this oversight responsibility, KPMG LLP reports directly to the audit committee. The audit committee appointed KPMG LLP as the Company's independent registered public accounting firm and approved the firm's compensation.

The audit committee discussed with KPMG LLP the matters required to be discussed by the Nasdaq Stock Market, the Securities and Exchange Commission, the Public Company Accounting Oversight Board, and the American Institute of Certified Public Accountants' Statement on Auditing Standards No. 61, *Communication with Audit Committees*.
