TAT Technologies Reports Fourth Quarter 2008 Results

Thursday March 12 , 2009 15:00 pm ET

GEDERA, Israel, March. 12 /PRNewswire-FirstCall/ TAT Technologies Ltd. (NASDAQ: TATTF __News), reported today its results for the three and twelve month periods ended December 31, 2008.

TAT Technologies Ltd. (TAT), directly and through its subsidiaries, provides a variety of services and products to the aerospace industry, such as the manufacture, maintenance and repair of a broad range of heat transfer components (such as heat exchangers, pre-coolers and oil/fuel hydraulic coolers) used in mechanical and electronic systems on-board commercial, military and business aircraft; other environmental control and cooling systems and a variety of other electronic and mechanical aircraft accessories.

TAT announced net income of \$784,000 on revenues of \$31.1 million for the three months ended December 31, 2008 compared to net income of \$1.4 million on revenues of \$19.8 million for the three months ended December 31, 2007. For the twelve months ended December 31, 2008, TAT announced net income of \$4.3 million on revenues of \$103.3 million compared to net income of \$32.0 million and revenues of \$88.7 million for the same period ended December 31, 2007.

Whereas the 2008 period benefited from significant increased revenues offset by declining margins, the 2007 period benefited from the capital gain of \$26.4 million that the company recorded in connection with the July 2007 IPO of its 62% held subsidiary, Limco-Piedmont Inc.

Revenues from the company's three principal lines of business for the three and twelve month periods ended December 31, 2008 and 2007 were as follows:

	Three Months Ended December 31,			
	2008		2007	
	Revenues	% of Total Revenues	Revenues	% of Total Revenues
	In Thousands			
Revenues:				
MRO Services	\$ 14,012	44.9%	\$ 11,515	58.3%
OEM products	15,084	48.4%	6,094	30.8%
Parts Services	3,929	12.6%	3,362	17.0%
Elimination	(1,882)	(5.9)%	(1,220)	(6.1)%
Total Revenues	31,143	100.0%	19,751	100.0%

	Year Ended December 31,			
	2008		2007	
	Revenues	% of Total Revenues	Revenues	% of Total Revenues
	In Thousands			
Revenues:				
MRO Services	\$ 54,276	52.5%	\$ 49,392	55.7%
OEM products	37,696	36.4%	23,489	26.4%
Parts Services	17,289	16.7%	20,384	23.0%
Elimination	(5,973)	(5.6)%	(4,561)	(5.1)%
Total Revenues	103,288	100.0%	88,704	100.0%

Edgar Filing: TAT TECHNOLOGIES LTD - Form 6-K

The 58% and 16% increases in revenues for the three and twelve month periods ended December 31, 2008 compared with the same periods of December 31, 2007, respectively, reflect increased revenues in the OEM segment due to organic growth as well as revenues from the consolidation of the company's 70% controlled subsidiary, Bental Industries Ltd commencing August 18, 2008; increased revenues in the MRO segment offset by a moderate decrease of revenues in the Parts segment.

The decrease in net income for the twelve month period ended December 31, 2008 compared with the twelve month period ended December 31, 2007, is primarily attributable to the \$26.4 million capital gain recorded in connection with the IPO of the company's 62% held subsidiary, Limco-Piedmont Inc. in July 2007. Also impacting net income was (i) a one time compensation charge of approximately \$1.2 million arising from the previously announced retirement of certain managers; (ii) the decline in the exchange rate between the U.S. dollar and the Israeli Shekel that resulted in increased operational expenses; and (iii) the decrease in the net profit of Limco-Piedmont from \$5.2 million in the twelve month periods ended December 31, 2007 to \$2.7 million in the twelve month periods ended December 31, 2008. These factors were offset by improved results for the Company's operations in Israel for the three and twelve month periods ended December 31, 2008 compared with those of December 31, 2007.

Dr. Shmuel Fledel, TAT's CEO commented: The fourth quarter and Year ended December 31, 2008 saw encouraging revenue growth for the TAT group, compared to the same periods ended December 31, 2007. We have experienced a decrease in our gross margins, and consequently we are taking aggressive actions to manage costs through the weakness that is developing in the aviation industries.

We are pursuing initiatives with new customers for 2009 and looking positively towards the coming years. The expense control measures we have taken, including the consolidation of our two US based operating entities in one location, will contribute to improved earnings going forward. We believe that our business opportunities, along with anticipated expense control and improvement in operational performance should give us the ability to realize an improved 2009.

About TAT Technologies Ltd.

TAT Technologies Limited provides a variety of services and products to the aerospace industry under three operational segments: (i) OEM products (ii) MRO services and (iii) parts, each with the following characteristics:

Our OEM activities primarily relate to the (i) design, development, manufacture and sale of a broad range of heat transfer components (such as heat exchangers, pre-coolers and oil/fuel hydraulic coolers) used in mechanical and electronic systems on-board commercial, military and business aircraft; (ii) manufacture and sell other environmental control and cooling systems and a variety of other electronic and mechanical aircraft accessories and systems such as pumps, valves, power systems and turbines; and (iii) design, development, manufacture and sale of a broad range of electrical motor applications for airborne and ground systems

Our MRO services include the remanufacture, overhaul and repair of heat transfer equipment and other aircraft components, APUs, propellers and landing gear. Our Limco-Piedmont subsidiary operates four FAA certified repair stations, which provide aircraft component MRO services for airlines, air cargo carriers, maintenance service centers and the military.

Our parts segment focuses on the sale of APU parts propellers and landing gear. We offer parts services for commercial, regional and charter airlines and business aircraft owners.

Safe Harbor for Forward-Looking Statements

This press release contains forward-looking statements that are subject to risks and uncertainties. Factors that could cause actual results to differ materially from these forward-looking statements include, but are not limited to, general business conditions in the airline industry, changes in demand for our services and products, the timing and amount or cancellation of orders, the price and continuity of supply of component parts used in our operations, and other risks detailed from time to time in the Company's filings with the Securities and Exchange Commission. These documents contain and identify other important factors that could cause actual results to differ materially from those contained in our projections or forward-looking statements. Shareholders and other readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made. We undertake no obligation to update publicly or revise any forward-looking statement.
