BOS ANNOUNCES THE APPOINTMENT OF A NEW BOARD MEMBER AND A \$300,000 PRIVATE PLACEMENT OF ORDINARY SHARES

RISHON LETZION, Israel, October 5, 2010 (GLOBE NEWSWIRE) -- B.O.S. Better Online Solutions Ltd. ("BOS") (Nasdaq:BOSC - News) a leading Israeli provider of RFID and supply chain solutions to global enterprises, announced today that it has entered into a definitive private placement agreement with Telegraph Hill Capital Fund I, LLC ("THCAP") for the issuance of an aggregate of 96,362 Ordinary Shares (equal to 3.5% of the outstanding shares of the Company following the investment) at a price per share of \$3.11 (3% above the closing price on October 4, 2010), or \$300,000 in total.

In addition, the Company announced that Mr. Luis Gutierrez Roy, managing partner in THCAP was appointed to its Board of Directors.

THCAP, with offices in San Francisco and Barcelona, is comprised of seven founding partners with direct access to a pool of business partners around the globe. THCAP focus on companies in the mobile, wireless, and media space.

Mr. Gutierrez Roy, the managing partner in THCAP, has almost 20 years of experience in corporate finance and investment advisory services. Mr. Gutierrez Roy has led corporate finance teams, first as head of the Corporate Value Consulting practice at PricewaterhouseCoopers (PwC) in its Barcelona office, and later as head of M&A and co-head of the Technology, Media and Telecom Group at Ernst & Young (E&Y) in Spain. Prior to joining PwC Spain, he worked for PwC and Houlihan Valuation Advisors in San Francisco. Mr. Gutierrez Roy has advised companies in cross-border transactions in Europe, the United States, Asia and Latin America. Mr. Gutierrez Roy holds a B.Sc. in Business Administration from the University of Barcelona, and an MBA from the University of San Francisco.

"THCAP initially invested in the BOS convertible note issuance in July 2009" said Yuval Viner, BOS CEO. "In the past year, we have worked closely with THCAP's management team in developing new RFID opportunities for BOS in the United States and Spain. We are very pleased with THCAP's vote of confidence in the Company and I expect that as a board member, Luis will play a significant role in helping BOS achieve success in the RFID field abroad."

Mr. Gutierrez Roy added, "I have accompanied BOS management to potential strategic clients in Europe to present the RFID solutions of BOS. In light of their reaction to the quality of BOS products and the performance of the management, it was natural for us to increase our investment in the company".

About BOS

B.O.S. Better Online Solutions Ltd. (Nasdaq:BOSC - News) is a leading provider of RFID and Supply Chain solutions to global enterprises. B.O.S. Better Online Solutions Ltd. Receives Over \$400,000 in Initial
Components Orders from India

Rishon Letzion, Israel — September 13, 2010 — B.O.S. Better Online Solutions Ltd. (“BOS”) (NASDAQ: BOSC), today announced that it has begun supplying electronic components to several customers in India, based on initial orders of over \$400,000 received in the last few months.

BOS’ supply chain division, which offers electronic components and components consolidation services to the aerospace, defense, medical and telecommunications industries as well as to enterprise customers worldwide, has recently begun establishing relationships in India. The recent orders are for electromechanical parts, semiconductors and networking equipment.

“BOS’ supply chain division has been working to expand its business into several new geographic areas, including India,” said Avidan Zelicovsky, BOS President. “These orders represent our initial success. Due to our expansion efforts, we expect this trend to continue, with follow-on orders from these customers as well as orders from new customers in India.”

The Company's supply chain division operates out of two branches, one in the United States and one in Israel. The American branch has been a leading provider of electronic components to the aerospace industry for over 50 years, offering kitting services for a long list of electronic components needed by aircraft manufacturers, including inlays, tags, antennas, batteries, circuit breakers, headphones, aircraft communications systems, semiconductors, electron tubes, transformers and waveguide accessories. The Israeli branch supplies electronic components (passive, active and electro-mechanical) to manufacturers in the military, commercial, industrial and aerospace markets, and provides sales and engineering service and support for various components. It also provides kitting services for the purchasing of a broad spectrum of electronic components and sub-systems. In addition, BOS represents leading network equipment suppliers in Israel.
