B.O.S. Better Online Solutions Reports Financial Results for the fourth quarter and fiscal year ended December 31, 2011

Forecasts Net Profit on a non-GAAP basis for fiscal 2012

RISHON LEZION, Israel, March 28, 2012 (GLOBE NEWSWIRE) - B.O.S Better Online Solutions Ltd. (the "Company", "BOS") (Nasdaq: BOSC), a leading Israeli provider of RFID and Supply Chain solutions to global enterprises, today reported its financial results for the fourth quarter and fiscal year ended December 31, 2011.

Revenues grew by 10%, from \$30 million in the fiscal year ended December 31, 2010 to \$33 million in fiscal 2011, which was in line with the Company's forecast.

On a GAAP basis, the Company had a net loss of \$2.1 million and \$3.2 million, respectively, in the fourth quarter and fiscal year ended December 31, 2011.

Losses in the fourth quarter and fiscal year ended December 31, 2011, resulted mainly from the following non-cash items:

1. Financial expenses related to the Company's convertible loan (that was converted in December 2011) of \$951,000 and \$1.3 million, respectively, in fourth quarter and fiscal year ended December 31, 2011;
2. Impairment of intangible assets in the amount of \$555,000 which was recorded in the fourth quarter of fiscal 2011;
3. Amortization of intangible assets and stock based compensation in the amount of \$129,000 and \$545,000, respectively, in the fourth quarter and fiscal year ended December 31, 2011.
4. Inventory write-offs in the amount of \$443,000 for the year ended December 31, 2011, of which \$310,000 were recorded in the fourth quarter of fiscal 2011;
5. Costs due to impairment of related investments in companies amounting to \$188,000 for the fiscal year ended December 31, 2011.

On a non-GAAP basis, the Company had a net loss of \$156,000 and \$176,000, respectively, in the fourth quarter and fiscal year ended December 31, 2011.

Gross margin for fiscal 2011 decreased to 19.5% of revenues, from 24.8% in fiscal 2010, mainly due to: (a) an inventory write-off in the amount of \$443,000, as compared to a write-off of \$36,000 in fiscal 2010, and (b) a gross loss in the software product line (related to the RFID division) in the amount of \$37,000, as compared to a gross profit of \$470,000 in fiscal 2010. We expect a lower inventory write-off and a higher gross profit in the software product line in fiscal 2012.

EBITDA amounted to \$407,000 for fiscal 2011, as compared to \$800,000 in our latest forecast. The difference was attributed primarily to the aforementioned inventory write-off that was recorded mostly in the fourth quarter of 2011.

Yuval Viner, BOS CEO, stated: "Non cash expenses had an adverse effect on year 2011 results as well as the losses on our software product line. During the fourth quarter of 2011, we have successfully completed a restructuring of our software activity (related to the RFID division) which yielded a positive gross profit in the fourth quarter of 2011, and we anticipate it will continue to improve in 2012. Recently, we announced the successful completion of our first RFID traceability project in Spain. We hope that this development will result in additional opportunities in Europe throughout year 2012. We anticipate that we will end year 2012 with a net profit on a non-GAAP basis".
