In the Second Quarter of Fiscal 2012, Signet's gross margin was \$294.8 million (Second Quarter Fiscal 2011: \$237.2 million), up by \$57.6 million or 24.3%. The gross margin rate increased by 400 basis points to 37.0% (Second Quarter Fiscal 2011: 33.0%), with the gross merchandise margin up 90 basis points. The US division's gross merchandise margin was up 110 basis points compared to the second quarter of Fiscal 2011 and benefited from selective price increases and reduced discounting, which more than offset higher commodity costs. The UK division's gross merchandise margin declined by 40 basis points, with the impact of an increase in the cost of commodities, and a higher value added tax rate, being largely offset by a number of price increases.

Gross margin also benefited from an improved net bad debt to total US sales ratio compared to the Second Quarter of Fiscal 2011 and leverage on store occupancy costs in the US division. The net bad debt to total US sales ratio was 4.4% (Second Quarter Fiscal 2011: 5.2%). In-house customer finance participation in the US division was 57.7% (Second Quarter Fiscal 2011: 56.3%).

For the Second Quarter of Fiscal 2012, selling, general and administrative expenses were \$224.5 million (Second Quarter Fiscal 2011: \$203.7 million), up by \$20.8 million or 10.2%. The major contributing reasons for the increase were as follows: increased net advertising investment of \$4.0 million; \$3.5 million was attributable to currency fluctuations; \$1.5 million to higher 401(k) contributions; \$7.6 million of the remaining increase was as a result of store staff costs, which flexed with sales, and the balance primarily reflected increased investment in IT and credit infrastructure.

In the Second Quarter of Fiscal 2012, other operating income increased by \$4.8 million to \$32.0 million (Second Quarter Fiscal 2011: \$27.2 million), up by 17.6%. This reflected increased interest income earned from higher outstanding receivables balances.

In the Second Quarter of Fiscal 2012, net operating income increased by \$41.6 million to \$102.3 million (Second Quarter Fiscal 2011: \$60.7 million), up 68.5% over the Second Quarter of Fiscal 2011. The US division's net operating income increased by \$43.7 million to \$104.4 million (Second Quarter Fiscal 2011: \$60.7 million), up 72.0%, while net operating income in the UK division decreased by \$1.9 million to \$2.8 million, down by 40.4% (Second Quarter Fiscal 2011: \$4.7 million, including a gain of \$0.9 million on a real estate disposal).

Operating margin increased by 430 basis points to 12.8% (Second Quarter Fiscal 2011: 8.5%). The US division's operating margin was up 570 basis points to 16.2% (Second Quarter Fiscal 2011: 10.5%) and that of the UK division declined by 150 basis points to 1.8% (Second Quarter Fiscal 2011: 3.3%).

Interest expense, net

In the Second Quarter of Fiscal 2012, net interest expense was \$2.5 million (Second Quarter Fiscal 2011: \$6.0 million), including a write-off of \$1.3 million of unamortized deferred financing fees related to the termination of the prior revolving credit facility. The decrease was due to the prepayment of private placement notes during Fiscal 2011.

Income before income taxes

For the Second Quarter of Fiscal 2012, income before income taxes increased by \$45.1 million to \$99.8 million (Second Quarter Fiscal 2011: \$54.7 million), up by 82.4%.

Income taxes

Income tax expenses in the Second Quarter of Fiscal 2012 were \$33.5 million (Second Quarter Fiscal 2011: \$16.0 million), an effective tax rate of 33.6%, which reflects the favorable recognition of \$1.9 million previously unrecognized tax benefits in the second quarter of Fiscal 2012 (Second Quarter Fiscal 2011: 29.3%, included the favorable recognition of \$4.5 million previously unrecognized tax benefits). The anticipated effective tax rate for Fiscal 2012 is approximately 35.5% (Fiscal 2011: 33.3%), which reflects the recognition of the above \$1.9 million unrecognized tax benefit.

Net income

Net income for the Second Quarter of Fiscal 2012 increased by \$27.6 million to \$66.3 million (Second Quarter Fiscal 2011: \$38.7 million), up by 71.3%.

Earnings per share

For the Second Quarter of Fiscal 2012, basic and diluted earnings per share were \$0.77 and \$0.76, respectively (Second Quarter Fiscal 2011: both \$0.45), an increase of 71.1% and 68.9%, respectively.
