The foregoing forward-looking statements and other information relating to MTFG (such statements and information are hereafter referred to as the "Forward-Looking Statements") are not historical facts and include, reflect or are otherwise based upon, among other things, the MTFG's current projections, views, policies, business strategies, targets, expectations, assumptions and evaluations with respect to general economic conditions, the result of operations, financial condition, its management in general and other future events.

Some Forward-Looking Statements represent targets that the MTFG's management will strive to achieve through the successful implementation of the MTFG's business strategies. Accordingly, they are inherently susceptible to uncertainties, risks and change in circumstances and are not guarantees of future performance. MTFG may not be successful in implementing its business strategy, and actual results may differ materially, for a wide range of possible reasons. For the important factors that could cause these differences, please see MTFG's latest annual report or other disclosures publicly available.

In light of the many risks, uncertainties and possible changes, you are advised not to put undue reliance on the Forward-Looking Statements. MTFG is under no obligation - and expressly disclaim any obligation - to update or alter the Forward-Looking Statements, except as may be required by any applicable laws and regulations or stock exchange rules.

Notes: The amounts for MTFG are on a consolidated basis. Net business profits, net gains (losses) on equity securities and net special gains (losses) for BTM and MTBC are on a non-consolidated basis, and the other amounts for BTM and MTBC are on a consolidated basis. Net business profits represent the amount before deducting credit costs for trust accounts and provision for formula allowance for loan losses.

The sum of net business profits in BTM and MTBC for the six months ending September 30, 2003 is expected to be approximately 325.0 billion of Japanese yen, which is substantially unchanged from the six months ended September 30, 2002. Credit related costs for the six months ending September 30, 2003 are expected to be significantly lower than net business profits for the same period.

During the six months ending September 30, 2003, BTM and MTBC disposed of their equity securities holdings of approximately 265.0 billion of Japanese yen and approximately 230.0 billion of Japanese yen, respectively, for a sum of approximately 495.0 billion of Japanese yen. Net losses on equity securities for the six months ending September 30, 2003 are expected to be 19.0 billion of Japanese yen reflecting the recovery of stock prices.

Net special gains of BTM for the six months ending September 30, 2003 are expected to be 227.0 billion of Japanese yen. These gains primarily include recoveries of allowance for credit losses that are primarily attributable to the decrease in new problem loans and BTM's active efforts through several strategies such as the preventive business model in the revitalizing of borrowers with financial difficulties, gains in connection with the transfer to the Japanese Government of a substitutional portion of employee pension fund liabilities, and a tax refund of local bank tax imposed by the Tokyo Metropolitan Government due to the condition of the settlement.
