**Item 5. Other Events**

In February 2004, Saul Centers, Inc. (the Company) acquired two shopping center properties. The initial purchase price of each of these acquisitions individually, as provided below, did not exceed 10% of the Company's total assets as of December 31, 2003, but the aggregate purchase price for both properties did exceed such amount.

On February 13, 2004, the Company acquired Boca Valley Plaza, a 121,000 square foot neighborhood shopping center, located on U.S. Highway 1 in Boca Raton, Florida. The center, constructed in 1988, is approximately 90% leased and is anchored by a 42,000 square foot Publix supermarket. The property was acquired for \$17.5 million, subject to the assumption of a \$9.2 million mortgage with an interest rate of 6.82%, maturing in 2007. The Company has no material renovation, improvement and development plans for this property.

On February 17, 2004, the Company acquired Countryside Shopping Center, a 130,000 square foot neighborhood shopping center, in Loudoun County, Virginia. The center is approximately 95% leased, anchored by a 47,000 square foot Safeway supermarket and was acquired for a purchase price of \$29.7 million. The Company has no material renovation, improvement and development plans for this property.

The acquisitions were made pursuant to separate acquisition agreements, the sellers of which were unrelated to the Company or each other. The purchase price of each property was funded from the Company's line of credit and cash on hand. In acquiring both properties, the Company evaluated the following factors:

the location and accessibility of the properties;

the geographic area and demographic characteristics of the surrounding communities, as well as the local real estate markets, including potential for growth and potential regulatory impediments to development;

the size of the properties;

the purchase prices;

the non-financial terms of the acquisitions;

the availability of funds or other consideration for the acquisitions and the costs thereof;

the fit of the properties with the Company's existing portfolio;

the potential for any environmental problems;

the current and historical occupancy rates of the properties as well as comparable and competing properties in the same market;

the quality of construction and design and the current physical condition of the properties;

the financial and other characteristics (including market share) of the anchor tenants and the terms of existing anchor leases; and  
  
the potential for capital appreciation.

The Company is not aware of any material factors relating to the properties other than those discussed above that would cause the financial information included in Item 7 below not to be necessarily indicative of future operating results.

On February 13, 2004 Saul Centers, Inc. (the Company) acquired the 121,000 square foot, grocery anchored, Boca Valley Plaza shopping center (the Property) located in Boca Raton, Florida for a purchase price of \$17.5 million, subject to the assumption of a \$9.2 million mortgage from CH Realty II/Boca L.P. The center was constructed in 1988 and was approximately 90% leased at the date of the acquisition. The Company is organized as a real estate investment trust and engages in ownership operation, management, leasing, acquisition, renovation, expansion, development and financing of community and neighborhood shopping centers and office properties primarily in the Washington, D.C./Baltimore metropolitan area.

**2. Basis of accounting**

The accompanying statement of revenues over certain expenses is presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for the real estate acquired. Accordingly, the statement excludes certain historical expenses that are not comparable to the proposed future operations of the property such as amortization, depreciation and corporate expenses. Therefore, the statement will not be comparable to the statement of operations of CH Realty II/Boca L.P. after its acquisition by the Company.

**3. Significant accounting policies**

**Rental revenues**

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of recognized rental income over amounts due pursuant to lease terms is recorded as straight-line rent receivable. The impact of the straight-line adjustment increased revenue by approximately \$90,000 for the year ended December 31, 2003.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**4. Description of leasing arrangements**

## Edgar Filing: SAUL CENTERS INC - Form 8-K

The retail space in the property is leased to tenants under leases with terms that vary in length and conditions. Most leases contain operating expense and real estate tax recovery clauses and certain leases contain renewal options. CH Realty II/Boca L.P.'s interest in all lease agreements was assigned to the Company upon its acquisition of the property.
