ITEM 7.01. Regulation FD Disclosure.

On June 29, 2005, Solutia Inc. (Solutia) filed a motion in its Chapter 11 case in the United States Bankruptcy Court for the Southern District of New York in order to gain court approval for certain matters related to the potential sale of substantially all of the assets of Astaris LLC (Astaris), a phosphorus chemicals business. Solutia and FMC Corporation (FMC) each own a 50% interest in Astaris.

In its motion, Solutia describes a process in which an outside consulting firm has assisted Astaris to identify and contact all likely potential buyers for Astaris' business, prepare offering memoranda, solicit formal bids and evaluate the bids to determine which is most attractive.

FMC is an active participant in the process described in the motion, and Astaris, Solutia and FMC agreed to negotiate exclusively with a bidder for a limited period beginning June 18, 2005. Exclusive negotiations with this party are currently proceeding; however, it is too early to predict whether the negotiations will result in an agreement for the sale of Astaris assets, and, if an agreement is reached, when or if the sale will close. Any sale by Astaris of substantially all of its assets will require that Solutia receive the approval of the bankruptcy court.

This report is not deemed filed for purposes of Section 18 of the Securities and Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section.
