Dear [Partner Name]

This morning Serena Software announced that it has entered into a definitive agreement under which Serena will be acquired by Silver Lake Partners in a transaction valued at approximately \$1.2 billion. Members of Serena management will also retain minority equity stakes in the resulting private company. The transaction is expected to close in Serena's first quarter of calendar year 2006, subject to the receipt of stockholder approval and customary regulatory approvals, as well as satisfaction of other customary closing conditions, including receipt of debt financing pursuant to customary commitment letters.

Serena believes this will provide us far greater flexibility to meet market demands now and into the future. Serena does not expect that there will be any material alteration to Serena's customer agreements, products, services, management team or organizational structure as a result of this transaction.

While we expect Serena's leadership team will remain the same, the company believes that it will be strengthened by the resources, expertise, and relationships of Silver Lake. Silver Lake has an excellent track record in helping high-profile technology companies maximize their potential. Silver Lake's portfolio of market-leading companies includes SunGard Data Systems, Seagate Technologies, Ameritrade and Nasdaq.

We hope that you are as excited about this news as we are! Thank you for your confidence in Serena Software.

Sincerely,

Mark Woodward

Chief Executive Officer
