**Item 2.04. Triggering Events that Accelerate or Increase a Direct Financial Obligation.**

On April 24, 2006, Citadel Broadcasting Corporation (the Company) received a letter (the Second Letter) from an attorney claiming to represent holders of more than \$109 million in aggregate principal amount of the Company's 1.875% Convertible Subordinated Notes due 2011 (the Notes), of which \$330 million in aggregate principal amount is outstanding. The Second Letter refers to, and is from the same attorney who delivered, a letter to the Company on February 21, 2006 (the First Letter), which the Company described in its Current Report on Form 8-K filed with the Securities and Exchange Commission on February 27, 2006.

The First Letter alleged that events of default had arisen and continued to arise from the Merger Agreement, dated February 6, 2006, by and among The Walt Disney Company (TWDC), ABC Chicago FM Radio, Inc., Alphabet Acquisition Corp. and the Company (the Merger Agreement). Specifically, the First Letter alleged that certain transactions and agreements contemplated by the Merger Agreement will or do constitute a Fundamental Change under the indenture governing the Notes (the Indenture). The First Letter also alleged that the Company had repudiated its obligations under the Indenture and that such repudiation constituted an event of default under the Indenture. The First Letter included a demand that the Company cure immediately the purported events of default referenced therein.

The Second Letter states that the Company has failed to cure the alleged default during the more than 60 days that elapsed since the Company's receipt of the First Letter. The Second Letter alleges that as a result, an Event of Default has occurred and is continuing under the Indenture. The Second Letter also purports to declare the principal amount of the Notes, and the accrued and unpaid interest, due and payable immediately.

The Company continues to believe that none of the transactions or agreements contemplated by the Merger Agreement will or do constitute a Fundamental Change under the Indenture. Therefore, the Company does not believe that any Event of Default, as defined in the Indenture, has occurred or is continuing and does not believe that any holders have a right to declare obligations under the Notes due and payable. In the event of an Event of Default, subject to the terms and conditions of the Indenture, the Trustee under the Indenture or holders of at least 25% in aggregate principal amount of outstanding Notes could declare the principal of and accrued interest on all Notes to be due and payable, and there could be an event of default under the Credit Agreement (Credit Agreement) dated August 17, 2004, among the Company, Citadel Broadcasting Company, JPMorgan Chase Bank as Administrative Agent and certain other agents and lenders, under which approximately \$322.5 million, excluding letters of credit, was outstanding as of December 31, 2005.

The Company intends to vigorously defend itself against the claims in the First Letter and Second Letter.

There can be no assurance as to the timing of the closing of the merger, or whether the merger will close at all. Factors that could cause the merger to be delayed or to fail to close at all include: the failure to obtain governmental approvals of the transaction on the proposed terms and schedule; the failure to receive required tax rulings or tax opinions; and a material adverse change in the business, assets, financial condition or results of operations of the Company or TWDC.
