On February 6, 2007, the Chief Executive Officer of Tri-S Security Corporation (the Company) learned that an Investor Fact Sheet containing certain information regarding the Company's estimated results for the quarter and year ended 2006 (the Information) was posted to the Company's website on or about January 24, 2007 and subsequently disclosed to certain securities market participants. The Company is hereby providing prompt public disclosure of the Information for purposes of complying with Regulation FD. A copy of the portions of the Investor Fact Sheet containing the Information is furnished as Exhibit 99.1 to this Current Report.

Set forth in the table below for each of the periods presented is a quantitative reconciliation of EBITDA to net loss, the measure which the Company believes is the most directly comparable financial measure calculated in accordance with generally accepted accounting principles in the United States.
