PROXY STATEMENT

2009 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 8, 2009

INTRODUCTION

This Proxy Statement is furnished in connection with a solicitation of proxies by the Board of Directors of JMP Group Inc., a Delaware corporation (which we refer to as JMP, the Company, we, our or us and includes, as applicable, our predecessor limited liability company), to be used at our 2009 Annual Meeting of Stockholders on Monday, June 8, 2009, at 11:00 a.m. Pacific time, and at any adjournments or postponements of the Annual Meeting.

The approximate date on which a copy of our 2009 Annual Report, this Proxy Statement and the accompanying proxy card are first being mailed to stockholders is May 4, 2009.

QUESTIONS AND ANSWERS

What is the purpose of the Annual Meeting?

You are invited to attend the Annual Meeting to consider and vote on the following proposals:

1. Elect nine directors to serve until our subsequent Annual Meeting.
2. Ratify the appointment of PricewaterhouseCoopers LLP as JMP Group Inc.'s independent registered public accounting firm for fiscal year 2009.
3. Conduct any other business that properly comes before the meeting and any postponements or adjournments of the meeting.

Who is entitled to vote at the Annual Meeting?

The close of business on April 21, 2009 has been fixed as the record date for determining the holders of shares of our common stock, par value \$0.001 per share, entitled to notice of and to vote at the Annual Meeting. Only stockholders of record at the close of business on that date are entitled to attend and vote at the Annual Meeting. The only class of stock that is currently outstanding and that can be voted at the Annual Meeting is our common stock. Each outstanding share of common stock is entitled to one vote on each matter that comes before the Annual Meeting, and a majority of shares will constitute a quorum at the Annual Meeting. We do not have cumulative voting, and there are no appraisal or dissenters' rights associated with any of the matters we have scheduled for a vote at the Annual Meeting. Withheld votes, abstentions and broker non-votes are treated as present for quorum purposes.

At the close of business on the record date, there were 22,069,741 shares of our common stock outstanding held by 152 stockholders of record. Those shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting.

How do I vote?

Edgar Filing: JMP Group Inc. - Form DEF 14A

You may vote by ballot in person at the Annual Meeting. If you are a street name stockholder, in order to vote at the meeting, you will need to obtain a signed proxy from the broker or nominee that holds your shares of record, because the broker or nominee is the legal, registered owner of the shares. If you have the

Table of Contents

broker's proxy, you may vote by ballot or you may complete and deliver another proxy card in person at the meeting. Alternatively, you may vote by using any of the following methods:

By the Internet You may vote by proxy via the Internet by visiting www.proxyvote.com and following the instructions on the Webpage. You may use the Internet to vote at any time until 11:59 P.M. Eastern Time, on June 7, 2009.

By Mail You may vote by completing, signing and dating the proxy card and returning it in the provided postage-paid envelope. If you are a stockholder of record, and the postage-paid envelope is missing, please mail your completed proxy card to JMP Group Inc. c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends that you vote:

FOR Proposal 1 the election of each of the nine director nominees.

FOR Proposal 2 the ratification of the appointment of PricewaterhouseCoopers LLP as JMP Group Inc.'s independent registered public accounting firm for fiscal year 2009.

What if I do not specify how my shares are to be voted?

If a properly executed proxy is provided, but no instruction is given with respect to any or all proposals to be acted upon at the Annual Meeting, your proxy will be voted **FOR** the election of all of the nominees named in this proxy statement and **FOR** Proposal 2, as applicable.

At present we do not expect any other matter to be considered at the Annual Meeting other than the proposals set forth in the accompanying Notice of Annual Meeting, but if any other matters are properly brought before the Annual Meeting for action, it is intended that the shares of our common stock represented by proxies will be voted by the persons named as proxies on the proxy card in accordance with their discretion on such matters.

How can I attend the Annual Meeting in person?

All stockholders must bring an acceptable form of identification, such as a driver's license or a passport, in order to attend our Annual Meeting in person.

If your shares are held beneficially in street name and you plan to attend the Annual Meeting, you will need to obtain and present a copy of your brokerage account statement (which you can obtain from your broker) reflecting your ownership of our common stock as of April 21, 2009 to be admitted to the Annual Meeting.

Please note: No cameras, recording equipment or other electronic devices will be permitted at the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, the American Stock Transfer & Trust Co., you are considered, with respect to those shares, the stockholder of record. The Notice of Annual Meeting, this proxy statement and our 2008 Annual Report have been sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. The Notice of Annual Meeting, this proxy statement and our 2008 Annual Report have been forwarded (or otherwise made available) to you by

Table of Contents

your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting.

Can I change my vote after I submit my proxy card?

Yes. You may revoke your proxy at any time before it is voted at the Annual Meeting by:

signing and returning another proxy card with a later date; or

giving written notice of revocation to our Secretary prior to or at the Annual Meeting; or

attending and voting at the Annual Meeting.

Your attendance at the Annual Meeting will not have the effect of revoking your properly executed proxy unless you follow one of the revocation procedures referenced above. Any written notice revoking a proxy should be sent to our Secretary at 600 Montgomery Street, Suite 1100, San Francisco, CA 94111 and must be received before voting is closed at the Annual Meeting.

What are broker non-votes ?

Broker non-votes are shares as to which a broker or nominee does not vote, or has indicated that it does not have discretionary authority to vote. Under the rules of the New York Stock Exchange (NYSE), brokers (other than our broker-dealer subsidiary, JMP Securities LLC) that have not received voting instructions from their customers 10 days prior to the meeting date may vote their customers' shares in the brokers' discretion on the proposals regarding the election of directors and the ratification of the appointment of our independent registered public accounting firm because these are discretionary matters under NYSE rules. Because JMP Securities LLC is affiliated with JMP Group Inc., NYSE policy specifies that, if JMP Securities LLC does not receive voting instructions regarding shares held by it in street name for its customers, it may vote these shares on these discretionary proposals only in the same proportion as all other shares of record are voted with respect to each such proposal.

How many votes are required to approve the proposals?

The required votes to approve each proposal are as follows:

Proposal 1 a plurality of the votes cast is required for the election of directors. This means that the nine director nominees receiving the greatest number of FOR votes will be elected to the Board of Directors. You may vote FOR or WITHHOLD with respect to the election of directors. Only votes FOR are counted in determining whether a plurality has been cast in favor of a director. Broker non-votes and withheld votes are not counted for purposes of the election of directors.

Proposal 2 the affirmative vote of a majority of the shares present or represented by proxy at the Annual Meeting is required for the ratification of the appointment of our independent registered public accounting firm for fiscal year 2009. You may vote FOR, AGAINST, or ABSTAIN with respect to the ratification of the appointment of our independent registered public accounting firm. Abstentions and broker non-votes, while included for purposes of attaining a quorum, will not be voted on Proposal 2 and therefore will have the same effect as a vote against proposal 2.

Who will count the votes?

We have retained Broadridge Financial Solutions to receive and tabulate the votes in connection with our Annual Meeting. Our Chief Legal Officer will utilize such tabulations and serve as our election inspector who will certify the election results and perform any other acts required by the Delaware General Corporation Law.

Table of Contents

What is a quorum, and how is it determined?

For business to be properly conducted and the vote of stockholders to be valid at the Annual Meeting, a quorum must be present. The presence, in person or by proxy, of the holders of a majority of shares of our common stock issued and outstanding as of the record date is necessary to constitute a quorum at the Annual Meeting. Shares represented at the Annual Meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum. Accordingly, abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Who pays for the cost of this proxy solicitation?

This proxy solicitation by our Board of Directors will be conducted by mail, and we will bear all attendant costs. These costs will include the expense of preparing and mailing proxy solicitation materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding such materials to beneficial owners of our common stock. We may conduct further solicitation personally, telephonically, by facsimile or by electronic or other means of communication through our officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

PROPOSAL 1

ELECTION OF DIRECTORS

Composition of the Board

Our Board of Directors presently consists of nine members: Joseph A. Jolson, our Chief Executive Officer and Chairman of our Board of Directors, Craig R. Johnson, Mark L. Lehmann, Carter D. Mack, Edward J. Sebastian, Glenn H. Tongue, Kenneth M. Karmin, Harris S. Barton and H. Mark Lunenburg. All of our directors are elected annually for a term expiring at the Annual Meeting of Stockholders in the following year. Each director will hold office until his or her successor has been elected and qualified or until the director's earlier resignation or removal. If any director listed in this proxy does not stand for re-election, his successor or replacement will stand for re-election at our next annual meeting of stockholders in 2010.

Independence of Non-Employee Directors

Our Board of Directors and Corporate Governance and Nominating Committee has analyzed the independence of each nominee for the Board of Directors and has determined that each of Messrs. Sebastian, Tongue, Karmin, Barton, and Lunenburg is independent, as defined in Section 303A of the New York Stock Exchange Listed Company Manual and within the meaning of our director independence standards (detailed below). In addition, our Board of Directors and its Corporate Governance and Nominating Committee has determined that each member of the Audit Committee is independent under the SEC's audit committee independence standards and that each member of our Compensation Committee is an outside director within the meaning of Section 162(m) of the Internal Revenue Code.

To be considered independent, a director must be determined, by resolution of our Board of Directors as a whole, after due deliberation, to have no material relationship with the Company other than as a director. In each case, our Board of Directors shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. a director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
2. a director who receives, or whose immediate family member receives, more than \$120,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation;
3. a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company or any of its subsidiaries is not independent until three years after the end of the affiliation or the employment or auditing relationship;
4. a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's or any of its subsidiaries' present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship;
5. a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company (which does not include charitable entities) that makes payments to, or receives payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold; and

Table of Contents

6. any director that has a material relationship with the Company shall not be independent. Any relationship not required to be disclosed pursuant to Item 404 of Regulation S-K of the Securities Exchange Act of 1934, as amended (the Exchange Act), shall be presumptively not material. For relationships not covered by the preceding sentence, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the Board of Directors. We would disclose in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth above.

In addition to the categorical standards discussed above, our Corporate Governance and Nominating Committee and the Board of Directors considered certain applicable relationships between each independent director and us, and in particular the following types of relationships: (i) brokerage, investment banking and investment management relationships between us and any independent director, their family members and entities any of them are affiliated with or in which they are significantly invested, (ii) relationships between us and any third-party vendor that is affiliated with any independent director or any of their family members or in which any of them are significantly invested and (iii) relationships with PricewaterhouseCoopers LLP, our independent registered public accounting firm.

In making its independence determination regarding Messrs. Sebastian and Karmin, the Board of Directors considered certain transactions, relationships and arrangements, including Messrs. Sebastian and Karmin's investment in certain investment funds managed by an affiliate of the Company. The transactions, relationships and arrangements were considered to be within the applicable categorical independence standards discussed above.

In making its independence determination regarding Messrs. Tongue and Lunenburg, the Board of Directors considered certain transactions, relationships and arrangements, including, among other things, the existence of a brokerage relationship with entities affiliated with Messrs. Tongue and Lunenburg, respectively. The transactions, relationships and arrangements were considered to be within the applicable categorical independence standards discussed above.

Selection of Directors

Stockholder Recommendations and Nominations for Membership on our Board of Directors

The policy of our Corporate Governance and Nominating Committee is to consider properly submitted stockholder recommendations for candidates for membership on the Board of Directors as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, the Corporate Governance and Nominating Committee will address the membership criteria set forth under Director Qualifications. Any stockholder recommendations proposed for consideration by the Corporate Governance and Nominating Committee should include the nominee's name and qualifications for membership on the Board of Directors and should be addressed to:

JMP Group Inc.

600 Montgomery Street, Suite 1100

San Francisco, CA 94111

Attn: Janet L. Tarkoff, Chief Legal Officer and Secretary

In addition to stockholder recommendations of candidates for membership on the Board of Directors, a stockholder may nominate an individual for election to our Board of Directors in the manner set forth in, and in accordance with the provisions of, our Amended and Restated Bylaws (Bylaws). Under Section 2.10 of our Bylaws, as a general matter in order for a nomination to be properly brought before the annual meeting of our stockholders to be held in 2010, notice of a nomination must be delivered to our corporate Secretary not less than

Table of Contents

90 days nor more than 120 days prior to (i) the first anniversary of the date on which we first mail our proxy materials for the 2009 Annual Meeting, or, if the date of the 2010 Annual Meeting is changed more than 30 days from the first anniversary date of the 2009 Annual Meeting, (ii) the date on which we first mail our proxy materials for 2010.

In any notice of nomination, the nominating stockholder must include a statement in writing setting forth the following:

(i) as to each person whom the stockholder proposes to nominate for election or re-election as a director:

the name, age, business address and residence address of the person or persons to be nominated;

the principal occupation or employment of such person or persons;

the class and number of all shares of each class of our capital stock owned beneficially and of record by the nominee;

the nominee's signed consent to serve as a director if elected; and

any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Rule 14A under the Securities Exchange Act of 1934; and

(ii) as to the stockholder giving the notice, the name and record address of the stockholder and, if the nominating stockholder's shares are held beneficially in a stock brokerage account or in the name of a bank or other holder of record, evidence establishing such stockholder's indirect ownership of stock and entitlement to vote such stock for the election of directors at the annual meeting.

We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a director. A copy of our Bylaws is included as an exhibit to our Quarterly Report on Form 10-Q, filed with the SEC on June 21, 2007. See "Where can I find more information?" above.

Director Qualifications

Our Corporate Governance Guidelines contain membership criteria that apply to nominees for a position on our Board of Directors. Under these criteria, members of our Board of Directors should possess certain core competencies, some of which may include broad experience in business, finance or administration, familiarity with national and international business matters, and familiarity with the industry. In addition to having one or more of these core competencies, members of our Board of Directors are identified and considered on the basis of knowledge, experience, integrity, diversity, leadership, reputation, and ability to understand our business.

Identifying and Evaluating Nominees for Directors

Our Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for directors. Our Corporate Governance and Nominating Committee has the duty of regularly assessing the composition of our Board of Directors, including, but not limited to, size of our Board of Directors, diversity, age, skills and experience in the context of the needs of our Board of Directors. In addition, our Corporate Governance and Nominating Committee also has the duty of identifying individuals qualified to become members of the Board of Directors. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current members of our Board of Directors, professional search firms, stockholders or other persons. These candidates will be evaluated by our Corporate Governance and Nominating Committee and may be considered at any point during the year. As described above, our Corporate Governance and Nominating Committee will consider properly submitted stockholder recommendations of candidates for our

Table of Contents

Board of Directors. Following verification of the stockholder status of persons recommending candidates, recommendations will be aggregated and considered by our Corporate Governance and Nominating Committee. If any materials are provided by a stockholder in connection with the recommendation of a director candidate, such materials will be forwarded to our Corporate Governance and Nominating Committee. Stockholder recommendations that comply with our procedures will receive the same consideration that our Corporate Governance and Nominating Committee nominees receive.

We have previously reviewed, and our Corporate Governance and Nominating Committee may in the future review, materials provided by professional search firms or other parties to identify, evaluate and recruit potential director nominees who are not proposed by a stockholder. In addition, a professional search firm may be used to make initial contact with potential candidates to assess, among other things, their availability, fit and major strengths.

Nominees for Election as Directors

At the Annual Meeting, our stockholders will be asked to elect our nine director nominees set forth below.

All of the nominees currently are members of the Board of Directors, and all of the nominees have been recommended for re-election to the Board of Directors by our Corporate Governance and Nominating Committee and approved and nominated for re-election by the Board of Directors. Set forth below is information as of March 31, 2009 regarding the nominees, which has been confirmed by each of them for inclusion in this Proxy Statement.

You may vote **FOR** or **WITHHOLD** with respect to any or all director nominees. The election of directors requires a plurality of the votes cast **FOR** the election of directors; accordingly, the nine nominees receiving the highest number of votes **FOR** will be elected. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Joseph A. Jolson, age 50, co-founded JMP Group in 1999, and is our Chief Executive Officer, the Chairman of the Board of Directors, and a member of our Executive Committee. Mr. Jolson has served as a member of our Board of Directors since August 2004. Mr. Jolson is also the Chief Executive Officer of Harvest Capital Strategies (formerly, JMP Asset Management) and JMP Capital and is a Portfolio Manager of Harvest Opportunity Partners II, L.P. and its related funds, one of our family of hedge funds. Previously, Mr. Jolson was a Senior Managing Director and Senior Research Analyst at Montgomery Securities, now Banc of America Securities, for 15 years. Prior to that, he was a Consulting Research Analyst at Fidelity Management and Research in Boston in 1983 and 1984 and at Donaldson, Lufkin & Jenrette in New York from 1980 through 1982. Mr. Jolson was named to Institutional Investor magazine's All-America Research Team for 10 consecutive years, between 1986 and 1995, for his coverage of the savings and loan industry and was also selected as an All-Star Analyst by the Wall Street Journal in the financial services category in 1996 and 1997. Additionally, he was ranked as a top-five thrift analyst every year from 1985 through 1994 by Greenwich Associates. Mr. Jolson received an MBA degree with distinction from The Wharton School at the University of Pennsylvania and a BA degree from Yale University.

Craig R. Johnson, age 54, joined us in January 2002 and is President of JMP Group and a member of our Executive Committee. Mr. Johnson has served as a member of our Board of Directors since August 2004. He previously served as President of JMP Securities, from January 2002 until January 2007. The Board of Directors and Its Committees

Our Board of Directors held six meetings during 2008. Our Board of Directors has the authority to appoint committees to perform certain management and administrative functions. Our Board of Directors has separately designated a standing Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee, and from time to time may establish other committees to facilitate the management of our business. Mr. Jolson, our chief executive officer, was a member of each such committee until he stepped down from such committees on May 9, 2008, the date by which NYSE rules required such committees to be comprised wholly of independent directors. Our Board of Directors has adopted a written charter for each of these committees, which are available in the Investor Relations Corporate Governance section of our website at www.jmpg.com. Our Board of Directors has also established an Executive Committee to which it has delegated broad responsibility over day to day management and operations of the Company and its operating subsidiaries.

Audit Committee. Our Audit Committee was comprised of three independent directors, Messrs. Sebastian, Tongue and Peter T. Paul, a director who resigned from the board in March 2009 in order to pursue business activities that had the potential to compromise his independence as it relates to service on our board. A further description of the process for the consideration and determination of the compensation of our executive officers, including the role of executives and compensation consultants in that process, is included in our Compensation Discussion and Analysis. Our Compensation Committee also advises and consults with our executive officers as may be requested regarding managerial personnel policies.

Corporate Governance and Nominating Committee. Our Corporate Governance and Nominating Committee was comprised of three independent directors, Messrs. Paul, Sebastian, and Tongue in compliance with the applicable rules of the NYSE. After Mr. Paul resigned, Mr. Barton took his place on the Corporate Governance and Nominating Committee. Mr. Sebastian is the Chairman of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee's functions include assisting the Board of Directors in identifying qualified individuals to become members of the Board of Directors, determining the composition and compensation of the Board of Directors and its committees, conducting annual reviews of each director's independence and making recommendations to the Board of Directors based on its findings, recommending to the Board of Directors the director nominees for the Annual Meeting of Stockholders, establishing and monitoring a process of assessing the Board of Directors' effectiveness, and overseeing compliance with our Corporate Governance Guidelines. Executive Compensation**Compensation Discussion and Analysis****Overview**

Our executive compensation program is designed to provide incentives to our executive officers to effectively lead and manage our business to achieve our growth strategy. Because the compensation of our executive officers plays an integral role in our success, our compensation programs are designed to attract, retain, and motivate top quality, effective executives and professionals.

Table of Contents

The Compensation Committee of the Board has responsibility for overseeing the Company's compensation philosophy. The Compensation Committee has the primary authority to determine and recommend compensation of named executive officers. Throughout this Proxy Statement, the individuals included in the Summary Compensation Table are referred to as the named executive officers. The named executive officers are:

Joseph A. Jolson Chairman and Chief Executive Officer of JMP Group Inc.

Craig R. Johnson President of JMP Group Inc.

Thomas B. Kilian Chief Financial Officer of JMP Group Inc.

Mark L. Lehmann Co-President of JMP Securities LLC

Carter D. Mack Co-President of JMP Securities LLC

Compensation Philosophy and Objectives

A substantial portion of each named executive officer's total compensation is variable and delivered on a pay-for-performance basis. We believe this model provides the greatest incentive to motivate management to achieve our business objectives. The executive compensation program provides compensation opportunities contingent upon performance that we believe are competitive with practices of other similar investment banking firms. We are committed to utilizing the executive compensation program to maintain our ownership culture and to broaden executive ownership over time. We strongly believe that the components of our compensation programs align the interests of our named executive officers with our stockholders and will promote long-term stockholder value creation.

Determining Compensation

In addition to general senior management responsibilities, each of our named executive officers also has management responsibilities within a specific business unit of the Company. In determining compensation for our named executive officers, the primary emphasis, in addition to our performance, is on each individual's contribution, business unit performance and recommendations of the Executive Committee. Our Executive Committee determines all other employee compensation and makes recommendations to the Compensation Committee with respect to our named executive officers' compensation and equity-based awards described further under *Equity Awards* below.

The Compensation Committee and Chief Executive Officer reviewed and discussed these recommendations, as well as compensation of employees generally, industry practices and the individual contributions of the named executive officers during 2008. The Compensation Committee also reviewed salary, bonus, equity awards and other compensation previously paid or awarded to our named executive officers. In addition, the Compensation Committee reviewed data for selected peer companies obtained from publicly available sources, as well as data provided to the Compensation Committee by Presidio Pay Advisors LLC as a market check on its compensation decisions. The Compensation Committee used subjective judgment in determining named executive officer compensation and did not mechanically apply benchmarks or other data-based formulas. The peer companies reviewed were: Cowen Group, Inc., FBR Capital Markets Corporation, Jefferies Group, Inc., KBW, Inc., Piper Jaffray Companies and Thomas Weisel Partners Group, Inc.

Compensation Components

The key components of our named executive officers compensation program are base salary, cash bonus and equity-based awards.

With respect to overall compensation available to all Company employees, we target certain ratios of compensation to revenues depending on the division, business unit and type of revenue produced. These ratios serve as a general guideline for overall compensation but are not definitive and may be changed or altered at any time.

Table of Contents

Individual compensation levels for named executive officers, other than salaries, are generally determined on a discretionary basis and are based on individual performance and may be affected by the residual amount in the overall compensation pool remaining after compensation for all other employees has been determined.

Base Salary

Consistent with industry practice, the base salaries for our named executive officers are intended to account for a relatively small portion of their overall compensation, with the potential for substantial bonus compensation as the most important compensation component. The base salaries for our named executive officers are the same as most other non-commissioned managing directors at the Company. We believe that this compensation model promotes our business objectives by maintaining low fixed costs and creating the incentives for superior performance through the potential for substantial performance-based compensation to productive employees.

Salaries for most non-commissioned managing directors, including our named executive officers, were raised in April 2008 from \$125,000 to \$200,000 per annum. The factors that were used to arrive at this increase in base salaries were cost of living in the metropolitan areas in which we have a substantial number of employees (i.e., generally San Francisco, California and New York, New York) as well as using a general comparison, or market check, of base salaries at other firms in our industry. In determining base salaries, we did not utilize a benchmarking analysis, but rather the decision reflects our judgment as to an appropriate amount of base salary in light of the Company's model of maintaining low fixed costs and the potential for substantial performance-based compensation.

Named executive officers' base salaries and subsequent adjustments, if any, are expected to be recommended to the Compensation Committee by the Executive Committee from time to time, based on a review of relevant market data and each executive's performance, as well as each executive's experience, expertise and position. Based on its review of the Executive Committee's recommendations, the Compensation Committee may approve adjustments to annual salaries at its discretion.

Cash Bonus

Cash bonus compensation is a key component of our executive compensation program. We may award cash bonus compensation under three arrangements: (i) our 2007 Senior Executive Bonus Plan; (ii) bonuses at the discretion of the Compensation Committee; and (iii) profit interests in JMP Group LLC or its subsidiaries under a profit interest plan.

2007 JMP Group Inc. Senior Executive Bonus Plan

We have established the 2007 JMP Group Inc. Senior Executive Bonus Plan, which was approved by stockholders in April 2007, that provides for the payment of non-equity incentive awards to our named executive officers. Such non-equity incentive awards may be awarded with reference to performance benchmarks in a manner similar to that which would be required under Section 162(m) of the Internal Revenue Code, or the Code, as deductible compensation expenses for a public company. However, we intend to rely on an exemption from Section 162(m) of the Code for a plan adopted prior to the time a company becomes a public company. This pre-initial public offering exemption will no longer be available to us after the date of our 2011 annual meeting. Subsequent to the expiration of this pre-initial public offering plan exemption, we intend to pay cash bonuses under this plan in a manner that qualifies for a performance based compensation exemption under Section 162(m).

On March 10, 2008, the Compensation Committee approved the performance goals and the maximum target awards with respect to performance in the 2008 fiscal year for each named executive officer under the 2007 Senior Executive Bonus Plan. The performance goals included: (i) a Company-based goal related to the performance of the Company as a whole, and (ii) an individual performance goal for each named executive

Table of Contents

officer related to the performance of a specific activity or the specific business units for which each named executive officer is responsible. Each of the 2008 performance goals operated independently of the other, so that a named executive officer could earn a non-equity incentive award upon the achievement of either the Company-based performance goal, the individual performance goal, or both.

The 2008 performance goals and corresponding maximum target non-equity incentive awards were as follows:

1. Company-based Performance Goal

Company Performance Goal	Maximum Target Award
The achievement by the Company of an operating margin of at least ten percent (10%) (excluding unusual and nonrecurring charges) for the fiscal year ending December 31, 2008.	\$5 million

2. Individual Performance Goals

Named Executive Officer	Individual Performance Goals	Maximum Target Award
Joseph A. Jolson	A positive residual interest in the compensation pool for each funds accounting small business unit in which Mr. Jolson is included.	The aggregate amount of such residual interests.
Craig R. Johnson	A positive residual interest in the compensation pool for the JMP Masters funds of funds.	The aggregate amount of such residual interests.
Thomas B. Kilian	Revenue from corporate finance transactions for which he is responsible as determined by normal attribution processes.	25% of the net revenues from such transactions.
Mark L. Lehmann	Net commission revenue from institutional house accounts as determined by normal attribution processes.	20% of trading commission revenues and 15% percent of syndicate commission revenues with respect to certain institutional investor accounts, subject to a potential 30% holdback and net of trading losses.
Carter D. Mack	Revenue from corporate finance transactions for which he is responsible as determined by normal attribution processes.	25% of the net revenues from such transactions.

Despite these maximum target award levels, the Compensation Committee retained the ability to apply negative discretion to reduce the amount of the actual bonus payment, based on a number of variables that are linked to Company and individual performance. The Company performance goal for 2008 was not satisfied, but the individual 2008 performance goals were satisfied. Accordingly, the Compensation Committee determined that a non-equity incentive award could be payable under the 2007 Senior Executive Bonus Plan to each named executive officer for the 2008 performance period but, in order to award bonuses to certain named executive officers that take general senior management responsibilities under consideration, the Compensation Committee determined to award a discretionary bonus outside of the 2007 Senior Executive Bonus Plan as described below.

Discretionary Bonus

The Compensation Committee awarded discretionary bonuses to the named executive officers outside of the 2007 Senior Executive Bonus Plan. In determining the discretionary bonus amount for the 2008 performance period, the Compensation Committee did not use quantitative targets of various operating measures in

Table of Contents

determining the amount of discretionary cash bonuses. Rather, the Compensation Committee utilized its discretion after considering qualitative and quantitative performance criteria related to: (i) general senior management responsibilities of each of our named executive officers, and (ii) revenue-generating activity that is attributable to each named executive officer's management responsibilities for a specific business unit of the Company, which were similar to the performance goals and target awards set forth above.

Once the potential bonus amount for revenue-generating activity was determined, the Compensation Committee further refined the actual bonus amounts for 2008 by using its discretion to determine an actual bonus amount for revenue-generating activity as well as an actual bonus amount for senior management activity. When making this determination of the actual bonus amount, the Compensation Committee evaluated the following performance factors: (i) quantitative measures such as the profitability, revenues and growth of each business unit; (ii) qualitative measures with regard to each business unit, such as the performance and effectiveness of non-revenue generating functions; (iii) quantitative performance measures for the Company as a whole, such as revenues, profitability and growth; and (iv) qualitative factors such as implementation of strategic initiatives, and overall senior management skill and effectiveness.

In addition, the Compensation Committee reviewed compensation recommendations from the Executive Committee, a third party compensation consultant report that provided summary data about executive officer compensation at comparable companies, previous compensation paid, and amounts payable to non-named executive officer employees in our business units. Ultimately, the Compensation Committee applied its discretion in determining the final bonus amount for 2008 that it deemed appropriate, based on its judgment and experience. The Compensation Committee did not apply benchmarks or other data-based formulas in determining a bonus amount.

Profit Interest Plan

We may in the future make discretionary cash payments to our named executive officers and others pursuant to potential future grants of profit interests in JMP Group LLC or its operating or other subsidiaries under a profit interest plan. Any distributions under such profit interests to managing directors under the plan will be included in the aggregate compensation to revenues ratio calculation. We retain the right to create and/or change the terms and conditions of grants of profit interests at any time.

Equity Awards

2008 Compensation Program

In 2008, the collapse of a number of investment banking firms and other entities, coupled with unprecedented disruption in the financial markets, caused our Executive Committee to review our 2007 Compensation Program, which provided that a certain percentage of year-end discretionary bonus awards were to be paid in the form of restricted stock units. In late 2008, our Executive Committee completed its review, which included feedback from a number of senior Company employees, a review of compensation practices at other companies, and considerations of the general market environment. As a result of this review, our Executive Committee recommended that the Compensation Committee adopt a revised equity compensation program and that it accelerate the vesting of equity awards granted under the 2007 Compensation Program to align such awards with the proposed new compensation program. In December 2008, the Compensation Committee considered and approved the recommendation of our Executive Committee to adopt the 2008 Compensation Program and to accelerate the vesting of equity awards previously awarded under the under the 2007 Compensation Program. In connection with such review, it obtained a report from Presidio Pay Advisers with respect to similar programs.

The Compensation Committee decided to move away from a compensation policy of including equity compensation as a significant percentage of total compensation and towards a policy of enabling the participant to choose between equity and cash because of the events of 2008 and the express desires of individuals to choose the form of their compensation. The Compensation Committee believes the 2008 Compensation Program

Table of Contents

maintains the retention value of the previous equity program with the staged release of amounts paid thereunder. In addition, along with the continuing ability to grant additional equity awards as longer-term incentives, it believes the 2008 Compensation Program addresses the goals of the compensation process in the retention of producers and alignment of employee and stockholder interests.

Our 2008 Compensation Program, implemented for compensation related to our 2008 fiscal year, provides that an employee may elect to receive a portion of total compensation (*i.e.*, salary and bonus) above and between certain breakpoints, or incremental amounts of total compensation, in either restricted stock or cash (which, for asset management personnel, may be invested in their fund and for others, in a money market account). These amounts serve as security for liquidated damages subject to forfeiture upon the breach of certain employment covenants, including non-competition covenants, made by employees in connection with their receipt of such compensation. The amounts that are subject to the program are released 50% at the end of each of the 2009 and the 2010 calendar year.

The following schedule sets forth the amount of total 2008 compensation that is subject to this program:

Breakpoints:	Incremental level of total compensation:		Incremental percentages subject to the 2008 Compensation Program:
Breakpoint 1	\$0	\$600,000	0%
Breakpoint 2	\$600,000	\$1,000,000	30%
Breakpoint 3	\$1,000,000	\$2,500,000	40%
Breakpoint 4	\$2,500,000+		50%

For example, a total 2008 compensation amount of \$900,000 would result in \$90,000 being subject to the program $((\$600,000 * 0\%) + (\$300,000 * 30\%)) = \$90,000$.

Two of our named executive officers, Messrs. Kilian and Lehmann, were eligible for participation in the 2008 Compensation Program. Each chose the issuance of restricted stock with respect to the compensation payable under this program. The summary of the amount payable and shares issued is as follows:

Name	Compensation Payable Under the Program	Grant Date	Grant Date Fair Value of Stock Awards⁽¹⁾	Number of Shares of Stock or Units⁽²⁾
Thomas B. Kilian	\$ 30,935	2/5/2009	\$ 5.00	6,187
Mark L. Lehmann	\$ 19,500	2/5/2009	\$ 5.00	3,900

(1) Closing price of our common stock reported by the New York Stock Exchange on February 5, 2009.

(2) Shares of restricted stock vested immediately and are subject to lockup as described under 2008 Compensation Program. Even though these restricted stock awards were related to the named executive officers' services rendered in 2008, the grants are not reflected in the 2008 Grants of Plan-Based Awards Table because the grant date was February 5, 2009. These grants will be included in the 2009 Grants of Plan-Based Awards Table in next year's proxy statement. The 2008 Grants of Plan-Based Awards Table includes grants made on January 16, 2008 that were related to services rendered in the 2007 fiscal year.

Acceleration of Vesting of Grants under 2007 Compensation Program

In light of the adoption of the 2008 Compensation Plan, and after reviewing information provided by Presidio Pay Advisors, in order to align the equity awards granted in connection with the 2007 Compensation Program with the 2008 Compensation Plan, the Compensation Committee approved the acceleration of the vesting of such awards as of December 22, 2008.

Table of Contents

In particular, the Compensation Committee approved the immediate acceleration of the vesting of 990,862 restricted stock units as of December 22, 2008. These vested restricted stock units remain subject to the terms and conditions of the applicable restricted stock unit agreement (a form of which is filed as an exhibit to the Company's Form 10-Q for the quarterly period ended March 31, 2008), which include lockup provisions and potential forfeiture if the holder breaches certain covenants, including non-competition covenants.

Because the Company's named executive officers were issued restricted stock units under the 2007 Equity Incentive Plan as compensation in January 2008, the acceleration in vesting resulted in the following amounts payable to the named executive officers as follows as of December 22, 2008:

- (i) 146,250 restricted stock units previously granted to Joseph A. Jolson in January 2008, vested immediately as of December 22, 2008 and had a current market value of \$713,700 at such date;
- (ii) 79,861 restricted stock units previously granted to Craig R. Johnson in January 2008, vested immediately as of December 22, 2008 and had a current market value of \$389,722 at such date;
- (iii) 43,450 restricted stock units previously granted to Carter D. Mack in January 2008, vested immediately as of December 22, 2008 and had a current market value of \$212,036;
- (iv) 43,450 restricted stock units previously granted to Mark L. Lehmann in January 2008, vested immediately as of December 22, 2008 and had a current market value of \$212,036;
- (v) 65,000 restricted stock units previously granted to Thomas B. Kilian in January 2008, vested immediately as of December 22, 2008 and had a current market value of \$317,200.

The current market value of the accelerated restricted stock units was calculated using the closing price of \$4.88 reported by the New York Stock Exchange on December 22, 2008.

Four-Year Cliff Restricted Stock Unit Awards

The Compensation Committee also considered and approved the grant of restricted stock units to each named executive officer, which restricted stock units vest 100% on the fourth anniversary from the date of grant, which was February 5, 2009. The Compensation Committee believed it important to provide long-term incentives to management, and believes that the grant of the restricted stock unit awards as set forth below reflect appropriate levels of compensation for the senior management services and align the interests of management and stockholders. The Compensation Committee applied its discretion in determining an amount of restricted stock unit awards that it deemed appropriate, based on its judgment and experience. The Compensation Committee did not apply benchmarks or other data-based formulas in determining the amount of restricted stock unit awards.

Name	Grant Date	Number of Shares of Stock or Units ⁽¹⁾	Grant Date Fair Value of Stock Awards ⁽¹⁾	Total Fair Value of Stock Awards at Grant Date
Joseph A. Jolson	2/5/2009	95,000	\$ 4.23	\$ 401,850
Craig R. Johnson	2/5/2009	80,000	\$ 4.23	\$ 338,400
Mark L. Lehmann	2/5/2009	95,000	\$ 4.23	\$ 401,850
Carter D. Mack	2/5/2009	95,000	\$ 4.23	\$ 401,850
Thomas B. Kilian	2/5/2009	35,000	\$ 4.23	\$ 148,050

- (1) These amounts and fair values reflect restricted stock units granted under the 2007 Equity Incentive Plan to each of our named executive officers. The market price at grant was \$5.00 per share and the resulting fair value was discounted for expected dividends which are not payable on unvested restricted stock units.

Even though these restricted stock unit awards were related to the named executive officers' services rendered in 2008, the grants are not reflected in the 2008 Grants of Plan-Based Awards Table because the grant date was February 5, 2009. These grants will be included in the 2009 Grants of Plan-Based Awards Table in next year's proxy statement.

Table of Contents*Other Compensation*

All of our named executive officers are eligible to participate in our employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all salaried employees and do not discriminate in favor of executive officers. It is generally our policy to not extend significant perquisites to our executives that are not available to our employees generally. We have no current plans to make changes to levels of such benefits and perquisites provided to executives.

CEO Compensation

The Compensation Committee will at least annually review and establish our goals and objectives relevant to CEO compensation, evaluate the CEO's performance in light of such goals and objectives, and determine and approve the CEO's compensation. In determining the bonus and long-term incentive component of the CEO's compensation for 2008, the Compensation Committee considered our performance and relative stockholder return, the value of similar incentive awards to CEOs at comparable companies, and the compensation of our CEO in past years. After consideration of such factors, as well as the bonus pool relative to the applicable compensation ratio with respect to the revenue mix, the Compensation Committee approved the grant of a bonus on the basis of such factors as well as the performance of the funds and other business units to which Mr. Jolson contributes.

2008 Grants of Plan-Based Awards

The following table sets forth information regarding grants of plan-based awards granted in 2008 to our named executive officers. These grants were a part of the restricted stock units made to certain of our employees in connection with our 2007 Compensation Program. As discussed above, the vesting of these restricted stock units was accelerated as of December, 22, 2008. Each vested restricted stock unit was settled in exchange for one share of our common stock, net of applicable tax withholding except in the case of Mr. Jolson, our CEO, who satisfied the tax liability without surrendering shares.

- (1) The amount in the column represents the maximum target award payable under the Company-based performance criterion. In addition, the Company established a maximum target award payable under individual performance criteria for each named executive officer, such as a percentage of revenue or a residual interest in a fund compensation pool. Due to the variable nature of the maximum target award payable under individual performance criteria, no maximum amount is shown in the 2008 Grants of Plan-Based Awards Table.
- (2) These amounts and fair values reflect restricted stock units granted on January 16, 2008 under the 2007 Equity Incentive Plan to each of our named executive officers. The market price at grant date was \$7.32 per share and the resulting fair value was calculated by discounting for expected dividends which are not payable on unvested restricted stock units. No other equity based awards were granted to such

employees or vested during 2008. The terms of these restricted stock awards are described above.

- (i) The address of Wellington Management Company, LLP (Wellington) is 75 State Street Boston, Massachusetts 02109. Information as to beneficial ownership by Wellington and its affiliates and its address as of December 31, 2008 is based solely on a filing relating to our common stock made by Wellington with the SEC under Section 13(d) and Section 13(g) of the Securities Exchange Act of 1934, as amended. Such filing did not identify any natural persons with voting or investment power over the shares beneficially owned by Wellington.

Equity Compensation Plan Information

In April 2007, the stockholders of the Company approved and adopted the 2007 JMP Group Inc. Equity Incentive Plan. Subject to adjustment, the plan authorizes the issuance of up to 4,000,000 shares of common stock pursuant to the grant or exercise of stock options, stock appreciation rights, restricted stock, stock units and other equity-based awards. The number of shares authorized for issuance under this plan will be increased by the number of shares underlying awards under this plan or our predecessor's 2004 JMP Group LLC Equity Incentive Plan to the extent that such shares or awards are forfeited, settled in consideration other than shares, surrendered to the Company, or otherwise revert to the Company in connection with an award, as well as increased by the number of shares repurchased by the Company in open market or privately negotiated repurchases provided, however, that such maximum aggregate number of shares shall be reduced by the number of units subject to awards made pursuant to the 2004 LLC Plan to the extent such awards exceed an aggregate of 2,960,000.

The following table provides information, as of December 31, 2008, with respect to compensation plans (including individual compensation arrangements) under which equity securities of the registrant are authorized for issuance.

Certain Relationships and Related Transactions

Partners Exchange Agreement

Persons and Shares Covered

In connection with our initial public offering, we entered into a partners exchange agreement with all of our managing directors (including each of our named executive officers). The shares covered by the partners exchange agreement include all shares of our common stock received by a managing director in exchange for his or her member interests (other than those purchased in our 2004 private offering) as of the completion of the initial public offering and shares received in exchange for or in respect of his or her shares through stock dividends, stock splits, reverse stock splits, spin-offs, split-ups, recapitalizations, combinations or exchanges of those shares. The shares of our common stock covered by the partners exchange agreement are referred to as covered shares.

Transfer Restrictions

Each managing director has agreed, among other things, to:

except as described below, not transfer, and to maintain sole beneficial ownership of, his or her covered shares for a period of four years after the completion of the initial public offering; provided, however, that each managing director who, in the reasonable judgment of our Executive Committee, continues to be actively engaged in our business, or who has resigned his or her employment and remains in compliance with the partners exchange agreement, may transfer up to 25%, 35% and 40%, respectively, of his or her covered shares following each of the second, third and fourth anniversaries of the completion of the initial public offering (which amounts shall include any shares sold in underwritten public offerings during the relevant period);

comply with the transfer restrictions relating to the covered shares imposed by the lock-up provisions of the underwriting agreement with respect to the initial public offering;

not transfer for two years following completion of the initial public offering, the common stock obtained by such managing director through the exercise of options granted by JMP Group LLC in 2005 and 2006; and

comply with other transfer restrictions relating to our shares of common stock when requested to do so by us and comply with our insider trading policies.

Transfers include, among other things, any disposition of the economic risks of ownership of covered shares, including short sales, option transactions and use of derivative financial instruments or other hedging arrangements with respect to our securities.

Sales Through Underwritten Public Offerings

Our Executive Committee may approve one or more underwritten public offerings to sell covered shares during the four-year transfer restrictions period, subject to the restrictions described below. Each managing director who, in the reasonable judgment of our Executive Committee, continues to be actively engaged in our

Table of Contents

business or has suffered a termination of employment resulting from a disability, or the heir or estate of any managing director who has died, may be allowed to participate in such an underwritten public offering on a pro rata basis with the covered shares of all other managing directors so participating, or on a lesser basis at his or her request or at the reasonable discretion of the underwriters. These underwritten public offerings will be subject to any other registration rights that we have granted or may in the future grant. Covered shares will also be subject to any underwriters' lock-up then in effect.

In addition, subject to the approval of the Executive Committee, our managing directors may be allowed to participate in underwritten offerings effected by the Company for other purposes, subject to the limitations described above and certain other limitations.

The Executive Committee may approve requests by a managing director to transfer covered shares to certain permitted transferees such as family members or family trusts, provided that these transferees will be subject to the same transfer restrictions applicable to the managing directors under the partners' exchange agreement.

Sales in Compliance With Rule 144 Under the Securities Act

Consistent with the transfer restrictions described above, and other than in compliance with the exceptions described above, managing directors generally will not be permitted to transfer covered shares during the four year restriction period following the completion of the initial public offering through sales effected in compliance with Rule 144 or otherwise. However, upon a termination of a managing director's employment due to his or her death, his or her heirs or estate will be permitted to sell covered shares in compliance with Rule 144.

Compliance with Securities Laws

In addition to the restrictions above, managing directors must comply with applicable securities laws in connection with any transfer of our common stock and may need to deliver an opinion of counsel in connection with any transfer. All transfer restrictions applicable to a managing director under the partners' exchange agreement terminate upon the death of such managing director or upon a change of control involving us.

Dividends

To the extent dividends are paid on covered shares while the managing director remains subject to the transfer restrictions of the partners' exchange agreement, the managing director will be entitled to such dividends.

Voting

Each managing director will be entitled to full voting rights with respect to his or her covered shares.

Confidentiality

Each managing director is required to protect and use confidential information in accordance with the restrictions placed by us on its use and disclosure.

Noncompetition

Each managing director will agree that during the period ending 12 months after the date the managing director ceases to be employed by us (other than as a result of a termination of the managing director's employment by us other than for cause), he or she may not:

form, or acquire a 5% or greater ownership, voting or profit participation interest in, any competitive enterprise; or

Table of Contents

associate with any competitive enterprise and in connection with such association engage in, or directly or indirectly manage or supervise personnel engaged in, any activity (i) which is similar or substantially related to any activity in which that managing director was engaged, in whole or in part, at our firm or (ii) for which that managing director had direct or indirect managerial or supervisory responsibility at our firm.

A competitive enterprise, is any business enterprise that engages in, or owns a significant interest in any entity that engages in any activity that competes directly or indirectly with the firm, including, without limitation, investment banking, underwriting, placement agent activities, public or private finance, financial advisory services, investment advice, merchant banking, asset or hedge fund management, private equity or other public or private investment funds, real estate investments, services or vehicles, securities research, brokerage, sales, lending, custody, clearance, settlement or trading, or any similar activities, services or products.

Nonsolicitation

During the period ending 12 months after the date a managing director ceases to be employed by us, that managing director may not, directly or indirectly, in any manner:

solicit any client with whom that managing director worked, or whose identity became known to him or her in connection with his or her employment with our firm, to transact business with a competitive enterprise or reduce or refrain from doing any business with our firm;

interfere with or damage any relationship between our firm and any client or prospective client; or

solicit any of our employees to apply for, or accept employment with, any competitive enterprise.

Transfer of Client Relationships

Each managing director is required, upon termination of his or her employment, to take all actions and do all things reasonably requested by us during a 90-day cooperation period to maintain for us the business, goodwill and business relationships with our clients with which he or she worked. To ensure the full focus and attention by such managing director during the 90-day period, the Executive Committee may determine to continue to pay such managing director his or her salary and require that they not accept any other employment or consulting engagement during such time.

Liquidated Damages

In the case of any breach of the confidentiality, noncompetition, nonsolicitation, transfer of client relationships, bankruptcy of a managing director or termination of the managing director's employment by us for cause (which includes willful dereliction of duties, bad faith, profession negligence, breach of law, policy or applicable regulation and commission of certain crimes), the managing director will be liable for liquidated damages. The liquidated damages obligation of each managing director is secured by the covered shares owned by that managing director (including through indirect ownership and ownership through affiliated entities) at the time of the completion of the initial public offering.

Term and Amendment

The partners' exchange agreement is in effect for ten years from the date of the completion of the initial public offering or until it is earlier terminated by us. A managing director seeking a waiver from, or amendment to, the partners' exchange agreement generally requires our Executive Committee's consent.

Table of Contents

Pledge Agreements

Each of our managing directors entered into a pledge agreement securing the liquidated damages provisions in the partners' exchange agreement by a pledge of the covered shares (including through indirect ownership and ownership through affiliated entities) at the time of the completion of the initial public offering. These pledges of our common stock will terminate on the earliest to occur of:

the death of the relevant managing director; or

proportionately with the lock-up expiration of 25%, 35% and 40%, respectively, on the second, third and fourth anniversaries of the date of the completion of the initial public offering.

The liquidated damages provisions in the partners' exchange agreement are in addition to the forfeiture of any existing or future equity-based awards that may occur as a result of the breach of any provisions contained in those awards. The liquidated damages and pledge arrangements do not preclude us from seeking any injunctive relief to which we may be entitled for a breach of the relevant provisions.

Tax Indemnification Agreement and Related Matters

Since our predecessor operating entity, JMP Group LLC, operated in limited liability company form prior to the initial public offering, its members, rather than us, generally will be liable for adjustments to taxes (including U.S. federal and state income taxes) attributable to its operations prior to the initial public offering. In connection with the initial public offering, we entered into a tax indemnification agreement to indemnify the members of JMP Group LLC against certain increases in taxes that relate to activities of JMP Group LLC and its affiliates prior to the initial public offering. We did not agree to indemnify any member for any tax matters identified by us which would require the recording of a loss contingency upon the completion of the initial public offering. The tax indemnification agreement includes provisions that permit us to control any tax proceeding or contest which might result in being required to make a payment under the tax indemnification agreement.

Relationships with Our Directors and Executive Officers

Through Harvest Capital Strategies LLC, our asset management subsidiary, we manage a number of hedge funds and other investment vehicles. Certain of our officers, directors, employees and related persons have invested in these funds. Such investors may, and often do, invest on terms and conditions more favorable than the other investors in these funds.

The portfolio managers of our funds do not pay the management fees and incentive fees attributable to any of their personal investments in the funds that they manage that ordinarily would have been charged to an outside investor. In addition, employees, including our named executive officers, typically pay one-half of the fees payable by an outside investor in such funds. Because Mr. Jolson, our chief executive officer, was the portfolio manager of one of our funds during the year ended December 31, 2008, he did not pay \$509,653 in fees which he otherwise would have been charged had he been an outside investor in the fund during that period. In addition, employees, including our named executive officers, typically pay one-half of the fees payable by an outside investor in such funds.

Other Transactions. Certain of our directors and officers and entities affiliated with our directors maintain brokerage accounts with us and maintain investments in investment funds that we manage and for which we are paid fees. In addition, companies that our directors are investors in, or are directors or officers of, from time to time may engage in transactions with us, including, for example, retaining us with respect to the provision of investment banking services.

Table of Contents

Review and Approval of Transactions with Related Persons

We attempt to analyze all transactions in which the Company (or our subsidiaries) participates and in which a related person may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable SEC rules and regulations. Related persons include any of our directors or executive officers, certain of our stockholders and their respective immediate family members. As it relates to our employees, officers and directors, pursuant to our Code of Business Conduct and Ethics, which is available on our website at www.jmpg.com, a conflict of interest arises when personal interests interfere with the ability to act in the best interests of the Company. Pursuant to our Code of Business Conduct and Ethics, our employees are to disclose any potential conflicts of interest to the Chief Compliance Officer or such officer's designees, who will advise the employee as to whether or not the Company believes a conflict of interest exists. Employees are also to disclose potential conflicts of interest involving their respective spouses, siblings, parents, in-laws, children, and members of their households. Non-employee directors are also to discuss any concerns with our Legal Department.

Policies and Procedures for Related Party Transactions

We have adopted a standard for approving any related party transactions, entitled Related Party Transaction Policies and Procedures. Pursuant to this policy, our executive officers and directors, including their immediate family members and affiliates, will not be permitted to enter into a related party transaction with us without the prior consent of our audit committee, or other independent committee of our board of directors in the case where it is inappropriate for our Audit Committee to review such transaction due to a conflict of interest. Any request for us to enter into a transaction with an executive officer or director, or any of such person's immediate family members or affiliates, in which the amount involved exceeds \$100,000, must first be presented to our audit committee or other independent committee for approval.

We believe that these policies and procedures collectively ensure that all related person transactions requiring disclosure under SEC rules are appropriately reviewed and approved or ratified.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2009. We are submitting this appointment of independent registered public accounting firm for stockholder ratification at the Annual Meeting.

Neither applicable law nor our organizational documents require that our stockholders ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, however, the Audit Committee believes that it is consistent with good corporate practice to allow stockholders an opportunity to express their views on this appointment. If the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2009, the Audit Committee will reconsider whether or not to continue the engagement of PricewaterhouseCoopers LLP. Even if the appointment of PricewaterhouseCoopers LLP is ratified, the Audit Committee, in its discretion, may discontinue the engagement of PricewaterhouseCoopers LLP and engage different independent registered public accounting firms at any time during the year if it determines that such a change is necessary or appropriate at such time.

(2) Includes audit services in connection with the initial public offering in 2007.

(3) Consists primarily of tax compliance and planning.

Audit Committee Pre-Approval of Audit and Non-Audit Services

Our Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by our independent registered public accounting firm. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee has delegated its pre-approval authority to the Chairman of the Audit Committee. The Chairman is required to report any decisions to the Audit Committee at the next scheduled committee meeting.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of our common stock, to file reports of ownership of, and transactions in, our common stock with the SEC within certain time periods following events giving rise to such filing requirements. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no such filings were required for such persons, other than a Form 4 reporting the settlement of a restricted stock unit grant to our director Mr. Barton in May 2008 that was filed late, the Company believes that all Section 16(a) filing requirements applicable to such officers, directors and 10% stockholders were met during 2008.

Incorporation by Reference

To the extent that this Proxy Statement is incorporated by reference into any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934, the sections of this Proxy Statement entitled Compensation Committee Report, and Audit Committee Report (to the extent permitted by the rules of the SEC) will not be deemed incorporated, unless specifically provided otherwise in such filing.

Stockholder Proposals for 2010 Annual Meeting of Stockholders

Stockholders who, in accordance with Rule 14a-8 under the Exchange Act, wish to present proposals for inclusion in the proxy materials to be distributed by us in connection with our 2010 Annual Meeting of Stockholders must submit their proposals to our Secretary on or before January 3, 2010, 120 days before the first anniversary of the date of release of this Proxy Statement. As the SEC rules make clear, simply submitting a proposal does not guarantee its inclusion.

In accordance with Section 2.9 of our Bylaws, for a matter not included in our proxy materials to be properly brought before the 2010 Annual Meeting of Stockholders, a stockholder's notice of the matter the stockholder wishes to present must be delivered to our Secretary at JMP Group Inc. 600 Montgomery Street, Suite 1100, San Francisco, California 94111 as follows:

1. If the 2010 Annual Meeting is scheduled to take place within 30 days before or after the first anniversary date of the 2009 Annual Meeting, such notice shall be delivered not less than 90 days nor more than 120 days prior to the first anniversary of the date on which we first mail our proxy materials for the 2009 Annual Meeting; or
2. If the date of the 2010 Annual Meeting is changed more than 30 days from the first anniversary date of the 2009 Annual Meeting, such notice shall be delivered not less than 90 days nor more than 120 days prior to the date on which we first mail our proxy materials for 2010.

Assuming that the 2010 Annual Meeting occurs within 30 days before or after the first anniversary date of the 2009 Annual Meeting, any such notice given by or on behalf of a stockholder pursuant to these provisions of our Bylaws (and not pursuant to SEC Rule 14a-8) must be received no earlier than January 3, 2010 and no later than February 3, 2010.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics applicable to all of our directors and employees, including our principal executive officer, principal financial officer and other employees performing similar functions. A copy of this Code of Business Conduct and Ethics is available in the Investor Relations Corporate Governance section of our website at www.jmpg.com.

Reporting of Concerns Regarding Accounting and Other Matters

We have adopted procedures for employees, shareholders and other interested parties to communicate concerns regarding accounting, internal accounting controls or auditing matters to the Audit Committee of the Board of Directors and other matters to our independent directors. Such procedures are described in the Investor Relations Corporate Governance section of our website at www.jmpg.com. An independent provider will initially receive and process communications and communications will be forwarded to Company management, who will evaluate and forward to the Audit Committee of the Board of Directors or to our independent directors as appropriate, depending on the facts and circumstances outlined in the communication.

Householding

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This practice, known as householding, is designed to reduce the volume of duplicate information and reduce printing and postage costs.

If you and others who share your mailing address own our common stock in street name, meaning through bank or brokerage accounts, you may have received a notice that your household will receive only one annual report and proxy statement from each company whose stock is held in such accounts. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it and a single copy of our proxy statement and annual report has been sent to your address.

We will promptly deliver separate copies of our proxy statement and annual report at the request of any stockholder who is in a household that participates in the householding of our proxy materials. You may send your request by mail to our Secretary, Janet L. Tarkoff, at JMP Group Inc., 600 Montgomery Street, Suite 1100, San Francisco, CA 94111 or by telephone at (415) 835-8900.

Communicating with the Board of Directors, the Presiding Director or with the Non-Management Members as a Group

Stockholders or other interested parties may communicate with the Board of Directors, any committee or individual member of the Board of Directors, the Presiding Director or the non-management members of the Board of Directors, by writing to: Board of Directors, JMP Group Inc., 600 Montgomery Street, Suite 1100, San Francisco, CA 94111, Attn: Chief Legal Officer and Secretary. All such communications are reviewed by our Chief Legal Officer and then presented to our Board of Directors, a committee or an individual member of the Board of Directors, the Presiding Director or the non-management members of the Board of Directors, as applicable, at the subsequent regularly scheduled meeting of the Board of Directors.

Other Matters

At the date hereof, there are no other matters that the Board of Directors intends to present at the Annual Meeting. If other matters come before the Annual Meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters.
