Item 1.01 Entry Into a Material Definitive Agreement

On October 21, 2009, Nara Bancorp, Inc. (the Company) entered into a purchase agreement (the Purchase Agreement) with Keefe, Bruyette & Woods, Inc. (the Underwriter), pursuant to which the Company will issue and sell to the Underwriter 10,000,000 shares of the Company's common stock, par value \$0.001 per share, at \$7.14375 per share. The public offering price of the shares is \$7.50 per share. The Company has also granted the Underwriter an option to purchase up to 1,500,000 additional shares at the public offering price less the underwriting discount to cover over-allotments, if any. The option will expire 30 days from October 21, 2009.

The net proceeds to the Company after deducting underwriting discounts and commissions and estimated offering expenses are expected to be approximately \$71.2 million. In the event that the Underwriter elects to purchase the full amount of shares subject to its option, the net proceeds to the Company would be expected to be approximately \$82.0 million after deducting underwriting discounts and commissions and estimated offering expenses. The Company intends to use the net proceeds of the offering for general corporate purposes. These purposes include funding working capital requirements, supporting growth of the Company's banking business, including both internal growth and growth from possible acquisitions, and related regulatory capital needs.

The shares will be issued pursuant to a prospectus supplement filed as part of a shelf registration statement previously filed with the Securities and Exchange Commission on Form S-3 (No. 333-161992).

The Purchase Agreement contains customary representations, warranties, conditions to closing, indemnification rights and obligations of the parties. The closing is expected to occur and delivery of the shares is expected to be made on or about October 27, 2009.
