Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

The following disclosure is provided pursuant to subsection (e) of Item 5.02 of Form 8-K.

On February 8, 2012, the Board of Directors (the Board) of Gen-Probe Incorporated (the Company), acting on the recommendation of the Compensation Committee, approved and adopted a new form of Employee Stock Option Agreement and a new form of Stock Option Grant Notice (together, the 2012 Employee Stock Option Agreement and Grant Notice) for use under The 2003 Incentive Award Plan of Gen-Probe Incorporated (the 2003 Plan) which, among other things, provides for (i) a so-called double trigger acceleration in connection with a Change in Control (as defined in the 2003 Plan) of the Company and (ii) the automatic exercise of the stock option upon expiration of the stock option if the Fair Market Value (as defined in the 2003 Plan) of the shares subject to the stock option exceeds the exercise price of the shares subject to the stock option by more than one percent (1%).

Prior to the adoption of the 2012 Employee Stock Option Agreement and Grant Notice, the Company's form of employee stock option award agreement included a so-called single-trigger acceleration clause, which provided that such stock option would accelerate and become immediately exercisable as to all shares subject to such stock option as a result of the occurrence of a Change in Control. The primary difference between a single-trigger change in control clause and a double-trigger change in control clause is that a stock option subject to a double-trigger change in control clause requires that an employee be terminated in connection with the Change in Control in order for all of the shares subject to the stock option to accelerate and become immediately exercisable. The Company intends to use the new 2012 Employee Stock Option Agreement and Grant Notice form on a prospective basis for stock options granted to employees under the 2003 Plan on or after February 8, 2012.

The Board also approved and adopted the Sixth Amendment to The 2003 Incentive Award Plan of Gen-Probe Incorporated (the 2003 Plan Amendment) to enable the modifications to the 2012 Employee Stock Option Agreement and Grant Notice described above.

The foregoing description of the 2012 Employee Stock Option Agreement and Grant Notice is only a summary, does not purport to be complete, and is qualified in its entirety by reference to the full text of the 2012 Employee Stock Option Agreement and Grant Notice, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference. The foregoing summary of the 2003 Plan Amendment is qualified in its entirety by reference to the terms of the 2003 Plan Amendment, which will be filed by the Company as an exhibit to its Quarterly Report on Form 10-Q for the period ending March 31, 2012.
