**PROXY STATEMENT**

**FOR ANNUAL MEETING OF SHAREHOLDERS**

**TO BE HELD APRIL 20, 2012**

Your proxy is solicited by the Board of Directors of Graco Inc. in connection with our Annual Meeting of Shareholders to be held on April 20, 2012 and any adjournments of that meeting (the Meeting).

We have provided you with access to our proxy materials on the Internet. We are providing a Notice Regarding the Availability of Proxy Materials (the Notice) to our shareholders of record and our beneficial owners. All shareholders will have the ability to access the proxy materials free of charge on the website identified in the Notice or request email or paper copies of the proxy materials. The Notice contains instructions on how to access the proxy materials through the Internet or request electronic or paper copies. If your shares are held by a broker, bank, broker-dealer or similar organization, you are the beneficial owner of shares held in street name and the notice will be forwarded to you by that organization. As the beneficial owner, you have the right to direct the organization holding your shares how to vote the shares.

The costs of the solicitation, including the cost of preparing and mailing the Notice, Notice of Annual Meeting of Shareholders, and this Proxy Statement, will be paid by us. Solicitation will be primarily through Internet availability of this Proxy Statement to all shareholders entitled to vote at the Meeting. Proxies may be solicited by our officers personally, but at no compensation in addition to their regular compensation as officers. We may reimburse brokers, banks and others holding shares in their names for third parties, for the cost of forwarding proxy material to, and obtaining proxies from, third parties. The Notice will be mailed to shareholders on or about March 7, 2012, and the proxy materials will be available at that time on [www.proxyvote.com](http://www.proxyvote.com).

Proxies may be revoked at any time prior to being voted by giving written notice of revocation to our Secretary. All properly executed proxies received by management will be voted in the manner set forth in this Proxy Statement or as otherwise specified by the shareholder giving the proxy.

Shares voted as abstentions on any matter (or a withhold vote for as to directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the Meeting, and as unvoted (although present and entitled to vote) for purposes of determining the approval of each matter as to which the shareholder has abstained. If a broker submits a proxy which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the Meeting, but will not be considered as present and entitled to vote with respect to such matters. The election of directors, the advisory vote on our executive compensation, the vote to increase the number of shares authorized for the Employee Stock Purchase Plan, the vote on the Incentive Bonus Plan and the shareholder proposal to adopt majority voting for the election of directors will be considered proposals on which your broker does not have discretionary authority to vote. Thus, if your shares are held in street name and you do not provide instructions as to how your shares are to be voted on these matters, your broker or other nominee may not be able to vote your shares in these matters. Accordingly, we urge you to provide instructions to your broker or nominee so that your votes may be counted on these matters. You should vote your shares by following the instructions provided on the voting instruction card that you receive from your broker.

The vote required for the election of directors is a plurality of votes cast. The vote required to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year 2012, the vote to increase the number of shares authorized for the Employee Stock Purchase Plan, the vote on the Incentive Bonus Plan and the vote on the shareholder proposal require the approval of the greater of a majority of the shares present at the Meeting and entitled to vote, or a majority of the voting power of the minimum number of shares necessary to constitute a quorum. In addition, the total votes cast on the proposal to increase the number of shares authorized for the Employee Stock Purchase Plan must represent over 50% of the shares entitled to vote. The advisory vote on our executive compensation is advisory and non-binding. However, the Board will consider shareholders to have approved our executive compensation if the number of the votes cast for that proposal exceeds the number of votes cast against that proposal.

## Edgar Filing: GRACO INC - Form DEF 14A

Only shareholders of record as of the close of business on February 21, 2012 may vote at the Meeting. As of that date, there were 60,003,948 issued and outstanding common shares of Graco Inc. (which we refer to in this Proxy Statement as us, we, Graco, our Company or the Company ), the only class of securities entitled to vote at the Meeting. **PROPOSAL 1**

**ELECTION OF DIRECTORS**

**NOMINEES AND OTHER DIRECTORS**

The number of directors of our Company is set at nine; there are currently nine directors. The directors are divided into three classes, each class being as equal in number as reasonably possible. Vacancies may be filled by a majority vote of the directors then in office, though less than a quorum, and directors so chosen are subject to election by the shareholders at the next Annual Meeting of Shareholders. Directors elected at an Annual Meeting of Shareholders to succeed directors whose terms expire are elected for three-year terms. Our Board policy states that a director shall retire from the Board effective as of the date of the Annual Meeting of Shareholders next following his or her 75<sup>th</sup> birthday, unless our Board waives this requirement. At the Meeting, three persons will be nominated for election to our Board of Directors.

Upon recommendation of the Governance Committee, which acts as the nominating committee of the Board, the Board has nominated William J. Carroll, Jack W. Eugster and R. William Van Sant for three-year terms expiring in the year 2015. Mr. Carroll, Mr. Eugster and Mr. Van Sant, whose current terms expire at the Meeting, have previously been elected as directors by the shareholders of our Company.

Unless otherwise instructed not to vote for the election of directors, proxies will be voted to elect the nominees. A director nominee must receive the vote of a plurality of the voting power of shares present at the Meeting in order to be elected. Unless the Board reduces the number of directors, your proxy will be voted to elect any replacement nominee designated by the Board in the event that a nominee is unable or unwilling

to serve.

The following information is given with respect to the three nominees for election and the other six directors whose terms of office will continue after the Meeting. Except as noted below, each of the nominees and directors has held the same position, or another executive position with the same employer, for the past five years.

**The Board of Directors, upon recommendation of the Governance Committee, recommends that shareholders vote FOR the election of Messrs. Carroll, Eugster and Van Sant to terms expiring in 2015.**

### **DIRECTOR INDEPENDENCE**

Our Board of Directors has determined that Mr. Carroll, Mr. Etchart, Mr. Eugster, Mr. Gilligan, Mr. Mitau, Ms. Morfitt, Mr. Van Dyke and Mr. Van Sant are independent directors. The independent directors constitute a majority of the Board, and the only director who is not independent is Mr. McHale, the Company's President and Chief Executive Officer. In making its determination regarding the independence of the directors, our Board noted that each independent director meets the standards for independence set out in Section 303A.02 of the New York Stock Exchange corporate governance rules, and that there is no material business relationship between our Company and any independent director, including any business entity with which any independent director is affiliated.

In making its determination, our Board reviewed information provided by each of the independent directors and information gathered by our management, and determined that none of the independent directors, other than Mr. Mitau, have any relationship with the Company other than as a director and/or shareholder. Some of our non-employee directors are or were during the previous three fiscal years a non-management director of another company that did business with us during these years, and/or a non-executive director of one or more charitable organizations to which our Company's charitable foundation made a contribution during those years. The Board specifically considered that Mr. Mitau serves as Executive Vice President and General Counsel of U.S. Bancorp. In 2011, our Company paid certain subsidiaries of U.S. Bancorp approximately \$65,000 for transactional deposit services, including those related to cash management, credit card processing and letters of credit;

---

## **Table of Contents**

approximately \$38,000 for interest expense; and approximately \$452,000 for service fees related to our revolver and credit lines. The revolver services provided during 2011 were not advisory in nature. Our banking and borrowing relationship with U.S. Bancorp predates Mr. Mitau's service on our Board and Mr. Mitau has never been personally involved in any way in the negotiation of our business terms or relationships with the U.S. Bancorp subsidiaries with which we do business. The total amount our Company paid to U.S. Bancorp's subsidiaries in 2011, approximately \$555,000, falls significantly below 2 percent of U.S. Bancorp's 2011 gross revenues, or \$382 million, which is the threshold for determining independence under the New York Stock Exchange's independence standards. The Board determined that neither the nature of the relationship between U.S. Bancorp (including the subsidiaries with which we do business) and our Company nor the amount of payments was material to either Graco or U.S. Bancorp. Moreover, our Board concluded that Mr. Mitau does not have a material interest in the foregoing transactions because he was not directly involved in the transactions nor does he derive any special benefit related to the transactions, and the transactions with U.S. Bancorp's subsidiaries were the result of a competitive bidding process and arm's-length negotiations.

## **BOARD LEADERSHIP STRUCTURE**

Our Corporate Governance Guidelines provide for the position of Chairman of the Board of Directors, who may or may not be the same person who serves as our President and Chief Executive Officer. Mr. Mitau has served as our independent Chairman of the Board from May 2002 until April 2006 and again since June 2007. Our Board currently believes that separating the roles of Chairman of the Board and CEO is appropriate for our Company because, during difficult or volatile economic times such as those we recently experienced, it is desirable to have our CEO focused on the management and operation of our business without the additional responsibilities of Chairman. Moreover, Mr. Mitau has significant public company experience. Our Corporate Governance Guidelines set forth several responsibilities of the Chairman of the Board, including setting agendas for board meetings and presiding at executive sessions of non-employee directors.

## **BOARD OVERSIGHT OF RISK**

Our Board of Directors takes an active role in oversight of our Company's risk by assessing risks inherent in the Company's decisions and key strategies. The Audit Committee specifically discusses policies with respect to risk assessment and risk management as part of its responsibility to oversee the Company's compliance with legal and regulatory requirements.

The Company engages in an Enterprise Risk Management (ERM) process. The ERM process consists of periodic risk assessments performed by each division, region and functional group during the year. Executive management periodically reviews the divisional, regional and functional risk assessments. These assessments are presented to the Audit Committee each September for approval to ensure completeness, appropriate oversight and review. While our Board leadership structure results from the considerations described above, we believe that the active oversight role played by our Audit Committee, which consists solely of independent directors, provides the appropriate level of independent oversight of risk within our Company.

## **MEETINGS OF THE BOARD OF DIRECTORS**

During 2011, our Board of Directors met six times. Attendance of our directors at all Board and Committee meetings averaged 96 percent. During 2011, every director attended at least 75 percent of the aggregate number of meetings of the Board and all committees of the Board on which he or she served. Our Corporate Governance Guidelines require that each director make all reasonable efforts to attend the Company's Annual Meeting of Shareholders. In 2011, all of the directors attended the Annual Meeting of Shareholders. Each regularly scheduled meeting of the Board includes an executive session of only non-employee directors. Mr. Mitau, Chairman of the Board, presides at the executive sessions.

**Table of Contents**

The Audit Committee is composed entirely of directors who meet the independence requirements of Rule 10A-3(b) under the Securities Exchange Act of 1934. All of the Audit Committee members are, in the judgment of the Board, financially literate. Our Board has determined that Mr. Carroll, Mr. Van Dyke and Mr. Van Sant are audit committee financial experts.

The Audit Committee assists the Board in its oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualification and independence of the independent auditor, and the performance of the internal audit function and the independent auditors.

The responsibilities of the Audit Committee are set forth in a written charter. The Audit Committee has reviewed and reassessed the adequacy of its charter and concluded that the charter satisfactorily states the responsibilities of the Audit Committee. The Audit Committee Charter was most recently approved by the Board on February 18, 2011.

**Governance Committee** (3 meetings in fiscal year 2011)

The Governance Committee has the following functions:

Sets criteria for the selection of prospective Board members, identifies and recruits suitable candidates, and presents director nominees to the Board;

Periodically evaluates our Company's shareholder value protections, board structure, and business continuity provisions, and recommends any changes to the Board; and

Recommends to the Board requirements for Board membership, including minimum qualifications and retirement policies; the appropriate number of directors; the compensation, benefits and retirement programs for directors; the committee structure, charters, chairs and membership; the number and schedule of Board meetings; a set of Corporate Governance Guidelines; and the appropriate person(s) to hold the positions of Chair of the Board and Chief Executive Officer.

The responsibilities of the Governance Committee are fully set forth in its written charter, which was most recently approved by the Board on February 17, 2006.

## **Table of Contents**

The responsibilities of the Management Organization and Compensation Committee are fully set forth in its written charter, which was most recently approved by the Board on February 18, 2011.

## **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

None of the members of the Board who served on the Management Organization and Compensation Committee during 2011 has ever been an officer or employee of our Company or any of its subsidiaries.

## **DIRECTOR QUALIFICATIONS AND SELECTION PROCESS**

### **Qualification Standards**

Our Company will only consider as candidates for director individuals who possess a high level of ethics, integrity and values, and who are committed to representing the long-term interests of our shareholders. Such candidates must be able to make a significant contribution to the governance of our Company by virtue of their business and financial expertise, educational and professional background, and current or recent experience as a chief executive officer or other senior leader of a public company or other major organization. The business discipline that may be sought at any given time will vary depending on the needs and strategic direction of our Company, and the disciplines represented by incumbent directors. In evaluating candidates for nomination as a director of Graco, the Governance Committee will also consider other criteria, including geographical representation, independence, practical wisdom, mature judgment and the ability of the candidate to represent the interests of all shareholders and not those of a special interest group. One or more of our directors is required to possess the education or experience required to qualify as an audit committee financial expert as defined in the applicable rules of the Securities and Exchange Commission.

Once elected, all directors are subject to the standards set forth in our Corporate Governance Guidelines which include, among others, the requirement to resign from the Board effective as of the date of the Annual Meeting of Shareholders next following the director's 75<sup>th</sup> birthday, unless the Board waives such requirement, and the requirement to tender the director's resignation if his or her employment status significantly changes.

The Governance Committee is responsible for the identification and recruitment of suitable prospective director candidates and has the sole authority to hire an outside search firm to identify director candidates. The Governance Committee may retain an outside search firm as a resource for future candidate sourcing and succession planning as the Governance Committee deems appropriate.

### **Qualifications of Current Directors**

All of our directors meet the qualification standards and expectations described above. In addition to possessing a high level of ethics, integrity and values, excellent judgment and a commitment to representing the long-term interests of our shareholders, each of our directors brings a particular set of skills and experience that enable them to make a significant contribution to the governance of our Company. ### **Board Diversity**

In considering whether to recommend an individual for election to our Board, the Governance Committee considers diversity of experience, geographical representation, gender and race, in addition to the other qualifications described in the Qualification Standards section of this Proxy Statement. The Committee views diversity expansively and considers, among other things, functional areas of business and financial expertise, educational and professional background, and those competencies that it deems appropriate to develop a cohesive Board such as ethics, integrity, values, practical wisdom, mature judgment and the ability of the candidate to represent the interests of all shareholders and not those of a special interest group.

Our Board of Directors and each of its committees engage in an annual self-evaluation process. As part of that process, directors, including our President and Chief Executive Officer, provide feedback on, among other things, whether the Board has the right set of skills, experience and expertise. This evaluation encompasses a consideration of diversity as described above.

### **Nominee Selection Process**

The selection process for director candidates reflects guidelines established from time to time by the Governance Committee. A shareholder seeking to recommend a prospective candidate for the Governance Committee's consideration should submit such recommendation in writing, addressed to the Governance Committee in care of the Secretary of the Company at our Company's corporate headquarters. Our bylaws provide that timely notice must be received by the Secretary not less than 90 days prior to the anniversary of the date of our Annual Meeting of Shareholders. The nominations must set forth: (i) the name, age, business and residential addresses and principal occupation or employment of each nominee proposed in such notice; (ii) the name and address of the shareholder giving the notice, as it appears in our Company's stock register; (iii) the number of shares of capital stock of our Company which are beneficially owned by each such nominee and by such shareholder; and (iv) such other information concerning each such nominee as would be required under the rules of the Securities and Exchange Commission in a proxy statement soliciting proxies for the election of such nominee. Such notice must also include a signed consent of each such nominee to serve as a director of our Company, if elected. Shareholder nominees will be evaluated in the same manner as nominees from other sources.

### **DIRECTOR COMPENSATION**

Effective May 1, 2011, the annual retainer paid to each non-employee director of Graco, except the non-employee Chairman, was increased from \$32,000 to \$38,000. The non-employee Chairman continued to be paid at the rate of \$75,000 per annum. We also pay annual retainers of \$5,000 for the Chair of the Governance Committee, and \$7,500 for the Chair of the Management Organization and Compensation Committee. Effective May 1, 2011, the annual retainer for the Chair of the Audit Committee was increased from \$7,500 to \$10,000. The non-employee directors received a meeting fee of \$1,500 for each Board meeting attended. The meeting fee for each of our three Committees is \$1,200 per meeting. The meeting fee for attendance by telephone at any in-person or telephonic Board or Committee meeting is one-half of the fee for in-person attendance. All retainer and meeting fees are paid in arrears.

A non-employee director may elect to receive shares of our common stock instead of cash for all or part of the director's annual retainer (including committee chair retainer) and meeting fees. A director may choose to receive the shares currently or defer receipt until the director leaves the Board, at which time the director may receive the shares in a lump sum or installments. Payments, whether in a lump sum or by installments, will be made in shares of common stock, plus cash in lieu of any fractional share. When our Board declares a dividend, the director's deferred stock account is credited with additional shares of stock in an account held by a trustee in the name of the non-employee director equivalent to the number of shares that could be purchased with the dividends at the current fair market value of the shares.

Non-employee directors receive an annual option grant. In 2011, non-employee directors received an annual option grant of 7,100 shares on the date of the Company's Annual Meeting of Shareholders. The number of shares granted was based on an estimated Black-Scholes value of \$14.16 per share on April 1, 2011, and an economic value of approximately \$100,000. Upon first joining the Board, non-employee directors are also eligible to receive an initial option grant with an economic value equal to the economic value of the most recent option grant for non-employee directors. There were no first-time non-employee director appointments in 2011. Options granted to non-employee directors are issued under the Graco Inc. 2010 Stock Incentive Plan, are non-statutory, have a 10-year duration and become exercisable in equal installments over four years, beginning with the first anniversary of the date of the grant. The option exercise price is the fair market value of the stock on the date of grant, as defined in the Plan. The Plan defines "fair market value" as the last sale price of the stock as reported by the New York Stock Exchange on the date immediately prior to the date of grant. At the February 2012 meeting, the Management Organization and Compensation Committee, which administers the Company's equity plans, approved an amendment to all outstanding and future stock option award agreements of the directors to allow the directors to exercise their stock options through net exercises as more fully described on page 26 of this Proxy Statement.

**Table of Contents**

Our Board's philosophy is to target retainer and meeting fee compensation at the median of the market, and target equity compensation in the form of stock options above the median of the market, in order to attract and retain capable board members and to strengthen the link between our director compensation program and the interest of our shareholders in Graco stock performance.

Our Governance Committee retained Towers Watson to conduct a peer group comparison of director compensation and present such data at its February 2011 meeting. The peer companies selected for the comparison matched the peer group identified for executive compensation on page 20 of the Compensation Discussion and Analysis section of the Proxy Statement for the 2011 Annual Meeting of Shareholders. In reviewing the peer group comparison, the Governance Committee concluded that the current base retainer and Audit Committee retainer fell below the median of the peer group. As a result, the Board of Directors, upon recommendation of the Governance Committee, determined that, effective May 1, 2011, the annual base retainer for non-employee directors (excluding the Chairman) would increase from \$32,000 to the peer group median of \$38,000, and the Audit Committee Chair annual retainer would increase from \$7,500 to the peer group median of \$10,000. In addition, our Board determined that its method for setting the annual stock option award for the non-employee directors would change from a fixed share to an economic value approach to reduce director compensation volatility. Our Board set the economic value for their 2011 stock option award at \$100,000, which is in the upper quartile of the peer group.

Our Governance Committee requested that the Graco Compensation Department conduct a peer group comparison of director compensation and present such data at its February 2012 meeting. The peer companies used for the 2012 benchmarking study matched the peer group identified for executive compensation on page 21 in the Compensation Discussion and Analysis section of this Proxy Statement. In reviewing the peer group comparison, the Governance Committee concluded that its current retainer and meeting fee compensation, in the aggregate, is approximately at the median of the peer group, and that its equity compensation, in the aggregate, is in the upper quartile of the peer group, so no changes were proposed for 2012.

Share ownership guidelines for our directors were adopted effective February 15, 2008. The guidelines require each of our non-employee directors to own a minimum of approximately five times the total value of their annual retainer and meeting fees in Company stock. Shares of common stock directly and beneficially owned, as well as phantom stock shares, are used to calculate each director's ownership level; stock options are not used. Directors have five years from their initial date of appointment to reach the minimum ownership level. All of our directors who have served for at least five years exceed this ownership requirement.

In February 2001, our Board terminated the retirement benefit for non-employee directors, which provided that, upon cessation of service, a non-employee director who has served for five full years or more will receive payments for five years at a rate equal to the director's annual retainer in effect on the director's last day of service on the Board. At the September 18, 2008 Governance Committee meeting, the Committee clarified that the annual retainer calculation shall be set at the rate then in effect for the non-Chairman annual retainer and shall not include Committee Chair retainer fees. Such retirement payments will be prorated and made quarterly. Payments will be made in accordance with this retirement benefit to Mr. Mitau, Ms. Morfitt and Mr. Van Dyke upon their respective retirements.

- (1) Mr. Van Dyke elected to receive all retainer and meeting fees in cash. Mr. Carroll elected to receive 75 percent of his retainer and meeting fees in cash and 25 percent in deferred stock. receive 25 percent of his retainer fees in cash and 75 percent in deferred stock and 100 percent of his meeting fees in deferred stock. All other non-employee directors elected to receive all retainer and meeting fees in deferred stock.

- (2) During all or a portion of their service on the Board, Messrs. Carroll, Eugster, Gilligan, Mitau, Van Dyke, Van Sant and Ms. Morfitt have elected to defer the receipt of stock. The amounts in the Stock Awards column reflect the sum of the grant date fair values of the stock, whether deferred or direct stock, for each of the four calendar quarters. Grant date fair value is based on the closing price of the stock on the last trading day of the calendar quarter. The Deferred Stock Account balances as of 2011 year-end are as follows:

	Account Balance
Mr. Carroll	13,716 shares
Mr. Eugster	10,254 shares
Mr. Gilligan	17,721 shares
Mr. Mitau	41,838 shares
Ms. Morfitt	24,002 shares
Mr. Van Dyke	23,470 shares
Mr. Van Sant	13,244 shares

- (3) Each non-employee director received an annual option grant of 7,100 shares on April 21, 2011, the date of the Annual Meeting of Shareholders. The amounts reported in the Option Awards column represent the aggregate grant date fair value of stock options granted in 2011, computed in accordance with financial accounting principles, which is based on a per share value of \$14.01 for options granted on April 21, 2011. Information concerning the assumptions used in accounting for equity awards may be found in Item 8, Financial Statements and Supplementary Data, Note H to the Consolidated Financial Statements in the Company's 2011 Annual Report on Form 10-K. The aggregate number of outstanding option grants at year-end 2011 are as follows:

	Unvested Shares	Exercisable Shares
Mr. Carroll	20,000	36,075
Mr. Etchart	13,550	2,150
Mr. Eugster	20,000	31,200
Mr. Gilligan	20,000	36,075
Mr. Mitau	20,000	36,075
Ms. Morfitt	20,000	7,200
Mr. Van Dyke	20,000	36,075
Mr. Van Sant	20,000	31,200

- (4) Prior to February 2001, non-employee directors who served five or more full years on the Board were eligible for a retirement benefit when they left the Board. In February 2001, the Board terminated this retirement benefit for those non-employee directors who had not met the five-year service level. Mr. Mitau, Ms. Morfitt and Mr. Van Dyke, who satisfied the service requirement in 2001, will receive this retirement benefit when they leave the Board. The underlying plan provides that, upon retirement, an eligible non-employee director shall receive quarterly payments for five years equal to one-fourth of the annual base retainer of the non-Chairman directors in effect immediately prior to the director's retirement.
- (5) The assumptions that were made in calculating the aggregate change in the actuarial present value of the accumulated benefit are as follows:
- Discount rate: 4.60 percent as of December 31, 2011.
  - Retirement age: The Plan does not have a specified normal retirement age. Therefore the values reflect the increase in present value of the accrued benefit as of December 31, 2011.
  - Form of payment: Five-year certain (payable quarterly).

**AUDIT COMMITTEE REPORT**

**Report of the Audit Committee**

The Audit Committee has reviewed and discussed the audited financial statements of our Company for the fiscal year ended December 30, 2011 (the Financial Statements) with both the Company's management and its independent registered public accounting firm, Deloitte & Touche LLP (Deloitte). The Audit Committee has discussed with Deloitte the matters required by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board. Our management has represented to the Audit Committee that the Financial Statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has received from Deloitte the written disclosure and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with Deloitte its independence. The Audit Committee has also received written material addressing Deloitte's internal quality control procedures and other matters, as required by the New York Stock Exchange listing standards. The Audit Committee has considered the effect of non-audit fees on the independence of Deloitte and has concluded that such non-audit services are compatible with the independence of Deloitte.

Based on these reviews and discussions, the Audit Committee recommended to our Board of Directors that the Financial Statements for the fiscal year ended December 30, 2011, be included in the Company's 2011 Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

The Audit Committee has considered the scope and fee arrangements for all services provided by the Deloitte Firms to our Company, taking into account whether the provision of non-audit services is compatible with maintaining Deloitte's independence. The Audit Committee pre-approved 100 percent of the services described below.

**Pre-Approval Policies**

The Audit Committee's policy on approval of services performed by the independent registered public accounting firm is to pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm during the fiscal year. The Audit Committee reviews each non-audit service to be provided and assesses the impact of the service on the firm's independence.

**PROPOSAL 2****RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Deloitte has acted as the independent registered public accounting firm for our Company since 1962. The Audit Committee of the Board, which has selected Deloitte as the independent registered public accounting firm for fiscal year 2012, recommends ratification of the selection by the shareholders. If the shareholders do not ratify the selection of Deloitte, the selection of the independent auditors will be reconsidered by the Audit Committee. A representative of Deloitte will be present at the Meeting and will have the opportunity to make a statement if so desired and will be available to respond to any shareholder questions.

**Table of Contents****EXECUTIVE COMPENSATION****Compensation Discussion and Analysis*****Executive Summary***

In 2011, the Company achieved financial results that exceeded its objectives while maintaining a long-term focus of investing in products and initiatives that position the Company for growth. The short-term cash incentive plans retained net sales and earnings per share ( EPS ) as metrics in 2011 to encourage top-line sales growth, as well as bottom-line earnings, both of which form the basis for long-term shareholder value growth. The Company's actual 2011 net sales and EPS results against performance targets and prior year results are detailed below.

The Management Organization and Compensation Committee (for purposes of this Executive Compensation section, the MOCC ) targets a competitive and equitable executive compensation program that rewards Company (or, in some cases, region or division) performance and individual performance. The total annual direct compensation opportunity for our executive officers consists of base salary, short-term incentive target, and a long-term incentive award in the form of stock options. Although the MOCC does not establish a set pay mix for our executives, it strives to maintain a reasonable and competitive balance between the fixed and variable components. In addition, the MOCC seeks to closely align the interests of our executives with our shareholders through performance-based annual incentives and stock options.

The 2011 financial performance resulted in above-target payouts for the short-term incentive plans which are summarized below:

Named Executive Officer <sup>(1)</sup>	Performance Metrics	Payout as % of Target
	(weights)	
Patrick J. McHale	Corporate Net Sales/ EPS	150%
	(50% each)	
James A. Graner	Corporate Net Sales/EPS	150%
	(50% each)	
Dale D. Johnson	Corporate Net Sales/ EPS/ Worldwide Division	150%
	Net Sales /EPS (25% each)	
Simon J.W. Paulis	Corporate Net Sales/EPS/ Worldwide Regional	150%
	Net Sales/EPS (25% each)	
David M. Lowe	Corporate Net Sales/ EPS/ Worldwide Division	150%
	Net Sales/EPS (25% each)	

- (1) The Company's named executive officers are our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers (each a Named Executive Officer or NEO and collectively, the Named Executive Officers or NEOs. )

**Table of Contents**

We conduct a review of our executive compensation program and philosophy on an annual basis to ensure each component is in alignment with the best interests of our shareholders and current market practices. We also consider the results of the most recent advisory, non-binding vote on the compensation of the Named Executive Officers (which was approved by more than 96% of the votes cast at the Annual Meeting of Shareholders on April 21, 2011). Upon review, we determined it was not necessary to make any changes to our program or philosophy.

***Compensation Philosophy***

Attraction and Retention	Graco's executive compensation programs are designed to achieve the Company's goal of attracting, developing, and retaining global business leaders who can drive financial and strategic growth objectives that are intended to build long-term shareholder value.
Competitiveness	All components of compensation are designed to be competitive with manufacturing companies of comparable sales volume and financial performance in order to attract, retain and motivate high performing executives in an environment where companies are increasingly competing for high caliber talent.
Pay-for-Performance	All components of variable compensation are tied to the performance of the Company, division, or region and the performance of the individual executive officer.
Accountability for Short- and Long-Term Performance	Annual performance bonuses and long-term incentives are intended to reward a reasonable and competitive balance of short- and long-term financial and strategic business results, with an emphasis on managing the business for the long-term.
Alignment to Shareholders Interests	Long-term incentives should align the interests of individual executive officers with the long-term interests of the Company's shareholders.
Reducing the Possibility for Excessive Risk-Taking	The Company's executive compensation program, which is reviewed and approved by the MOCC, is designed to motivate and reward the executive officers for their performance during the fiscal year and over the long-term, and for taking appropriate risks toward achieving the long-term financial and strategic growth objectives of the Company. The following characteristics of the Company's executive compensation program work to minimize executive officers, either individually or as a group, from making excessively risky business decisions that could maximize short-term results at the expense of long-term value:

**Balanced Mix of Pay Components:** The target compensation mix is not heavily weighted towards annual incentive awards, but rather represents a balance of salary, short-term cash incentive and long-term equity-based compensation that typically vests over four years.

**Vesting Schedules:** The vesting schedules for long-term incentives overlap and, therefore, reduce an executive officer's motivation to maximize performance in any one period.

**Capped Incentive Awards:** Annual short-term incentives are capped at 150 percent of the target bonus opportunity for executive officers.

**Recoupment Policy:** Requires our executives to pay back to the Company any unearned short-term incentive award amount in the event of a material restatement due to an executive officer's intentional misconduct or fraud.

Stock Ownership Guidelines: Require the CEO to retain 50 percent of net shares from awards granted under the Company's equity programs. Executive officers below the CEO level are required to retain 50 percent of net shares from awards granted under the Company's equity programs up to three times the current base salary for individuals reporting directly to the CEO and two times the current base salary for individuals reporting to someone other than the CEO.

***Executive Officer Compensation Processes***

The MOCC uses the following resources, processes and procedures to help it effectively perform its responsibilities:

Executive sessions without management present to discuss various compensation matters, including the compensation of our CEO;

An independent executive compensation consultant who advises the MOCC from time to time on compensation matters;

An annual review of all executive compensation and, when applicable, benefit programs for competitiveness, reasonableness and cost-effectiveness;

Program design and competitive market data for each compensation component primarily by using a reputable third-party salary survey of similarly sized manufacturing companies and secondarily by using an industry peer group;

An annual review of each Named Executive Officer's compensation and benefits tally sheet before setting the annual compensation program for the next performance year;

An annual assessment of the executive compensation program to ensure it is consistent with the MOCC's philosophy of reducing the possibility of excessive risk-taking; and

Consideration of the results of the most recent advisory, non-binding vote on the compensation of the Named Executive Officers.

***Executive Compensation Consultant***

The MOCC has the authority under its charter to engage the services of outside consultants, to determine the scope of the consultants' services and to terminate such consultants' engagement. The MOCC retained Towers Watson as its independent outside executive compensation consultant to advise the MOCC on matters relating to the determination of base salary, short-term incentive and long-term incentive programs for the Company's executive officers.

In its capacity as the executive compensation consultant, Towers Watson advises the MOCC on the following matters:

Preparing a competitive compensation review of the CEO and other executive officer positions, including a peer group analysis on a periodic basis;

Providing advice and guidance with respect to trends and regulatory issues related to executive compensation; and

Reviewing the composition of the industry peer group used to benchmark executive compensation on a periodic basis. Our Company's management engaged Towers Watson to perform certain non-executive compensation services in 2011. The total fees for these services were less than \$120,000.

*Role of Management in Executive Compensation Decisions*

Our management is involved in the following executive compensation processes:

The Vice President of Human Resources and Corporate Communications ( Vice President HR ) and the Compensation Manager develop and oversee the creation of written background and supporting materials for distribution to the MOCC prior to its meetings;

The CEO, the Vice President HR, the Vice President, General Counsel and Secretary, and the Compensation Manager attend the MOCC s meetings, but leave during the executive officer performance review discussion (except for the CEO who only leaves for the discussion of his performance review) and the non-employee director executive sessions;

The CEO, the Vice President HR, and the Compensation Manager review executive officer compensation

competitive analyses and annually present and make recommendations to the MOCC relating to short- and long-term incentive plan designs and changes, if warranted;

The CEO annually recommends to the MOCC base salary adjustments and long-term incentive awards in the form of stock-based grants for all executive officers, excluding the CEO (management does not make a recommendation on CEO pay or pay components); and

Following the MOCC's executive sessions, the Chair of the MOCC provides the Vice President HR with a summary of the executive session decisions, actions and underlying rationale for implementation, as appropriate.

***Benchmarking***

The MOCC annually retains Towers Watson to provide survey market data of manufacturing companies with similar revenues for all executive officer positions. United States market data is used for all U.S. executive officers and Belgian market data is used for the European region executive. Typically, the MOCC meets in the fall of each year to review this survey data. The survey data is derived from Towers Watson's database and is statistically adjusted to reflect variation in revenues among the companies. The MOCC is presented with data showing total direct compensation amounts at the 50th and 75th percentiles of the survey data. In addition, the MOCC considers data from this survey reflecting the general mix of compensation elements among base salary, short-term incentives and long-term incentives. At the same time, the MOCC reviews information showing where the compensation of the Company's Named Executive Officers fell in relation to the survey data. When reviewing the relative positioning of each Named Executive Officer's total direct compensation level, the MOCC compares each Named Executive Officer to generally comparable positions identified within the survey data. The purpose of this review conducted each fall is to gather a general sense for whether the Company's compensation levels and mix of compensation elements are generally consistent with this market data, with a general expectation that total direct compensation should be between the 50th and the 75th percentiles of the survey data depending on the Company's performance. At the same time, Towers Watson provides general information to the MOCC about market trends and expected compensation level changes for the upcoming fiscal year ( Market Increase Projection ).

At the MOCC's last meeting of each fiscal year, the MOCC sets base salaries for executive officers for the upcoming fiscal year. The decisions about the specific base salary levels are based on individual performance, budgetary constraints and the goal of approximating the 50th percentile without a specific market position targeted.

At the MOCC's first meeting of each fiscal year, the MOCC approves short-term incentive target opportunities and long-term incentive awards. The target short-term cash award is determined as a percentage of base salary for the executive officer annual incentive plans, which percentage has remained constant for several years, as set forth below in the 2011 Short-Term Incentive Payout Design table. The MOCC targets the value of the long-term incentive award for the CEO at the 75th percentile for a chief executive officer position within the Towers Watson database, and the number of shares granted may be adjusted downward based on the Company's stock dilution guidelines. The MOCC targets the value of the long-term incentive award for our CFO at the 75th percentile for a Chief Financial Officer position within the Towers Watson database, and the number of shares granted may be adjusted downward based on the Company's stock dilution guidelines and internal equity. The value of the long-term incentive award for each Named Executive Officer other than the CEO and CFO is set at the 75th percentile for a profit center head position within the Towers Watson database. The reason for targeting the 75th percentile is to account for the fact that the Company has a higher market capitalization-to-revenue ratio compared to the other companies in the database with similar revenues. In addition, the MOCC believes that the opportunity for above-market compensation should be primarily earned in the area of long-term performance. Once the value of the long-term incentive award is determined, the number of shares subject to the equity awards granted to each Named Executive Officer is determined by dividing the long-term incentive award value by a projected Black-Scholes value based on assumptions used for financial accounting purposes.

Refer to the discussions of each compensation element below, as well as the Compensation of Individual Named Executive Officers section below, for specific information on how this benchmarking process applies to specific compensation decisions for our Named Executive Officers for 2011 and 2012.

**Table of Contents*****Our Company's Peer Group***

At its February 2009 meeting, the MOCC engaged Towers Watson to assist in the review of our list of peer companies. A list of twenty companies was recommended by Towers Watson and approved by the MOCC in September 2009. The peer group was selected based on similarity to us on a variety of factors, including industry, revenue, location and market capitalization. One of the companies in the group was acquired in 2011 so it is now excluded from our peer group. The following table lists the companies in our Company's peer group (the Graco Peer Group) and their respective financial data:

\*Data from Equilar represents most recent fiscal year as of October 2011.

There are significant differences among the businesses conducted by the companies in the Graco Peer Group, and the executive compensation information for these companies is limited to those executive officers identified in their filings, whose positions may or may not correspond to the positions held by, and responsibilities of, our Named Executive Officers. Therefore, the Graco Peer Group information is not a primary source of data for the MOCC's compensation decisions. However, on a periodic basis, the MOCC reviews executive compensation data of companies in the Graco Peer Group to ensure that our compensation practices are generally in alignment with these peer companies. The MOCC did not review the Graco Peer Group information when setting compensation for fiscal year 2011, but did review the Towers Watson survey data referred to above.

***Components of the Executive Compensation Programs***

Our executive compensation program is designed to reward short-term results and motivate long-term performance through the use of the three primary total compensation components summarized in the following table:

**Table of Contents**

<b>Component</b>	<b>Form of Compensation</b>	<b>Purpose</b>	<b>Key Characteristics</b>
Base Salary	Cash	Recognizes individual work experience, performance, skill, and level of responsibility	Fixed compensation  Guided by the 50th percentile market data but subject to individual performance in prior year and budget constraints  Used to compute other components of compensation
Short-Term Incentives (STI)	Cash	Establishes a strong link between pay and results  Motivates attainment of annual key business objectives	Variable compensation tied to actual performance  Bonus thresholds, targets and maximums are set as a percentage of base salary
Long-Term Incentives (LTI)	Stock options	Serves as at risk pay that fluctuates based on corporate and division/region performance Motivates attainment of the long-term goals and overall operational growth	Variable compensation provided to reward Company's long-term performance  Annual vesting of 25% over a four-year period from grant date  Stock options expire ten years from grant date

In addition to reviewing the benchmark data described above, the MOCC reviews compensation and benefits tally sheets for our Named Executive Officers showing their current and potential total compensation and benefits components. The tally sheets also display projected compensation and benefits for hypothetical change-of-control and involuntary and voluntary terminations. Specifically, the tally sheets reviewed by the MOCC in September 2011 provided actual compensation for 2009 and 2010 and target annual compensation for 2011. These tally sheets also provided retirement balances as of December 31, 2010, projected to normal retirement age or the age at which the benefit is not subject to reduction, deferred compensation balances, and the projected value of stock awards based on assumptions regarding stock price appreciation.

After analysis of market and tally sheet data and discussion among the MOCC members, the MOCC reviews the dollar allocation among each of the three components. Although the MOCC has not established specific ratios for each of the compensation components, it strives to maintain a reasonable and competitive balance between the fixed and variable elements. The MOCC believes the compensation mix and amount paid to each of our executive officers is market based, reasonable and competitive. The 2011 and 2012 average pay mix at target for our executive officers is displayed below. The percentage allocation among each pay element may vary based on an individual's experience, responsibilities, performance and corporate/division/region results. The at risk pay components comprise at least 65 percent of the total target annual direct compensation for 2011 and 2012 to align our executive officers' compensation with the performance of the Company and long-term shareholder value.

## **Table of Contents**

### ***Base Salary***

Base salary is fixed compensation. Annual salary increases are predominately driven by individual performance, taking into account factors related to the executive officer's areas of responsibility, the executive officer's ability to contribute to our future success, and budgetary constraints. Based on these key factors, a salary increase could be made if the salary is significantly outside of a range around the 50th percentile of the market data.

For 2011, the merit increase decisions for the executive officers were based on the criteria identified above. The merit increase for the CEO was in line with the Market Increase Projection. Merit increases for the other executive officers were slightly above the Market Increase Projection because most of our executive officers, including our Named Executive Officers, received no merit increase in 2010.

For 2012, the merit increase decisions for executive officers were also based on the criteria identified above. The merit increases were in line with the Market Increase Projection for the executive officers to maintain general alignment with market data.

Refer to the Compensation of Individual Named Executive Officers section of this discussion and analysis for detailed information on individual salary adjustments in 2011 and 2012.

### ***Short-Term Incentives (STI)***

An annual incentive plan (the Executive Officer Annual Incentive Bonus Plan) has been created for those designated by the MOCC, including the CEO, to qualify the participant's short-term incentive as performance-based compensation under Section 162(m) of the Internal Revenue Code. A separate annual incentive plan (the Executive Officer Bonus Plan) applies to the other designated executive officers. In contrast to the Executive Officer Annual Incentive Bonus Plan, the Executive Officer Bonus Plan does not need to be approved by shareholders, and is used to make payments to individuals who are not subject to Section 162(m) or whose compensation is below the deductibility limit under Section 162(m). Each executive officer participates in only one of the two plans. The Executive Officer Annual Incentive Bonus Plan is only tied to corporate measures and provides a higher target bonus as a percent of base salary than the Executive Officer Bonus Plan. In addition to corporate measures, the Executive Officer Bonus Plan also includes worldwide division/region measures for division/region executive officers. There are no other material differences between the two bonus plans. The Executive Officer Annual Incentive Bonus Plan and the Executive Officer Bonus Plan, together, are referred to as the Annual Incentive Plans.

The Annual Incentive Plans are designed to motivate our executive officers to increase sales, earnings and other financial performance measures by offering an incentive that rewards year-over-year growth. Potential payouts under the Annual Incentive Plans are expressed as a percentage of base salary, which percentages have remained constant within each level (CEO and other executive officers) for several years. Specific financial performance thresholds must be attained in order for the executive officers to earn an incentive payment. If specified performance levels are not achieved or exceeded, there is no payout. The annual incentives, to the extent earned, are paid in cash in March following the calendar year-end and are based upon the MOCC's determination of actual performance against pre-established targets.

At its meeting in February 2011, the MOCC approved participation of the CEO and other executive officers in their respective Annual Incentive Plans for 2011. Mr. McHale was the only person designated as a participant in the Executive Officer Annual Incentive Bonus Plan. All other executive officers reporting directly to the CEO and serving on the executive management team (the Management Executives) participated in the Executive Officer Bonus Plan. The threshold, target and maximum payout levels for 2011 are displayed below. Achievement of performance levels between threshold and target, and target and maximum, result in a payout that is interpolated based on the level of performance, and permit a partial payout as soon as the threshold level of achievement has been exceeded.

**Table of Contents**

The MOCC established two financial measures for the Annual Incentive Plans: net sales and EPS growth over the prior year. Net sales and EPS growth were selected as the metrics against which to measure the executive officers' performance for the Annual Incentive Plans because the MOCC desires to motivate the officers to achieve profitable business growth consistent with our long-term financial objectives. Although the MOCC historically has set target performance levels based on multiples of forecasted real U.S. Gross Domestic Product (GDP) growth, due to economic uncertainties the MOCC used its discretion when setting the 2011 performance targets.

The 2011 incentive award payouts were based upon the achievement of specified levels of net sales and EPS at the corporate and division/region levels. Financial performance levels and actual results for the 2011 Annual Incentive Plans were as follows:

Financial Metric	Metric Weighting	2011 Target Performance		2011 Threshold	2011 Maximum	2011 Actual
		Level (As % of 2010 Actual Results)	(As % of 2011 Target Performance)	Performance Level	Performance Level	Results
						(As % of 2011 Target Performance)
<b>CEO, CFO, and Function Executives (HR, Legal, Finance and Manufacturing)</b>						
Corporate Net Sales	50%	108%	90%	105%	111%	
Corporate EPS	50%	115%	90%	105%	119%	
<b>Division and Region Executives</b>						
Corporate Net Sales	25%	108%	90%	105%	111%	
Corporate EPS	25%	115%	90%	105%	119%	
Worldwide Division or Region Net Sales	25%	108-111%	90%	105%	105-119%	
Worldwide Division or Region EPS	25%	112-167%	76-90%	105-112%	108-124%	

**Table of Contents**

The 2011 financial results resulted in above target payouts for the Annual Incentive Plans. The chart below summarizes the payouts as a percentage of target for each of the Named Executive Officers.

2011 Annual Incentive Plan Payouts:

Named Executive Officer	Payout as % of Target
Patrick J. McHale	150%
James A. Graner	150%
Dale D. Johnson	150%
Simon J.W. Paulis	150%
David M. Lowe	150%

The MOCC has the authority to make adjustments to the Executive Officer Bonus Plan payout award based on unanticipated or special circumstances, but no such adjustment was made for 2011. Additionally, the MOCC has the authority to award special bonuses to individual executive officers.

At its February 2012 meeting, the MOCC again approved corporate net sales, corporate EPS, worldwide division and region net sales, and worldwide division and region EPS as the 2012 performance metrics. Division and region EPS numbers are computed using division and region net earnings divided by estimated diluted outstanding shares. The 2012 financial performance targets were set with reference to 2011 actual Company performance and estimates of 2012 economic growth and market conditions. The designs for the 2012 Annual Incentive Plans for our CEO and Management Executives remain consistent with 2011 designs as described above. Assuming our Proposal 5 in this Proxy Statement is approved, the Annual Incentive Plans will be replaced by a single incentive bonus plan effective January 1, 2013. See Proposal 5 on page 50 of this Proxy Statement for additional information about the proposed new plan.

In February 2010, the MOCC adopted an incentive compensation recoupment policy that applies to our executive officers. Pursuant to the policy, if, after a cash incentive award granted under our Annual Incentive Plans is paid, but prior to a change of control, the Company issues a material restatement because of material noncompliance by the Company with applicable financial reporting requirements due to an executive officer's intentional misconduct or fraud, our executive officers may be required to pay back to the Company the amount of any such incentive payment that would not have been earned if the payment had originally been made based on the restated financial information, net of taxes. In addition, any executive officer who engaged in intentional misconduct or fraud that caused or contributed to the need for the restatement must pay back to the Company the entire amount of any incentive payments made under the Annual Incentive Plans, net of taxes. The MOCC has discretion to reduce the amount required to be paid back as it deems appropriate. The recoupment policy applies to awards earned and approved under the Annual Incentive Plans beginning in fiscal year 2010.

**Long-Term Incentives (LTI)**

The MOCC typically grants long-term incentive awards in the form of stock options to each executive officer at its regularly scheduled February meeting based on the review of the market data as described above. The Board sets the February meeting date several months in advance. The stock option awards are designed to promote the interests of the Company and its shareholders through the attraction and retention of experienced and capable leaders. The MOCC believes that executive officers who have a financial stake will be motivated to put forth sustained effort on behalf of the Company's shareholders to support the continued growth of the Company's share price.

Under the terms of the Graco Inc. 2010 Stock Incentive Plan (the 2010 Plan), the MOCC must approve all stock option grants to officers. In February 2011, executive officers were awarded non-qualified stock options with an exercise price equal to the fair market value of our common stock on the grant date, defined in the 2010 Plan as the closing price of the stock on the day immediately preceding the grant date. Each option has a 10-year term and becomes exercisable in equal installments over four years, beginning with the first anniversary of the grant date. Additionally, the 2010 Plan prohibits the repricing of stock options.

In 2011, the MOCC granted the same number of shares to each of the Management Executives, except for the CEO and CFO, given its determination that each of the officers has similar impact on our performance. The CEO and CFO received different number of shares of stock options to maintain the market competitiveness for these two positions. The MOCC considers, except in the case of the award to the CEO, the recommendation of the CEO for such awards. The MOCC also considers the dilutive effect on our shareholders in determining the number of stock options granted to each executive officer.

## Edgar Filing: GRACO INC - Form DEF 14A

The number of shares subject to stock options granted to the Named Executive Officers in 2011 decreased from the prior year's grants due to the increase in the Black-Scholes value. The 2011 stock options granted to the executive officers have an economic value comparable to the economic value of options granted in 2010 for executive officers, except for the CEO. The CEO received a grant with a greater economic value to achieve competitiveness of this pay element with the 75<sup>th</sup> percentile of the Towers Watson survey data. The grant date fair value of the options awarded calculated in accordance with U.S. accounting

standards was \$13.20 per share.

Upon recommendation of the Governance Committee, the Board approved a stock holding policy for the CEO, effective February 13, 2009, by which the CEO is required to retain, until twelve months following retirement or other termination of employment, an amount equal to 50 percent of the net shares delivered to the CEO pursuant to awards granted under the Company's equity programs, including, but not limited to, the exercise of Company stock options. Net shares are those shares that remain after shares are sold or netted to pay the exercise price of stock options, withholding taxes and other transaction costs. The foregoing policy applies to all equity awards to the CEO, whether granted before or after the effective date of the policy.

Effective April 23, 2010, our Board approved a stock holding policy for all executive officers below the CEO level by which each officer is required to retain 50 percent of net shares from awards granted under the Company's equity programs. Net shares include, but are not limited to, shares acquired through: (a) stock option exercises; (b) restricted stock, restricted stock unit or performance share awards; (c) participation in the Graco Employee Stock Purchase Plan; (d) dividend reinvestment programs including dividend reinvestments related to shares acquired outside the Company incentive plans; and (e) stock splits with respect to shares acquired through any of the foregoing. Transactions related to equity awards are exempt from this policy so long as the executive officers remain at or above the ownership threshold. The ownership threshold is defined as owning shares of the Company having a fair market value equal to three times the current base salary for executive officers reporting directly to the CEO and two times the current base salary for executive officers reporting to someone other than the CEO. To mitigate the effects of stock price volatility, compliance with these guidelines will be evaluated once each year using the average daily closing price of the Company's common stock during the previous one-year period commencing April 1 through March 31. The foregoing policy applies to all executive officer equity awards granted on or after April 23, 2010, the first of which was made on February 18, 2011.

At the February 2011 meeting, the MOCC approved two changes to the form of stock option agreements for executive officers. An executive officer who terminates employment for reasons other than for gross and willful misconduct, death, retirement or disability will have 90 days to exercise vested options, rather than 30 days. In addition, upon death, an executive officer's heirs will have the remaining life of the option to exercise, rather than a one-year period following the death of the executive officer. These changes went into effect February 18, 2011.

At the February 2012 meeting, the MOCC approved an amendment to all outstanding and future stock option award agreements of the executive officers and directors to allow the executive officers and directors to exercise their stock options by authorizing the Company to reduce the number of shares to be delivered to the executive officers and directors upon exercise by an amount equal to the aggregate fair market value of the exercise price on the date of exercise (a net exercise). Under the amendment, net exercises will only be available to executive officers and directors who are still serving as executive officers or directors at the time of exercise. The MOCC believes allowing executive officers and directors to exercise their stock options through net exercises will facilitate stock ownership by the executive officers and directors.

***Compensation of Individual Named Executive Officers***

Mr. Patrick J. McHale

***President and Chief Executive Officer***

Mr. McHale's base salary as of December 2010 was below the 50th percentile of the 2010 Towers Watson survey data for chief executive officers of manufacturing companies with similar sales volume. In December 2010, the MOCC approved a base salary increase of 2.5 percent to \$657,743. The increase was in line with the Market Increase Projection. Based on actual 2011 corporate net sales and corporate EPS, Mr. McHale received a \$986,615 cash bonus payout under the Executive Officer Annual Incentive Bonus Plan. Mr. McHale's bonus payout represented 150 percent of his target award. Application of the process described above for setting long-term incentive awards resulted in a grant to Mr. McHale of a stock option award of 126,000 shares for 2011.

On February 28, 2011, the MOCC approved a grant of 20,000 shares of performance-based restricted stock to Mr. McHale. The award is intended to recognize Mr. McHale for his leadership of the Company over the last several years, particularly during the economic recession. The MOCC considered his leadership among our executives and employees through his recommendation to keep his base salary flat in 2010 and his decision to decline any bonus award for 2009. The grant date fair value of the award is \$814,200, which was determined after analyzing the value of Mr. McHale's foregone base salary, bonus and reduced stock option award opportunities. The restricted stock award cliff vests in full on February 28, 2014, provided the Company recognizes net sales of at least \$920 million for its fiscal year ending in 2013, excluding the base line net sales of any business acquired by the Company after the date of grant. If Mr. McHale's employment terminates for any reason other than death or disability, all unvested shares of restricted stock will be forfeited. If Mr. McHale's employment terminates due to death or disability, a pro-rated portion of the unvested shares will vest immediately. In the event of a change in control of the Company, all unvested

**Table of Contents**

shares will vest immediately. Any dividends paid by the Company with respect to the restricted shares will vest and be paid to Mr. McHale only if and when such restricted shares vest. In connection with the grant, Mr. McHale agrees to retain the net shares acquired upon vesting until at least one year following his termination of employment for any reason other than death or following a change of control.

Effective January 1, 2012, the MOCC increased Mr. McHale's base salary 3 percent to \$677,475. The increase was aligned with the market rate of increase expected by the Market Increase Projection. Mr. McHale's 2012 base salary remains below the 50th percentile of the 2011 Towers Watson survey. His target annual cash incentive payout remains unchanged at 100 percent of his base salary. In February 2012, the MOCC granted Mr. McHale a stock option award of 130,000 shares.

Mr. James A. Graner

*Chief Financial Officer*

Mr. Graner's base salary as of December 2010 was below the 50th percentile of the 2010 Towers Watson survey data for chief financial officers of manufacturing companies with similar sales volume. In December 2010, the MOCC approved a 5 percent increase to Mr. Graner's base salary to \$361,725 for 2011. The increase positions his base salary at approximately the 50<sup>th</sup> percentile of the 2010 Towers Watson survey. Based on actual 2011 corporate net sales and corporate EPS, Mr. Graner received a \$379,811 cash bonus payout under the Executive Officer Bonus Plan. Mr. Graner's bonus payout represents 150 percent of his target award. Application of the process described above for setting long-term incentive awards resulted in a grant to Mr. Graner of a stock option award of 27,000 shares.

Effective January 1, 2012, the MOCC increased Mr. Graner's base salary 4 percent to \$376,194, which positions his base salary at approximately the 50th percentile of the 2011 Towers Watson survey data. His target annual cash incentive payout remains unchanged at 70 percent of his base salary. In February 2012, the MOCC granted Mr. Graner a stock option award of 28,300 shares.

Mr. Dale D. Johnson

*Vice President and General Manager, Contractor Equipment Division*

Mr. Johnson's base salary as of December 2010 was above the 50th percentile of the 2010 Towers Watson survey data for a profit center head of manufacturing companies with similar sales volume. His highly competitive base compensation is based on key factors such as long tenure, strong past performance and individual contributions to the Company. In December 2010, the MOCC approved a 4 percent increase to Mr. Johnson's base salary to \$322,020 for 2011 based on a favorable assessment of his performance and because he did not receive a merit increase in 2010. Based on actual 2011 corporate net sales, corporate EPS, worldwide Contractor Equipment Division net sales, and worldwide Contractor Equipment Division EPS, Mr. Johnson received a \$337,582 cash bonus payout under the Executive Officer Bonus Plan. Mr. Johnson's bonus payout represented 150 percent of his target award. Application of the process described above for setting long-term incentive awards resulted in a grant to Mr. Johnson, along with the other division and region executives, of a stock option award of 18,000 shares.

The MOCC, upon the recommendation of Mr. McHale, approved a discretionary award to Mr. Johnson in the amount of \$20,000 at its February 18, 2011 meeting. Mr. Johnson received this award for his role in the launch of the first-ever professional grade hand-held paint sprayers in 2010.

Effective January 1, 2012, the MOCC increased Mr. Johnson's base salary 3 percent to \$331,681 based on a favorable assessment of his performance and the Market Increase Projection. Mr. Johnson's base salary is above the 50<sup>th</sup> percentile of the 2011 Towers Watson survey data. His target annual cash incentive payout remains unchanged at 70 percent of his base salary. In February 2012, the MOCC granted Mr. Johnson a stock option award of 18,600 shares.

Mr. Simon J.W. Paulis

*Vice President and General Manager, Europe*

The base salary for Mr. Paulis, who is employed by Graco BVBA, a wholly-owned subsidiary, as of December 2010 was above the 50th percentile of the 2010 Towers Watson survey data for a profit center head with similar sales volume in Belgium. From year to year, Mr. Paulis's base salary-to-market position has changed due to fluctuations in market data of his benchmark position. In December 2010, the MOCC approved a 4 percent increase to Mr. Paulis's base salary to \$253,252 for 2011 based on a favorable assessment of his performance and because he did not receive an increase in 2010. The base salary increase included the 2.49 percent cost of living indexation adjustment mandated by the

Belgium government for 2011. Based on actual 2011 corporate net sales, corporate EPS, European regional net sales, and European regional EPS, Mr. Paulis received a \$251,243 cash bonus payout under the Executive Officer Bonus Plan. Mr. Paulis's bonus payout represented 150 percent of his target award. Application of the process described above for setting long-term incentive awards resulted in a grant to Mr. Paulis, along with the other division and region executives, of a stock option award of 18,000 shares.

---

**Table of Contents**

Effective January 1, 2012, the MOCC increased Mr. Paulis' s base salary by 3.5 percent to 262,116, based on a favorable assessment of his performance. The base salary increase included the 3.47 percent cost of living index adjustment mandated by the Belgium government. Mr. Paulis' s 2012 base salary is above the 50th percentile of the 2011 Towers Watson survey data. His target annual cash incentive payout remains unchanged at 70 percent of his base salary. In February 2012, the MOCC granted Mr. Paulis a stock option award of 18,600 shares.

Mr. David M. Lowe

*Vice President and General Manager, Industrial Products Division*

Mr. Lowe' s base salary as of December 2010 approximated the 50th percentile of the 2010 Towers Watson survey data for a profit center head of manufacturing companies with similar sales volume. In December 2010, the MOCC approved a 4 percent increase to Mr. Lowe' s base salary to \$273,428 for 2011 based on a favorable assessment of his performance and because he did not receive a merit increase in 2010. Based on actual 2011 corporate and worldwide Industrial Products Division net sales and corporate and worldwide Industrial Products Division EPS, Mr. Lowe received a \$287,099 cash bonus payout under the Executive Officer Bonus Plan. Mr. Lowe' s bonus payout represented 150 percent of his target award. Application of the process described above for setting long-term incentive awards resulted in a grant to Mr. Lowe, along with the other division and region executives, of a stock option award of 18,000 shares.

Effective January 1, 2012, the MOCC increased Mr. Lowe' s base salary 3 percent to \$281,631 based on a favorable assessment of his performance and the Market Increase Projection. Mr. Lowe' s 2012 base salary is above the 50th percentile of the 2011 Towers Watson survey data. His target annual cash incentive payout remains unchanged at 70 percent of his base salary. In February 2012, the MOCC granted Mr. Lowe a stock option award of 18,600 shares.

***Benefits and Perquisites***

In an effort to attract and retain talented employees, we offer retirement, health and welfare programs competitive within our local markets (the Benefit Programs ). The only Benefit Programs offered to our U.S. executive officers, either exclusively or with terms different from those offered to other eligible employees, are the following:

Restoration Plan. Since the Internal Revenue Code limits the pension benefits that can be accrued under a tax-qualified defined benefit pension plan, we have established the Graco Inc. Restoration Plan. This plan is a nonqualified excess benefit plan designed to provide retirement benefits to eligible participants in the United States as a replacement for those retirement benefits reduced under the Graco Employee Retirement Plan by operation of Section 415 and Section 401(a)(17) of the Internal Revenue Code.

Supplemental Long-term Disability Program. Each U.S. executive officer is enrolled in an individual executive long-term disability plan under which Graco pays the premiums. Each plan provides the executive with a monthly disability benefit of up to \$21,800 in the event of long-term disability.

Other Perquisites. We provide few other perquisites to our executive officers. We reimburse our U.S. Management Executives for certain financial planning expenses to encourage the executives to maximize the value of their compensation and benefit programs. In 2011, the maximum amount reimbursable for financial planning was \$10,000 for the CEO and \$7,000 for all other U.S. Management Executives. In order to motivate the executives to receive appropriate preventative medical care to support their continued health and productivity, we offer executive officers in the United States an executive physical examination program through the Mayo Clinic. This program provides a physical examination every three years for executives under age 40, every other year for executives from age 40 through 49, and every year for executives age 50 and older. Executives may be reimbursed and/or receive a tax gross-up for certain limited spousal travel and entertainment events. Mr. Paulis, our Named Executive Officer employed by Graco BVBA, is also eligible for benefits and perquisites consistent with those offered to other Graco BVBA management employees.

***Severance and Change of Control Arrangements***

## Edgar Filing: GRACO INC - Form DEF 14A

We have entered into key employee agreements with the CEO and each of the other Named Executive Officers, the terms of which are described below under Change of Control and Post-Termination Payments. The MOCC believes it is in the best interests of our Company and its shareholders to design compensation programs that:

Assist our Company in attracting and retaining qualified executive officers;

Assure our Company will have the continued dedication of our Company's executive officers in the event of a

---

**Table of Contents**

pending, threatened or actual change of control;

Provide certainty about the consequences of terminating certain executive officers' employment;

Protect our Company by obtaining non-compete covenants from certain executive officers that continue after their termination of employment not involving a change of control; and

Obtain a release of any claims from those former executive officers.

Accordingly, the agreements generally provide for certain benefits if the executive officer's employment or service is involuntarily terminated by our Company without cause prior to a change of control or if, within two years after a change of control, the executive officer's employment or service is terminated involuntarily by the Company without cause or the executive officer resigns for good reason. The current form of key employee agreement was approved by the MOCC in December 2007 after reviewing the key employee agreements previously in effect and current market practices related to severance arrangements and benefit levels related thereto.

The MOCC believes it is imperative to diminish any potential distraction of the executive officers by the personal uncertainties and risks created by a pending or threatened change of control. By offering an agreement that will financially protect the executive officer in the event his or her employment or service is involuntarily terminated or terminated by the executive officer for good reason following a change of control, the MOCC believes each executive officer's full attention and dedication to our Company will be enhanced. The MOCC also believes the officers' dedication will help the Company appropriately evaluate and complete a change of control transaction, and facilitate an orderly transition. In the event of a change of control of our Company, the agreements provide benefits only if the executive officer's employment or service is terminated involuntarily without cause or if the executive officer resigns for good reason, including by reason of material demotion, decrease in compensation, relocation or increased travel, within two years after the change of control. The MOCC believes this "double-trigger" approach is most consistent with the objectives described above. The MOCC believes a termination by an executive officer for good reason may be conceptually the same as termination by our Company without cause, and that a potential acquirer would otherwise have an incentive to constructively terminate the executive's employment to avoid paying severance benefits. Thus, the key employee agreements provide severance benefits in the case of resignation for good reason following a change of control.

The MOCC believes it is important to attract and retain our executive officers by agreeing to provide certain benefits if the executive officer's employment or service is terminated without cause prior to a change of control. In addition, the MOCC believes these benefits are appropriate to compensate these executive officers for agreeing not to work with competitors for a specified period of time following termination of employment, and that compensation enhances the enforceability of these non-compete covenants. The MOCC also believes we benefit from obtaining a release of any claims from these former executive officers and the severance payments provide consideration for obtaining the release.

Our equity awards for executive officers and certain key managers provide for accelerated vesting or lapse of restrictions, upon a change of control. The MOCC believes that acceleration upon a change of control is appropriate to minimize the risk that executive officers might favor a transaction based on the likely impact on the executive officer's equity awards, to increase the likelihood that the employees will remain with us after becoming aware of a pending or threatened change of control, and due to the increased likelihood that employees may be terminated by a successor through no fault of their own.

***Tax Implications of Executive Compensation***

Section 162(m) of the Internal Revenue Code places a limit of \$1 million in compensation per year on the amount we may deduct with respect to each of our Named Executive Officers. This limitation does not apply to compensation that qualifies as performance-based compensation. Annual cash incentives meeting certain conditions and stock option awards constitute performance-based compensation and will generally be fully deductible. The MOCC believes all compensation paid to the executive officers for fiscal year 2011 will be deductible for federal income tax purposes. However, the MOCC reserves the flexibility to approve elements of compensation for specific officers in the future which may not be fully deductible should the MOCC deem the compensation appropriate in light of its philosophies.

**Table of Contents**

- (5) The amounts reported in the Option Awards column represent the aggregate grant date fair value of stock options granted in the fiscal year, as estimated for financial accounting purposes. **Change of Control and Post-Termination Payments****Summary of the Key Employee Agreement**

The Key Employee Agreement provides for payment of the following benefits if the Company terminates the employment of a Management Executive involuntarily without Cause (as defined below) prior to a Change of Control (as defined below):

Pro-rata bonus for year of termination based on actual performance;

Severance pay equal to one times (two times for CEO) base salary plus bonus based on the target level of performance for the year of termination, payable over the severance period;

Continued medical, dental and life insurance for the severance period;

Outplacement services; and

Reimbursement of reasonable legal fees incurred to enforce the agreement.

The Key Employee Agreement provides for payment of the following benefits if, within two years after a Change of Control, the Company without cause terminates an executive officer's employment involuntarily or if the executive officer resigns for good reason:

Pro-rata bonus for year of termination based on performance at the target level;

## Edgar Filing: GRACO INC - Form DEF 14A

Severance pay equal to two times (three times for CEO) the sum of base salary plus bonus based on the target level of performance for the year of termination, payable in a lump sum six months after the termination date or over the severance period (if the Change of Control does not conform to the requirements of Internal Revenue Code Section 409A);

Continued medical, dental and life insurance for the severance period;

Attribution of two years (three years for CEO) service credit for purposes of nonqualified excess benefit pension plan;

Reimbursement of reasonable legal fees incurred to enforce the agreement; and

Gross-up of income taxes, and excise taxes related to such gross-up payment, due under the excess parachute provisions of the Internal Revenue Code (the Code), subject to a reduction of benefits of up to \$25,000 to avoid such taxes.

The definition of Change of Control in the Key Employee Agreements generally includes: (i) acquisition of beneficial

**Table of Contents**

ownership by a person or group which results in aggregate beneficial ownership of 30 percent or more of voting power or common stock, subject to certain exceptions; (ii) change of 50 percent or more of the Board members, without Board approval; and (iii) consummation of a merger or other business combination unless our Company's shareholders own a majority of the voting power and common stock of the surviving corporation and other conditions are satisfied.

As used in the Key Employee Agreement, **Cause** means: (i) conviction of, or guilty or no contest plea to, any felony or other criminal act involving moral turpitude; (ii) gross misconduct or any act of fraud, disloyalty or dishonesty related to or connected with the executive officer's employment or otherwise likely to cause material harm to our Company or its reputation; (iii) a willful and material violation of our Company's written policies or codes of conduct; (iv) wrongful appropriation of our Company's funds or property or other material breach of the executive officer's fiduciary duties to our Company; or (v) the willful and material breach of the Key Employee Agreement by the executive officer.

As used in the Key Employee Agreement, **Good Reason** means: (i) assignment of duties materially inconsistent with, or other material diminution of, the executive officer's position, duties or responsibilities as in effect immediately prior to the Change of Control; (ii) material reduction, in the aggregate, to the compensation and benefit plans, programs and perquisites applicable to the executive officer in effect immediately prior to the Change of Control; (iii) relocation of the executive officer to a location more than 50 miles from where the executive officer was based immediately prior to the Change of Control, or requiring the executive to travel to a substantially greater extent; or (iv) failure by our Company to assign the Key Employee Agreement to a successor.

Under the Key Employee Agreement, the executive officers agree to protect our Company's confidential information, and not to compete with our Company or solicit employees for two years after termination of employment (or, if the executive officer's employment is terminated involuntarily other than for Cause prior to a Change of Control, the non-compete covenant may expire after the executive officer is no longer receiving severance payments). The non-compete restriction does not apply if the executive officer's employment is terminated involuntarily without Cause or voluntarily for Good Reason within two years after a Change of Control. In order to receive severance, the executive officer must sign a release of claims in favor of our Company and be in compliance with the terms of the Key Employee Agreement. The term of the Key Employee Agreement for each Named Executive Officer is three years, followed by automatic annual renewals, unless either party gives six months notice of non-renewal.

Except as indicated above with respect to the CEO, the same form of agreement has been provided to each Named Executive Officer, except that Mr. Paulis, who is a resident of Belgium, received a version of the agreement that was modified as necessary to take into account local laws and prevent the duplication of any benefits.

***Other Compensation and Benefits Payable Upon a Change of Control or Certain Terminations***

Each NEO is eligible for the benefits described in this section as part of our Company's standard practice or policy; however, the benefits are not triggered by any specific termination reason. Incremental amounts for each of these benefits are disclosed in the Summary Compensation Table, Potential Payments Upon Termination or Following a Change of Control Table, or Pension Benefits Table.

Pursuant to the Executive Officer Annual Incentive Bonus Plan and the Executive Officer Bonus Plan, each participant is eligible to receive a prorated bonus based on the amount of base salary earned during the fiscal year and the bonus percentage actually paid for that year for an employment termination due to death, disability or retirement. Unvested stock option awards provided to any executive officer will automatically accelerate and the options will become fully vested in the event of a Change of Control of our Company or if the employment is terminated due to death, disability or retirement. All unvested restricted stock provided to any executive officer will automatically be accelerated and fully vested in the event of a Change of Control of our Company or if the employment is terminated due to death or disability.

Participants in the Graco Employee Retirement Plan and the Graco Inc. Restoration Plan are entitled to receive the accumulated pension benefits over their lifetime, over a specific defined time or at the time of their retirement. These amounts are reflected in the Present Value of Accumulated Benefit column of the Pension Benefits table.

Upon any termination of employment, all employees are eligible to receive payment for any credited but unused vacation time. Each Named Executive Officer would receive reimbursement for any miscellaneous travel and spousal travel perquisites and associated tax gross-up payments incurred during the fiscal year.

The following Table discloses the potential payments and benefits, other than those available generally on a nondiscriminatory basis to all salaried employees, provided upon a Change of Control or termination of employment for each of the Named Executive Officers, calculated as if the Change of Control or termination of employment had occurred on December 30, 2011.

- (1) The amounts represent aggregated payments if a Change of Control and qualifying termination of employment occurred on December 30, 2011, which include:

Severance payment under the Key Employee Agreement. Upon certain terminations of employment within two years following a Change of Control, Mr. McHale is entitled to a severance payment equal to three times his base salary and target annual bonus and the other NEOs are entitled to two times their base salary and target annual bonus.

The intrinsic value of restricted stock awards where vesting would be accelerated. The value of restricted stock awards is determined by multiplying the number of restricted shares by the closing price of common stock on December 30, 2011.

The intrinsic value (or spread between the exercise and market price) of the stock options whose exercisability would be accelerated. The value of accelerated stock options is determined by multiplying the number of unvested options by the difference between the closing share price on December 30, 2011 and the option exercise price.

Annual incremental qualified pension and restoration benefit amount. Actuarial annual retirement benefit amount of the accumulated benefit and the accompanying valuation method and assumptions applied for the qualified Graco Employee Retirement Plan and the nonqualified Graco Inc. Restoration Plan may be found in the Pension Benefits Table and the accompanying narrative on page 40. The incremental benefit amount was determined using additional pay and earnings based on December 30, 2011 base pay and target bonus amounts. The Change of Control annual retirement benefit amount providing for additional years of service credit is calculated as of the earliest possible benefit commencement date. Assuming a December 30, 2011 termination date, current year bonus would be paid in accordance with the Annual Incentive Plans. See Non-Equity Incentive Plan Compensation column and accompanying footnotes in the Summary Compensation Table on page 30.

Gross-up of income taxes and related excise taxes.

The value of other benefits (post-employment health care premiums and life insurance premiums).

Should our Company elect to extend the non-compete duration beyond twelve months, the payment amount for the NEOs, except for Mr. McHale, would increase.
- (3) Assumes NEO is not age 65 or above and disabled for a full calendar year. Benefit reflects an annualized amount that would be paid on a monthly basis and would cease if NEO reaches his or her Social Security normal retirement age or is no longer disabled.

(4) Applicable terms and conditions for Mr. Paulis upon Termination or Following a Change of Control:

Involuntary (Not for Cause) or Good Reason Termination Following Change of Control

- i. The health, dental, life, and retirement values represent eighteen months of premiums that will be provided to Mr. Paulis upon a Change of Control event. Mr. Paulis is expected to continue his coverage through the insurer using these payments to pay the premium.
- ii. Under Belgian law, Mr. Paulis may be entitled to certain monetary payments and/or benefits as a result of his termination of employment. To the extent that he is entitled to severance, and the value of the local obligation is less than what he would receive under his U.S. Key Employee Agreement (KEA), such value will be set off against the payment obligations of his KEA. This condition holds true regardless of whether the termination follows a Change of Control or involuntary (not for cause) termination. The provisions of his KEA have been followed to calculate the amounts shown in the Table.

Involuntary (Not for Cause) Termination - Under Belgian law, Mr. Paulis may be entitled to certain monetary payments and/or benefits as a result of his termination of employment. To the extent that he is entitled to severance and the value of the local obligation is less than what he would receive under his KEA, such value will be set off against the payment obligations of his KEA. This condition holds true regardless of whether the termination follows a Change of Control or involuntary (not for cause) termination. The provisions of his KEA have been followed to calculate the amounts shown in the Table.

Retirement - The amount reflects the lump sum payable to Mr. Paulis upon his normal retirement date. \$803,403 is attributable to the fully insured benefit provided to him by Delta Lloyd N.V. and \$16,735 is attributable to the sector pension plan.

Death - The insured pension for Mr. Paulis provides a specific benefit in the event of death before retirement, which is different from and in lieu of the normal retirement benefit. The benefit amount in event of death before retirement is four times his annual salary and is paid instead of the amount payable at normal retirement age, not in addition to any retirement benefit. This benefit formula is used for all Belgian employees covered under this policy.

Disability - This number reflects the lump sum of \$731,068 payable from the pension plan due to disability, plus the annual disability benefit of \$223,094 payable through the disability contract.

Exchange Rates - All amounts in this table reflect an average exchange rate of 1.392 U.S. Dollar-to-Euro for 2011.

**Retirement Benefits**

***Graco Employee Retirement Plan (1991 Restatement)***

The Graco Employee Retirement Plan (the Retirement Plan ) is a funded defined benefit plan designed to coordinate with Social Security benefits to provide a basic level of retirement benefits for all eligible employees. Eligible executive officers participate in our tax-qualified defined benefit pension plan on the same terms as the rest of our eligible employees. Each of the U.S. Named Executive Officers is eligible for benefits under the Retirement Plan.

Benefits for those eligible under the Retirement Plan consist of a fixed benefit, which is designed to provide a retirement income at age 65 of 43.5 percent of a participant's average monthly compensation, less 18 percent of Social Security-covered compensation (calculated in a life

## Edgar Filing: GRACO INC - Form DEF 14A

annuity option) for an employee with 30 years of service. Average monthly compensation is defined as the average of the five consecutive highest years' cash compensation during the last ten years of service, divided by sixty. The Retirement Plan defines eligible cash compensation as base salary, holiday pay, income earned outside of the United States but paid in the United States, annual bonus, CEO award, sales incentive, area differential, short-term disability payments, vacation pay, paid out accrued vacation, deferrals made under a cash or deferred agreement under Code Section 401(k), contributions to a plan established under Code Section 125, and transit and parking reimbursements made under Code Section 132. Benefits under the Retirement Plan vest upon five years of benefit service.

Normal retirement age is defined as age 65 or age 62 with at least 30 years of service. Early retirement is available to participants age 55 or older with 5 years of vesting service. The monthly amount of a participant's benefit when retiring prior to age 65, or age 62 with less than 30 years of benefit service, will be reduced by one-half of one percent (0.5%) for each month by which a

**Table of Contents**

participant's pension benefit is to begin prior to the participant turning age 65. If a participant continues in employment with the Company after his normal retirement date, payment of the benefit shall be suspended for each calendar month during which the participant continues employment.

The default form of pension benefit is a single life annuity that provides a monthly benefit for the life of the participant. A participant may elect an optional form of payment. The optional forms available are survivor annuity form or a term certain form. A survivor annuity form is an annuity that is payable monthly to and for the lifetime of the participant with a survivor annuity that is payable monthly after the participant dies to and for the lifetime of a participant's designated joint annuitant in an amount equal to 50 percent, 66 2/3 percent, 75 percent or 100 percent (as elected by the participant) of the amount payable during the joint lives of the participant and the designated joint annuitant. The value of the amounts payable in the survivor annuity form shall be actuarially equivalent to the value of the amounts payable in the single life annuity form. Term certain form is a form of annuity that is payable monthly to and for the lifetime of the participant or, if longer, for 120 or 180 months, as elected by the participant before his pension is to begin.

***Graco Inc. Restoration Plan (2005 Statement)***

Because the Internal Revenue Code limits the pension benefits that can be accrued under a tax-qualified defined benefit pension plan, we have established the Graco Inc. Restoration Plan (the Restoration Plan). This plan is a nonqualified excess benefit plan, designed to provide retirement benefits to eligible executives as a replacement for the retirement benefits limited under the Retirement Plan by operation of Section 415 and Section 401(a)(17) of the Code or who have experienced a reduction in benefits due to participant contributions to the Graco Deferred Compensation Plan. The Restoration Plan provides comparable level retirement benefits as a percentage of compensation as those provided to other employees.

An employee that is a participant in the Retirement Plan, and has experienced a legislative reduction in benefits under the Graco Employee Retirement Plan due to limitations imposed by Section 415 of the Code, Section 401(a)(17) of the Code, or who has experienced a reduction in benefits due to participant contributions to the Graco Deferred Compensation Plan (2005 Restatement), and is selected for participation, is eligible to participate in the Restoration Plan.

Benefits under the Restoration Plan supplement the benefits under the Retirement Plan. The Restoration Plan will pay to a participant as a benefit the amount by which the benefit under the Retirement Plan is exceeded by the benefit to which the participant would have been entitled under the Retirement Plan if the benefit limitations under Section 415 of the Code and the compensation limitations of Section 401(a)(17) of the Code did not apply. The Restoration Plan provides for the following default forms of distribution. If the participant is single at the time distribution of a participant's benefit is to commence, the participant's benefit is to be paid in a single life annuity. If the participant is married at the time distribution of a participant's benefit is to commence, a participant's benefit is to be paid in the form of a joint and survivor annuity. The joint and survivor annuity will be paid over the life of the participant and the participant's spouse, with a reduced annuity paid to the survivor after the death of the participant or the participant's spouse. Alternatively, a participant may elect any of the distribution options available under the Retirement Plan or a lump sum option. A participant may elect to change the form of distribution to one of the optional forms of distribution. If the participant's form of payment prior to electing one of the alternate forms is an annuity and the alternate form elected is an actuarially equivalent annuity, the benefit will commence on the same date that the benefit would have been paid but for the election to change the form. If a participant wishes to elect the lump sum option or any option which does not meet the conditions listed above, the election will not take effect until the date that is twelve months after the date on which the participant made the election, and the distribution will be delayed for at least five years after the distribution would have otherwise been made absent the election unless the participant elected a lump sum for the prospective benefits earned after December 31, 2010.

A participant's benefit will commence on the first day of the month after the later of: (i) the date the participant attains age 62; or (ii) the participant separates from service. In the case of a distribution to a specified employee (as defined in Section 409A of the Code), where commencement is based on the specified employee's separation from service, the date that the distribution will commence will be the first day of the month following the date that is six months after the specified employee's separation from service.

If the value of a participant's benefit under the Restoration Plan is \$10,000 or less as of the date the benefit of the participant is to commence, the benefit will be paid in a single lump sum. There is no cap on the maximum benefits under the Restoration Plan. The actuarial present values of accumulated benefits as of December 30, 2011 for both the Retirement Plan and Restoration Plan are reflected in the Present Value of Accumulated Benefit Column of the Pension Benefits table below. The actuarial present values are based on the valuation method and the assumptions applied in the calculations.

**Table of Contents****Belgium**

The Company provides all employees with Group Insurance/Benefits Plan for the benefit of Graco BVBA. Each employee of Graco BVBA is provided with a group insurance benefit that provides retirement, life and disability benefits.

The pension benefit provides for a retirement benefit payable the first of the month following the employee's 65 birthday. The employee has three payment options: a lump sum, an annuity in life-only form or conversion to another product offered by the insurance company. The employee pays one-third of the premium and Graco BVBA pays two-thirds of the premium.

The life insurance benefit provides a payout of four times annual salary in the event of death prior to retirement. Graco BVBA pays the premium for this benefit.

The disability coverage consists of an insured annual benefit equal to 10 percent of the annual salary limited to the AMI-Benefits ceiling, plus 70 percent of the excess. In case of occupational accident, the employee will be entitled to an annual disability benefit, equal to 70 percent of the part of the annual salary that exceeds the ceiling. Mr. Paulis's disability benefit is approximately U.S. \$223,094. Graco BVBA pays the premium.

All Graco BVBA employees have a sector retirement plan known as Sector Pension Plan Agoria. Graco BVBA is part of the Metal Trade sector. This additional retirement plan provides for retirement beginning the first day of the month following the employee's 65 birthday. The retirement benefit will be paid as a one-time lump sum. Graco BVBA pays the monthly premium.

**Nonqualified Deferred Compensation**

The Graco Inc. Deferred Compensation Plan (2005 Statement) (the Deferred Compensation Plan ) is a nonqualified, unfunded, deferred compensation plan intended to meet the requirements of Section 409A of the Code. Our Company has purchased insurance contracts on the lives of certain employees who are eligible to participate in the Restoration Plan and the Deferred Compensation Plan to fund the Company's liability under these plans. These insurance contracts are held in trust and are available to general creditors in the event of the Company's insolvency. This plan was adopted following the freezing of the Graco Inc. Deferred Compensation Plan (1992 Restatement) effective December 31, 2004. Only a select group of management and highly compensated employees are eligible for the current Deferred Compensation Plan.

A participant in the Deferred Compensation Plan may elect to defer one percent to 50 percent of his or her base salary or advance sales incentive and/or one percent to 100 percent of his or her annual bonus and year-end sales incentive award. The Deferred Compensation Plan uses measurement funds to value the performance of the participants' accounts. Participants can select one or more measurement funds and allocate their accounts in whole percentages. Participants have the ability to change their measurement funds on a daily basis. Participants are fully vested in the funds credited to their account at all times.

Upon enrollment in the Deferred Compensation Plan, the participant elects the year distributions are to begin and the form of distribution. The participant may elect a one-time change to the year in which the distribution is to begin. A change will delay the first distribution date for at least five years after the date the distributions would have begun under the original election. Participants have the ability to select between the following distribution forms: lump sum or annual installments for five, ten or fifteen years. In the event of a separation from service, the account will be distributed as soon as administratively possible in the January next following the date of separation from service. For a specified employee (as defined by Code Section 409A) distributions where the timing of the distribution is based on a separation from service, the date of distribution will be the first of the month following the date that is six months after the date the specified employee separated from service.

Effective December 31, 2004, Graco froze the Graco Inc. Deferred Compensation Plan (1992 Restatement). A participant in the Graco Inc. Deferred Compensation Plan (1992 Restatement) could have deferred one percent to 25 percent of his or her base salary or advance sales incentive and/or one percent to 50 percent of his or her annual bonus and year-end sales incentive award. The Graco Inc. Deferred Compensation Plan (1992 Restatement) was amended August 1, 2007 to use the same measurement funds as provided for in the Graco Deferred Compensation Plan (2005 Statement).

A participant in the Graco Inc. Deferred Compensation Plan (1992 Restatement) is eligible for distribution upon his or her retirement on or after the date the participant attains age 55 and completes at least five years of service. The monthly amount of a participant's benefit will be determined by dividing his or her account balance by the number of months of the payout period that was irrevocably selected by the participant upon enrollment or the number of months necessary to provide a minimum monthly payment of \$1,000.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Our Company's executive officers, directors, and 10 percent shareholders are required under the Securities Exchange Act of 1934 and regulations promulgated thereunder to file initial reports of ownership of the Company's securities and reports of changes in that ownership with the Securities and Exchange Commission. Copies of these reports must also be provided to the Company.

Based upon its review of the reports and any amendments made thereto furnished to our Company, or written representations that no reports were required, management believes that all reports were filed on a timely basis by reporting persons during and with respect to 2011. On February 19, 2010, Mr. Paulis sold 2,755 shares of Graco stock owned by him. The transaction was not reported on a Form 4 when it occurred due to an administrative oversight. A Form 4 reporting the transaction was filed June 3, 2011.

**RELATED PERSON TRANSACTION APPROVAL POLICY**

In February 2007, our Board of Directors adopted a written related person transaction approval policy, which sets forth our Company's policies and procedures for the review, approval or ratification of any transaction required to be reported in our filings with the Securities and Exchange Commission. Our policy applies to any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships in which our Company is a participant and in which a related person has a direct or indirect interest, other than the following:

Payment of compensation by our Company to a related person for the related person's service to our Company in the capacity or capacities that give rise to the person's status as a related person; and

Transactions generally available to all employees or all shareholders of our Company on the same terms.

The Audit Committee of our Board of Directors must approve any related person transaction subject to this policy before commencement of the related person transaction or, if it is not practicable to approve the transaction before commencement, the transaction will be submitted to the Audit Committee or Chair of the Audit Committee for ratification as soon as possible. The Audit Committee or its Chair will analyze the following factors, in addition to any other factors the Audit Committee deems appropriate, in determining whether to approve a related person transaction:

The benefits to our Company;

The impact on a director's independence;

The availability of other sources for comparable products or services;

The terms of the transaction and whether they are fair to our Company;

Whether the terms are available to unrelated third parties or to employees generally; and

Whether the transaction is material to the Company.

The Audit Committee or its Chair may, in its, his or her sole discretion, approve or deny any related person transaction. Approval of a related person transaction may be conditioned upon our Company and the related person following certain procedures designated by the Audit Committee or its Chair.

**PROPOSAL 3**

**ADVISORY VOTE ON OUR EXECUTIVE COMPENSATION**

The Company is providing shareholders with an advisory, non-binding vote on the executive compensation of the Named Executive Officers (commonly referred to as a "say on pay"). Accordingly, shareholders will vote on approval of the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers as disclosed in the Compensation Discussion and Analysis section, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.

This vote is non-binding. The Board of Directors and the Management Organization and Compensation Committee expect to take the outcome of the vote into account when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under the Compensation Discussion and Analysis section of this Proxy Statement, our compensation programs are designed to achieve the Company's goal of attracting, developing and retaining global business leaders who can drive financial and strategic growth objectives that are intended to build long-term shareholder value. Our executive compensation framework includes the following elements:

- Competitive compensation as compared against manufacturing companies of comparable sales volume and financial performance;
- All elements of compensation are tied to the performance of the Company, a division, a region and/or the performance of the individual executive officer;
- Appropriate balance of short- and long-term financial and strategic business results, with an emphasis on managing the business for the long-term;
- Long-term incentives that align the interests of executive officers with the long-term interests of shareholders; and
- Compensation designed to reduce the possibility of excessive risk-taking, such as through our stock holding policy and recoupment policy.

Shareholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure to better understand the compensation of our Named Executive Officers.

**The Board of Directors, upon recommendation of the Management Organization and Compensation Committee, recommends that shareholders vote FOR approval, on an advisory basis, of the compensation paid to our Named Executive Officers as disclosed in this Proxy Statement.**

**PROPOSAL 4**

**PROPOSAL TO INCREASE AUTHORIZED SHARES FOR EMPLOYEE STOCK PURCHASE PLAN**

On December 2, 2011, the Board of Directors approved an amendment to the Graco Inc. 2006 Employee Stock Purchase Plan, as amended (the "Purchase Plan"), to increase the aggregate number of shares of Graco common stock authorized for sale under the Purchase Plan from 2,000,000 to 7,000,000. At the Meeting, shareholders are being asked to approve this 5,000,000 share increase in the aggregate number of shares of common stock authorized for sale under the Purchase Plan. As of March 1, 2012, 483,774 shares of Graco common stock remain available for future sale under the Purchase Plan.

Since 1982, the Company has maintained the Purchase Plan or a predecessor plan to provide employees of the Company and its subsidiaries an opportunity to acquire common shares in the Company and, thus, to develop a stronger incentive to work for the continued success of the Company. As of March 1, 2012, out of approximately 2,050 employees eligible to participate in the Purchase Plan, approximately 1,380 were participating.

The number of shares authorized for sale under the Purchase Plan must be increased to ensure there are sufficient shares available for purchase by employees in the future. The Board believes that the continuation of the Purchase Plan is in the best interests of the Company, its employees and its shareholders. The Purchase Plan fosters good employee relations, promotes employee stock ownership at all levels of the Company,

## Edgar Filing: GRACO INC - Form DEF 14A

helps align the interests of the employee participants with those of other shareholders, helps attract, retain and motivate employees, and helps provide for the financial future of employee participants. For these reasons, the Board believes that the Purchase Plan has contributed to the Company's success in the past and will be important to the Company's ability to achieve consistently superior performance in the years ahead.

## **Table of Contents**

### **Key Features of the Purchase Plan Proposal**

1. The aggregate number of shares of common stock allocated to the Purchase Plan will be increased from 2,000,000 to 7,000,000. All other terms of the Purchase Plan will remain the same.
2. The total number of shares of common stock remaining available for issuance under the Purchase Plan will be less than 10% of the total shares outstanding as of March 1, 2012.
3. The Purchase Plan enables the Company to continue to attract key talent to the organization.
4. The Company will continue its long-standing policy of opportunistically repurchasing shares to offset dilution resulting from issuance of shares under the Purchase Plan.

### **Administration**

The Purchase Plan is administered by a Committee appointed by the Board of Directors. The Committee is authorized to make any uniform rules that may be necessary to carry out the provisions of the Purchase Plan. Subject to the terms of the Purchase Plan, the Committee shall determine the term of each Purchase Period and the manner for determining the purchase price of shares to be sold at the end of the Purchase Period. The Committee is also authorized to determine any questions arising in the administration, interpretation and application of the Purchase Plan, and all such determinations are conclusive and binding on all parties. The Committee may delegate all or part of its authority under the Purchase Plan to a committee of management for purposes of making determinations under the Purchase Plan.

### **Eligibility and Number of Shares**

If approved by the shareholders, the aggregate number of shares of common stock allocated to the Purchase Plan will increase from 2,000,000 to 7,000,000, resulting in an additional 5,000,000 shares of common stock being available for purchase under the Purchase Plan, subject to appropriate adjustments by the Committee in the event of certain changes in the outstanding shares of common stock by reason of any stock dividend, stock splits, spin-off, split up, corporate separation, recapitalization, merger, consolidation, combination, exchange of shares and any similar events.

Any full- or part-time employee of the Company or, subject to approval by the Board of Directors or the Committee, a parent or subsidiary corporation of the Company (including officers and any directors who are also employees of the Company or any such parent or subsidiary) is eligible to participate in the Purchase Plan for any Purchase Period (as defined below) so long as the employee is customarily employed at least 16 hours per week and the employee is customarily employed for at least five months in a calendar year. No employee may participate in the Purchase Plan if the employee would be deemed for purposes of the Internal Revenue Code to own stock, immediately after a right to purchase is granted, equal to 5% or more of the total combined voting power or value of all classes of stock of the Company.

**Purchase Period** means an annual period commencing March 1 and ending on the last day of February of the following calendar year, or such other period of time as may be designated by the Committee. An employee must be eligible to participate on the twenty-fifth day of February prior to commencement of the Purchase Period.

Any eligible employee may elect to become a participant in the Purchase Plan for any Purchase Period by filing an enrollment form with the Company before the first day of the Purchase Period. The election form will be effective as of the first day of the next succeeding Purchase Period following receipt by the Company of the enrollment form and will continue to be effective until the employee modifies his or her authorization, withdraws from the Purchase Plan or ceases to be eligible to participate in the Purchase Plan.

As of March 1, 2012, the Company had approximately 1,380 employees who would be eligible to participate in the Purchase Plan.

No non-employee director or other non-employee is eligible to participate in the Purchase Plan.

**Participation**

An eligible employee who elects to participate in the Purchase Plan authorizes the Company to make payroll deductions of a specified amount of the employee's compensation. The minimum and maximum amount that may be withheld for any week during a pay period is 3% and 15%, respectively, of the employee's gross cash compensation, excluding commissions. A participant may decrease the amount of his or her payroll deductions. A participant may also elect to withdraw from the Purchase

**Table of Contents**

Plan during any Purchase Period, in which event the entire balance of his or her payroll deductions during the Purchase Period will be paid to the participant in cash within 60 days after the Company's receipt of notice of the withdrawal. A participant who withdraws from the Purchase Plan during a Purchase Period will not be eligible to re-enter the Purchase Plan until the next succeeding Purchase Period. A participant may only increase his or her payroll deductions at the commencement of a Purchase Period.

Amounts withheld under the Purchase Plan are held by the Company as part of its general assets until the end of the Purchase Period and then applied to the purchase of common stock. Interest is credited on the amounts withheld under the Purchase Plan at a simple interest rate selected by the Committee. The amount of interest is determined by averaging the balances in the participant's account on the last business day of each month during the accrual period.

The following table sets forth the number of shares of common stock purchased under the Purchase Plan by the Named Executive Officers and by the various groups indicated on February 29, 2012.

(2) Includes former employees whose employment terminated due to disability or retirement within three months of the expiration of the Purchase Period, as provided under the Purchase Plan.

**Purchase of Stock**

Amounts deducted for a participant in the Purchase Plan are used to purchase common stock of the Company as of the last day of the Purchase Period at a price established from time to time by the Committee, which shall be no less than the lesser of: (a) 85% of the Fair Market Value (as defined in the Purchase Plan) of a share of common stock on the first day of the Purchase Period; or (b) 85% of the Fair Market Value of a share of common stock on the last day of the Purchase Period. All amounts so deducted, including the interest accrued on such amounts, are used to purchase the number of whole shares of common stock that can be purchased with such amount, unless the participant has properly notified the Company that he or she elects to withdraw in cash all of such withheld amounts or to purchase a lesser number of shares. Any withdrawal of

## Edgar Filing: GRACO INC - Form DEF 14A

cash and amounts remaining due to a participant's election to purchase a lesser number of shares, including interest on such amounts, will be refunded to the participant within 60 days after the end of the Purchase Period.

If purchases by all participants would exceed the number of shares of common stock available for purchase under the Purchase Plan, each participant will be allocated a ratable portion of the available shares of common stock. Any amount not used to purchase shares of common stock will be refunded to the participant in cash.

Shares of common stock purchased by a participant are issued and registered in the direct registration system in the name of the participant or jointly, as joint tenants with the right of survivorship, in the name of the participant and another person, as the participant or his or her representative may direct.

## **Table of Contents**

No more than 5,000 shares or shares with a Fair Market Value of more than \$25,000 (as determined on the first day of the Purchase Period) may be purchased by any participant under the Purchase Plan in any calendar year.

### **Death, Disability, Retirement or Other Termination of Employment**

If the employment of a participant is terminated for any reason other than death, disability or retirement, the amounts previously withheld, including interest, will be refunded in cash to the participant within 60 days. In the event of the participant's death, the amounts previously withheld, including interest, will be paid to the participant's estate or any designated beneficiaries within 60 days of the Company's receipt of a certified copy of the participant's death certificate. Except as described below, in the event of a participant's disability (as defined in the Purchase Plan), the participant will continue to participate until three months following the termination of employment, provided that the participant's deductions will terminate when the participant is no longer receiving disability pay or after six months of continuous disability, whichever occurs first. In the event of a participant's retirement (as defined in the Purchase Plan), the participant may continue to participate until three months following the termination of employment, provided that payroll deductions will terminate on the day of termination of employment. In the event of a termination of employment due to disability or retirement that occurs more than three months before the end of a Purchase Period, the Participant may not purchase shares and the amounts withheld, including interest, will be refunded to the participant within 60 days.

### **Rights Not Transferable**

The rights of a participant under the Purchase Plan are exercisable only by the participant during his or her lifetime. No right or interest of any participant under the Purchase Plan may be sold, pledged, assigned or transferred.

### **Amendment or Modification**

The Company reserves the right to amend or terminate the Purchase Plan. Any amendment or termination shall require approval of the Board of Directors or the Committee, as provided under the Purchase Plan. Approval by the shareholders of the Company is required to: (a) authorize an increase in the number of shares of common stock that may be reserved under the Purchase Plan (except for adjustments by reason of any stock dividend, stock split, spin-off, split up, corporate separation, recapitalization, merger, consolidation, combination, exchange of shares and any similar event); (b) permit the issuance of shares of common stock before payment therefor in full; (c) increase the maximum rate of payroll deductions above 15% of compensation; (d) reduce the minimum price per share at which the shares of common stock may be purchased; or (e) change the definition of employees eligible to participate in the Purchase Plan.

### **Termination**

All rights of participants under the Purchase Plan will terminate at the earlier of: (a) the day that participants become entitled to purchase a number of shares of common stock equal to or greater than the number of shares of common stock remaining available for purchase; or (b) at any time, at the discretion of the Board of Directors, upon at least 30 days' notice to the participants. Upon termination or suspension of the Purchase Plan, the Company will pay to each participant cash in an amount equal to the balance previously withheld from the participant and not used to purchase common stock.

### **U.S. Federal Tax Considerations**

Payroll deductions under the Purchase Plan are made after taxes. Except with regard to interest earned and paid, participants do not recognize any additional income as a result of participation in the Purchase Plan until the disposal of shares of common stock acquired under the Purchase Plan or the death of the participant. Participants who hold their shares of common stock for more than twelve months or die while holding their shares of common stock will recognize ordinary income in the year of disposition or death equal to the lesser of: (a) the excess of the fair market value of the shares of common stock on the date of disposition or death over the purchase price paid by the participant; or (b) 15% of the fair market value of the shares of common stock on the first day of the Purchase Period as of which the shares were purchased. If the twelve month holding period has been satisfied when the participant sells the shares of common stock or if the participant dies while holding the shares of common stock, the Company will not be entitled to any tax deduction in connection with the disposition of such shares by the participant.

Participants who dispose of their shares of common stock within twelve months after the shares of common stock were purchased will be considered to have realized ordinary income in the year of disposition in an amount equal to the excess of the fair market value of the shares of common stock on the date they were purchased by the participant over the purchase price paid by the participant. If such dispositions occur, the Company generally will be entitled to a tax deduction at the same time and in the same amount as the participants who make those dispositions are deemed to have realized ordinary income.

---

**Table of Contents**

Participants will have a basis in their shares of common stock equal to the purchase price of their shares of common stock plus any amount that must be treated as ordinary income at the time of disposition of the shares of common stock, as explained above. Any additional gain or loss realized on the disposition of shares of common stock acquired under the Purchase Plan will be capital gain or loss.

**The Board of Directors recommends that shareholders vote FOR approval of the amendment to the Purchase Plan.**

**PROPOSAL 5**

**PROPOSAL TO APPROVE THE INCENTIVE BONUS PLAN**

On February 17, 2012, the Management Organization and Compensation Committee (the "MOCC") of the Board of Directors approved, subject to Board and shareholder approval, the Graco Inc. Incentive Bonus Plan (the "Incentive Bonus Plan"). On February 17, 2012, the Board of Directors approved the Incentive Bonus Plan and directed that the Incentive Bonus Plan be submitted to the shareholders for approval. The purpose of the Incentive Bonus Plan is to motivate the executive officers and certain other employees of the Company to improve the overall performance of the Company and to reward them when the Company achieves specific measurable results. The Incentive Bonus Plan provides cash rewards to executive officers and certain other employees to encourage them to produce a strong return for the Company's shareholders and to encourage them to remain in the employ of the Company. The Incentive Bonus Plan gives the MOCC discretion to choose one or more appropriate performance targets by which to measure the performance of the Company's executive officers and certain other employees in any given performance period. The full text of the Incentive Bonus Plan is set forth in Appendix A to this Proxy Statement, and the summary description below is qualified in its entirety by reference to the full text of the Incentive Bonus Plan.

As described above in the Compensation Discussion and Analysis of this Proxy Statement, the Company currently maintains two separate Annual Incentive Plans for its executive officers: the Executive Officer Annual Incentive Bonus Plan and the Executive Officer Bonus Plan. The Annual Incentive Plans are administered by the MOCC, and each executive officer participates in only one of the Annual Incentive Plans. The Executive Officer Annual Incentive Bonus Plan was adopted by the Company's shareholders at the Annual Meeting of Shareholders on April 20, 2007, to qualify payments made thereunder as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code. Please refer to the section called "Short-Term Incentives (STI)" under the Compensation Discussion and Analysis for additional information about the Annual Incentive Plans.

Rather than maintain two separate Annual Incentive Plans, the Board of Directors, upon recommendation of the MOCC, believes it is in the best interests of the Company, its employees and its shareholders to replace the Annual Incentive Plans with the Incentive Bonus Plan. The Incentive Bonus Plan will operate in a similar manner to the Annual Incentive Plans. The Incentive Bonus Plan gives the MOCC discretion to grant awards that qualify as performance-based compensation under Section 162(m), as well as awards that are not intended to so qualify. The MOCC will have the discretion to designate executive officers and other employees of the Company as participants in the Incentive Bonus Plan. The Incentive Bonus Plan will also permit the MOCC to establish performance periods based on a performance period of any length, as compared to the existing Annual Incentive Plans, which contemplate that all performance periods would be equal to one fiscal year. Accordingly, the Incentive Bonus Plan will now permit simultaneous awards of annual and longer term incentive opportunities. The maximum amount of bonus payments that may be made to any participant in any year pursuant to all awards under the Incentive Bonus Plan will be \$10 million. The Incentive Bonus Plan can be used for awards granted in 2013 and future years.

*Administration.* The MOCC, all of whose members are non-employee directors who are outside directors within the meaning of Section 162(m) of the Internal Revenue Code, will administer the Incentive Bonus Plan. The MOCC will have the authority to grant cash incentive awards to the executive officers and other employees upon such terms, consistent with the terms of the Incentive Bonus Plan, as it considers appropriate. The MOCC will have the authority to interpret all provisions of the Incentive Bonus Plan, to establish, amend, waive and rescind any rules and regulations relating to the administration of the Incentive Bonus Plan and to make all other determinations necessary or advisable for the administration of the Incentive Bonus Plan. The MOCC may delegate its Incentive Bonus Plan administration authority to the Chief Executive Officer with respect to eligible employees who are not executive officers. Awards granted pursuant to such delegated authority will be made consistent with the criteria established by the MOCC and will be subject to any other restriction placed on the delegation by the MOCC.

*Eligibility.* Any executive officer and other employee designated by the MOCC from time to time is eligible to participate in the Incentive Bonus Plan. The MOCC determines which executive officers and other employees will participate in the Incentive Bonus Plan for a given year or other performance period. For awards intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, the MOCC may select the executive officer(s) it deems appropriate to participate in the Incentive Bonus Plan no later than the shorter of the first 90 days or the first 25% of the performance period.

---

**Table of Contents**

*Determination of Performance Targets.* Awards may be based on one or more of the following performance targets chosen by the MOCC: stock price, net sales, net earnings, pre-tax earnings, operating earnings, earnings before interest and taxes, earnings before interest, taxes, depreciation, and amortization, operating cash flow, free cash flow, cash flow from operations, return on equity, return on assets, return on invested capital, expenses, earnings per share and/or total shareholder return.

In addition, for any award to a participant who is not a covered officer under Section 162(m) of the Internal Revenue Code or that is not intended to constitute performance-based compensation under Section 162(m) of the Internal Revenue Code, the performance targets may include one or more non-financial measures in addition to or in lieu of the financial measures set forth above as the MOCC may determine.

The MOCC may select different performance targets for different participants in any performance period that are related to one or any combination of two or more of corporate (consolidated), group, unit, division, affiliate or individual performance. In addition to selecting the performance targets, the MOCC will also approve the level of attainment required to earn a payment under an award. The required level of attainment can be measured in absolute amounts, on a per share basis, as a change from a prior performance period or relative to the performance of other companies.

*Determination of Cash Incentive Amounts.* The degree of attainment for each participant to receive an award will be determined by the MOCC. At the end of the performance period, the MOCC will certify in writing the degree to which performance targets were attained and the awards payable to the participants. The participants will receive payment in cash as soon as practicable, but in no event more than two and one-half months after the end of the calendar year in which the performance period ended. A participant must be employed through the last day of the fiscal year to receive a payout of an award, unless the participant's employment terminates due to retirement, death or disability, in which case the participant (or the participant's successor) may be entitled to a prorated payment for the portion of the performance period during which the participant was employed. At any time during the performance period, the MOCC has discretion to amend the performance targets based on unusual or unique circumstances or the impact of acquisitions, divestitures or other major unusual events, so long as such adjustments to awards qualifying as performance-based compensation under Section 162(m) of the Internal Revenue Code will not disqualify the award.

*Maximum Payments.* The maximum amount payable under the Incentive Bonus Plan to any covered officer under Section 162(m) of the Internal Revenue Code for any year cannot exceed \$10 million.

*Amendments.* The MOCC may at any time terminate, suspend or modify the Incentive Bonus Plan and the terms and provisions of any award to any participant that has not been paid. Amendments are subject to approval of the shareholders only if such approval is necessary to maintain the Incentive Bonus Plan in compliance with the requirements of Section 162(m) of the Internal Revenue Code.

*Tax Matters.* As described in the Compensation Discussion and Analysis section of this Proxy Statement, Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to the Company's covered officers to \$1 million per year. This limitation does not apply to performance-based compensation. One of the conditions for qualification as performance-based compensation is that the shareholders must approve the material terms of the performance goals and re-approve those material terms every five years. Amounts paid under awards designed to comply with the requirements of Section 162(m) of the Internal Revenue Code will, under current tax law, be exempt from the \$1 million per year deductibility limit if shareholders approve the Incentive Bonus Plan.

*Plan Benefits.* The Incentive Bonus Plan will be effective January 1, 2013. Awards intended to qualify as performance-based compensation under Section 162(m) will qualify as such so long as the Incentive Bonus Plan is approved by shareholders at the Meeting. As a result, the first awards granted under the Incentive Bonus Plan will relate to fiscal 2013. Amounts payable under the Incentive Bonus Plan for fiscal 2013 are not determinable because the performance targets and target opportunities will not be set by the MOCC until early in fiscal 2013. However, the benefits paid to our Named Executive Officers under the existing comparable Annual Incentive Plans for fiscal 2011 are set forth under the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 30.

**PROPOSAL 6**

**VOTE ON SHAREHOLDER PROPOSAL TO ADOPT MAJORITY VOTING FOR ELECTION OF DIRECTORS**

California Public Employees Retirement System, P.O. Box 942708, Sacramento, CA 94229-2708, beneficial owner of approximately 194,569 shares of Graco common stock as of November 8, 2011, has given notice that it intends to present for action at the Annual Meeting the following resolution:

**SHAREOWNER PROPOSAL**

RESOLVED, that the shareowners of Graco Inc. (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareowners in uncontested elections. A plurality vote standard, however, will apply to contested director elections; that is, when the number of director nominees exceeds the number of board seats.

**SUPPORTING STATEMENT**

Is accountability by the Board of Directors important to you? As a long-term shareowner of the Company, CalPERS thinks accountability is of paramount importance. This is why we are sponsoring this proposal. This proposal would remove a plurality vote standard for uncontested elections that effectively disenfranchises shareowners and eliminates a meaningful shareowner role in uncontested director elections.

Under the Company's current voting system, a director nominee may be elected with as little as one affirmative vote because withheld votes have no legal effect. This scheme deprives shareowners of a powerful tool to hold directors accountable because it makes it impossible to defeat director nominees who run unopposed. Conversely, a majority voting standard allows shareowners to actually vote against candidates and to defeat reelection of a management nominee who is unsatisfactory to the majority of shareowners who cast votes.

A substantial number of companies have already adopted this form of majority voting. More than 80% of the companies in the S&P 500 have adopted a form of majority voting for uncontested director elections. We believe the Company should join the growing number of companies that have adopted a majority voting standard requiring incumbent directors who do not receive a favorable majority vote to submit a letter of resignation, and not continue to serve, unless the Board declines the resignation and publicly discloses its reasons for doing so.

Majority voting in director elections empowers shareowners to clearly say no to unopposed directors who are viewed as unsatisfactory by a majority of shareowners casting a vote. Incumbent board members serving in a majority vote system are aware that shareowners have the ability to determine whether the director remains in office. The power of majority voting, therefore, is not just the power to effectively remove poor directors, but also the power to heighten director accountability through the threat of a loss of majority support. That is what accountability is all about.

CalPERS believes that corporate governance procedures and practices, and the level of accountability they impose, are closely related to financial performance. It is intuitive that, when directors are accountable for their actions, they perform better. We therefore ask you to join us in requesting that the Board of Directors promptly adopt the majority voting standard for uncontested director elections. We believe the Company's shareowners will substantially benefit from the increased accountability of incumbent directors and the power to reject directors shareowners believe are not acting in their best interests. Please vote FOR this proposal.

**OUR BOARD OF DIRECTORS RESPONSE**

Our Board has carefully considered the issue of majority voting in uncontested director elections. For the reasons outlined below, we continue to believe that the adoption of majority voting is not in the best interests of the Company or our shareholders. We believe the plurality voting standard continues to be the best standard for electing our Company's directors.

*Majority Voting May Have Unintended Negative Consequences* Our Board continues to be concerned about the unintended and undesirable consequences of majority voting. For example, majority voting may give undue influence to special-interest or single-issue voters who use director votes to forward agendas that are not always consistent with the Company's philosophy of investing in and managing the business for the long-term. In addition, many institutional investors rely on voting recommendations issued by proxy advisory firms. Those proxy advisory firms often base their recommendations on single issues

**Table of Contents**

and apply inflexible policies. We are concerned that these recommendations are made without consideration of the performance and other circumstances of the particular corporation or the contributions of the particular director to the corporation. We do not believe that this proposal has been submitted based on concerns regarding the current plurality voting standard as applied to our Company and is not based upon the contribution of our directors. Our Board believes it is unlikely shareholders generally want the consequence of a single-issue agenda to be the failure to elect a productive director or group of directors, especially given that the current plurality voting standard allows shareholders to register dissatisfaction by means of a withhold vote for one or more directors.

*Implementing Majority Voting Will Increase the Time and Cost Required to Elect Directors* The elimination of broker discretionary voting in the election of directors in 2010 has made it more difficult to obtain a high voter turnout for the election of directors. When combined with the higher voting threshold required by majority voting, this would inevitably increase the Company's costs in connection with its annual meetings by requiring us to conduct telephone solicitation campaigns, second mailings of proxy materials or other vote-getting strategies to obtain the required vote to elect directors in routine circumstances. Our Board continues to believe that these expenditures would be a poor use of Company resources.

*We Do Pay Attention to Withhold Votes* Under the Company's current plurality voting system, a withhold vote allows shareholders to express their views. We are required to report the results of voting on the election of directors in a Form 8-K within four business days after our annual meeting. As a result, there is significant visibility of any director who receives a significant number of withhold votes. Our Nominating Committee reviews the voting results from each annual meeting.

*We Have an Effective Board Structure* Our Board is held accountable and does not believe that electing directors by a different standard would result in a more effective Board. Our Governance Committee, which consists entirely of independent directors, considers a variety of factors, as described above under *Director Qualifications and Selection Process* Qualification Standards, when nominating directors to stand for election. Other than our CEO, our Board consists solely of independent directors, as determined in accordance with the New York Stock Exchange listing standards, which means that our directors do not have relationships that might impair their ability to challenge our management. In addition, our shareholders have a right to submit comments and concerns to our Board as described above under *Communications With The Board*.

*Our Board Process Already Ensures a High Quality of Director Nominees* The Board's success in nominating strong, highly qualified directors is underscored by the fact that historically our shareholders have consistently elected directors with a majority of the votes cast. In the last five years, all directors standing for election have received a majority of the votes cast on the election of directors. Accordingly, the implementation of a majority voting standard in any of these elections would not have impacted the outcome of the election.

*The Dodd-Frank Act Does Not Mandate Majority Voting* The discussions surrounding the adoption of the Dodd-Frank Act in 2010 included discussions about whether majority voting should be mandatory for all public companies. However, Congress chose to exclude mandatory majority voting from the final Act, and instead left the issue to the states and to individual companies and their shareholders to decide on a case-by-case basis. We believe that this decision supports the proposition that majority voting is not necessarily appropriate for all companies. For the reasons stated above, we continue to believe that majority voting is not appropriate for Graco.

Our Board has considered this proposal and the arguments for and against majority voting and concluded that adoption of a majority voting standard at this point in time may lead to undue influence by special interest groups and to other unintended consequences, and is unnecessary and disadvantageous to the Company and our shareholders.

**Our Board of Directors recommends that shareholders vote AGAINST the shareholder proposal.**

Awards under the Plan for such Participants and (iii) take all other actions of the Compensation Committee, including administration and interpretation of such Bonus Awards. Bonus Awards granted pursuant to such delegated authority shall be made consistent with the criteria established by the Compensation Committee and shall be subject to any other restrictions placed on the delegation by the Compensation Committee.

### 3. **Bonus Award for a Performance Period.**

#### 3.1 **Bonus Award.**

(a) Grant of Bonus Award. For each Bonus Award, the Compensation Committee shall designate the Participants in the Plan; determine the applicable Performance Period; determine the amount of the Bonus Award (which may be based on a percentage of the Participant's Base Salary); select applicable Performance Target(s); identify the weights thereof; and determine the relationship between Performance Targets and Bonus Payments. Such determinations shall be memorialized in written documents adopted by the Compensation Committee. For any Bonus Award of Performance-Based Compensation, the Compensation Committee shall designate the Participants and make the Bonus Awards, including establishment of the Performance Target(s), within the shorter of the first ninety (90) days or the first twenty-five percent (25%) of the Performance Period.

(b) Establishment of Performance Targets. The Performance Target(s) shall be tied to one or more of the following financial measures: stock price, net sales, net earnings, pre-tax earnings, operating earnings, earnings before interest and taxes, earnings before interest, taxes, depreciation, and amortization, operating cash flow, free cash flow, cash flow from operations, return on equity, return on assets, return on invested capital, expenses, earnings per share or total shareholder return (the Financial Measures) for the applicable Performance Period. Each such Financial Measure shall be computed in accordance with generally accepted accounting principles as in effect from time to time and as applied by the Company in the preparation of its financial statements, subject to other rules and conditions as the Compensation Committee may establish. The Financial Measure may be stated in absolute terms, as a change from preceding periods, or as compared to any other company or companies. In the case of a Bonus Award that is not intended to constitute Performance-Based Compensation, the Committee may select one or more non-financial measures (the Non-Financial Measures) to evaluate the performance of a Participant in addition to or in lieu of one or more Financial Measures. All Non-Financial Measures shall be applied in a manner consistent with usual Company practice and such rules and conditions as the Compensation Committee may establish. Financial Measures and Non-Financial Measures may relate to one or any combination of two or more of corporate (consolidated), group, unit, division, affiliate or individual performance.

3.2 **Bonus Payment.** Following the close of each Performance Period and prior to the making of any Bonus Payment, the Compensation Committee shall determine whether and to what extent Performance Target(s) and all other factors upon which the Bonus Payment is based have been attained. In determining whether a Performance Target has been attained, the Compensation Committee may make adjustments based on unusual or unique circumstances or the impact of acquisitions, divestitures or other major unusual events, provided that no such adjustment shall be made to a Bonus Award that is intended to constitute Performance-Based Compensation if the effect of such adjustment would be to cause the Bonus Award to fail to qualify as Performance-Based Compensation. Subject to any deferred compensation election pursuant to any such plans of the Company, payment of the Bonus Payment shall in all events be made within two and a half months following the calendar year in which the Performance Period ends.

#### 3.3 **Limitations.**

(a) **If Performance Targets are not Achieved.** If Performance Targets are not achieved during the Performance Period, the Compensation Committee may decide to pay a bonus to the Participant, but must state the reason(s) for its decision in writing, and no bonus shall be paid to a Covered Employee under a Bonus Award intended to constitute Performance-Based Compensation if the Performance Targets for such Bonus Award are not achieved.

Compensation Committee, provided that any such bonus shall be based on actual achievement of the Performance Target(s). For purposes of the Plan, a Participant who has attained age 65, or age 55 and 10 years of service with the Company or an affiliate shall, upon termination for any reason other than cause (as defined below) be deemed to have retired. As used herein, the term cause shall mean termination as a result of gross misconduct, commission of a felony or material breach of the Company's Code of Ethics and Business Conduct.

- (c) **Limitation on Performance-Based Compensation.** No Covered Employee shall be entitled to receive Bonus Awards that entitle the Covered Employee to receive more than ten million dollars (\$10,000,000) in any calendar year.
  
- 4. **Nontransferability.** Participants and beneficiaries shall not have the right to assign, encumber or otherwise anticipate the payments to be made under the Plan, and the benefits provided hereunder shall not be subject to seizure for payment of any debts or judgments against any Participant or any beneficiary.
  
- 5. **Tax Withholding.** In order to comply with all applicable federal, provincial, state or local income tax laws or regulations, the Company may take such action as it deems appropriate to ensure that all applicable federal, provincial, state or local payroll, withholding, income or other taxes, which are the sole and absolute responsibility of a Participant, are withheld or collected from such Participant.
  
- 6. **Amendment.** The Compensation Committee may amend the Plan prospectively at any time and for any reason deemed sufficient by it without prior notice to any person affected by the Plan.
  
- 7. **Miscellaneous.**
  - 7.1 **Effective Date.** January 1, 2013

  - 7.3 **Headings.** Headings are given to the sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.
  
  - 7.4 **Applicability to Successors.** The Plan shall be binding upon and inure to the benefit of the Company and each Participant, the successors and assigns of the Company, and the beneficiaries, personal representatives and heirs of each Participant. If the Company becomes a party to any merger, consolidation or reorganization, the Plan shall remain in full force and effect as an obligation of the Company or its successors in interest.
  
  - 7.5 **Employment Rights and Other Benefit Programs.**

(a)

## Edgar Filing: GRACO INC - Form DEF 14A

The provisions of the Plan shall not give any Participant any right to be retained in the employment of the Company. In the absence of any specific agreement to the contrary, the Plan shall not affect any right of the Company, or of any affiliate of the Company, to terminate, with or without cause, the Participant's employment at any time. The Plan shall not replace any contract of employment, whether oral or written, between the Company and any Participant, but shall be considered a supplement thereto.

- (b) Bonus Payments received by a Participant pursuant to the Plan shall not be deemed a part of the Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay law of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or any affiliate unless expressly so provided by such plan, contract or arrangement, or unless the Compensation Committee expressly determines that a Bonus Payment or portion of a Bonus Payment should be included to accurately reflect competitive practices or to recognize that a Bonus Payment has been made in lieu of a portion of competitive cash compensation.

- 7.6 **No Trust or Fund Created.** The Plan shall not create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any affiliate and a Participant or any other person. To

the extent that any person acquires a right to receive payments from the Company or any affiliate pursuant to the Plan, such right shall be no greater than the right of any unsecured general creditor of the Company or of any affiliate.

- 7.7 **Governing Law.** To the extent that federal law does not otherwise control, the validity, construction and effect of the Plan or any bonus payable under the Plan shall be determined in accordance with the laws of the State of Minnesota.
- 7.8 **Severability.** If any provision of the Plan is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Compensation Committee, materially altering the purpose or intent of the Plan, such provision shall be stricken as to such jurisdiction, and the remainder of the Plan shall remain in full force and effect.
- 7.9 **Qualified Performance-Based Compensation.** Certain Bonus Awards are intended to constitute Performance-Based Compensation and, therefore, the terms and conditions of the Plan shall be interpreted in such a fashion as to qualify all such Bonus Awards as qualified performance-based compensation within the meaning of Section 162(m) of the Code. Accordingly, the material terms of the Plan shall be disclosed to the shareholders of the Company and must be approved by shareholders in accordance with Section 162(m) of the Code in order for any Bonus Payments to constitute Performance-Based Compensation.

The determination of Fair Market Value shall be subject to adjustment as provided in Section 14.

3. *Scope of the Plan.* Shares may be sold to Eligible Employees pursuant to the Plan as hereinafter provided, but not more than Two Million (2,000,000) Shares, subject to adjustment as provided in Section 14, shall be sold to Eligible Employees pursuant to the Plan. All sales of Shares pursuant to the Plan shall be subject to the same terms, conditions, rights and privileges. The Shares sold to Eligible Employees pursuant to the Plan may be shares acquired by purchase on the open market or in privately negotiated transactions, by direct issuance from the Company or by any combination thereof.
  
4. *Eligibility and Participation.* To be eligible to participate in the Plan for a given Purchase Period, an employee must be an Eligible Employee. An Eligible Employee may elect to participate in the Plan by submitting an enrollment form to the Company before the commencement of the applicable Purchase Period that authorizes regular payroll deductions from Compensation beginning with the first payday in such Purchase Period and continuing until the Eligible Employee withdraws from the Plan, modifies his or her authorization or ceases to be an Eligible Employee, as hereinafter provided.
  
5. *Number of Shares Each Eligible Employee May Purchase.*
  - 5.1. Subject to the provisions of the Plan, each Eligible Employee shall be offered the right to purchase on the last day of the Purchase Period the number of Shares that can be purchased at the price specified in Section 5.2 with the entire credit balance, including interest, if any, in the Participant's Stock Purchase Account; provided, however, that no Eligible Employee shall be granted a right to acquire Shares under the Plan that permits the Eligible Employee's rights to purchase Shares under the Plan and all other employee stock purchase plans within the meaning of Section 423(b) of the Code maintained by the Company and the Participating Affiliates to accrue at a rate that exceeds \$25,000 of Fair Market Value (determined at the time such option is granted) for each calendar year in which such right is outstanding at any time. In no event may any Eligible Employee purchase more than 5,000 shares under the Plan for a given Purchase Period. If the purchases by all Participants would otherwise cause the aggregate number of Shares to be sold under the Plan to exceed the number specified in Section 3, however, each Participant shall be allocated a ratable portion of the maximum number of Shares that may be sold.
  
  - 5.2. The purchase price of each Share sold pursuant to the Plan shall be established from time to time by the Committee, but shall be no less than the lesser of (a) or (b) below:

Such notice is subject to revision by the Company at any time prior to the date of purchase of such Shares. The Company contemplates that for tax purposes the first day of a Purchase Period will be the date of the offering of such Shares.
  
  - 6.2. Each Eligible Employee who desires to participate in the Plan for the applicable Purchase Period shall signify his or her election to do so by delivering an executed election on a form designated by the Company prior to the commencement of the Purchase Period. An election to participate in the Plan and to authorize payroll deductions as described herein must be made before the first day of the Purchase Period to which it
