HOUSTON, July 27, 2012. Prosperity Bancshares, Inc.<sup>®</sup> (NYSE: PB), the parent company of Prosperity Bank<sup>®</sup>, reported net income for the quarter ended June 30, 2012 of \$36.972 million or \$0.78 per diluted common share, an increase in net income of \$1.880 million or 5.4%, compared with \$35.092 million or \$0.75 per diluted common share for the same period in 2011.

I am very pleased to be able to announce our outstanding results for the second quarter of 2012, particularly during the current economic environment when our industry is so challenged, commented David Zalman, Chairman and Chief Executive Officer. I am proud of our team of bankers and their ability to attract quality customers to our bank. In fact, over the past three months, our lenders produced more loans than we

have ever produced during a calendar quarter in the history of our bank.

During the past quarter, we completed our merger with Billy and Cathy Allen's team at The Bank Arlington. This additional location in the Dallas/Fort Worth CMSA will allow us to continue our growth in that market. On July 1, we completed our merger with American State Financial Corporation. W.R. Collier and his team provide us with an excellent platform for future growth in West Texas. We now have major operations in Lubbock, Midland/Odessa and Abilene and believe the American State Bank leadership team, including Mike Epps, Tony Whitehead, Mike Marshall and Gary Galbraith, brings vast knowledge of these markets to our team. Finally, we are excited about our recently announced, and fifth in the past year, merger agreement with Community National Bank in Bellaire, Texas, located in the heart of the Houston MSA. Randy Dobbs and John James along with their team will help us continue our growth in Houston, continued Zalman.

While we are excited about our recent mergers, our team remains focused on growing our bank by providing the highest level of service to our customers. We remain excited about our future and strive to continue building shareholder value, concluded Zalman.

Prosperity's management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate its performance. Specifically, Prosperity reviews tangible book value per share, return on average tangible common equity and the tangible equity to tangible assets ratio. Prosperity has included in this Earnings Release information relating to these non-GAAP financial measures for the applicable periods presented. Please refer to the Notes to Selected Financial Data at the end of this Earnings Release for a reconciliation of these non-GAAP financial measures.

**NOTES TO SELECTED FINANCIAL DATA**

Prosperity's management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate its performance. Specifically, Prosperity reviews tangible book value per share, return on average tangible common equity and the tangible equity to tangible assets ratio for internal planning and forecasting purposes. Prosperity has included in this Earnings Release information relating to these non-GAAP financial measures for the applicable periods presented. Prosperity believes these non-GAAP financial measures provide information useful to investors in understanding Prosperity's financial results and Prosperity believes that its presentation, together with the accompanying reconciliations, provides a complete understanding of factors and trends affecting Prosperity's business and allows investors to view performance in a manner similar to management, the entire financial services sector, bank stock analysts and bank regulators. These non-GAAP measures should not be considered a substitute for GAAP basis measures and results and Prosperity strongly encourages investors to review its consolidated financial statements in their entirety and not to rely on any single financial measure. Because non-GAAP financial measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names.
