Our Board of Directors currently consists of ten directors and is divided into three classes as provided in our Bylaws. Stockholders elect a portion of our Board of Directors each year. Except as otherwise noted below, Class I directors' terms will expire at the annual meeting of stockholders to be held in 2013, Class II directors' terms will expire at the annual meeting of stockholders to be held in 2014 and Class III directors' terms will expire at the annual meeting of stockholders to be held in 2015. Currently, the Class I directors are Jim J. Brewer, William A. Gilliland and Jeffrey S. Serota; the Class II directors are Stephen C. Beasley, Edward W. Money Penny, Roy T. Oliver, Jr. and Tom L. Director Qualifications

The Nominating and Governance Committee, as described below, has the responsibility under its charter to recommend nominees for election to the Board of Directors. Rather than maintaining a formal list of minimum qualifications in making its identification, evaluation and recommendation of nominees, the Nominating and Governance Committee considers the entirety of each candidate's credentials, including relevant skills and experience, independence under applicable Securities and Exchange Commission (SEC) and New York Stock Exchange (NYSE) standards, business judgment, service on the boards of directors of other companies, personal and professional integrity, openness and ability to work as part of a team, willingness to commit the required time to serve as a Board member, and familiarity with the Company and its industry.

The Board believes that each of its directors understands fully the responsibilities of service as a director and the governance requirements applicable to public companies resulting from the orientation and ongoing education provided by the Company's general counsel, their service on the boards of directors of other public companies and their involvement as directors in initial public offerings, including that of the Company.

In identifying, nominating and approving of director candidates, the Nominating and Governance Committee and the Board also believe the Board, as a whole, should have:

significant senior management experience;

experience overseeing public company financial management matters, including expertise in financial reporting and internal controls, which experience and expertise are essential to the Company's ability to comply with its many and complex financial reporting responsibilities;

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

substantial experience in varied facets of the oil and natural gas industry to deal most effectively with its vendors, peers and downstream counterparties; and

a background in investing and capital raising activities, which the Board believes is made necessary by the Company's growth profile.

Table of Contents

The Nominating and Governance Committee, in recommending director candidates, considers diversity based on the extent to which a candidate's experiences in the areas described above differ from those of the other members of the Board. A candidate is nominated only if the Nominating and Governance Committee believes the combination of the candidate's experiences will bring a unique perspective to Board deliberations and the oversight of the Company's affairs.

As a result of the experiences of its individual members detailed below, the Nominating and Governance Committee and the Board believe that the Board, as a whole, has the following qualifications and experience valued by them.

Item 11. *Executive Compensation*
2013 Executive Compensation Program Changes

During 2012 and the first several months of 2013, our Compensation Committee received input from stockholders regarding the design, competitiveness, and function of our executive compensation programs. In response to this input and as part of a comprehensive review of all of the Company’s compensation and governance practices, the Compensation Committee and the Board of Directors are in the process of implementing substantive changes to our executive compensation program for 2013 and beyond in order to enhance the linkage between compensation and Company performance, and to better align the process with best practices. Measures the Compensation Committee intends to implement are reconstituting the peer group to which the Company’s compensation is compared; linking annual incentive compensation to the objective performance criteria; and tying a meaningful portion of long-term incentive compensation to stock price performance. The Company expects to disclose information regarding these measures and the revised executive compensation program once they are finalized.

Table of Contents

The following actions have already been taken by the Compensation Committee in connection with its recent and on-going evaluation.

Clawback Policy

In April 2013, the Compensation Committee adopted, and the Board approved, a clawback policy that will be administered by the Compensation Committee. Under the policy, the Company, at the Board's discretion, may recover incentive compensation that has been erroneously paid, in the event of a material restatement or misconduct.

Stock Ownership Guidelines

In April 2013, the Compensation Committee adopted, and the Board of Directors approved, stock ownership guidelines for executive officers and independent directors of the Company. The policy generally requires executives to own stock in the Company equal to the following guidelines:

| Executive Level | Percentage of Salary Required |
|------------------------|--------------------------------------|
| CEO | 500% |
| EVP | 300% |
| Other Officers | 100% |

In addition, outside directors will be required to own stock equal to 500% of their annual retainer. Executives and outside directors will have five years to fulfill this requirement. Until they are in compliance with the guidelines, they will be required to hold a specified amount of net shares associated with equity awards (after tax and/or exercise price) in the following amounts: CEO 60% of net shares; EVPs, other officers, and outside directors 50%.

Anti-Hedging, Anti-Pledging Policy

The Compensation Committee adopted, and the Board of Directors approved, a policy that will apply to stock granted or acquired after the effective date of May 1, 2013. The policy will prohibit executives and independent directors from entering into agreements in which Company shares are pledged as security for a loan. It also prohibits executives and outside directors from engaging in hedging transactions involving Company stock.

Review of Tally Sheets

Beginning in 2013 and going forward, the Compensation Committee has adopted a practice of reviewing compensation tally sheets to provide the Committee with a detailed view of total compensation delivered to named executive officers, including direct and indirect compensation.

Annual Say on Pay Frequency

In order to enhance the Company's stockholder communication process related to executive compensation, the Compensation Committee adopted and the Board of Directors approved a change to the frequency of our Say on Pay vote, from triennial to annual, beginning in 2014.

A strong, experienced senior management team is necessary to execute our business plan. Accordingly, our compensation philosophy has reflected our need to attract, retain and motivate top talent to maintain our position as an employer of choice in the oil and gas industry. Our competitive compensation package allows us to strategically and opportunistically attract executive officers by offering competitive cash compensation packages and the potential of returns that can be achieved through equity ownership, evidenced by the fact that all of our named executive officers joined us during periods of intense competition for experienced exploration and production company executives. Moreover, our Company undertook transformative transactions during 2012 in a highly competitive marketplace and must continue to rely on a highly qualified and talented team to execute on its business plan. As the Company continues to pursue its strategy of expanding its operations in the Mississippian play, a competitive compensation program will be imperative to retain and attract top management talent what will continue to create value for our Company and stockholders.

Philosophy

As illustrated in the table below, our philosophy for compensating executive officers, including our named executive officers, is to employ measured amounts of various types of compensation to achieve multiple and varied objectives.

| Compensation Element | General Objectives | Key Features |
|---|---|---|
| Base Salary | Provide a fixed level of cash compensation for performing day-to-day responsibilities | Intended to be competitive with our peers, while aligned with individual responsibilities and performance. |
| Cash Bonus Awards | Reward near-term operational and financial performance | Intended to be competitive with our peers, while aligned with individual responsibilities and performance. |
| Long-Term Incentives | Align executives' compensation with interests of stockholders, encourage retention and reward long-term operational and financial performance | Restricted stock grants vest ratably over four years. |
| Health, Welfare and Retirement Benefits | Maintain a competitive position in terms of attracting and retaining executives | Participation in health, welfare and 401(k) plans is on the same terms for all employees. Non-qualified deferred compensation plan is available to executives and certain other eligible employees. |
| Perquisites | Maintain a competitive position in terms of attracting and retaining executives though not intended to represent a significant role in total compensation | Includes air travel for certain of our named executive officers and some personal security services and accounting support for our Chief Executive Officer. |

Additionally, we have entered into written employment agreements with each of our executive officers, including each named executive officer, to help ensure the retention of these individuals in a highly competitive marketplace.

Process Followed in 2012

As further discussed below, Mr. Ward and our Senior Vice President – Corporate and Human Resources actively participated in the evaluation, design and administration of our compensation program for all of our executive officers, including the named executive officers. Mr. Grubb and Mr. Bennett participated in making recommendations regarding, and administering, the program for executive officers other than the named executive officers.

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

In 2012 and prior years, the Compensation Committee typically reviewed the components of our executive officer compensation program on a semi-annual basis, in December and June of each year, and approved adjustments as it deemed appropriate. For 2012, the Compensation Committee directly retained the services of Longnecker to perform comparative analyses of compensation paid by exploration and production companies that compete with us in the labor and capital markets. No member of the Compensation Committee or any named executive officer has any affiliation with Longnecker. In addition, the Compensation Committee evaluated the independence of Longnecker, including under factors specified in Rule 10C-1 under the Exchange Act, and concluded that Longnecker is independent of management and that services it has performed for the committee did not present a conflict of interest. The committee periodically sought input from Longnecker on a range of external market factors, including evolving compensation and market trends, appropriate comparison companies and market survey data.

Our Senior Vice President Corporate and Human Resources worked with the Compensation Committee and Longnecker to establish an agenda and prepare meeting materials for each meeting during which the committee reviewed the compensation of our executive officers. Mr. Ward and our Senior Vice President Corporate and Human Resources typically attend and participate in all

or a portion of each Compensation Committee meeting, depending on the nature of the matters to be discussed. For the December 2011 and June and December 2012 compensation reviews, and taking into account the input of Messrs. Grubb and Bennett, Mr. Ward provided his recommendations regarding each element of executive officer compensation at the same time Longnecker provided its analysis. After receiving recommendations and analysis from Mr. Ward and Longnecker and considering the totality of the information provided, including its assessment of Company and individual performance, the Compensation Committee determined appropriate adjustments to our executives' compensation.

Peer Company Comparison for 2012

Our Compensation Committee recognizes that the amount of compensation we provide to our executive officers must be competitive in the marketplace and believes that industry trends should be considered when assessing the forms and amounts of compensation provided to our executive officers. During 2012, the committee took into account the levels of compensation paid to executives in comparative positions in our industry when determining the compensation to be paid to our executive officers. The committee did not, however, target or benchmark a specific percentile or range of percentiles, when compared to pay at such other companies, for any element of any executive officer's compensation or any executive's compensation as a whole.

For the purpose of the Compensation Committee's review of compensation paid to our executive officers in 2012, the committee reviewed information assembled by Longnecker, which consisted of the executive compensation programs of the following companies:

Mid-sized Peer Companies

Continental Resources, Inc.
 Denbury Resources Inc.
 Energen Corporation
 EQT Corporation
 Linn Energy, LLC
 Newfield Exploration Company
 Pioneer Natural Resources Company
 Plains Exploration & Production Company
 Range Resources Corporation
 Southwestern Energy Company
 Ultra Petroleum Corp.
 Whiting Petroleum Corporation

Large Peer Companies

Anadarko Petroleum Corporation
 Apache Corporation
 Chesapeake Energy Corporation
 Devon Energy Corporation
 EOG Resources, Inc.
 Noble Energy, Inc.

Companies whose compensation program information was used by the Compensation Committee during 2012 are referred to collectively as our Peer Companies.

We believe we must recruit and retain executive officers with significant and diverse experience and skills to properly execute our business plan. In order to compete with larger Peer Companies (two of which are also headquartered in Oklahoma City) for appropriately qualified officers who are capable of handling a high degree of responsibility, we often paid compensation levels greater than those of mid-sized Peer Companies with total revenues comparable to ours.

Table of Contents

At the time of the December 2012 compensation review, the amount of total direct compensation to be provided to our Chief Executive Officer was intended to be above and below the 90th percentiles of such amounts provided to chief executive officers at mid-sized Peer Companies and large Peer Companies, respectively. We intended for the amount of total direct compensation to be provided to our other named executive officers to be above the 90th and below the 75th percentiles of the amounts of total direct compensation provided to executive officers at mid-sized Peer Companies and large Peer Companies, respectively. The table below illustrates how each named executive officer's total cash compensation and long-term incentive compensation (which, at the Company, is comprised of restricted stock awards) compared to similar compensation for comparable positions at mid-sized Peer Companies and large Peer Companies.

Named

| Executive Officer | Total Cash Compensation at Mid-Sized Peer Companies | Total Cash Compensation at Large Peer Companies | Long-Term Incentive Compensation at Mid-Sized Peer Companies | Long-Term Incentive Compensation at Large Peer Companies |
|--------------------------|--|--|---|---|
| Tom L. Ward | Above 90 th percentile | Below 75 th percentile | Above 90 th percentile | Below 90 th percentile |
| Matthew K. Grubb | Above 90 th percentile | Below 75 th percentile | Below 90 th percentile | Below 50 th percentile |
| James D. Bennett | Above 90 th percentile | Below 75 th percentile | Below 75 th percentile | Below 50 th percentile |
| Todd N. Tipton | Below 75 th percentile | Below 50 th percentile | Below 50 th percentile | Below 50 th percentile |
| Rodney E. Johnson | Below 90 th percentile | Below 90 th percentile | Below 50 th percentile | Below 50 th percentile |

Elements of our 2012 Executive Compensation Program

As discussed above, during 2012 the Compensation Committee employed multiple compensation elements as a means to achieve various objectives, including compensating executives for performing day-to-day responsibilities, recognizing and rewarding near-term performance, aligning the interests of executives and stockholders and retaining a highly qualified executive team. The most significant compensation elements employed by the committee to realize these goals include base salaries, cash bonuses and grants of long-term incentive awards such as restricted stock. To align the interests of executives and stockholders and retain executive talent, the committee directed the largest portion of total direct compensation (salary plus bonus plus restricted stock awards) to restricted stock awards that vest over time.

The committee did not otherwise attempt to adjust any element of compensation for the purpose of affecting how it relates to any other element.

Base Salaries. We provide our executive officers with annual base salaries to compensate them for services rendered during the year. During 2012, base salaries were set at levels that were commensurate with job responsibilities and competitive with salaries paid by our Peer Companies. In addition to providing compensation that was competitive with the market, the base salaries of our executive officers were intended to reflect the relative importance of each individual's position within the Company.

In 2012 and prior years, the Compensation Committee reviewed each executive officer's base salary in December and June of each year. The Compensation Committee's review consisted of assessing Mr. Ward's recommendations regarding each executive officer's salary, including his own, and evaluating the recommendations in light of the Peer Company comparative information provided to the committee.

Factors the Compensation Committee considered when determining semi-annual salary adjustments included:

the responsibilities of the executive officer;

the period over which the executive officer has performed these responsibilities;

the scope, level of expertise and experience required for the executive officer's position and the period during which the officer has performed these responsibilities;

the strategic impact of the officer's position; and

the potential future contribution and demonstrated individual performance of the officer.

In addition, salary adjustments were made based on our overall performance (discussed below) and competitive market conditions. Although no formulaic weighting was assigned to any one of these factors, significant emphasis was placed on current market levels and the individual's skills, seniority and previous industry experience, which were evaluated on a case-by-case basis.

Cash Bonus Awards. In addition to competitive base salaries, we provided our executive officers semi-annual cash bonuses intended to encourage and reward the attainment of our near and long-term strategic, operational and financial goals.

Table of Contents

Our Compensation Committee reviewed cash bonus award levels for our executive officers by assessing Mr. Ward's recommendations regarding each executive officer's cash bonus award, including his own, and evaluating the recommendations in light of the Peer Company comparative information provided to the committee. Cash bonus awards were based on the committee's subjective evaluation of the performance of the Company and each executive's contribution thereto over the previous six months in light of the considerations described above. Historically, and as discussed in more detail below under Performance Evaluation, greater consideration was given to strategic and operational performance, rather than short-term financial or stock price performance, as it was felt that strategic and operational performance most directly result in long term value to our stockholders. Cash bonuses were discretionary and not awarded pursuant to a formal plan or an agreement with any executive officer. Additionally, cash bonuses were not awarded based on specific Company or individual performance criteria or targets. We believed this discretionary and subjective approach helped to mitigate the incentive an executive officer may have to expose the Company to excessive risk in order to increase his or her potential cash bonus.

The Compensation Committee evaluated Mr. Ward's bonus recommendations for the compensation reviews conducted in June and December 2012. Following discussion and analysis of the factors referenced above, including an evaluation of the Company's performance, and after making any necessary adjustments to Mr. Ward's recommendations, the members of the Compensation Committee approved the cash bonus awards for our executive officers, including the payments to our named executive officers reflected in the Summary Compensation Table below.

Restricted Stock Grants. Our Board of Directors has the discretion to grant restricted stock under our 2009 Incentive Plan pursuant to our restricted stock awards program. Restricted stock awards have been generally granted on a semi-annual basis and typically vest over a four-year period, except under certain limited circumstances, including the annual grants to Mr. Ward under the terms of his employment agreement discussed below. These long term incentive awards have helped us to attract highly qualified individuals and align their compensation with the long-term interests of our stockholders. The four-year vesting period of these awards serves as a tool for the retention of our employees, including our executive officers. In addition, as with cash bonus awards, awarding shares of restricted stock semi-annually encouraged executive officer retention and continuity.

Grants of restricted stock were based on a subjective evaluation of the same factors that were used to determine the cash bonus awards, taking into consideration the Peer Company comparative information provided to the Compensation Committee. In addition, the committee considered the cost of such equity awards, the potential impact on dilution and, as discussed above, the relative value in relation to the other components of the executive compensation program.

Performance Evaluation

Oil and natural gas prices historically have been volatile and are beyond the control of our executive officers. Therefore, we did not historically base executive officer compensation decisions on pre-established performance targets as most of the applicable operational and financial performance measures are contingent upon the prices we receive or expect to receive from the sale of oil and natural gas and such measures do not necessarily reflect, in the short-term, certain key strategic decisions that have positioned the Company for long-term success. When making determinations regarding compensation in 2012, the Compensation Committee chiefly considered the executive team's contributions to, and the long-term development and success of the Company with respect to identifying and acquiring new assets cost effectively and realizing the full potential of the Company's existing asset base; achieving financial security and flexibility; and mitigating risk posed by fluctuating commodity prices. These elements were not specifically weighted in the committee's consideration because the relative importance of each element could change from time to time and the responsibilities of each executive officer as they contribute to the achievement of any particular objective may vary. The committee considered the following in particular in 2012, believing the compensation awarded appropriately reflected the executives' contributions to the described achievements and the value created thereby:

Realizing Full Potential of Company's Assets

Increased production and reserves

The Company's production for 2012 was 33.5 MMboe, representing a 44% increase over production for 2011. The increase is mostly attributable to the Company's continued successful drilling program in the Mississippian play and the Permian Basin and the strategic acquisition of producing assets in the Gulf of Mexico in the second quarter of 2012.

Mississippian Play

The Company has become the industry leader in the prolific Mississippian play, one of the leading emerging liquids and natural gas plays in North America, where the Company operates the most wells, is the most active driller and on December 31, 2012 had approximately 1.89 million net acres in the play. The Company believes this significant acreage position will support enough future drilling locations to allow the Company to continue to operate and invest in the play for the foreseeable future.

Table of Contents

From January 2010 through the end of 2012, the Company has invested \$500 million in the acquisition of leaseholds in the Mississippian play and over \$1.7 billion in drilling capital and infrastructure. The Company's average net production there grew to 30.2 Mboe/d during the third quarter of 2012, increasing 138% from the third quarter of 2011. In addition, production has grown over 18x from the third quarter of 2010 to the third quarter of 2012.

Permian Basin

From 2009 through the end of 2012, the Company has made net investments in the Permian Basin of approximately \$1.2 billion. As of year-end 2012, these assets were producing approximately 30,000 Boe/d, a 165% increase in production growth since year end 2009.

Gulf of Mexico

In April 2012, the Company completed its acquisition of Dynamic Offshore Resources, LLC, which contributed approximately 62.5MMboe of oil and natural gas reserves and 25 Mboe/d of production in the Gulf of Mexico to the Company's asset base. The strategic acquisition of Dynamic and other Gulf of Mexico assets in 2012 expanded the Company's presence in the region, while adding valuable current oil and natural gas production and cash flow to help fund the Company's expansion in the Mississippian play.

Financial Security and Flexibility and Commodity Price Risk Mitigation

In addition to the achievements described above, the Company took substantial steps in 2012 to close its capital spending funding gap, de-lever its balance sheet and further mitigate the risks inherent in oil and natural gas operations. Noteworthy accomplishments included:

In January 2012, the Company capitalized on its acreage position in the Mississippian play and monetized certain non-operated working interests and associated salt water disposal facilities by selling such assets to Repsol E&P USA Inc. for approximately \$250 million in cash and a drilling and development carry of \$750 million.

In April 2012, the Company sponsored the successful initial public offering of common units in SandRidge Mississippian Trust II, receiving approximately \$590 million in cash in exchange for the conveyance of royalty interests in producing and development wells within a specified area of mutual interest. In addition to the cash proceeds, the Company retained an approximate 40% ownership interest in the trust.

In August 2012, the Company successfully refinanced \$350 million of its Senior Floating Rate Notes due 2014 with part of the proceeds from a \$1.1 billion offering of 7.5% Senior Notes due 2021 and 2023.

Recognizing the need to strengthen its balance sheet, the Company has continued efforts to significantly reduce its leverage ratios.

To help secure high rates of return for its drilling program while mitigating its exposure to commodity price volatility, the Company's executive management hedged substantially all of its estimated oil production for 2013 at an attractive price of more than \$96.00 per Bbl.

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

In determining the cash bonus and restricted stock awarded to Mr. Ward for 2012, the Compensation Committee considered Mr. Ward's continued leadership in the horizontal development of the Mississippian play in Oklahoma and Kansas and the development of the Company's assets in the Permian Basin. Mr. Ward recognized before the Company's competitors the potential for a large scale statistical development of what has become one of the premier oil exploitation plays in the United States. While the Mississippian formation in Oklahoma and Kansas had been developed with vertically drilled wells for many decades, its potential had gone largely unnoticed and untapped until the Company quietly and inexpensively leased millions of acres, which it is now aggressively developing. As results were realized by the Company in the play, large independent producers and major integrated multinational companies turned their attention to the area and invested significant amounts of their own capital, driving up acreage costs after the Company had completed the large bulk of its planned acreage purchases. Mr. Ward's efforts were instrumental in securing increased financial stability for the Company by attracting third party investment by a major international oil company in the Company's Mississippian capital program. As a result, the Company has monetized approximately 28% of its Mississippian acreage position for approximately \$2.33 billion, the entirety of which it acquired for approximately \$400 million, enabling the Company to develop the acreage it has retained. In addition, the committee recognized that the Company's transition to an oil-focused producer in the midst of a historical and sustained decline in natural gas prices and continued increase in oil production in both the Mississippian play and the Permian Basin was the result of Mr. Ward's vision and, accordingly, his particular leadership is key to the Company's success in the long-term. The committee also recognized Mr. Ward's leadership in securing the acquisition of Dynamic Offshore Resources, LLC in early 2012 at an attractive valuation. Through this acquisition, the Company dramatically increased its oil production and substantially reduced its debt relative to EBITDA. The committee appreciates that, as a result of his nearly 20 years of experience as the co-founder of a successful multi-billion dollar exploration and production company, Mr. Ward is presented with opportunities that most other Peer Company executives do not have. In addition, Mr. Ward's extensive experience and expertise in drilling and operating onshore oil and gas wells has been a key factor in the Company's success in acquiring its interests in and developing the Mississippian play.

Table of Contents

This experience, as well as Mr. Ward's expertise in oil and gas financing techniques and risk mitigation, has provided the Company with an enduring competitive advantage in its business and operations. Therefore, the committee felt that Mr. Ward's cash bonus and restricted stock awards reward the specific achievements described, encourage similar achievements in the future, reflect the importance of his particular leadership, and address the risks facing the Company if he were to pursue other opportunities.

Other Benefits

We also provide our executive officers the following forms of compensation:

Health and Welfare Benefits. Our executive officers are eligible to participate in medical, dental, vision, disability and life insurance to meet their health and welfare needs. These benefits are provided to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. This is a fixed component of compensation and the benefits are provided on a nondiscriminatory basis to all of our employees.

Perquisites and Other Personal Benefits. We believe that the total mix of compensation and benefits provided to our executive officers is competitive and, generally, perquisites should not play a large role in our executive officers' total compensation. As a result, the perquisites and other personal benefits we provide to our executive officers are limited. Under the terms of each named executive officer's employment agreement, we will pay the fees and expenses related to one membership in a club in the Oklahoma City, Oklahoma area. The terms of Mr. Ward's employment agreement provide for accounting support from certain Company employees for his personal investments. Mr. Ward reimburses us for half of each such accounting support employee's annual salary and cash bonus. We have also agreed to provide access to an aircraft at our expense for the personal travel of Mr. Ward and his family and guests who accompany him or them. Mr. Ward pays all personal income taxes accruing as a result of aircraft use for personal travel. In addition, from time to time, the Company provides personal security services to Mr. Ward and his family.

Retirement Plan. We maintain a 401(k) retirement plan for the benefit of all of our executive officers and employees on a non-discretionary basis. Under the plan, eligible employees may elect to defer a portion of their earnings up to the annual maximum allowed by regulations promulgated by the Internal Revenue Service. We make matching contributions equal to 100% on the first 15% of employee deferred wages. Matching contributions are made in shares of our common stock.

Nonqualified Deferred Compensation Plan. We maintain a nonqualified deferred compensation plan (NQDC Plan) to provide our executive officers and other eligible employees flexibility for meeting their future income needs and assisting them in their retirement planning. Under the terms of the plan, eligible employees are provided the opportunity to defer income in excess of the Internal Revenue Service annual limitations on qualified 401(k) retirement plans.

Under the NQDC Plan, we may make discretionary contributions to the deferred compensation account of each participant. The Board of Directors has approved matching contributions for the plan equal to 100% of employee contributions up to 15% of the employee's annual cash compensation minus any matching contributions made under the 401(k) retirement plan. Matching contributions are made in shares of our common stock.

Employment Agreements, Severance Benefits and Change in Control Provisions

Employment Agreements of our Named Executive Officers. We maintain employment agreements with our named executive officers to help ensure the retention of our executive officers in a competitive marketplace. These agreements are described in more detail below. Please read

Disclosure Related to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements. These agreements provide for severance compensation to be paid if the employment of the named executive officer is terminated under certain conditions, such as a change in control or termination without cause, each as defined in the agreements.

The employment agreements between us and our named executive officers and the related severance provisions are designed to meet the following objectives:

Change in Control. In certain scenarios, the potential to merge with or be acquired by another company may be in the best interest of our stockholders. We have agreed to provide severance compensation to our named executive officers if employment is terminated following a change in control transaction in recognition of the fact that our named executive officers may take actions in the best interest of our stockholders that ultimately lead to the termination of their employment.

Termination without Cause. If we terminate any of our named executive officers' employment without cause, we will pay certain compensation and other benefits to the terminated named executive officer. We believe this arrangement is appropriate because it is consistent with the triggering events and associated payments found in employment agreements of companies that we compete against for executive-level talent. We also believe it is beneficial for us and our named executive officers to have a mutually agreed upon severance package in place prior to any termination event, which we believe provides us with more flexibility to make a change in senior management if such a change is in our and our stockholders' best interest.

Other Matters

Stock Ownership Guidelines and Hedging. Prior to 2013, we did not have ownership requirements or a stock retention policy for our named executive officers in general. However, Mr. Ward's employment agreement requires the value of the shares of our common stock that he beneficially owns to remain above 500% of his annual salary and bonus. Based on Mr. Ward's salary and bonus paid during 2012, the price of our common stock and Mr. Ward's share ownership levels, he was well above the required holding amount in 2012.

Risk. Our compensation program for executives is designed to discourage excessive risk taking. In that regard, (i) cash bonuses for 2012 and prior periods were discretionary and not awarded pursuant to a formal plan or agreement or based on specific individual or Company performance metrics; and (ii) incentive compensation was historically provided only in the form of restricted stock awards, which (a) unlike awards in the form of stock options, do not provide an incentive to take unnecessary risk to increase stock price; (b) are not tied to formulas that could focus executives on specific short-term outcomes; and (c) vest over a four-year period to better align the compensation of our executive officers with the interests of our long-term stockholders.

Tax Treatment of Executive Compensation Decisions. Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1,000,000 paid to our chief executive officer or any of the three other most highly compensated executive officers (other than the chief financial officer), unless the compensation qualifies as performance-based compensation. Our Compensation Committee considers the impact of Section 162(m) when making compensation decisions and attempts to preserve the tax deductibility of executive compensation when doing so is consistent with the committee's overall compensation philosophy and in the Company's best interest. However, the Compensation Committee may award nondeductible compensation when it believes that such awards are in the Company's best interest, balancing short term tax efficiency with the Company's long-term strategic objectives.

Changes to Executive Compensation Due to Market Conditions. As of the date of this report, current economic conditions and recent difficulties in global markets have not affected how we evaluate executive compensation. However, we are mindful of the current state of the United States and world economies and continue to evaluate whether adjustments to executive compensation are appropriate in light of such circumstances.

Consideration of Say on Pay and Say on Frequency Voting Results. At our 2011 annual meeting of stockholders, the Company's stockholders approved the compensation provided to our named executive officers in an advisory vote, with over 70% of ballots cast being voted to approve the executive compensation program. Based on this approval, the Compensation Committee did not change its overall approach to compensation during 2011 or 2012. However, as described above under 2013 Executive Compensation Program Changes, in 2013 the Compensation Committee initiated a thorough review of the Company's executive compensation practices and related governance process.

In addition, the Board considered the results of the stockholder vote in 2011 regarding how frequently stockholders wish to conduct future say on pay votes. Because a majority of votes cast expressed a preference for conducting a say on pay vote every three years, the Board initially determined to submit executive compensation for stockholder consideration triennially. However, in 2013, the Compensation Committee recommended, and the Board approved, an annual say-on-pay vote beginning at the Company's 2014 annual meeting of stockholders.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the disclosure set forth above under the heading Compensation Discussion and Analysis with management and, based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this report.

Employment Agreements of our Other Named Executive Officers. Each of our other named executive officers entered into an employment agreement with the Company, the initial term of which is effective as of December 20, 2011 and ends on December 31, 2013 and automatically extends for an additional one-year term on the expiration date of the agreement, unless terminated in accordance with its terms. The terms of these agreements provide that, each of Messrs. Grubb, Bennett, Tipton, and Johnson would receive, upon a termination in connection with a change in control event, a lump sum cash payment in an amount equal to three times the sum of each of their respective base salary and average annual bonus.

The employment of Mr. Grubb with the Company terminated effective March 15, 2013. Pursuant to the terms of his Separation Agreement with the Company, Mr. Grubb will be entitled to: (i) a lump sum payment equal to his current annual base salary, payable within sixty (60) days of his termination, (ii) an additional cash payment equal to his current annual base salary plus the amount of his annual bonus for 2012, payable in equal installments over a 12-month period beginning within sixty (60) days of his termination, and (iii) the vesting of 1,135,833 shares of previously issued restricted stock. In addition, the Company agreed to pay or reimburse Mr. Grubb for any premiums he pays for continued coverage under the Company's group health plan through COBRA for up to 6 months following his termination and to permit Mr. Grubb to use certain of the Company's tickets to Oklahoma City Thunder home games for the remainder of the 2012-13 season.

The employment of each of Messrs. Tipton and Johnson with the Company will terminate effective May 10, 2013. Each agreement also addresses payments due upon termination due to death or disability. For a description of these payments, please read Potential Payments Upon Termination or Change in Control below.

2009 Incentive Plan

In June 2009, our stockholders approved the adoption of the 2009 Incentive Plan. The 2009 Incentive Plan authorizes the grant of stock options, stock appreciation rights, shares of restricted stock, restricted stock units and any other form of award based on the value (or the increase in value) of shares of our Common Stock. The 2009 Incentive Plan also permits cash incentive awards. Any current employee, officer, director, consultant or advisor of the Company and any of its present or future parent or subsidiary entities or any other business venture in which we have a controlling interest is eligible to be granted an award.

Restricted stock awards are grants of Common Stock made to eligible persons subject to restrictions, terms and conditions as established by the Compensation Committee. The grants of restricted stock are issued and outstanding shares from the date of the grant but are subject to forfeiture. An eligible person will become the holder of shares of restricted stock free of all restrictions if he or she complies with all restrictions, terms and conditions. Otherwise, the shares will be forfeited back to the Company. In most cases, holders of outstanding shares of restricted stock will not have the right to vote the shares of restricted stock granted under the 2009 Stock Plan until all restrictions, terms and conditions are satisfied.

Subject to adjustments allowed under the 2009 Incentive Plan, the 2009 Incentive Plan authorizes up to 28,500,000 shares of Common Stock to be used for awards. As of March 31, 2013, 6,670,289 shares, representing 1.35% of the outstanding shares of our Common Stock, are available to be used for future awards. If any award made under the 2009 Incentive Plan expires or is terminated, surrendered or canceled without having been fully exercised, is forfeited in whole or in part, or results in any shares not being issued, the unused shares covered by such award shall again be available for grants under the plan. Further, shares tendered to the Company by a participant to exercise an award shall be added to the

number of shares available for grants under the plan.

Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan (the NQDC Plan) for the benefit of eligible employees, including all of our named executive officers. Under the NQDC Plan, we may make discretionary contributions to the deferred compensation account of each participant. The Board of Directors has approved matching contributions for the NQDC Plan equal to 100% of employee contributions up to 15% of the employee's annual cash compensation minus matching contributions made under our 401(k) plan. Matching contributions are made with shares of our common stock. Matching contributions are calculated on behalf of each participant following the end of each calendar quarter. All matching contributions vest at the rate of 25% per year over the four-year period beginning on the date the employee first participates in the plan. The participant must be employed on the last day of the plan year in order to be eligible for vesting of contributions for that plan year.

An active participant of the NQDC Plan shall be fully vested upon the first to occur of the following events: (a) attainment of normal retirement age; (b) death; (c) disability; (d) change in control; or (e) satisfaction of the plan's vesting requirements.

The maximum employee compensation that can be deferred under our 401(k) plan and the NQDC Plan is a total of 75% of base salary and 75% of cash bonus. Participant contributions to the NQDC Plan are held in a rabbi trust and are adjusted for earnings and losses based on deemed investment choices selected by the participant from the fund selections made available under the plan. We do not provide guaranteed, above-market or preferential earnings on deferred compensation. The available investment choices mirror the investment choices available under our 401(k) plan.

No in-service distributions are permitted under the plan unless in the event of an unforeseeable emergency or a change in control of the Company. Upon separation of service of a participant for any reason other than retirement, the participant's balance is paid in a lump sum in cash as soon as practicable following the date of the qualifying distribution event. In the event the separation of employment is due to retirement after turning age 60, the vested balance is paid to the participant in the manner specified by the participant.

Any assets we place in trust to fund future obligations of the NQDC Plan are subject to the claims of creditors in the event of our insolvency or bankruptcy. Participants have no greater rights than those of an unsecured creditor as to their rights to receive payment of deferred compensation from the plan.

The following table sets forth activity under the NQDC Plan for 2012:

Severance Under Employment Agreement of Tom L. Ward

Termination Without Cause. In the event we terminate Mr. Ward's employment without Cause (as defined in Mr. Ward's employment agreement), Mr. Ward is entitled to receive (1) his base salary in effect on the date of termination for 36 months; (2) three times the average of his annual bonus for the three years preceding the termination; and (3) any vacation pay accrued but unused through the date of termination.

Termination in Connection with Change in Control. In the event that Mr. Ward's employment is terminated within two years of a Change in Control event (as defined below) other than for Cause, death or disability, Mr. Ward is entitled to receive (1) a single, lump sum severance payment within 60 days of termination equal to three times his base salary as in effect on the termination date (or, if greater, the highest base salary in effect during the three year period ending on the termination date) and bonus paid (based on an average of the last three annual bonuses paid) and (2) any applicable Gross-Up Payment (as defined below). If the foregoing amount is not paid within 60 days of the termination of Mr. Ward's employment following the Change in Control event, the unpaid amount will bear interest at a rate equal to 12% per annum. To the extent that any payment or distribution is subject to excise tax under Section 4999 of the Code or any other interest or penalties related to such excise tax (collectively, "Excise Tax"), the agreement provides we will pay an additional amount (the "Gross-Up Payment") such that, after payment by Mr. Ward of all taxes on the Gross-Up Payment, he will retain an amount of the Gross-Up Payment equal to the Excise Tax.

In addition, notwithstanding any provision to the contrary in any option agreement, restricted stock agreement, plan or other agreement relating to equity based compensation, in the event of a termination without Cause or in connection with a Change in Control, (1) all of Mr. Ward's units, stock options, incentive stock options, performance shares, stock appreciation rights and restricted stock will immediately vest; (2) Mr. Ward's right to exercise any previously unexercised options will not terminate until the latest date on which such option would expire but for Mr. Ward's termination; and (3) Mr. Ward will have the right to receive a lump sum payment equal to the value of the restricted stock that he would have received over the next three years if his employment with the Company had continued, payable, in the Company's discretion, in cash or in shares (the "Long-Term Retention Incentive"). To the extent we are unable to provide for one or both of the rights described under either (1) or (2) above, we will provide in lieu thereof a lump-sum cash payment equal to the difference between the total value of such awards with the foregoing rights and the total value without the foregoing rights.

In addition, Mr. Ward will be entitled to the above-described payments if, within two years of a Change in Control, he resigns for good reason which includes a material diminution in his authority, duties or responsibilities, a material reduction in his base salary or his failure to be elected, be reelected or serve as the Chairman of the Board of the Company.

Termination for Cause. If Mr. Ward is terminated for Cause, we will have no obligation to provide further payments or benefits.

Voluntary Termination. If Mr. Ward voluntarily terminates with or without Cause, we have no further obligations except for any obligations expressly surviving termination of employment. If Mr. Ward desires to voluntarily terminate, he must give 90 days' notice of his intent to terminate during which time he can use accrued vacation time or be paid for such days.

Termination due to Disability. If Mr. Ward's employment is terminated due to disability, he is entitled to receive his base salary in effect on the date of termination for 36 months and any vacation pay accrued but unused through the date of termination.

Termination due to Death. If Mr. Ward's employment terminates due to death, his estate is entitled to receive a lump sum payment equal to (1) his base salary in effect on the date of termination for 12 months; (2) the average of his annual bonus for the three preceding years; and (3) any vacation pay accrued but unused.

Change of Control Definition. Under Mr. Ward's employment agreement, a "Change of Control" generally means any one of the following:

(a) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act), other than Mr. Ward or his affiliates, of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of 40% or more of either (i) the then-outstanding shares of the Company's Common Stock (the "Outstanding Company Common Stock") or (ii) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities");

(b) the individuals who, as of December 20, 2011, constituted the Board of Directors (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board, except that any individual becoming a director after December 20, 2011 whose election, or nomination for election by the stockholders, is approved by a vote of at least a majority of the directors then comprising the Incumbent Board will be considered a

member of the Incumbent Board as of December 20, 2011;

(c) the consummation of a reorganization, merger, consolidation, or sale or other disposition of all or substantially all of the assets of the Company, unless following such transaction (i) the individuals and entities who were the beneficial owners, respectively, of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such transaction beneficially own, directly or indirectly, more than 60% of, respectively, the then-outstanding shares of common stock and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from such transaction in substantially the same proportions to one another as their ownership, immediately prior to such transaction of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be, (ii) no person (other than Mr. Ward or his affiliates) beneficially owns, directly or indirectly, 40% or more of, respectively, the then-outstanding shares of common stock of the entity resulting from the transaction or the combined voting power of the then-outstanding voting securities of such entity except to the extent such ownership existed prior to the transaction, and (iii) at least a majority of the members of the board of directors of the corporation resulting from such transaction were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such transaction; or

(d) the approval by the stockholders of the Company of a complete plan of liquidation or dissolution of the Company.

Severance Under Employment Agreements of our Other Named Executive Officers

Termination Without Cause. In the event we terminate a named executive officer's employment without Cause (as defined in the executive's employment agreement), the terminated executive is entitled to receive an amount equal to twelve months base salary in effect on the date of termination, and if at the time of such termination Mr. Ward is not the Chairman and Chief Executive Officer of the Company, then (a) all units, stock options, incentive stock options, performance shares, stock appreciation rights and restricted stock granted and held by the executive immediately prior to such termination will immediately vest; and (b) the executive's right to exercise any previously unexercised options will not terminate until the latest date on which such option would expire but for the executive's termination of employment.

Termination in Connection with Change in Control. In the event that employment is terminated within two years of a Change in Control event (which term has the same meaning as set forth above under the description of Mr. Ward's employment agreement) without Cause, death or disability, the executive is entitled to receive a single, lump sum severance payment within sixty days of termination equal to three times his base annual salary in effect on the date of termination and bonus paid (based on an average of the last three annual bonuses paid or such lesser number of years as he was employed). If the foregoing amount is not paid within sixty days after the Change in Control event, the unpaid amount will bear interest at a rate equal to 12% per annum. The right to this termination compensation upon a Change in Control is subject to the executive's execution of a severance agreement at the time of termination which will operate as a release of all legally waivable claims against us. Such payment is further conditioned upon the executive's compliance with all of the provisions of his employment agreement, including all post-employment obligations.

In addition, notwithstanding any provision to the contrary in any option agreement, restricted stock agreement, plan or other agreement relating to equity based compensation, in the event of a termination in connection with a Change in Control, all of the executive's units, stock options, incentive stock options, performance shares, stock appreciation rights and restricted stock (collectively, awards) will immediately vest. Further, the executive's right to exercise any previously unexercised options will not terminate until the latest date on which such option would expire but for the executive's termination. To the extent we are unable to provide for one or both of the foregoing rights, we will provide in lieu thereof a lump-sum cash payment equal to the difference between the total value of such awards with the foregoing rights and the total value without the foregoing rights. The right to this termination compensation is subject to the executive's execution of a severance agreement at the time of termination which will operate as a release of all legally waivable claims against us. Such payment is further conditioned upon the executive's compliance with all of the provisions of his employment agreement, including all post-employment obligations.

In addition, the executive will be entitled to the above-described payments if, within two years of a Change in Control, he resigns for good reason which includes a material diminution in his authority, duties or responsibilities or a material reduction in his base salary.

Termination for Cause. If the executive is terminated for Cause, we will have no further obligation to provide further payments or benefits.

Voluntary Termination. If the executive voluntarily terminates with or without Cause, we have no further obligations except for any obligations expressly surviving termination of employment. If the executive desires to voluntarily terminate, he must give 30 days' notice of his intent to terminate.

Termination due to Disability. If the executive's employment is terminated due to disability, he is entitled to receive twelve months base salary in effect on the termination date. This amount will be reduced by any benefits payable under any disability plans provided by us pursuant to his employment agreement.

Table of Contents

Termination due to Death. If the executive's employment terminates due to death, his estate is entitled to receive a lump sum payment equal to his base salary in effect on the date of his death plus any vacation pay accrued but unused.

If any amount payable to the executive under the executive's employment agreement or otherwise would constitute a parachute payment within the meaning of Section 280G of the Code and, but for the terms of the agreement, would be subject to the excise tax imposed by Section 4999 of the Code (the Excise Tax), then the executive's payments under the agreement will be reduced to the greatest amount that would not be subject to the Excise Tax if, after taking into account applicable federal, state, local and foreign income and employment taxes, the Excise Tax, and any other applicable taxes, the executive would retain a greater amount on an after-tax basis following such reduction.

Summary of Potential Payments upon Termination or Change in Control

The following table presents our reasonable estimate of the benefits that would have been payable to our named executive officers under their employment agreements assuming that each triggering event took place on December 31, 2012. While we have made reasonable assumptions regarding the amounts, there can be no assurance that the named executive officers would have received the amounts reflected below in the event of an actual termination of employment.

Indemnification

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

We have entered into an indemnification agreement with each of our directors and executive officers (each an indemnitee), which is intended to permit indemnification to the fullest extent now or hereafter permitted by the General Corporation Law of the State of Delaware. It is possible that the applicable law could change the degree to which indemnification is expressly permitted.

Table of Contents

Each indemnification agreement covers expenses (including attorneys' fees), judgments, fines and amounts paid in settlement incurred by an indemnitee when, in his or her capacity as a director or officer, the indemnitee is made or threatened to be made a party to any suit or proceeding. Each indemnification agreement generally covers claims relating to the fact that the indemnitee is or was an officer, director, employee or agent of ours or any of our affiliates, or is or was serving at our request in such a position for another entity. Each indemnification agreement also obligates us to promptly advance all reasonable expenses incurred in connection with any claim. The indemnitee is, in turn, obligated to reimburse us for all amounts so advanced if it is later determined that the indemnitee is not entitled to indemnification. The indemnification provided under the indemnification agreements is not exclusive of any other indemnity rights of an indemnitee; however, double recovery by an indemnitee is prohibited.

We are not obligated to indemnify the indemnitee with respect to claims brought by the indemnitee against:

the Company, except for:

claims regarding the indemnitee's rights under the indemnification agreement;

claims to enforce a right to indemnification under any statute or law; and

counter-claims against us in a proceeding brought by us against the indemnitee; or

any other person, except for claims approved by our Board of Directors.

We have also agreed to obtain and maintain director and officer liability insurance for the benefit of each of our directors and executive officers. These policies include coverage for losses for wrongful acts and omissions and to ensure our performance under the indemnification agreements. Each of our directors and executive officers is named as an insured under the policies and provided with the same rights and benefits as the most favorably insured of our directors and officers.

Director Compensation

Directors who also serve as employees receive no compensation for serving on our Board of Directors. In 2012, non-employee directors were each entitled to receive a \$50,000 annual retainer. In addition, non-employee directors received \$12,500 for each in-person meeting attended, not to exceed \$75,000 in any given year. In 2012, each non-employee director also received grants of shares of restricted stock that will vest in 25% increments on each of the first four anniversaries following the date of grant.

The following table sets forth the compensation of our non-employee directors for the fiscal year ended December 31, 2012.

Item 13. *Certain Relationships and Related Transactions and Director Independence*

The following is a discussion of certain transactions between us and our officers and directors and the beneficial owners of more than 5% of the outstanding shares of our common stock. We maintain a written policy that requires any related party transaction (as defined below) to be reviewed and approved by the disinterested members of our Board of Directors. A related party transaction is a transaction, proposed transaction, or series of similar transactions, in which (a) we are a participant, (b) the amount involved exceeds \$120,000 and (c) a related person (as defined below) has or will have a direct or indirect material interest. A related person is (i) any person who is, or at any time since the beginning of our last fiscal year was, a director, executive officer, or nominee to become a director, (ii) a person known to be the 5% beneficial owner of any class of our voting securities, (iii) an immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of such director, executive officer, nominee for director or more than 5% beneficial owner, and (iv) any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee for director or more than 5% beneficial owner. Factors to be considered include the terms of the transaction with the related party, availability of comparable products or services from unrelated third parties, terms available from unrelated third parties and benefits provided to us by the transaction.

Oklahoma City Thunder Sponsorship and Suite License

Messrs. Ward and Dobson own a 19.23% and 3.85% interest, respectively, in Professional Basketball Club, LLC (PBC), which owns and operates the Oklahoma City Thunder (Thunder), a National Basketball Association team playing in Oklahoma City, where our headquarters is located. Like other prominent Oklahoma City-based companies, we entered into an agreement related to the sponsorship of the team in September 2008. Under the five-year agreement, we pay an average annual sponsorship fee of approximately \$3,275,000 for advertising and promotional activities related to the Thunder. We paid an additional \$612,000 in 2012 under the sponsorship arrangement as a result of the Thunder qualifying for the NBA playoffs.

In addition, in October 2009, we entered into an agreement to license a suite at the arena where the Thunder plays its home games. Under the four-year agreement, we will pay an annual license fee in return for access to the suite during Thunder games and for other events held at the arena. The annual license fee for the first year is \$200,000 and may increase each year at the option of PBC in an amount not to exceed 3% of the license fee for the previous year; provided that if PBC elects not to increase the license fee in any given year, then for the following year shall be equal to an amount not to exceed 3% of what the license fee would have been had PBC elected to increase the license fee 3% each year under the agreement.

Other Transactions with Mr. Ward

We own wells on certain areas of land in northwest Oklahoma under which TLW Land & Cattle LP (TLW-LC), an entity in which Mr. Ward has an ownership interest, owns a royalty interest. In 2012, we paid royalties totaling \$1,424,253 to TLW-LC in connection with the production of oil and natural gas from these properties.

In May 2012 and August 2012, we purchased a portion of the working interest in leases covering acreage in northern Oklahoma from WCT Resources, L.L.C., a limited liability company formed in 2002 and owned by trusts established in 1989 for the benefit of Mr. Ward's children (WCT), for \$333,612 and \$480,000, respectively. WCT also participates as a working interest owner in wells we operate in northwest Oklahoma, and during 2012, we paid revenue of \$290,462 to WCT as a working interest owner. WCT is an independent oil and gas company in which Mr. Ward retains no financial interest nor has any management or operational involvement.

From time to time, the Company purchases from Mr. Ward, at his cost, tickets to various sporting and other entertainment events for use by Company employees. During 2012, the Company paid Mr. Ward approximately \$283,982 for use of such tickets.

On November 9, 2012, Tom L. Ward and the Company entered into a settlement agreement relating to a third party claim under Section 16(b) of the Securities Exchange Act of 1934. The claim was filed in December 2010 and related to transactions undertaken by Mr. Ward in 2008 and 2009. The settlement agreement finds no liability or other wrongdoing under Section 16(b) regarding the transactions in question. Under the settlement agreement, Mr. Ward agreed to pay to the Company \$5.0 million in four installments over four years commencing October 2013 and to waive his rights under his indemnification agreement with the Company with respect to the Section 16(b) action. The Company agreed to pay the fees of the plaintiff's lawyers and paid Mr. Ward's legal expenses as is required under his indemnification agreement.

Transactions with Mr. Oliver

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

In July 2012, the Company entered into a commercial lease to rent space in a building owned by an entity that is partially owned by one of our directors, Mr. Oliver. The terms provide for an initial lease term of three years with annual rent of approximately

\$510,000. The Company is allowed to apply the cost of any renovations it makes to the rent amount. The terms of the lease were received and approved by our Board of Directors and we believe that the rent expense to be paid under the lease is at a fair market rate.

Buffalo Creek Minerals, L.L.C. (Buffalo Creek Minerals), an entity in which Mr. Oliver has a passive ownership interest, is a royalty interest owner in wells that we operate in northwest Oklahoma. During 2012, we paid \$398,907 to Buffalo Creek Minerals related to its royalty interests.

Settlement with TPG-Axon

On March 13, 2013, the Company entered into the Settlement Agreement with TPG-Axon for the purposes of, among other things, terminating an ongoing consent solicitation process and withdrawing its slate of director nominees for the Company's 2013 Annual Meeting of Stockholders. The settlement resulted in a change in the composition of the Company's Board. Pursuant to the Settlement Agreement, the size of the Board was increased from seven to eleven directors with Stephen C. Beasley, Edward W. Money Penny, Alan J. Weber and Dan A. Westbrook, each a director nominee of TPG-Axon, being named to fill the newly-created directorships resulting from the increase in the size of the Board. In addition, pursuant to the Settlement Agreement Daniel W. Jordan tendered his resignation from the Company's Board effective June 30, 2013 and two additional directors who served on the Board prior to March 13, 2013 will resign from the Board on June 30, 2013 if Mr. Ward continues to serve as Chief Executive Officer or Chairman of the Company, or as an officer or director of any subsidiary of the Company, on such date, and another director identified by TPG-Axon will be appointed to the Board. Mr. Jordan subsequently resigned from the Board, effective April 29, 2013. If on June 30, 2013 Mr. Ward no longer serves as Chief Executive Officer or Chairman of the Company, or as an officer or director of any subsidiary of the Company, either Mr. Ward or another director who served on the Board prior to March 13, 2013 will resign from the Board on such date. Under the terms of the Settlement Agreement, the Company agreed to reimburse TPG-Axon up to \$3,500,000 of reasonable third party expenses incurred by TPG-Axon in connection with the consent solicitation, the nomination of directors at the 2013 annual meeting and related matters.

Director Independence

The Board of Directors has determined that Messrs. Beasley, Brewer, Dobson, Gilliland, Money Penny, Oliver, Serota, Weber and Westbrook have no material relationships with the Company other than as directors and stockholders of the Company and are independent for purposes of the NYSE listing standards. In making these determinations, the Board considered all relevant facts and circumstances that could affect such person's exercise of independent judgment in carrying out the responsibilities of a director. The Board determined that Mr. Dobson's interest in the transaction between the Company and the Oklahoma City Thunder, whereby the Company has agreed to be a corporate sponsor for the team and purchase a suite license from the team, is not material because Mr. Dobson's minority ownership interest in the team is relatively small in value compared to his other business interests and the value derived by the Company pursuant to the sponsorship arrangement. The Board also determined that the lease between an entity that is partially owned by Mr. Oliver and the Company and Mr. Oliver's interest in Buffalo Creek Minerals are not material because of their relatively small value compared to Mr. Oliver's other business interests and the Company's overall activities. Please see Certain Relationships and Related Transactions and Director Independence for a more detailed discussion of these transactions. The Board of Directors additionally has determined that all Audit Committee members meet the independence requirements for audit committee members set forth in Rule 10A-3 under the Securities Exchange Act.
