PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To Be Held June 14, 2013

The enclosed proxy is solicited by and on behalf of the Board of Directors (the "Board") of Scott's Liquid Gold-Inc., a Colorado corporation (the "Company"), for use at the Company's Annual Meeting of Shareholders to be held at 9:00 a.m., Mountain Time, on Friday, June 14, 2013 at the Embassy Suites Hotel, 4444 North Havana Street, Denver, Colorado 80239, or any adjournment thereof. This Proxy Statement and the accompanying form of proxy are first being mailed or given to the shareholders of the Company on or about May 15, 2013.

Any shareholder signing and mailing the enclosed proxy may revoke it at any time before it is voted by giving written notice of the revocation to the Company's Corporate Secretary, by voting in person at the meeting or by filing at the meeting a later executed proxy. If you would like to obtain directions to be able to attend the Company's Annual Meeting of Shareholders and vote in person, you should contact the Company's Corporate Secretary by telephone at (303) 576-6140.

VOTING SECURITIES AND PRINCIPAL SHAREHOLDERS

All voting rights are vested exclusively in the holders of the Company's \$0.10 par value common stock. Each share of the Company's common stock is entitled to one vote. Cumulative voting in the election of directors is not permitted. Holders of a majority of shares entitled to vote at the meeting, when present in person or by proxy, constitute a quorum. On May 2, 2013, the record date for shareholders entitled to vote at the meeting, the Company had 11,201,622 shares of its \$0.10 par value common stock issued and outstanding.

When a quorum is present, in the election of directors, those five nominees having the highest number of votes cast in favor of their election will be elected to the Company's Board. Consequently, any shares not voted (whether by abstention, broker non-vote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a larger number of votes. With respect to any other matter, unless a greater number of votes are required by law, a matter is approved by the shareholders if the votes cast in favor of the matter exceed the votes cast in opposition. Any shares not voted (whether by abstention, broker non-vote or otherwise) have no impact on the vote for such other matters, if any, so long as a quorum is present.

The following persons are the only persons known to the Company who on May 2, 2013, owned beneficially more than 5% of the Company's common stock, its only class of outstanding voting securities:

The five nominees having the highest number of votes cast in favor of their election will be elected to the Company's Board.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR

EACH OF THE DIRECTOR NOMINEES

PROPOSAL 2: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

This proposal gives our shareholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our named executive officers. This vote is not intended to address any particular component of any compensation package, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices, as disclosed under the Executive Compensation section of this Proxy Statement. We are providing this vote as required by Section 14A of the Securities Exchange Act of 1934, as amended. Accordingly, we are asking our shareholders to vote to approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this Proxy Statement under the heading entitled Executive Compensation.

The Company's compensation packages for its executive officers are designed to enable the Company to recruit, retain and motivate its officers, to synchronize executive compensation with the Company's performance, to motivate executive officers to achieve the Company's business objectives, to provide performance incentives and minimize undue risk to the Company. The Board of Directors believes that the Company's approach to compensating its executive officers, as described in this Proxy Statement, effectively accomplishes these objectives.

Vote Required

The say-on-pay proposal is advisory and non-binding. The approval or disapproval of this proposal by shareholders will not require the Board of Directors or the Compensation Committee to take any action regarding the Company's executive compensation practices. The final decision on the compensation and benefits of the Company's executive officers and on whether, and if so, how, to address shareholder disapproval remains with the Board and the Compensation Committee. Although the say-on-pay resolution is non-binding, the Board of Directors will review and consider the voting results when making future executive compensation decisions. Our executive compensation will be approved, on an advisory basis, if the votes cast by shareholders in favor of advisory approval exceed those votes cast in opposition of advisory approval.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE EXECUTIVE COMPENSATION

PROPOSAL 3: ADVISORY VOTE ON FREQUENCY OF SAY-ON-PAY VOTES

The following proposal gives our shareholders the opportunity to vote, on an advisory basis, on the frequency with which we include in our Proxy Statement an advisory vote to approve or not approve the compensation of our named executive officers. By voting on this proposal, shareholders may indicate whether they prefer that we seek such an advisory vote every one, two, or three years. After careful consideration of this proposal, our Board determined that an advisory vote on executive compensation that occurs every three years is the most appropriate option for the Company and, therefore, recommends that shareholders vote for future advisory votes on executive compensation to occur every three years. In reaching its recommendation, our Board has determined that an advisory vote every three years would permit our compensation programs to be evaluated on a long-term basis and would allow the Company to engage a compensation expert only every three years, which the Board believes is an appropriate use of Company funds given the Company's size. Further, our Board believes that a well-structured and meaningful compensation program should include plans that increase shareholder value over the long-term and do not focus on short-term awards and that the effectiveness of such plans cannot be adequately evaluated on an annual or biennial basis.

Table of Contents

Vote Required

You may cast your vote on your preferred voting frequency by selecting the option of holding an advisory vote on executive compensation EVERY THREE YEARS, as recommended by the Board, EVERY TWO YEARS or EVERY ONE YEAR, or you may ABSTAIN. Similar to the effect of your vote for Proposal 2, while we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on us, our Board or the Compensation Committee. Our Board and the Compensation Committee value the opinions of our shareholders and will consider the outcome of this vote when making future decisions on the frequency with which we will hold an advisory vote on executive compensation.

The choice receiving the greatest number of votes will determine the period of time considered to be approved, on an advisory basis, by our shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR A FREQUENCY OF EVERY THREE YEARS

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

The Board is actively involved in assessing and managing risks that could affect the Company. Part of the Board's role is to periodically assess the processes utilized by management with respect to risk assessment and risk management, including identification by management of the primary risks of the Company's business, and the implementation by management of appropriate systems to deal with such risks. The Board fulfills these responsibilities either directly, through delegation to committees of the Board, or, as appropriate, through delegation to individual directors. When the Board determines to delegate any risk management oversight responsibilities, typically such delegation is made to the standing committees of the Board.

Mr. Goldstein serves as both the Chairman of the Board and the Chief Executive Officer of the Company. The Company believes this is appropriate in light of Mr. Goldstein's significant experience and leadership roles with the Company, and his in-depth knowledge of consumer products and the Company's management, marketplace, customers, marketing, sales and strategic vision. The Company further believes Mr. Goldstein's effectiveness in promoting the Company's products and forming new business relationships is significantly enhanced by his role as both Chairman of the Board and Chief Executive Officer. The Board does not have a lead independent director.

EXECUTIVE OFFICERS

The Company has four executive officers. They are Mr. Goldstein, Mr. Levine, Mr. Hyman and Mr. Hinkle. Information regarding Mr. Goldstein and Mr. Levine is stated above under Nominees. Information concerning Mr. Hinkle and Mr. Hyman is as follows:

Mr. Hinkle, 59, has served as Executive Vice President of Corporate Development since August 2011, previously serving as Vice President-Marketing and Sales of the Company since February 2000. Mr. Hinkle has been employed by the Company since 1981.

Mr. Hyman, 57, has been employed by the Company as Senior Vice President of Sales beginning in 2013. Prior to joining the Company, Mr. Hyman served as an independent sales and marketing consultant from August 2012 through December 2012, Vice President of Sales OOK Division for the Hillman Group from December 2011 through July 2012, and Vice President of Sales for Impex Systems Group from August 2007 through December 2011.

The officers of the Company are elected annually at the first meeting of the Company's Board held after each annual meeting of shareholders and serve at the pleasure of the Board.

Table of Contents

DIRECTORS MEETINGS AND COMMITTEES

During the year ended December 31, 2012, the Company had four regular Board meetings, seven special Board meetings by conference call, and four regular Audit Committee meetings. No member of the Board attended fewer than 75% of the meetings of the Board or of committees for which such member served during 2012. Although the Company is not listed on the NASDAQ, the Board has elected to use the NASDAQ's independence standards. During 2012, Mr. Field, Mr. Johnson, Mr. Laber, and Mr. Neri satisfied the NASDAQ independence standards. Following the annual meeting, of the five members of the Board, the directors meeting the NASDAQ independence standards will be Mr. Goodman, Mr. Laber and Mr. Neri.

Compensation Committee

The primary responsibilities of the Compensation Committee include, without limitation, reviewing the development of a compensation philosophy for the Company, reviewing the compensation packages for executive officers and engaging and overseeing compensation consultants and advisers. The Compensation Committee may not delegate its authority. The Compensation Committee operates under resolutions adopted by the Board of Directors that may constitute a charter, a copy of which is attached hereto as [Appendix A](#). The Compensation Committee consists of three directors, each of whom is an independent director as defined under the NASDAQ rules. During 2012, the members of the Compensation Committee were Mr. Field (Chairperson), Mr. Laber and Mr. Neri. Following the annual meeting, Mr. Goodman will serve on the Compensation Committee with Mr. Laber and Mr. Neri, who will replace Mr. Field as the Chairperson.

In making decisions regarding executive compensation, the Compensation Committee requests the comments of the Chief Executive Officer and the other executive officers about their compensation and considers a number of factors. In determining the executive compensation in 2011 and 2012, the Committee considered, among other things, the following matters:

Overview

The objectives of the Company's compensation program;

What the compensation program is designed to reward;

Each element of the compensation;

How the Company determines the amount (and, where applicable, the formula) for each element; and

How each compensation element and the Company's decisions regarding that element fit into the Company's overall compensation objectives and affect decisions regarding other elements.

Specific Factors

Services performed and time devoted to the Company by the executive;

Amounts paid to executives in comparable companies;

The size and complexities of the Company's business;

Successes achieved by the executive;

The executive's abilities;

The executive's tenure;

The Company's financial results;

Prevailing economic conditions;

Compensation paid to other employees of the Company; and

The amount previously paid to the executive.

Table of Contents

The Compensation Committee previously determined that an outside consultant on compensation matters should be used periodically to provide information about the compensation paid to the Company's executive officers compared to compensation paid by other companies. This is only one factor among many considered by the Compensation Committee. In 2011, the Compensation Committee engaged the Harlon Group to provide this type of market analysis. The report from the Harlon Group compared each element of the Company's compensation for the executive officers to a peer group of 10 companies developed by the Harlon Group. Peer Group Companies determined by the Harlon Group were: United-Guardian, Inc.; Electromed, Inc.; Forward Industries, Inc.; The Female Health Company; Universal Security Instruments, Inc.; Ocean Bio-Chem, Inc.; Heelys, Inc.; People's Liberation, Inc.; Talon International, Inc.; and MOD-PAC Corp. This report showed that the total direct compensation levels for the Company's executive officers for 2010 were below the median of total direct compensation for executives of the peer group companies.

The Compensation Committee also determines the fees paid to the non-employee directors. The fees for the non-employee directors result from discussions between the executive officers and each of the non-employee directors as to a reasonable amount.

Audit Committee

The Audit Committee's primary responsibilities include appointing the independent auditor for the Company, pre-approving all audit and non-audit services, and assisting the Board in monitoring the integrity of the financial statements of the Company, the independent auditor's qualifications, independence and performance and the Company's compliance with legal requirements. The Audit Committee operates under a written charter adopted by the Board, a copy of which has been filed with the SEC and is available at the Company's website at www.scottsliquidgold.com. During 2012 the members of the Audit Committee were Mr. Laber (Chairperson), Mr. Field and Mr. Neri. Following the annual meeting, Mr. Goodman will replace Mr. Field on the Audit Committee. Each member of the Audit Committee is an independent director as defined in the NASDAQ rules. Mr. Laber has the professional experience deemed necessary to qualify as an audit committee financial expert under rules of the SEC. The Audit Committee had four meetings during 2012.

DIRECTOR NOMINATION PROCESS

The Board of the Company does not have a nominating committee. The full Board performs the functions of a nominating committee. The Board believes that it does not need a separate nominating committee because the full Board is relatively small, has the time to perform the functions of selecting Board nominees and in the past has acted unanimously in regard to nominees.

In considering an incumbent director whose term of office is to expire, the Board reviews the director's overall service during the person's term, the number of meetings attended, level of participation and quality of performance. In the case of new directors, the directors on the Board are asked for suggestions as to potential candidates, discuss any candidates suggested by a shareholder of the Company and apply the criteria stated below. The Company may engage a professional search firm to locate nominees for the position of director of the Company. However, to date the Board has not engaged professional search firms for this purpose. A selection of a nominee by the Board requires a majority vote of the Company's directors.

The Board seeks candidates for nomination to the position of director who have excellent decision-making ability, business experience, particularly those relevant to consumer products, personal integrity and a high reputation, diverse backgrounds and who meet such other criteria as may be set forth in a writing adopted by a majority vote of the Board. While the Board values a diversity of viewpoints and backgrounds, it does not have a formal policy regarding the consideration of diversity in identifying director nominees.

Pursuant to a policy adopted by the Board, the directors will take into consideration a director nominee submitted to the Company by a shareholder; provided that the shareholder submits the director nominee and

Table of Contents

reasonable supporting material concerning the nominee by the due date for a shareholder proposal to be included in the Company's Proxy Statement for the applicable annual meeting as set forth in Section 2.14 of the Company's Bylaws and the rules of the SEC then in effect. See Shareholder Proposals and Director Nominations below.

DIRECTOR ATTENDANCE AT COMPANY ANNUAL MEETINGS

The Company does not have a policy regarding attendance by members of the Board at the Company's annual meeting of shareholders. The Company has always encouraged its directors to attend its annual meeting. All directors attended the Company's most recent annual meeting of shareholders.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD

Historically, the Company has not had a formal process for shareholder communications with the Board. The Company does not believe a formal process for handling shareholder communications is necessary because the Board reviews and considers all material communications from shareholders.

PROPOSAL 4: SHAREHOLDER PROPOSAL

Ms. Shirley Deutsch, located at 7000 Boulevard East 128C, Guttenberg, NJ 07093, is a shareholder of the Company and has submitted the following precatory, non-binding shareholder proposal for consideration at the upcoming annual meeting. The proposal and supporting statement, for which the Board of Directors accepts no responsibility, is set forth below exactly as the Company received it. Following the proposal, we explain why our Board of Directors recommends a vote against the proposal.

Proponent's Resolution

RESOLVED:

That the shareholders of Scott's Liquid Gold Inc. urge its Board of Directors to promptly and clearly take action (including the prompt scheduling of any needed shareholder votes) to amend Section 2.16 of the Bylaws of Scott's Liquid Gold Inc. adopted by its Board of Directors on July 13, 2011 and other relevant corporate documents (including the Articles of Incorporation, if necessary) to mandate cumulative voting for Directors.

STATEMENT IN SUPPORT

Cumulative Voting is defined in the website of the Securities and Exchange Commission as a type of voting process that helps strengthen the ability of minority shareholders to elect a director. This method allows shareholders to cast all of their votes for a single nominee for the board of directors when the company has multiple openings on its board.

The financial performance of the company has been unsatisfactory for many years. The Scott's Liquid Gold Annual Reports from 2001 and 2011 show that, in those 10 years:

Net Sales of all products were DOWN approximately 35%

Number of Employees was DOWN approximately 45%

Stockholders Equity was DOWN approximately 45%

High Annual Stock Price was DOWN approximately 44%

Cash and Equivalents (including Investment Securities) was DOWN approximately 82%

Advertising Expenditures were DOWN approximately 79%

These results suggest that fresh voices are needed on the Board of Directors. The adoption of cumulative voting could increase the likelihood that badly needed viewpoints, possibly by investors who have acquired shares by significant open market purchases, rather than by grants of stock options, become members of the Board of Directors for the benefit of all stockholders.

Board of Directors Response

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL 4 FOR THE FOLLOWING REASONS:

The Board of Directors does not believe that cumulative voting is in the best interests of the Company or its shareholders. The Company's present voting system, which is like that of a majority of publicly traded companies, provides that each share of common stock is entitled to one vote for each nominee for director. This system allows all shareholders to vote on the basis of their share ownership. The

Table of Contents

Board of Directors believes this voting system is the fairest and the most likely to produce an effective board of directors that will represent the interests of all of the Company's shareholders.

The Company and Board of Directors strongly believe that every director should represent the shareholders as a whole. In contrast, cumulative voting would permit shareholders representing a comparatively small number of shares to elect a director, possibly resulting in the election of directors who advocate for the positions of the small groups of shareholders responsible for their election rather than positions which are in the best interests of the Company as a whole and all its shareholders.

The presence on the Board of Directors of directors who were elected by, and are beholden to, small constituencies of shareholders and who advocate for the special interests of those constituencies could create partisanship and divisiveness among the members of the Board of Directors and impair the Board's ability to operate effectively as a governing body, to the detriment of the Company and all its shareholders.

Under Colorado law, every member of the Board of Directors is obligated to represent all shareholders of a corporation fairly and equally. The Company's current voting system encourages each director's sense of responsibility towards all our shareholders without special commitments or loyalties and thereby promotes compliance with director fiduciary duty obligations. As discussed above, a cumulative voting standard would have the opposite effect.

The Company has an effective governance and nominating process in place to ensure that each year it nominates a Board of Directors which represents all shareholders. Pursuant to the Company's Bylaws, a shareholder may recommend or nominate candidates for election to the Board of Directors. See "Shareholder Proposals" in this Proxy Statement and Section 2.14 in the Company's Bylaws for additional information regarding how you may recommend or nominate a director.

The current Board of Directors is committed to continuing its strong oversight of management and progressive corporate governance practices, which include safeguards to shareholder representation and director independence such (i) as an annually elected Board (as opposed to a classified board in which directors hold office for terms of longer than one year), (ii) a majority of independent directors on the Board, (iii) key Board Committees composed exclusively of independent directors, and (iv) transparent corporate governance guidelines and committee charters.

The same proposal was presented at the 2012 Annual Meeting of Shareholders and was defeated by the following vote: 6,253,676 votes against; 1,358,441 votes for; and 25,243 abstentions.

The proponent of this proposal has offered no evidence that cumulative voting would produce more qualified or effective board of directors or that it would enhance the financial performance or competitive position of the Company. Accordingly, the Board of Directors believes the present method of voting best promotes the election of directors who will represent the interests of our shareholders as a whole.

Table of Contents

Vote Required

The shareholder proposal is precatory and non-binding. The Company will not be required to take any action in response to the vote on the proposal. Because the implementation of cumulative voting would require an amendment to the Company's Articles of Incorporation, if the Board determined to adopt a cumulative voting standard on a voluntary basis, the Company would first need to submit to shareholders a proposal to amend the Articles of Incorporation at a subsequent meeting of shareholders.

FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE AGAINST THIS PROPOSAL

CERTAIN TRANSACTIONS

The Company has indemnification agreements with each of its directors and executive officers. These agreements provide for indemnification and advancement of expenses to the full extent permitted by law in connection with any proceeding in which the person is made a party because the person is a director or officer of the Company. They also state certain procedures, presumptions and terms relevant to indemnification and advancement of expenses.

SECTION 16 REPORTS

Section 16(a) of the Securities Exchange Act of 1934 requires directors, executive officers and beneficial owners of more than 10% of the outstanding shares of the Company to file with the SEC reports regarding changes in their beneficial ownership of shares in the Company. To the Company's knowledge, based solely upon review of Forms 3, 4 and 5, and amendments thereto furnished to the Company, there was full compliance with all Section 16(a) filing requirements applicable to those persons for reports filed in 2012.

For a proposal to be properly brought by a shareholder, the shareholder must (i) provide Timely Notice (as defined below) thereof in writing and in proper form to the Secretary of the Company at the principal office of the Company and (ii) provide any updates or supplements to such notice as required by Section 2.13. To be timely, a shareholder's notice must be delivered to, or mailed and received at, the principal office of the Company not less than 120 days nor more than 150 days prior to the one-year anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is more than 30 days before or after such anniversary date, notice by the shareholder to be timely must be so delivered, or mailed and received, not later than the later of (i) 90 days prior to such annual meeting, or (ii) the date that is 10 days after the day on which public disclosure of the date of such annual meeting was first made (such notice within such time periods, Timely Notice).

To be in proper form, a shareholder's notice must set forth certain information as described in the Bylaws regarding (i) the proposing shareholder, beneficial owner of the shares, if different from the shareholder, the shareholder's affiliates and any person acting in concert with the shareholder (collectively, a Proposing Person), and (ii) any proxy arrangements, synthetic equity interests, stock borrowing arrangements, performance fees related to any increase or decrease in the price or value of the Company's shares, other persons responsible for formulating or involved in the decision to bring the proposal before the meeting, and any other information relating to the Proposing Person that would be required to be disclosed in a Proxy Statement or other filing required to be made in connection with solicitations of proxies or consents by such Proposing Person in support of the business proposed to be brought before the meeting pursuant to Section 14(a) of the Exchange Act.

Additionally, as to each item of business that the shareholder proposes to bring before the annual meeting, the shareholder's notice must set forth: (i) a reasonably brief description of the business desired to be brought before the annual meeting, the reasons for conducting such business at the annual meeting and any material interest in such business of each Proposing Person, (ii) the text of the proposal or business (including the text of any resolutions proposed for consideration), and (iii) a reasonably detailed description of all agreements, arrangements and understandings (a) between or among any of the Proposing Persons or (b) between or among any Proposing Person and any other person or entity (including their names) in connection with the proposal of such business.

The shareholder providing notice of a proposal to be brought before an annual meeting is responsible for further updating and supplementing the information previously provided to the Company in connection with the proposal so that the information provided or required to be provided is true and correct as of the record date of the annual meeting and through the date of the meeting or any adjournment or postponement thereof.

No business may be brought by a shareholder before an annual meeting other than in compliance with Section 2.13 of the Company's bylaws.

Shareholder Director Nominations

To nominate a person for election to the Board at a meeting, a shareholder must (i) be a shareholder of record both at the time of giving the notice provided for in Section 2.14 of the Company's Bylaws and at the time of the meeting, (ii) be entitled to vote at the meeting, and (iii) comply with the requirements of Section 2.14 as to such nomination.

Table of Contents

For a shareholder to make any nomination of a person for election to the Board at an annual meeting, the shareholder must (i) provide Timely Notice (as defined above) thereof in writing and in proper form to the Secretary of the Company at the principal office of the Company and (ii) provide any updates or supplements to such notice as required by Section 2.14.

To be in proper form, a shareholder's notice to the Secretary of the Company must set forth certain information as described in the Bylaws regarding (i) the nominating shareholder, beneficial owner of the shares, if different from the shareholder, the shareholder's affiliates and any person acting in concert with the shareholder (collectively, a Nominating Person), and (ii) any proxy arrangements, synthetic equity interests, stock borrowing arrangements, performance fees related to any increase or decrease in the price or value of the Company's shares, other persons responsible for formulating or involved in the decision to bring the proposal before the meeting, and any other information relating to the Nominating Person that would be required to be disclosed in a Proxy Statement or other filing required to be made in connection with solicitations of proxies or consents by such Nominating Person in support of the election of directors in a contested election pursuant to Section 14(a) of the Exchange Act.

Additionally, as to each person whom a Nominating Person proposes to nominate for election as a director, (i) all information with respect to such proposed nominee that would be required to be set forth in a shareholder's notice pursuant to Section 2.14 if such proposed nominee were a Nominating Person, (ii) all information relating to such proposed nominee that is required to be disclosed in a Proxy Statement or other filings required to be made in connection with solicitations of proxies for election of directors in a contested election pursuant to Section 14(a) under the Exchange Act (including such proposed nominee's written consent to being named in the Proxy Statement as a nominee and to serving as a director if elected), (iii) a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships, between or among any Nominating Person, on the one hand, and each proposed nominee, his or her respective affiliates and associates and any other persons with whom such proposed nominee (or any of his or her respective affiliates and associates) is acting in concert, on the other hand, including, without limitation, all information that would be required to be disclosed pursuant to Item 404 under Regulation S-K (or any successor regulations) if such Nominating Person were the registrant for purposes of such rule and the proposed nominee were a director or executive officer of such registrant, and (iv) a completed and signed questionnaire, representation and agreement as provided in Section 2.14.

The Company may also require any proposed nominee to furnish such other information (i) as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as an independent director of the Company in accordance with the Company's corporate governance guidelines or (ii) that could be material to a reasonable shareholder's understanding of the independence or lack of independence of such proposed nominee.

Any nominee for election to the Board must meet certain qualification criteria. A proposed nominee must (i) be capable of demonstrating to the reasonable satisfaction of Board or a committee thereof, in its sole discretion, an understanding of basic financial statements, (ii) be over 21 years of age, (iii) have relevant business experience (taking into account the business experience of the other directors) and high moral character, in each case as determined by the Board or a committee thereof, in its sole discretion, and (iv) satisfy such other criteria for service on the Board as may be set forth from time to time by the Company.

The shareholder providing notice of a nomination of a person for election to the Board is responsible for further updating and supplementing the information previously provided to the Company in connection with the proposal so that the information provided or required to be provided in such request or demand is true and correct as of the record date of the annual meeting and through the date of the meeting or any adjournment or postponement thereof.

No person may be nominated by a shareholder for election to the Board unless nominated in accordance with Section 2.14 of the Company's Bylaws.

2012 ANNUAL REPORT ON FORM 10-K

Shareholders who wish to obtain, without charge, a copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2012 in the form filed with the SEC should address a written request to Corporate Secretary, Scott's Liquid Gold-Inc., 4880 Havana Street, Suite 400, Denver, Colorado 80239. The Company's annual report to shareholders consists of such Form 10-K and accompanies this Proxy Statement.

SOLICITATION OF PROXIES

The Company will pay the cost of soliciting proxies in the accompanying form. In addition to solicitation by mail, proxies may be solicited by officers and other regular employees of the Company by telephone, e-mail, telegraph or by personal interview for which employees will not receive additional compensation. Arrangements also may be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to beneficial owners of the shares held of record by such persons, and the Company may reimburse such persons for reasonable out-of-pocket expenses incurred by them in so doing.

OTHER BUSINESS

Except as discussed in this Proxy Statement, there are no other matters that the Board of Directors intends to present for action at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, or if a person named as a Company nominee for election as a Director should decline or be unable to serve, the persons named as proxy holders are authorized to vote the shares according to their discretion. If the Chairman of the Annual Meeting determines that any matter is not properly brought before the Annual Meeting, the Chairman will announce this at the Annual Meeting and the matter will not be considered.

The Company has received notification that two shareholders of the Company, Mr. Michael Deutsch and Mr. Timothy Stabosz, intend to bring an aggregate of five proposals from the floor of the Annual Meeting (collectively, the Floor Proposals). Such proposals may include:

From Mr. Deutsch, a non-binding proposal to urge the Board of Directors to take action to separate the positions and functions of Chairman of the Board of Directors and Chief Executive Officer.

From Mr. Deutsch, a repeal of Section 2.13 of the Company's Bylaws regarding advance notice of shareholder proposals.

From Mr. Deutsch, a repeal of Section 2.14 of the Company's Bylaws regarding shareholder nomination of candidates for election to the Board of Directors.

From Mr. Deutsch, a non-binding proposal to urge the Board of Directors to not issue stock options at less than the most recent quarterly calculation of shareholders' equity per share.

From Mr. Stabosz, a proposal to require the Board of Directors establish a Special Committee, for the express purpose of shopping the Company, soliciting bids to sell the Company in whole or in part, and otherwise seeking to maximize shareholder value. The Board of Directors has not endorsed any of the Floor Proposals and does not believe they would be in the best interests of the Company or its shareholders. Therefore, the Board of Directors strongly urges any shareholders who attend the Annual Meeting to vote against the Floor Proposals if they are properly presented at the Annual Meeting by Mr. Deutsch or Mr. Stabosz. Additionally, it is the intention of the persons named as proxies in the accompanying form of proxy to exercise their discretionary authority to vote against each of the Floor Proposals if they are properly presented at the Annual Meeting. If any other matter requiring a vote of the shareholders should arise, the persons named in the accompanying form of proxy will exercise their discretionary authority to vote in accordance with their best judgment.

Table of Contents

The Board of Directors does not support the Floor Proposals for many reasons, including without limitation, the following:

Chair and CEO Role. Mr. Goldstein serves as both the Chairman of the Board and the Chief Executive Officer of the Company. The Company believes this is appropriate in light of Mr. Goldstein's significant experience and leadership roles with the Company, and his in-depth knowledge of consumer products and the Company's management, marketplace, customers, marketing, sales and strategic vision. The Company further believes Mr. Goldstein's effectiveness in promoting the Company's products and forming new business relationships is significantly enhanced by his role as both Chairman of the Board and Chief Executive Officer.

Advance Notice of Proposals. Section 2.13 is the Company's advance notice requirement regarding shareholder proposals. Most public companies have an advance notice bylaw provision. Such provisions allow for the thoughtful consideration and evaluation of all proposals and for the orderly conduct of shareholder meetings. The 120 day advance notice requirement contained in Section 2.13 is consistent with both the SEC's rules for shareholder proposals and other advance notice bylaw provisions adopted by the vast majority of public companies. This time frame allows for appropriate deliberation by the Board consistent with its fiduciary duties and gives the Company time to consider possible inclusion of the proposal in its proxy materials. Given that such proxy materials must be prepared and delivered to shareholders, brokers and other street name holders well in advance of the annual meeting, the 120 day time frame is both common and appropriate.

Shareholder Nominations. Section 2.14 sets forth requirements for shareholder submissions of director candidates. Absent this provision, there is no formal process by which shareholders may require the Board to consider shareholder proposed candidates to potentially include them in the Company's proxy materials. Historically, the Board has voluntarily taken shareholder suggestions into consideration. Like the advance notice provision, this formal process allows for appropriate deliberation by the Board consistent with its fiduciary duties and gives the Company time to consider possible inclusion of the nominee in its proxy materials.

Option Pricing Limitation. In response to shareholder proposals at the 2011 annual shareholder meeting, the Company voluntarily amended its equity plan to set exercise prices 20% above market value and to limit the total number of awards that may be granted to directors and officers. The Company believes that the proposed further adjustment is out of market and, among other things, puts the Company at a disadvantage with respect to recruiting talented leadership at the executive and director levels. Further, the Company believes that the amendment of a specific provision of a Company's equity plan is not a proper shareholder purpose.

Special Committee to Shop the Company. Based on its experience in this marketplace and the Company's belief that the Company is currently significantly undervalued, the Company does not believe it would be in the best interest of shareholders or the best use of capital, or management's time and energy, to engage in an auction or other sale process at this time. Further, unless such a shareholder proposal is presented as precatory and non-binding, the Company believes such a proposal is not a proper subject for action by shareholders under the laws of the jurisdiction of the Company's organization and would be an unlawful encroachment on the authority of the Board of Directors to manage the business and affairs of the Company.

The above Notice and Proxy Statement are sent by order of the Board of Directors.
