Settlement Date:

February 10, 2014 (T+4)

The Issuers expect delivery of the Notes will be made against payment therefor on or about February 10, 2014, which will be the fourth business day following the date of pricing of the Notes (such settlement being referred to as T+4). Under Rule 15c6-1 of the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes prior to the delivery of such Notes will be required, by virtue of the fact that the Notes initially will settle in T+4, to specify an alternate settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisers.

Use of Proceeds:

The Issuers estimate that the net proceeds from the offering of the Notes, after deducting underwriting discounts and commissions and estimated offering expenses, will be approximately \$871.3 million. The Issuers intend to use the net proceeds from the offering to repay borrowings outstanding under the Partnership's revolving credit facility and for general partnership purposes.
