EXECUTIVE COMPENSATION PROGRAMS

Our Executive Compensation Programs are Designed to Attract and Retain Talent and Align the Interests of Our Executives with Our Shareholders by Paying for Performance

Our compensation philosophy is to provide market-competitive programs, with pay directly linked to the achievement of short- and long-term business results.

The Compensation Committee has a practice of reviewing the program components, targets and payouts on an annual basis, to assess the strength of our pay for performance alignment. Our performance is evaluated against short-term goals that support the Company's long-term business strategy and long-term goals that measure the creation of long-term shareholder value.

Our Executive Compensation Programs Incorporate Strong Governance Features

Compensation Committee assesses the pay and performance alignment of our incentive plans

Long-term and short-term awards are performance-based

No single-trigger cash payments on change of control

Clawback policy in place for all NEOs
Stock ownership guidelines for NEOs and independent directors

The Compensation Committee has engaged an independent compensation consultant

Limited perquisites

No excise tax or income tax gross-ups

The Company received strong shareholder support for the executive compensation program in place during the fiscal year ended February 1, 2014 (Fiscal 2014) with 98.5% of votes cast approving our advisory resolution in June 2014. As in prior years, the Committee considered this input from our shareholders as well as input from other stakeholders as part of its annual review of the executive compensation program. Following this review and based on the Committee's assessment of the program, the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation for Fiscal 2015.

Please see the Compensation Discussion and Analysis section beginning on page 25 of this Proxy Statement for a detailed description of our executive compensation.

Proposal 3: Vote to Approve, on a Non-Binding Advisory Basis, the Compensation of Named Executive Officers as Disclosed in the Proxy Statement *(Item 3 on the Proxy Card)*

Shareholders are being asked to vote, on a non-binding advisory basis, on the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis (CDA), the Fiscal 2015 Summary Compensation Table and related tables and narrative discussion contained in this Proxy Statement.

EXPLANATION

Our Board of Directors recognizes the interest our Shareholders have in the compensation of our executives. In recognition of that interest and as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), we are providing our Shareholders with the opportunity to cast a vote, on a non-binding advisory basis, on the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC as set forth in this Proxy Statement (also referred to as Say-on-Pay).

As described in our CDA, Signet s compensation philosophy is to deliver competitive total compensation for achieving annual and long-term financial goals that will attract, motivate and retain leaders who will drive the creation of Shareholder value. Total compensation is targeted at approximately the median of a custom group of comparator companies.

The Compensation Committee believes that our executive compensation programs, executive officer pay levels and individual pay actions approved for our executive officers, including our named executive officers, directly align with our executive compensation philosophy, fully support its goals and provide an appropriate balance between risk and incentives. (Shareholders are urged to read the CDA section of this Proxy Statement, which discusses in greater detail how our compensation policies and procedures implement

our executive compensation philosophy as well as the compensation tables and narrative discussion.)

We are asking our Shareholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask our Shareholders to vote FOR the following resolution at the Annual General Meeting:

RESOLVED, that the compensation paid to Signet s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Shareholders should note that the vote is advisory and not binding on the Company and its Board of Directors or Compensation Committee. Our Board of Directors and Compensation Committee value the opinion of our Shareholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in our Proxy Statement, we will consider our Shareholders concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

The Role of the Board

The Board is currently comprised of ten members. The Board's prime objective is the sustainable enhancement of business performance and Shareholder value. It is responsible for determining all major policies, ensuring that effective strategies and management are in place, assessing Signet's performance and that of its senior management, reviewing the systems of internal control and providing oversight in relation to policy relating to social, ethical, environmental and other matters.

SEPARATE AND INDEPENDENT CHAIRMAN

The Company has a Chairman of the Board who is separate from its Chief Executive Officer and whom the Board has determined to be independent under the NYSE Listing Standards. The Board considers it to be important for its effectiveness and efficiency to maintain a clear division of responsibilities between the leadership of the Board and the executive responsible for the day to day operations of the Company's business; therefore the Board has determined that separating roles of Chairman and Chief Executive Officer is in the best interests of the Company at the present time.

The division of responsibilities between the Chairman and the Chief Executive Officer has been specifically determined by the Board.

CHAIRMAN

In summary, the Chairman is responsible for:

effective running of the Board, including working with the Nomination and Corporate Governance Committee to evaluate the performance of the Board, its committees and individual Directors, and the Board's compliance with corporate governance requirements and best practices;

consulting with and advising executive management about planned presentations to the Board, involving but not limited to, topics of longer term strategy, medium term plans, annual budgeting or, at his discretion, any other significant matters;

consulting with and advising the Chief Executive Officer on contemplated executive management personnel selections, organizational alignment and responsibilities, and compensation recommendations;

maintaining contact with major Shareholders to understand directly their issues and concerns; keeping the other independent Directors appropriately informed of developments within the business and Shareholders' attitude toward the Company; and

safeguarding Signet's reputation, and representing it both internally and externally.

CHIEF EXECUTIVE OFFICER

In summary the Chief Executive Officer is responsible for:

providing the executive leadership of the business;

developing and presenting to the Board, strategy, medium term plans and annual budgets and within this framework, the performance of the business;

complying with legal and corporate governance requirements, together with the social, ethical and environmental principles of Signet; and

making recommendations on the appointment and compensation of senior executive officers, and management development and succession planning.

EXECUTIVE SESSIONS OF INDEPENDENT DIRECTORS

Independent Directors meet regularly in executive session without management participation. At those meetings the Chairman presides. In addition, at least once per year the independent Directors, excluding the Chairman, meet separately in executive session to consider the independent Chairman's performance. At those meetings, the Chairman of the Nomination and Corporate Governance Committee presides.

INDEPENDENT DIRECTORS CONSTITUTE A MAJORITY OF THE BOARD

The Board currently comprises one executive Director and nine independent Directors including the Chairman.

Table of Contents

The Board has affirmatively determined that each of the following Directors is independent under the NYSE Listing Standards: Todd Stitzer, Virginia Drosos, Dale Hilpert, Helen McCluskey, Marianne Miller Parrs, Thomas Plaskett, Robert Stack, Eugenia Ulasewicz and Russell Walls. In considering independence the Board considers any commercial, consulting, legal, accounting, charitable or any other business or non-business relationships that a Director or his or her immediate family may have with the Company. No such relationship exists for any of the independent Directors.

BOARD DIVERSITY POLICY

In Fiscal 2015, the Board adopted a Board Diversity Policy. The Board Diversity Policy provides that in reviewing and assessing Board composition, the Nomination and Corporate Governance Committee will consider diversity of skills, industrial experience, background, ethnicity, gender and other qualities in order to maintain an appropriate range and balance of skills, experience and background on the Board. The Nomination and Corporate Governance Committee will monitor and review the Board Diversity Policy and its effectiveness on an annual basis and report to the Board with respect to any proposed amendments. The Board Diversity Policy may be downloaded from www.signetjewelers.com.

DIRECTOR TENURE POLICY

In February 2015, the Board adopted a Director Tenure Policy, pursuant to which each Independent Director must not stand for re-election to the Board at the next annual general meeting of the Company's Shareholders following the earlier of his or her: (i) fifteenth anniversary of service on the Board, or (ii) seventy-fifth birthday, unless the Board in its absolute discretion determines that it is in the best interests of the Company and its shareholders to nominate the Director for election to serve for an additional period of time. The Director Tenure Policy may be downloaded from www.signetjewelers.com.

BOARD SELF-EVALUATION

The Corporate Governance Guidelines provide that the Directors will conduct an annual evaluation of the workings and efficiency of the Board, its committees and individual Directors to ensure that each Director continues to contribute effectively and demonstrates commitment to his or her responsibilities as a Director,

and to help assess the future development needs of the Board and the Directors. As part of the annual Board self-evaluation, the Chairman of the Board will consider the balance of skills, experience, independence and knowledge of the Board, while ensuring diverse representation as described in the Board Diversity Policy.

DIRECTOR ATTENDANCE AT THE ANNUAL GENERAL MEETING

All of the Directors are required to attend the Annual General Meeting. The Board schedules a Board meeting on the date of the Annual General Meeting of Shareholders to facilitate attendance at the Annual General Meeting by the Directors. All of the Directors who were in office at the time attended the Annual General Meeting held in June 2014.

MEETINGS AND ATTENDANCE DURING FISCAL 2015

In Fiscal 2015, the Board met thirteen times (including meetings by telephone). All incumbent Directors attended at least 97% of the aggregate number of meetings of the Board and those Board committees on which they served during their period of service in Fiscal 2015.

COMMUNICATION WITH DIRECTORS

Any Shareholder or member of the public who wishes to send communications to the Board of Directors, the Chairman or any other individual Director may do so in writing, addressed to Mark Jenkins, Chief Governance Officer & Corporate Secretary, c/o Signet Group Services Limited, at 110 Cannon Street, London EC4N 6EU, UK. All such communications will be reviewed promptly by the Corporate Secretary and, where considered appropriate, sent to the Director(s) or Committee Chair with a copy to the Chairman.

TRANSACTIONS WITH RELATED PERSONS

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

The Board has adopted written policies and procedures for the review, approval or ratification of transactions in which the Company participates and in which any Director or executive officer, any nominee for election as a Director, or any five percent beneficial owner of the Company's voting securities, or any immediate family member of such an officer, Director or nominee or security holder (each, a "related person"), has a direct or indirect material interest. In determining whether to approve or ratify any such transaction, the

Board, on the recommendation of the Nomination and Corporate Governance Committee and/or the Audit Committee (dependent upon the nature of the transaction), would consider whether, based on the specific facts and circumstances of the transaction, such a transaction would be in the best interests of the Company. Any transaction considered to jeopardize the independence of the Director, be contrary to law or regulation, or potentially create or give the appearance of a conflict of interest (also required to be avoided pursuant to the Code of Ethics for Senior Officers and the Code of Conduct) would be prohibited.

Since the beginning of Fiscal 2015, the Company has not participated in any transaction or currently proposed transaction in which a related person had or will have a direct or indirect material interest.

RISK MANAGEMENT AND ROLE OF THE BOARD IN RISK OVERSIGHT

The identification of major business risks is carried out in conjunction with operational management and appropriate steps are taken to monitor and mitigate risks. The Signet Vice President, Internal Audit & Risk Management co-ordinates the collection of risk management information and is responsible for assessing Signet's day to day risk management processes and internal control structure, ensuring such processes satisfy the applicable standards at both divisional and corporate levels. His findings are reported to the Audit Committee.

The Risk Management Committee (the RMC), which is chaired by the Signet Vice President, Internal Audit & Risk Management, has a written charter approved by the Board; its members include the Chief Executive Officer, Chief Financial Officer, the Signet Controller, Chief Legal Officer, the Divisional Chief Financial Officers and the Divisional Heads of Risk. The RMC meets at least four times a year and reviews Signet's risk management processes, the consolidated principal risks identified by the Company, emerging issues and new regulations. The Signet Vice President, Internal Audit & Risk Management and the Chairman of the Audit Committee meet periodically to discuss key matters arising from Signet's risk management process and as appropriate, reports are made to the Board. Risk and control committees also have been established at both divisional and corporate levels. Each risk and control committee at the divisional level is chaired by

the divisional President or the Managing Director for the UK division, respectively, and the risk and control committee at the corporate level is chaired by the Chief Financial Officer. The RMC and each risk and control committee has a written charter and requires participation by the executive management teams. The Signet Vice President, Internal Audit & Risk Management, attends all divisional and corporate risk and control committee meetings to provide a consistent approach and additional review.

In its role in providing oversight of risk management, the Board will: annually agree on the prioritized risks impacting the Company and the Board's associated responsibilities; periodically invite the divisional Presidents or the UK Managing Director, respectively, to present to the Board their prioritized risks impacting the Company and strategies for risk mitigation; and review Signet's internal controls and risk governance framework and developments thereof. In addition, on a periodic basis, the Board reviews risk and internal audit updates provided by the Chairman of the Audit Committee and on a quarterly basis it reviews and discusses reports provided by the Signet Vice President, Internal Audit & Risk Management, on divisional risk management activity.

COMPENSATION POLICIES AND RISK TAKING

Policies and Risk Taking

The Compensation Committee has evaluated the Company's policies and practices of compensating its employees and has determined that they are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee has reached this conclusion based in part on a review conducted by its independent consultant that analyzed the Company's compensation policies and practices for all employees, including executive officers. The Compensation Committee noted several aspects of the compensation programs that reduce the likelihood of excessive risk-taking:

Compensation for the executive officers is a mix of fixed and variable awards, with share-based compensation that vests in accordance with both time and performance-based criteria;

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

The executive officer annual incentive program is predominantly based on adjusted operating income, which the Committee believes is closely tied to the

creation of long-term shareholder value. Targets for executive officers, which are reviewed and approved by the Compensation Committee, are set in advance and potential payouts are stress tested to ensure a reasonable sharing of value created between management and Shareholders. Financial performance is audited by Signet's external auditors before amounts are paid out under the annual incentive program;

The combination of annually granted restricted stock and performance restricted share units (performance RSUs) that both cliff vest at the end of 3 years provides overlapping vesting periods. This approach addresses longer tail risks as participants remain exposed to the risks associated with their decisions through their ongoing unvested awards;

Awarding long-term incentives in the form of whole share awards (instead of options) drives long-term share value creation, rather than rewards share price volatility;

The Chief Executive Officer and other executive officers, including all named executive officers are subject to share ownership requirements;

The Company prohibits hedging of, and speculation in, Signet shares by employees or Directors;

The Company has a clawback policy that applies to all employees who receive incentive awards and to all short- and long-term incentives. Certain repayment obligations may be triggered if there is a material restatement of the financial statements. Similarly in the interest of fairness, should a restatement result in an under payment of incentive compensation, the Company will make up any difference; and

The Compensation Committee is comprised entirely of independent Directors and has engaged an independent consultant to review the risks associated with its compensation programs; it reviews the payouts under the annual incentive program, and it regularly benchmarks executive compensation against a carefully constructed and regularly reviewed peer group.

INTERNAL CONTROLS

The internal controls system is designed to safeguard Shareholders' investments and Signet's assets, both tangible and intangible, including the reputation of Signet with its various stakeholders. Procedures are in place to ensure the maintenance of proper accounting records, the reliability of the financial information used within the business or for publication and the determination of disclosure obligations. These procedures also cover public disclosure on a timely basis of certain information to the investment markets. Signet's internal controls are designed to manage rather than wholly eliminate certain risks of failure to achieve business objectives and can provide only reasonable, not absolute, assurance against material misstatement or loss.

Signet's disclosure controls and procedures are designed to help ensure that processes and procedures for information management are in place at all levels of Signet and are designed to enable Signet to make timely, appropriate and accurate public disclosures. The disclosure controls and procedures aim to provide reasonable assurance that any information disclosed by Signet is recorded, processed, summarized and reported appropriately and on a consistent basis. The procedures are also designed to provide reasonable assurance that information is accumulated and communicated to management as appropriate to allow timely decisions to be made regarding required disclosure. Signet's Disclosure Control Committee has a written charter and consults with Signet's external advisers and auditor, as necessary. The activities and findings of the Disclosure Control Committee are reported to the Audit Committee and are subject to periodic internal audit review.

Key procedures designed to provide effective internal controls are:

Control environment control is exercised through an organizational structure with clearly defined levels of responsibility and authority together with appropriate reporting procedures, particularly with respect to financial information, capital expenditure, investment, granting of guarantees and the use of treasury products, as well as health, safety, environmental and customer service issues;

Reporting and information systems Signet has a comprehensive budgeting and strategic planning system with an annual budget and strategic plan approved by the Board. Reported monthly trading results and balance sheets include the corresponding figures for the budget or revised forecast and for the previous year. Any significant variances are examined by divisional operating management and discussed with senior management, with action being taken as appropriate. The senior executives regularly report to the Board on the development of the business, the competitive environment and any material breaches of procedure. These mechanisms, are designed to continually monitor Signet's performance, identify risks in a timely manner, and evaluate the implications of the information;

Control procedures each operating division maintains documented financial and operating controls as well as procedures appropriate to its own business environment and in conformity with Signet's guidelines. Each of the operating divisions has an internal audit function which primarily reviews the processes in the store operations but also reviews central service functions. The work of internal audit is monitored by senior divisional executives, and/or Signet management, the RMC and the Audit Committee. The Signet Vice President, Internal Audit & Risk Management reports to the Audit Committee and Signet's Chief Financial Officer on an operational basis; and

Reviews of effectiveness the Board, in addition to receiving summaries of the RMC reports, annually reviews the effectiveness of the internal controls system on the basis of a report from, and the recommendation of, the Audit Committee. Signet's Disclosure Control Committee reports to the Audit Committee on a quarterly basis as to the effectiveness of the disclosure controls and procedures.

AUDIT COMMITTEE

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to the Company's financial matters.

All of the members of the Audit Committee have significant financial experience as a result of senior executive positions held in other companies. The Audit Committee met eleven times in Fiscal 2015.

The Board has determined that all members of the Audit Committee are financially literate, and that Ms. Parrs is an audit committee financial expert within the meaning of SEC regulations.

The Audit Committee's responsibilities include:

reviewing Signet's financial statements, related audit findings and earnings releases, and reviewing its accounting principles and policies;

approving in advance all audit and non-audit services to be rendered by the independent registered public accounting firm; providing oversight of Signet's systems of internal control over financial reporting, disclosure controls and procedures and risk management;

reviewing the effectiveness of the Company's internal auditors, and the Disclosure Control Committee;

establishing procedures for complaints regarding accounting, internal accounting controls, auditing or other matters; and

reviewing and approving related person transactions.

THE COMPENSATION COMMITTEE

The Compensation Committee's responsibilities include:

approving the overall compensation philosophy;

approving annual performance targets for executive officers;

approving any share based compensation awarded to any employees of the Company; and

appointing, compensating and assessing the work of any compensation consultant, independent legal counsel or other adviser retained by the Compensation Committee.

The compensation of the independent Directors is determined by the full Board on the basis of recommendations made by the Compensation Committee after consultation with the Chairman, the Chief Executive Officer and the Committee's independent compensation consultant. Such recommendations will be made after consideration of, among other factors, external comparisons, the time commitment and the responsibilities of the independent Directors.

The Compensation Committee met six times in Fiscal 2015.

The Compensation Committee has retained the services of an independent compensation consultant, Meridian Compensation Partners (Meridian). Meridian provides services to the Compensation Committee in connection with its review of executive and non-employee director compensation practices, including the competitiveness of executive and director pay levels, executive incentive design issues, market trends in executive and director compensation and technical considerations. Meridian's services to the Company are limited to advising the Compensation Committee on executive and director compensation; Meridian does no other work for the Company. The Compensation Committee reviews and evaluates the independence of its consultant each year and has the final authority to hire and terminate the consultant. In considering Meridian's independence, numerous factors were reviewed relating to Meridian and the individuals employed by Meridian who provided services to Signet, including those factors required to be considered pursuant to SEC and NYSE rules. Based on a review of these factors, the Compensation Committee has determined that Meridian is independent and that its work has not raised any conflict of interest.

For additional information regarding the operation of the Compensation Committee, including the role of

consultants and management in the process of determining the amount and form of executive compensation, see Compensation Discussion and Analysis below.

The Compensation Committee agreed during the year to delegate authority to a sub-committee consisting of any two independent Directors, that will have authority between Compensation Committee meetings to, (i) approve benefits and perquisites for non-NEOs, (ii) review and approve any modification to any non-equity based incentive compensation plan for non-NEOs, (iii) review and approve employment, benefit and severance agreements for non-NEOs, and (iv) determine and approve the compensation levels for non-NEOs.

reviewing the composition and balance of the Board and its Committees, as well as Board and senior management succession;

coordinating and overseeing the annual self evaluation of the Board, its committees and management; and

assisting the Board in the consideration and development of appropriate corporate governance guidelines and other matters of corporate governance.

The Nomination and Corporate Governance Committee uses the services of external recruitment agencies to identify suitable candidates for senior executive posts and for all Board appointments, with interviews carried out in accordance with a formal process.

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

In evaluating candidates, the criteria that the Nomination and Corporate Governance Committee generally views as relevant and are likely to consider includes experience, particularly experience that is specifically relevant to the business, or reflects an area of expertise, background or diversity that the Committee feels is either missing or would be

In addition, the Board Diversity Policy provides that in reviewing and assessing Board composition, the Committee will consider diversity of skills, industrial experience, background, ethnicity, gender and other qualities in order to maintain an appropriate range and balance of skills, experience and background on the Board.

When the role of the Chairman or any matter relating to succession to that role is discussed, the Chairman may be consulted, but the responsibility for preparing a job specification and making any recommendation to the Board rests with the Nomination and Corporate Governance Committee.

A Shareholder who wishes to recommend an individual to the Nomination and Corporate Governance Committee for its consideration as a nominee for election to the Board may do so in writing to the Corporate Secretary, c/o Signet Group Services Limited, 110 Cannon Street, London EC4N 6EU UK. The Nomination and Corporate Governance Committee will evaluate Shareholder recommendations for candidates to the Board in the same manner as candidates suggested by other Directors or search firms.

As more fully described in the Company's Bye-laws, a Shareholder desiring to propose a person for election as a director must include in a written notice all of the information required to be disclosed in solicitations of proxies for election of directors, or as otherwise required pursuant to Regulation 14A under the Exchange Act. This includes the person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected and the name and address of the proposing Shareholder and the number of shares of the Company beneficially owned by such Shareholder.

Table of Contents**Compensation Discussion and Analysis**

This Compensation Discussion and Analysis (CDA) describes the objectives and the role of the Compensation Committee and discusses the philosophy upon which the Compensation Committee bases its decisions in its endeavors to meet these objectives. The CDA also describes the Company s executive compensation policies and the material elements of compensation awarded to, earned by, or paid to the named executive officers (each, sometimes referred to as an NEO). Also included in the discussion below are our former Chief Executive Officer, Michael Barnes, and our former Chief Financial Officer, Ronald Ristau.

EXECUTIVE SUMMARY

During Fiscal 2015, Signet continued to perform strongly and to execute its strategy successfully resulting in another year of growth, both organically and in connection with the acquisition. Shareholder value has continued to be added which is reflected in our annual results summarized on the following page.

As described below, our compensation decisions for Fiscal 2015 were made in the context of the Company s transformational acquisition of Zale Corporation in May 2014. This acquisition created one of the world s largest specialty retail jewelers with nearly 3,600 stores in the US, UK and Canada with sales of close to \$6 Billion. Our NEOs have committed and are expected to commit significant effort towards the integration of the Zale Corporation and Signet operations.

Following a strong year of performance, the Company s annual incentive plan for Fiscal 2015 paid above target. However, the performance-based restricted stock units, granted in Fiscal 2013 vested below target based upon the Company s cumulative adjusted operating income performance for Fiscal 2013 through Fiscal 2015. More information with respect to both of these elements of our compensation program is provided on page 33.

COMPENSATION PHILOSOPHY

Signet's compensation program is designed to attract, incentivize and retain executive talent needed to achieve Signet's business objective of consistently outperforming the specialty retail jewelry market segment and delivering superior returns to shareholders.

We must employ, motivate and retain superior management to accomplish our corporate goals. Therefore, we target total compensation at approximately the median of a custom group of comparator companies. Those companies have been chosen to reflect various attributes similar to ours and also because they may attempt to attract our executives if compensation is not competitive. Executives are paid in a range around the median that is dependent upon, among other things, the executive's experience, internal equity considerations and proven ability to consistently deliver superior performance.

The total aggregate compensation at target performance for the named executive officers for Fiscal 2015 fell below the comparator company median as many of our NEOs are new in their roles.

The principles underlying our executive compensation decisions are as follows:

1. The compensation program must align the interests of senior management with those of Shareholders. This is achieved by delivering a significant portion of total compensation for named executive officers as incentives dependent on factors that should reflect long-term growth in shareholder value.
2. The only element of guaranteed pay is base salary. The percentage of at risk compensation increases in line with the responsibility and experience of each executive.
3. Elements of compensation that are at risk should reward annual and multi-year exceptional performance.
4. Compensation should include a retention component to encourage high performing executives to remain with the Company.
5. The compensation program should be constructed so that the NEOs understand and are motivated to achieve the performance required to receive various levels of payments.
6. The compensation program should encourage all executive officers to build a substantial holding of the Company's shares.

CONSIDERATION OF SAY ON PAY VOTE

The Compensation Committee did consider the result of the 2014 non-binding shareholder vote regarding NEO compensation when evaluating the Company's Fiscal 2014 executive compensation program. In light of the fact that 98.5% of votes cast approved the NEO compensation described in the Company's Proxy Statement for the 2014 Annual General Meeting, the Compensation Committee believes that shareholders support the Company's executive compensation philosophy and therefore the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation for Fiscal 2015. In addition, to support the significant work required to integrate the Zale Corporation and Signet operations, the Compensation Committee adopted an integration incentive, which is 100% performance-based and discussed in greater detail below.

TARGET NEO PAY MIX

The following charts illustrate the target total compensation mix for our current Chief Executive Officer and the average target compensation mix for our other current named executive officers, but does not reflect actual compensation mix for Fiscal 2015, as discussed below. These charts illustrate that the Company aims to align pay levels for its NEOs with the Company's performance. Approximately 80% of the CEO's target total compensation, and approximately 60% of the average target total compensation of our other NEOs, is based on performance and/or alignment with Shareholder interests over the short-term or long-term.

THE ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee's role is to set the compensation for Signet's named executive officers to motivate them to achieve Signet's business objectives and ensure that they are fairly rewarded for their individual contributions to Signet's performance. In carrying out this role, the Compensation Committee considers the interests of Shareholders, the financial and commercial health of the business and pay and other conditions throughout Signet. The Compensation Committee also ensures that Signet's compensation remains competitive as discussed above.

THE ROLE OF EXECUTIVES

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

Our CEO provides the Compensation Committee with a performance assessment for each of the other NEOs and makes recommendations for their target compensation levels, including salaries, target bonus levels, and equity awards. The Compensation Committee uses these assessments, along with other information, to determine final NEO compensation. Our Chief Financial Officer and Chief Human Resources Officer regularly attend Compensation Committee meetings at the request of the Committee, but are not present for the executive sessions or for any discussion of their own compensation.

COMPETITIVE BENCHMARKING ANALYSIS

When analyzing the market data provided by Meridian, the Compensation Committee focuses on a peer group of companies for benchmarking purposes where possible. The Compensation Committee annually reviews the composition of the peer group in order to assess its continued appropriateness. The Fiscal 2015 peer group had the following characteristics:

Retailers with international operations;

Retailers headquartered in North America and traded on a North America stock exchange;

Overall median sales approximated those of Signet's; and

Most peer companies have revenue that ranges from half to twice the Company's revenue.

The Fiscal 2015 group consisted of:

Abercrombie & Fitch Co., American Eagle Outfitters Inc., ANN INC., Coach Inc., Foot Locker Inc., L Brands Inc., Nordstrom Inc., Pier 1 Imports Inc., PVH Corp., Ralph Lauren Corp., Saks Incorporated, Tiffany & Co., Urban Outfitters Inc., Williams-Sonoma, Inc., and Zale Corporation.

This peer group was the primary source of market data for the Chief Executive Officer, Chief Financial Officer, Chief Human Resources Officer, and President, Sterling Jewelers Division. Because of Zale's smaller size and limited relevant peer group data, we used Hay Group's 2013 Retail Corporate Report to benchmark the President, Zale Division.

The peer group for the fiscal year ending January 30, 2016, (Fiscal 2016) benchmarking was amended to remove Zale Corporation, now a wholly owned subsidiary of the Company, Saks Incorporated following its recent acquisition by Hudson's Bay Company, and both ANN INC. and Pier 1 Imports Inc. due to their smaller revenue size. The Compensation Committee added Dick's Sporting Goods Inc., Hudson's Bay Company, Michael Kors Holdings Limited and V.F. Corporation to its peer group based on their size being similar to our new post-acquisition size.

DETERMINING EXECUTIVE COMPENSATION

The Compensation Committee's objective is to deliver and maintain competitive executive compensation in accordance with its compensation principles.

The Compensation Committee believes that the greater the responsibility and direct influence over the Company's performance an executive officer has, the more his or her total compensation should be weighted toward incentive payments. The Compensation Committee considers the annual compensation benchmarking data described earlier, along with other factors such as an executive officer's level of experience, the Company's desire to retain the executive, the availability of replacement personnel, as well as the individual's responsibilities and actual performance when setting target compensation levels.

The Compensation Committee also reviews tally sheets covering all elements of compensation and contingent payments upon all termination events.

COMPENSATION OVERVIEW, OBJECTIVES AND KEY FEATURES

The Compensation Committee has established an executive compensation plan that contains the following key components:

Component	Objective	Key Features
Base salary	Provides a fixed level of pay that is not at risk and reflects individual experience and ongoing contribution and performance.	Designed to retain key executive officers by being competitive but is not considered to be the primary means of incentivizing or recognizing performance.
Annual bonus	Motivate and reward achievement of annual financial results against established annual goals of the Company.	Cash payments dependent on the degree of achievement against annual performance targets. This element is payable in the fiscal year following the fiscal year in which it was earned.
Long-term incentives (time-based restricted shares and performance-based restricted share units)	Align management with long-term Shareholder interests; retain executive officers; motivate and reward achievement of sustainable earnings growth and returns.	Time-based restricted share awards vest upon the continuance of service; performance-based restricted share units require achievement of Company financial goals over a three-year performance period and require continued service.

Table of Contents

The Compensation Committee has also implemented the Integration Incentive Plan in connection with the acquisition of Zale Corporation, which is discussed below under the heading "Integration Incentive Plan".

An additional component of the compensation program is the benefits package, which includes a deferred compensation plan, retirement benefits and health and life insurance. This package has the objective of retaining executive officers over the course of their careers.

ELEMENTS OF NAMED EXECUTIVE OFFICER COMPENSATION**(a) Base salary**

Each named executive officer receives a fixed level of base annual salary as compensation for services

rendered during the fiscal year. The CEO recommends base salaries for the named executive officers, other than himself, which are subject to approval by the Compensation Committee. The Compensation Committee establishes the CEO's base salary. Base salary ranges are monitored to support the executive compensation program's objectives of attracting and retaining management.

For Fiscal 2015, the Compensation Committee made adjustments to the base salary level for the continuing NEOs and for newly promoted NEOs. This was done to more closely reflect market practice, and additional responsibilities assumed in connection with promotions. These adjustments were based upon the Committee's evaluation of the factors described above.

Named Executive Officer	Fiscal 2015	Increase during	Fiscal	Comments
	Salary(1)(2)	Fiscal 2015	2014	
Mark Light	\$ 1,050,000	\$ 106,000	\$ 944,000	Mr. Light's salary increased during Fiscal 2015 in consideration of his promotion to Signet Chief Executive Officer.
Michele Santana	\$ 535,000	\$ 248,835	\$ 286,165	Ms. Santana's salary increased twice during Fiscal 2015. As part of the annual review, her salary increased to \$306,000 and then to the amount shown on her promotion to Chief Financial Officer.
Edward Hrabak	\$ 640,000	\$ 106,000	\$ 534,000	Mr. Hrabak's salary increased twice during Fiscal 2015. As part of the annual review, his salary increased to \$560,000 and then to the amount shown on his promotion to President, Sterling Jewelers Division.
George Murray	\$ 600,000	\$ 135,875	\$ 464,125	Mr. Murray's salary increased twice during Fiscal 2015. As part of the annual review, his salary increased to \$500,000 and then to the amount shown on his promotion to President, Zale Division.
Steven Becker	\$ 500,000	\$ 45,675	\$ 454,325	Mr. Becker's salary increased twice during Fiscal 2015. As part of the annual review, his salary increased to \$477,050 and then to the amount shown on his promotion to Chief Human Resources Officer.

(1) Current salary as of the last day of Fiscal 2015. The actual salary received by each NEO during Fiscal 2015 is set forth in the Summary Compensation Table on page 39.

(2) Mr. Barnes and Mr. Ristau received 4.4% and 3.0% salary increase respectively during Fiscal 2015 through the regular annual review process early in the fiscal year before their departures.

(b) Annual bonus

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

Annual bonus performance targets and actual bonuses to be paid in light of Signet's performance are reviewed and approved by the Compensation Committee each year. The Compensation Committee will review and approve any changes to target bonus levels recommended by the CEO for the named executive officers other than himself. The Compensation Committee reviews and approves the CEO's bonus targets. In determining the performance target at the start of each year, the Compensation Committee gives

consideration to relevant market data, including the relative positioning of the Company's performance in its sector, as well as its current business plans. There is a maximum bonus level set each year on such awards, which is twice the target level, and a threshold performance level, below which no payments are made. The percentage earned for performance between the threshold level and the target level in any performance period will be interpolated on a straight line basis between 0% and 100% of the target level, and

Table of Contents

the percentage earned for performance between the target level and the maximum level in any performance period will be interpolated on a straight line basis between 100% and 200% of the target level.

This incentive program focuses management on the achievement of each year's performance objectives. The annual bonus is based on a pre-determined formula either on a divisional basis or Company-wide basis, depending upon the named executive officer's particular responsibilities. The Company's performance formula measures each division's performance separately. Therefore, if one division under-performs, the Company-wide goal cannot be met through over

achievement by the other division. A bonus may still be payable where one division's performance exceeds the threshold level for the respective division. The annual incentives for Mr. Light, Ms. Santana, Mr. Becker, Mr. Barnes and Mr. Ristau were based upon Company performance, while the annual incentives for Mr. Hrabak was based solely on the performance of the Sterling Jewelers Division. The annual incentive for Mr. Murray was based upon the performance of the Sterling Jewelers Division for the period of time prior to his promotion to President, Zale Division in July 2014, and the performance of the Zale Division for the remainder of Fiscal 2015.

Annual Bonus Fiscal 2015

In setting the performance criteria for Fiscal 2015, the Compensation Committee agreed the annual bonus would be based on adjusted operating income (80% weighting) and comparable store sales (20% weighting) in order to focus on revenue growth and driving profit. Adjusted operating income is operating income adjusted to exclude (i) the impact of purchase accounting adjustments (ii) transaction-related and integration expenses associated with adviser fees for legal, tax, accounting, and consulting expenses, and (iii) severance costs related to the Zale acquisition and other management changes.

The bonus targets and potential maximum bonus as a percentage of base salary as of the end of Fiscal 2015 were set as follows:

Executive	Target Bonus as a percentage of Base Salary	Maximum Bonus as a percentage of Base Salary	Comments
Mark Light	125%	250%	Mr. Light's target bonus level increased from 65% to 100% during Fiscal 2015 in consideration of his annual review and promotion to Signet Chief Operating Officer, and then to the amount shown on his promotion to Chief Executive Officer, subject to a pro-rata bonus level of 106% of target and 212% of maximum for Fiscal 2015.
Michele Santana	75%	150%	Ms. Santana's target bonus level increased from 40% during Fiscal 2015 in consideration of her promotion to Signet Chief Financial Officer.
Edward Hrabak	75%	150%	Mr. Hrabak's target bonus level increased from 50% during Fiscal 2015 in consideration of his annual review and promotion to President, Sterling Jewelers Division.
George Murray	75%	150%	Mr. Murray's target bonus level increased from 40% during Fiscal 2015 in consideration of his promotion to President, Zale Division.
Steven Becker	75%	150%	Mr. Becker's target bonus level increased from 40% during Fiscal 2015 in consideration of his promotion to Chief Human Resources Officer.

Bonus target and maximum levels for Mr. Barnes and Mr. Ristau during Fiscal 2015 were 150% and 300%, and 70% and 140% respectively.

At threshold performance levels, nothing is paid to executives. Performance must exceed threshold goals to earn any bonus payout, which is paid on a linear basis from zero to 100% of the target bonus amounts shown above. Performance in excess of the target up to the maximum will result

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

in a bonus paid on a linear basis from 100% to 200% of the target bonus amounts shown above.

Performance targets for each measure were set at the beginning of the performance period. The Company- wide performance for the current and former Chief Executive Officers, the current and former Chief

Financial Officers and Chief Human Resources Officer were determined using a weighting of 93% for the Sterling Jewelers Division and 7% for the UK division for adjusted operating income, and weighting of 84% for the Sterling Jewelers Division and 16% for the UK division for comparable store sales. These weightings reflected the relative adjusted operating income and sales for each division. The Zale Division criteria only applied to the President, Zale Division. The Sterling Jewelers Division criteria only applied to the President, Sterling Jewelers Division. The threshold (the level at which bonus will start to accrue), target, maximum and actual numbers for Fiscal 2015 were as follows:

Table of Contents

	Adjusted Operating Income			Actual Achieved
	Threshold	Target	Max	
Sterling Jewelers Division Criteria	\$551,600,000	\$609,300,000	\$652,000,000	\$620,300,000
Signet UK Division Criteria	£27,000,000	£29,000,000	£33,000,000	£33,500,000
Zale Division Criteria	\$26,500,000	\$31,000,000	\$35,500,000	\$37,700,000

	Comparable Store Sales			Actual Achieved
	Threshold	Target	Max	
Sterling Jewelers Division Criteria	3.0%	4.0%	5.0%	4.8%
Signet UK Division Criteria	1.0%	2.0%	3.0%	5.3%
Zale Division Criteria	1.5%	2.5%	3.5%	1.5%

Having reviewed the actual performance achieved against the criteria set by the Compensation Committee at the beginning of Fiscal 2015, the Committee determined, as part of the Fiscal 2015 year-end process in March 2015, that the Sterling Jewelers Division results were above the target performance level resulting in a 137% payout to Sterling Jewelers Division NEOs. The UK division results were at maximum performance. Based on the weighting discussion above, these performance levels resulted in a 141% payout for the Signet Corporate NEOs. The Zale Division performance targets were determined after the acquisition. Adjusted operating income was above

target performance and comparable store sales were at the threshold level, resulting in a 160% payout to the President, Zale Division for the period from June 1, 2014 to the end of Fiscal 2015.

During Fiscal 2015, the bonus opportunities were increased for certain NEOs in light of promotions during the fiscal year. In determining the total bonus for each NEO, we calculated the bonus payable for the portion of the fiscal year for which the relevant criteria applied and aggregated such amounts. The Committee approved actual bonus payments as follows:

Executive	Total Bonus Earned for Fiscal 2015
Mark Light	\$ 1,466,654
Michele Santana	\$ 567,421
Edward Hrabak	\$ 655,808
George Murray	\$ 667,380
Steven Becker	\$ 530,250

Mr. Barnes and Mr. Ristau received a cash payment of \$2,333,320 and \$758,263 respectively, related to the Annual Bonus for Fiscal 2015.

Annual Bonus Fiscal 2016

In setting the performance criteria for Fiscal 2016, the Compensation Committee approved the same performance measures that had been employed for Fiscal 2015 as they were still considered appropriate. Therefore, for Fiscal 2016, the annual bonus will continue to be based on adjusted operating income (80% weighting) and comparable store sales (20% weighting).

The annual bonus for Fiscal 2016 for the corporate executive officers will be based on corporate level goals. Division executive bonuses will be based upon 50% division specific targets and 50% corporate level targets.

(c) Long-Term Incentive Plans

The Compensation Committee believes that long-term share based incentives are appropriate and necessary to properly focus the executive officers on long term results and align their interests with those of Shareholders.

Long-Term Incentive Grants in Fiscal 2015

Long-term incentive compensation granted in Fiscal 2015 was split equally between time-based restricted share grants and performance-based restricted share units granted under the Signet Jewelers Limited Omnibus Incentive Plan (the Omnibus Plan).

Table of Contents

Generally long-term incentive grants are made at the same time as the annual compensation reviews. The value delivered through long-term incentives is determined holistically in the context of total compensation levels. This process, as described above, considers benchmarking data, retention needs, level of responsibility, and individual performance. The number of long term time-based restricted shares and performance-based restricted share units granted to NEOs in Fiscal 2015 was based upon an award methodology using a share price calculated by using the average closing price of a Common Share on the NYSE for the 20 trading days commencing on March 28, 2014, the day after the Fiscal 2014 results announcement. The grant date was May 8, 2014. Following the promotion of Mark Light, Michele Santana, Edward Hrabak, George Murray and Steven Becker during Fiscal 2015, a second grant of time based restricted stock and performance-based restricted stock units was made. The grant date for this award was July 16, 2014 and the grant price was set as of the day prior to the grant date. The number of time-based restricted shares and performance-based restricted share units granted to executive officers in Fiscal 2015 using this award methodology, as well as additional grants made to certain NEOs in connection with promotions during Fiscal 2015, are set forth in the Grants of Plan-Based Awards table and are discussed in more detail below.

Performance-Based Restricted Share Units

The Committee determined the restricted share unit performance targets for Fiscal 2015 grants would cover a three-year performance period and be based on overall Company performance for all participants, including divisional executives. The Committee believes that the focus of this award should be split between cumulative operating income with an 80% weighting and return on capital employed (ROCE) with a 20% weighting. ROCE is a non-GAAP measure calculated as being the annual operating income divided by the single point, year-end capital employed balance, using a constant currencies exchange rate, per the Company s consolidated balance sheet. These measures were chosen because the Compensation Committee believes that the appropriate combination of growth and return drive long-term shareholder

value. Named executive officers can earn between 0% and 200% of their share award depending on performance results over the three-year period.

For grants made in Fiscal 2015, the level of achievement for adjusted operating income between approximately 92% and 108% of three year cumulative performance target (Fiscal 2015 to Fiscal 2017) will determine the amount vesting for this portion of the award. This target is based upon the former Signet business prior to the acquisition of Zale during Fiscal 2015, and includes Zale operating income targets for Fiscal 2016 and 2017. The Committee believes the target requires stretch performance since it requires compounded annual growth in excess of 14% at target and 18% at maximum. The performance target and actual performance as measured against the target will be disclosed at the end of the three year performance period (i.e., after the end of Fiscal 2017).

The second goal for the Fiscal 2015 grant was achievement of target ROCE over the performance period of 22.9%, with a minimum threshold of 21.9% and maximum of 23.9%.

Time-Based Restricted Shares

The time-based restricted share grants cliff vest at the end of the three-year period based on continued service with the Company.

Beginning in Fiscal 2013, time-based restricted stock awards have been granted pursuant to an award pool formula established by the Compensation Committee based on Company performance in the prior fiscal year. This award pool formula is intended to comply with the qualified performance-based compensation requirements under section 162(m) of the Internal Revenue Code. For time-based restricted stock awards granted in Fiscal 2015, the pool was based on attaining an adjusted operating income performance hurdle for Fiscal 2014. The actual share awards granted from the pool were determined using the process described under Long-Term Incentive Grants in Fiscal 2015 on page 32 of this Proxy Statement. The Committee retains the flexibility to make additional non-qualifying grants (see Limitation under Section 162(m) of the Internal Revenue Code).

Table of Contents**Determinations Related to Vesting of Previously Granted Performance-Based Long-Term Awards**

In March 2015, the Committee concluded that the pre-determined conditions relating to the performance-based long-term incentive awards made in Fiscal 2013 covering the performance period of Fiscal 2013 through Fiscal 2015 had vested just below target levels. Below are further details of this vesting:

	3-Year		
	Cumulative	3-Year	3-Year
	Threshold	Cumulative Target	Cumulative Maximum
Signet Adjusted Operating Income	\$ 1,723m	\$ 1,793m	\$ 1,884m

	3-Year Cumulative Actual	Share Award Vesting
Signet Adjusted Operating Income	\$ 1,786m	90%

For this purpose, adjusted operating income is operating income adjusted to exclude the impact of foreign exchange rate fluctuations, significant acquisitions entered into subsequent to the establishment of the cumulative 3-year performance criteria for the Fiscal 2013 grant, and non-recurring expenses incurred related to the excluded significant acquisitions including integration expenses.

(d) Integration Incentive Plan

The Compensation Committee approved the Integration Incentive Plan (the IIP) after the completion of the Zale transaction. The purpose of the IIP is to align and support the integration of Zale and Signet, retain and motivate executives critical to the integration, and importantly to drive the early realization of a portion of synergies as initially estimated. Each of the NEOs is involved in the integration of the two companies and participates in the IIP, along with several other executive officers and employees. The IIP for the NEOs is entirely performance-based and measures both financial and operational performance. The achievement of adjusted quantitative operating income synergy goals is weighted 80% and the achievement of functional Integration Team objectives is weighted 20%. The synergy goals, as well as the functional Integration

Team objectives, were established shortly after the Zale transaction closed and were therefore based upon an initial estimate of synergy.

The IIP covers two separate performance periods. The first integration performance period (Window 1) began in May 2014 and ended on the last day of Fiscal 2015 and was designed to quickly realize a portion of synergies as initially estimated. The goals for Window 1 were based on achievement of adjusted operating income synergies as well as functional Integration Team objectives. The measurement of these synergies for the purposes of the IIP award were on a gross basis, therefore without regard to management's decisions on reinvestment in the business of synergy savings. The threshold (the level at which payments will start to accrue), target, maximum and actual adjusted operating income synergies based upon the preliminary valuation were as follows:

	Gross Operating Income Synergies			Actual Gross
	Threshold	Target	Max	Achievement
Window 1 Goals	\$ 4,100,000	\$ 6,000,000	\$ 8,000,000	\$ 19,900,000

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

The functional integration team objectives for Window 1 were based upon the achievement of Integration Team goals by each functional Integration Team. Each Integration Team's goals were weighted equally, and their degree of achievement was aggregated into a composite achievement level. There were 16 functional Integration Teams that contributed to the aggregated composite achievement level. The Integration Team goals for each of the Integration Teams represented a combination of essential fiscal and functional

processes, and related to, among other things, eCommerce, product customization, cross-selling, repair services, procurement, diamond pricing, distribution, inventory management, vendor agreements, enterprise risk management, regulatory requirements, customer relationship management, advertising, real estate management, audit, financial accounting, information technology, human resources, compliance and financial management.

Table of Contents

Upon review of actual performance achieved for Window 1 against the criteria that was set, the Compensation Committee determined that the operating income synergy goal and the Integration Team goals were achieved at maximum levels. Accordingly, the Committee approved the following payments to the NEOs:

Executive	Award Value at Target	Achievement Percentage	Total Earned
Mark Light	\$ 218,750	200%	\$ 437,500
Michele Santana	\$ 66,875	200%	\$ 133,750
Edward Hrabak	\$ 80,000	200%	\$ 160,000
George Murray	\$ 75,000	200%	\$ 150,000
Steven Becker	\$ 62,500	200%	\$ 125,000

The Window 1 award for Mr. Barnes was forfeited as a result of separation from employment prior to the end of performance period in accordance with the terms of the award agreement. Mr. Ristau did not receive an award.

The Window 1 awards were paid as a cash bonus in early Fiscal 2016 after the Committee's review and certification of performance and the achievement of each of the functional Integration Team objectives.

The second performance period (Window 2) will align with Fiscal 2016 integration performance. Window 2 awards are comprised of performance-based restricted stock units that will only vest if certain performance conditions are met and the employee remains employed through to the end of Window 2 unless there is a change of control in Fiscal 2016. Like Window 1 awards, the performance conditions are based 80% on quantitative gross operating income synergy goals and 20% on functional Integration Team objectives as described above. The threshold (the level at which payments will start to accrue), target and maximum operating income synergies have been set based upon the achievement of 20% of the revised three-year net synergy target of between \$150m and \$175m in operating income contribution by the end of Fiscal 2016.

Window 2 performance-based restricted stock units were granted to IIP participants in September 2014. Further details of this award can be found in the Grants of Plan-Based Awards table on page 41.

(e) Retirement & Deferred Compensation

The Company provides retirement and deferred compensation benefits to named executive officers and employees, both as a retention mechanism and as a means to provide a degree of financial security post retirement.

In the US, there are two defined contribution savings vehicles. The primary retirement vehicle is the company sponsored Sterling Jewelers Inc. 401(k) Retirement Savings Plan (the 401(k) Plan), which is a qualified plan under Federal guidelines.

Currently the Company matches 50% of an employee's elective salary deferral up to a maximum of 6% of the employee's eligible compensation in order to be market competitive. The annual elective salary deferral for each employee is subject to certain maximum statutory limitations.

Under Federal guidelines, the 401(k) Plan contributions by senior management may be reduced based on the participation levels of lower paid employees. Therefore, a supplemental plan, the Deferred Compensation Plan (the DCP), an unfunded, non-qualified plan under Federal guidelines, was established for senior management to assist with pre-tax retirement savings in addition to the 401(k) Plan. The Company provides a discretionary 50% matching contribution under the DCP for each participant's annual deferral, up to 10% of the participant's annual eligible compensation. Although the DCP also permits additional employer discretionary contributions, the Company did not make any additional discretionary contribution in Fiscal 2015.

Prior to establishing the DCP, in 1996 the Company established an unfunded, non-qualified deferred compensation plan under Federal guidelines for senior management which was frozen in 2004 to new participants and new deferrals for tax purposes (the Frozen DCP).

Table of Contents

Messrs. Light, Ristau, Hrabak, Murray, Becker and Ms. Santana have benefits provided via the 401(k) Plan and the DCP. Messrs. Light, Hrabak, Murray and Becker also have benefits provided via the Frozen DCP.

(f) Health & Welfare

NEOs participate in various health and welfare programs, as well as life insurance and long-term disability plans, which are generally available to other executive officers of the Company.

(g) Perquisites

The Company does not provide perquisites to our US based executives other than the benefits described above, as well as relocation benefits where applicable. However, in limited circumstances, where it is appropriate that spouses attend business related functions, Signet reimburses NEOs for the travel expenses of spouses. The Company does not provide any tax gross-up payments for any perquisites other than for relocation benefits where applicable.

(h) Employment Agreements

Generally, employment agreements are provided to the named executive officers to entice them to join the Company and to contribute to the long-term success of the business. Employment agreements in effect may all be terminated upon notice of one year or less. The principal terms of the employment agreements with Mr. Light, Ms. Santana, Mr. Hrabak, Mr. Murray and Mr. Becker are set forth under [Employment Agreements](#) below on page 46. In addition, the separation agreements with Mr. Barnes and Mr. Ristau are discussed on page 49.

(i) Termination for Cause and Violation of Non-Compete and Non-Solicitation Covenants

Share options outstanding under the Company's previous employee incentive plans may not be exercised after a termination for cause. Performance-based restricted share units and time-based restricted shares will not vest if termination for cause occurs before the conclusion of the three-year performance or vesting period. All executive officer employment agreements contain a non-competition covenant that has between a 9- and 12-month post-employment term, as well as a non-solicitation covenant that has between a 12-month and 2-year post-employment term. In

addition, the performance-based restricted stock units granted pursuant to the IIP include non-competition and non-solicitation covenants, each with a 12-month post-employment term. Violation of the non-compete covenants will result in potential litigation and the Company's ability to seek injunctive relief and damages. For more information concerning the named executive officers employment agreements, see [Employment Agreements](#) below beginning on page 46.

(j) Limitation under Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally denies a federal income tax deduction to the Company for compensation in excess of \$1 million per year paid to the principal executive officer and the next three most highly compensated officers (other than the principal financial officer). This denial of deduction is subject to an exception for [qualified performance-based compensation](#). Although the Compensation Committee has designed the executive compensation program with tax considerations in mind, the Compensation Committee retains the flexibility to authorize compensation that may not be deductible if the Committee believes doing so is in the best interests of the Company.

(k) Clawback

Recognizing that the SEC has yet to publish regulations on clawback policies as mandated by the Dodd-Frank Act, the Compensation Committee considered it to be appropriate to adopt a clawback policy in the interim. The policy provides that in the event of a material restatement of the Company's financial results, the Compensation Committee will recalculate incentive compensation based on the restated results. In the event of an overpayment, the Company may seek to recover the difference. Similarly in the interest of fairness, should a restatement result in an under payment of incentive compensation, the Company will make up any difference.

(l) Share Ownership Policy

It is the Company's policy that Signet's executive officers build a holding of Common Shares as follows:

Five times annual base salary Signet Chief Executive Officer

36 [Notice of Annual General Meeting of Shareholders and 2015 Proxy Statement](#)

Table of Contents

Two times annual base salary Signet Chief Financial Officer, President, Sterling Jewelers Division, President, Zale Division, UK Managing Director; and

One times annual base salary other executive officers.

All executives are expected to build their holding within five years from the date of appointment. All executives are required to hold 50% of net after-tax shares received upon vesting or payout until these requirements are met. Once achieved at any given share price, the requirement is considered to have been met notwithstanding any subsequent change in share

price. Once achieved, the holding is to be maintained while the individual remains an officer of the Company. Currently, all NEOs are in compliance with the Share Ownership Policy.

(m) Anti-Hedging and Pledging Policies

It is the Company's policy to prohibit hedging or monetization transactions that would allow an officer, director or employee who is a security holder to engage in transactions that would separate the risks and rewards of ownership of Company securities from actual ownership of those securities. In addition, the Company prohibits any pledging of Company stock by any officer, director or employee of the Company.

Table of Contents

The Compensation Committee has reviewed and discussed with the Company's management the Compensation Discussion and Analysis section of this Proxy Statement. Based on this review and discussions, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Proxy Statement.

As Mr. Barnes continued to be employed by Signet through the *Barnes Termination Date*, he became entitled to receive, in addition to any accrued but unpaid benefits or obligations:

- (i) continued payment of base salary then in effect for 12 months following the *Barnes Termination Date*, paid in accordance with Signet's standard payroll practices,

- (iii) as of the Barnes Termination Date, a lump sum payment, payable in accordance with the incentive plan and the applicable award agreements, equal to the sum of the incentive plan payments in respect of each ongoing vesting period or performance cycle as of the Barnes Termination Date, with the amount to be paid in respect of each vesting period or performance cycle calculated as:

payable at the end of the fiscal year of termination, with the exception of the RSUs granted in Fiscal Year 2013, and

(iv) continued group medical coverage for Mr. Barnes and his eligible dependents for up to 12 months (or until Mr. Barnes becomes employed by another employer, and eligible for substantially similar coverage with such other employer) following the date of termination at the same cost to Mr. Barnes and the same coverage levels as in effect immediately prior to the Barnes Termination Date.

For a period of two years after the Barnes Termination Date, Mr. Barnes will be subject to non-solicitation restrictions. In addition, for a period of one year after the Barnes Termination Date, Mr. Barnes will be subject to non-competition restrictions. Mr. Barnes will also be subject to ongoing confidentiality restrictions. The Barnes Separation Agreement also contains other customary provisions.

All severance payments and benefits (that were not accrued prior to termination) were conditioned on Mr. Barnes's (a) execution of a general release of claims against Signet, its affiliates and related parties, (b) full and continued cooperation in good faith with Signet, its subsidiaries and affiliates in connection with certain matters relating to Signet, its subsidiaries and affiliates, and (c) continued compliance with the restrictive covenants discussed above.

Mr. Barnes was required to comply with written Board policies, including the Signet Code for Securities Transactions and any policies relating to the clawback of compensation.

Termination Protection Agreement

Prior to the execution of the Barnes Separation Agreement, Mr. Barnes had a termination protection agreement dated January 31, 2014 with a US subsidiary that was effective as of February 1, 2014 and which extended the term of Mr. Barnes's employment as Chief Executive Officer of Signet until terminated by either party as described below. Mr. Barnes was appointed as Chief Executive Officer of Signet pursuant to an employment agreement dated September 29, 2010 and amended on March 19, 2012 between a US subsidiary and Mr. Barnes that expired in accordance with its terms effective January 31, 2014.

Mr. Barnes's termination protection agreement extended the term of Mr. Barnes's employment as the Chief Executive Officer of Signet until terminated by either party, at any time and for any reason on at least 90 days' advance written notice, other than upon Mr. Barnes's death or upon a termination for cause (as defined in the termination protection agreement), which termination could be effective immediately.

During the term of employment, Mr. Barnes (i) received an annual base salary equal to \$1,054,000, subject to annual review, (ii) was eligible for a maximum annual bonus of up to 260% of his annual base salary upon achievement of applicable performance objectives, with annual target bonus equal to 130% of his annual base salary for achievement of performance objectives at target, (iii) was considered annually for a long-term incentive plan award, (iv) was entitled to participate in retirement benefit plans made available to senior executives of Signet, (v) was entitled to such welfare benefits as are made available from time to time to executive officers of Signet, and (vi) was entitled to five weeks of paid vacation per year.

As Chief Executive Officer, Mr. Barnes was subject to all written Board policies in effect during his employment, including any policies relating to the minimum share ownership and clawback of compensation.

In addition to any accrued but unpaid benefits or obligations as of the date of termination, Mr. Barnes was entitled under the termination protection agreement to the same severance payments and benefits in connection with certain termination events as those set forth in the Barnes Separation Agreement described above.

vii) Ronald Ristau

Ristau Separation Agreement

On June 27, 2014, Signet entered into a separation agreement with Mr. Ristau (the Ristau Separation Agreement) in connection with his resignation as Chief Financial Officer of Signet effective July 31, 2014 (the Ristau Termination Date). In addition to any accrued but unpaid benefits or obligations as of the Ristau Termination Date, Mr. Ristau was entitled to receive:

- (i) continued payment of base salary then in effect for 12 months following the Ristau Termination Date, paid in accordance with Signet's standard payroll practices,

Table of Contents

- (ii) a pro-rata portion of the annual bonus for Fiscal Year 2015, based on actual performance for the full Fiscal Year 2015, which shall be payable in a lump sum during the period commencing on April 15 and ending on May 31, 2015,
- (iii) pro-rata vesting of a number of shares of restricted stock that were granted pursuant to Time-Based Restricted Stock Award Agreements dated as of April 23, 2012, April 26, 2013 and May 8, 2014, calculated using the quotient obtained by dividing the number of business days worked from the applicable grant date through the Ristau Termination Date by the total number of business days from the applicable grant date through the third anniversary of such grant date,
- (iv) pro-rata vesting of the portion of performance-based RSUs based on the number of RSUs that otherwise would have vested pursuant to the terms of the applicable RSU Agreement multiplied by the quotient obtained by dividing the number of business days worked during such performance period by the total number of business days comprising such performance period,
- (v) a cash payment of \$315,000, and

- (vi) a cash payment equal to the annual bonus Mr. Ristau would have received for Fiscal Year 2015 had he remained continuously employed through the standard payment date for such annual bonus, minus the amount to which he is entitled to receive pursuant to (ii) above, to be paid in a lump sum during the period commencing on April 15 and ending on May 31, 2015.

The payments referenced in (v) and (vi) above require Mr. Ristau to have provided continued support of a smooth transition of all ongoing and outstanding work through the Ristau Termination Date, as reasonably determined by the CEO.

For a period of two years after the Ristau Termination Date, Mr. Ristau will be subject to non-solicitation restrictions. In addition, for a period of one year after the Ristau Termination Date, Mr. Ristau will be subject to non-competition restrictions. Mr. Ristau will also be subject to ongoing confidentiality restrictions. The Ristau Separation Agreement also contains other customary provisions.

All severance payments and benefits (that were not accrued prior to termination) are conditioned on Mr. Ristau's (i) execution of a general release of claims against Signet, its affiliates and related parties, (ii) full and continued cooperation in good faith with Signet, its subsidiaries and affiliates in connection with certain matters relating to Signet, its subsidiaries and affiliates, and (iii) continued compliance with the restrictive covenants discussed above.

Employment Agreement

Prior to the execution of the Ristau Separation Agreement, Mr. Ristau had an employment agreement dated April 12, 2010 with a US subsidiary. This agreement could be terminated by either party.

Pursuant to the agreement, Mr. Ristau (i) received an annual base salary of \$650,000, subject to annual review, (ii) was eligible for an annual maximum bonus of up to 120% of base salary (with a target bonus of 60% of base salary in accordance with the Company's current annual bonus plan), and (iii) was eligible for a long-term incentive bonus with a target payment of 115% of base salary to be comprised of cash and/or equity based awards. During the term of employment and for specified periods thereafter, Mr. Ristau was or will be subject to confidentiality, non-solicitation, and non-competition restrictions.

The Company could terminate Mr. Ristau's employment agreement at any time, generally effective upon giving notice. In the case of termination other than for cause (as defined in the employment agreement), in addition to any accrued but unpaid benefits or obligations as of the date of termination, Mr. Ristau was entitled to the same severance payments and benefits as those set forth in the Ristau Separation Agreement described above, except that the Ristau Separation Agreement included two additional cash payments described in (v) and (vi) above. In determining to make those additional payments to Mr. Ristau, the Board of Directors considered that such payments were in the best interests of the Company to facilitate a smooth and efficient transition of the Chief Financial Officer role, which was particularly critical given the Zale transaction had closed only a few weeks prior.

adjustments in the terms of outstanding awards, such as: (i) continuation or assumption by the surviving company or its parent; (ii) substitution by the surviving company or its parent of awards with substantially the same terms; (iii) accelerated exercisability, vesting and/or lapse of restrictions immediately prior to the occurrence of such event; (iv) upon written notice, provision for mandatory exercise of any outstanding awards, to the extent then exercisable, during a certain period (contingent on the consummation of the change of control) at the end of which the awards terminate; and (v) cancellation of all or any portion for fair value (as determined by the Compensation Committee). While it is the Committee's intention in the event of a change of control to make adjustments in the terms of outstanding awards in accordance with (i) and (ii) above as the Compensation Committee is unable to predict the exact circumstance of any change of control, it is considered prudent to reserve to itself the discretion of considering alternatives (iii), (iv) and (v) if the circumstances warrant it. For awards granted in Fiscal 2013, Fiscal 2014 and Fiscal 2015, if awards are not assumed upon a change of control, restricted stock will fully vest and performance units will vest on a prorated basis based on actual performance to the time of the change of control; and if awards are assumed upon a change of control the restricted stock will continue to vest and performance units will be converted or remain outstanding equal to the amount that would have vested based on actual performance to the time of the change of control, and such remaining award shall be subject to time-based vesting for the original performance period. Following the change of control, such modified awards will be subject to full vesting upon a termination without cause, and pro rata vesting upon a termination due to death, disability or retirement or as otherwise provided in an individual employment agreement.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholders of record	Beneficial owners of shares held in street name
If your shares were registered directly in your name with one of our registrars (American Stock Transfer & Trust Company for US Shareholders, and Capita Asset Services for UK and other non-US Shareholders) on the record date, you are considered a shareholder of record of those shares. Our Internet Notice or hard copy proxy materials will be provided directly to you.	Our Internet Notice or hard copy proxy materials will be forwarded to you by that entity, which is considered the shareholder of record of those shares. Your broker, bank or other nominee will send you details on how to vote your shares, you must follow their instructions to vote.

Who can attend our 2015 AGM and vote in person?

Shareholders of record as at close of business on the record date and their proxies / corporate representatives are entitled to attend and vote at our AGM.

Beneficial owners of shares held in street name may also attend but must bring proof of ownership to be admitted to our AGM (for example, a brokerage statement or letter from your broker, bank or other nominee). To vote in person at our AGM, a beneficial owner of shares held in street name must bring a valid legal proxy in their name, issued by the entity that holds their shares.

When is broker discretionary voting permitted and what is the effect of broker non-votes?

In accordance with NYSE rules, in circumstances where a broker, bank or other nominee does not receive specific voting instructions from the beneficial owner of the relevant shares, the broker may use his discretion to vote those shares on certain routine matters on the beneficial owners behalf. At the 2015 AGM, broker discretionary voting is only permitted with respect to Proposal 2 -Appointment of KPMG as Independent Auditor.

A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner, does not vote on a particular proposal because it does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

What is a proxy and how does proxy voting work?

A proxy is your legal designation of another person (or persons) to attend, speak and vote your shares at a meeting on your behalf. The person you so designate is known as your proxy.

Your proxy need not be a Shareholder of the Company, but must attend our 2015 AGM in person to vote your shares. You can direct your proxy to vote your shares FOR or AGAINST, or to ABSTAIN from voting with respect to each matter to be voted on at the meeting. A proxy must vote your shares at the meeting in accordance with your instructions.

The Board of Directors has designated H. Todd Stitzer and Mark Jenkins (each with full power of substitution) as proxies available to Shareholders for our 2015 AGM.

If you appoint a proxy you may still attend our 2015 AGM and vote in person. If you vote in person at the meeting you will have effectively revoked any previously appointed proxies.

What happens if..?

If you appoint more than one proxy, each proxy must be appointed to exercise the rights attaching to different shares held by you. In circumstances where the Company's registrars receive two or more valid proxy forms in respect of the same share(s) and the same meeting, the form received last will be treated as replacing and revoking the other(s).

If you appoint a proxy designated by the Board of Directors but do not provide voting instructions, the shares represented by your proxy voting instructions or form will be voted in accordance with the recommendation of the Board of Directors.

If you submit voting instructions but do not appoint a proxy, the Chairman of the Meeting will be appointed as your proxy.

If you are a beneficial owner of shares held in street name and you vote by proxy, you may change your vote by submitting new instructions to your broker, bank or other nominee in accordance with that entity's procedure.

Can I revoke the appointment of my proxy without appointing another?

If you are a shareholder of record, you can revoke the appointment of your proxy at any time before your shares are voted by submitting a written notice of revocation to the Company's registrar. US shareholders should send their written notice of revocation to American Stock Transfer & Trust. UK and other non-US shareholders should send their written notice of revocation to Capita Asset Services. Contact details for both can be found in the table above under the heading "How do I vote?".

You can also revoke the appointment of your proxy by attending our 2015 AGM and giving notice of revocation in person. If you vote in person at our AGM you will have effectively revoked any previously appointed proxies.

If you are a beneficial owner of shares held in street name, your broker, bank or other nominee may use their discretion to vote your shares with respect to Proposal 2 Appointment of KPMG as Independent Auditor.

What constitutes a quorum in order to transact business at our 2015 AGM?

The presence at our 2015 AGM in person or by proxy, of two holders of Common Shares outstanding and

entitled to vote will constitute a quorum for the transaction of business. Abstentions and broker non-votes are treated as present and entitled to vote, and are therefore counted in determining the existence of a quorum. The Chief Governance Officer & Corporate Secretary will determine whether or not a quorum is present at our 2015 AGM.

How will voting be conducted at our 2015 AGM?

Voting at our 2015 AGM will be conducted by way of a poll. The Company's US registrar, American Stock Transfer & Trust Company, will be present at the meeting to explain the voting procedure, conduct the poll, count votes, and certify the results. As each proposal is introduced to the meeting, shareholders will be given the opportunity to ask questions. The poll vote will take place at the end of the meeting in order to simplify the voting procedure.

When and where can I find the final results of the AGM?

Final voting results will be available on our website and filed with the SEC and UK Financial Conduct Authority as soon as practicable after the conclusion of the meeting. The results will confirm the number of votes cast for and against each proposal as well as votes abstained and broker non-votes (where applicable).

What happens if additional matters are presented at our 2015 AGM?

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

The Company's management are not aware of any matters other than those discussed in this Proxy Statement that will be presented to our 2015 AGM.

If other matters are presented at the meeting, your shares will be voted in accordance with the recommendation of the Board of Directors if:

you appointed a proxy designated by the Board of Directors; or

the Chairman of the meeting was appointed as your proxy because you submitted voting instructions (for other proposals) but did not appoint a proxy.

How do I submit a shareholder proposal for the Company's 2016 AGM?

Why has my household only received a single copy of the Internet Notice?

Shareholders who share a single address will receive a single Internet Notice (or a single set of proxy materials if a hard copy has been requested) unless contrary instructions have previously been received by the Company. This practice, known as "householding", is permitted under Exchange Act rules and allows the Company to significantly reduce its printing and postage costs whilst reducing environmental impact. Copies of our Internet Notice and proxy materials can be found on our website www.signetjewelers.com.

If your household receives a single Internet Notice and/or set of proxy materials, but would prefer to receive a separate copy of our current and/or future documents, please address a request to Signet Jewelers Limited c/o Signet Group Services Limited, 110 Cannon Street, London, EC4N 6EU, United Kingdom or telephone +44 (0) 207 648 5200.
