The matters to be acted upon at the meeting are described in detail in the accompanying notice of annual meeting of stockholders and proxy statement.

We are pleased to be using the Securities and Exchange Commission rule that allows companies to furnish proxy materials to their stockholders primarily over the Internet. We believe that this process should expedite stockholders receipt of proxy materials, lower the costs of the annual meeting and also help to conserve natural resources by reducing the use of paper. On or about May 15, 2015, we will mail our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access our 2015 Proxy Statement and 2015 Annual Report and how to vote online. The Notice also includes instructions on how to request a paper copy of the proxy materials, including the notice of annual meeting, proxy statement, annual report and proxy card.

Whether or not you plan to attend the meeting, your vote is important and we encourage you to review our proxy materials and promptly cast your vote using the instructions provided in the Notice. You may vote your shares over the Internet or via a toll-free telephone number. Alternatively, if you requested or received a paper copy of the proxy materials by mail, you may vote over the Internet, you may vote by telephone, or you may sign, date and mail the proxy card in the envelope provided. Instructions regarding the three methods of voting are contained in the Notice and proxy card.

As described in the accompanying proxy statement, the Company's Board of Directors has approved the matters included in the proposals presented there, and believes that they are fair to, and in the best interests of, the Company's stockholders. Thank you for your continued support of Argan, Inc. and I look forward to seeing you on June 24th.

Very truly yours,

Proxy Statement

May 6, 2015

The accompanying proxy is solicited on behalf of the Board of Directors of Argan, Inc., a Delaware corporation (referred to herein as "Argan" or the "Company"), for use at the 2015 Annual Meeting of Stockholders (the "Annual Meeting") to be held on June 24, 2015, at 11:00 a.m., local time, in the Jefferson Room of the Hilton Washington, DC/Rockville Hotel and Executive Meeting Center, located at 1750 Rockville Pike, Rockville, Maryland 20852-1699. This proxy statement for 2015 (the "Proxy Statement") and the accompanying proxy card are being mailed starting on or about May 15, 2015 to stockholders of record on May 5, 2015. Our Annual Report on Form 10-K for the fiscal year ended January 31, 2015 (the "Annual Report") is enclosed with the Proxy Statement. At the Annual Meeting, stockholders will be asked to consider and vote upon the following four matters, and to transact any other business that may properly come before the Annual Meeting.

1. The election of nine directors to our Board of Directors, each to serve until our 2016 Annual Meeting of Stockholders and until his/her successor has been elected and qualified or until his/her earlier resignation, death or removal;
2. The approval of the amendment of the Company's 2011 Stock Plan (the "Stock Plan") in order to increase the total number of shares of the Company's common stock reserved for issuance under the Stock Plan from 1,250,000 shares to 2,000,000 shares;
3. The non-binding advisory approval of our executive compensation as described in this Proxy Statement (the "say-on-pay" vote); and
4. The ratification of the appointment of Grant Thornton LLP as our independent registered public accountants for the fiscal year ending January 31, 2016.

If a proxy is properly executed and returned to the Company via either the Internet, telephone or mail in time for the Annual Meeting and is not revoked prior to the time it is exercised, the shares represented by the proxy will be voted in accordance with the directions specified therein for the matters listed on the proxy card. Unless the proxy specifies that it is to be voted against or is an abstention on a listed matter, proxies will be voted FOR the election to our Board of Directors of each of the nine nominees identified in Proposal 1; FOR Proposals 2, 3 and 4; and otherwise in the discretion of the proxy holders as to any other matter that may be properly brought before the Annual Meeting.

INFORMATION CONCERNING VOTING AND PROXY SOLICITATION

Internet Availability of Proxy Materials

As permitted by rules of the Securities and Exchange Commission (the SEC), we are making our Proxy Statement and Annual Report available to our stockholders primarily via the Internet, rather than mailing printed copies of these materials to each stockholder. We believe that this process will expedite stockholders' receipt of proxy materials, lower the costs of the Annual Meeting and help to conserve natural resources.

On or about May 15, 2015, we will begin mailing to each stockholder (other than those who previously requested electronic delivery of all materials or previously elected to receive delivery of a paper copy of the proxy materials) a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access and review the proxy materials on the Internet, including our Proxy Statement and Annual Report for the current year, and how to access an electronic proxy card to vote on the Internet or by telephone. The Notice will also contain instructions on how to receive a paper copy of the proxy materials. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials unless you request one. If you receive a Notice by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice.

If the shares you own are held in street name by a bank or brokerage firm, they may provide you with a Notice. Follow the instructions on that Notice to access our proxy materials and vote online, or to request a paper copy of our proxy materials. If you received these materials in paper form, the materials should include a voting instruction card so you can instruct your broker, bank or other holder of record how to vote your shares.

Voting

Each stockholder is entitled to one vote for each share of Argan, Inc. common stock (Common Stock) that the stockholder owns as of May 5, 2015 with respect to all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes in the election of directors.

Record Date

Only stockholders of record at the close of business (5:00 p.m. EDT) on May 5, 2015 (the Record Date) are entitled to notice of and to vote at the Annual Meeting and at any adjournment or postponement thereof. Stockholders of record will be entitled to one vote for each share of Common Stock held. For information regarding holders of more than 5% of the outstanding Common Stock, see the Principal Stockholders chart included herein.

Outstanding Shares

At the close of business on the Record Date, May 5, 2015, there were 14,668,951 shares of Common Stock outstanding. The closing price of our Common Stock on the Record Date, as reported by the NYSE, was \$32.24 per share.

Quorum; Effect of Abstentions and Broker Non-Votes

A majority of the shares of Common Stock outstanding on the Record Date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If stockholders indicate on their proxy card that they wish to abstain from voting, including brokers holding their customers' shares of record who cause abstentions to be recorded, these shares are considered present and entitled to vote at the Annual Meeting. These shares will count toward determining whether or not a quorum is present. However, these shares will not be taken into account in determining the outcome of any of the proposals.

If a stockholder does not give a proxy to his/her broker with instructions as to how to vote the shares, the broker has authority under New York Stock Exchange (NYSE) rules to vote those shares for or against routine matters, such as the ratification of Grant Thornton LLP as our independent registered public accountants. Brokers cannot vote on their customers' behalf on non-routine proposals. If a broker votes shares that are unvoted by its customers for or against routine proposals, these shares are counted for the purpose of determining the outcome of such routine proposals as well as for the purpose of establishing a quorum.

Broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker holding shares in street name for the beneficial owner thereof does not receive voting instructions from the beneficial owner, and (2) the broker lacks discretionary authority to vote the shares. Banks and brokers cannot vote on their clients' behalf on non-routine proposals. Therefore, broker non-votes are not counted for the purpose of determining whether stockholders have approved these types of matters. For the purpose of determining whether stockholders have approved a matter, abstentions are treated as shares present or represented.

Among other matters, the NYSE rules do not grant brokers discretionary authority to vote on the election of directors, the amendment of stock option plans or any proposal to approve the compensation of named executive officers. Therefore, if you hold your shares of Common Stock in street name and do not provide

voting instructions to your broker, your shares will not be voted in these matters. We urge you to promptly provide voting instructions to your broker to ensure that your shares are voted in these matters. Please follow the instructions set forth in the Notice provided by your bank or broker.

The effects of broker non-votes and abstentions (i.e. if you or your broker mark ABSTAIN on a proxy card) on the counting of votes for each proposal are described below.

Voting Rights; Required Vote

Holders of Common Stock are entitled to one vote for each share held as of the Record Date. The votes required to approve each proposal are as follows:

Election of Directors. Directors will be elected by a plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote in the election of directors which is considered a non-routine matter. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors.

Approval of the Amendment to the 2011 Stock Plan. Approval of this non-routine matter requires the affirmative vote by holders of at least a majority of the shares of Common Stock who attend the Annual Meeting in person, or are represented at the Annual Meeting by proxy. Abstentions will have the effect of a vote against this proposal, while broker non-votes will not be taken into account in determining the outcome of the vote on this proposal.

The Say-on-Pay Vote. This matter is considered non-routine. As such, approval of the say-on-pay proposal requires the affirmative vote by holders of at least a majority of the shares of Common Stock who attend the Annual Meeting in person, or are represented at the Annual Meeting by proxy. Abstentions will have the effect of a vote against this proposal. Broker non-votes will not be taken into account in determining the outcome of the vote on this matter.

Ratification of Accountants. Approval of this proposal, which is considered to be routine, requires the affirmative vote by holders of at least a majority of the shares of Common Stock who attend the Annual Meeting in person, or are represented at the Annual Meeting by proxy. Abstentions will have the effect of a vote against this proposal, while broker non-votes will not be taken into account in determining the outcome of the vote on this proposal.

You may revoke your proxy at any time before it is voted by delivering written notice of revocation to the Corporate Secretary at Argan, Inc., One Church Street, Suite 201, Rockville, Maryland 20850, by executing and delivering a subsequently dated proxy, or by attending the Annual Meeting and voting in person. Proxies solicited by our Board of Directors will be voted in accordance with the directions given therein. Unless so revoked, the shares represented by such proxies will be voted at the Annual Meeting and all adjournments thereof. Where no instructions are indicated, proxies will be voted in accordance with the recommendations of the Board of Directors with respect to the proposals described herein.

A quorum of stockholders is necessary to take action at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock entitled to vote at the meeting will constitute a quorum. Votes cast by proxy or in person at the meeting will be tabulated by the inspector of elections appointed for the Annual Meeting and will be counted as present for purposes of determining whether a quorum is present. The inspector of elections will treat broker non-votes as present and entitled to vote for purposes of determining whether a quorum is present.

Our Named Executive Officers and the members of our Board of Directors will vote the shares of Common Stock beneficially owned or controlled by them (representing approximately 9.73% of the shares of Common Stock issued and outstanding as of January 31, 2015) in favor of each of the proposals discussed above.

Voting of Proxies

If you complete and return a proxy pursuant to the appropriate instructions, it will be voted in accordance with the specifications made on the proxy card. If no specification is made on a submitted proxy, the shares represented by the proxy will be voted FOR the election to the Board of Directors of each of the nine nominees named on the proxy card; FOR Proposals 2, 3 and 4; and otherwise at the discretion of the proxy holders for any other matter that may be properly brought before the Annual Meeting. If you attend the Annual Meeting, you may also vote in person, and any previously submitted votes will be superseded by the vote you cast in person at the Annual Meeting.

Adjournment of Meeting

If a quorum is not present to transact business at the Annual Meeting or if we do not receive sufficient votes in favor of the proposals by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the meeting to permit solicitation of proxies. Any adjournment would require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting.

Expenses of Soliciting Proxies

After the original mailing of the proxy cards and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our Common Stock forward copies of the proxy cards and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. We may reimburse brokers, nominees and other fiduciaries for their reasonable expenses in forwarding proxy materials to beneficial owners.

We and/or our agents may also solicit proxies by mail, telephone, telegraph, facsimile, e-mail or in person. The other expenses of solicitation, including the cost of printing and mailing, will be paid by us.

Revocability of Proxies

Any person submitting a proxy via the Internet, telephone or mail has the power to revoke it at any time before it is voted. A proxy may be revoked by submitting a properly completed proxy with a later date, by delivering a written notice of revocation to Continental Stock Transfer & Trust Company (our stock transfer agent) at 17 Battery Place, New York, New York 10004 or to the Corporate Secretary at Argan, Inc., One Church Street, Suite 201, Rockville, Maryland 20850, or by attending the Annual Meeting and voting in person.

The mere presence at the Annual Meeting of a stockholder who has previously appointed a proxy will not revoke the appointment. Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming the stockholder's beneficial ownership of the Common Stock and that the broker, bank or other nominee is not voting the shares at the Annual Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The members of our Board of Directors are elected annually and hold office until the next annual meeting of stockholders and until their successors have been elected and shall have been qualified. Vacancies and newly-created directorships resulting from any increase in the number of authorized directors may be filled by a majority vote of the directors then in office.

At the Annual Meeting, our stockholders are being asked to elect nine individuals to our Board of Directors, all of whom currently serve in that capacity. Unless a stockholder withholds authority, the holders of proxies representing shares of Common Stock will vote **FOR** the election of each of the nominees listed below.

Proxies cannot be voted for a greater number of persons than the number of nominees named. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder may determine. We are not aware of any nominee who will be unable to or for good cause will not serve as a member of our Board of Directors. However, if a nominee shall be unavailable for any reason, then the proxies may be voted for the election of such person as may be recommended by the Board of Directors.

The significance of Mr. Sherras' experience in our industry makes him an important member of our Board of Directors as we consider various opportunities to expand our business. Currently, the Board has four standing committees: the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating/Corporate Governance Committee. The functions of each of these committees and their members are specified below. The latter three committees operate under updated written charters which were reviewed and affirmed by the Board in June 2013 in order to meet the requirements of the New York Stock Exchange Listed Company Manual. These charters, as well as the Board's Governance Guidelines, are available on our website at www.arginc.com.

The members of the Executive Committee are Messrs. Bosselmann (who is the chairman of this committee), Mitchell and Quinn. This committee is authorized to exercise the general powers of the Board of Directors in managing the business and affairs of the Company between meetings. It was not necessary for the Executive Committee to hold any meetings during the fiscal year ended January 31, 2015.

The members of the other three currently standing committees are identified in the following table.

Director	Audit Committee	Compensation Committee	Nominating/ Corporate Governance Committee
Henry A. Crumpton			Member
Peter W. Getsinger	Member	Member	
William F. Leimkuhler	Chairman	Member	
W.G. Champion Mitchell	Member		Chairman
James W. Quinn		Chairman	Member

The Board has determined that the following members of the Board are independent directors, as such term is defined in Section 303A of the NYSE Listed Company Manual: Messrs. Getsinger, Leimkuhler, Mitchell, Quinn, and Ambassador Crumpton. The independent directors meet from time to time in executive session without the other members.

Audit Committee. During the fiscal year ended January 31, 2015, the Audit Committee met five (5) times by telephone conference. All members participated in each of these meetings. The members of the Audit Committee are all independent directors under applicable SEC and stock exchange rules. In addition, the Board of Directors has determined that at least one of the independent directors serving on the Audit Committee, Mr. Leimkuhler, is an audit committee financial expert, as that term has been defined by SEC rules.

The original written charter of the Audit Committee was adopted in October 2003. The charter was most recently updated and approved by the Board in June 2013. The Audit Committee assists the full Board of Directors in its oversight responsibilities relating to the integrity of our published consolidated financial statements, our financial disclosure controls and our system of internal control over financial reporting. This group considers and approves the employment of, and approves the fee arrangements with, independent registered public accountants for audit and other nonaudit services.

The Audit Committee meets with members of management and representatives of our independent registered public accounting firm in order to review the overall plan for the annual independent audits including the scope of audit testing and any other factors that may affect the effectiveness of the audits. The Audit Committee discusses with management and the auditors our major financial and operating risks, the steps that management has taken to monitor and manage such exposures, the results of the quarterly reviews and annual audits and any other matters required to be communicated to the Audit Committee pursuant to generally accepted auditing standards, the securities laws or listing standards. At the end of each of the first three quarters and subsequent to year-end, the members of the Audit Committee meet with management and the independent auditors to review the adequacy and accuracy of the

information included in the applicable SEC filing including the disclosures made in the Management's Discussion and Analysis of Financial Condition and Results of Operations section of each filing.

The expanded responsibilities of the Audit Committee now include requirements to meet with representatives of our internal auditing firm in order to review the scope of its annual audit plan and the results of its testing including the identification of any significant deficiencies or material weaknesses in the system of internal control over financial reporting and the discovery of any fraud regardless of materiality.

In addition, the Audit Committee maintains our procedures covering the receipt, retention and treatment of complaints we receive regarding accounting, internal controls or auditing matters, and the confidential or anonymous submissions by employees expressing concerns regarding questionable accounting or auditing practices.

Compensation Committee. The members of the Compensation Committee held telephone discussions during and subsequent to the year ended January 31, 2015, primarily to evaluate the elements of compensation for our executive officers, and to make decisions regarding the award of cash bonuses and the granting of options to purchase shares of our Common Stock. The committee members considered the performance of our Company for the year ended January 31, 2015, and reviewed the individual performance and achievements of each executive during the year. The committee members agreed that the executives performed well in all areas of our business during the year including the management of the operations of Gemma. In particular, the Compensation Committee members noted the significant progress made during the year on our largest power-plant construction projects and the development of potential new business. It was also recognized that the executive team invested considerable time and effort in the prudent evaluation of potential acquisitions and other business opportunities. Further, the committee members acknowledged that the continued and dedicated service of Mr. Griffin would be particularly crucial to our future success.

For the year ended January 31, 2015, the review of the individual performance and achievements of Mr. Griffin, the chief executive officer of Gemma, and Mr. Daniel L. Martin, Gemma's president, resulted in the committee's approval of cash bonus payments to Mr. Griffin and Mr. Martin in the amounts of \$1,500,000 (in addition to Mr. Griffin's contractual annual minimum bonus amount of \$400,000) and \$550,000, respectively. The review also resulted in the payment of cash bonus awards to Mr. Bossemann, our Chief Executive Officer, and Mr. Arthur A. Trudel, our former Chief Financial Officer, in the amount of \$175,000 each and the award to Mr. Bosselmann and Mr. Trudel of nonqualified options to purchase 50,000 shares and 25,000 shares of our Common Stock, respectively. These actions were ratified by the independent members of the Board.

The members of the Compensation Committee are independent directors under applicable stock exchange rules. No member of the Compensation Committee has ever been an officer or employee of the Company.

The written charter for the Compensation Committee, which was originally adopted in April 2004, was updated in June 2013. The Compensation Committee is responsible for implementing and reviewing executive compensation plans, policies and programs in an effort to ensure the attraction and retention of executive officers in a reasonable and cost-effective manner, to motivate their performance in the achievement of our business objectives and to align the interests of executive officers with the long-term interests of our stockholders. To that end, it is the responsibility of the Compensation Committee to develop and approve periodically a general compensation plan and salary structure for our executive officers that considers business and financial objectives, industry and market pay practices and/or such other information as may be deemed appropriate. It is the responsibility of the Compensation Committee to review and recommend for approval by the independent directors of the full Board of Directors the compensation (salary, bonus and other compensation) of our Chief Executive Officer, to review and approve the compensation (salary, bonus and other compensation) of our other Named Executive Officers, and to review and approve perquisites offered to our Named Executive Officers. The Compensation Committee shall also review and approve corporate goals and objectives relevant to the compensation of our Named Executive Officers, evaluate performance in light of the goals and objectives, and review and approve all employment, retention and severance agreements for our Named Executive Officers.

The Compensation Committee acts on behalf of the Board of Directors in administering compensation plans approved by the Board and/or the stockholders (including the Argan, Inc. 2011 Stock Plan) in a manner consistent with the terms of such plans, reviews and makes recommendations to the Board of Directors with respect to new compensation, incentive and equity-based plans, and reviews and makes recommendations to the Board on changes in major benefit programs for our Named Executive Officers. The Compensation Committee also reviews the

management succession program for the Chief Executive Officer and selected other executive officers.

Nominating/Corporate Governance Committee. The initial written charter of the committee now known as the Nominating/Corporate Governance Committee was adopted in April 2004, and it was also updated in June 2013. Pursuant to its expanded duties and responsibilities, this committee provides oversight of our corporate governance affairs including the consideration of risks, and assesses the full Board's performance annually in accordance with procedures established by it.

This committee has been primarily responsible for identifying individuals qualified to become members of our Board of Directors, and for recommending to the Board of Directors the persons to be nominated by the Board for election as directors at the annual meeting of stockholders and the persons to be elected by the Board of Directors to fill any vacancies on the Board. It was recommended by this committee that Mr. Getsinger be appointed to the Board of Directors.

The Nominating/Corporate Governance Committee considers the gender and ethnic diversity of the Board of Directors and uses certain other selection criteria as a guide in its selection process including the following: (i) nominees should have a reputation for integrity, honesty and adherence to high ethical standards; (ii) nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term business objectives and should be willing and able to contribute positively to our decision-making process; (iii) nominees should have a commitment to understand the Company and its industry and to regularly attend and participate in meetings of the Board of Directors and its committees; (iv) nominees should have the interest and ability to understand the sometimes conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders; and (v) nominees should not have, or appear to have, a conflict of interest that would impair the nominee's ability to represent the interests of all of our stockholders and to fulfill the responsibilities of a director. Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law.

The Nominating/Corporate Governance Committee is also responsible for reviewing with the Board of Directors, on an annual basis, the requisite skills and criteria for new Board members as well as the composition of the Board as a whole. The Board of Directors believes that the Board, as a whole, should include individuals with a diverse range of experience to give the Board both depth and breadth in the mix of skills represented for the benefit of our stockholders. To that end, the Board endeavors to include in its overall composition an array of targeted skills that complement one another rather than requiring each director to possess the same skills, perspective and interests. Accordingly, this committee and the full Board consider the qualifications of directors and director nominees both individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The group will consider nominees for the Board of Directors recommended by stockholders. Nominations by stockholders must be in writing, must include the full name of the proposed nominee, a brief description of the proposed nominee's business experience for at least the previous five years, and a representation that the nominating stockholder is a beneficial or record owner of our Common Stock. Any such submission must also be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. This committee is required to review the qualifications and backgrounds of all directors and nominees (without regard to whether a nominee has been recommended by stockholders), as well as the overall composition of the Board of Directors. Nominations must be delivered to the committee's attention at our headquarters address.

Board Leadership and Risk Oversight

Mr. Bosselmann, our Chief Executive Officer, currently serves as the Chairman of our Board of Directors. Mr. Griffin and Ms. Flanders are also members of management. Five of the nine members of the Board are considered to be independent based on the Board's consideration of our independence standards and the applicable New York Stock Exchange independence standards including the requirements set forth in Section 303A.02(a)(ii) of the NYSE Listed Company Manual. The Board believes that its current leadership structure provides independent Board leadership and engagement while also deriving the benefit of having our Chief Executive Officer serve as Chairman of the Board. The Board has determined that Mr. Bosselmann, the individual with primary responsibility for managing the Company's day-to-day operations, is best positioned to chair regular Board meetings and to lead and facilitate discussions of key business and strategic issues.

The Board periodically reviews the structure of the Board. As set forth in our bylaws, the Board is empowered to choose any one of its members (and not just the Chief Executive Officer) as Chairman of the Board. The Board believes that we have best corporate practices in place to ensure that the Company maintains a strong and independent Board, the highest standards of corporate governance and the continued accountability of the Chief Executive Officer to the Board. This structure is evidenced by the composition of the current Board of Directors and its Audit, Compensation and Nominating/Corporate Governance Committees.

All of the members of such committees are independent directors. Consequently, independent directors directly oversee critical matters such as the remuneration policy for executive officers, succession planning, our corporate governance guidelines, policies and practices, the director nomination process, our corporate finance strategies and initiatives, and the integrity of our consolidated financial statements and internal control over financial reporting.

Mr. Quinn has been designated by the Board as the lead independent director. As the primary liaison between the Chairman of the Board and the independent directors, his documented duties and responsibilities include (1) approving Board meeting schedules and agendas; (2) approving the type of information provided to the directors in connection with each meeting of the Board; (3) presiding over all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors; (4) providing feedback to the Chairman of the Board on issues considered at such meetings; (5) calling meetings of the independent directors when deemed necessary and appropriate; and (6) performing such other duties as the Board from time to time may determine.

One of the Board's key functions is oversight of our risk management process. The Board administers its oversight function directly through the Board as a whole, which has the ultimate oversight responsibility for the risk management process, as well as through the standing Audit, Compensation and Nominating/Corporate Governance Committees that address risks inherent in their respective areas of oversight. The whole Board monitors the effectiveness of our corporate codes of conduct and ethics, including whether they are successful in preventing wrongful conduct, and risks associated with the independence of its members, potential conflicts of interest and succession planning.

Our Audit Committee considers and discusses our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment, risk management and our insurance program is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of the internal assessments of our system of internal control over financial reporting and the audits conducted by our independent registered public accountants.

The Compensation Committee administers our stock plans, and reviews and recommends the salaries and bonuses paid to the Named Executive Officers while assessing whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. The independent directors of the full Board approve the salary and bonus amounts paid to Named Executive Officers and approve all stock option awards. Senior management reports on enterprise risks issues, including operational, financial, legal and regulatory, and strategic and reputation risks, to the appropriate committee or to the full Board.

The entire Board and the committees receive reports on areas of material risk and, for each committee, the committee's area of oversight, from senior management, our internal audit firm, our independent registered public accountants, outside counsel, and other members of management and professional advisors. When one of the committees receives any such report, the chairman of the committee reports on the discussion to the full Board of Directors at the next Board meeting. This process enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

In June 2014, the Board of Directors adopted a set of governance guidelines which are intended to provide a framework within which the Board conducts its business. Among other items, the guidelines describe the basic responsibilities of a member of our Board and the requirements for the conduct of Board and committee meetings. As stated above, these governance guidelines are available on our website at www.arganinc.com.

PROPOSAL NO. 2

AMENDMENT TO THE 2011 STOCK PLAN

Background

On April 16, 2015, the Board of Directors passed a resolution, subject to stockholder approval, that amended the Argan, Inc. 2011 Stock Plan (the *Stock Plan*) by increasing the number of shares of Common Stock issuable thereunder from 1,250,000 shares to 2,000,000 shares. The *Stock Plan* replaced the Argan, Inc. 2001 Stock Option Plan (the *2001 Plan*) which expired on July 19, 2011. The material features of the *Stock Plan* are outlined below. This summary is qualified in its entirety by reference to the full text of the *Stock Plan*, a copy of which is included herein.

As of January 31, 2015, there were 227,000 shares of Common Stock available for award under the *Stock Plan*. Options to purchase 876,350 shares of our Common Stock were outstanding, including options to purchase 801,350 and 75,000 shares of our Common Stock that were awarded under the *Stock Plan* and the *2001 Plan*, respectively. During the year ended January 31, 2015, options to purchase 305,500 shares of Common Stock were awarded. Under both plans, stock options have been awarded to our Named Executive Officers, key employees and members of the Board of Directors.

The 2011 Stock Plan

Purpose. The purpose of the *Stock Plan* is to provide our officers, employees, directors and consultants who are in a position to contribute materially to our long-term success with opportunities to increase their interest in the Company's welfare, and to aid in attracting and retaining employees, directors and consultants of outstanding ability. The Board of Directors believes that it is important to have shares available under a stock incentive plan like the *Stock Plan* in

order to provide adequate incentives to new employees and other key members of our workforce including those additional management and non-management employees who may join us as a result of future business acquisitions or other growth of the Company. The Plan is administered by the Compensation Committee of our Board of Directors.

Eligibility. Subject to certain other provisions of the Stock Plan, the number of shares of our Common Stock which may be issued or transferred pursuant to stock options and stock awards granted under the Stock Plan (Awards) and the number of shares of our Common Stock which may be subject to outstanding but unexercised stock options granted under the Stock Plan shall not exceed 2,000,000 shares in the aggregate, assuming the approval of this Proposal No. 2.

Stock options granted under the Stock Plan may be either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or non-qualified options. Incentive stock options may be granted only to employees of the Company (including directors who are employees), while non-qualified options may be issued to employees, directors (whether or not an employee) and consultants of the Company. Employees, directors and consultants shall also be eligible to receive grants of restricted and/or unrestricted stock under the Stock Plan. Our Board of Directors has the authority to determine those individuals who shall receive Awards and the number of shares of our Common Stock subject to such Awards. The Board of Directors shall also determine the time periods during which stock options granted under the Stock Plan may become partially or fully exercisable and the exercise price for each stock option granted under the Stock Plan, subject to certain limitations described therein.

Restricted stock grants may be made subject to vesting, in one or more installments, upon the happening of certain events, upon the passage of a specified period of time, upon the fulfillment of certain conditions or upon the achievement by the Company or any subsidiary, division, affiliate or joint venture of the Company of certain performance goals, as the Compensation Committee shall decide in each case when restricted stock grants are awarded.

The Stock Plan does not permit the repricing of options to purchase shares of our Common Stock nor does it allow the cancellation of existing stock options in connection with the award of a new option.

Terms of the Options. Awards must occur no later than July 19, 2021. The per share purchase price of the shares of Common Stock subject to incentive and non-qualified stock options may not be less than the fair market value of the Common Stock on the date that the stock option is granted.

For incentive stock options granted to any person who owns, directly or indirectly, at the time of the grant, 10% or more of the total combined voting power of all classes of stock of the Company (a 10% Stockholder), the per share purchase price of the shares of Common Stock subject to the option shall be at least 110% of the fair market value of our Common Stock on the date of grant.

Incentive stock options granted under the Stock Plan cannot be exercised more than ten years from the date of grant except that the term of an incentive stock option issued to a 10% Stockholder cannot exceed five years. The aggregate exercise price of an incentive stock option, or any portion thereof, shall be payable on the date of exercise of the option (i) in cash or by check, bank draft or postal or express money order by the option holder, or (ii), provided that a public market exists for our Common Stock, in consideration received by the Company under a procedure whereby a qualified broker-dealer advances funds on behalf of an option holder or sells shares acquired upon the exercise of a stock option on behalf of a option holder. Notwithstanding any other provisions hereof, the aggregate fair market value (determined at the time the option is granted) of the Common Stock with respect to which an incentive stock option becomes exercisable for the first time during any calendar year (under the Stock Plan and all other similar plans of the Company) shall not exceed \$100,000.

Transferability. No right under the Stock Plan may be transferred other than by will or the laws of descent and distribution. During the lifetime of an option holder, a stock option will be exercisable only by the option holder or his/her conservator. If a stock option shall expire and terminate for any reason, in whole or in part, without being exercised or, if a stock award is forfeited because the restrictions with respect to such stock award shall not have been met or have lapsed, the number of shares of Common Stock subject to the stock option or which are no longer outstanding under a stock award may again become available for an Award.

Federal Income Tax Consequences. If an option granted under the Stock Plan is an incentive stock option, the option holder will recognize no taxable income upon grant of the incentive stock option and incur no tax liability due to the exercise unless the option holder is subject to the alternative minimum tax. We will not be allowed a deduction for federal income tax purposes as a result of the exercise of an incentive stock option regardless of the applicability of

the alternative minimum tax. Upon the sale or exchange of the shares at least two years after grant of the option and one year after transfer of the shares to the option holder by us, any gain will represent a long-term capital gain for the option holder. If these holding periods are not satisfied, the option holder will recognize ordinary income equal to the difference between the exercise price and the lower of the fair market value of the Common Stock at the date of the option exercise or the sale price of the Common Stock and we will be entitled to a deduction in the same amount as the ordinary income recognized by the option holder. Any gain recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income will be characterized as capital gain.

If an option granted under the Stock Plan is a non-qualified stock option (also referred to as a nonstatutory stock option), the option holder ordinarily will recognize no taxable income upon the receipt of an Award and incur no tax liability at that time. However, upon exercise of a non-qualified stock option, the option holder will recognize ordinary income in an amount equal to the fair market value of our Common Stock on the date of exercise less the amount paid for the Common Stock. Subsequent sale or exchange of the Common Stock acquired upon such an exercise will result in a capital gain or loss for the option holder. We will be entitled to an income tax deduction in the same amount as the ordinary income recognized by an option holder with respect to shares of Common Stock acquired upon the exercise of a non-qualified stock option.

The recipient of a restricted stock Award generally does not recognize taxable income at the time of grant, and we are not entitled to a tax deduction at that time unless the recipient elects to be taxed at the time of award by making an election under Section 83(b) of the Code within 30 days of the date of award. When the restrictions applicable to the shares lapse, the recipient recognizes ordinary income in an amount equal to the excess of the fair market value of the shares of our Common Stock at such time over the amount, if any, paid for the shares. Ordinarily, we will be entitled to a tax deduction at the same time and in the same amount as the ordinary income recognized by the recipient.

The grant of an Award of unrestricted shares of our Common Stock has immediate income tax consequences for both the recipient and us. The recipient will recognize ordinary income at the time of the Award in an amount equal to the then fair market value of the Common Stock less any amount paid for the shares. Ordinarily, we will be entitled to a tax deduction at the same time and in the same amount as the ordinary income recognized by the recipient.

For the period 2003 through 2012, the annual federal income tax rate on net capital gain (net long-term capital gain minus net short-term capital loss) was capped at 15%. However, under the American Taxpayer Relief Act of 2012, the top capital gain tax rate was increased to 20% (up from 15%) for single filers with 2015 incomes above \$413,200 and married couples filing jointly with 2015 incomes exceeding \$464,850. In addition, the 3.8% Medicare surtax on net investment income, which includes capital gains, will result in an overall capital gain rate of 23.8% for higher-income taxpayers.

The foregoing is only a summary of the effects of federal income taxation upon individuals and us with respect to Awards and the acquisition of shares of our Common Stock under the Stock Plan, and does not purport to be complete. References should be made to the applicable provisions of the Code. In addition, this summary does not discuss the income tax laws of any municipality, state or foreign country in which the recipient of an Award is a resident.

Termination of Employment/Relationship. If employment with us of the holder of a stock option is terminated other than by disability or death, the term of any then outstanding stock option held by the employee shall extend for a period no later than three months after the employment termination date, in the case of an incentive stock option, and no later than twelve months after the employment termination date, in the case of a non-qualified stock option. If a director ceases to be a director, or a consultant ceases to provide services to us, other than by reason of death, the terms of any then outstanding non-qualified stock option held by the individual shall extend for a period no later than twelve months after cessation of the services being provided to us by the option holder. If employment of the holder of an incentive stock option is terminated by reason of disability, the term of any then outstanding incentive stock option held by the employee shall extend for a period ending no later than twelve months after the termination date of the employment with us.

In all cases, a stock option shall be exercisable to the extent it was exercisable as of the last date of employment or service, as applicable. If an option holder dies, the representative of his/her estate or beneficiaries thereof to whom the stock option has been transferred shall have the right during the period ending no later than twelve months after the date of death to exercise any then outstanding stock options in whole or in part. Notwithstanding the foregoing, all stock options outstanding at the time of a change in control of the Company, as defined in the Stock Plan, shall

become fully vested.

PROPOSAL NO. 3

APPROVAL OF EXECUTIVE COMPENSATION (THE SAY-ON-PAY PROPOSAL)

We are seeking stockholder approval of the compensation of our executive officers (our Named Executive Officers) as described in this Proxy Statement. This description is contained in the Executive Compensation section of this Proxy Statement which is included below, including the compensation tables and the narrative compensation disclosures included therein. This non-binding advisory proposal, commonly known as a say-on-pay proposal, is required under Section 14A of the Securities Exchange Act of 1934 (the Exchange Act). This vote represents our third annual advisory say-on-pay vote. Subsequent to the annual meeting of stockholders held in 2013 and based on the results of voting by the stockholders, the Board of Directors determined that we will hold an advisory vote on executive compensation every year.

Because this is an advisory vote, it will not be binding on the Board of Directors and it will not directly affect or otherwise limit any existing compensation or award arrangement of any of our Named Executive Officers. However, our Compensation Committee does intend to take into account the outcome of the vote when considering future executive compensation arrangements.

Our executive compensation program is based on a philosophy of paying for performance and tying a significant portion of executive pay to the achievement of long-term growth in the value of the Company. Our philosophy and the core components of our approach to executive compensation did not change during the year ended January 31, 2015, and we feel consistency in our approach will help to ensure the stability of our core management team through a challenging business environment while providing powerful incentives to drive profitable growth and to deliver value to our stockholders.

In considering how to vote on this advisory proposal, we encourage our stockholders to review all the relevant information in the Executive Compensation section of this Proxy Statement including the compensation tables and the narrative disclosures regarding our executive compensation program.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee of the Board of Directors has established a policy requiring the advance approval of any non-audit services to be performed by our independent registered public accountants or any other accounting or audit firm. The Audit Committee Chairman may pre-approve certain non-audit related fees which the entire Audit Committee ratifies in a subsequent Audit Committee meeting in accordance with SEC requirements. For the fiscal year ended January 31, 2015, the Audit Committee followed these guidelines in approving all services rendered by accounting and audit firms.

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors is composed of three independent directors. The Audit Committee operates pursuant to a written charter, a copy of which can be found on our website at www.arginc.com. The Board of Directors has made a determination that the members of the Audit Committee satisfy the independence and other requirements of the NYSE and the applicable rules of the Securities and Exchange Commission (the SEC). The Board of Directors has also made the determination that at least one member of the Audit Committee is a financial expert as that term is defined in applicable SEC rules.

The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which was updated in June 2013. The Audit Committee is responsible for, among other things, appointing, establishing the compensation for, supervising and, where appropriate, replacing the Company's independent registered public accountants; considering the qualifications and independence of the Company's independent accountants; approving all audit and non-audit services provided by the Company's independent accountants; and reviewing and discussing with our management and the Company's independent accountants the Company's consolidated financial statements. The Company's independent registered public accountants are required to report directly to the Audit Committee. The Audit Committee also reviews our accounting policies, internal control procedures and systems and compliance activities and also reviews the Charter of the Audit Committee. The following is a report on the Audit Committee's activities for the fiscal year ended January 31, 2015.

Review of Financial Statements

The Audit Committee reviewed and discussed the Company's condensed unaudited consolidated financial statements for the fiscal quarters ended April 30, July 31 and October 31, 2014, and the Company's audited consolidated financial statements as of January 31, 2015 and for the year then ended with the management of the Company and with the engagement personnel of Grant Thornton, the Company's independent registered public accounting firm. During the year, our Grant Thornton auditors also made a presentation to the Audit Committee that outlined their audit timeline and planned procedures based on their assessments of the significant financial statement and fraud risks. The audit report issued by Grant Thornton relating to the Company's consolidated financial statements as of January 31, 2015 and for the year then ended expressed an unqualified opinion thereon. The scope of the audit procedures performed by Grant Thornton for the year ended January 31, 2015 also included observations and tests of evidence with results sufficient for the accounting firm to report that the Company maintained, in all material respects, effective internal control over financial reporting as of January 31, 2015.

Review of Other Matters with the Independent Registered Public Accountants

The Audit Committee has also discussed with Grant Thornton the matters required to be communicated to the Company pursuant to applicable regulations of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee has received from Grant Thornton the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with Grant Thornton matters relating to the firm's independence from the Company. There were no independence matters brought to the attention of the Audit Committee.

The Audit Committee has also received from Grant Thornton the written communication required by the corporate governance rules of the NYSE that describes the firm's quality control policies and procedures including its audit performance and independence monitoring systems. This communication also provides disclosure of material issues raised by inquiry or investigation by government or professional authorities over the last five years.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives. Our Board of Directors and executive management believe that the performance and contributions of our executive officers are critical to our overall success. To attract, retain, and motivate the executives to accomplish our business objectives, the Compensation Committee establishes executive compensation policies and oversees our executive compensation practices. The Compensation Committee also evaluates compensation programs to ensure that we maintain our ability to attract, retain and motivate superior employees in key positions and that compensation provided to key employees remains competitive. The Compensation Committee believes our executive compensation packages should include both cash and share-based compensation that reward achievement of established business objectives and market performance. In short, our goal is to create an executive compensation program that will adequately reward our executives for their roles in creating value for our stockholders.

The Compensation Committee exercises business judgment in determining the appropriate level and mix of executive compensation. Cash compensation is used to provide a base salary and to reward our executives based on their contributions to the Company. Equity compensation is used to tie the interests of the executives to the interests of our stockholders. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation, which enables the Compensation Committee the flexibility to adjust amounts and allocations dynamically as business conditions warrant.

The Compensation Committee recognizes that typically there have been no specific targets against which to calculate annual bonus amounts. While the goal of the executive management team is to continue to profitably grow the value of the business over the long term, it has been our practice to not set specific individual goals for any of the executives at the start of each year. Instead, at the end of the year, the CEO and the Compensation Committee

review the overall performance of the Company and the contributions made by the Named Executive Officers for whom the Compensation Committee recommends salary levels, annual bonus amounts and annual stock option awards. The independent directors of the full Board of Directors ratify all such awards.

The Compensation Committee reviews the achievements and compensation levels of executive officers annually while considering our overall financial performance for the most recently completed fiscal year. Based on these reviews, the Compensation Committee makes compensation recommendations to the full Board of Directors, including the amounts of annual bonus and stock option awards, for the Named Executive Officers. The Compensation Committee relies on the CEO's recommendations and on its own evaluation of current individual and business performance and historical individual and business performance. Our CEO is not present in and does not participate in the discussion of any elements of his compensation with the Compensation Committee. Although the Compensation Committee has the express authority to hire and compensate its own advisors, it has not used the services of any external advisor in connection with this process.

In determining its recommendations for the most recently completed fiscal year, the Compensation Committee discussed with the CEO the performance of the executive management team. The Compensation Committee developed its recommendations based on its professional judgment and experience and a comparison to prior performance and annual bonus and stock option award levels. Included in the deliberations by the members of the Compensation Committee was a discussion of the CEO's performance and the level of his annual awards. The Compensation Committee determined individual bonus amounts and stock option awards and made recommendations to the full Board of Directors. These recommendations were approved by the independent directors of the Board of Directors.

Based on our financial performance as outlined in the 2015 Financial Highlights section below, and the fact that there has been very little turn-over at the senior and executive management levels of the Company, we believe that our current compensation practices have served us and our stockholders well. However, both our Compensation Committee and executive management recognize that we may need to consider changes that align our practices more closely to those of other publicly traded companies. These practices may include establishment of more formulaic approaches to the determinations of annual cash bonus and stock option award amounts.

2015 Financial Highlights. In making executive compensation decisions subsequent to January 31, 2015, the Compensation Committee considered the financial performance results for the year then ended, including the following highlights.

Consolidated revenues increased by \$155.7 million to \$383.1 million primarily due to heightened levels of construction activity on the Panda Liberty and Panda Patriot natural gas-fired power plant projects.

Our balance of cash and cash equivalents continued to grow during the year to a balance of \$333.7 million as of January 31, 2015, which reflected the net cash provided by our operating activities for the current year in the amount of \$93.3 million.

Our gross profit increased to \$83.6 million for the current year due the increase in consolidated revenues while we maintain planned gross margins for the Panda Liberty and Panda Patriot power plant projects.

Edgar Filing: ARGAN INC - Form DEF 14A

Net income attributable to our stockholders for the current year was approximately \$30.4 million, or \$2.05 per diluted share.

We generated consolidated EBITDA (Earnings before Interest, Taxes, Depreciation and Amortization) attributable to our stockholders of \$52.2 million for the current year.

We increased consolidated working capital by approximately \$15.6 million during the current year to a balance of \$148.9 million as of January 31, 2015.

Tangible net worth attributable to our stockholders increased during the current year by approximately 22% to \$165.2 million as of January 31, 2015 despite our payment to stockholders of a cash dividend in the aggregate amount of approximately \$10.2 million in November 2014.

Elements of Compensation. For the year ended January 31, 2015, the principal components of compensation for Named Executive Officers were base salary, discretionary incentive cash compensation (cash bonus awards) and long-term equity incentive awards (stock options).

Base Salary. We provide executive officers with a base salary to compensate them for services rendered during the fiscal year. Base salaries are established initially for each executive based on his/her experience, position and responsibilities, reflect considerations of market data and conditions, and are included in employment offer letters and/or employment agreements as applicable. Salary levels are typically reviewed annually as part of the Compensation Committee's performance review process and would be reconsidered upon a promotion or other change in job responsibility for the executive. Merit-based increases to salaries, if any, would be based on the Compensation Committee's assessment of the individual executive's performance in conjunction with recommendations provided by our Chief Executive Officer. Base salary is reflected in the "Salary Earned" column of the Summary Compensation Table of this Proxy Statement.

Annual Cash Bonus Awards. Typically, the Compensation Committee recommends the payment of cash bonus awards to our Chief Executive and Chief Financial Officers based primarily on an assessment of the overall financial performance of the consolidated organization for the preceding fiscal year. These annual cash bonus awards are fully discretionary and are made only upon a Compensation Committee recommendation and the approval of the independent members of the Board. Based on the terms of his current employment contract, we are obligated to make an annual cash bonus payment to Mr. Griffin in the minimum amount of \$400,000 provided he is employed by us at the end of each applicable fiscal year. In addition, and as was the case this year, we may pay Mr. Griffin a cash bonus amount in excess of the minimum amount, based on extraordinary achievements by Gemma in the preceding fiscal year, after recommendation by the Chief Executive Officer, approval by the Compensation Committee and ratification by the independent members of the Board of Directors. The amounts of annual discretionary cash bonus awards are reflected in the "Bonus Earned" column of the Summary of Compensation Table of this Proxy Statement included below.

Long-Term Equity Incentive Awards. The long-term equity incentive awards are designed to ensure that our executive officers and key employees have a continuing stake in our long-term success. In addition, the awards emphasize pay-for-performance. To date, such awards have substantially consisted of options to purchase shares of our Common Stock. Currently, stock option awards are made pursuant to the terms of the Argan, Inc. 2011 Stock Plan (the "Stock Plan") which replaced the 2001 Stock Option Plan (the "2001 Plan") which expired in July 2011. Both plans were established for the purpose of providing our officers, employees, directors and consultants who are in a position to contribute materially to our long-term success with opportunities to increase their interest in the Company's welfare, and to aid in attracting and retaining employees, directors and consultants of outstanding ability. The Board of Directors believes that it is important to have shares available under a stock incentive plan like the Stock Plan in order to provide adequate incentives to new employees and other key members of our workforce including those additional management and non-management employees who may join us as a result of future business acquisitions or other growth of our Company.

Typically, in connection with initial employment, officers and other key employees receive stock option awards. In addition, the Compensation Committee may consider the award of stock options to executive officers subsequent to the end of each fiscal year.

Benchmarking. We believe it is important when making compensation-related decisions to be informed as to current practices of similarly situated publicly held companies in the engineering, construction and related industries. The Compensation Committee considers the compensation levels at other companies in our industry.

We do not view benchmarking as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, but we believe that gathering and reviewing this information should be a part of

our compensation-related decision-making process. In using its collective judgment in setting executive pay, the Compensation Committee uses benchmarking as one consideration; however, at this time the Compensation Committee's decisions are based primarily on recommendations from our CEO, the Compensation Committee's evaluation of the executive's performance, the overall Company performance and our overall compensation strategy.

Referring to proxy information available for ten publicly traded engineering and construction companies, we note that our CEO's total compensation for the year ended January 31, 2015 was less than the 2014 total compensation amounts for all ten of the comparable CEOs. Our CFO's compensation was less than six of the 2014 total compensation amounts for the CFOs included in the benchmarking group.

The ten publicly traded comparable companies included the following firms.

Dycom Industries, Inc.

Furmanite Corporation

Granite Construction Incorporated

Great Lakes Dredge & Dock Corporation

Integrated Electrical Services Corporation

MYR Group Inc.

Primoris Services Corporation

Orion Marine Group, Inc.

Sterling Construction Company, Inc.

Willbros Group, Inc.

Executive Compensation and Risk. We believe our executive compensation programs do not encourage excessive and unnecessary risk-taking by our executive officers because these programs are designed to encourage our executive officers to remain focused on both the short-term and long-term operational and financial goals of the Company. We achieve this balance through a combination of elements in our overall compensation plans, including: elements that reward both short-term (cash bonuses) and long-term (stock option) results thereby encouraging better alignment with the interests of stockholders. It is also notable that Mr. Bosselmann and Mr. Griffin beneficially own 312,901 and 604,993 shares of our Common Stock (excluding outstanding options to purchase shares of our Common Stock), respectively.

Change in Control Agreements. The section below entitled Summary of Employment Arrangements describes the potential payments to Messrs. Bosselmann, Trudel, Griffin and Ms. Flanders in the event of termination or a change-in-control of the Company. The employment arrangement with Mr. Martin does not include similar provisions.

The Stock Plan describes the effect on outstanding stock options of employment termination, including the provision in the Stock Plan that all outstanding stock options shall become fully vested and exercisable upon a change in control of the Company, as defined in the plan document.

The Compensation Committee may accelerate the vesting and exercisability of outstanding options to purchase shares of our Common Stock that were awarded pursuant to the terms of the 2001 Plan, in whole or in part, as determined by the Compensation Committee in its sole discretion upon a change in control, as defined in the plan document. In its sole discretion, the Compensation Committee may also determine that, upon the occurrence of such a change in control, each outstanding stock option awarded under the 2001 Plan shall terminate within a specified number of days after notice to the optionee thereunder, and each such optionee shall receive, with respect to each share of our Common Stock subject to such option, an amount equal to the excess of the fair market value of such shares immediately prior to such change in control over the exercise price per share of such option. Such amount shall be payable in cash, in one or more kinds of property (including the property, if any, payable in the transaction) or a combination thereof, as the Compensation Committee shall determine in its sole discretion.

Executive Officers Who Are Not Directors

Mr. Martin, age 57, has been the President of Gemma since February 8, 2010. Prior to that date, Mr. Martin was Senior Vice President and General Manager of the operating division in Reading, Pennsylvania, for WorleyParsons, a provider of professional services to the energy sector. In that capacity, Mr. Martin was responsible for the

performance of the division, which conducts preliminary engineering, detailed design, procurement, construction management and other support services for electricity generating facilities including those operating on fossil, nuclear and renewable fuels.

Mr. Trudel, age 65, retired as our Senior Vice President, Chief Financial Officer and Corporate Secretary, effective January 1, 2015. He was our Corporate Secretary since April 2006, our Senior Vice President and Chief Financial Officer since May 2003 and a corporate officer of the Company since January 2003. As discussed below, Mr. Trudel is continuing his service to the Company as a senior advisor to our CEO.

Summary of Employment Arrangements

Rainer H. Bosselmann. On January 3, 2005, the Company entered into an employment agreement with Rainer H. Bosselmann as its Chief Executive Officer. Pursuant to the employment agreement, the Company agreed to employ Mr. Bosselmann for an initial term of one year, which term automatically renews for successive one-year periods unless the Company or Mr. Bosselmann provides at least 90 days prior written notice of its or his election not to renew. Currently, the employment term anniversary date is January 3. The agreement provides for an annual base salary during the employment period, subject to increase (but not reduction) from time to time in such amounts as the Company, in its reasonable discretion, deems to be appropriate. For the year ended January 31, 2015, the annual base salary for Mr. Bosselmann was \$225,000.

The agreement also provides for an annual bonus with the payment and amount determined at the discretion of the Board of Directors of the Company, subject to the satisfaction of any reasonable performance criteria established for Mr. Bosselmann with respect to such year. The agreement further provides that he participate in any stock option, incentive and similar plans established by the Company and shall be granted stock options and other benefits similar to options and benefits granted to other executives, subject in all cases to the satisfaction by Mr. Bosselmann of the terms and conditions of such plans and to the reasonable exercise by the Board of any discretion granted to it or them thereunder. The Board of Directors awarded cash bonuses to Mr. Bosselmann in April 2015, March 2014 and April 2013 relating to the fiscal years ended January 31, 2015, 2014 and 2013, in the amounts of \$175,000, \$200,000 and \$150,000, respectively.

Subsequent to each fiscal year end, options to purchase shares of Common Stock are typically awarded to the Chief Executive Officer by the Board of Directors. As the stock options usually vest on the one-year anniversary of the date of award, the compensation related to the stock option awards is recorded ratably over the one-year period subsequent to the award date. Non-qualified stock options were awarded to Mr. Bosselmann by the Board of Directors in April 2015 covering 50,000 shares of our Common Stock, with a per share exercise price of \$32.68. This award becomes exercisable on the one-year anniversary of the grant date and expires on the ten-year anniversary of the grant date.

Under the employment agreement, in the event that Mr. Bosselmann's employment is terminated for any of the reasons specified below or there occurs a change in control, Mr. Bosselmann will receive as severance pay in a single lump sum payment, an amount equal to twenty-four (24) months of his base salary within thirty (30) days after his termination of employment or change of control, as the case may be, without reduction or offset for any other monies which he may thereafter earn or be paid. The reasons which cause severance pay to be paid include:

- (i) termination due to a material diminution of the Executive's duties, authority or responsibility, or a material impairment by action of the Company of his ability to perform his duties and responsibilities, regardless of whether such diminution is accompanied by a change in the Executive's title with the Company;
- (ii) termination due to a material breach by the Company of any provision of the employment agreement, which breach continues for a period of thirty (30) days after written notice of such breach is given by the Executive to the Company; and
- (iii) termination by the Company at any time without cause, including notice of non-renewal of the employment agreement.

Mr. Bosselmann shall also be entitled for a period of twenty-four (24) months from the termination of his employment or a change in control, as the case may be, to the continuation of all benefits provided to Mr. Bosselmann, excluding

sick and vacation time, subject to any applicable employee co-payments. If his employment is terminated by the Company by reason of his death, disability or for cause or voluntarily by Mr. Bosselmann for any reason other than as set forth in the preceding paragraph, the Company will not be obligated to make any payments to him by reason of his cessation of employment other than such amounts, if any, of his base salary that have accrued and remain unpaid and such other amounts which may then otherwise be payable to him from the Company's benefit plans or reimbursement policies, if any.

Arthur F. Trudel. On January 3, 2015, the Company entered into a new employment agreement with Arthur F. Trudel as a senior advisor to the Chief Executive Officer. Pursuant to the employment agreement, the Company agreed to employ Mr. Trudel for an initial term of two years, with additional one-year terms upon the mutual consent of both parties. If either party provides notice to the other not later than September 30, 2015 of its intention to terminate the agreement, the employment term will end on December 31, 2015. The agreement provides

for an annual base salary of \$125,000, continues Mr. Trudel's right to participate in the Company's employee benefit programs and entitles Mr. Trudel to receive certain severance benefits in the event of the termination of his employment without cause.

Prior to executing the employment agreement described above, Mr. Trudel was party to an employment agreement dated January 2, 2005 to act as its Senior Vice President, Chief Financial Officer and Corporate Secretary. This agreement was for an initial one-year term, with automatic one year renewals, unless the Company or Mr. Trudel provided at least 90 days prior written notice of its or his election not to renew. Mr. Trudel elected not to renew this agreement which effectively ended January 1, 2015. Under this prior agreement, Mr. Trudel was entitled to a base salary of \$225,000, \$225,000 and \$200,000 in fiscal years 2015, 2014 and 2013, respectively, and to participate in the incentive and stock option plans. In recognition of Mr. Trudel's dedicated service to the Company during the year ended January 31, 2015, the Board of Directors awarded Mr. Trudel a cash bonus of \$175,000 and an option to purchase 25,000 shares of our Common Stock, with a per share exercise price of 32.68. The award becomes exercisable on the one-year anniversary of the grant date and expires on the ten-year anniversary of the grant date.

Cynthia A. Flanders. On December 11, 2014, the Company entered into a new employment agreement with Cynthia A. Flanders as Senior Vice President, Chief Financial Officer and Corporate Secretary. Pursuant to the employment agreement, the Company agrees to employ Ms. Flanders for an initial term of one year, commencing on January 2, 2015 and continuing until December 31, 2015, unless earlier terminated. At the end of the initial term, Ms. Flanders employment shall automatically renew for successive one-year terms unless the Company or Ms. Flanders provides 60 days written notice of its or her election not to renew. The agreement provides for an annual base salary of \$225,000.

The agreement also provides for an annual bonus payment at the sole discretion of our Board of Directors, subject to the satisfaction of reasonable performance criteria as shall be established for such year. During the term of the agreement, Ms. Flanders shall be eligible to participate in any stock option, incentive and similar plans established by the Company from time to time.

In the event that Ms. Flanders' employment is terminated by the Company at its convenience or by her for good reason (as defined in the employment agreement), then she shall be entitled to (i) continue to receive her salary for the duration of the term of the employment agreement, and (ii) continue to participate in our health and benefit plans and programs (other than the Company's 401(k) plan and any other qualified retirement plan(s) until Ms. Flanders becomes eligible for health insurance from another source other than Medicare.

William F. Griffin, Jr. On December 17, 2013, the Company amended the Amended and Restated Employment Agreement with Mr. Griffin that was effective April 1, 2011. Pursuant to the amendment, the term of his employment was extended for three (3) years to March 31, 2017, which term will automatically renew for successive one (1) year periods unless sooner terminated by us or him. Mr. Griffin's annual base salary of \$600,000 was not changed. Any future increase in base salary will be negotiated in good faith by the parties.

For each of our fiscal years occurring within, or partially within, the term of Mr. Griffin's employment, he is eligible for bonuses for special or extraordinary circumstances or occurrences as, in the sole discretion of the Board of Directors, may merit special consideration for him. Mr. Griffin is entitled to a minimum bonus of \$400,000 for each of our fiscal years occurring within, or partially within, the term of his employment (prorated as necessary for any such partial fiscal year) and payable upon the completion of each fiscal year. Pursuant to the ratification of the independent members of our Board of Directors, Mr. Griffin was paid bonuses in the amounts of \$1,900,000, \$2,500,000 and \$900,000 for the fiscal years ended January 31, 2015, 2014 and 2013, respectively.

As required by the current amended employment agreement with Mr. Griffin, we maintain and pay the premiums on a key-man term life insurance policy on Mr. Griffin's life in the amount of \$5,000,000. Such key-man term life insurance policy names Argan, Inc. as the sole beneficiary and will remain in full force and effect for the term of

Mr. Griffin's employment or until expiration of the term of the policy. Upon the termination of Mr. Griffin's employment for any reason, we will assign to him any and all rights which we may have in and to the key-man term life insurance policy for the value of the prepaid unearned premium.

Mr. Griffin is also subject to certain confidentiality provisions, and during the term of his employment and for two (2) years thereafter, he is subject to certain non-competition and non-solicitation covenants as described in the amended employment agreement except in the event of a change in control of the Company, as defined. In such case, the covenant not to compete and the covenant not to solicit (i) employees or former employees, (ii) actual or targeted prospective customers or clients, or (iii) actual distributors or suppliers shall be rendered null and void.

Under the amended employment agreement, in the event that Mr. Griffin's employment is terminated by us at our convenience or by Mr. Griffin for good reason, he will be entitled to receive severance benefits as follows: (i) Mr. Griffin will continue to receive his salary for the duration of the then-current term; (ii) a pro rata share of the minimum bonus (calculated based upon the elapsed portion of our fiscal year in which the employment termination occurs); and (iii) continued participation in our health and benefit plans and programs for the duration of the then-current term, or, in the case of our health plan(s), until he becomes eligible for health insurance from another source other than Medicare. In the event that Mr. Griffin's employment is terminated as a result of death or disability, he or his surviving spouse or estate, as applicable, will be entitled to receive a pro rata share of the minimum bonus (calculated based upon the elapsed portion of our fiscal year in which the employment termination occurs) and applicable health, disability or death benefits, if any, offered by us, subject to the eligibility requirements of such benefits. In addition, Mr. Griffin, or his surviving spouse or estate as applicable, shall be entitled to receive his salary and benefits accrued, reimbursement of expenses properly incurred and payment for all accrued vacation calculated in accordance with the standard payroll practices of Gemma, in each case through the date of termination, disability or death.

Within thirty (30) days of a change of control, as defined in the amendment, the Company shall pay Mr. Griffin, in a single lump sum payment, an amount equal to (i) twenty-four (24) times the amount of salary paid during the thirty (30) days ending on the date of the change in control, plus (ii) two (2) times the minimum bonus paid with respect to the fiscal year most recently completed.

Daniel L. Martin. Mr. Martin joined us as the President of Gemma in February 2010. His employment arrangement established a base annual salary of \$275,000 (increased to \$295,000 for calendar year 2015), provides for normal participation in the standard employee benefit programs of Gemma, and pays a monthly car allowance in the amount of \$1,500. He is eligible for an annual cash bonus based on a combination of considerations including the EBITDA performance of Gemma for the previous fiscal year and his personal accomplishments. For the fiscal years ended January 31, 2015, 2014 and 2013, Mr. Martin was paid cash bonus amounts of \$550,000, \$500,000, and \$425,000, respectively.

In April 2013, the Board of Directors awarded Mr. Martin a non-qualified option to purchase 15,000 shares of our Common Stock. This award completed our obligation to make annual stock option awards covering 15,000 shares of our Common Stock during the initial three years of Mr. Martin's employment with us as long as the annual EBITDA of Gemma exceeded 7% of Gemma's revenues each year.

IV. STOCK AWARDS

1. Grant of Restricted Stock.

(a) Employees, Directors and Consultants shall be eligible to receive grants of Restricted Stock and/or Unrestricted Stock under the Plan.

(b) The Committee shall determine and designate from time to time those Employees and Directors who are to be granted Restricted Stock and/or Unrestricted Stock and the number of shares of Stock subject to such Stock Award.

(c) The Committee, in its sole discretion, shall make such terms and conditions applicable to the grant of Restricted Stock and Unrestricted Stock as may appear generally acceptable or desirable to the Committee. The Committee may award shares of Stock to Grantees, which shares shall be subject to the following terms and conditions and such other terms and conditions as the Committee may prescribe (*Restricted Stock Grants*):

(d) Restricted Stock grants to Grantees may be made subject to vesting, in one or more installments, upon the happening of certain events, upon the passage of a specified period of time, upon the fulfillment of certain conditions or upon the achievement by the Company or any Subsidiary, division, affiliate or joint venture of the Company of certain performance goals, as the Committee shall decide in each case when Restricted Stock grants are awarded.

(e) Restricted Stock grants hereunder shall be subject to a written agreement (a *Restricted Stock Agreement*) which shall be signed by the Grantee and by the Chief Executive Officer or the President of the Company for and on behalf of the Company and shall be subject to the terms and conditions of the Plan prescribed in the Restricted Stock Agreement (including, but not limited to, (i) the right of the Company and to repurchase from each Grantee, and such

Grantee's transferees, all shares of Stock issued to such Grantee in the event of such Grantee's termination of employment, and (ii) any other terms and conditions which the Committee shall deem necessary and desirable).

2. Termination of Relationship.

(a) If a Grantee ceases employment with the Company, a Director Grantee ceases to be a Director or a Consultant Grantee ceases to provide services to the Company prior to the lapse of any restrictions applicable to Restricted Stock, such Stock shall be forfeited and the Grantee shall return the certificates representing such Stock to the Company.

(b) If the restrictions applicable to a grant of Restricted Stock shall lapse, the Grantee shall hold such Stock free and clear of all such restrictions except as otherwise provided in the Plan.

V. GENERAL PROVISIONS

3. Substitution. In the event of a corporate merger or consolidation, or the acquisition by the Company of property or stock of an acquired Company or any reorganization or other transaction qualifying under Section 424 of the Code, the Committee may, in accordance with the provisions of that Section, substitute Stock Options and Stock Awards under this Plan for Stock Options and Stock Awards under the plan of the acquired Company provided (i) the excess of the aggregate fair market value of the shares of Stock subject to a Stock Option immediately after the substitution over the aggregate option price of such Stock is not more than the similar excess immediately before such substitution and (ii) the new Stock Option does not give the Grantee additional benefits, including any extension of the exercise period.

4. Adjustment Provisions.

(a) In the event that a dividend shall be declared upon the Stock payable in shares of the Company's common stock, the number of shares of Stock then subject to any Stock Option or Stock Award outstanding under the Plan and the number of shares reserved for the grant of Stock Options or Stock Awards pursuant to the Plan shall be adjusted by adding to each such share the number of shares which would be distributable in respect thereof if such shares had been outstanding on the date fixed for determining the shareholders of the Company entitled to receive such share dividend.

(b) If the shares of Stock outstanding are changed into or exchanged for a different number or class or other securities of the Company or of another Company, whether through split-up, merger, consolidation, reorganization, reclassification or recapitalization then there shall be substituted for each share of Stock subject to any such Stock Option or Stock Award and for each share of Stock reserved for the grant of Stock Options or Stock Awards pursuant to the Plan the number and kind of shares or other securities into which each outstanding share of Stock shall have been so changed or for which each share shall have been exchanged.

(c) In the event there shall be any change, other than as specified above in this Section 2, in the number or kind of outstanding shares of Stock or of any shares or other securities into which such shares shall have been changed or for which they shall have been exchanged, then if the Board shall, in its sole discretion, determine that such change equitably requires an adjustment in the number or kind of shares theretofore reserved for the grant of Stock Options or Stock Awards pursuant to the Plan and of the shares then subject to Stock Options or Stock Awards, such adjustment shall be made by the Board and shall be effective and binding for all purposes of the Plan and of each Stock Option and Stock Award outstanding thereunder.

(d) In the case of any such substitution or adjustment as provided for in this Section 2, the option price set forth in each outstanding Stock Option for each share covered thereby prior to such substitution or adjustment will be the option price for all shares or other securities which shall have been substituted for such share or to which such share shall have been adjusted pursuant to this Section 2, and the price per share shall be adjusted accordingly.

(e) No adjustment or substitution provided for in this Section 2 shall require the Company to sell a fractional share, and the total substitution or adjustment with respect to each outstanding Stock Option shall be limited accordingly.

(f) Upon any adjustment made pursuant to this Section 2 the Company will, upon request, deliver to the Grantee a certificate setting forth the option price thereafter in effect and the number and kind of shares or other securities thereafter purchasable on the exercise of such Stock Option.

5. General.

(a) Each Stock Option and Stock Award shall be evidenced by a written instrument containing such terms and conditions, not inconsistent with this Plan, as the Committee shall approve.

(b) The granting of a Stock Option or Stock Award in any year shall not give the Grantee any right to similar grants in future years or any right to be retained in the employ of the Company, and all Employees shall remain subject to discharge to the same extent as if the Plan were not in effect.

(c) No Employee, Director or Consultant and no beneficiary or other person claiming under or through him, shall have any right, title or interest by reason of any Stock Option or any Stock Award to any particular assets of the Company, or any shares of Stock allocated or reserved for the purposes of the Plan or subject to any Stock Option or any Stock Award except as set forth herein. The Company shall not be required to establish any fund or make any other segregation of assets to assure the payment of any Stock Option or Stock Award.

(d) No right under the Plan shall be subject to anticipation, sale, assignment, pledge, encumbrance, or charge except by will or the laws of descent and distribution, and a Stock Option shall be exercisable during the Grantee's lifetime only by the Grantee or his conservator.

(e) Notwithstanding any other provision of this Plan or agreements made pursuant thereto, the Company's obligation to issue or deliver any certificate or certificates for shares of Stock under a Stock Option or Stock Award, and the transferability of Stock acquired by exercise of a Stock Option or grant of a Stock Award, shall be subject to all of the following conditions:

(i) Any registration or other qualification of such shares under any state or federal law or regulation, or the maintaining in effect of any such registration or other qualification which the Board shall, in its absolute discretion upon the advice of counsel, deem necessary or advisable; and

(ii) The obtaining of any other consent, approval, or permit from any state or federal governmental agency which the Board shall, in its absolute discretion upon the advice of counsel, determine to be necessary or advisable; and

(iii) Each stock certificate issued pursuant to a Stock Option or Stock Award shall bear the following legend:

The transferability of the certificate and the shares of Stock represented hereby are subject to restrictions, terms and conditions contained in the Argan, Inc. Stock Plan and an Agreement between the registered owner of such Stock and Argan, Inc. A copy of the Plan and Agreement are on file in the office of the Secretary of Argan, Inc.

(f) All payments to Grantees or to their legal representatives shall be subject to any applicable tax, community property, or other statutes or regulations of the United States or of any state having jurisdiction thereof. The Grantee may be required to pay to the Company the amount of any withholding taxes, which the Company is required to withhold with respect to a Stock Option or its exercise or a Stock Award. In the event that such payment is not made when due, the Company shall have the right to deduct, to the extent permitted by law, from any payment of any kind otherwise due to such person all or part of the amount required to be withheld.

(g) In the case of a grant of a Stock Option or Stock Award to any Employee of a subsidiary of the Company, the Company may, if the Committee so directs, issue or transfer the shares, if any, covered by the Stock Option or Stock Award to the subsidiary, for such lawful consideration as the Committee may specify, upon the condition or understanding that the subsidiary will transfer the shares to the Employee in accordance with the terms of the Stock Option or Stock Award specified by the Committee pursuant to the provisions of the Plan. For purposes of this Section, a subsidiary shall mean any subsidiary Company of the Company as defined in Section 424 of the Code.

(h) A Grantee entitled to Stock as a result of the exercise of a Stock Option or grant of a Stock Award shall not be deemed for any purpose to be, or have rights as, a shareholder of the Company by virtue of such exercise, except to the extent a stock certificate is issued therefor and then only from the date such certificate is issued. No adjustments shall be made for dividends or distributions or other rights for which the record date is prior to the date such stock certificate is issued. The Company shall issue any stock certificates required to be issued in connection with the exercise of a Stock Option with reasonable promptness after such exercise.

(i) The grant or exercise of Stock Options granted under the Plan or the grant of a Stock Award under the Plan shall be subject to, and shall in all respects comply with, applicable law relating to such grant or exercise, or to the number of shares of Stock which may be beneficially owned or held by any Grantee.

(j) The Plan is designed to be exempt from Section 409A of the Code, and the Plan is intended to be operated in good faith compliance with the requirements of Section 409A of the Code and its accompanying regulations, and any additional guidance issued under Section 409A to be so exempt. To the extent that any provision of the Plan violates any provision of Section 409A providing such an exemption, such provision shall be deemed inoperative and the remaining provisions of the Plan shall continue to be fully effective.
