*E-mail to Williams Employees*

Colleagues,

This morning, Williams (WMB) and Williams Partners (WPZ) announced an agreement in which Williams will acquire all public outstanding common units of Williams Partners in an all stock-for-unit transaction. Once the transaction is approved, all of our operations will be consolidated under Williams. The press release regarding this deal is attached for your reference.

This is an exciting time for Williams, and I m thankful for your support as the company continues to capitalize on the tremendous growth ahead. I want to assure you that this strategic financing decision will have little to no impact on your day-to-day responsibilities other than simplification for certain corporate functions.

There are a number of immediate benefits to Williams and Williams Partners investors as a result of the transaction, including targeted best-in-class dividend growth of 10 percent to 15 percent through 2020. Our roster of large-scale, fully contracted infrastructure projects will drive extraordinary EBITDA growth from approximately \$5.4 billion in expected 2016 EBITDA to \$6.8 billion in 2018. This transaction also simplifies our corporate structure, streamlines governance and oversight, and positions us for strong investment-grade credit ratings.

When this proposed transaction closes which is expected to occur in 3Q 2015 we anticipate the new Williams will be one of the largest and fastest-growing C-Corps in the energy sector, benefiting from improved access to equity funding for new fee-based growth projects, incremental growth through strategically aligned M&A activities, a lower cost of capital and improved tax benefits.

This is yet another step toward achieving our vision: to become the premier provider of large-scale energy infrastructure in North America.

I m proud of the work we ve accomplished, and know that, together, we will continue to grow and improve.

Thank you for your commitment to One Williams.

Alan
