**Item 5.02 Compensatory Arrangements of Certain Officers**

On February 9, 2019, our compensation committee awarded a cash bonus to our chief executive officer, Paresh Patel, in the amount of \$569,000. The bonus calculation was based on two 2018 performance measures. The first performance measure was earnings (on a consolidated basis) before interest and the provision for income taxes ( EBIT ) for the year ended December 31, 2018. The second performance measure was return on equity ( ROE ). ROE was the proportion (stated as a percentage) that net income (after income taxes) bears to average shareholders equity during calendar year 2018, measured at the end of each calendar quarter.

The two performance measures were equal weight in calculating the bonus amount. Each was applicable to one-half the target bonus amount, which the committee set at \$1.9 million, twice Mr. Patel s annual salary of \$950,000. The maximum cash bonus under the plan was \$3.8 million, or twice the target bonus amount.
